(6) The copy of the application submitted to the department of state police under subsection (5) shall be accompanied by a fee of $50.00 payable to the state of Michigan which shall be used by the department of state police to defray the expenses incurred in processing the application.

(7) A copy of the application shall be served upon the attorney general and upon the office of the prosecuting attorney who prosecuted the crime, and an opportunity shall be given to the attorney general and to the prosecuting attorney to contest the application. If the conviction was for an assaultive crime or a serious misdemeanor, the prosecuting attorney shall notify the victim of the assaultive crime or serious misdemeanor of the application pursuant to section 22a or 77a of the crime victim's rights act, 1985 PA 87, MCL 780.772a and 780.827a. The notice shall be by first-class mail to the victim's last known address. The victim has the right to appear at any proceeding under this act concerning that conviction and to make a written or oral statement.

(8) Upon the hearing of the application the court may require the filing of affidavits and the taking of proofs as it considers proper.

(9) If the court determines that the circumstances and behavior of the applicant from the date of the applicant's conviction to the filing of the application warrant setting aside the conviction and that setting aside the conviction is consistent with the public welfare, the court may enter an order setting aside the conviction. The setting aside of a conviction under this act is a privilege and conditional and is not a right.

(10) As used in this section:

(a) "Assaultive crime" means that term as defined in section 9a of chapter X of the code of criminal procedure, 1927 PA 175, MCL 770.9a.

(b) "Serious misdemeanor" means that term as defined in section 61 of the crime victim's rights act, 1985 PA 87, MCL 780.811.

(c) "Victim" means that term as defined in section 2 of the crime victim's rights act, 1985 PA 87, MCL 780.752.

Effective date.

Enacting section 1. This amendatory act takes effect October 1, 2002.

This act is ordered to take immediate effect.

[No. 473]

(SB 425)

AN ACT to amend 1968 PA 330, entitled "An act to license and regulate private security guards, private security police, private security guard agencies and security alarm systems servicing, installing, operating, and monitoring; to provide penalties for violations; to protect the general public against unauthorized, unlicensed and unethical operations by individuals engaged in private security activity or security alarm systems sales, installations, service, maintenance, and operations; to establish minimum qualifications for individuals as well as private agencies engaged in the security business and security alarm systems and operations; and to prescribe the powers and duties of the

department of state police," by amending the title and sections 2, 3, 6, 7, 9, 10, 13, 14, 17, 18, 19, 24, 25, 29, and 31 (MCL 338.1052, 338.1053, 338.1056, 338.1057, 338.1059, 338.1060, 338.1063, 338.1064, 338.1067, 338.1068, 338.1069, 338.1074, 338.1075, 338.1079, and 338.1081), the title and sections 2, 3, 6, 7, 9, 10, 14, 17, 18, 19, 25, 29, and 31 as amended by 2000 PA 411.

The People of the State of Michigan enact:

TITLE

An act to license and regulate private security guards, private security police, private security guard agencies and security alarm systems servicing, installing, operating, and monitoring; to provide penalties for violations; to protect the general public against unauthorized, unlicensed and unethical operations by individuals engaged in private security activity or security alarm systems sales, installations, service, maintenance, and operations; to establish minimum qualifications for individuals as well as private agencies engaged in the security business and security alarm systems and operations; to impose certain fees; to create certain funds; and to prescribe the powers and duties of the departments of state police and consumer and industry services.

338.1052 Definitions; persons not subject to act.

Sec. 2. (1) As used in this act:

(a) "Department" means the department of consumer and industry services except that in reference to the regulation of private security police, department means the department of state police.

(b) "Licensee" means a sole proprietorship, firm, company, partnership, limited liability company, or corporation licensed under this act.

(c) "Private security guard" means an individual or an employee of an employer who offers, for hire, to provide protection of property on the premises of another.

(d) "Private security police" means that part of a business organization or educational institution primarily responsible for the protection of property on the premises of the business organization.

(e) "Security alarm system" means a detection device or an assembly of equipment and devices arranged to signal the presence of a hazard requiring urgent attention or to which police are expected to respond. Security alarm system includes any system that can electronically cause an expected response by a law enforcement agency to a premises by means of the activation of an audible signal, visible signal, electronic notification, or video signal, or any combination of these signals, to a remote monitoring location on or off the premises. Security alarm system does not include a video signal that is not transmitted over a public communication system or a fire alarm system or an alarm system that monitors temperature, humidity, or other condition not directly related to the detection of an unauthorized intrusion into a premises or an attempted robbery at a premises.

(f) "Security alarm system agent" means a person employed by a security alarm system contractor whose duties include the altering, installing, maintaining, moving, repairing, replacing, selling, servicing, monitoring, responding to, or causing others to respond to a security alarm system.

(g) "Security alarm system contractor" means a sole proprietorship, firm, company, partnership, limited liability company, or corporation engaged in the installation, maintenance, alteration, monitoring, or servicing of security alarm systems or who responds to a security alarm system. Security alarm system contractor does not include a business that

only sells or manufactures security alarm systems unless the business services security alarm systems, installs security alarm systems, monitors or arranges for the monitoring of a security alarm system, or responds to security alarm systems at the protected premises.

(h) "Security business" means a person or business entity engaged in offering, arranging, or providing 1 or more of the following services:

(*i*) Security alarm system installation, service, maintenance, alteration, or monitoring.

(*ii*) Private security guard.

(*iii*) Private security police.

(2) All businesses furnishing security alarm systems for the protection of persons and property, whose employees and security technicians travel on public property and thoroughfares in the pursuit of their duties, are subject to this act.

(3) A communications common carrier providing communications channels under tariffs for the transmission of signals in connection with an alarm system is not subject to this act.

(4) Railroad policemen appointed and commissioned under the railroad code of 1993, 1993 PA 354, MCL 462.101 to 462.451, are exempt from this act.

338.1053 License required; permission for device delivering recorded message to public service, utility, or police agency required; violation; penalty.

Sec. 3. (1) Unless licensed under this act, a sole proprietorship, firm, company, partnership, limited liability company, or corporation shall not engage in the business of security alarm system contractor, private security guard, private security police, patrol service, or an agency furnishing those services. A person, firm, company, partnership, limited liability company, or corporation shall not advertise its business to be that of security alarm system contractor, security alarm system agent, private security guard agency, or an agency furnishing those services without having first obtained from the department a license to do so for each office and branch office to be owned, conducted, managed, or maintained for the conduct of that business.

(2) A person shall not sell, install, operate, adjust, arrange for, or contract to provide a device which upon activation, either mechanically, electronically, or by any other means, initiates the automatic calling or dialing of, or makes a connection directly to, a telephone assigned to a public service, utility, or police agency, for the purpose of delivering a recorded message, without first receiving written permission from that service, utility, or agency.

(3) A person who violates this section is guilty of a felony punishable by imprisonment for not more than 4 years, by a fine of not more than $1,000.00, or both.

338.1056 License; qualifications.

Sec. 6. (1) The department shall issue a license to conduct business as a security alarm system contractor or a private security guard, private security police, or to a private security guard business, if it is satisfied that the applicant is a sole proprietorship, or if a firm, partnership, company, limited liability company, or corporation the sole or principal license holder is an individual, who meets all of the following qualifications:

(a) Is not less than 25 years of age.

(b) Has a high school education or its equivalent.

(c) In the case of a licensee under this section after March 28, 2001, has not been under any sentence, including parole, probation, or actual incarceration, for the commission of a felony.

(d) In the case of a person licensed under this section on or before March 28, 2001, has not been under any sentence, including parole, probation, or actual incarceration, for the commission of a felony within 5 years before the date of application.

(e) Has not been convicted of an offense listed in section 10(1)(c) within 5 years before the date of application.

(f) Has not been dishonorably discharged from a branch of the United States military service.

(g) In the case of an applicant for a private security guard or agency license, has been lawfully engaged in 1 or more of the following:

(*i*) In the private security guard or agency business on his or her own account in another state for a period of not less than 3 years.

(*ii*) In the private security guard or agency business for a period of not less than 4 years as an employee of the holder of a certificate of authority to conduct a private security guard or agency business and has had experience reasonably equivalent to not less than 4 years of full-time guard work in a supervisory capacity with rank above that of patrolman.

(*iii*) In law enforcement employment as a certified police officer on a full-time basis for not less than 4 years for a city, county, or state government, or for the United States government.

(*iv*) In the private security guard or agency business as an employee or on his or her own account or as a security administrator in private business for not less than 2 years on a full-time basis, and is a graduate with a baccalaureate degree or its equivalent in the field of police administration or industrial security from an accredited college or university.

(h) In the case of an applicant for a security alarm system contractor license, has been lawfully engaged in either or both of the following:

(*i*) The security alarm system contractor business on his or her own account for a period of not less than 3 years.

(*ii*) The security alarm system contractor business for a period of not less than 4 years as an employee of the holder of a certificate of authority to conduct a security alarm system contractor business, and has had experience reasonably equivalent to at least 4 years of full-time work in a supervisory capacity or passes a written exam administered by the department designed to measure his or her knowledge and training in security alarm systems.

(i) Has posted with the department a bond provided for in this act.

(j) Has not been adjudged insane unless restored to sanity by court order.

(k) Does not have any outstanding warrants for his or her arrest.

(2) In the case of a sole proprietorship, firm, partnership, company, or corporation now doing or seeking to do business in this state, the resident manager shall comply with the applicable qualifications of this section.

338.1057 License; application; references; investigation; approval; nonrenewable temporary license; fees.

Sec. 7. (1) The department shall prepare a uniform application for the particular license and shall require the person filing the application to obtain reference statements from at least 5 reputable citizens who have known the applicant for a period of at least 5 years,

who can attest that the applicant is honest, of good character, and competent, and who are not related or connected to the applicant by blood or marriage.

(2) Upon receipt of the application and application fee, the department shall investigate the applicant's qualifications for licensure.

(3) The application and investigation are not considered complete until the applicant has received the approval of the prosecuting attorney and the sheriff of the county in this state within which the principal office of the applicant is to be located. If the office is to be located in a city, township, or village, the approval of the chief of police may be obtained instead of the sheriff. Branch offices and branch managers shall be similarly approved.

(4) If a person has not previously been denied a license or has not had a previous license suspended or revoked, the department may issue a nonrenewable temporary license to an applicant. If approved by the department, the temporary license is valid until 1 or more of the following occur but not to exceed 120 days:

(a) The completion of the investigations and approvals required under subsections (1), (2), and (3).

(b) The completion of the investigation of the subject matter addressed in section 6.

(c) The completion of the investigation of any employees of the licensee as further described in section 17.

(d) Confirmation of compliance with the bonding or insurance requirements imposed in section 9.

(e) The applicant fails to meet 1 or more of the requirements for licensure imposed under this act.

(5) The fees for a temporary license shall be the applicable fees as described in section 9.

338.1059 License; issuance; fees; bond; insurance; term; form; additional license for branch office; refunds; security business fund.

Sec. 9. (1) The department, when satisfied of the good character, competence, and integrity of the applicant, or if the applicant is a firm, company, partnership, limited liability company, or corporation, of its individual members or officers, shall issue to the applicant a license. Beginning October 1, 2004, the issuance of the license is conditioned upon the applicant's paying to the department for each license $200.00 if a sole proprietorship, or $300.00 if a private security guard firm, company, partnership, limited liability company, or corporation, or $500.00 if a security alarm system contractor, and upon the applicant's executing, delivering, and filing with the department a bond in the sum of $25,000.00. Beginning October 1, 2002 and until October 1, 2004, the issuance of the license is conditioned upon the applicant's paying to the department for each license $1,000.00 if a sole proprietorship, or $1,500.00 if a private security firm, company, partnership, limited liability company, or corporation, or $1,500.00 if a security alarm system contractor, and upon the applicant's executing, delivering, and filing with the department a bond of $25,000.00. The bond shall be conditioned upon the faithful and honest conduct of the business by the applicant and shall be approved by the department. In lieu of a bond, the applicant may furnish a policy of insurance issued by an insurer authorized to do business in this state naming the licensee and the state as coinsureds in the amount of $25,000.00 for property damages, $100,000.00 for injury to or death of 1 person, and $200,000.00 for injuries to or deaths of more than 1 person arising out of the operation of the licensed activity. The license is valid for 2 years but is revocable at all times by the department for

cause shown. The bonds shall be taken in the name of the people of the state and a person injured by the willful, malicious, and wrongful act of the licensee or any of his or her agents or employees may bring an action on the bond or insurance policy in his or her own name to recover damages suffered by reason of the wrongful act. The license certificate shall be in a form to be prescribed by the department. The fee changes effective October 1, 2002 until October 1, 2004 in this section and section 25 are considered necessary to cover the actual costs of the licensure program under this act and shall only be used for administration of that licensure program. The department and the department of state police shall each issue a report to the appropriations subcommittees having jurisdiction over their department not later than April 1, 2003, on whether the fee changes in this section and section 25 are adequate to support the licensure program under this act.

(2) If a licensee desires to open a branch office, he or she may receive a license for that branch following approval as required in section 7 and payment to the department of the following:

(a) Beginning October 1, 2004, an additional fee of $50.00 for each private security guard branch office license and $100.00 for each security alarm system contractor branch office license.

(b) Beginning October 1, 2002 and until October 1, 2004, an additional fee of $250.00 for each private security branch office license and $500.00 for each security alarm system contractor branch office license.

(3) The additional license issued under subsection (2) shall be posted in a conspicuous place in the branch office and shall expire on the same date as the initial license.

(4) If the license is denied, revoked, or suspended for cause, no refund shall be made of the license fees or a part thereof.

(5) The fees collected by the department under this section shall be deposited into the security business fund created in subsection (6).

(6) The security business fund is created within the state treasury. The department shall deposit all license fees collected under this act into the fund. The state treasurer may receive money or other assets from any source for deposit into the fund. The state treasurer shall direct the investment of the fund. The state treasurer shall credit to the fund interest and earnings from fund investments. Money in the fund at the close of the fiscal year shall remain in the fund and be available for appropriation and expenditure by the department in subsequent fiscal years. The money in the fund shall not lapse to the general fund. The department shall expend money from the fund, upon appropriation, only for enforcement and administration of this act.

338.1060 License; revocation; grounds; failure to pay fines or fees; surrender of license; misdemeanor.

Sec. 10. (1) The department may revoke any license issued under this act if it determines, upon good cause shown, that the licensee or his or her manager, if the licensee is an individual, or if the licensee is not an individual, that any of its officers, directors, partners or its manager, has done any of the following:

(a) Made any false statements or given any false information in connection with an application for a license or a renewal or reinstatement of a license.

(b) Violated any provision of this act.

(c) Been, while licensed or employed by a licensee, convicted of a felony or a misdemeanor involving any of the following:

(*i*) Dishonesty or fraud.

(*ii*) Unauthorized divulging or selling of information or evidence.

(*iii*) Impersonation of a law enforcement officer or employee of the United States, this state, or a political subdivision of this state.

(*iv*) Illegally using, carrying, or possessing a dangerous weapon.

(*v*) Two or more alcohol related offenses.

(*vi*) Controlled substances under the public health code, 1978 PA 368, MCL 333.1101 to 333.25211.

(*vii*) An assault.

(d) Knowingly submitted any of the following:

(*i*) A name other than the true name of a prospective employee.

(*ii*) Fingerprints not belonging to the prospective employee.

(*iii*) False identifying information in connection with the application of a prospective employee.

(2) The department shall not renew a license of a licensee who owes any fine or fee to the department at the time for a renewal.

(3) Within 48 hours after notification from the department of the revocation of a license under this act, the licensee shall surrender the license and the identification card issued under section 14. A person who violates this subsection is guilty of a misdemeanor punishable by imprisonment for not more than 93 days or a fine of not more than $500.00, or both.

338.1063 Change in name or location; report; failure to notify department.

Sec. 13. (1) Any change in the name or location of the agency or of a branch office or subagency shall be reported by the licensee to the department at least 10 days before the change becomes effective, upon receipt of which the department shall prepare and forward a certificate showing the change. The licensee shall return the old certificate within 3 business days after the change.

(2) Failure to notify the department of a change in name or location may result in license suspension.

338.1064 Identification card; issuance; form; contents; recall; custody; unauthorized use; suspension and reinstatement; duplicates.

Sec. 14. (1) Upon issuing a license, the department shall issue an identification card to the principal license holder, and if the licensee is a partner in a partnership to each partner, and if the license holder is a corporation to each resident officer or manager but only if requested by a resident officer or manager.

(2) The form and contents of the identification card shall be prescribed by the department, and the card shall be recalled by the department if the license is revoked.

(3) Only 1 identification card shall be issued for each person entitled to receive it. The licensee is responsible for the maintenance, custody, and control of the identification card and shall not let, loan, sell, or otherwise permit unauthorized persons or employees to use it. This section does not prevent an agency from issuing its own identification cards to its employees if they are approved as to form and content by the department. The individual card shall not bear the seal of the state, and the employee shall be designated as either security alarm system agent, private security police officer, security guard, or security technician.

(4) The department may suspend a license issued under this act if the licensee fails to comply with any of the requirements of this act. Unless a license is required to be revoked for a violation of this act, the department shall reinstate a suspended license upon the licensee complying with this act and the licensee paying a $100.00 reinstatement fee.

(5) Upon proper application and for sufficient reasons shown, the department may issue duplicates of the original certificate of license or identification card.

338.1067 Employees of licensee; conduct and qualifications; personnel information; employee roster to be filed with department; false statements or representations; revocation of license; misdemeanor.

Sec. 17. (1) A licensee may employ as many persons as he or she considers necessary to assist him or her in his or her work of security alarm system contractor, private security police, or private security guard and in the conduct of his or her business, and at all times during the employment is accountable for the good conduct in the business of each person so employed.

(2) Employees in the employ of a licensee after March 28, 2001 shall meet the qualifications outlined in section 6(1)(c), (e), (j), and (k), be at least 18 years of age, and have had at least an eighth grade education or its equivalent. An employee in the employ of a licensee on or before March 28, 2001 shall meet the qualifications outlined in section 6(1)(d), (e), (j), and (k), be at least 18 years of age, and have had at least an eighth grade education or its equivalent. Employees hired by a licensee after the effective date of the amendatory act that added this sentence shall meet the qualifications outlined in section 6(1)(c), (e), (j), and (k), be at least 18 years of age, and have at least a high school diploma, a GED, or its equivalent.

(3) A licensee shall keep and maintain in this state adequate and complete personnel information on all persons employed by him or her. A complete employee roster in a manner described by the department shall be filed with the department by each licensee on a quarterly basis. The rosters must be filed with the department by April 15, July 15, October 15, and January 15 for the preceding quarter. Failure to submit accurate rosters shall be cause for suspension of the license. A renewal application shall not be processed if the quarterly roster has not been received for each quarter of the preceding 2-year license period.

(4) If a licensee falsely states or represents that a person is or has been in his or her employ, the false statement or representation is sufficient cause for the revocation of the license.

(5) A person shall not falsely state or represent that he or she is an agent of a licensed security alarm system contractor, private security police officer, or private security guard. A person who violates this subsection is guilty of a misdemeanor punishable by imprisonment for not more than 93 days or a fine of not more than $500.00, or both.

338.1068 Employment of unqualified employees; fingerprints; fee; background check of prospective employee; employment application; refusal to surrender identification.

Sec. 18. (1) A licensee shall not knowingly employ any person who fails to meet the requirements of section 17.

(2) The licensee shall cause fingerprints to be taken of all prospective employees who are direct providers of the security business, which fingerprints shall be submitted to the department of state police and the federal bureau of investigation for a state and national

criminal history background check. The fingerprints shall be accompanied by a fingerprint processing fee in the amount prescribed by section 3 of 1935 PA 120, MCL 28.273, as well as any fees imposed by the federal bureau of investigation. The results of the national criminal history background check as returned by the federal bureau of investigation to the department of state police shall be used by the department to make a fitness determination. A licensee shall not employ a person who is a direct provider of the security business before submitting fingerprints to the department of state police.

(3) The fingerprints required to be taken under subsection (2) may be taken by a law enforcement agency or any other person determined by the department of state police to be qualified to take fingerprints. If a licensee takes the fingerprints, that licensee shall obtain training in taking fingerprints from the department of state police or a law enforcement agency or other person determined qualified by the department of state police.

(4) A licensee shall request the department of state police to conduct a background check of each prospective employee who is a direct provider of the security business based upon a name check. The licensee shall obtain a complete and signed employment application for all individuals for whom a name check is requested and conducted. The employment application shall be retained for at least 1 year from the date of its submission. The department of state police shall conduct the background check upon a written, electronic, or telephonic request of a licensee accompanied by a fee of $15.00. The background check shall be conducted not later than 3 days after the date a written request is made and not later than 24 hours after a telephonic or electronic request is made. Provisional clearance based on the name check shall allow the employee to be employed as a security guard, for a period of time not to exceed 90 days, pending final clearance based upon a fingerprint check as provided for in subsection (2). If an approval is once denied, that individual may not again be employed as a direct provider of the security business by the submitting licensee except upon receipt of an approved fingerprint clearance. A licensee or employee of a licensee who uses a name check or results of a name check for purposes other than prospective employment is guilty of a misdemeanor punishable by imprisonment for not more than 93 days, a fine of not more than $1,000.00, or both.

(5) The department of state police may enter into an agreement with a licensee for the payment of fees imposed pursuant to this act.

(6) Any employee who, upon demand, fails to surrender to the licensee his or her identification card and any other property issued to him or her for use in connection with his or her employer's business is guilty of a misdemeanor.

338.1069 Uniform and insignia; shoulder identification patches or emblems; badge or shield; deadly weapons; tactical baton.

Sec. 19. (1) The particular type of uniform and insignia worn by a licensee or his or her employees must be approved by the department and shall not deceive or confuse the public or be identical with that of a law enforcement officer of the federal government, state, or a political subdivision of the state in the community of the license holder. Shoulder identification patches shall be worn on all uniform jackets, coats, and shirts and shall include the name of the licensee or agency. Shoulder identification patches or emblems shall not be less than 3 inches by 5 inches in size.

(2) A badge or shield shall not be worn or carried by a security alarm system agent, private security police officer, or employee, or licensee of a security alarm system contractor, private security police organization, or private security guard agency, unless approved by the director of the department.

(3) A person who is not employed as a security guard shall not display a badge or shield or wear a uniform of a security guard. A person who violates this subsection is guilty of a misdemeanor punishable by imprisonment for not more than 93 days or a fine of not more than $500.00, or both.

(4) A person licensed as a security alarm system contractor, security alarm system agent, or a private security guard or agency is not authorized to carry a deadly weapon unless he or she is licensed to do so in accordance with the laws of this state.

(5) A licensee may authorize his or her employees to carry any commercially available tactical baton.

338.1074 Compliance with labor laws.

Sec. 24. Each sole proprietorship, partnership, firm, limited liability company, or corporation licensed and operating under the provisions of this act where there is an employer-employee relationship must comply with the state and federal laws applicable and must make written records and reports in accordance with the applicable state and federal laws.

338.1075 Renewal license; application; bond; fee; date; form; approval; effect of failure to renew; deposit of fees into security business fund.

Sec. 25. (1) A license granted under this act may be renewed by the department upon application by the licensee, filing a renewal surety bond in the amount specified in section 9, and the payment of the following:

(a) Beginning October 1, 2004, a renewal fee of $100.00 if a sole proprietorship, $150.00 if a private security guard firm, company, partnership, limited liability company, or corporation, or $250.00 if a security alarm system contractor.

(b) Beginning October 1, 2002 and until October 1, 2004, a renewal fee of $1,000.00 if a sole proprietorship, $1,500.00 if a private security guard firm, company, partnership, limited liability company, or corporation, or $1,500.00 if a security alarm system contractor.

(2) A renewal license shall be dated as of the expiration date of the previously existing license. For the renewal of a license, the licensee shall submit an application in such form provided by the department. The department may defer the renewal of license if there is an uninvestigated outstanding criminal complaint pending against the licensee or a criminal case pending in any court against the licensee.

(3) A person who fails to renew a license on or before the expiration date shall not engage in activities regulated by this act. A person who fails to renew a license on or before the expiration date may, within 30 days after the expiration date, renew the license by payment of the required license fee and a late renewal fee of $25.00. An applicant who fails to renew within the 30-day period must reapply for a license under section 7.

(4) The fees collected by the department under this section shall be deposited into the security business fund created in section 9(6).

338.1079 Licensure of private security police; rules; applicability of act to private security guards and police; use of pistols.

Sec. 29. (1) The licensure of private security police shall be administered by the department of state police. The application, qualification, and enforcement provisions under this act apply to private security police except that the administration of those provisions shall be performed by, and the payment of the appropriate fees shall be paid to,

the department of state police. The director of the department may jointly promulgate rules with the department of state police under the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328, to facilitate the bifurcation of authority described in this subsection.

(2) This act does not require licensing of any private security guards employed for the purpose of protecting the property and employees of their employer and generally maintaining security for their employer. However, any person, firm, limited liability company, business organization, educational institution, or corporation maintaining a private security police organization may voluntarily apply for licensure under this act. When a private security police employer as described in this section provides the employee with a pistol for the purpose of protecting the property of the employer, the pistol shall be considered the property of the employer and the employer shall retain custody of the pistol, except during the actual working hours of the employee. All such private security people shall be subject to the provisions of sections 17(1) and 19(1).

338.1081 Training requirements.

Sec. 31. An applicant for licensure as private security police under this act under section 29, or the employee of the applicant, shall comply with training requirements as prescribed by the department under this act.

Effective date.

(SB 929)

AN ACT to amend 1965 PA 285, entitled "An act to license and regulate private detectives and investigators; to provide penalties for violations; to protect the general public against unauthorized, unlicensed and unethical operations by private detectives and private investigators; and to repeal certain acts and parts of acts," by amending the title and sections 1, 2, 3, 4, 5, 6, 7, 9, 10, 11, 12, 13, 14, 16, 17, 18, 20, 21, 22, 23, 24, 25, 26, 27, 28, and 31 (MCL 338.821, 338.822, 338.823, 338.824, 338.825, 338.826, 338.827, 338.829, 338.830, 338.831, 338.832, 338.833, 338.834, 338.836, 338.837, 338.838, 338.840, 338.841, 338.842, 338.843, 338.844, 338.845, 338.846, 338.847, 338.848, and 338.851).

The People of the State of Michigan enact:

TITLE

An act to license and regulate private detectives and investigators; to provide for certain powers and duties for certain state agencies and local officials; to provide for the imposition for certain fees; to protect the general public against unauthorized, unlicensed and unethical operations by private detectives and private investigators; to provide for penalties and remedies; and to repeal acts and parts of acts.

338.821 Short title.

Sec. 1. This act shall be known and may be cited as the "private detective license act".

338.822 Definitions.

Sec. 2. As used in this act:

(a) "Department" means the Michigan department of consumer and industry services.

(b) "Private detective" or "private investigator" means a person, other than an insurance adjuster who is on salary and employed by an insurance company or other than a professional engineer, who, for a fee, reward, or other consideration, engages in business or accepts employment to furnish, or subcontracts or agrees to make, or makes an investigation for the purpose of obtaining information with reference to any of the following:

(*i*) Crimes or wrongs done or threatened against the United States or a state or territory of the United States.

(*ii*) The identity, habits, conduct, business, occupation, honesty, integrity, credibility, trustworthiness, efficiency, loyalty, activity, movement, whereabouts, affiliations, associations, transactions, acts, reputation, or character of a person.

(*iii*) The location, disposition, or recovery of lost or stolen property.

(*iv*) The cause or responsibility for fires, libels, losses, accidents, or damage or injury to persons or property.

(*v*) Securing evidence to be used before a court, board, officer, or investigating committee.

(c) "Insurance adjuster" means a person other than a private detective or private investigator who, for a consideration, engages in the activities described in subdivision (b) in the course of adjusting or otherwise participating in the disposal of claims under or in connection with a policy of insurance. Insurance adjuster includes a person who is employed on a salary basis by an insurance company; a person, firm, partnership, company, limited liability company, or corporation who acts for insurance companies solely in the capacity of a claim adjuster, a person, firm, partnership, company, limited liability company, or corporation engaged in the business of public adjuster acting for claimants in securing adjustments of claims against insurance companies and who does not perform investigative services including surveillance activities.

(d) "Licensee" means a person licensed under this act.

(e) "Professional engineer" means a person licensed under article 20 of the occupational code, 1980 PA 299, MCL 339.2001 to 339.2014, as a professional engineer.

338.823 License required; violation; penalty.

Sec. 3. (1) A person, firm, partnership, company, limited liability company, or corporation shall not engage in the business of private detective or investigator for hire, fee or reward, and shall not advertise his or her business to be that of detective or of a detective agency without first obtaining a license from the department.

(2) A person, firm, partnership, company, limited liability company, or corporation shall not engage in the business of furnishing or supplying, for hire and reward, information as to the personal character of any person or firm, or as to the character or kind of business and occupation of any person, firm, partnership, company, limited liability company, or corporation and shall not own, conduct, or maintain a bureau or agency for

the purposes described in this subsection except as to the financial rating of persons, firms, partnerships, companies, limited liability companies, or corporations without having first obtained a license from the department.

(3) A person violating this section is guilty of a felony punishable by imprisonment for not more than 4 years or by a fine of not more than $5,000.00, or both.

338.824 Exemptions from act.

Sec. 4. This act does not apply to any of the following:

(a) A person employed exclusively and regularly by an employer in connection with the affairs of the employer only and there exists a bona fide employer-employee relationship for which the employee is reimbursed on a salary basis.

(b) An officer or employee of the United States, this state, or a political subdivision of this state while that officer or employee is engaged in the performance of his or her official duties.

(c) The business of obtaining and furnishing information as to the financial standing, rating, and credit responsibility of persons or as to the personal habits and financial responsibility of applicants for insurance, indemnity bonds, or commercial credit.

(d) A charitable philanthropic society or association duly incorporated under the laws of this state that is organized and maintained for the public good and not for private profit.

(e) An attorney at law in performing his or her duties as such attorney at law.

(f) A collection agency or finance company licensed to do business under the laws of this state or any employee of a collection agency or finance company while acting within the scope of his or her employment when making an investigation incidental to the business of the agency, including an investigation of the location of the debtor or his or her assets and property in which the client has an interest or upon which the client has a lien.

(g) An insurance adjuster who is employed on a salary basis by an insurance company or a person, firm, partnership, company, limited liability company, or corporation that acts for an insurance company solely in the capacity of claim adjuster. A person, firm, partnership, company, limited liability company, or corporation engaged in the business of public adjuster acting for claimants in securing adjustments of claims against insurance companies and who does not perform investigative services including, but not limited to, surveillance activities.

(h) A professional engineer acting within the scope of his or her licensed professional practice who does not perform investigative services, including, but not limited to, surveillance activities or other activities outside of the scope of his or her licensed professional practice.

338.825 License; issuance, duration.

Sec. 5. (1) The department, upon application and after making a determination that the applicant is qualified, shall issue the applicant a license to conduct business as a private detective or private investigator for a period of 3 years from date of issuance.

(2) Upon the issuance of a license under this act to conduct business as a private detective or private investigator, the applicant is not required to obtain any other license from any municipality or political subdivision of this state.

338.826 License; qualifications.

Sec. 6. (1) The department shall issue a license to conduct business as a private detective or private investigator if satisfied that the applicant is a person, or if a firm, partnership, company, limited liability company, or corporation, the sole or principal license holder is a person who meets all of the following qualifications:

(a) Is a citizen of the United States.

(b) Is not less than 25 years of age.

(c) Has a high school education or its equivalent.

(d) Has not been convicted of a felony, or a misdemeanor involving any of the following:

(*i*) Dishonesty or fraud.

(*ii*) Unauthorized divulging or selling of information or evidence.

(*iii*) Impersonation of a law enforcement officer or employee of the United States or a state, or a political subdivision of the United States or a state.

(*iv*) Illegally using, carrying, or possessing a dangerous weapon.

(*v*) Two or more alcohol related offenses.

(*vi*) Controlled substances under the public health code, 1978 PA 368, MCL 333.1101 to 333.25211.

(*vii*) An assault.

(e) Has not been dishonorably discharged from a branch of the United States military service.

(f) For a period of not less than 3 years has been or is any of the following:

(*i*) Lawfully engaged in the private detective business on his or her own account in another state.

(*ii*) Lawfully engaged in the private detective business as an investigative employee of the holder of a certificate of authority to conduct a detective agency.

(*iii*) An investigator, detective, special agent, or certified police officer of a city, county, or state government or of the United States government.

(*iv*) A graduate with a baccalaureate degree in the field of police administration or criminal justice from an accredited university or college acceptable to the department.

(g) Has posted with the department a bond provided for in this act.

(2) In the case of a person, firm, partnership, company, limited liability company, or corporation now doing or seeking to do business in this state, the resident manager shall comply with the qualifications of this section.

(3) A person regulated as a private detective or private investigator in another state having a reciprocal agreement with this state may engage in activities regulated by this act without being licensed for the limited purpose and for a limited amount of time as necessary to continue an ongoing investigation originating in that state. This act does not prevent a licensee from acting as a private detective or private investigator outside of this state to the extent allowed by that other state under the laws of that state.

338.827 Application for license; notarized statement as to qualifications; investigation of applicants; approval of prosecuting attorney or sheriff.

Sec. 7. (1) The department shall prepare a standard uniform application. The applicant shall obtain notarized reference statements from at least 5 reputable citizens who swear

that they have known the applicant and his or her qualifications for a period of at least 5 years and believe that the applicant is honest, of good character, and competent. The individual providing the reference shall not be related or connected to the person so certifying by blood or marriage.

(2) Upon receipt of the application, application processing fee, and license fee as described in section 9, the department shall investigate as to the applicant's qualifications for licensure.

(3) The application and investigation are not considered complete until the applicant has received the approval of the prosecuting attorney and the sheriff of the county within which the principal office of the applicant is to be located. If the office is to be located in a city, township, or village, the approval of the chief of police may be obtained instead of the sheriff.

338.829 License; conditions of issuance; fee; duration; suspension or revocation; bonds; branch office.

Sec. 9. (1) The department, when satisfied of the competency and integrity of the applicant, or if the applicant is a firm, partnership, company, limited liability company, or corporation, of its individual members or officers, shall issue to the applicant a license upon the applicant's paying to the department an application processing fee of $150.00 and an initial license fee of $600.00. The applicant shall execute, deliver, and file with the department a bond in the sum of $10,000.00, conditioned for the faithful and honest conduct of the business by the applicant, which bond shall be approved by the department. The license is valid for 3 years but is subject to suspension or revocation at all times by the department for cause shown. The bonds shall be taken in the name of the people of the state, and any person injured by the willful, malicious, and wrongful act of the principal may bring an action on the bond or insurance in his or her own name to recover damages suffered by reason of such willful, malicious, and wrongful act. In lieu of a bond, the applicant may furnish a policy of insurance issued by an insurer authorized to do business in this state naming the licensee and the state as co-insured in the amount of $10,000.00 for property damages, $100,000.00 for injury or death of 1 person, and $200,000.00 for injuries to or deaths of more than 1 person arising out of the operation of the licensed activity. The license shall be in a form to be prescribed by the department and shall specify the full name of the applicant, the location of the principal office or place of business and the location of the bureau, agency, subagency, office or branch office for which the license is issued, the expiration date, and the name of the person filing the statement required by this act upon which the license is issued.

(2) A licensee desiring to open a branch office or subagency shall receive a license for that branch or subagency upon payment to the department of an additional fee of $125.00 for each additional license. The additional license shall be posted in a conspicuous place in the branch office or subagency and expires on the date of the initial license.

(3) If the license is suspended or revoked for any cause, the department shall not refund the license or application processing fee or any part of the license or application processing fee.

(4) The changes regarding license and application fees contained in subsection (1) do not require a person, firm, partnership, company, limited liability company, or corporation holding a license under this act on the effective date of the amendatory act that added this subsection to pay the application processing and initial license fee imposed by the amendatory act that added this subsection. A person, firm, partnership, company, limited liability

company, or corporation holding a license on the effective date of the amendatory act that added this subsection is only obligated to pay the renewal fee described in section 26(1).

338.830 License; suspension or revocation; grounds; surrendering license and identification card; noncompliance as misdemeanor.

Sec. 10. (1) The department may suspend or revoke a license issued under this act if the department determines that the licensee or licensee's manager, if an individual, or if the licensee is a person other than an individual, that an officer, director, partner, or its manager, has done any of the following:

(a) Made false statements or given false information in connection with an application for a license or a renewal or reinstatement of a license.

(b) Violated this act or any rule promulgated under this act.

(c) Been convicted of a felony or misdemeanor involving dishonesty or fraud, unauthorized divulging or selling of information or evidence.

(d) Been convicted of impersonation of a law enforcement officer or employee of the United States or a state, or a political subdivision of the United States or a state.

(e) Been convicted of illegally using, carrying, or possessing a dangerous weapon.

(2) Upon notification from the department of the suspension or revocation of the license, the licensee, within 24 hours, shall surrender to the department the license and his or her identification card. Failure to surrender the license in compliance with this subsection is a misdemeanor.

338.831 License fee; refund; conditions.

Sec. 11. The department shall not refund a license fee unless a showing is made of mistake, inadvertence, or error in the collection of the fee.

338.832 License; posting.

Sec. 12. Upon receipt of a license from the department, the licensee shall post it in a conspicuous place in his or her office.

338.833 Reporting name or location change in agency; new license.

Sec. 13. Any change in the name or location of the agency or of a branch office or subagency shall be reported to the department at least 30 days before the change becomes effective. Upon receipt of the notice of change of name or location, the department shall prepare and forward a license showing the change and the licensee shall return the old license within 3 business days after the change.

338.834 Identification card; issuance; form and contents; custody; duplicates.

Sec. 14. (1) Upon issuing a license, the department shall also issue an identification card to the principal license holder or, if the agency is a partnership, to each partner or, if the license holder is a corporation or limited liability company, to each resident officer, manager, or member.

(2) The identification card issued under subsection (1) shall be in such form and contain such information as may be prescribed by the department and is recallable by the department for the same reasons as the license.

(3) The department shall only issue 1 identification card for each person entitled to receive it. The licensee is responsible for the maintenance, custody, and control of the identification card and shall not lease, loan, sell, or otherwise permit unauthorized persons or employees to use it. This subsection shall not be construed to prevent each agency from issuing its own identification cards, if approved as to form and content by the department, to their respective employees. The individual identification card shall not bear the seal of the state or the designation of private detective or private investigator, but the identification card may designate the employee as an investigator or operator and may state that the person is employed by a licensee of the department and the state of Michigan.

(4) Upon proper application and for sufficient reasons shown, the department may issue duplicates of the original license or identification card.

338.836 Use of unauthorized badge, shield, identification card or license; violation; penalties.

Sec. 16. (1) A person shall not possess or display a badge or shield that purports to indicate that the holder is a private detective.

(2) A licensee may request authorization to provide employee identification cards only upon the express authorization of the department as to format and content.

(3) A person shall not display any badge, shield, identification card, or license that might mislead the public into thinking that the holder is a licensed detective.

(4) A person who violates this section is guilty of a misdemeanor and any unauthorized badge, shield, identification card, or license shall be confiscated by any law enforcement officer of the state. Each day the violation continues shall constitute a separate offense.

338.837 Licensees; employment of assistants; records; false statements; fingerprints; penalty.

Sec. 17. (1) A licensee may employ as many persons as considered necessary to assist in his or her work of detective and in the conduct of the business. At all times during the employment, the licensee shall be accountable for the good conduct in the business of each person so employed.

(2) A licensee shall keep adequate and complete records of all persons he or she employs, which records shall be made available to the department upon request and to police authorities if the police authorities offer legitimate proof for the request in connection with a specific need.

(3) If a licensee falsely states or represents that a person is or has been in his or her employ, the false statement or representation shall be sufficient cause for the suspension or revocation of the license. Any person falsely stating or representing that he or she is or has been a detective or employed by a detective agency is guilty of a misdemeanor.

(4) A licensee shall not knowingly employ any person who does not meet the requirements of this act.

(5) The licensee shall cause fingerprints to be taken of all prospective employees, which fingerprints shall be submitted to the department and the federal bureau of investigation for processing and approval.

(6) The fingerprints required to be taken under subsection (5) may be taken by a law enforcement agency or any other person determined by the department to be qualified to take fingerprints. The licensee shall submit a fingerprint processing fee to the department in accordance with section 3 of 1935 PA 120, MCL 28.273, as well as any costs imposed by the federal bureau of investigation.

338.838 Hiring of person convicted of certain felonies or misdemeanors prohibited; refusal to surrender license or identification card.

Sec. 18. (1) A licensee shall not knowingly employ any person who has been convicted of a felony, or convicted of a misdemeanor within the preceding 8 years involving any of the following:

(a) Dishonesty or fraud.

(b) Unauthorized divulging or selling of information or evidence.

(c) Impersonation of a law enforcement officer or employee of the United States, this state, or a political subdivision of this state.

(d) Illegally using, carrying, or possessing a dangerous weapon.

(e) Two or more alcohol related offenses.

(f) Controlled substances under the public health code, 1978 PA 368, MCL 333.1101 to 333.25211.

(g) An assault.

(2) Any employee or operator who, upon demand, fails to surrender to the licensee his or her identification card and any other property issued to him or her for use in connection with his or her employer's business is guilty of a misdemeanor.

338.840 Divulging of information; willful sale of or furnishing false information; penalty; privileged communications; notice and hearing.

Sec. 20. (1) Any person who is or has been an employee of a licensee shall not divulge to anyone other than his or her employer or former employer, or as the employer shall direct, except as he or she may be required by law, any information acquired by him or her during his or her employment in respect to any of the work to which he or she shall have been assigned by the employer. Any employee violating the provisions of this section and any employee who willfully makes a false report to his or her employer in respect to any work is guilty of a misdemeanor.

(2) Any principal, manager, or employee of a licensee who willfully furnishes false information to clients, or who willfully sells, divulges, or otherwise discloses to other than clients, except as may be required by law, any information acquired during employment by the client is guilty of a misdemeanor and is subject to summary suspension of license and revocation of license upon satisfactory proof of the offense to the department. Any communications, oral or written, furnished by a professional or client to a licensee, or any information secured in connection with an assignment for a client, is considered privileged with the same authority and dignity as are other privileged communications recognized by the courts of this state.

(3) Suspension, revocation, or other action against a licensee shall be accompanied by notice and an opportunity for a hearing under the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328.

338.841 Violation of act; report of conviction by prosecuting attorney.

Sec. 21. The prosecuting attorney of the county in which any conviction for a violation of any provision of this act shall, within 10 days thereafter, make and file with the department a report showing the date of the conviction, the name of the person convicted, and the nature of the charge.

338.842 Advertising; contents; discontinuing misleading advertising; notice.

Sec. 22. (1) An advertisement by a licensee soliciting or advertising for business shall contain his or her name and address as they appear in the records of the department.

(2) A licensee shall, on notice from the department, discontinue any advertising or the use of any advertisement, seal, or card, that the department determines to be misleading to the public. Failure to comply with such an order is cause for suspension or revocation of the license.

(3) Unless licensed under this act, a person shall not advertise his or her business to be that of a private detective regardless of the name or title actually used.

338.843 Trade names; approval by department.

Sec. 23. A licensee shall not use any designation or trade name which has not been first approved by the department and shall not use any designation or trade name that implies any association with any municipal, county, township, or state government or the federal government, or any agency thereof.

338.844 Record of business transaction and reports; retention.

Sec. 24. (1) Each person, partnership, firm, company, limited liability company, or corporation licensed and operating under this act shall make a complete written record of the business transactions and reports made in connection with the operation of the agency.

(2) A detective or detective agency that receives or generates a written or electronic report shall keep the report on file in the office of the detective or agency for at least 2 years unless the file is returned to the client or agent.

338.845 Investigation of applicants; complaints; subpoenas; fees; failure to obey; penalty; testimony under oath.

Sec. 25. (1) For the purpose of investigating the character, competency, and integrity of the applicants, or for the purpose of investigating complaints made against the licensee, the director of the department may issue subpoenas and compel the attendance of witnesses. All subpoenas shall be issued under the hand of the director of the department and upon service the witness shall be tendered the fees to which he or she would be entitled to receive if subpoenaed in a court of law.

(2) A person duly subpoenaed who fails to obey the subpoena or, without cause, refuses to be examined or to answer any legal or pertinent questions as to the character, qualifications, or alleged misdeeds of the applicant or licensee is guilty of a misdemeanor.

(3) The testimony of such witnesses shall be under oath, which a designee of the director of the department may administer. Willful false swearing in any such proceeding is considered perjury.

338.846 License; renewal; fee; bond; approval.

Sec. 26. (1) A license granted under this act may be renewed upon application and the payment of a renewal fee of $300.00 and filing of a renewal surety bond or liability insurance policy in the amount equivalent to that specified in section 9.

(2) A renewal license shall be dated as of the expiration date of the previously existing license. For the renewal of a license, the licensee shall submit an application in such form as prescribed by the department. Upon receipt of a completed application, payment of the renewal, and proof acceptable to the department of bond or insurance, the department shall renew a license. The department may defer the renewal if there are uninvestigated

complaints then outstanding against the licensee or if there is a criminal complaint then pending against the licensee.

338.847 Death of licensee; carrying on business; notice to department; sale of business.

Sec. 27. (1) Upon the death of a licensee, the business of the decedent may be carried on for a period of 90 days by any of the following:

(a) In the case of an individual licensee, the surviving spouse, or if there is none, the personal representative of the estate of the decedent.

(b) In the case of a partner, the surviving partners.

(c) In case of an officer of a firm, company, association, limited liability company, or corporation, the officers.

(2) Within 10 days following the death of a licensee, the department shall be notified by a person described in subsection (1) in writing. The notification shall state the name of the person legally authorized to carry on the business of the deceased.

(3) Upon the authorization of the department, the business may be carried on for a further period of time when necessary to complete any investigation or assist in any litigation pending at the death of the decedent.

(4) This section does not authorize the solicitation or acceptance of any business after the death of the decedent except as otherwise provided by this act.

(5) This section shall not be construed to restrict the sale of a private detective business if the vendee qualifies for a license under the provisions of this act.

338.848 Employment of agents; rules.

Sec. 28. (1) The department may employ such agents as are necessary to carry out and to enforce this act.

(2) The department may promulgate rules to enforce and administer this act pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328.

338.851 Violation; penalty.

Sec. 31. A licensee, manager, or employee of a licensee who violates this act or a rule promulgated under this act is guilty of a misdemeanor punishable by imprisonment for not more than 90 days or by a fine of not more than $500.00, or both.

Effective date.

388.1701 Eligibility to receive state aid; filing certified and sworn copy of enrollment; failure to file; withholding state aid; falsification; minimum days and hours of pupil instruction; forfeiture; certification; strikes or teachers' conferences; rules; days not counted as days of pupil instruction; alternative scheduling program for pupils in kindergarten; waiver; certification of planned number of days and hours of pupil instruction; conditions requiring forfeiture; guidelines for providing minimum number of hours of instruction; application; waiver for alternative education program; counting professional development as pupil instruction.

Sec. 101. (1) To be eligible to receive state aid under this act, not later than the fifth Wednesday after the pupil membership count day and not later than the fifth Wednesday after the supplemental count day, each district superintendent through the secretary of the district's board shall file with the intermediate superintendent a certified and sworn copy of the number of pupils enrolled and in regular daily attendance in the district as of the pupil membership count day and as of the supplemental count day, as applicable, for the current school year. In addition, a district maintaining school during the entire year, as provided under section 1561 of the revised school code, MCL 380.1561, shall file with the intermediate superintendent a certified and sworn copy of the number of pupils enrolled and in regular daily attendance in the district for the current school year pursuant to rules promulgated by the superintendent. Not later than the seventh Wednesday after the pupil membership count day and not later than the seventh Wednesday after the supplemental count day, the intermediate district shall transmit to the department the data filed by each of its constituent districts. If a district fails to file the sworn and certified copy with the intermediate superintendent in a timely manner, as required under this subsection, the intermediate district shall notify the department and state aid due to be distributed under this act shall be withheld from the defaulting district immediately, beginning with

the next payment after the failure and continuing with each payment until the district complies with this subsection. If an intermediate district fails to transmit the data in its possession in a timely and accurate manner to the department, as required under this subsection, state aid due to be distributed under this act shall be withheld from the defaulting intermediate district immediately, beginning with the next payment after the failure and continuing with each payment until the intermediate district complies with this subsection. If a district or intermediate district does not comply with this subsection by the end of the fiscal year, the district or intermediate district forfeits the amount withheld. A person who willfully falsifies a figure or statement in the certified and sworn copy of enrollment shall be punished in the manner prescribed by section 161.

(2) To be eligible to receive state aid under this act, not later than the twenty-fourth Wednesday after the pupil membership count day and not later than the twenty-fourth Wednesday after the supplemental count day, an intermediate district shall submit to the department, in a form and manner prescribed by the department, the audited enrollment and attendance data for the pupils of its constituent districts and of the intermediate district. If an intermediate district fails to transmit the audited data as required under this subsection, state aid due to be distributed under this act shall be withheld from the defaulting intermediate district immediately, beginning with the next payment after the failure and continuing with each payment until the intermediate district complies with this subsection. If an intermediate district does not comply with this subsection by the end of the fiscal year, the intermediate district forfeits the amount withheld.

(3) Except as otherwise provided in this section, each district shall provide at least 180 days of pupil instruction and a number of hours of pupil instruction at least equal to the required minimum number of hours of pupil instruction required for 2000-2001 under section 1284 of the revised school code, MCL 380.1284. Except as otherwise provided in this act, a district failing to hold 180 days of pupil instruction shall forfeit from its total state aid allocation for each day of failure an amount equal to 1/180 of its total state aid allocation. Except as otherwise provided in this act, a district failing to comply with the required minimum hours of pupil instruction under this subsection shall forfeit from its total state aid allocation an amount determined by applying a ratio of the number of hours the district was in noncompliance in relation to the required minimum number of hours under this subsection. A district failing to meet both the 180 days of pupil instruction requirement and the minimum number of hours of pupil instruction requirement under this subsection shall be penalized only the higher of the 2 amounts calculated under the forfeiture provisions of this subsection. Not later than August 1, the board of each district shall certify to the department the number of days and hours of pupil instruction in the previous school year. If the district did not hold at least 180 days and the required minimum number of hours of pupil instruction under this subsection, the deduction of state aid shall be made in the following fiscal year from the first payment of state school aid. A district is not subject to forfeiture of funds under this subsection for a fiscal year in which a forfeiture was already imposed under subsection (7). Days or hours lost because of strikes or teachers' conferences shall not be counted as days or hours of pupil instruction. A district not having at least 75% of the district's membership in attendance on any day of pupil instruction shall receive state aid in that proportion of 1/180 that the actual percent of attendance bears to the specified percentage. The superintendent shall promulgate rules for the implementation of this subsection.

(4) Except as otherwise provided in this subsection, the first 2 days for which pupil instruction is not provided because of conditions not within the control of school authorities, such as severe storms, fires, epidemics, or health conditions as defined by the city, county, or state health authorities, shall be counted as days of pupil instruction. In

addition, for 2001-2002 only, the department shall count as days of pupil instruction not more than 4 additional days, and shall count as hours of pupil instruction not more than 24 hours, for which pupil instruction was not provided in a district after May 27, 2002 due to a train derailment involving hazardous materials. Subsequent such days shall not be counted as days of pupil instruction.

(5) A district shall not forfeit part of its state aid appropriation because it adopts or has in existence an alternative scheduling program for pupils in kindergarten if the program provides at least the number of hours required under subsection (3) for a full-time equated membership for a pupil in kindergarten as provided under section 6(4).

(6) Upon application by the district for a particular fiscal year, the superintendent may waive the minimum number of days of pupil instruction requirement of subsection (3) for a district if the district has adopted an experimental school year schedule in 1 or more buildings in the district if the experimental school year schedule provides the required minimum number of hours of pupil instruction under subsection (3) or more and is consistent with all state board policies on school improvement and restructuring. If a district applies for and receives a waiver under this subsection and complies with the terms of the waiver, for the fiscal year covered by the waiver the district is not subject to forfeiture under this section of part of its state aid allocation for the specific building or program covered by the waiver.

(7) Not later than April 15 of each fiscal year, the board of each district shall certify to the department the planned number of days and hours of pupil instruction in the district for the school year ending in the fiscal year. In addition to any other penalty or forfeiture under this section, if at any time the department determines that 1 or more of the following has occurred in a district, the district shall forfeit in the current fiscal year beginning in the next payment to be calculated by the department a proportion of the funds due to the district under this act that is equal to the proportion below 180 days and the required minimum number of hours of pupil instruction under subsection (3), as specified in the following:

(a) The district fails to operate its schools for at least 180 days and the required minimum number of hours of pupil instruction under subsection (3) in a school year, including days counted under subsection (4).

(b) The board of the district takes formal action not to operate its schools for at least 180 days and the required minimum number of hours of pupil instruction under subsection (3) in a school year, including days counted under subsection (4).

(8) In providing the minimum number of hours of pupil instruction required under subsection (3), a district shall use the following guidelines, and a district shall maintain records to substantiate its compliance with the following guidelines:

(a) Except as otherwise provided in this subsection, a pupil must be scheduled for at least the required minimum number of hours of instruction, excluding study halls, or at least the sum of 90 hours plus the required minimum number of hours of instruction, including up to 2 study halls.

(b) The time a pupil is assigned to any tutorial activity in a block schedule may be considered instructional time, unless that time is determined in an audit to be a study hall period.

(c) A pupil in grades 9 to 12 for whom a reduced schedule is determined to be in the individual pupil's best educational interest must be scheduled for a number of hours equal to at least 80% of the required minimum number of hours of pupil instruction to be considered a full-time equivalent pupil.

(d) If a pupil in grades 9 to 12 who is enrolled in a cooperative education program or a special education pupil cannot receive the required minimum number of hours of pupil instruction solely because of travel time between instructional sites during the school day, that travel time, up to a maximum of 3 hours per school week, shall be considered to be pupil instruction time for the purpose of determining whether the pupil is receiving the required minimum number of hours of pupil instruction. However, if a district demonstrates to the satisfaction of the department that the travel time limitation under this subdivision would create undue costs or hardship to the district, the department may consider more travel time to be pupil instruction time for this purpose.

(9) The department shall apply the guidelines under subsection (8) in calculating the full-time equivalency of pupils.

(10) Upon application by the district for a particular fiscal year, the superintendent may waive for a district the 180 days or minimum number of hours of pupil instruction requirement of subsection (3) for a department-approved alternative education program. If a district applies for and receives a waiver under this subsection and complies with the terms of the waiver, for the fiscal year covered by the waiver the district is not subject to forfeiture under this section for the specific program covered by the waiver.

(11) Beginning in 2000-2001, a district may count up to 51 hours of professional development for teachers as hours of pupil instruction. A district that elects to use this exception shall notify the department of its election.

This act is ordered to take immediate effect.

AN ACT to amend 1996 PA 376, entitled "An act to create and expand certain renaissance zones; to foster economic opportunities in this state; to facilitate economic development; to stimulate industrial, commercial, and residential improvements; to prevent physical and infrastructure deterioration of geographic areas in this state; to authorize expenditures; to provide exemptions and credits from certain taxes; to create certain obligations of this state and local governmental units; to require disclosure of certain transactions and gifts; to provide for appropriations; and to prescribe the powers and duties of certain state and local departments, agencies, and officials," by amending section 4 (MCL 125.2684), as amended by 2000 PA 259.

The People of the State of Michigan enact:

125.2684 Designation of local governmental unit as renaissance zone; application; criteria; additional distinct geographic areas.

Sec. 4. (1) One or more qualified local governmental units may apply to the review board to designate the qualified local governmental unit or units as a renaissance zone if all of the following criteria are met:

(a) The geographic area of the proposed renaissance zone is located within the boundaries of the qualified local governmental unit or units that apply.

(b) The application includes a development plan.

(c) The proposed renaissance zone is not more than 5,000 acres in size.

(d) The renaissance zone does not contain more than 10 distinct geographic areas. Except as otherwise provided in this subdivision, the minimum size of a distinct geographic area is not less than 5 acres. A qualified local governmental unit or units may designate not more than 4 distinct geographic areas in each renaissance zone to have no minimum size requirement.

(e) The application includes the proposed duration of renaissance zone status, not to exceed 15 years, except as otherwise provided in this section.

(f) If the qualified local governmental unit has an elected county executive, the county executive's written approval of the application.

(g) If the qualified local governmental unit is a city, that city's mayor's written approval of the application.

(2) A qualified local governmental unit may submit not more than 1 application to the review board for designation as a renaissance zone. A resolution provided by a city, village, or township under section 7(2) does not constitute an application of a city, village, or township for a renaissance zone under this act.

(3) For a distinct geographic area described in subsection (1)(d), a village may include publicly owned land within the boundaries of any distinct geographic area.

(4) Through December 31, 2002, a qualified local governmental unit or units in which a renaissance zone was designated under section 8 or 8a may designate additional distinct geographic areas not to exceed a total of 10 distinct geographic areas upon application to and approval by the board. The duration of renaissance zone status for the additional distinct geographic areas shall not exceed 15 years except as provided in subsection (5).

(5) If a qualified local governmental unit or units designate additional distinct geographic areas in a renaissance zone under subsection (4), the qualified local governmental unit or units may extend the duration of the renaissance zone status of 1 or more distinct geographic areas in that renaissance zone until 2017 upon application to and approval by the board.

(6) Through December 31, 2002, a qualified local governmental unit or units in which a renaissance zone was designated under section 8 or 8a may, upon application to and approval by the board, seek to extend the duration of renaissance zone status until 2017. Upon application, the board may extend the duration of renaissance zone status.

Applicability of act.

Enacting section 1. This amendatory act is retroactive and is effective for 1 or more distinct geographic areas whose duration of renaissance zone status has been extended on and after April 1, 2002. Any action by a qualified local governmental unit on and after April 1, 2002 and until the effective date of this amendatory act to extend the duration of renaissance zone status on additional distinct geographic areas without approval by the board is null and void.

This act is ordered to take immediate effect.

AN ACT to amend 1996 PA 376, entitled "An act to create and expand certain renaissance zones; to foster economic opportunities in this state; to facilitate economic development; to stimulate industrial, commercial, and residential improvements; to prevent physical and infrastructure deterioration of geographic areas in this state; to authorize expenditures; to provide exemptions and credits from certain taxes; to create certain obligations of this state and local governmental units; to require disclosure of certain transactions and gifts; to provide for appropriations; and to prescribe the powers and duties of certain state and local departments, agencies, and officials," by amending section 6 (MCL 125.2686), as amended by 2000 PA 259.

The People of the State of Michigan enact:

125.2686 Renaissance zone review board; duties; prohibitions; modifications.

Sec. 6. (1) The board shall review all recommendations submitted by the review board and determine which applications meet the criteria contained in section 7.

(2) The board shall do all of the following:

(a) Designate renaissance zones.

(b) Subject to subsection (3), approve or reject the duration of renaissance zone status.

(c) Subject to subsection (3), approve or reject the geographic boundaries and the total area of the renaissance zone as submitted in the application.

(3) The board shall not alter the geographic boundaries of the renaissance zone or the duration of renaissance zone status described in the application unless the qualified local governmental unit or units and the local governmental unit or units in which the renaissance zone is to be located consent by resolution to the alteration.

(4) The board shall not designate a renaissance zone under section 8 before November 1, 1996 or after December 31, 1996.

(5) The designation of a renaissance zone under this act shall take effect on January 1 in the year following designation. However, for purposes of the taxes exempted under section 9(2), the designation of a renaissance zone under this act shall take effect on December 31 in the year of designation.

(6) The board shall not designate a renaissance zone under section 8a or 8c after December 31, 2002.

(7) Through December 31, 2002, a qualified local governmental unit in which a renaissance zone was designated under section 8 or 8a may modify the boundaries of that renaissance zone to include contiguous parcels of property as determined by the qualified local governmental unit and approval by the review board. The additional contiguous parcels of property included in a renaissance zone under this subsection do not constitute an additional distinct geographic area under section 4(1)(d). If the boundaries of the renaissance zone are modified as provided in this subsection, the additional contiguous parcels of property shall become part of the original renaissance zone on the same terms and conditions as the original designation of that renaissance zone.

This act is ordered to take immediate effect.

(HB 5587)

AN ACT to amend 1893 PA 206, entitled "An act to provide for the assessment of rights and interests, including leasehold interests, in property and the levy and collection of taxes on property, and for the collection of taxes levied; making those taxes a lien on the property taxed, establishing and continuing the lien, providing for the sale or forfeiture and conveyance of property delinquent for taxes, and for the inspection and disposition of lands bid off to the state and not redeemed or purchased; to provide for the establishment of a delinquent tax revolving fund and the borrowing of money by counties and the issuance of notes; to define and limit the jurisdiction of the courts in proceedings in connection with property delinquent for taxes; to limit the time within which actions may be brought; to prescribe certain limitations with respect to rates of taxation; to prescribe certain powers and duties of certain officers, departments, agencies, and political subdivisions of this state; to provide for certain reimbursements of certain expenses incurred by units of local government; to provide penalties for the violation of this act; and to repeal acts and parts of acts," by amending section 44 (MCL 211.44), as amended by 2000 PA 364.

The People of the State of Michigan enact:

211.44 Collection of taxes; mailing, contents, forms, and expense of tax statement; failure to send or receive notice; time and place for receiving taxes; property tax administration fees; return of excess; cost of appeals; waiver of interest, penalty charge, or property tax administration fee; use of fee; cost of treasurer's bond; enforcement of collection; seizing property or bringing action; amounts includable in return of delinquent taxes; distributions by county treasurer; local governing body authorization for imposition of fees or late penalty charges; annual statement; taxes levied after December 31, 2001 on qualified real property; definitions.

Sec. 44. (1) Upon receipt of the tax roll, the township treasurer or other collector shall proceed to collect the taxes. The township treasurer or other collector shall mail to each taxpayer at the taxpayer's last known address on the tax roll or to the taxpayer's designated agent a statement showing the description of the property against which the tax is levied, the taxable value of the property, and the amount of the tax on the property. If a tax statement is mailed to the taxpayer, a tax statement sent to a taxpayer's designated agent may be in a summary form or may be in an electronic data processing format. If the tax statement information is provided to both a taxpayer and the taxpayer's designated agent, the tax statement mailed to the taxpayer may be identified as an informational copy. A township treasurer or other collector electing to send a tax statement to a taxpayer's designated agent or electing not to include an itemization in the manner described in subsection (10)(d) in a tax statement mailed to the taxpayer shall, upon request, mail a detailed copy of the tax statement, including an itemization of the amount of tax in the manner described by subsection (10)(d), to the taxpayer without charge.

(2) The expense of preparing and mailing the statement shall be paid from the county, township, city, or village funds. Failure to send or receive the notice does not prejudice the right to collect or enforce the payment of the tax. The township treasurer shall remain in the office of the township treasurer at some convenient place in the township on each Friday in the month of December, from 9 a.m. to 5 p.m. to receive taxes, but shall receive

taxes upon a weekday when they are offered. However, if a Friday in the month of December is Christmas eve, Christmas day, New Year's eve, or a day designated by the township as a holiday for township employees, the township treasurer is not required to remain in the office of the township treasurer on that Friday, but shall remain in the office of the township treasurer at some convenient place in the township from 9 a.m. to 5 p.m. on the day most immediately preceding that Friday that is not Christmas eve, Christmas day, New Year's eve, or a day designated by the township as a holiday for township employees, to receive taxes.

(3) Except as provided by subsection (7), on a sum voluntarily paid before February 15 of the succeeding year, the local property tax collecting unit shall add a property tax administration fee of not more than 1% of the total tax bill per parcel. However, unless otherwise provided for by an agreement between the assessing unit and the collecting unit, if a local property tax collecting unit other than a village does not also serve as the local assessing unit, the excess of the amount of property tax administration fees over the expense to the local property tax collecting unit in collecting the taxes, but not less than 80% of the fee imposed, shall be returned to the local assessing unit. A property tax administration fee is defined as a fee to offset costs incurred by a collecting unit in assessing property values, in collecting the property tax levies, and in the review and appeal processes. The costs of any appeals, in excess of funds available from the property tax administration fee, may be shared by any taxing unit only if approved by the governing body of the taxing unit. Except as provided by subsection (7), on all taxes paid after February 14 and before March 1 the governing body of a city or township may authorize the treasurer to add to the tax a property tax administration fee to the extent imposed on taxes paid before February 15 and a late penalty charge equal to 3% of the tax. The governing body of a city or township may waive interest from February 15 to the last day of February on a summer property tax that has been deferred under section 51 or any late penalty charge for the homestead property of a senior citizen, paraplegic, quadriplegic, hemiplegic, eligible serviceperson, eligible veteran, eligible widow or widower, totally and permanently disabled person, or blind person, as those persons are defined in chapter 9 of the income tax act of 1967, 1967 PA 281, MCL 206.501 to 206.532, if the person makes a claim before February 15 for a credit for that property provided by chapter 9 of the income tax act of 1967, 1967 PA 281, MCL 206.501 to 206.532, if the person presents a copy of the form filed for that credit to the local treasurer, and if the person has not received the credit before February 15. The governing body of a city or township may waive interest from February 15 to the last day of February on a summer property tax deferred under section 51 or any late penalty charge for a person's property that is subject to a farmland development rights agreement recorded with the register of deeds of the county in which the property is situated as provided in section 36104 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.36104, if the person presents a copy of the development rights agreement or verification that the property is subject to a development rights agreement before February 15. A 4% county property tax administration fee, a property tax administration fee to the extent imposed on and if authorized under subsection (7) for taxes paid before March 1, and interest on the tax at the rate of 1% per month shall be added to taxes collected by the township or city treasurer after the last day of February and before settlement with the county treasurer, and the payment shall be treated as though collected by the county treasurer. If the statements required to be mailed by this section are not mailed before December 31, the treasurer shall not impose a late penalty charge on taxes collected after February 14.

(4) The governing body of a local property tax collecting unit may waive all or part of the property tax administration fee or the late penalty charge, or both. A property tax

administration fee collected by the township treasurer shall be used only for the purposes for which it may be collected as specified by subsection (3) and this subsection. If the bond of the treasurer, as provided in section 43, is furnished by a surety company, the cost of the bond may be paid by the township from the property tax administration fee.

(5) If apprehensive of the loss of personal tax assessed upon the roll, the township treasurer may enforce collection of the tax at any time, and if compelled to seize property or bring an action in December may add, if authorized under subsection (7), a property tax administration fee of not more than 1% of the total tax bill per parcel and 3% for a late penalty charge.

(6) Along with taxes returned delinquent to a county treasurer under section 55, the amount of the property tax administration fee prescribed by subsection (3) that is imposed and not paid shall be included in the return of delinquent taxes and, when delinquent taxes are distributed by the county treasurer under this act, the delinquent property tax administration fee shall be distributed to the treasurer of the local unit who transmitted the statement of taxes returned as delinquent. Interest imposed upon delinquent property taxes under this act shall also be imposed upon the property tax administration fee and, for purposes of this act other than for the purpose of determining to which local unit the county treasurer shall distribute a delinquent property tax administration fee, any reference to delinquent taxes shall be considered to include the property tax administration fee returned as delinquent for the same property.

(7) The local property tax collecting treasurer shall not impose a property tax administration fee, collection fee, or any type of late penalty charge authorized by law or charter unless the governing body of the local property tax collecting unit approves, by resolution or ordinance adopted after December 31, 1982, an authorization for the imposition of a property tax administration fee, collection fee, or any type of late penalty charge provided for by this section or by charter, which authorization shall be valid for all levies that become a lien after the resolution or ordinance is adopted. However, unless otherwise provided for by an agreement between the assessing unit and the collecting unit, a local property tax collecting unit that does not also serve as the assessing unit shall impose a property tax administration fee on each parcel at a rate equal to the rate of the fee imposed for city or township taxes on that parcel.

(8) The annual statement required by 1966 PA 125, MCL 565.161 to 565.164, or a monthly billing form or mortgagor passbook provided instead of that annual statement shall include a statement to the effect that a taxpayer who was not mailed the tax statement or a copy of the tax statement by the township treasurer or other collector shall receive, upon request and without charge, a copy of the tax statement from the township treasurer or other collector or, if the tax statement has been mailed to the taxpayer's designated agent, from either the taxpayer's designated agent or the township treasurer or other collector. A designated agent who is subject to 1966 PA 125, MCL 565.161 to 565.164, and who has been mailed the tax statement for taxes that became a lien in the calendar year immediately preceding the year in which the annual statement may be required to be furnished shall mail, upon request and without charge to a taxpayer who was not mailed that tax statement or a copy of that tax statement, a copy of that tax statement.

(9) For taxes levied after December 31, 2001, if taxes levied on qualified real property remain unpaid on February 15, all of the following shall apply:

(a) The unpaid taxes on that qualified real property shall be collected in the same manner as unpaid taxes levied on personal property are collected under this act.

(b) Unpaid taxes on qualified real property shall not be returned as delinquent to the county treasurer for forfeiture, foreclosure, and sale under sections 78 to 79a.

(c) If a county treasurer discovers that unpaid taxes on qualified real property have been returned as delinquent for forfeiture, foreclosure, and sale under sections 78 to 79a, the county treasurer shall return those unpaid taxes to the appropriate local tax collection unit for collection as provided in subdivision (a).

(10) As used in this section:

(a) "Designated agent" means an individual, partnership, association, corporation, receiver, estate, trust, or other legal entity that has entered into an escrow account agreement or other agreement with the taxpayer that obligates that individual or legal entity to pay the property taxes for the taxpayer or, if an agreement has not been entered into, that was designated by the taxpayer on a form made available to the taxpayer by the township treasurer and filed with that treasurer. The designation by the taxpayer shall remain in effect until revoked by the taxpayer in a writing filed with the township treasurer. The form made available by the township treasurer shall include a statement that submission of the form allows the treasurer to mail the tax statement to the designated agent instead of to the taxpayer and a statement notifying the taxpayer of his or her right to revoke the designation by a writing filed with the township treasurer.

(b) "Qualified real property" means buildings and improvements located upon leased real property that are assessed as real property under section 2(1)(c), except buildings and improvements exempt under section 9f, if the value of the buildings or improvements is not otherwise included in the assessment of the real property.

(c) "Taxpayer" means the owner of the property on which the tax is imposed.

(d) When describing in subsection (1) that the amount of tax on the property must be shown in the tax statement, "amount of tax" means an itemization by dollar amount of each of the several ad valorem property taxes and special assessments that a person may pay under section 53 and an itemization by millage rate, on either the tax statement or a separate form accompanying the tax statement, of each of the several ad valorem property taxes that a person may pay under section 53. The township treasurer or other collector may replace the itemization described in this subdivision with a statement informing the taxpayer that the itemization of the dollar amount and millage rate of the taxes is available without charge from the local property tax collecting unit.

This act is ordered to take immediate effect.

[No. 481]

(HB 5993)

AN ACT to provide for and establish possession and ownership rights in special tools for use in the fabrication of metal parts under certain conditions; to require procedures to establish a lien; and to establish and maintain a lien on certain special tools.

The People of the State of Michigan enact:

570.541 Short title.

Sec. 1. This act shall be known and may be cited as the "special tools lien act".

570.542 Definitions.

Sec. 2. For purposes of this act:

(a) "Customer" means a person who causes a special tool builder to design, develop, manufacture, assemble for sale, or otherwise make a special tool for use in the design, development, manufacture, assembly, or fabrication of metal parts, or a person who causes an end user to use a special tool to design, develop, manufacture, assemble, or fabricate a metal product.

(b) "End user" means a person who uses a special tool as part of his or her manufacturing process.

(c) "Special tool" means any tools, dies, jigs, gauges, gauging fixtures, special machinery, cutting tools, or metal castings manufactured by a special tool builder.

(d) "Special tool builder" means a person who designs, develops, manufactures, or assembles special tools for sale.

(e) "Person" means an individual, firm, partnership, association, corporation, limited liability company, or other legal entity.

570.543 Special tools; unclaimed possession; transfer of rights from customer to end user; destruction.

Sec. 3. Unless otherwise agreed in writing, if a customer does not claim possession of a special tool from the end user within 3 years from the last use with that end user of the special tool, all rights, title, and interest in the special tool may, at the option of the end user, be transferred by operation of law to the end user for purpose of destroying the special tool.

570.545 Transfer of rights to end user; notice; waiting period.

Sec. 5. After the expiration of the 3-year period set forth in section 3, if an end user chooses to have all rights, title, and interest in a special tool transferred to the end user

by operation of law, the end user shall send written notice by registered mail, return receipt requested, to an address designated in writing by the customer, or if not so designated, to the customer's last known address, indicating that the end user intends to terminate the customer's rights, title, and interest in the special tool, by having all rights, title, and interest in the special tool transferred to the end user by operation of law, under this act.

570.547 Return receipt of notice; possession unclaimed; transfer.

Sec. 7. If a customer does not claim possession of the special tool within 120 days after the date the end user receives the return receipt of the notice sent under section 5, or does not make other arrangements with the end user for storage of the special tool within the time limit set forth in this section, all rights, title, and interest of the customer in the special tool shall be transferred by operation of law to the end user for purposes of destroying the special tool. This section shall not be construed to affect a right of a customer under federal patent or copyright law or any state or federal law pertaining to unfair competition.

570.549 Retroactive application of waiting period.

Sec. 9. The 3-year waiting period provided in section 3 shall apply retroactively in the case of a special tool in the possession of an end user on the effective date of this act.

570.551 Applicability and construction of §§ 570.543, 570.545, 570.547, and 570.549.

Sec. 11. Sections 3, 5, 7, and 9 shall not apply if an end user retains title to and possession of a special tool. Sections 3, 5, 7, and 9 shall not be construed to grant a customer rights, title, or interest in a special tool.

570.553 Lien; possession.

Sec. 13. An end user has a lien, dependent on possession, on any special tool in the end user's possession belonging to a customer for the amount due the end user from the customer for metal fabrication work performed with the special tool. An end user may retain possession of the special tool until the amount due is paid.

570.555 Enforcement of lien; notice

Sec. 15. Before enforcing a lien granted to an end user under section 13, notice in writing shall be given to the customer, delivered personally or sent by registered mail to the last known address of the customer. The notice shall state that a lien is claimed for the amount due for metal fabrication work or for making or improving the special tool. The notice shall include a demand for payment.

570.557 Sale of special tool at public auction; conditions.

Sec. 17. If the end user has not been paid the amount due within 90 days after the notice has been received by the customer provided in section 15, the end user may sell the special tool at a public auction if both of the following occur:

(a) The special tool is still in the end user's possession.

(b) The end user complies with section 19.

570.559 Sale of special tool at public auction; notice; information; notice nondeliverable; dispute.

Sec. 19. (1) Before an end user may sell the special tool, the end user shall notify, by registered mail, return receipt requested, the customer and any person whose security interest is perfected by filing. The notice shall include the following information:

(a) The end user's intention to sell the special tool 60 days after the customer's receipt of the notice.

(b) A description of the special tool to be sold.

(c) The time and place of the sale.

(d) An itemized statement for the amount due.

(e) A statement that the product produced by the special tool complies with the quality and quantity ordered.

(2) If there is not a return of the receipt of the mailing or if the postal service returns the notice as being nondeliverable, the end user shall publish notice of the end user's intention to sell the special tool in a newspaper of general circulation in the place where the special tool is being held for sale by the end user and in the place of the customer's last known address. The notice shall include a description of the special tool and the name of the customer.

(3) If a customer disagrees with the notice described in subsection (1), the customer shall notify the end user in writing by registered mail, return receipt requested, that the product produced by the special tool did not meet the quality or quantity ordered. An end user who receives this notice shall not sell the special tool until the dispute is resolved.

570.561 Payment of proceeds to prior lienholder; payment of amount to end user possessing lien or to customer.

Sec. 21. (1) If the sale is for a sum greater than the amount of the lien, the proceeds shall first be paid to the prior lienholder who has a perfected lien in an amount sufficient to extinguish that interest. Any excess shall next be paid to the end user who possesses a lien under this act in an amount sufficient to extinguish that interest. Any remainder shall then be paid to the customer.

(2) A sale shall not be made under this act if it would be in violation of any right of a customer under federal patent or copyright law.

570.563 Information recorded by special tool builder; filing financial statement; constructive notice of lien on special tool; attachment; duration of lien; priority.

Sec. 23. (1) A special tool builder shall permanently record on every special tool that the special tool builder fabricates, repairs, or modifies the special tool builder's name, street address, city, and state.

(2) A special tool builder shall file a financing statement in accordance with the requirements of section 9502 of the uniform and commercial code, 1962 PA 174, MCL 440.9502.

(3) A special tool builder has a lien on any special tool identified pursuant to subsection (1). The amount of the lien is the amount that a customer or end user owes the special tool builder for the fabrication, repair, or modification of the special tool. The information that the special tool builder is required to record on the special tool under subsection (1) and the financing statement required under subsection (2) shall constitute actual and constructive notice of the special tool builder's lien on the special tool.

(4) The special tool builder's lien attaches when actual or constructive notice is received. The special tool builder retains the lien that attaches under this section even if the special tool builder is not in physical possession of the special tool for which the lien is claimed.

(5) The lien remains valid until the first of the following events takes place:

(a) The special tool builder is paid the amount owed by the customer or end user.

(b) The customer receives a verified statement from the end user that the end user has paid the amount for which the lien is claimed.

(c) The financing statement is terminated.

(6) The priority of a lien created under this act on a special tool shall be determined by the time the lien attaches. The first lien to attach shall have priority over liens that attach subsequent to the first lien.

570.565 Enforcement of lien; notice.

Sec. 25. To enforce a lien that attaches under section 23, the special tool builder shall give notice of the lien in writing to the customer and the end user. The notice shall be given by hand delivery or certified mail, return receipt requested, to the last known address of the customer and to the last known address of the end user. The notice shall state that a lien is claimed, the amount that the special tool builder claims it is owed for fabrication, repair, or modification of the special tool, and a demand for payment.

570.567 Rights of possession.

Sec. 27. Subject to section 29, if the special tool builder has not been paid the amount claimed in the notice required under section 25 within 90 days after the notice required under section 25 has been received by the customer and the end user, the special tool builder has a right to possession of the special tool and may enforce the right to possession of the special tool by judgment, foreclosure, or any available judicial procedure. The special tool builder may do 1 or more of the following:

(a) Take possession of the special tool. The special tool builder may take possession without judicial process if this can be done without breach of the peace.

(b) Sell the special tool in a public auction.

570.569 Sale of special tool with lien asserted.

Sec. 29. (1) Before a special tool builder may sell a special tool for which a lien is claimed and for which the required notice has been sent under section 25, the special tool builder shall notify the customer, the end user, and all other persons that have a perfected security interest in the special tool under part 5 of article 9 of the uniform commercial code, 1962 PA 174, MCL 440.9501 to 440.9527, by certified mail, return receipt requested, of all of the following:

(a) The special tool builder's intention to sell the special tool 60 days after the receipt of the notice.

(b) A description of the special tool to be sold.

(c) The last known location of the special tool.

(d) The time and place of the sale.

(e) An itemized statement of the amount due.

(f) A statement that the special tool was accepted and the acceptance was not subsequently rejected.

(2) If there is no return of the receipt of the mailing or if the postal service returns the notice as being nondeliverable, the special tool builder shall publish notice of the special tool builder's intention to sell the special tool in a newspaper of general circulation in the place where the special tool is last known to be located, in the place of the customer's last known address, and in the place of the end user's last known address. The published notice shall include a description of the special tool and the name of the customer and the end user.

(3) If a customer or end user against whom the lien is asserted disagrees that the special tool was accepted or that the acceptance was not subsequently rejected, the customer or end user shall notify the special tool builder in writing by certified mail, return receipt requested, that the special tool was not accepted or that the acceptance was subsequently rejected. A special tool builder who receives this notice shall not sell the special tool until the dispute is resolved.

570.571 Sale of special tool; use of excess proceeds; prohibition.

Sec. 31. (1) If the proceeds of the sale are greater than the amount of the lien, the proceeds shall first be paid to the special tool builder in the amount necessary to satisfy the lien. All proceeds in excess of the lien shall be paid to the customer.

(2) A sale shall not be made or possession shall not be obtained under section 27 if it would be in violation of any right of a customer or end user under federal patent, bankruptcy, or copyright law.

This act is ordered to take immediate effect.

(SB 920)

AN ACT to authorize the state administrative board to convey certain properties in Branch county and in Wayne county; to prescribe conditions for the conveyances; to provide for disposition of the revenue from the conveyances; and to define the term "undeveloped property" in the Declaration of Restrictions applicable to the Westside Industrial Redevelopment Project U.R. Mich. 1-4 in which the Wayne county property is located; to authorize the state administrative board to transfer certain property between state departments; and to authorize the department of management and budget to dispose of certain buildings.

The People of the State of Michigan enact:

Conveyance of property to Coldwater township, Branch county; consideration; jurisdiction; description.

Sec. 1. The state administrative board, on behalf of the state, may convey to the township of Coldwater, in Branch county, for consideration of $1.00, certain state owned property that is adjacent to a parcel of property previously conveyed by the state to the township of Coldwater, and that is now under the jurisdiction of the department of corrections and located in Branch county, Michigan, and is more particularly described as:

A parcel of land in the SW 1/4 of section 10, T6S, R6W, Branch County, Michigan and more particularly described as commencing at the southwest corner of said section 10;

thence N00°46'35"W 851.64 feet, on the west line of said section 10 to the point of beginning of this description; thence N00°46'35"W 444.00 feet on said west line; thence N89°59'49"E 379.40 feet; thence S00°46'35"E 444.00 feet; thence S89°59'49"W 379.40 feet, to the point of beginning, subject to the right-of-way within US-27 which extends 33 feet from the section line, containing 3.87 acres, more or less.

Adjustment of description.

Sec. 2. The description of the parcel in section 1 is approximate and for purposes of the conveyance is subject to adjustment as the state administrative board or attorney general considers necessary by survey or other legal description.

Provisions.

Sec. 3. The conveyance authorized by section 1 shall provide for both of the following:

(a) That the property shall be used exclusively for public recreational purposes, and that upon termination of that use or use for any other purpose, the state may reenter and repossess the property, terminating the grantee's estate in the property.

(b) That if the grantee disputes the state's exercise of its right of reentry and fails to promptly deliver possession of the property to the state, the attorney general, on behalf of the state, may bring an action to quiet title to, and regain possession of, the property.

Exposed wellheads; responsibility for fencing or securing.

Sec. 4. The conveyance authorized by section 1 shall provide that Coldwater township is responsible for fencing or otherwise securing any exposed wellheads that exist on the property being conveyed.

Quitclaim deed; reservation of mineral rights.

Sec. 5. The conveyance authorized by section 1 shall be by quitclaim deed approved by the attorney general and shall reserve mineral rights to the state.

Disposition of revenue.

Sec. 6. The revenue received under section 1 shall be deposited in the state treasury and credited to the general fund.

Transfer of land in Lansing township, Ingham county, from department of management and budget to department of military and veterans affairs; description; effective upon resolution; approval by attorney general; disposal of surplus buildings; use of unexpended funds.

Sec. 7. (1) The state administrative board may transfer from the department of management and budget to the department of military and veterans affairs, without consideration, a parcel of land in the township of Lansing, Ingham county, Michigan, which is under the jurisdiction of the department of management and budget and is more specifically described as follows:

A parcel of land in the N 1/2 of section 5, T4N, R2W, Lansing Township, Ingham County, Michigan and more particularly described as commencing at the N 1/4 corner of said section 5; thence S00° 12'07"W 300.00 feet, on the N-S 1/4 line of said section 5 to the point of beginning of this description; thence S90°00'00"E 633.49 feet; thence S00°00'11"W 590.04 feet; thence S89°59'49"E 120.00 feet; thence S00°00'11"W 170.00 feet; thence S47°25'08"E 65.73 feet; thence S89°38'54"E 470.00 feet, to the west right of way line of Martin Luther

King JR. Boulevard; thence S00°28'14"W 115.00 feet, on said right of way to the south line of the N 1/2 of said section 5; thence N89°38'54"W 1274.14 feet, on said south line to the N-S 1/4 line of said section 5; thence S89°39'59"W 247.34 feet, on said south line to the northerly right of way of the CSX Railroad; thence N53°45'56"W 210.00 feet, on said railroad right of way; thence N00°17'04"W 791.90 feet; thence N90°00'00"E 423.88 feet, to the point of beginning, containing 24.25 acres.

(2) The transfer authorized by this section shall be effective when approved by a resolution of the state administrative board.

(3) All documents regarding the transfer of the property described in subsection (1) shall be approved by the attorney general.

(4) The department of management and budget may demolish, dismantle, or otherwise dispose of the following surplus buildings, each of which is located on the property described in subsection (1):

(a) Department of management and budget building "Federal Surplus Warehouse".

(b) Department of management and budget building "DMB Trades Building".

(c) Department of management and budget building "Storage Building".

(5) The department of management and budget may use unexpended funds appropriated in section 101 of 1997 PA 114 for demolition of the facilities listed in subsection (4).

Conveyance of property in city of Detroit, Wayne county; jurisdiction; fair market value; description; adjustment; consideration; appraisal; quitclaim deed; disposition of net revenue; "net revenue" defined; "undeveloped property" defined.

Sec. 8. (1) The state administrative board, on behalf of the state and subject to the terms stated in this section, may convey for not less than fair market value all or portions of certain state owned property now under the jurisdiction of the department of transportation and located in the city of Detroit, Wayne county, Michigan, and more particularly described as:

All of Lots 1 through 14, inclusive, of Block 33, except the Northeasterly part of Lot 1 taken for road purposes, and all that part of the Westerly 1/2 of vacated Fifth Street adjacent to said Lot 14 and to said part of Lot 1 lying northerly of the northwesterly line of Lafayette Boulevard, as recited in the J.C.C., Page 346, on March 22, 1960, and the vacated alley in said Block 33, of the Subdivision of that Part of the Labrosse (or Berthelet) Farm, and the Forsyth Farm South of Michigan Avenue, Map of the Western Addition to the City of Detroit, by John Mullett, Surveyor, July 3, 1835, City of Detroit, Wayne County, Michigan, as recorded in Liber 14 of Deeds, Page 136, Wayne County Records, and Lot 7, of Block 32, except the northeasterly part of Lot 7 taken for road purposes, and all that part of the Easterly 1/2 of vacated Fifth Street adjacent to said part of Lot 7 lying northerly of the northwesterly line of Lafayette Boulevard, as recited in the J.C.C., Page 346, on March 22, 1960, of the Plat of the Subdivision of Private Claim 247, City of Detroit, Wayne County, Michigan, as recorded in Liber 44 of Deeds, Page 1, Wayne County Records, said parcel of land being more particularly described as:

BEGINNING at the southeast corner of Howard Street and Sixth Street at the northwest corner of said Lot 7; thence N60°01'23"E 317.00 feet along the southeasterly line of Howard Street and northwesterly line of said Lots 1 through 7 to a point which is 17 feet easterly from the northwesterly corner of said Lot 1; thence along a line extended southeasterly and passing through a point on the easterly line of said Lot 1 which is 55 feet northerly of the southeasterly corner thereof and continuing to a point on the

centerline of said Fifth Street, said line bears S54°47'15"E 143.87 feet; thence southeasterly along a line that passes through a point on the southeasterly line of Lafayette Boulevard which is 4 feet northeasterly from the northwest corner of Lot 5, of William A. Moore's Subdivision of Block 24 of the Subdivision of the Jones Farm, as recorded in Liber 12 of Plats, Page 76, Wayne County Records, said line bears S50°40'19"E 158.49 feet to the northwesterly line of Lafayette Boulevard; thence S60°00'34"W 431.26 feet along said northwesterly line of Lafayette Boulevard to the southwest corner of said Lot 8 in said Block 33 to the northeasterly line of Sixth Street; thence N30°00'47"W 279.87 feet along said northeasterly line to the Point of Beginning, containing 2.310 acres and being subject to easements and restrictions of record.

Excepting any easements of record.

(2) The description of the property in subsection (1) is approximate and for purposes of the conveyance is subject to adjustment as the state administrative board or attorney general considers necessary by survey or other legal description.

(3) As consideration for the property described in subsection (1), the state shall receive property, cash, or any combination thereof which equals or exceeds the fair market value.

(4) The fair market value of the property described in subsection (1) shall be determined by an appraisal as prepared by the state tax commission or an independent fee appraiser.

(5) The conveyance authorized by this section shall be by quitclaim deed approved by the attorney general.

(6) The net revenue received under this section shall be deposited in the appropriate transportation fund. If property is received as all or part of the consideration for the property described in subsection (1), the property may be placed under the jurisdiction of the department of management and budget.

(7) For the purposes of this act, "net revenue" means the proceeds received from the sale of the property described in subsection (1), less reimbursement for any costs to the state associated with the sale of the property and the lawful reimbursement of any transportation funds.

(8) For the purpose of clarifying the process by which the Detroit city council may amend the declaration of restrictions applicable to the west side industrial redevelopment project U.R. Mich. 1-4, as recorded in liber 13969, pages 906 - 932, liber 14408, pages 591 - 594, and liber 15264, pages 389 - 395, Wayne county records, the term "undeveloped property", as used in section 2 thereof, shall include both of the following:

(a) Property upon which there are no buildings or similar structures above grade, regardless of whether they may have previously existed thereon.

(b) Property upon which all buildings and similar structures existing at the time the declaration of restrictions shall be amended by the city council must be demolished and reduced to grade as a condition of effectiveness of such amendment.

This act is ordered to take immediate effect.

AN ACT to amend 1927 PA 175, entitled "An act to revise, consolidate, and codify the laws relating to criminal procedure and to define the jurisdiction, powers, and duties of courts, judges, and other officers of the court under the provisions of this act; to provide laws relative to the rights of persons accused of criminal offenses and ordinance violations; to provide for the arrest of persons charged with or suspected of criminal offenses and ordinance violations; to provide for bail of persons arrested for or accused of criminal offenses and ordinance violations; to provide for the examination of persons accused of criminal offenses; to regulate the procedure relative to grand juries, indictments, informations, and proceedings before trial; to provide for trials of persons complained of or indicted for criminal offenses and ordinance violations and to provide for the procedure in those trials; to provide for judgments and sentences of persons convicted of criminal offenses and ordinance violations; to establish a sentencing commission and to prescribe its powers and duties; to provide for procedure relating to new trials and appeals in criminal and ordinance violation cases; to provide a uniform system of probation throughout this state and the appointment of probation officers; to prescribe the powers, duties, and compensation of probation officers; to provide penalties for the violation of the duties of probation officers; to provide for procedure governing proceedings to prevent crime and proceedings for the discovery of crime; to provide for fees of officers, witnesses, and others in criminal and ordinance violation cases; to set forth miscellaneous provisions as to criminal procedure in certain cases; to provide penalties for the violation of certain provisions of this act; and to repeal all acts and parts of acts inconsistent with or contravening any of the provisions of this act," by amending section 13 of chapter II, section 2a of chapter IV, section 9a of chapter X, and sections 1 and 3c of chapter XI (MCL 762.13, 764.2a, 770.9a, 771.1, and 771.3c), section 13 of chapter II as amended by 1994 PA 286, section 9a of chapter X as amended by 2001 PA 208, and sections 1 and 3c of chapter XI as amended by 1998 PA 520.

The People of the State of Michigan enact:

CHAPTER II

762.13 Assignment as youthful trainee; duties of court.

Sec. 13. (1) If an individual is assigned to the status of a youthful trainee and the underlying charge is an offense punishable by imprisonment for a term of more than 1 year, the court shall do 1 of the following:

(a) Commit the individual to the department of corrections for custodial supervision and training for not more than 3 years in an institutional facility designated by the department for that purpose.

(b) Place the individual on probation for not more than 3 years subject to probation conditions as provided in section 3 of chapter XI.

(c) Commit the individual to the county jail for not more than 1 year.

(2) If an individual is assigned to the status of youthful trainee and the underlying charge is for an offense punishable by imprisonment for 1 year or less, the court shall place the individual on probation for not more than 2 years, subject to probation conditions as provided in section 3 of chapter XI.

(3) An individual placed on probation pursuant to this section shall be under the supervision of a probation officer. Upon commitment to and receipt by the department of corrections, a youthful trainee shall be subject to the direction of the department of corrections.

(4) If an individual is committed to the county jail under subsection (1)(c) or as a probation condition, the court may authorize work release or release for educational purposes.

(5) The court shall include in each order of probation for an individual placed on probation under this section that the department of corrections shall collect a probation supervision fee of not more than $135.00 multiplied by the number of months of probation ordered, but not more than 36 months. The fee is payable when the probation order is entered, but the fee may be paid in monthly installments if the court approves installment payments for that probationer. In determining the amount of the fee, the court shall consider the probationer's projected income and financial resources. The court shall use the following table of projected monthly income in determining the amount of the fee to be ordered:

Projected Monthly Income	Amount of Fee
$ 0-249.99	$ 0.00
$ 250.00-499.99	$10.00
$ 500.00-749.99	$25.00
$ 750.00-999.99	$40.00
$ 1,000.00 or more	5% of projected monthly income, but not more than $135.00

The court may order a higher amount than indicated by the table, up to the maximum of $135.00 multiplied by the number of months of probation ordered but not more than 36 months, if the court determines that the probationer has sufficient assets or other financial resources to warrant the higher amount. If the court orders a higher amount, the amount and the reasons for ordering that amount shall be stated in the court order. The fee shall be collected as provided in section 25a of the corrections code of 1953, 1953 PA 232, MCL 791.225a. A person shall not be subject to more than 1 supervision fee at the same time. If a supervision fee is ordered for a person for any month or months during which that person already is subject to a supervision fee, the court shall waive the fee having the shorter remaining duration.

(6) If the individual is assigned to youthful trainee status for a listed offense enumerated in section 2 of the sex offenders registration act, 1994 PA 295, MCL 28.722, the department of corrections, sheriff or his or her designee, or the individual's probation officer shall register the individual or accept the individual's registration as provided under that act.

CHAPTER IV

764.2a Peace officer; exercise of authority in other county, city, village, township, or university; violation involving water vessel.

Sec. 2a. (1) A peace officer of a county, city, village, township, or university of this state may exercise the authority and powers of a peace officer outside the geographical boundaries of the officer's county, city, village, township, or university under any of the following circumstances:

(a) If the officer is enforcing the laws of this state in conjunction with the Michigan state police.

(b) If the officer is enforcing the laws of this state in conjunction with a peace officer of any other county, city, village, township, or university in which the officer may be.

(c) If the officer has witnessed an individual violate any of the following within the geographical boundaries of the officer's county, city, village, township, or university and immediately pursues the individual outside of the geographical boundaries of the officer's county, city, village, township, or university:

(*i*) A state law or administrative rule.

(*ii*) A local ordinance.

(*iii*) A state law, administrative rule, or local ordinance, the violation of which is a civil infraction, municipal civil infraction, or state civil infraction.

(2) The officer pursuing an individual under subsection (1)(c) may stop and detain the person outside the geographical boundaries of the officer's county, city, village, township, or university for the purpose of enforcing that law, administrative rule, or ordinance or enforcing any other law, administrative rule, or ordinance before, during, or immediately after the detaining of the individual. If the violation or pursuit involves a vessel moving on the waters of this state, the officer pursuing the individual may direct the operator of the vessel to bring the vessel to a stop or maneuver it in a manner that permits the officer to come beside the vessel.

CHAPTER X

770.9a Detention and denial of bail where defendant convicted of assaultive crime; "assaultive crime" defined; expediting appeal or application for leave to appeal.

Sec. 9a. (1) A defendant convicted of an assaultive crime and awaiting sentence shall be detained and shall not be admitted to bail unless the trial court finds by clear and convincing evidence that the defendant is not likely to pose a danger to other persons.

(2) A defendant convicted of an assaultive crime and sentenced to a term of imprisonment who has filed an appeal or an application for leave to appeal shall be detained and shall not be admitted to bail unless the trial court or the court to which the appeal is taken finds by clear and convincing evidence that both of the following exist:

(a) The defendant is not likely to pose a danger to other persons.

(b) The appeal or application raises a substantial question of law or fact.

(3) As used in this section, "assaultive crime" means an offense against a person described in section 81c(3), 82, 83, 84, 86, 87, 88, 89, 90a, 90b(a) or (b), 91, 200 to 212a, 316, 317, 321, 349, 349a, 350, 397, 411h(2)(b) or (3), 411i, 520b, 520c, 520d, 520e, 520g, 529, 529a, 530, or 543a to 543z of the Michigan penal code, 1931 PA 328, MCL 750.81c(3), 750.82, 750.83, 750.84, 750.86, 750.87, 750.88, 750.89, 750.90a, 750.90b, 750.91, 750.200 to 750.212a, 750.316, 750.317, 750.321, 750.349, 750.349a, 750.350, 750.397, 750.411h, 750.411i, 750.520b, 750.520c, 750.520d, 750.520e, 750.520g, 750.529, 750.529a, 750.530, and 750.543a to 750.543z.

(4) The appeal or application for leave to appeal filed by a person denied bail under this section shall be expedited pursuant to rules adopted for that purpose by the supreme court.

CHAPTER XI

771.1 Requirements for probation; delayed sentence; fee; life probation; applicability of section to certain juveniles.

Sec. 1. (1) In all prosecutions for felonies or misdemeanors other than murder, treason, criminal sexual conduct in the first or third degree, armed robbery, and major controlled substance offenses not described in subsection (4), if the defendant has been found guilty

upon verdict or plea and the court determines that the defendant is not likely again to engage in an offensive or criminal course of conduct and that the public good does not require that the defendant suffer the penalty imposed by law, the court may place the defendant on probation under the charge and supervision of a probation officer.

(2) Except as provided in subsection (4), in an action in which the court may place the defendant on probation, the court may delay sentencing the defendant for not more than 1 year to give the defendant an opportunity to prove to the court his or her eligibility for probation or other leniency compatible with the ends of justice and the defendant's rehabilitation. When sentencing is delayed, the court shall enter an order stating the reason for the delay upon the court's records. The delay in passing sentence does not deprive the court of jurisdiction to sentence the defendant at any time during the period of delay.

(3) If a defendant is before the circuit court and the court delays imposing sentence under subsection (2), the court shall include in the delayed sentence order that the department of corrections shall collect a supervision fee of not more than $135.00 multiplied by the number of months of delay ordered, but not more than 12 months. The fee is payable when the delayed sentence order is entered, but the fee may be paid in monthly installments if the court approves installment payments for that defendant. In determining the amount of the fee, the court shall consider the defendant's projected income and financial resources. The court shall use the following table of projected monthly income in determining the amount of the fee to be ordered:

Projected Monthly Income	Amount of Fee
$ 0.00-249.99	$ 0.00
$ 250.00-499.99	$10.00
$ 500.00-749.99	$25.00
$ 750.00-999.99	$40.00
$ 1,000.00 or more	5% of projected monthly income, but not more than $135.00

The court may order a higher amount than indicated by the table, up to the maximum of $135.00 multiplied by the number of months of delay ordered but not more than 12 months, if the court determines that the defendant has sufficient assets or other financial resources to warrant the higher amount. If the court orders a higher amount, the amount and the reasons for ordering that amount shall be stated in the court order. The fee shall be collected as provided in section 25a of the corrections code of 1953, 1953 PA 232, MCL 791.225a. A person shall not be subject to more than 1 supervision fee at the same time. If a supervision fee is ordered for a person for any month or months during which that person already is subject to a supervision fee, the court shall waive the fee having the shorter remaining duration.

(4) The sentencing judge may place a defendant on life probation pursuant to subsection (1) if the defendant is convicted for a violation of section 7401(2)(a)(*iv*) or 7403(2)(a)(*iv*) of the public health code, 1978 PA 368, MCL 333.7401 and 333.7403, or conspiracy to commit either offense. Subsection (2) does not apply to this subsection.

(5) This section does not apply to a juvenile placed on probation and committed under section 1(3) or (4) of chapter IX to an institution or agency described in the youth rehabilitation services act, 1974 PA 150, MCL 803.301 to 803.309.

771.3c Probation supervision fee; enforcement of probation oversight fee; person subject to other obligations arising out of criminal proceeding; applicability of section to certain juveniles.

Sec. 3c. (1) The circuit court shall include in each order of probation for a defendant convicted of a crime that the department of corrections shall collect a probation supervision fee of not more than $135.00 multiplied by the number of months of probation ordered, but not more than 60 months. The fee is payable when the probation order is entered, but the fee may be paid in monthly installments if the court approves installment payments for that probationer. In determining the amount of the fee, the court shall consider the probationer's projected income and financial resources. The court shall use the following table of projected monthly income in determining the amount of the fee to be ordered:

Projected Monthly Income	Amount of Fee
$ 0-249.99	$ 0.00
$ 250.00-499.99	$10.00
$ 500.00-749.99	$25.00
$ 750.00-999.99	$40.00
$ 1,000.00 or more	5% of projected monthly income, but not more than $135.00

The court may order a higher amount than indicated by the table, up to the maximum of $135.00 multiplied by the number of months of probation ordered, but not more than 60 months, if the court determines that the probationer has sufficient assets or other financial resources to warrant the higher amount. If the court orders a higher amount, the amount and the reasons for ordering that amount shall be stated in the court order. The fee shall be collected as provided in section 25a of the corrections code of 1953, 1953 PA 232, MCL 791.225a. A person shall not be subject to more than 1 supervision fee at the same time. If a supervision fee is ordered for a person for any month or months during which that person already is subject to a supervision fee, the court shall waive the fee having the shorter remaining duration.

(2) If a person who is subject to a probation supervision fee is also subject to any combination of fines, costs, restitution orders, assessments, or payments arising out of the same criminal proceeding, the allocation of money collected for those obligations shall be as otherwise provided in section 22 of chapter XV.

(3) This section does not apply to a juvenile placed on probation and committed under section 1(3) or (4) of chapter IX to an institution or agency described in the youth rehabilitation services act, 1974 PA 150, MCL 803.301 to 803.309.

(HB 6062)

AN ACT to amend 1987 PA 230, entitled "An act to authorize certain local governmental units to incorporate municipal health facilities corporations and subsidiary municipal health facilities corporations for establishing, modifying, operating, and managing health services and acquiring, constructing, adding to, repairing, remodeling, renovating, equipping, and re-equipping hospitals and other health care facilities and related purposes; to provide for the application of this act to existing municipal hospitals and for the transfer of ownership of hospital funds and personal property; to validate and ratify the existence, organization, actions, proceedings, and board membership of existing organizations acting as county public hospitals; to provide for the appointment of trustees; to grant certain powers of a public body corporate to health facilities corporations and subsidiary health facilities corporations; to empower certain local governmental units to encumber property for the benefit of, transfer or make property available to, issue bonds to construct facilities to be used by, appropriate funds for, and levy a tax for, municipal health facilities corporations and subsidiary municipal health facilities corporations; to empower certain local governmental units to guarantee obligations of municipal health facilities corporations and subsidiary municipal health facilities corporations and to permit certain local governmental units to pledge their full faith and credit to pay such guaranties; to provide for transfer of ownership or operation of health care facilities and health services to nonprofit health care organizations; to authorize municipal health facilities corporations and subsidiary municipal health facilities corporations to borrow money and issue notes for the purposes of meeting expenses of operation and to issue corporation obligations for the purpose of acquisition, construction, repair, remodeling, equipping or re-equipping of health care facilities and for the refinancing, refunding, or refunding in advance of indebtedness of the municipal health facilities corporations or the subsidiary municipal health facilities corporations or of indebtedness of certain local governmental units undertaken on their behalf; to authorize municipal health facilities corporations and subsidiary municipal health facilities corporations to enter into mortgages, deeds of trust, and other agreements for security which may include provisions for the appointment of receivers; to exempt obligations and property of municipal health facilities corporations and subsidiary municipal health facilities corporations from taxation; and to provide other rights, powers, and duties of municipal health facilities corporations and subsidiary municipal health facilities corporations," by amending section 305 (MCL 331.1305), as amended by 1988 PA 502.

The People of the State of Michigan enact:

331.1305 Powers of local governmental unit generally.

Sec. 305. Subject to applicable licensing and other regulatory requirements, a local governmental unit may do any or all of the following:

(a) Acquire health care facilities by purchase, gift, devise, lease, sublease, installment purchase agreement, land contract, option, or other means; construct, add to, repair, remodel, renovate, equip, and re-equip health care facilities for use, in whole or in part, by a corporation or a subsidiary corporation; borrow money and issue bonds in accordance with 1923 PA 118, MCL 141.61 to 141.66; enter into contracts of lease under 1948 (1st Ex Sess) PA 31, MCL 123.951 to 123.965; or enter into obligations under other applicable laws to acquire health care facilities. However, whether or not otherwise permitted by law, a local governmental unit shall not borrow funds, lease property, or acquire property pursuant to a lease purchase agreement with a local hospital authority incorporated under the hospital finance authority act, 1969 PA 38, MCL 331.31 to 331.84, nor shall a local

governmental unit otherwise receive the proceeds of bonds issued by a local hospital authority, except as consideration for property transferred by the local governmental unit to a third party. Any bonding proposal requiring approval of the electors of a local governmental unit may be presented at the same election described in sections 201 and 202 or sections 251 and 252.

(b) Transfer or make available health care facilities and other real and personal property to a corporation or a subsidiary corporation by sale, lease, sublease, installment sale agreement, contract, or other means on terms, with or without monetary consideration, approved by the county board of commissioners, city council, or village council. A health care facility owned and operated by a corporation or a subsidiary corporation shall not be considered to be owned or operated by the local governmental unit.

(c) Grant mortgages, security interests, and other liens in, pledge or sell and lease back its interests in health care facilities and other real and personal property to secure bonds, notes, or other obligations of a corporation or subsidiary corporation, upon terms approved by the county board of commissioners, city council, or village council. The amount of the bonds, notes, or other obligations shall not be included in computing the net bonded indebtedness of the local governmental unit for the purposes of debt limitations imposed by any constitutional, statutory, or charter provision, unless the local governmental unit pledges full faith and credit to the payment of the bond, note, or other obligation.

(d) Guarantee any corporation obligation, bond, note, or other obligation of a corporation or a subsidiary corporation on terms approved by the county board of commissioners, city council, or village council, and pledge specified revenues or assets of the local governmental unit or the full faith and credit of the local governmental unit to the payment of the guaranty. The resolution of the county board of commissioners, city council, or village council approving any guaranty which pledges the full faith and credit of the local governmental unit shall contain a proviso that the resolution shall not become effective and binding upon the local governmental unit until it has been approved by a majority of the electors voting at a special or regular local governmental unit election. The election proceedings under this subdivision shall be conducted in accordance with the Michigan election law, 1954 PA 116, MCL 168.1 to 168.992. The amount of any bonds, notes, or other obligations secured by a guaranty that pledges the full faith and credit of the local governmental unit shall be included in computing the net bonded indebtedness of the local governmental unit for the purposes of debt limitations imposed by any constitutional, statutory, or charter provision.

(e) Loan to a corporation or a subsidiary corporation money from the general fund of the local governmental unit or from funds not raised by taxation available to the local governmental unit for the acquisition of or improvements to health care facilities, operation of health services or for any other purpose of the corporation or subsidiary corporation, and enter into agreements with the borrowing corporation or subsidiary corporation for the repayment of those loans over a term not to exceed 30 years, with or without security.

(f) Appropriate money and transfer the money to 1 or more corporations or subsidiary corporations established by the local governmental unit for the acquisition of or improvements to health care facilities, operation of health services, or any other purpose of the corporations or subsidiary corporations. The total sums appropriated for those purposes each year from the general fund of the local governmental unit shall be in addition to any taxes and appropriations to satisfy local governmental unit indebtedness under bonds, notes, or guaranties described in subdivisions (a) and (d). Money may be appropriated from funds not raised by taxation and available to the local governmental unit for those purposes without limitation.

(g) Notwithstanding subdivision (f), a county with a county public hospital organized and operated under 1945 PA 109, MCL 331.201 to 331.213, or 1925 PA 177, MCL 332.151 to 332.164, on February 27, 1988 may assess taxes not to exceed in any 1 year 1 mill on each dollar of assessed valuation of the county for the purpose of acquisition, construction, and operation of any health care facilities without a vote of county electors, and may appropriate money from its general fund for the acquisition, construction, and operation of any health care facilities without limitation.

(h) Enter into agreements or arrangements for a corporation or a subsidiary corporation to provide health services to local governmental unit employees, dependents of local governmental unit employees, indigents, or others, providing for payment for health services in any of the ways described in section 303(g).

(i) Sell, contract, or make available to corporations or subsidiary corporations established by the local governmental unit, administrative, management, and other services necessary or convenient to fulfill the purposes of the corporation or subsidiary corporation, and purchase the services from a corporation or subsidiary corporation that may be required for any local governmental unit purpose.

This act is ordered to take immediate effect.

(HB 5804)

AN ACT to amend 1949 PA 300, entitled "An act to provide for the registration, titling, sale, transfer, and regulation of certain vehicles operated upon the public highways of this state or any other place open to the general public or generally accessible to motor vehicles and distressed vehicles; to provide for the licensing of dealers; to provide for the examination, licensing, and control of operators and chauffeurs; to provide for the giving of proof of financial responsibility and security by owners and operators of vehicles; to provide for the imposition, levy, and collection of specific taxes on vehicles, and the levy and collection of sales and use taxes, license fees, and permit fees; to provide for the regulation and use of streets and highways; to create certain funds; to provide penalties and sanctions for a violation of this act; to provide for civil liability of owners and operators of vehicles and service of process on residents and nonresidents; to provide for the levy of certain assessments; to provide for the enforcement of this act; to provide for the creation of and to prescribe the powers and duties of certain state and local agencies; to impose liability upon the state or local agencies; to repeal all other acts or parts of acts inconsistent with this act or contrary to this act; and to repeal certain parts of this act on a specific date," by amending sections 222 and 244 (MCL 257.222 and 257.244), section 222 as amended by 2000 PA 397 and section 244 as amended by 2000 PA 369, and by adding section 17c.

The People of the State of Michigan enact:

257.17c "Flood vehicle" defined.

Sec. 17c. "Flood vehicle" means a vehicle that was submerged in water to the point that water entered the passenger compartment or trunk over the sill of the trunk floor pan or doorsill or a vehicle acquired by an insurance company as part of the settlement of a water damage claim.

257.222 Registration certificate and certificate of title; issuance; rebuilt, salvage, or scrap certificate of title issued by another state; delivery; manufacture; contents; coat of arms; conduct constituting misdemeanor; penalties; certificate of title for certain vehicles to be different in color; contents of legend.

Sec. 222. (1) Except as otherwise provided in this act, the secretary of state shall issue a registration certificate and a certificate of title when registering a vehicle upon receipt of the required fees. The secretary of state shall issue a flood, rebuilt, salvage, or scrap certificate of title for a vehicle brought into this state from another state or jurisdiction that has a flood, rebuilt, salvage, or scrap certificate of title issued by that other state or jurisdiction.

(2) The secretary of state shall deliver the registration certificate to the owner. The certificate shall contain on its face the date issued, the name and address of the owner, the registration number assigned to the vehicle, and a description of the vehicle as determined by the secretary of state.

(3) The certificate of title shall be manufactured in a manner to prohibit as nearly as possible the ability to reproduce, alter, counterfeit, forge, or duplicate the certificate of title without ready detection. The certificate shall contain on its face the identical information required on the face of the registration certificate; if the vehicle is a motor vehicle, the number of miles, not including the tenths of a mile, registered on the vehicle's odometer at the time of transfer; whether the vehicle is to be used or has been used as a taxi, as a police vehicle, or by a political subdivision of this state, unless the vehicle is owned by a dealer and loaned or leased to a political subdivision of this state for use as a driver education vehicle; whether the vehicle is a salvage vehicle; if the vehicle has previously been issued a rebuilt certificate of title from this state or a comparable certificate of title from any other state or jurisdiction; if the vehicle has been issued a scrap certificate of title from this state or a comparable certificate of title from any other state or jurisdiction; if the vehicle is a flood vehicle or has previously been issued a flood certificate of title from this state or any other state or jurisdiction; if the owner or co-owner or lessee or co-lessee of the vehicle is subject to registration denial under section 219(1)(d); a statement of the owner's title and of all security interests in the vehicle or in an accessory on the vehicle as set forth in the application; the date that the application was filed; and any other information that the secretary of state may require.

(4) The certificate of title shall contain a form for assignment of title or interest and warranty of title by the owner with space for the notation of a security interest in the vehicle and in an accessory on the vehicle, which at the time of a transfer shall be certified and signed, and space for a written odometer mileage statement that is required upon transfer pursuant to section 233a. The certificate of title may also contain other forms that the secretary of state considers necessary to facilitate the effective administration of this act. The certificate shall bear the coat of arms of this state.

(5) The secretary of state shall mail or deliver the certificate of title to the owner or other person the owner may direct in a separate instrument, in a form prescribed by the secretary of state.

(6) A person who intentionally reproduces, alters, counterfeits, forges, or duplicates a certificate of title or who uses a reproduced, altered, counterfeited, forged, or duplicated certificate of title shall be punished as follows:

(a) If the intent of reproduction, alteration, counterfeiting, forging, duplication, or use was to commit or aid in the commission of an offense punishable by imprisonment for 1 or more years, the person committing the reproduction, alteration, counterfeiting, forging, duplication, or use is guilty of a misdemeanor, punishable by imprisonment for a period equal to that which could be imposed for the commission of the offense the person had the

intent to aid or commit. The court may also assess a fine of not more than $10,000.00 against the person.

(b) If the intent of the reproduction, alteration, counterfeiting, forging, duplication, or use was to commit or aid in the commission of an offense punishable by imprisonment for not more than 1 year, the person committing the reproduction, alteration, counterfeiting, forging, duplication, or use is guilty of a misdemeanor, punishable by imprisonment for not more than 1 year, or a fine of not more than $1,000.00, or both.

(7) The certificate of title for a police vehicle, a vehicle owned by a political subdivision of this state, a salvage vehicle, a rebuilt vehicle, a scrap vehicle, or a flood vehicle shall be different in color from the certificate of title for all other vehicles unless the vehicle is loaned or leased to a political subdivision of this state for use as a driver education vehicle.

(8) A scrap certificate of title shall contain a legend that the vehicle is not to be titled or registered and is to be used for parts or scrap metal only.

(9) A certificate of title shall not be issued for a vehicle which has had a salvage certificate of title unless the certificate of title contains a legend that discloses the vehicle's former condition to consumers and potential purchasers.

257.244 Operation of vehicle by manufacturer, subcomponent system producer, dealer, or transporter with special plate; unauthorized use of special plate; penalties; surety bond or insurance; number of plates; operation of vehicle with dealer plate by vendee or prospective purchaser.

Sec. 244. (1) A manufacturer owning any vehicle of a type otherwise required to be registered under this act may operate or move the vehicle upon a street or highway primarily for the purposes of transporting or testing or in connection with a golf tournament or a public civic event, if the vehicle displays, in the manner prescribed in section 225, 1 special plate approved by the secretary of state.

(2) A producer of a vehicle subcomponent system essential to the operation of the vehicle or the safety of an occupant may operate or move a motor vehicle upon a street or highway solely to transport or test the subcomponent system if the motor vehicle displays, in the manner prescribed in section 225, 1 special plate approved by the secretary of state. To be eligible for the special plate, the subcomponent system producer must be either a recognized subcomponent system producer or must be a subcomponent system producer under contract with a vehicle manufacturer.

(3) A dealer owning any vehicle of a type otherwise required to be registered under this act may operate or move the vehicle upon a street or highway without registering the vehicle if the vehicle displays, in the manner prescribed in section 225, 1 special plate issued to the owner by the secretary of state. As used in this subsection, "dealer" includes any employee, servant, or agent of the dealer.

(4) A transporter may operate or move any vehicle of like type upon a street or highway solely to deliver the vehicle upon displaying a special plate issued to him or her as provided in this chapter.

(5) The plates described in this section shall not be used on service cars or wreckers which are being operated as an adjunct of a licensee's business. A manufacturer, transporter, or dealer, making or permitting any unauthorized use of a special plate under this chapter is considered to have forfeited its license under this chapter and the secretary of state, after notice and a hearing, may suspend or cancel the right to use the plates and cause the plates to be surrendered to and repossessed by the state.

(6) Transporters shall furnish a sufficient surety bond or policy of insurance as protection for public liability and property damage as may be required by the secretary of state.

(7) The secretary of state shall determine the number of plates a manufacturer, dealer, or transporter reasonably needs in his or her business.

(8) Upon the sale of a vehicle otherwise required to be registered under this act, the vendee shall be permitted to operate the vehicle upon a street or highway for not more than 72 hours after taking possession, but during that time the vehicle shall have the dealer plate attached as provided in this section. The application for registration shall be made in the name of the vendee before the vehicle is used. The dealer and the vendee shall be jointly responsible for the return of the dealer plate to the dealer within 72 hours, and the failure of the vendee to return or the vendor to use due diligence to procure the dealer plate shall constitute a misdemeanor, and in addition the license of the dealer may be revoked. The vendee, while using the dealer's plate, shall have in his or her possession proof that clearly indicates the date of sale of the motor vehicle.

(9) Vehicles owned by the dealer and bearing the dealer's plate may be driven upon a street or highway for demonstration purposes by any prospective buyer for a period of 72 hours.

Effective date.

AN ACT to amend 1967 PA 281, entitled "An act to meet deficiencies in state funds by providing for the imposition, levy, computation, collection, assessment, and enforcement by lien and otherwise of taxes on or measured by net income; to prescribe the manner and time of making reports and paying the taxes, and the functions of public officers and others as to the taxes; to permit the inspection of the records of taxpayers; to provide for interest and penalties on unpaid taxes; to provide exemptions, credits and refunds of the taxes; to prescribe penalties for the violation of this act; to provide an appropriation; and to repeal certain acts and parts of acts," by amending section 471 (MCL 206.471), as amended by 1996 PA 484.

The People of the State of Michigan enact:

206.471 Administration of tax by department; forms; rules; printing summary of state expenditures and revenues in instruction booklet; space on tax return for school district; information to be provided in instruction booklet about purchase of annual state park motor vehicle permit; listing of credit and deduction; posting of list on website.

Sec. 471. (1) The tax imposed by this act shall be administered by the department. The department shall prescribe forms for use by taxpayers and may promulgate rules for all of the following:

(a) The maintenance by taxpayers of records, books, and accounts.

(b) The computation of the tax.

(c) The manner and time of changing or electing accounting methods and of exercising the accounting method options contained in this act.

(d) The making of returns, the payment of tax due, and the ascertainment, assessment, and collection of the tax.

(2) The rules shall follow the rulings of the United States internal revenue service with respect to the federal income tax if those rulings are not inconsistent with this act, and the department may adopt as a part of the rules any portions of the internal revenue code or rulings, in whole or in part.

(3) A summary of state expenditures and revenues by major category, in dollar amounts and percentage of total, for the most recent state fiscal year that the information is available, shall be printed in the instruction booklet accompanying each state income tax return.

(4) Each state income tax return shall contain a space for the taxpayer to indicate the school district in which the taxpayer resides.

(5) The department may provide information in the instruction booklet about the purchase of an annual state park motor vehicle permit pursuant to part 741 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.74101 to 324.74125.

(6) In the instruction booklet that accompanies the annual return required under this act, the department shall provide a clear and concise listing of each credit and each deduction allowed under this act and a reference to a detailed explanation.

(7) The department shall post the list described in subsection (6) on the department's official website.

This act is ordered to take immediate effect.

AN ACT to amend 2000 PA 92, entitled "An act to codify the licensure and regulation of certain persons engaged in processing, manufacturing, production, packing, preparing, repacking, canning, preserving, freezing, fabricating, storing, selling, serving, or offering for sale food or drink for human consumption; to prescribe powers and duties of the department of agriculture; to provide for delegation of certain powers and duties to certain local units of government; to provide exemptions; to regulate the labeling, manufacture, distribution, and sale of food for protection of the consuming public and to prevent fraud and deception by prohibiting the misbranding, adulteration, manufacture, distribution, and sale of foods in violation of this act; to provide standards for food products and food establishments; to provide for enforcement of the act; to provide penalties and remedies for violation of the act; to provide for fees; to provide for promulgation of rules; and to repeal acts and parts of acts," by amending sections 1109, 1119, 3119, 4111, 4117, 6101, 6149, and 7101 (MCL 289.1109, 289.1119, 289.3119, 289.4111, 289.4117, 289.6101, 289.6149, and 289.7101); and to repeal acts and parts of acts.

The People of the State of Michigan enact:

289.1109 Definitions; I to P.

Sec. 1109. As used in this act:

(a) "Imminent or substantial hazard" means a condition at a food establishment that the director determines requires immediate action to prevent endangering the health of people.

(b) "Label" means a display of written, printed, or graphic matter upon the immediate container of any article and includes a requirement imposed under this act that any word, statement, or other information appearing on the display also appear on the outside container or wrapper of the retail package of the article or be easily legible through the outside container or wrapper.

(c) "Labeling" means all labels and other written, printed, or graphic matter upon an article, any of its containers or wrappers, or accompanying the article.

(d) "License limitation" means an action by which the director imposes restrictions or conditions, or both, on a license of a food establishment.

(e) "License holder" means the entity that is legally responsible for the operation of the food establishment including the owner, the owner's agent, or other person operating under apparent authority of the owner possessing a valid license to operate a food establishment.

(f) "Limited wholesale food processor" means a wholesale food processor that has $25,000.00 or less in annual gross wholesale sales made or business done in wholesale sales in the preceding licensing year, or $25,000.00 or less of the food is reasonably anticipated to be sold for the current licensing year. Only the food sales from the wholesale food processor operation are used in computing the annual gross sales under this subdivision.

(g) "Local health department" means that term as defined in section 1105 of the public health code, MCL 333.1105, and having those powers and duties as described in part 24 of the public health code, MCL 333.2401 to 333.2498.

(h) "Misbranded" means food to which any of the following apply:

(*i*) Its labeling is false or misleading in any particular.

(*ii*) It is offered for sale under the name of another food.

(*iii*) It is an imitation of another food unless its label bears, in type of uniform size and prominence, the word "imitation" and immediately thereafter the name of the food imitated.

(*iv*) Its container is so made, formed, or filled as to be misleading.

(*v*) It is in package form, unless it bears a label containing both the name and place of business of the manufacturer, packer, or distributor and an accurate statement of the quantity of the contents in terms of weight, measure, or numerical count subject to reasonable variations as are permitted and exemptions as to small packages as are established by rules prescribed by the department.

(*vi*) Any word, statement, or other labeling required by this act is not prominently placed on the label or labeling conspicuously and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.

(*vii*) It purports to be or is represented as a food for which a definition and standard of identity have been prescribed by rules as provided by this act or under the federal act, unless it conforms to such definition and standard and its label bears the name of the food specified in the definition and standard, and, insofar as may be required by the rules, the common names of optional ingredients, other than spices, flavoring, and coloring, present in such food.

(*viii*) It purports to be or is represented to be either of the following:

(A) A food for which a standard of quality has been prescribed by this act or rules and its quality falls below such standard unless its label bears, in such manner and form as such rules specify, a statement that it falls below such standard.

(B) A food for which a standard or standards of fill of container have been prescribed by this act or rules and it falls below the standard of fill of container applicable, unless its label bears, in such manner and form as the rules specify, a statement that it falls below the standard.

(*ix*) It does not bear labeling clearly giving the common or usual name of the food, if one exists, and if fabricated from 2 or more ingredients, the common or usual name of each ingredient except that spices, flavorings, and colorings, other than those sold as such, may be designated as spices, flavorings, and colorings, without naming each and under other circumstances as established by rules regarding exemptions based upon practicality, potential deception, or unfair competition.

(*x*) It bears or contains any artificial flavoring, artificial coloring, or chemical preservative unless the labeling states that fact and under other circumstances as established by rules regarding exemptions based upon practicality.

(*xi*) If a food intended for human consumption and offered for sale, its label and labeling do not bear the nutrition information required under section 403(q) of the federal act, 21 U.S.C. 343.

(*xii*) It is a product intended as an ingredient of another food and, when used according to the directions of the purveyor, will result in the final food product being adulterated or misbranded.

(*xiii*) It is a color additive whose packaging and labeling are not in conformity with packaging and labeling requirements applicable to such color additive prescribed under the provisions of the federal act.

(i) "Mobile food establishment" means a food establishment operating from a vehicle or watercraft that returns to a licensed commissary for servicing and maintenance at least once every 24 hours.

(j) "Mobile food establishment commissary" means an operation that is capable of servicing a mobile food establishment.

(k) "Person" means an individual, sole proprietorship, partnership, corporation, association, or other legal entity.

(*l*) "Pesticide chemical" means any substance that, alone, in chemical combination, or in formulation with 1 or more other substances, is a pesticide within the meaning of the federal insecticide, fungicide, and rodenticide act, chapter 125, 86 Stat. 973, 7 U.S.C. 136 to 136i, 136j to 136r, and 136s to 136y, and is used in the production, storage, or transportation of raw agricultural commodities.

(m) "Principal display panel" means that part of a label that is most likely to be displayed, presented, shown, or examined under normal and customary conditions of display for retail sale.

(n) "Public health code" means 1978 PA 368, MCL 333.1101 to 333.25211.

289.1119 Rules; "act" and "establishment" defined.

Sec. 1119. (1) Except as rescinded, rules promulgated under public acts repealed by this act retain authorization under this act.

(2) Notwithstanding R 285.553.1 of the Michigan administrative code, the following terms have the following meanings for purposes of those rules:

(a) "Act" means the food law of 2000, 2000 PA 92, MCL 289.1101 to 289.8111.

(b) "Establishment" means any farm crop storage where food is handled, stored, or prepared and that is exempt from the requirements of section 7101.

289.3119 Additional license fees; collection; exemptions; adjustments; forwarding applications.

Sec. 3119. (1) Except as otherwise provided for in subsection (2), upon submission of an application, an applicant for a food service establishment license shall pay to the local health department having jurisdiction the required fees authorized by section 2444 of the public health code, MCL 333.2444, and an additional state license fee as follows:

(a) Vending machine location fee	$	2.50.
(b) Temporary food service establishment	$	2.50.
(c) Food service establishment	$	19.00.
(d) Mobile food establishment commissary	$	19.00.
(e) Special transitory food unit	$	30.00.

(2) When licensing a special transitory food unit, a local health department shall impose a fee of $117.00, which includes the additional state license fee imposed under subsection (1) unless exempted under subsection (4) or (5).

(3) The state license fee required under subsection (1) shall be collected by the local health department at the time the license application is submitted. The state license fee is due and payable by the local health department to the state within 60 days after the fee is collected.

(4) A school or other educational institution is exempt from paying the fees imposed under section 2444 of the public health code, MCL 333.2444, and the additional state license fee imposed under subsections (1) and (2) but is not exempt from the other provisions of this chapter.

(5) A charitable, religious, fraternal, service, civic, or other nonprofit organization that has tax-exempt status under section 501(c)(3) of the internal revenue code of 1986 is exempt from paying additional state license fees imposed under this section except for the vending machine location license fee. An organization seeking an exemption under this subsection shall furnish to the department or a local health department evidence of its tax-exempt status.

(6) A veteran who has a waiver of a license fee under the circumstances described in 1921 PA 359, MCL 35.441 to 35.443, is exempt from paying the fees prescribed in this section.

(7) The department shall adjust on an annual basis the fees prescribed by subsections (1) and (2), as adjusted after November 8, 2000, by an amount determined by the state treasurer to reflect the cumulative annual percentage change in the Detroit consumer price index but not to exceed 5%. As used in this subsection, "Detroit consumer price index" means the most comprehensive index of consumer prices available for the Detroit area from the bureau of labor statistics of the United States department of labor or its successor. The adjustment shall be rounded to the nearest dollar to set each year's fee under this subsection, but the absolute value shall be carried over and used to calculate the next annual adjustment.

(8) The local health department shall forward the license applications to the department with appropriate recommendations.

289.4111 License fees; food sanitation fees.

Sec. 4111. (1) The department shall impose the following license fees for each year or portion of a year:

(a) Retail food establishment: $67.00.

(b) Extended retail food establishment: $172.00.

(c) Wholesale food processor: $172.00.

(d) Limited wholesale food processor: $67.00.

(e) Mobile food establishment: $172.00.

(f) Temporary food establishment: $25.00.

(g) Special transitory food unit: $117.00.

(h) Mobile food establishment commissary: $172.00.

(i) Food warehouse: $67.00.

(j) Food service establishment: the amounts described in subsection (2).

(2) If a local health department no longer conducts a food service sanitation program, the department, in consultation with the commission of agriculture, shall set the food sanitation fees to be imposed for the department's services performed under subsection (1)(j). The fees imposed shall equal, as nearly as possible, 1/2 of the department's cost of providing the service. The conduct of the services resulting from a cessation of a food service sanitation program is considered an imminent or substantial hazard that allows the department to impose the service fees for up to 12 months after the date of cessation by the local health department. After the 12-month period, the department shall collect the fees only in the amount provided by amendment of this act or as authorized pursuant to appropriation.

289.4117 Disposition of money collected; consumer food safety education fund; industry food-safety education fund; creation; advisory committee; use and carrying forward of funds; "fee-exempt food establishment" defined.

Sec. 4117. (1) Except as provided in subsections (2) and (3), money collected under this chapter by the department shall be credited to the general fund of the state.

(2) A consumer food safety education fund is created as a revolving fund in the department of treasury. The consumer food safety education fund shall be administered by the department and funded by adding $3.00 to the fee for each food establishment license in all categories except vending machines and in cases of fee-exempt food establishments. The money in the fund shall be used to provide statewide training and education to consumers on food safety. An advisory committee consisting of at least 9 people representing consumers, industry, government, and academia shall advise the department on the use of the funds. Money remaining in the fund at the end of the fiscal year shall be carried forward into the next fiscal year.

(3) An industry food-safety education fund is created as a revolving fund in the department of treasury. The industry food-safety education fund shall be administered by the department and funded by adding $2.00 to the fee for each food service establishment license in all categories except vending machines and in cases of fee-exempt food establishments. The money in the fund shall be used to provide food safety training and education to food service establishment employees and agents of the director who enforce this act. The advisory committee created in subsection (2) shall advise the department on

the use of the funds. Money remaining in the fund at the end of the fiscal year shall be carried forward into the next fiscal year.

(4) As used in this section, "fee-exempt food establishment" means a food establishment exempt from all state and local food establishment license fees under either of the following circumstances:

(a) The education institution exemption under section 3119(4).

(b) A nonprofit organization that has an exemption under section 3119(5) combined with an exemption from the local health department sanitation service fee under section 2444 of the public health code, MCL 333.2444.

289.6101 Incorporation by reference; changes or updates by rule; annexes.

Sec. 6101. (1) Chapters 1 through 8 of the food code are incorporated by reference except as amended and modified as follows:

(a) Section 3-401.11(B) is modified so that the oven temperature for high humidity oven temperature reads "54°C (130°F) or higher".

(b) Where provisions of this act and rules promulgated under this act specify different requirements.

(c) Section 3-201.11(D) is modified so that "subparagraph 3-401.11(C)(1)" reads "subparagraph 3-401.11(D)(1)".

(d) Section 6-101.11 is modified to add after subparagraph (A)(3): "(B) In a temporary food establishment:".

(2) The director, by promulgation of a rule, may adopt any changes or updates to the food code.

(3) The annexes of the food code are considered persuasive authority for interpretation of the food code.

289.6149 Definitions; satisfaction of section 3-603.11 of food code; disclosures; reminders; text; exemptions.

Sec. 6149. (1) As used in this section:

(a) "Disclosure" means a written identification as to which items are, or can be, ordered raw or undercooked in their entirety, or items that contain an ingredient that is raw or undercooked.

(b) "Publicly available" means accessible to consumers, without their having to request it, before their placing their food orders or making their selections.

(c) "Reminder" means a written notice concerning the significant health risk of consuming raw or undercooked animal foods.

(d) "Selection information" means whatever consumers read to make their order selections, such as menu, table tent, placard, chalkboard, or other written means.

(2) To satisfy section 3-603.11 of the food code, the food establishment must meet the prescriptions of this section.

(3) The food establishment shall make a disclosure in the selection information that an item contains raw or undercooked food of animal origin by either or both of the following methods:

(a) Items are described to include the disclosure, such as "oysters on the half shell (raw oysters)", "raw-egg caesar salad", "eggs (may be requested undercooked)", and "hamburgers

(can be cooked to order)". The disclosure is not limited to those items and descriptions in this subdivision but includes items and descriptions of a similar nature.

(b) Items are asterisked with a footnote that states the items are served raw or undercooked, contain, or may contain raw or undercooked ingredients.

(4) A reminder of the significantly increased risk associated with eating foods subject to the disclosure in raw or undercooked form is satisfied by 1 of the following methods:

(a) Items requiring disclosure are asterisked on the selection information to a footnote that states 1 of the following disclosures:

(*i*) "Regarding the safety of these items, written information is available on request.".

(*ii*) "Consuming raw or undercooked meats, poultry, seafood, shellfish, or eggs may increase your risk of foodborne illness.".

(*iii*) "Consuming raw or undercooked meats, poultry, seafood, shellfish, or eggs may increase your risk of foodborne illness, especially if you have certain medical conditions.".

(b) Either of the reminders listed under subdivision (a)(*ii*) or (*iii*) is used and appears at least once in the selection information on the first interior page or the page where the first item requiring disclosure appears. When the option described in this subdivision is used, the word "NOTICE" shall appear before the reminder statement.

(c) A publicly available placard supplies the reminder of the significantly increased risk and meets the following requirements:

(*i*) It is titled "NOTICE" and contains 1 of the reminders listed in subdivision (a)(*ii*) or (*iii*).

(*ii*) It is posted near the customer entrances of the establishment and is clearly visible to the customers.

(*iii*) All letters in the title are capitalized in bold, arial font not less than 44-point font size and, if menu items are on the placard, then all letters are equally readable as the menu items on the placard.

(*iv*) All letters in the reminder are arial font not less than 36-point font size.

(*v*) The reminder is placed at approximately eye level and is easily readable from the point at which consumers would normally stand to read it.

(*vi*) The reminder maintains visibility in layout, format, and graphics in contrast to other posted materials.

(d) The United States food and drug administration model consumer advisory brochure or equivalent as determined by the director is publicly available.

(5) A reminder may be tailored to be product specific if a food establishment either has a limited menu or offers only specific animal-derived foods in raw or undercooked, ready-to-eat form.

(6) The language for the menu items shall match the language used for the disclosure and the reminder. The disclosure and reminder may also be in additional languages.

(7) The text for disclosures and reminders shall meet the following requirements:

(a) The text size for statements on handheld menus or table tents shall be visually equivalent to at least 11-point font size or may be visually equivalent to the font size of menu item descriptions.

(b) Text color provides a clear contrast to background.

(8) Table tents, placards, or chalkboards that are used exclusively to list food items that are offered as daily, weekly, or temporary specials are exempt from the requirements

of this section when those food items also appear in the primary selection information that contains the disclosures and reminders meeting the requirements of this section.

289.7101 Compliance with federal regulations; exception.

Sec. 7101. Subject to section 1119(2), a food processing plant shall comply with the regulations of the food and drug administration in 21 C.F.R. part 110, except that refrigerated potentially hazardous food shall be stored at 4.4 degrees centigrade (40 degrees Fahrenheit) or below.

Repeal of §§ 289.6119, 289.6121, 289.6123, and 289.6145.

Enacting section 1. Sections 6119, 6121, 6123, and 6145 of the food law of 2000, 2000 PA 92, MCL 289.6119, 289.6121, 289.6123, and 289.6145, are repealed.

This act is ordered to take immediate effect.
Approved June 27, 2002.
Filed with Secretary of State June 27, 2002.

[No. 488]

(HB 5889)

AN ACT to amend 1955 PA 10, entitled "An act to provide for the registration of historic sites," by amending the title and sections 1 and 2 (MCL 399.151 and 399.152) and by adding sections 3, 4, 5, 6, 7, 8, 9, and 10.

The People of the State of Michigan enact:

TITLE

An act to provide for the registration of historic sites; to authorize certain fees; to prescribe powers, duties, and responsibilities for certain state officers; and to prescribe penalties and civil remedies for violations of this act.

399.151 Short title.

Sec. 1. This act shall be known and may be cited as the "Michigan historical markers act".

399.152 Definitions.

Sec. 2. As used in this act:

(a) "Application" means applying for the placement of an official Michigan historical marker at the location of a historic resource or site and for the resource's or site's listing in the state register of historic sites.

(b) "Center" means the Michigan historical center established in the department.

(c) "Commission" means the Michigan historical commission created in section 1 of 1913 PA 271, MCL 399.1.

(d) "Department" means the department of history, arts, and libraries created in section 3 of the history, arts, and libraries act, 2001 PA 63, MCL 399.703.

(e) "Historic resource" means a publicly or privately owned building, structure, site, object, or open space of historic significance to Michigan.

(f) "Historic significance" means value in relation to historical, architectural, archaeological, engineering, or cultural disciplines.

(g) "Person" means an individual, partnership, corporation, association, or other private legal entity.

(h) "Work" means construction, addition, alteration, repair, moving, excavation, or demolition.

399.153 Historic preservation as public purpose; administration of Michigan historical marker program; goals.

Sec. 3. Historic preservation and related public education are declared to be public purposes. In fulfillment of these purposes, the department may administer a Michigan historical marker program with the following goals:

(a) Identify and locate historic sites and subjects having historic significance to this state.

(b) Educate the public about significant people, places, and things in Michigan history and thereby develop the public's knowledge of the importance of Michigan history.

(c) Encourage the public to preserve historic resources indicative of Michigan history and to develop a sense of identity as Michiganians.

(d) Enhance cultural tourism in this state by encouraging residents and visitors to investigate Michigan history and the state's historic sites.

(e) Unite people from various regions of this state through improved dissemination of information about historic resources and places.

399.154 Historic resource or site; listing; criteria.

Sec. 4. The department may list a historic resource or site in the state register of historic sites and commemorate the resource or site with the placement of an official Michigan historical marker if the historic resource or site meets written criteria adopted by the department upon recommendation of the commission.

399.155 Application; filing; form; attachments; fee; review; endorsement or denial of application.

Sec. 5. (1) An application may be filed by 1 of the following persons or agencies:

(a) A person owning or in possession of a historic resource or site or a person having written consent from the owner or person in possession of a historic resource or site.

(b) A department or agency of this state or of a political subdivision of the state owning, controlling, or in possession of a historic resource or site.

(2) A person or agency may submit application to the center only on a form prescribed by and obtained from the center. The form shall include all requested information and be accompanied by the following attachments:

(a) Current images, as prescribed by the center.

(b) Documentation from a recognized and authoritative source acceptable to the center, supporting the historic significance of the historic resource. This documentation shall demonstrate the historic significance of the historic resource.

(c) Any additional documents required by the center.

(3) An application and all attachments submitted to the center under subsection (2) become the property of the state.

(4) An applicant other than an agency shall pay the center an application fee of $250.00 at the time an application is submitted. The center may not process an application without this fee. The center shall deposit the fee in the historical marker fund created in section 9. The center shall refund the fee if the center decides the historic resource is not eligible for a historical marker.

(5) The center shall review each application for completeness and accuracy. The center's review may include verification of the accuracy of furnished information and the location of the historic resource or site. The center may require the applicant to furnish additional information considered necessary to complete the center's review of the application and attachments. Center representatives may visit the site if necessary.

(6) Submission of an application does not guarantee that a historic resource or site will receive an official Michigan historical marker. If the center concludes that the application meets the criteria for the placement of an official Michigan historical marker, the center shall endorse the application and prepare marker text for presentation to the commission. However, if the center concludes that the application fails to meet a criterion or another requirement for placement of a marker, the center shall notify the applicant of that decision in writing and shall specify the reason or reasons why the application is denied.

399.156 Official Michigan historical marker; words included; agreement.

Sec. 6. (1) Upon receipt of an application and proposed marker text from the center, the commission shall review, modify if necessary, and approve the text, and review and approve the location for each requested historical marker. The commission shall exercise its judgment and discretion in revising and approving proposed marker text and may advise the department on matters pertaining to applications and related decisions. The department shall issue an official site number for each historic resource or site designated for placement of an official Michigan historical marker.

(2) An official Michigan historical marker shall not include or mention the name of a living commissioner or any other living state official.

(3) An official Michigan historical marker shall include the words "Michigan historical center, department of history, arts, and libraries". The department may retrofit a marker that does not include these words.

(4) An official Michigan historical marker shall have a logo or seal with a wolverine emblem in its upper area or crest and include the words "registered Michigan historic site".

(5) The department may enter into a written agreement with another state, local, or federal agency regarding the placement of an official Michigan historical marker on property under the jurisdiction of the agency. The agreement may address security, payment for the marker, and other appropriate matters.

399.157 Official Michigan historical marker; property; control; ownership; transfer without permission prohibited; stolen or damaged marker; recovery.

Sec. 7. (1) An official Michigan historical marker approved by the department and the commission is the property of the state of Michigan and is subject to the exclusive control of the department, whether erected on public or private property. In addition to other

text on the marker, each marker shall include the conspicuous statement "property of the state of Michigan".

(2) The department shall not abandon an official Michigan historical marker. In all legal proceedings, in this state or elsewhere, there shall be an irrebuttable presumption against abandonment of the state of Michigan's ownership of an official Michigan historical marker.

(3) A person or agency in possession of a historic resource or site where an official Michigan historical marker is displayed shall not attempt to convey, sell, or otherwise transfer the marker. A conveyance, sale, or transfer is void unless made pursuant to written permission from the department.

(4) Upon discovering that an official Michigan historical marker may have been stolen or otherwise improperly or unlawfully removed from the historic resource or site where it was placed, the department, with advice and assistance from the attorney general, may commence an action, in this state or elsewhere, to recover the marker.

(5) Upon discovering that an official Michigan historical marker has been marred, vandalized, or otherwise damaged, the department, with advice and assistance from the attorney general, may commence an action, in this state or elsewhere, to recover the actual replacement cost of the marker, plus taxable costs, reasonable attorney fees, and interest calculated under section 6013 of the revised judicature act of 1961, 1961 PA 236, MCL 600.6013. Revenue received under this subsection shall be deposited in the historical marker fund created in section 9.

399.158 Official Michigan historical marker; certain uses prohibited; violations as misdemeanor; penalty; grace period for return of marker; exception; deposit of amounts received under liability provisions.

Sec. 8. (1) A person or agency shall not exhibit, display, or use an official Michigan historical marker's distinctive design, configuration, pattern, or color combination, including a facsimile of an official Michigan historical marker, for any purpose without the department's written permission. A person or agency that violates this subsection is guilty of a misdemeanor punishable by imprisonment for not more than 90 days or a fine of not more than $1,000.00, or both.

(2) A person or agency shall not use for advertising, retail sales, or any other commercial purpose without the department's written permission any portion of the seal, emblem, and logo that appear in the crest of an official Michigan historical marker. A person or agency that violates this subsection is guilty of a misdemeanor punishable by imprisonment for not more than 93 days or a fine of not more than $5,000.00, or both.

(3) A person or agency shall not exhibit, display, or use a marker's seal, emblem, or logo or a marker's distinctive design, configuration, pattern, or color combination, including an official Michigan historical marker's facsimile, to represent his or her property as a registered Michigan historic site. A person or agency shall not exhibit, display, or use the seal, emblem, or logo or a marker's distinctive design, configuration, pattern, or color combination, including an official Michigan historical marker's facsimile, in a manner designed to lead another person to believe that the person's property is an official state historic site. A person or agency that violates this subsection is guilty of a misdemeanor punishable by imprisonment for not more than 6 months or a fine of not less than $2,000.00 or more than $10,000.00, or both. If a person allegedly in violation of this subsection receives written notice from the department that the person is in apparent violation of the subsection and the person within 60 days of mailing of the notice ceases the violation by removing or no

longer using the seal, pattern, design, or color combination, or facsimile, prosecution under this subsection is barred.

(4) A person or agency shall not damage, destroy, deface, remove, tamper with, alter, or possess an official Michigan historical marker displayed at a historic resource or site without the department's written permission. A person or agency that violates this subsection is guilty of a misdemeanor punishable by imprisonment for not more than 93 days or a fine of not less than $500.00 or more than $5,000.00, or both. A person who pleads guilty or nolo contendere or is determined guilty under this subsection is liable to this state in an amount double the cost of repair, replacement, and restoration of the official state historic site and official Michigan historical marker.

(5) A person, including a salvage company, commercial business, or a collector, shall not knowingly accept in trade or possess an official Michigan historical marker. A person that violates this subsection is guilty of a misdemeanor punishable by imprisonment for not more than 6 months or a fine of not less than $1,000.00 or more than $10,000.00, or both. A person that pleads guilty or nolo contendere or is determined guilty under this subsection is liable to this state in an amount 3 times the cost of the repair, restoration, or replacement of the official Michigan historical marker.

(6) Within the first 90 days after the effective date of the amendatory act that added this subsection, a person possessing an official Michigan historical marker may return the marker to the department or to the sheriff of the person's county of residence without penalty for larceny or violating this act. However, this immunity shall not apply to a person that removed the marker if the removal of the marker resulted in death or personal injury. A sheriff shall hold a returned marker and shall notify the department that a marker has been returned. The department shall determine the disposition of the returned marker.

(7) The amounts received under the liability provisions of subsections (4) and (5) shall be deposited in the historical marker fund created in section 9.

399.159 Administration of program; gifts, grants, bequests, and appropriations; creation of historical marker fund; copyright and trademark provisions.

Sec. 9. (1) The department may accept gifts, grants, bequests, and appropriations for the purpose of administering the Michigan historical marker program, including, but not limited to, the manufacture and placement of an official Michigan historical marker, repair and maintenance of a marker, program administration, application reviews, marker restoration, marker recovery, and enforcement of this act.

(2) The amounts received under subsection (1) shall be credited to a fund, which is created and shall be known as the historical marker fund. The state treasurer shall direct the investment of the historical marker fund and shall credit to the fund all interest and earnings earned from fund investments. Money in the historical marker fund at the close of the fiscal year shall remain in the fund and shall not lapse to the general fund. Notwithstanding any balance in the historical marker fund, nothing in this subsection shall obligate the department to pay for the maintenance, repair, or replacement of an official Michigan historical marker.

(3) The department may copyright the text on an official Michigan historical marker and may register as a trademark or service mark the logo, seal, and emblem associated with official Michigan historical markers. The department may license or sell rights to publish or otherwise use copyrighted marker text and to use the registered logo, seal, or emblem and shall deposit amounts received from sales and licensing in the historical marker fund created in subsection (2).

399.160 Moving or altering marker; withdrawal of marker designation.

Sec. 10. (1) An official Michigan historical marker placed to recognize a particular historic resource may be moved to and placed at another nearby site if the commission has been asked to give, and has given, written permission for the move.

(2) When making alterations to the exterior of a historic resource which has been commemorated by an official Michigan historical marker, the owner or other person in possession of the historic resource shall follow the United States secretary of the interior's standards for rehabilitation and guidelines for rehabilitating historic buildings, as set forth in 36 C.F.R. part 67, when developing plans for and performing work on this historic resource. The owner or other person in possession of the historic resource may ask the center to review work plans prior to commencement of work.

(3) The center may withdraw a marker designation and may request the return of or may repossess an official Michigan historical marker from a historic resource or site if the center determines that the historic resource or site has lost its historic significance or integrity.

(4) If the center withdraws a marker designation, the person or agency in possession of the historic resource or site shall immediately return the marker to the center.

This act is ordered to take immediate effect.

AN ACT to amend 1990 PA 345, entitled "An act to create a state survey and remonumentation commission and to prescribe its powers and duties; to provide for the appointment of an executive director; to provide for a contract for the services of a state geodetic advisor; to create the state survey and remonumentation fund and to provide for its use; to coordinate and implement the monumentation and remonumentation of property controlling corners in this state and coordinate the establishment of geographic information systems; and to provide for certain powers and duties of certain state and local officers and agencies," by amending sections 8 and 12 (MCL 54.268 and 54.272), as amended by 1998 PA 5.

The People of the State of Michigan enact:

54.268 County monumentation and remonumentation plans.

Sec. 8. (1) Each county shall establish a county monumentation and remonumentation plan. Not later than 1 year after January 1, 1991, the commission shall create and distribute a model county plan that may be adopted by a county with any changes appropriate for that county. Not later than January 1, 1994, each county shall have submitted a county plan that is approved by the commission.

(2) A county plan shall provide for all of the following:

(a) The monumentation or remonumentation of the entire county, within 20 years, under the guidelines of the manual of instructions for the survey of the public lands of the

United States, 1973, prepared by the bureau of land management of the department of interior, technical bulletin 6, or subsequent editions.

(b) The provision of copies of all survey monumentation information produced by the county plan to the county surveyor and the commission.

(c) The filing with the county surveyor and the commission of copies of all monumentation or remonumentation documents required to be recorded with the register of deeds under the corner recordation act, 1970 PA 74, MCL 54.201 to 54.210d, or recorded with the register of deeds under 1970 PA 132, MCL 54.211 to 54.213.

(d) A perpetual monument maintenance plan that provides for all corners to be checked, and if necessary remonumented, at least once every 20 years.

(e) Any other provisions reasonably required by the commission for purposes of this act.

(3) Two or more contiguous counties may submit a multicounty plan, which shall meet the same requirements within each member county as are established for a county plan under this act.

(4) If a county fails to establish and submit a plan that is approved by the commission within the time required under subsection (1), the commission shall initiate and contract for the implementation of a county plan in that county pursuant to section 10.

(5) Upon the establishment and approval by the commission of a county plan, a county may expend or borrow funds to expedite the completion of its plan. If a county or 2 or more counties elect to expend or borrow funds to expedite their county plan, the commission shall enter into a contract to provide that the costs to expedite that plan including the payment of the principal of and interest on the bonds issued under subsection (7) are reimbursed or paid from the fund as provided in section 12(2) and (4).

(6) A county or 2 or more counties that expended or borrowed money to expedite their county plan after January 1, 1991 may recapture costs expended or borrowed and used to expedite that plan, which shall be paid out of the fund as provided in section 12(2) and (4). The commission shall pay those costs to the county over a period of not less than 10 years.

(7) Upon the establishment and approval by the commission of a county plan, a county or 2 or more counties seeking to expedite their county plan may by resolution of the county board of commissioners, and without the vote of its electors, issue bonds payable primarily from the money received or to be received under the contract provided for in subsection (5). These bonds may be secured by a limited tax full faith and credit pledge of the county or counties. The bonds shall be payable in annual installments, and unless otherwise determined by the commission, the annual installments are not to exceed the length of the contract that the county or counties entered into with the commission under subsection (5). The issuance of bonds under this section shall be subject to the provisions of the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

54.272 State survey and remonumentation fund; use of monies; provisions applicable to deposited funds; payment to county or counties.

Sec. 12. (1) Money in the fund shall be used by the commission for the following purposes:

(a) Annual grants to the various counties to implement their county plans, excluding the perpetual monument maintenance plan described in section 8(2)(d).

(b) Annual grants to 2 or more counties to implement their multicounty plan, excluding the perpetual monument maintenance plan described in section 8(2)(d).

(c) The implementation of county plans that are initiated and contracted for by the commission pursuant to section 8(4).

(d) An annual grant to each county that has a county plan or to 2 or more counties that have a multicounty plan to implement the perpetual monument maintenance plan described in section 8(2)(d). The commission shall make not less than 5% of the total amount of the fund available for grants under this subdivision.

(e) The payment of contracts that are entered into by the commission under section 10.

(f) Other activities necessary, incidental, or appropriate to implement this act.

(2) In addition to the purposes described in subsection (1), money in the fund shall be used to pay the costs of expediting a plan or to reimburse the cost described in section 8(6) and (7), for a county or 2 or more counties that have elected to expend or borrow funds to expedite the implementation of the county's or counties' plan.

(3) Of the money collected and remitted to the state treasurer for deposit in the fund pursuant to section 2567a of the revised judicature act of 1961, 1961 PA 236, MCL 600.2567a, both of the following shall apply:

(a) An annual grant to a county pursuant to subsection (1)(a) or to 2 or more counties pursuant to subsection (1)(b) shall be in an amount that is not less than 40% of the amount of money collected in that county or those counties, as applicable, under section 2567a of the revised judicature act of 1961, 1961 PA 236, MCL 600.2567a, during the calendar year immediately preceding the year in which the grant is made.

(b) If the commission initiates and contracts for the implementation of a county plan for a county pursuant to section 8(4), the commission shall annually spend an amount that is not less than 40% of the amount of money collected in that county under section 2567a of the revised judicature act of 1961, 1961 PA 236, MCL 600.2567a, during the calendar year immediately preceding the year in which the expenditure is made, to implement that county plan.

(4) If the commission contracts with a county or 2 or more counties that elect to expend or borrow funds to expedite the implementation of the county's or counties' plan under section 6(2), the commission shall annually pay to that county or counties in lieu of any grant or payments under subsection (3) an amount that is not less than 40% of the amount of money collected in that county or counties under section 2567a of the revised judicature act of 1961, 1961 PA 236, MCL 600.2567a, during the calendar year and will be paid in annual installments until the contract is paid in full.

This act is ordered to take immediate effect.

AN ACT to amend 1949 PA 300, entitled "An act to provide for the registration, titling, sale, transfer, and regulation of certain vehicles operated upon the public highways of this state or any other place open to the general public or generally accessible to motor vehicles and distressed vehicles; to provide for the licensing of dealers; to provide for the examination, licensing, and control of operators and chauffeurs; to provide for the giving of proof of financial responsibility and security by owners and operators of vehicles; to provide for the imposition, levy, and collection of specific taxes on vehicles, and the levy and collection of sales and use taxes, license fees, and permit fees; to provide for the regulation and use of streets and highways; to create certain funds; to provide penalties and sanctions for a violation of this act; to provide for civil liability of owners and operators of vehicles and service of process on residents and nonresidents; to provide for the levy of certain assessments; to provide for the enforcement of this act; to provide for the creation of and to prescribe the powers and duties of certain state and local agencies; to impose liability upon the state or local agencies; to repeal all other acts or parts of acts inconsistent with this act or contrary to this act; and to repeal certain parts of this act on a specific date," by amending section 251 (MCL 257.251), as amended by 2000 PA 397.

The People of the State of Michigan enact:

257.251 Dealer records; form; contents; delivery of written statement to buyer; conditions to valid sale; maintenance and inspection of dealer records and inventory; inspections; summary suspension of license; order; hearing; rules.

Sec. 251. (1) Each new vehicle dealer, used vehicle dealer, and broker shall maintain a record in a manner prescribed by the secretary of state of each vehicle of a type subject to titling under this act that is bought, sold, or exchanged by the dealer or received or accepted by the dealer for sale or exchange.

(2) Each record shall contain the date of the purchase, sale, or exchange or receipt for the purpose of sale or exchange, a description of the vehicle, the name and address of the seller, the purchaser, and the alleged owner or other persons from whom the vehicle was purchased or received, or to whom it was sold or delivered. The record shall contain a copy of any odometer mileage statement received by the dealer when the dealer purchased or acquired a vehicle and a copy of the odometer mileage statement furnished by the dealer when the dealer sold or exchanged the vehicle as prescribed in section 233a. If the vehicle is purchased, sold, leased, or exchanged through a broker, the record shall include the broker's name and dealer license number and the amount of the broker's fee, commission, compensation, or other valuable consideration paid by the purchaser or lessee or paid by the dealer, or both. The records of all vehicles purchased, sold, leased, or exchanged through a broker maintained by the secretary of state shall be in an electronic format determined by the secretary of state. A dealer shall retain for not less than 5 years each odometer mileage statement the dealer receives and each odometer mileage statement furnished by the dealer upon the sale or exchange of a vehicle. The description of the vehicle, in the case of a motor vehicle, shall also include the vehicle identification number and other numbers or identification marks as may be on the vehicle, and shall also include a statement that a number has been obliterated, defaced, or changed, if that is the fact. For a trailer or semitrailer, the record shall include the vehicle identification number and other numbers or identification marks as may be on the trailer or semitrailer.

(3) Not more than 20 days after the delivery of the vehicle, the seller shall deliver to the buyer in person or by mail to the buyer's last known address a duplicate of a written statement, on a form prescribed by the secretary of state in conjunction with the department of treasury, describing clearly the name and address of the seller, the name and address of the buyer, the vehicle sold to the buyer, the cash sale price of the vehicle, the cash paid down by the buyer, the amount credited the buyer for a trade-in, a description of the trade-in, the amount charged for vehicle insurance, stating the types of insurance covered by the insurance policy, the amount charged for a temporary registration plate, the amount of any other charge and specifying its purpose, the net balance due from the buyer, and a summary of insurance coverage to be affected. If the vehicle sold is a new motor home, the written statement shall contain a description, including the year of manufacture, of every major component part of the vehicle that has its own manufacturer's certificate of origin. The written statement shall disclose if the vehicle sold is a vehicle that the seller had loaned or leased to a political subdivision of this state for use as a driver education vehicle. The written statement shall be dated, but not later than the actual date of delivery of the vehicle to the buyer. The original and all copies of the prescribed form shall contain identical information. The statement shall be furnished by the seller, shall be signed by the seller or the seller's agent and by the buyer, and shall be filed with the application for new title or registration. Failure of the seller to deliver this

written statement to the buyer does not invalidate the sale between the seller and the buyer.

(4) A retail vehicle sale is void unless both of the following conditions are met:

(a) The sale is evidenced by a written memorandum that contains the agreement of the parties and is signed by the buyer and the seller or the seller's agent.

(b) The agreement contains a place for acknowledgment by the buyer of the receipt of a copy of the agreement or actual delivery of the vehicle is made to the buyer.

(5) Each dealer record and inventory, including the record and inventory of a vehicle scrap metal processor not required to obtain a dealer license, shall be open to inspection by a police officer or an authorized officer or investigator of the secretary of state during reasonable or established business hours.

(6) A dealer licensed as a distressed vehicle transporter shall maintain records in a form as prescribed by the secretary of state. The records shall identify each distressed vehicle that is bought, acquired, and sold by the dealer. The record shall identify the person from whom a distressed vehicle was bought or acquired and the dealer to whom the vehicle was sold. The record shall indicate whether a certificate of title or salvage certificate of title was obtained by the dealer for each vehicle.

(7) A dealer licensed under this act shall maintain records for a period of 5 years. The records shall be made available for inspection by the secretary of state or other law enforcement officials. To determine or enforce compliance with this chapter or other applicable law, the secretary of state or any law enforcement official may inspect a dealer whenever he or she determines it is necessary. The secretary of state may issue an order summarily suspending the license of a dealer pursuant to section 92 of the administrative procedures act of 1969, 1969 PA 306, MCL 24.292, based on an affidavit by a person familiar with the facts set forth in the affidavit that the dealer has failed to maintain the records required by this act or failed to provide the records for inspection as requested by the secretary of state, or has otherwise hindered, obstructed, or prevented the inspection of records authorized under this section. The dealer to whom the order is directed shall comply immediately, but on application to the department shall be afforded a hearing within 30 days pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328. On the basis of the hearing, the summary order shall be continued, modified, or held in abeyance not later than 30 days after the hearing.

(8) A dealer licensed as a vehicle salvage pool operator or broker shall maintain records in a form as prescribed by the secretary of state. The records shall contain a description of each vehicle or salvageable part stored by the dealer, the name and address of the insurance company or person storing the vehicle or salvageable part, the period of time the vehicle or salvageable part was stored, and the person acquiring the vehicle or salvageable part. In the case of a late model vehicle, a record of the purchase or sale of a major component part of the vehicle shall be maintained identifying the part purchased or sold, the name and address of the seller or purchaser, the date of the purchase or sale, and the identification number assigned to the part by the dealer. The record of the purchase or sale of a part shall be maintained in or attached to the dealer's police book or hard copy of computerized data entries and reference codes and shall be accessible at the dealer's location. In addition, a dealer licensed as a broker shall maintain a record of the odometer mileage reading of each vehicle sold pursuant to an agreement between the broker and the buyer or the broker and the seller. The record of odometer mileage shall be maintained for 5 years and shall contain all of the information required by section 233a.

(9) A dealer licensed as a used vehicle parts dealer or an automotive recycler shall maintain records in a form prescribed by the secretary of state. The records shall contain

the date of purchase or acquisition of the vehicle, a description of the vehicle including the color, and the name and address of the person from whom the vehicle was acquired. If the vehicle is sold, the record shall contain the date of sale and the name and address of the purchaser. The record shall indicate if the certificate of title or salvage or scrap certificate of title was obtained by the dealer. In the case of a late model vehicle, a record of the purchase or sale of a major component of the vehicle shall be maintained identifying the part purchased or sold, the name and address of the seller or purchaser, the date of the purchase or sale, and the identification number assigned to the part by the dealer, except that a bumper remanufacturer is not required to maintain a record of the purchase of a bumper. However, a bumper remanufacturer shall assign and attach an identification number to a remanufactured bumper and maintain a record of the sale of the bumper. The record of the purchase or sale of a part shall be maintained in or attached to the dealer's police book or hard copy of computerized data entries and reference codes and shall be accessible at the dealer's location.

(10) A dealer licensed as a vehicle scrap metal processor shall maintain records as prescribed by the secretary of state. As provided in section 217c, the records shall contain for a vehicle purchased from a dealer a copy of the scrap vehicle inventory, including the name and address of the dealer, a description of the vehicle acquired, and the date of acquisition. If a vehicle is purchased or acquired from a person other than a dealer, the record shall contain the date of acquisition, a description of the vehicle, including the color, the name and address of the person from whom the vehicle was acquired, and whether a certificate of title or salvage or scrap certificate of title was obtained by the dealer.

(11) A dealer licensed as a foreign salvage vehicle dealer shall maintain records in a form prescribed by the secretary of state. The records shall contain the date of purchase or acquisition of each distressed vehicle, a description of the vehicle including the color, and the name and address of the person from whom the vehicle was acquired. If the vehicle is sold, the record shall contain the date of sale and the name and address of the purchaser. The record shall indicate if the certificate of title or salvage or scrap certificate of title was obtained by the dealer. In the case of a late model vehicle, a record of the purchase or sale of each salvageable part purchased or acquired in this state shall be maintained and the record shall contain the date of purchase or acquisition of the part, a description of the part, the identification number assigned to the part, and the name and address of the person to or from whom the part was purchased, acquired, or sold. The record of the sale, purchase, or acquisition of a part shall be maintained in the dealer's police book. The police book shall only contain vehicles and salvageable parts purchased in this state or used in the repair of a vehicle purchased in this state. The police book and the records of vehicle part sales, purchases, or acquisitions shall be made available at a location within the state for inspection by the secretary of state within 48 hours after a request by the secretary of state.

(12) The secretary of state shall make periodic unannounced inspections of the records, facilities, and inventories of automotive recyclers and used or secondhand vehicle parts dealers.

(13) The secretary of state may promulgate rules to implement this section pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328.

This act is ordered to take immediate effect.

AN ACT to amend 1956 PA 218, entitled "An act to revise, consolidate, and classify the laws relating to the insurance and surety business; to regulate the incorporation or formation of domestic insurance and surety companies and associations and the admission of foreign and alien companies and associations; to provide their rights, powers, and immunities and to prescribe the conditions on which companies and associations organized, existing, or authorized under this act may exercise their powers; to provide the rights, powers, and immunities and to prescribe the conditions on which other persons, firms, corporations, associations, risk retention groups, and purchasing groups engaged in an insurance or surety business may exercise their powers; to provide for the imposition of a privilege fee on domestic insurance companies and associations and the state accident fund; to provide for the imposition of a tax on the business of foreign and alien companies and associations; to provide for the imposition of a tax on risk retention groups and purchasing groups; to provide for the imposition of a tax on the business of surplus line agents; to provide for the imposition of regulatory fees on certain insurers; to provide for assessment fees on certain health maintenance organizations; to modify tort liability arising out of certain accidents; to provide for limited actions with respect to that modified tort liability and to prescribe certain procedures for maintaining those actions; to require security for losses arising out of certain accidents; to provide for the continued availability and affordability of automobile insurance and homeowners insurance in this state and to facilitate the purchase of that insurance by all residents of this state at fair and reasonable rates; to provide for certain reporting with respect to insurance and with respect to certain claims against uninsured or self-insured persons; to prescribe duties for certain state departments and officers with respect to that reporting; to provide for certain assessments; to establish and continue certain state insurance funds; to modify and clarify the status, rights, powers, duties, and operations of the nonprofit malpractice insurance fund; to provide for the departmental supervision and regulation of the insurance and surety business within this state; to provide for regulation over worker's compensation self-insurers; to provide for the conservation, rehabilitation, or liquidation of unsound or insolvent insurers; to provide for the protection of policyholders, claimants, and creditors of unsound or insolvent insurers; to provide for associations of insurers to protect policyholders and claimants in the event of insurer insolvencies; to prescribe educational requirements for insurance agents and solicitors; to provide for the regulation of multiple employer welfare arrangements; to create an automobile theft prevention authority to reduce the number of automobile thefts in this state; to prescribe the powers and duties of the automobile theft prevention authority; to provide certain powers and duties upon certain officials, departments, and authorities of this state; to provide for an appropriation; to repeal acts and parts of acts; and to provide penalties for the violation of this act," by amending sections 2103, 2111, 2117, 2118, 2121, 2930, and 2930a (MCL 500.2103, 500.2111, 500.2117, 500.2118, 500.2121, 500.2930, and 500.2930a), section 2103 as amended by 2001 PA 147, section 2111 as amended by 1996 PA 98, section 2117 as amended by 2001 PA 25, section 2118 as amended by 1988 PA 43, section 2121 as amended by 1998 PA 26, and section 2930a as amended by 1980 PA 461.

The People of the State of Michigan enact:

500.2103 Definitions; E to I.

Sec. 2103. (1) "Eligible person", for automobile insurance, means a person who is an owner or registrant of an automobile registered or to be registered in this state or who

holds a valid Michigan license to operate a motor vehicle, but does not include any of the following:

(a) A person who is not required to maintain security pursuant to section 3101, unless the person intends to reside in this state for 30 days or more and makes a written statement of that intention on a form approved by the commissioner.

(b) A person whose license to operate a vehicle is under suspension or revocation.

(c) A person who has been convicted within the immediately preceding 5-year period of fraud or intent to defraud involving an insurance claim or an application for insurance; or an individual who has been successfully denied, within the immediately preceding 5-year period, payment by an insurer of a claim in excess of $1,000.00 under an automobile insurance policy, if there is evidence of fraud or intent to defraud involving an insurance claim or application.

(d) A person who, during the immediately preceding 3-year period, has been convicted under, or who has been subject to an order of disposition of the family division of circuit court for a violation of, any of the following:

(*i*) Section 324 or 325 of the Michigan penal code, 1931 PA 328, MCL 750.324 and 750.325; section 1 of former 1931 PA 214 or section 626c of the Michigan vehicle code, 1949 PA 300, MCL 257.626c; or under any other law of this state the violation of which constitutes a felony resulting from the operation of a motor vehicle.

(*ii*) Section 625 of the Michigan vehicle code, 1949 PA 300, MCL 257.625.

(*iii*) Section 617, 617a, 618, or 619 of the Michigan vehicle code, 1949 PA 300, MCL 257.617, 257.617a, 257.618, and 257.619.

(*iv*) Section 626 of the Michigan vehicle code, 1949 PA 300, MCL 257.626; or for a similar violation under the laws of any other state or a municipality within or without this state.

(e) A person whose vehicle insured or to be insured under the policy fails to meet the motor vehicle safety requirements of sections 683 to 711 of the Michigan vehicle code, 1949 PA 300, MCL 257.683 to 257.711.

(f) A person whose policy of automobile insurance has been canceled because of nonpayment of premium or financed premium within the immediately preceding 2-year period, unless the premium due on a policy for which application has been made is paid in full before issuance or renewal of the policy.

(g) A person who fails to obtain or maintain membership in a club, group, or organization, if membership is a uniform requirement of the insurer as a condition of providing insurance, and if the dues, charges, or other conditions for membership are applied uniformly throughout this state, are not expressed as a percentage of premium, and do not vary with respect to the rating classification of the member except for the purpose of offering a membership fee to family units. Membership fees may vary in accordance with the amount or type of coverage if the purchase of additional coverage, either as to type or amount, is not a condition for reduction of dues or fees.

(h) A person whose driving record for the 3-year period immediately preceding application for or renewal of a policy, has, pursuant to section 2119a, an accumulation of more than 6 insurance eligibility points.

(2) "Eligible person", for home insurance, means a person who is the owner-occupant or tenant of a dwelling of any of the following types: a house, a condominium unit, a cooperative unit, a room, or an apartment; or a person who is the owner-occupant of a

multiple unit dwelling of not more than 4 residential units. Eligible person does not include any of the following:

(a) A person who has been convicted, in the immediately preceding 5-year period, of 1 or more of the following:

(*i*) Arson, or conspiracy to commit arson.

(*ii*) A crime under sections 72 to 77, 112, 211a, 377a, 377b, or 380 of the Michigan penal code, 1931 PA 328, MCL 750.72 to 750.77, 750.112, 750.211a, 750.377a, 750.377b, and 750.380.

(*iii*) A crime under section 92, 151, 157b, or 218 of the Michigan penal code, 1931 PA 328, MCL 750.92, 750.151, 750.157b, and 750.218, based upon a crime described in subparagraph (*ii*) committed by or on behalf of the person.

(b) A person who has been successfully denied, within the immediately preceding 5-year period, payment by an insurer of a claim under a home insurance policy based on evidence of arson, conspiracy to commit arson, fraud, or conspiracy to commit fraud, committed by or on behalf of the person.

(c) A person who insures or seeks to insure a dwelling that is being used for an illegal or demonstrably hazardous purpose.

(d) A person who refuses to purchase an amount of insurance equal to at least 80% of the replacement cost of the property insured or to be insured under a replacement cost policy.

(e) A person who refuses to purchase an amount of insurance equal to at least 100% of the market value of the property insured or to be insured under a repair cost policy.

(f) A person who refuses to purchase an amount of insurance equal to at least 100% of the actual cash value of the property insured or to be insured under a tenant or renter's home insurance policy.

(g) A person whose policy of home insurance has been canceled because of nonpayment of premium within the immediately preceding 2-year period, unless the premium due on the policy is paid in full before issuance or renewal of the policy.

(h) A person who insures or seeks to insure a dwelling, if the insured value is not any of the following:

(*i*) For a repair cost policy, at least $15,000.00.

(*ii*) For a replacement policy, at least $35,000.00 or another amount which the commissioner may establish biennially on and after January 1, 1983, pursuant to rules promulgated by the commissioner under the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328, based upon changes in applicable construction cost indices.

(i) A person who insures or seeks to insure a dwelling that has physical conditions that clearly present an extreme likelihood of a significant loss under a home insurance policy.

(j) A person whose real property taxes with respect to the dwelling insured or to be insured have been and are delinquent for 2 or more years at the time of renewal of, or application for, home insurance.

(k) A person who has failed to procure or maintain membership in a club, group, or organization, if membership is a uniform requirement of the insurer, and if the dues, charges, or other conditions for membership are applied uniformly throughout this state, are not expressed as a percentage of premium, and do not vary with respect to the rating classification of the member except for the purpose of offering a membership fee to family units. Membership fees may vary in accordance with the amount or type of coverage if the purchase of additional coverage, either as to type or amount, is not a condition for reduction of dues or fees.

(3) "Home insurance" means any of the following, but does not include insurance intended to insure commercial, industrial, professional, or business property, obligations, or liabilities:

(a) Fire insurance for an insured's dwelling of a type described in subsection (2).

(b) If contained in or indorsed to a fire insurance policy providing insurance for the insured's residence, other insurance intended primarily to insure nonbusiness property, obligations, and liabilities.

(c) Other insurance coverages for an insured's residence as prescribed by rule promulgated by the commissioner pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328. A rule proposed for promulgation by the commissioner pursuant to this section shall be transmitted in advance to each member of the standing committee in the house and in the senate that has jurisdiction over insurance.

(4) "Insurance eligibility points" means all of the following:

(a) Points calculated, according to the following schedule, for convictions, determinations of responsibility for civil infractions, or findings of responsibility in probate court:

(*i*) For a violation of any lawful speed limit by more than 15 miles per hour, or careless driving, 4 points.

(*ii*) For a violation of any lawful speed limit by more than 10 miles per hour, but less than 16 miles per hour, 3 points.

(*iii*) For a violation of any lawful speed limit by 10 miles per hour or less, 2 points.

(*iv*) For a violation of any speed limit by 15 miles per hour or less on a roadway that had a lawfully posted maximum speed of 70 miles per hour as of January 1, 1974, 2 points.

(*v*) For all other moving violations pertaining to the operation of motor vehicles, 2 points.

(b) Points calculated, according to the following schedule, for determinations that the person was substantially at-fault, as defined in section 2104(4):

(*i*) For the first substantially at-fault accident, 3 points.

(*ii*) For the second and each subsequent substantially at-fault accident, 4 points.

(5) "Insurer" means an insurer authorized to transact in this state the kind or combination of kinds of insurance constituting automobile insurance or home insurance, as defined in this chapter.

500.2111 Classifications and territorial base rates for automobile insurance or home insurance; conformity with applicable requirements.

Sec. 2111. (1) Notwithstanding any provision of this act and this chapter to the contrary, classifications and territorial base rates used by any insurer in this state with respect to automobile insurance or home insurance shall conform to the applicable requirements of this section.

(2) Classifications established pursuant to this section for automobile insurance shall be based only upon 1 or more of the following factors, which shall be applied by an insurer on a uniform basis throughout the state:

(a) With respect to all automobile insurance coverages:

(*i*) Either the age of the driver; the length of driving experience; or the number of years licensed to operate a motor vehicle.

(*ii*) Driver primacy, based upon the proportionate use of each vehicle insured under the policy by individual drivers insured or to be insured under the policy.

(*iii*) Average miles driven weekly, annually, or both.

(*iv*) Type of use, such as business, farm, or pleasure use.

(*v*) Vehicle characteristics, features, and options, such as engine displacement, ability of vehicle and its equipment to protect passengers from injury and other similar items, including vehicle make and model.

(*vi*) Daily or weekly commuting mileage.

(*vii*) Number of cars insured by the insurer or number of licensed operators in the household. However, number of licensed operators shall not be used as an indirect measure of marital status.

(*viii*) Amount of insurance.

(b) In addition to the factors prescribed in subdivision (a), with respect to personal protection insurance coverage:

(*i*) Earned income.

(*ii*) Number of dependents of income earners insured under the policy.

(*iii*) Coordination of benefits.

(*iv*) Use of a safety belt.

(c) In addition to the factors prescribed in subdivision (a), with respect to collision and comprehensive coverages:

(*i*) The anticipated cost of vehicle repairs or replacement, which may be measured by age, price, cost new, or value of the insured automobile, and other factors directly relating to that anticipated cost.

(*ii*) Vehicle make and model.

(*iii*) Vehicle design characteristics related to vehicle damageability.

(*iv*) Vehicle characteristics relating to automobile theft prevention devices.

(d) With respect to all automobile insurance coverage other than comprehensive, successful completion by the individual driver or drivers insured under the policy of an accident prevention education course that meets the following criteria:

(*i*) The course shall include a minimum of 8 hours of classroom instruction.

(*ii*) The course shall include, but not be limited to, a review of all of the following:

(A) The effects of aging on driving behavior.

(B) The shapes, colors, and types of road signs.

(C) The effects of alcohol and medication on driving.

(D) The laws relating to the proper use of a motor vehicle.

(E) Accident prevention measures.

(F) The benefits of safety belts and child restraints.

(G) Major driving hazards.

(H) Interaction with other highway users such as motorcyclists, bicyclists, and pedestrians.

(3) Each insurer shall establish a secondary or merit rating plan for automobile insurance, other than comprehensive coverage. A secondary or merit rating plan required under this subsection shall provide for premium surcharges for any or all coverages for

automobile insurance, other than comprehensive coverage, based upon any or all of the following, when that information becomes available to the insurer:

(a) Substantially at-fault accidents.

(b) Convictions for, determinations of responsibility for civil infractions for, or findings of responsibility in probate court for civil infractions for, violations under chapter VI of the Michigan vehicle code, 1949 PA 300, MCL 257.601 to 257.750. However, beginning 90 days after the effective date of this sentence, an insured shall not be merit rated for a civil infraction under chapter VI of the Michigan vehicle code, 1949 PA 300, MCL 257.601 to 257.750, for a period of time longer than that which the secretary of state's office carries points for that infraction on the insured's motor vehicle record.

(4) An insurer shall not establish or maintain rates or rating classifications for automobile insurance based upon sex or marital status.

(5) Notwithstanding other provisions of this chapter, automobile insurance risks may be grouped by territory.

(6) This section shall not be construed as limiting insurers or rating organizations from establishing and maintaining statistical reporting territories. This section shall not be construed to prohibit an insurer from establishing or maintaining, for automobile insurance, a premium discount plan for senior citizens in this state who are 65 years of age or older, if the plan is uniformly applied by the insurer throughout this state. If an insurer has not established and maintained a premium discount plan for senior citizens, the insurer shall offer reduced premium rates to senior citizens in this state who are 65 years of age or older and who drive less than 3,000 miles per year, regardless of statistical data.

(7) Classifications established pursuant to this section for home insurance other than inland marine insurance provided by policy floaters or endorsements shall be based only upon 1 or more of the following factors:

(a) Amount and types of coverage.

(b) Security and safety devices, including locks, smoke detectors, and similar, related devices.

(c) Repairable structural defects reasonably related to risk.

(d) Fire protection class.

(e) Construction of structure, based on structure size, building material components, and number of units.

(f) Loss experience of the insured, based upon prior claims attributable to factors under the control of the insured that have been paid by an insurer. An insured's failure, after written notice from the insurer, to correct a physical condition that presents a risk of repeated loss shall be considered a factor under the control of the insured for purposes of this subdivision.

(g) Use of smoking materials within the structure.

(h) Distance of the structure from a fire hydrant.

(i) Availability of law enforcement or crime prevention services.

(8) Notwithstanding other provisions of this chapter, home insurance risks may be grouped by territory.

(9) An insurer may utilize factors in addition to those specified in this section, if the commissioner finds, after a hearing held pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328, that the factors would encourage innovation,

would encourage insureds to minimize the risks of loss from hazards insured against, and would be consistent with the purposes of this chapter.

500.2117 Home insurance; condition of maintaining insurer's certificate of authority; basis of underwriting rules; provisions applicable to repair cost policy; rates; aggregation of claims; adjustment of minimum dollar amounts.

Sec. 2117. (1) As a condition of maintaining its certificate of authority, an insurer shall not refuse to insure, refuse to continue to insure, or limit the coverage available to an eligible person for home insurance, except in accordance with underwriting rules established pursuant to this section and section 2119. An insurer shall not establish underwriting rules for home insurance for contracts providing identical coverages that differ from those of any affiliate of the insurer.

(2) The underwriting rules that an insurer may establish for home insurance shall be based only on the following:

(a) Criteria identical to the standards set forth in section 2103(2).

(b) The physical condition of the property insured or to be insured, provided the underwriting rules are objective, are directly related to the perils insured against, and, without regard to the age of the structure, are based upon the specific provisions of a national, state, or local housing and safety code, a manufacturer's specification, or standards of similar specificity. If an applicant or insured obtains a certificate of compliance or habitation issued by an appropriate governmental unit or agency, certifying that a building is in substantial compliance with local housing and safety codes, the certificate creates a rebuttable presumption that the dwelling meets the insurer's underwriting rules relating to physical condition.

(c) For the renewal of a home insurance policy, the claim history of the person insured or to be insured during the 3-year period immediately preceding renewal of the policy, if that history is based on 1 or both of the following:

(*i*) Claim experience arising out of an insured's negligence.

(*ii*) Failure by the insured, after written notice from the insurer, to correct a physical condition that is directly related to a paid claim or that presents a clear risk of a significant loss under the property or liability portions of a homeowners policy.

(d) The relationship between market value and replacement cost of a dwelling insured or to be insured for a replacement cost policy, if a repair cost policy is offered by that insurer pursuant to subsection (3).

(e) For nonrenewal of home insurance policies, the claim history under the policy, excluding liability claims, as follows:

(*i*) If there has been 1 or more of the following:

(A) Three paid claims within the immediately preceding 3-year period totaling $3,000.00 or more, exclusive of weather-related claims.

(B) Three paid claims within the immediately preceding 3-year period totaling $4,000.00 or more, including weather-related claims.

(*ii*) A history of 3 or more paid claims within an immediately preceding 3-year period if the insurer meets all of the following:

(A) Has an underwriting rule under subparagraph (*i*) in effect.

(B) The underwriting rule under this subparagraph is for a paid claim history that totals not less than the amount in subparagraph (*i*)(A) exclusive of weather-related claims and totals not less than the amount in subparagraph (*i*)(B) including weather-related claims.

(C) The underwriting rule under this subparagraph applies to an insured who has had a home insurance policy with the insurer for a continuous minimum period of time as determined by the insurer that may be any period of time between 5 and 10 years.

(f) The number of residences within the dwelling are inconsistent with the policy forms approved by the commissioner for the insurer.

(g) The unoccupancy of a dwelling for more than 60 days, if there is evidence of an intent to vacate or keep the premises vacant or unoccupied, as to the applicant or insured.

(h) The existence of an adjacent physical hazard, if the hazard presents a significant risk of loss directly related to the perils insured or to be insured against for which a rate surcharge is not applicable. For purposes of this subdivision only, residential property or traffic patterns shall not be considered to cause a significant risk of loss. Nonrenewals based upon an adjacent physical hazard shall be due to a change in the hazard from that which existed at the original date of issuance of the policy.

(i) The failure of the insured or applicant to purchase an amount of insurance in excess of 80% of the replacement cost of the property to be insured under a replacement cost policy, if both of the following conditions are met:

(*i*) The purchase of an amount of insurance in excess of 80% of the replacement cost is a condition for sale of the policy.

(*ii*) The insurer offers in this state at least 1 form of a replacement cost policy for which the insurer requires only a minimum amount of insurance equal to 80% of the replacement cost of the dwelling as a condition of purchase.

(j) One or more incidents involving a threat, harassment, or physical assault by the insured or applicant for insurance on an insurer employee, agent, or agent employee while acting within the scope of his or her employment so long as a report of the incident was filed with an appropriate law enforcement agency.

(3) If an insurer establishes an underwriting rule based upon the relationship between the market value and replacement cost pursuant to subsection (2)(d), all the following shall apply as to the repair cost policy:

(a) The insurer shall offer for sale a repair cost policy with deductibles, terms and conditions, perils insured against, and types and amounts of coverage, which are substantially equivalent to the deductibles, terms and conditions, perils insured against, and types and amounts of coverage provided by the replacement cost policy of the insurer at least equivalent to the HO-2 form replacement cost policy filed and in effect in this state for the principal rating organization as of October 1, 1979.

(b) The insurer shall not utilize an underwriting rule based upon the relationship between the market value and replacement cost for the repair cost policy.

(4) The rates of an insurer for a repair cost policy shall be established so that the premium for a repair cost policy shall not exceed 105% of the premium for an amount of insurance equal to 80% of the replacement cost of the dwelling under the equivalent replacement cost policy described in subsection (3)(a). Premiums for dwellings with identical replacement costs shall vary on a schedule determined by the insurer in accordance with the market value of the dwellings.

(5) Off-premises claims may be aggregated for the purposes of subsection (2)(f), irrespective of the location of the insured dwelling. All claims other than off-premises

losses utilized in a determination for purposes of subsection (2)(f) shall be aggregated only as to an insured dwelling. The minimum dollar amounts prescribed in subsection (2)(f)(*i*) shall be adjusted on January 1, 2006, and on January 1 every sixth year thereafter, to reflect the aggregate annual average percentage change in the consumer price index since the previous adjustment, rounded to the nearest hundred dollars. As used in this subsection, "consumer price index" means the consumer price index for all urban consumers in the U.S. city average, as most recently reported by the United States department of labor, bureau of labor statistics, and after certification by the commissioner in an administrative bulletin.

500.2118 Automobile insurance; condition of maintaining insurer's certificate of authority; basis of underwriting rules.

Sec. 2118. (1) As a condition of maintaining its certificate of authority, an insurer shall not refuse to insure, refuse to continue to insure, or limit coverage available to an eligible person for automobile insurance, except in accordance with underwriting rules established pursuant to this section and sections 2119 and 2120.

(2) The underwriting rules that an insurer may establish for automobile insurance shall be based only on the following:

(a) Criteria identical to the standards set forth in section 2103(1).

(b) The insurance eligibility point accumulation in excess of the amounts established by section 2103(1) of a member of the household of the eligible person insured or to be insured, if the member of the household usually accounts for 10% or more of the use of a vehicle insured or to be insured. For purposes of this subdivision, a person who is the principal driver for 1 automobile insurance policy shall be rebuttably presumed not to usually account for more than 10% of the use of other vehicles of the household not insured under the policy of that person.

(c) With respect to a vehicle insured or to be insured, substantial modifications from the vehicle's original manufactured state for purposes of increasing the speed or acceleration capabilities of the vehicle.

(d) Failure by the person to provide proof that insurance required by section 3101 was maintained in force with respect to any vehicle which was both owned by the person and driven or moved by the person or by a member of the household of the person during the 6-month period immediately preceding application. Such proof shall take the form of a certification by the person on a form provided by the insurer that the vehicle was not driven or moved without maintaining the insurance required by section 3101 during the 6-month period immediately preceding application.

(e) Type of vehicle insured or to be insured, based on 1 of the following, without regard to the age of the vehicle:

(*i*) The vehicle is of limited production or of custom manufacture.

(*ii*) The insurer does not have a rate lawfully in effect for the type of vehicle.

(*iii*) The vehicle represents exposure to extraordinary expense for repair or replacement under comprehensive or collision coverage.

(f) Use of a vehicle insured or to be insured for transportation of passengers for hire, for rental purposes, or for commercial purposes. Rules under this subdivision shall not be based on the use of a vehicle for volunteer or charitable purposes or for which reimbursement for normal operating expenses is received.

(g) Payment of a minimum deposit at the time of application or renewal, not to exceed the smallest deposit required under an extended payment or premium finance plan customarily used by the insurer.

(h) For purposes of requiring comprehensive deductibles of not more than $150.00, or of refusing to insure if the person refuses to accept a required deductible, the claim experience of the person with respect to comprehensive coverage.

(i) Total abstinence from the consumption of alcoholic beverages except when such beverages are consumed as part of a religious ceremony. However, an insurer shall not utilize an underwriting rule based on this subdivision unless the insurer has been authorized to transact automobile insurance in this state prior to January 1, 1981, and has consistently utilized such an underwriting rule as part of the insurer's automobile insurance underwriting since being authorized to transact automobile insurance in this state.

(j) One or more incidents involving a threat, harassment, or physical assault by the insured or applicant for insurance on an insurer employee, agent, or agent employee while acting within the scope of his or her employment so long as a report of the incident was filed with an appropriate law enforcement agency.

500.2121 Home insurance; criteria for selecting dwellings for inspection; inspection program; filing inspection criteria; disapproval of inspection criteria; liability.

Sec. 2121. (1) If an insurer uses an inspection of a dwelling to determine whether the insured or applicant is an eligible person for home insurance, criteria for selecting dwellings for inspection shall not be based upon any of the following:

(a) Location, whether by political subdivision, census tract, zip code, neighborhood, or area which may be described as a block, set of blocks, or by street coordinates.

(b) The age of the dwelling or the age of its plumbing, heating, electrical, or structural components, or of any other components which form a part of the dwelling.

(c) The market value of a dwelling, unless the value is used as a minimum value above which all dwellings will be inspected.

(d) The amount of insurance, unless the amount is used as a minimum above which all dwellings will be inspected.

(e) Race, color, creed, marital status, sex, national origin, residence, age, disability, or lawful occupation.

(2) If an insurer establishes an inspection program that provides for inspection of a portion of its existing business on a periodic basis, the inspection program shall not be based upon any of the criteria in subsection (1)(a), (c), or (e).

(3) Criteria for selecting dwellings for inspection shall be filed with the commissioner for informational purposes only. The commissioner, after a hearing held pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328, shall disapprove the further use of inspection criteria, if the commissioner finds that the criteria are inconsistent with the provisions of this chapter.

(4) There shall be no civil liability, other than contractual liability where applicable, on the part of, and a cause of action of any nature shall not arise against, the commissioner, an insurer, an inspection bureau, or an authorized representative, agent, employee, affiliate of the commissioner, an insurer, or an inspection bureau or any licensed insurance agent, for acts or omissions related solely to the physical condition of the property in an inspection conducted for insurance purposes pursuant to this chapter.

500.2930 Basic property insurance; amount of premium; surcharge; establishment of rates; filing rates and policy forms.

Sec. 2930. (1) The premium for basic property insurance of any risk by the pool shall be equal to the rate for identical insurance established by a licensed rating organization for identical insurance within this state plus a uniform surcharge approved by the commissioner.

(2) The pool shall establish rates for any basic property insurance that is without rates established by a licensed rating organization or that the pool, with the approval of the commissioner, determines should be otherwise rated in order to better effectuate the purposes of this chapter. The pool shall file with the commissioner for his or her approval each rate and each policy form to be issued by it. The pool, acting as agent for participating members, shall file policy forms for basic property insurance to be issued by participating members under the provisions of this chapter. Rates and policy forms shall be filed in accordance with this chapter as the commissioner designates.

500.2930a Rates charged in territory for home insurance; rating territories; change in rates; review of rates; limitation on premium for repair cost policy; development of plans, rules, classifications, and manual; minimum policy forms; filing rates and policy forms; report.

Sec. 2930a. (1) Except as otherwise provided in subsection (4)(c), rates charged in each territory by the pool for home insurance shall be equal to the weighted average of the 10 voluntary market insurer groups with the largest premium volume in this state. Rating territories for home insurance established by the pool shall be the same as those utilized by the largest number of insurers by premium volume writing home insurance in this state. Any change in the rates for an HO-2 form replacement cost policy by those insurers that would produce a change in excess of 5% in the HO-2 pool rates for any territory shall be reflected as soon as reasonably practicable in the HO-2 pool rates. HO-2 pool rates shall be reviewed at least annually, but shall not be revised more often than quarterly.

(2) In addition to the provisions of subsection (1), the premium established for the repair cost policy offered by the pool shall not exceed the premium for an amount of insurance equal to 80% of the replacement cost of the property under the replacement cost policy of the pool equivalent to the HO-2 form replacement cost policy filed and in effect in this state for a licensed rating organization. Premiums for dwellings with identical replacement costs shall vary on a schedule determined by the pool in accordance with the insured value of the dwelling.

(3) The pool or any other association or organization designated by the pool shall develop statistical plans, rating rules, classifications, territory rating plans, and manuals of classification for home insurance issued on behalf of the pool consistent with this section.

(4) The pool shall offer at least the following home insurance policy forms:

(a) An HO-2 form replacement cost policy equivalent to the HO-2 form replacement cost policy filed and in effect in this state for a licensed rating organization.

(b) A repair cost policy providing the deductibles, terms and conditions, perils insured against, and types and amounts of coverage equivalent to those provided by the HO-2 replacement cost policy filed and in effect for a licensed rating organization.

(c) An HO-3 form replacement cost policy equivalent to the HO-3 form replacement cost policy filed and in effect in this state for a licensed rating organization. The rates established by the pool for the HO-3 form replacement cost policy offered pursuant to this

subdivision shall be calculated to generate a total premium sufficient to cover the expected losses and expenses of the pool related to the HO-3 replacement cost policy that the pool will likely incur during the period for which the premium is applicable. The premium shall include an amount to cover incurred but not reported losses for the period and shall be adjusted for any excess or deficient premiums from previous periods. Excesses or deficiencies from previous periods shall be fully adjusted in a single period or over several periods in a manner provided for in the plan of operation. Rates established by the pool under this subdivision shall not be based upon the weighted average methodology provided for in subsection (1).

(5) Rates and policy forms shall be filed in accordance with such provisions of this chapter as the commissioner designates.

(6) The commissioner shall report in writing to the senate and house of representatives standing committees on insurance issues by July 1, 2005 on the effect in chapter 29 that the amendatory act that added this subsection has had on home insurance premiums in this state.

Approved July 2, 2002.
Filed with Secretary of State July 3, 2002.

[No. 493]

(SB 1268)

AN ACT to amend 1951 PA 51, entitled "An act to provide for the classification of all public roads, streets, and highways in this state, and for the revision of that classification and for additions to and deletions from each classification; to set up and establish the Michigan transportation fund; to provide for the deposits in the Michigan transportation fund of specific taxes on motor vehicles and motor vehicle fuels; to provide for the allocation of funds from the Michigan transportation fund and the use and administration of the fund for transportation purposes; to set up and establish the truck safety fund; to provide for the allocation of funds from the truck safety fund and administration of the fund for truck safety purposes; to set up and establish the Michigan truck safety commission; to establish certain standards for road contracts for certain businesses; to provide for the continuing review of transportation needs within the state; to authorize the state transportation commission, counties, cities, and villages to borrow money, issue bonds, and make pledges of funds for transportation purposes; to authorize counties to advance funds for the payment of deficiencies necessary for the payment of bonds issued under this act; to provide for the limitations, payment, retirement, and security of the bonds and pledges; to provide for appropriations and tax levies by counties and townships for county roads; to authorize contributions by townships for county roads; to provide for the establishment and administration of the state trunk line fund, critical bridge fund, comprehensive transportation fund, and certain other funds; to provide for the deposits in the state trunk line fund, critical bridge fund, comprehensive transportation fund, and certain other funds of money raised by specific taxes and fees; to provide for definitions of public transportation functions and criteria; to define the purposes for which Michigan transportation funds may be allocated; to provide for Michigan transportation fund grants; to provide for review and approval of transportation programs; to provide for submission of annual legislative requests and reports; to provide for the establishment and functions of certain advisory entities; to provide for conditions for grants; to provide for the issuance

of bonds and notes for transportation purposes; to provide for the powers and duties of certain state and local agencies and officials; to provide for the making of loans for transportation purposes by the state transportation department and for the receipt and repayment by local units and agencies of those loans from certain specified sources; and to repeal acts and parts of acts," by amending section 18e (MCL 247.668e), as amended by 1985 PA 201.

The People of the State of Michigan enact:

247.668e Bonds of governmental unit; maturities; interest; measuring maximum annual principal and interest requirements; certification of state transportation commission concerning average annual debt service requirements for certain obligations; "maintenance" defined.

Sec. 18e. Except for bonds issued under section 18c, bonds issued by a governmental unit under this act shall be serial bonds with periodic maturities, or term bonds, with mandatory redemption requirements, or both serial and term bonds, the aggregate of which shall not exceed 30 years, the first of which shall fall due not more than 5 years from the date of issuance. Maturities shall be as established by the resolution or ordinance authorizing the bonds or notes, without regard to the useful lives of the projects financed from the proceeds of the bonds or notes. The bonds shall bear interest, taking into account any discount or premium on the sale of the bonds, at a rate not exceeding the maximum rate permitted by the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821, may be made redeemable before maturity on those terms and conditions, and with the premium as shall be provided by the proceedings authorizing their issuance. Outstanding and authorized bonds issued pursuant to this act may be treated as a single issue for the purpose of fixing maturities. If pursuant to 1952 PA 175, MCL 247.701 to 247.707, or in 1943 PA 143, MCL 141.251 to 141.254, the maximum annual principal and interest requirements on bonds issued by governmental units are required to be measured by reference to amounts received from the motor vehicle highway fund, the requirements shall be measured by the receipts from the motor vehicle highway fund, the Michigan transportation fund, or both funds, and if pursuant to this act the maximum annual principal and interest requirements on bonds or notes issued by governmental units are required to be measured by reference to amounts received from the Michigan transportation fund, the requirements shall be measured by the receipts from the motor vehicle highway fund, the Michigan transportation fund, or both funds. The state transportation commission shall certify, which certification shall, for purposes of the validity of bonds, notes, and other obligations, be conclusive as to the matters stated therein, to the state treasury on or before the issuance of any bonds, notes, or other obligations payable from and secured by a lien on the state trunk line fund, issued after July 1, 1983, pursuant to section 18b or 18d for purposes other than the maintenance of highways, roads, streets, and bridges and for purposes other than the purposes specified in section 11(2)(b), (c), (d), (g), (h), and (i) that its average annual debt service requirements payable from and secured by a lien on the state trunk line fund for all bonds, notes, and other obligations, or portions of bonds, notes, and other obligations issued after July 1, 1983, for purposes other than the maintenance of highways, roads, streets, and bridges and other than for the purposes specified in section 11(2)(b), (c), (d), (g), (h), and (i), including the bonds, notes, or other obligations to be issued does not exceed 10% of the state revenue appropriated to the state trunk line fund, less the amounts described in section 11(2)(a) to (i) during the last completed state fiscal year. The state transportation commission shall certify, which certification shall, for purposes of the validity of bonds, notes, or other obligations, be

conclusive as to the matters stated in the certification, to the state treasury on or before the issuance of any bonds, notes, or other obligations issued after December 31, 2001, pursuant to section 18b(9) in anticipation of the receipt of grants from the United States or any agency or instrumentality of the United States for distributions to the credit of the state trunk line fund, and not payable from taxes deposited in the state trunk line fund, for purposes other than the preservation of highways, roads, streets, and bridges and for purposes other than the purposes specified in section 11(2)(b), (c), (f), and (i), that its average annual debt service requirements for all bonds, notes, and other obligations, or portions of bonds, notes, or other obligations issued after December 31, 2001, pursuant to section 18b(9) and not payable from taxes deposited in the state trunk line fund, for purposes other than the preservation of highways, roads, streets, and bridges and other than the purposes specified in section 11(2)(b), (c), (f), and (i), including the bonds, notes, or other obligations to be issued, do not exceed 10% of the federal revenue distributed to the credit of the state trunk line fund during the last completed state fiscal year. If the purpose for which the bonds, notes, or other obligations is issued is changed after the issuance of the bonds, notes, or other obligations, the change shall be made in a manner to maintain compliance with the certification required by the preceding sentence, as of the date the certificate was originally issued, but no change shall invalidate or otherwise affect the bonds, notes, or other obligations with respect to which the certificate was issued, or the obligation to pay debt service on the bonds, notes, or other obligations. As used in this section, "maintenance" means maintenance as defined in section 11(4).

This act is ordered to take immediate effect.

(SB 1016)

AN ACT to amend 1949 PA 300, entitled "An act to provide for the registration, titling, sale, transfer, and regulation of certain vehicles operated upon the public highways of this state or any other place open to the general public or generally accessible to motor vehicles and distressed vehicles; to provide for the licensing of dealers; to provide for the examination, licensing, and control of operators and chauffeurs; to provide for the giving of proof of financial responsibility and security by owners and operators of vehicles; to provide for the imposition, levy, and collection of specific taxes on vehicles, and the levy and collection of sales and use taxes, license fees, and permit fees; to provide for the regulation and use of streets and highways; to create certain funds; to provide penalties and sanctions for a violation of this act; to provide for civil liability of owners and operators of vehicles and service of process on residents and nonresidents; to provide for the levy of certain assessments; to provide for the enforcement of this act; to provide for the creation of and to prescribe the powers and duties of certain state and local agencies; to impose liability upon the state or local agencies; to repeal all other acts or parts of acts inconsistent with this act or contrary to this act; and to repeal certain parts of this act on a specific date," by amending sections 33, 657, 658, 660, 661, and 662 (MCL 257.33, 257.657, 257.658, 257.660, 257.661, and 257.662), section 33 as amended by 1997 PA 56, sections 657 and 660 as amended by 2000 PA 82, section 658 as amended by 1984 PA 328, and section 662 as amended by 2000 PA 131, and by adding section 13c.

The People of the State of Michigan enact:

257.13c "Electric personal assistive mobility device" defined.

Sec. 13c. "Electric personal assistive mobility device" means a self-balancing nontandem 2-wheeled device, designed to transport only 1 person at a time, having an electrical propulsion system with average power of 750 watts or 1 horsepower and a maximum speed on a paved level surface of not more than 15 miles per hour.

257.33 "Motor vehicle" defined.

Sec. 33. "Motor vehicle" means every vehicle that is self-propelled, but for purposes of chapter 4 of this act motor vehicle does not include industrial equipment such as a forklift, a front-end loader, or other construction equipment that is not subject to registration under this act. Motor vehicle does not include an electric patrol vehicle being operated in compliance with the electric patrol vehicle act. Motor vehicle does not include an electric personal assistive mobility device.

257.657 Rights and duties of persons riding bicycle, electric personal assistive mobility device, or moped or operating low-speed vehicle.

Sec. 657. Each person riding a bicycle, electric personal assistive mobility device, or moped or operating a low-speed vehicle upon a roadway has all of the rights and is subject to all of the duties applicable to the driver of a vehicle by this chapter, except as to special regulations in this article and except as to the provisions of this chapter which by their nature do not have application.

257.658 Riding on seat of bicycle, motorcycle, or moped; number of persons; crash helmets; rules; requirements for autocycle.

Sec. 658. (1) A person propelling a bicycle or operating a motorcycle or moped shall not ride other than upon and astride a permanent and regular seat attached to that vehicle.

(2) A bicycle or motorcycle shall not be used to carry more persons at 1 time than the number for which it is designed and equipped.

(3) A moped or an electric personal assistive mobility device shall not be used to carry more than 1 person at a time.

(4) A person operating or riding on a motorcycle, and any person less than 19 years of age operating a moped on a public thoroughfare shall wear a crash helmet on his or her head. Crash helmets shall be approved by the department of state police. The department of state police shall promulgate rules for the implementation of this section pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328. Rules in effect on June 1, 1970, shall apply to helmets required by this act. This subsection does not apply to a person operating or riding in an autocycle if the vehicle is equipped with a roof which meets or exceeds standards for a crash helmet.

(5) A person operating or riding in an autocycle shall wear seat belts when on a public highway in this state.

257.660 Bicycles, electric personal assistive mobility device, low-speed vehicles, motorcycles, or mopeds; operation on roadway; use of bicycle path; passing; operation of bicycle or moped on sidewalk; operation of low-speed vehicle on highway, road, or street; exception; regulation of electric personal assistive mobility device.

Sec. 660. (1) A person operating a bicycle, electric personal assistive mobility device, low-speed vehicle, or moped upon a roadway shall ride as near to the right side of the

roadway as practicable, exercising due care when passing a standing vehicle or one proceeding in the same direction. A motorcycle is entitled to full use of a lane and a motor vehicle shall not be driven in such a manner as to deprive a motorcycle of the full use of a lane. This subsection shall not apply to motorcycles operated 2 abreast in a single lane.

(2) A person riding a bicycle, electric personal assistive mobility device, motorcycle, or moped upon a roadway shall not ride more than 2 abreast except on a path or part of a roadway set aside for the exclusive use of those vehicles.

(3) Where a usable and designated path for bicycles is provided adjacent to a roadway, a bicycle rider or an electric personal assistive mobility device operator may, by local ordinance, be required to use that path. Where a usable and designated path for bicycles is provided adjacent to a roadway, a bicycle rider who is less than 16 years of age shall use that path unless accompanied by an adult.

(4) A person operating a motorcycle, moped, low-speed vehicle, electric personal assistive mobility device, or bicycle shall not pass between lines of traffic, but may pass on the left of traffic moving in his or her direction in the case of a 2-way street, or on the left or right of traffic in the case of a 1-way street, in an unoccupied lane.

(5) A person operating a bicycle or an electric personal assistive mobility device on a sidewalk constructed for the use of pedestrians shall yield the right of way to a pedestrian and shall give an audible signal before overtaking and passing the pedestrian.

(6) A moped or low-speed vehicle shall not be operated on a sidewalk constructed for the use of pedestrians.

(7) A low-speed vehicle shall be operated at a speed of not to exceed 25 miles per hour and shall not be operated on a highway, road, or street with a speed limit of more than 35 miles per hour except for the purpose of crossing that highway, road, or street. The state transportation department may prohibit the operation of a low-speed vehicle on any highway under its jurisdiction if it determines that the prohibition is necessary in the interest of public safety.

(8) This section shall not apply to a police officer in the performance of his or her official duties.

(9) An electric personal assistive mobility device shall be operated at a speed not to exceed 15 miles per hour and shall not be operated on a roadway with a speed limit of more than 25 miles per hour except to cross that roadway.

(10) The governing body of a county, city, village, an entity created under the urban cooperation act of 1967, 1967 (Ex Sess) PA 7, MCL 124.501 to 124.512, or township may, by ordinance, which is based on the health, safety, and welfare of the citizens, regulate the operation of electric personal assistive mobility devices on sidewalks, roadways, or crosswalks. Except as otherwise provided in this subsection, a governing body of a county, city, village, an entity created under the urban cooperation act of 1967, 1967 (Ex Sess) PA 7, MCL 124.501 to 124.512, or township may prohibit the operation of electric personal assistive mobility devices in an area open to pedestrian traffic adjacent to a waterfront or on a trail under their jurisdiction or in a downtown or central business district. Signs indicating the regulation shall be conspicuously posted in the area where the use of an electric personal assistive mobility device is regulated.

(11) Operation of an electric personal assistive mobility device is prohibited in a special charter city and a state park under the jurisdiction of the Mackinac Island state park commission.

(12) Operation of an electric personal assistive mobility device may be prohibited in a historic district.

(13) The department of natural resources may by order regulate the use of electric personal assistive mobility devices on all lands under its control.

257.661 Carrying package, bundle, or article on bicycle, electric personal assistive mobility device, moped, or motorcycle.

Sec. 661. A person operating a bicycle, electric personal assistive mobility device, moped, or motorcycle shall not carry any package, bundle, or article that prevents the driver from keeping both hands upon the handlebars of the vehicle.

257.662 Bicycles or electric personal assistive mobility device; equipment; violation as civil infraction.

Sec. 662. (1) A bicycle or an electric personal assistive mobility device being operated on a roadway between 1/2 hour after sunset and 1/2 hour before sunrise shall be equipped with a lamp on the front which shall emit a white light visible from a distance of at least 500 feet to the front and with a red reflector on the rear which shall be visible from all distances from 100 feet to 600 feet to the rear when directly in front of lawful lower beams of head lamps on a motor vehicle. A lamp emitting a red light visible from a distance of 500 feet to the rear may be used in addition to the red reflector.

(2) A bicycle shall be equipped with a brake which will enable the operator to make the braked wheels skid on dry, level, clean pavement.

(3) An electric personal assistive mobility device shall enable the operator to bring it to a controlled stop.

(4) A person shall not sell, offer for sale, or deliver for sale in this state a bicycle or a pedal for use on a bicycle, either of which was manufactured after January 1, 1976, unless it is equipped with a type of reflex reflector located on the front and rear surfaces of the pedal. The reflector elements may be either integral with the construction of the pedal or mechanically attached, but shall be sufficiently recessed from the edge of the pedal, or of the reflector housing, to prevent contact of the reflector element with a flat surface placed in contact with the edge of the pedal. The pedal reflectors shall be visible from the front and rear of the bicycle during the nighttime from a distance of 200 feet when directly exposed to the lower beam head lamps of a motor vehicle.

(5) A person shall not sell, offer for sale, or deliver for sale in this state a bicycle manufactured after January 1, 1976 or an electric personal assistive mobility device unless it is equipped with either tires which have reflective sidewalls or with wide-angle prismatic spoke reflectors. If the bicycle or the electric personal assistive mobility device is manufactured with reflective sidewalls, the reflective portion of the sidewall shall form a continuous circle on the sidewall, and may not be removed from the tire without removal of tire material. If the bicycle is equipped with wide-angle prismatic spoke reflectors, the reflectors of the front wheel shall be essentially colorless or amber, and the reflectors on the rear wheel shall be essentially colorless or red. Reflective sidewalls or spoke reflectors shall cause the bicycle to be visible from all distances from 100 feet to 600 feet when viewed under lawful low beam motor vehicle head lamps under normal atmospheric conditions.

(6) A person who violates subsection (1) or (2) is responsible for a civil infraction.

This act is ordered to take immediate effect.

AN ACT to amend 1980 PA 299, entitled "An act to revise, consolidate, and classify the laws of this state regarding the regulation of certain occupations; to create a board for each of those occupations; to establish the powers and duties of certain departments and agencies and the boards of each occupation; to provide for the promulgation of rules; to provide for certain fees; to provide for penalties and civil fines; to establish rights, relationships, and remedies of certain persons under certain circumstances; to repeal certain parts of this act on a specific date; and to repeal certain acts and parts of acts," by amending sections 2012 and 2014 (MCL 339.2012 and 339.2014), as amended by 1992 PA 103.

The People of the State of Michigan enact:

339.2012 Persons exempted.

Sec. 2012. (1) The following persons are exempt from the requirements of this article:

(a) A professional engineer employed by a railroad or other interstate corporation, whose employment and practice is confined to the property of the corporation.

(b) A designer of a manufactured product, if the manufacturer of the product assumes responsibility for the quality of the product.

(c) An owner doing architectural, engineering, or surveying work upon or in connection with the construction of a building on the owner's property for the owner's own use to which employees and the public are not generally to have access.

(d) A person not licensed under this article who is planning, designing, or directing the construction of a detached 1- and 2-family residence building not exceeding 3,500 square feet in calculated floor area. For purposes of this subdivision, detached 1- and 2-family residence building does not include an adult foster care home licensed under the adult foster care facility licensing act, 1979 PA 218, MCL 400.701 to 400.737.

(e) A person who is licensed to engage in the practice of architecture, professional engineering, or professional surveying in another state while temporarily in this state to present a proposal for services.

(2) As used in this section:

(a) "Calculated floor area" means that portion of the total gross area measured to the outside surfaces of exterior walls intended to be habitable space.

(b) "Habitable space" means space in a building used for living, sleeping, eating, or cooking. Habitable space does not include a heater or utility room, a crawl space, a basement, an attic, a garage, an open porch, a balcony, a terrace, a court, a deck, a bathroom, a toilet room, a closet, a hallway, a storage space, and other similar spaces not used for living, sleeping, eating, or cooking.

339.2014 Prohibited conduct; penalties.

Sec. 2014. A person is subject to the penalties set forth in article 6 who commits 1 of the following:

(a) Uses the term "architect", "professional engineer", "land surveyor", "professional surveyor", or a similar term in connection with the person's name unless the person is licensed in the appropriate practice under this article.

(b) Presents or attempts to use as the person's own the license or seal of another.

(c) Attempts to use an expired, suspended, or revoked license.

(d) Uses the words "architecture", "professional engineering", "land surveying", "professional surveying", or a similar term in a firm name without authorization by the appropriate board.

(e) Submits to a public official of this state or a political subdivision of this state for approval, a permit or a plan for filing as a public record, a specification, a report, or a land survey that does not bear 1 or more seals of a licensee as required by this article. This subdivision does not apply to a public work costing less than $15,000.00 or a residential building containing not more than 3,500 square feet of calculated floor area. As used in this subdivision, "calculated floor area" means that term as defined in section 2012(2)(a).

This act is ordered to take immediate effect.

AN ACT to amend 1994 PA 451, entitled "An act to protect the environment and natural resources of the state; to codify, revise, consolidate, and classify laws relating to the environment and natural resources of the state; to regulate the discharge of certain substances into the environment; to regulate the use of certain lands, waters, and other natural resources of the state; to prescribe the powers and duties of certain state and local agencies and officials; to provide for certain charges, fees, and assessments; to provide certain appropriations; to prescribe penalties and provide remedies; to repeal certain parts of this act on a specific date; and to repeal certain acts and parts of acts," by amending sections 16901, 16902, 16903, 16904a, 16905, 16906, 16908, and 16909 (MCL 324.16901, 324.16902, 324.16903, 324.16904a, 324.16905, 324.16906, 324.16908, and 324.16909), sections 16901 and 16903 as amended and section 16904a as added by 1997 PA 17 and section 16908 as amended by 1995 PA 268, and by adding sections 16903b and 16903c; and to repeal acts and parts of acts.

The People of the State of Michigan enact:

324.16901 Definitions.

Sec. 16901. As used in this part:

(a) "Abandoned scrap tires" means an accumulation of scrap tires on property where the property owner is not, as determined by the department, responsible in whole or in part for the accumulation of the scrap tires. For the purposes of this subdivision, an owner who purchased or willingly took possession of an existing scrap tire collection site shall be considered by the department to be responsible in whole or in part for the accumulation of the scrap tires.

(b) "Bond" means a performance bond from a surety company authorized to transact business in this state, a certificate of deposit, a cash bond, or an irrevocable letter of credit, in favor of the department.

(c) "Collection site" means a site, other than a disposal area licensed under part 115, a racecourse, or a feed storage location, that contains any of the following:

(*i*) One or more pieces of adjacent real property where 500 or more scrap tires are accumulated and that is not associated with a retail operation as provided in subparagraph (*ii*), an automotive recycler as provided in subparagraph (*iii*), or a commercial contractor as provided in subparagraph (*iv*).

(*ii*) One or more pieces of adjacent real property where 1,500 or more scrap tires are accumulated if that property is owned or leased by a person who is a retailer and is not associated with an automotive recycler as provided in subparagraph (*iii*).

(*iii*) One or more pieces of adjacent real property where 2,500 or more scrap tires are accumulated if that property is owned or leased by a person who is an automotive recycler as defined in section 2a of the Michigan vehicle code, 1949 PA 300, MCL 257.2a.

(*iv*) One or more pieces of adjacent real property where more than 150 cubic yards of scrap tire processed material is accumulated if that property is owned or leased by a commercial contractor that is authorized to use the scrap tire processed material as an aggregate replacement in a manner approved by a designation of inertness for scrap tires or is otherwise authorized for such use by the department under part 115.

(d) "Department" means the department of environmental quality.

(e) "End-user" means any of the following:

(*i*) A person who possesses a permit to burn tires under part 55.

(*ii*) The owner or operator of a landfill that is authorized under the landfill's operating license to use scrap tires.

(*iii*) A person who converts scrap tires into scrap tire processed material used to manufacture other products that are sold in the market but does not manufacture the products that are sold in the market.

(f) "Feed storage location" means a location on 1 or more pieces of adjacent real property containing a commercially operated farming operation where not more than 3,000 scrap tires are used for the purpose of securing stored feed.

(g) "Fund" means the scrap tire regulatory fund created in section 16908.

(h) "Landfill" means a landfill as defined in section 11504 that is licensed under part 115.

(i) "Racecourse" means a commercially operated track for go-carts, vehicles, off-road recreational vehicles, or motorcycles that uses not more than 3,000 scrap tires for bumpers along the track for safety purposes.

(j) "Retailer" means a person who sells or offers for sale new, retreaded, or remanufactured tires to consumers in this state.

(k) "Scrap tire" means a tire that is no longer being used for its original intended purpose including, but not limited to, a used tire, a reusable tire casing, or portions of tires. Scrap tire does not include a vehicle support stand.

(*l*) "Scrap tire hauler" means a person who, as part of a commercial business, transports scrap tires. Except as otherwise provided in this section, a person who transports more than 7 scrap tires in any truckload shall be considered to be in the commercial business of transporting scrap tires. Scrap tire hauler does not include any of the following:

(*i*) A person who is not operating a commercial business who is transporting his or her own tires to a location authorized in section 16902(1).

(*ii*) A member of a nonprofit service organization who is participating in a community service project and is transporting scrap tires to a location authorized in section 16902(1).

(*iii*) The owner of a farm as defined in section 2 of the Michigan right to farm act, 1981 PA 93, MCL 286.472, who transports only scrap tires that originated from his or her farm operation or is intended for use in a feed storage location.

(*iv*) A solid waste hauler as defined in part 115 that is transporting solid waste to a disposal area licensed under part 115.

(m) "Scrap tire processed material" means rubber material derived from tires that is marketable and no larger than 2 inches by 2 inches in size. Scrap tire processed material also includes rubber material derived from tires that is larger than 2 inches by 2 inches if the rubber material was produced by a scrap tire processor pursuant to a written contract that provides for the quantity and the quality of the material and a time frame in which the volume of material is to be provided, and the contract is made available to the department upon request.

(n) "Scrap tire processor" means a person who is authorized by this part to accumulate scrap tires and is engaged in the business of buying or otherwise acquiring scrap tires and reducing their volume by shredding or otherwise facilitating recycling or resource recovery techniques for scrap tires.

(o) "Scrap tire recycler" means a person who is authorized by this part to accumulate scrap tires, who acquires scrap tires, and who converts scrap tires into a product that is sold or reused in a manner authorized by this part.

(p) "Solid waste hauler" means a solid waste hauler as defined in part 115 who transports less than 25% by weight or volume of scrap tires along with other solid waste in any truckload.

(q) "Tire" means a continuous solid or pneumatic rubber covering encircling the wheel of a tractor or other farm machinery or of a vehicle.

(r) "Tire storage area" means a location within a collection site where tires are accumulated.

(s) "Vehicle" means every device in, upon, or by which any person or property is or may be transported or drawn upon a highway, excepting devices exclusively moved by human power or used exclusively upon stationary rails or tracks and excepting a mobile home as defined in section 2 of the mobile home commission act, 1987 PA 96, MCL 125.2302.

(t) "Vehicle support stand" means equipment used to support a stationary vehicle consisting of an inflated tire and wheel that is attached to another wheel.

324.16902 Delivery of scrap tire; limitations.

Sec. 16902. (1) A person shall deliver a scrap tire only to a collection site registered under section 16904, a disposal area licensed under part 115, an end-user, a scrap tire processor, a tire retailer, or a scrap tire recycler, that is in compliance with this part.

(2) A person who by contract, agreement, or otherwise arranges for the removal of scrap tires shall do so with a solid waste hauler or a scrap tire hauler who is registered pursuant to section 16905(1) and who by contract, agreement, or otherwise is obligated to deliver the scrap tires to the destination as identified in section 16905(3)(c).

(3) Subsection (2) does not do any of the following:

(a) Prohibit a person who is not operating a commercial business from transporting his or her scrap tires to a site authorized by subsection (1).

(b) Prohibit a member of a nonprofit service organization who is participating in a community service project from transporting scrap tires to a site authorized by subsection (1).

(c) Prohibit the owner of a farm as defined in section 2 of the Michigan right to farm act, 1982 PA 93, MCL 286.472, from transporting scrap tires that originated from his or her farm operation to a location authorized by subsection (1).

(d) Prohibit a solid waste hauler as defined in part 115 from transporting solid waste to a disposal area licensed under part 115.

324.16903 Accumulation of scrap tires by owner or operator of collection site; compliance.

Sec. 16903. (1) A person who owns or operates a collection site where less than 2,500 scrap tires have been accumulated that are not stored in a building or stored in a covered vehicle shall comply with all of the following:

(a) Only tires shall be accumulated in a tire storage area.

(b) Except as provided in subdivision (e), the tires shall be accumulated in piles no greater than 15 feet in height with horizontal dimensions no greater than 200 by 40 feet.

(c) Except as provided in subdivision (e), the tires shall not be within 20 feet of the property line or within 60 feet of a building or structure.

(d) Except as provided in subdivision (e), there shall be a minimum separation of 30 feet between tire piles. The open space between tire piles shall at all times be free of rubbish, equipment, and other materials.

(e) Tire piles shall be accessible to fire fighting equipment. If the requirement of this subdivision is met, the local fire department that serves the jurisdiction in which the collection site is located may approve a variance from the requirements of subdivisions (b), (c), and (d). Such an approval, if granted, shall be in writing.

(f) Tires, including shredded tires, shall be isolated from other stored materials that may create hazardous products if there is a fire, including, but not limited to, lead acid batteries, fuel tanks, solvent barrels, and pesticide containers.

(g) The collection site shall be subject to an annual inspection and additional inspections at any reasonable time by the local fire department that serves the jurisdiction in which the collection site is located.

(h) All persons employed to work at the collection site shall be trained in emergency response operations. The owner or operator of the collection site shall maintain training records and shall make these records available to the local fire department that serves the jurisdiction in which the collection site is located.

(i) Except as provided in section 16903b, the person who owns a collection site shall maintain a performance bond in favor of the department. The amount of the bond shall be not less than the sum of $25,000.00 per quarter acre, or fraction thereof, of outdoor tire storage area, and notwithstanding the limitation provided in subsection (1), $2.00 per square foot of tire storage area in a building. However, for collection sites with fewer than 2,500 tires, the bond shall not exceed $2,500.00. A bond is not required under this subdivision for a qualifying tire chip storage area. A person who elects to use a certificate of deposit as bond shall receive any accrued interest on that certificate of deposit upon release of the bond by the department. A person who elects to post cash as bond shall accrue interest on that bond at the annual rate of 6%, to be accrued quarterly, except that the interest rate payable to an applicant shall not exceed the rate of interest accrued on the state common cash fund for the quarter in which an accrual is determined. Interest shall be paid to the applicant upon release of the bond by the department. Any interest greater than 6% shall be deposited into the fund. The department may utilize a bond required under this part for removing scrap tires from a collection site, for other costs of cleanup at the collection site, and for costs of fire suppression and costs associated with

responding to a fire or an emergency at a collection site, in case of an emergency at the collection site, insolvency of the collection site owner, or if the owner or operator of the collection site fails to comply with the requirements of this section and does not cause the removal of the tires at the direction of a court of competent jurisdiction. As used in this subdivision, "qualifying tire chip storage area" means 1 or more locations within a collection site where tire chips are stored if all of the following conditions are met:

(*i*) The tire chips are marketable and no larger than 2 inches by 2 inches in size.

(*ii*) The tire chips are stored in accordance with the requirements of section 16903.

(*iii*) Not less than 75% of the scrap tires, by weight or volume, that are stored at the collection site each calendar year are removed from the collection site to an approved market during that year, and the collection site owner or operator certifies compliance with this subparagraph on a form approved by the department.

(*iv*) The areas of the scrap tire collection site that are used for storage of the tire chips are not larger than a total of 1 acre and those areas are indicated on a survey by a registered professional engineer submitted to the department as part of the collection site registration.

(2) A person who owns or operates a collection site where at least 2,500 but less than 100,000 scrap tires have been accumulated that are not stored in a building shall comply with all of the following:

(a) All of the requirements of subsection (1).

(b) The tire storage area shall be completely enclosed with a fence that is at least 6 feet tall with lockable gates and that is designed to prevent easy access.

(c) An earthen berm not less than 5 feet in height shall completely enclose the tire storage area except to allow for necessary ingress and egress from roadways and buildings.

(d) The collection site shall contain sufficient drainage so that water does not pool or collect on the property.

(e) The approach road to the tire storage area and on-site access roads to the tire storage area shall be of all-weather construction and maintained in good condition and free of debris and equipment so that it is passable at all times for fire fighting equipment vehicles.

(f) Tire storage areas shall be mowed regularly or otherwise kept free of weeds, vegetation, and other growth at all times.

(g) An emergency procedures plan shall be prepared and displayed at the collection site. The plan shall include telephone numbers of the local fire and police departments. The plan shall be reviewed by the local fire department prior to being posted.

(h) Scrap tires shall not be accumulated in excess of 10,000 cubic yards of scrap tires per acre.

(3) A person who owns or operates a collection site where 100,000 or more scrap tires have been accumulated that are not stored in a building shall comply with all of the requirements of subsections (1) and (2) and that person shall operate as a scrap tire processor.

324.16903b Performance bond; exemptions; noncompliance; "site requirements" defined.

Sec. 16903b. (1) Subject to subsections (2) and (3), the owner of a collection site that processes tires who has been in compliance with the site requirements for at least 1 year is exempt from the requirement to obtain a performance bond under section 16903(1)(i).

(2) The exemption provided for in subsection (1) applies to tire storage areas at the collection site containing not more than the sum of the highest number of scrap tires accumulated at the collection site during the previous 1-year period plus 10% of the amount of the scrap tires that were removed to an end-user from the collection site during the previous 1-year period.

(3) If the department determines that the owner of a collection site is not in compliance with the site requirements, the department shall deliver to the owner of the collection site a notice of noncompliance. If within 60 days after receipt of that notice the owner does not bring the collection site into compliance with the site requirements, the owner shall comply with section 16903(1)(i). Once an owner is required to obtain a performance bond in compliance with section 16903(1)(i), the performance bond shall be maintained unless the owner brings the collection site into compliance with the site requirements and maintains compliance with the site requirements for a 1-year period.

(4) As used in this section, "site requirements" means the requirements of section 16903(1)(a), (b), (c), (d), (e), and (f).

324.16903c Maintenance limiting mosquito breeding; requirements; violation; penalty; payment default.

Sec. 16903c. (1) The owner or operator of a collection site shall ensure that tires at a collection site are maintained in a manner that limits the potential of mosquito breeding by complying with 1 or more of the following:

(a) The tires shall be covered by plastic sheets or other impermeable barriers to prevent the accumulation of precipitation.

(b) The tires shall be chemically treated to eliminate mosquito breeding.

(c) The tires shall be baled, shredded, or chipped into pieces no larger than 4 inches by 6 inches and stored in piles that allow complete water drainage.

(2) A person who violates this section is responsible for the payment of a civil fine of not more than $400.00.

(3) A default in the payment of a civil fine or costs ordered under this section or an installment of the fine or costs may be remedied by any means authorized under the revised judicature act of 1961, 1961 PA 236, MCL 600.101 to 600.9948.

324.16904a End user; exemption.

Sec. 16904a. (1) Except as provided in subsection (2), an end-user is exempt from this part for scrap tires stored on the site of the end-user if not less than 75% of the scrap tires, by weight or volume, that are stored on site each calendar year are recycled or used for resource recovery during that year, and the end-user annually certifies his or her compliance with this section on a form approved by the department.

(2) All end-users shall comply with the requirements of section 16906.

324.16905 Scrap tire hauler; registration; form; content; presentment; display of number; maintenance and availability of records; disposal at other site prohibited; original record; copy.

Sec. 16905. (1) By January 31 of each year, a scrap tire hauler shall annually register with the department on a form provided by, and containing the information required by, the department. A scrap tire hauler who does not provide all of the information required by the department shall not be considered registered under this part.

(2) A scrap tire hauler when transporting scrap tires shall have in his or her possession a copy of the current unexpired scrap tire hauler registration and shall present it upon demand of a peace officer. The scrap tire hauler registration number issued by the department shall be visibly displayed on a vehicle transporting scrap tires.

(3) A scrap tire hauler shall maintain a record of each load of scrap tires he or she transports on forms approved by the department. These records shall be maintained for a period of 3 years and shall be made available, upon request, to the department or to a peace officer at reasonable hours. These records shall contain at least the following information:

(a) The name, address, telephone number, authorized signature, and registration number of the scrap tire hauler.

(b) The name, address, telephone number, and authorized signature of the person who contracts for the removal of the scrap tires.

(c) The name, address, telephone number, and, upon delivery, the authorized signature of the owner or operator of the collection site, landfill, end-user, scrap tire processor, tire retailer, or scrap tire recycler, where the tires are to be delivered.

(d) The date of removal and the number of scrap tires being transported.

(4) A scrap tire hauler shall not dispose of scrap tires at a location other than the location identified on the record required by subsection (3)(c).

(5) The original record as required by subsection (3) shall be in the possession of the scrap tire hauler during the actual transportation of the scrap tires. A copy of the record provided for in subsection (3) shall be provided to the person who contracts for the removal of scrap tires at the time of removal of the tires from the originating location. A copy shall also be provided to the registered scrap tire collection site, the landfill, end-user, scrap tire processor, tire retailer, or scrap tire recycler to which the scrap tires are delivered at the time of delivery.

324.16906 Records.

Sec. 16906. (1) A person, other than a property owner removing 7 or fewer scrap tires from his or her property, who by contract, agreement, or otherwise arranges for the removal of scrap tires from a property under his or her control, including an end-user, shall maintain at the site of removal all records obtained from a registered scrap tire hauler pursuant to section 16905(5) and all records received from an owner, operator, or authorized agent of a location pursuant to subsection (3). A person who by contract, agreement, or otherwise arranges for the removal of scrap tires from a property under his or her control has no affirmative duty to obtain these records and shall not be held liable for the failure to receive such records. These records shall be maintained at the site of removal for a period of 3 years and shall be made available to the department upon request during normal business hours.

(2) A person, other than a solid waste hauler or a scrap tire hauler who receives scrap tires, including an end-user, shall maintain a record of all scrap tires received from a scrap tire hauler by contract, agreement, or otherwise. These records shall be maintained for a period of 3 years and shall be made available upon request to the department or a peace officer at reasonable hours. These records shall contain all of the information required of a scrap tire hauler in section 16905(3).

(3) Upon delivery of scrap tires by a scrap tire hauler by contract, agreement, or otherwise to a location authorized under section 16902, the owner, operator, or authorized agent of that location shall sign the record, indicating acceptance of the scrap tires, and

provide a copy of the signed record to the person delivering the scrap tires and shall within 30 days forward a copy of the signed record to the person who by contract, agreement, or otherwise arranged for the removal of the scrap tires being delivered.

324.16908 Scrap tire regulatory fund; creation; sources of money; investments; interest and earnings; no reversion to general fund; use of money in fund; grants report to legislature.

Sec. 16908. (1) The scrap tire regulatory fund is created in the state treasury. The fund shall receive money as provided by law and any gifts or contributions to the fund. The state treasurer shall direct the investment of the fund. Interest and earnings of the fund shall be credited to the fund. Money in the fund at the close of the fiscal year shall remain in the fund and shall not revert to the general fund.

(2) Money in the fund shall be used, upon appropriation, for all of the following purposes:

(a) For administrative costs of the department associated with this part including the implementation and enforcement of this part. However, money shall not be expended under this subdivision for the employment of more than the following:

(*i*) For state fiscal year 2002, 13.5 full-time equated positions.

(*ii*) For state fiscal year 2003, 12 full-time equated positions.

(*iii*) For state fiscal year 2004 and each subsequent state fiscal year, 11 full-time equated positions.

(b) For the administrative costs of the secretary of state associated with the collection of the tire disposal surcharge pursuant to section 806 of the Michigan vehicle code, 1949 PA 300, MCL 257.806.

(c) For the cleanup or collection of abandoned scrap tires and scrap tires at collection sites. The department shall give priority to funding activities under this subdivision at collection sites in which the scrap tires were accumulated prior to January 1, 1991 and to collection sites that pose an imminent threat to public health, safety, welfare, or the environment. The department shall make every effort to assure that all abandoned scrap tires accumulated at collection sites prior to January 1, 1991 are cleaned up or collected by September 31, 2009.

(3) Money expended under subsection (2)(c) may be expended for both of the following:

(a) Not more than $500,000.00 each year for reimbursement grants to users of scrap tire processed material to support the development of increased markets for scrap tire material other than tire-derived fuel usage. A grant issued under this subsection shall be for projects that demonstrate new uses for scrap tire processed material in manufactured products, such as placement of scrap tire processed material in modified asphalt, molded rubber products, extruded rubber products, and aggregate replacement materials. A grant under this subdivision shall reimburse the scrap tire processed material user up to 50% of the cost of purchasing scrap tire processed material, but shall not exceed a reimbursed cost of $50.00 per ton. However, the scrap tire processed material purchased shall be purchased from Michigan scrap tire processors that produce scrap tire processed material under a grant issued under subsection (2)(c).

(b) For grants to end-users who receive scrap tires or tire chips. However, as a condition of a grant under this subdivision, an end-user who receives a grant under this subdivision shall agree to purchase 1 ton of scrap tires or tire chips for every 1 ton of scrap tires or tire chips received as a result of the grant. The purchases shall be at the minimum rate of the established statewide market price.

(4) Applications for grants under subsection (3) shall be submitted on a form approved by the department and containing the information required by the department. For grants under subsection (3)(a), the department shall publish criteria upon which the grants will be issued and shall make that information available to grant applicants.

(5) Not later than 4 years after the effective date of the amendatory act that added this subsection, the department shall prepare an assessment of the impact that the grants under subsection (3)(a) have had on the reduction in the surplus of scrap tires in the state and on the establishment of new end uses for scrap tires. A copy of this assessment shall be provided to the standing committees of the senate and the house of representatives with jurisdiction over subject matter pertaining to natural resources and the environment.

(6) The department shall annually report to the standing committees of the senate and house of representatives with jurisdiction over subject matter pertaining to natural resources and the environment on the utilization of revenues of the fund.

324.16909 Violation as misdemeanor; penalties; separate violations; authority of officer; penalties inapplicable; conditions.

Sec. 16909. (1) A person who violates this part when fewer than 50 tires are involved is guilty of a misdemeanor punishable by imprisonment for not more than 90 days or a fine of not less than $200.00 or more than $500.00, or both.

(2) A person who violates this part when 50 or more tires are involved is guilty of a misdemeanor punishable by imprisonment for not more than 180 days or a fine of not less than $500.00 or more than $10,000.00, or both, for each violation.

(3) A person convicted of a second or subsequent violation of this part is guilty of a misdemeanor punishable by imprisonment for not more than 1 year or a fine of not less than $1,000.00 or more than $25,000.00, or both, for each violation.

(4) In addition to any other penalty provided for in this section, the court may order a person who violates this part to perform not more than 100 hours of community service.

(5) For any violation of this part, each day that a violation continues may constitute a separate violation.

(6) A peace officer may issue an appearance ticket as described and authorized by sections 9c to 9g of chapter IV of the code of criminal procedure, 1927 PA 175, MCL 764.9c to 764.9g, to a person who is in violation of this part.

(7) This section does not apply to a violation of section 16903c.

(8) The penalties provided for in this section shall not be applied against a person in violation of section 16903(1)(a), (b), (c), (d), (f), or (i) if the person is in compliance with these provisions within 60 days after the effective date of the amendatory act that added this subsection and the person maintains compliance with those provisions. This subsection does not apply to a person who, prior to the effective date of the amendatory act that added this subsection, was convicted under this section.

Repeal of § 324.16902a.

Enacting section 1. Section 16902a of the natural resources and environmental protection act, 1994 PA 451, MCL 324.16902a, is repealed.

Conditional effective date.

Enacting section 2. This amendatory act does not take effect unless Senate Bill No. 1324 of the 91st Legislature is enacted into law.

This act is ordered to take immediate effect.
Approved July 2, 2002.
Filed with Secretary of State July 3, 2002.

Compiler's note: Senate Bill No. 1324, referred to in enacting section 2, was filed with the Secretary of State July 3, 2002, and became P.A. 2002, Act No. 497, Eff. Oct. 1, 2002.

[No. 497]

(SB 1324)

AN ACT to amend 1949 PA 300, entitled "An act to provide for the registration, titling, sale, transfer, and regulation of certain vehicles operated upon the public highways of this state or any other place open to the general public or generally accessible to motor vehicles and distressed vehicles; to provide for the licensing of dealers; to provide for the examination, licensing, and control of operators and chauffeurs; to provide for the giving of proof of financial responsibility and security by owners and operators of vehicles; to provide for the imposition, levy, and collection of specific taxes on vehicles, and the levy and collection of sales and use taxes, license fees, and permit fees; to provide for the regulation and use of streets and highways; to create certain funds; to provide penalties and sanctions for a violation of this act; to provide for civil liability of owners and operators of vehicles and service of process on residents and nonresidents; to provide for the levy of certain assessments; to provide for the enforcement of this act; to provide for the creation of and to prescribe the powers and duties of certain state and local agencies; to impose liability upon the state or local agencies; to repeal all other acts or parts of acts inconsistent with this act or contrary to this act; and to repeal certain parts of this act on a specific date," by amending section 806 (MCL 257.806), as amended by 2001 PA 268.

The People of the State of Michigan enact:

257.806 Certificate of title or duplicate certificate of title; special expeditious treatment; special identifying number; fees; payment and disposition of tire disposal surcharge.

Sec. 806. (1) A fee of $10.00 shall accompany each application for a certificate of title required by this act or for a duplicate of a certificate of title. An additional fee of $5.00 shall accompany an application if the applicant requests that the application be given special expeditious treatment.

(2) A fee of $10.00 shall accompany an application for a special identifying number as provided in section 230.

(3) In addition to paying the fees required by subsection (1), until December 31, 2007, each person who applies for a certificate of title, a salvage vehicle certificate of title, or a scrap certificate of title, under this act shall pay a tire disposal surcharge of $1.50 for each certificate of title or duplicate of a certificate of title that person receives. The secretary of state shall deposit money received under this subsection into the scrap tire regulatory fund created in section 16908 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.16908.

Effective date.

Enacting section 1. This amendatory act takes effect 90 days after the date of its enactment.

Conditional effective date.

Enacting section 2. This amendatory act does not take effect unless House Bill No. 5380 of the 91st Legislature is enacted into law.

This act is ordered to take immediate effect.
Approved July 2, 2002.

[No. 498]

(HB 5383)

AN ACT to amend 1951 PA 51, entitled "An act to provide for the classification of all public roads, streets, and highways in this state, and for the revision of that classification and for additions to and deletions from each classification; to set up and establish the Michigan transportation fund; to provide for the deposits in the Michigan transportation fund of specific taxes on motor vehicles and motor vehicle fuels; to provide for the allocation of funds from the Michigan transportation fund and the use and administration of the fund for transportation purposes; to set up and establish the truck safety fund; to provide for the allocation of funds from the truck safety fund and administration of the fund for truck safety purposes; to set up and establish the Michigan truck safety commission; to establish certain standards for road contracts for certain businesses; to provide for the continuing review of transportation needs within the state; to authorize the state transportation commission, counties, cities, and villages to borrow money, issue bonds, and make pledges of funds for transportation purposes; to authorize counties to advance funds for the payment of deficiencies necessary for the payment of bonds issued under this act; to provide for the limitations, payment, retirement, and security of the bonds and pledges; to provide for appropriations and tax levies by counties and townships for county roads; to authorize contributions by townships for county roads; to provide for the establishment and administration of the state trunk line fund, critical bridge fund, comprehensive transportation fund, and certain other funds; to provide for the deposits in the state trunk line fund, critical bridge fund, comprehensive transportation fund, and certain other funds of money raised by specific taxes and fees; to provide for definitions of public transportation functions and criteria; to define the purposes for which Michigan transportation funds may be allocated; to provide for Michigan transportation fund grants; to provide for review and approval of transportation programs; to provide for submission of annual legislative requests and reports; to provide for the establishment and functions of certain advisory entities; to provide for conditions for grants; to provide for the issuance of bonds and notes for transportation purposes; to provide for the powers and duties of certain state and local agencies and officials; to provide for the making of loans for transportation purposes by the state transportation department and for the receipt and repayment by local units and agencies of those loans from certain specified sources; and to repeal acts and parts of acts," by amending sections 1b, 10c, 10h, 11, 11c, 12, 18b, 18e, and 20a (MCL 247.651b, 247.660c, 247.660h, 247.661, 247.661c, 247.662, 247.668b, 247.668e, and 247.670a), section 1b as amended by 1989 PA 188, section 10c as amended by 1990 PA 73, section 10h as amended by 1982 PA 438, section 11 as amended by 2000 PA 188,

sections 11c and 12 as amended by 1997 PA 79, and sections 18b and 18e as amended by 1985 PA 201.

The People of the State of Michigan enact:

247.651b Cost of maintaining state trunk line highways; preservation of aesthetic and historic character of abutting national historic landmark; service plaza prohibited.

Sec. 1b. (1) The state transportation department shall bear the entire cost of maintaining, in accordance with standards and specifications of the department, all state trunk line highways including highways within incorporated cities and villages except that the cost of maintaining additional width for local purposes as provided in section 1c shall be borne by the city or village.

(2) Notwithstanding any provision of law to the contrary, as part of the construction or reconstruction of a state trunk line highway which abuts a location designated as a national historic landmark pursuant to the national historic preservation act, Public Law 89-665, 80 Stat. 915, and 36 C.F.R. part 65, the department may include within the project, expenditures deemed necessary to mitigate the adverse impact of the state trunk line highway on the aesthetic and historic character of that abutting area. The installation or maintenance of lighting to preserve the aesthetic and historic character of the abutting area shall not impose a duty on the department to provide or maintain lighting for the improved portion of the highway designed for vehicular travel.

(3) The state transportation department shall not use funds allocated under this act for the development or construction of a service plaza.

247.660c Definitions.

Sec. 10c. As used in this act:

(a) "Urban or rural area" means a contiguous developed area, including the immediate surrounding area, where transportation services should reasonably be provided presently or in the future; the area within the jurisdiction of an eligible authority; or for the purpose of receiving funds for public transportation, a contiguous developed area having a population of less than 50,000 population that has an urban public transportation program approved by the state transportation department and for which the state transportation commission determines that public transportation services should reasonably be provided presently or in the future.

(b) "Eligible authority" means an authority organized pursuant to the metropolitan transportation authorities act of 1967, 1967 PA 204, MCL 124.401 to 124.426.

(c) "Eligible governmental agency" means a county, city, or village or an authority created pursuant to 1963 PA 55, MCL 124.351 to 124.359; the urban cooperation act of 1967, 1967 (Ex Sess) PA 7, MCL 124.501 to 124.512; 1967 (Ex Sess) PA 8, MCL 124.1 to 124.13; 1951 PA 35, MCL 124.1 to 124.13; the public transportation authority act, 1986 PA 196, MCL 124.451 to 124.479; or the revenue bond act of 1933, 1933 PA 94, MCL 141.101 to 141.140.

(d) "Transit vehicle" means a bus, rapid transit vehicle, railroad car, water vehicle, taxicab, or other type of public transportation vehicle or individual unit, whether operated singly or in a group which provides public transportation.

(e) "Transit vehicle mile" means a transit vehicle operated for 1 mile in public transportation service including demand actuated and line-haul vehicle miles.

(f) "Demand actuated vehicle" means a bus or smaller transit vehicle operated for providing group rides to members of the general public paying fares individually, and on demand rather than in regularly scheduled route service.

Public transportation, public transportation services, or public transportation purposes; and comprehensive transportation, comprehensive transportation services, or comprehensive transportation purposes as defined in this subdivision are declared by law to be transportation purposes within the meaning of section 9 of article IX of the state constitution of 1963.

(i) "State transportation commission" means the state transportation commission established in section 28 of article V of the state constitution of 1963.

(j) "Governmental unit" means the state transportation department, the state transportation commission, a county road commission, a city, or a village.

(k) "Department" or "department of transportation" means the state transportation department, which may be referred to administratively as the department of transportation.

(*l*) "Preservation" means an activity undertaken to preserve the integrity of the existing roadway system. Preservation does not include new construction of highways, roads, streets, or bridges, a project that increases the capacity of a highway facility to accommodate that part of traffic having neither an origin nor destination within the local area, widening of a lane width or more, or adding turn lanes of more than 1/2 mile in length. Preservation includes, but is not limited to, 1 or more of the following:

(*i*) Maintenance.

(*ii*) Capital preventive treatments.

(*iii*) Safety projects.

(*iv*) Reconstruction.

(*v*) Resurfacing.

(*vi*) Restoration.

(*vii*) Rehabilitation.

(*viii*) Widening of less than the width of 1 lane.

(*ix*) Adding auxiliary weaving, climbing, or speed change lanes.

(*x*) Modernizing intersections.

(*xi*) Adding auxiliary turning lanes of 1/2 mile or less.

(m) "Maintenance" means routine maintenance or preventive maintenance, or both. Maintenance does not include capital preventive treatments, resurfacing, reconstruction, restoration, rehabilitation, safety projects, widening of less than 1 lane width, adding auxiliary turn lanes of 1/2 mile or less, adding auxiliary weaving, climbing, or speed-change lanes, modernizing intersections, or the upgrading of aggregate surface roads to hard surface roads. Maintenance of state trunk line highways does not include street-lighting except for freeway lighting for traffic safety purposes.

(n) "Routine maintenance" means actions performed on a regular or controllable basis or in response to uncontrollable events upon a highway, road, street, or bridge. Routine maintenance includes, but is not limited to, 1 or more of the following:

(*i*) Snow and ice removal.

(*ii*) Pothole patching.

(*iii*) Unplugging drain facilities.

(*iv*) Replacing damaged sign and pavement markings.

(*v*) Replacing damaged guardrails.

(*viii*) Emergency environmental cleanup.

(*ix*) Emergency repairs.

(*x*) Emergency management of road closures that result from uncontrollable events.

(*xi*) Cleaning streets and associated drainage.

(*xii*) Installing traffic signs and signal devices.

(*xiii*) Mowing roadside.

(*xiv*) Control of roadside brush and vegetation.

(*xv*) Cleaning roadside.

(*xvi*) Repairing lighting.

(*xvii*) Grading.

(o) "Preventive maintenance" means a planned strategy of cost-effective treatments to an existing roadway system and its appurtenances that preserve assets by retarding deterioration and maintaining functional condition without significantly increasing structural capacity. Preventive maintenance includes, but is not limited to, 1 or more of the following:

(*i*) Pavement crack sealing.

(*ii*) Micro surfacing.

(*iii*) Chip sealing.

(*iv*) Concrete joint resealing.

(*v*) Concrete joint repair.

(*vi*) Filling shallow pavement cracks.

(*vii*) Patching concrete.

(*viii*) Shoulder resurfacing.

(*ix*) Concrete diamond grinding.

(*x*) Dowel bar retrofit.

(*xi*) Bituminous overlays of 1-1/2 inches or less in thickness.

(*xii*) Restoration of drainage.

(*xiii*) Bridge crack sealing.

(*xiv*) Bridge joint repair.

(*xv*) Bridge seismic retrofit.

(*xvi*) Bridge scour countermeasures.

(*xvii*) Bridge painting.

(*xviii*) Pollution prevention.

(*xix*) New treatments as they may be developed.

(p) "County road commission" means the board of county road commissioners elected or appointed pursuant to section 6 of chapter IV of 1909 PA 283, MCL 224.6, or, in the case of a charter county with a population of 2,000,000 or more with an elected county executive that does not have a board of county road commissioners, the county executive for ministerial functions and the county commission provided for in section 14(1)(d) of 1966 PA 293, MCL 45.514, for legislative functions.

(q) "Capital preventive treatments" means any preventive maintenance category project on state trunk line highways that qualifies under the department's capital preventive maintenance program.

247.660h Report by state transportation commission to legislature, governor, and auditor general; contents; audit of financial transactions and accounts related to certain distributions from comprehensive transportation fund; cost; submission of audit report and management letter to department; minimum audit standards and requirements; task force.

Sec. 10h. (1) By May 1 of each year, the state transportation commission shall report to each member of the legislature, the governor, and the auditor general its recommendations for a transportation program which the state transportation commission acts on under section 10e(10). The report shall specify the following:

(a) The estimated amount of money in the comprehensive transportation fund to be distributed in the following fiscal year and the amount of money in the comprehensive transportation fund to be distributed to each eligible authority, each intercity carrier, each eligible governmental agency, and the state transportation department; the estimated amount of money in the state trunk line fund to be distributed to the state transportation department for the preservation, as defined in section 10c, of state trunk line highways; and the estimated amount of money in the state trunk line fund to be distributed to the state transportation department for all other purposes in the following fiscal year. The report shall further subdivide the money to be distributed to each eligible authority, each intercity carrier, each eligible governmental agency, the state transportation department from the comprehensive transportation fund, the state transportation department from the state trunk line fund for the preservation of state trunk line highways, and the state transportation department from the state trunk line fund for all other purposes specifying how much of that money is proposed to be expended for either capital acquisitions, including demonstration projects, or for operating expenses, including demonstration projects.

(b) An account of all expenditures of funds distributed from the state trunk line fund and the comprehensive transportation fund to the state transportation department, eligible authorities, intercity carriers, and eligible governmental agencies, and the progress made by the state transportation department, eligible authorities, intercity carriers, and eligible governmental agencies in carrying out the approved transportation programs in the preceding fiscal year through the use of those funds. The progress report shall be made based on information supplied to the state transportation department on forms authorized by the federal department of transportation. For those eligible authorities, intercity carriers, and eligible governmental agencies not receiving federal funds pursuant to the urban mass transportation act of 1964, Public Law 88-365, the progress report shall be made upon forms supplied by the state transportation department.

The progress report shall also contain the whole amount of the expenses of the state transportation department for the fiscal year.

(c) Each project certified to be eligible for a multiyear funding commitment.

(d) The status of all multiyear funding commitments.

(e) An account of the state transportation department's compliance in the preceding year with the requirements of section 11(2) and (3). The report shall also specify the justification for a waiver of the requirement of section 11(3), if that requirement was waived.

(2) The financial transactions and accounts related to distributions made from the comprehensive transportation fund to an eligible authority created under the metropolitan transportation authorities act of 1967, 1967 PA 204, MCL 124.401 to 124.426, shall be audited pursuant to that act. The cost of the audit shall be paid by the eligible authority. The financial transactions and accounts related to distributions made from the fund to an eligible governmental agency, other than a county, shall be audited in accordance with the uniform budgeting and accounting act, 1968 PA 2, MCL 141.421 to 141.440a. The financial transactions and accounts related to distributions made from the fund to a county which is an eligible governmental agency shall be audited in accordance with 1919 PA 71, MCL 21.41 to 21.55. The financial transactions and accounts relative to distributions made to an intercity carrier shall be audited by an independent certified public accountant in accordance with instructions promulgated by the department of treasury. A copy of the complete audit report and management letter shall be submitted by the eligible authority, intercity carrier, or eligible governmental agency to the state transportation department. The department of treasury shall develop minimum audit standards and requirements.

(3) There is hereby established a task force composed of the Michigan public transit association, the Michigan motorbus association, the Michigan rail users and supporters association, the Michigan railroad association, a representative of a state-owned or leased short line railroad, and the office of auditor general or a certified public accountant appointed by the auditor general, to assist the department in the development of the progress report requirements outlined in subsection (1)(b).

247.661 State trunk line fund; separate fund; appropriation; purposes; order of priority; expenditures; deductions; borrowing by county road commissions, cities, and villages; limitation; approval; notice; borrowing by state transportation commission; procedures for implementation and administration of loan program; expenditure for administrative expenses; conduct of performance audits; revised municipal finance act inadmissible.

Sec. 11. (1) A fund to be known as the state trunk line fund is established and shall be set up and maintained in the state treasury as a separate fund. The money deposited in the state trunk line fund is appropriated to the state transportation department for the following purposes in the following order of priority:

(a) For the payment, but only from money restricted as to use by section 9 of article IX of the state constitution of 1963, of bonds, notes, or other obligations in the following order of priority:

(*i*) For the payment of contributions required to be made by the state highway commission or the state transportation commission under contracts entered into before July 18, 1979, under 1941 PA 205, MCL 252.51 to 252.64, which contributions have been pledged before July 18, 1979, for the payment of the principal and interest on bonds issued

under 1941 PA 205, MCL 252.51 to 252.64, for the payment of which a sufficient sum is irrevocably appropriated.

(*ii*) For the payment of the principal and interest upon bonds designated "State of Michigan, State Highway Commissioner, Highway Construction Bonds, Series I", dated September 1, 1956, in the aggregate principal amount of $25,000,000.00, issued pursuant to former 1955 PA 87 and the resolution of the state administrative board adopted August 6, 1956, for the payment of which a sufficient sum is irrevocably appropriated.

(*iii*) For the payment of the principal and interest on bonds issued under section 18b for transportation purposes other than comprehensive transportation purposes as defined by law and the payment of contributions of the state highway commission or state transportation commission to be made pursuant to contracts entered into under section 18d, which contributions are pledged to the payment of principal and interest on bonds issued under the authorization of section 18d and contracts executed pursuant to that section. A sufficient portion of the fund is irrevocably appropriated to pay, when due, the principal and interest on bonds or notes issued under section 18b for purposes other than comprehensive transportation purposes as defined by law, and to pay the annual contributions of the state highway commission and the state transportation commission as are pledged for the payment of bonds issued pursuant to contracts authorized by section 18d.

(b) For the transfer of funds appropriated pursuant to section 10(1)(g) to the transportation economic development fund, but the transfer shall be reduced each fiscal year by the amount of debt service to be paid in that year from the state trunk line fund for bonds, notes, or other obligations issued to fund projects of the transportation economic development fund, which amount shall be certified by the department.

(c) For the transfer of funds appropriated pursuant to section 10(1)(a) to the railroad grade crossing account in the state trunk line fund for expenditure to meet the cost, in whole or in part, of providing for the improvement, installation, and retirement of new or existing safety devices or other rail grade crossing improvements at rail grade crossings on public roads and streets under the jurisdiction of this state, counties, or cities and villages. Projects shall be selected for funding in accordance with the following:

(*i*) Not more than 50% or less than 30% of these funds and matched federal funds shall be expended for state trunk line projects.

(*ii*) In prioritizing projects for these funds, in whole or in part, the department shall consider train and vehicular traffic volumes, accident history, traffic control device improvement needs, and the availability of funding.

(*iii*) Consistent with the other requirements for these funds, the first priority for funds deposited pursuant to this subdivision for rail grade crossing improvements and retirement shall be to match federal funds from the railroad-highway grade crossing improvement program or other comparable federal programs.

(*iv*) If federal funds from the railroad-highway grade crossing improvement program or other comparable federal programs have been exhausted, funds deposited pursuant to this subdivision shall be used to fund 100% of grade crossing projects that receive the highest priority of unfunded projects pursuant to criteria established by the department.

(*v*) State railroad grade crossing funds shall not be used, either as 100% of project cost or to match federal railroad-highway grade crossing improvement funds, for a crossing that is determined by the department pursuant to the criteria established by the department to be a lower priority than other projects that have not yet been funded. However, if sufficient funds are available, these state railroad grade crossing account funds may be used for not more than 50% of a project's cost for a crossing that is

determined by the department pursuant to the criteria established by the department to be a lower priority if the balance of not less than 50% of the project's cost is provided by the road authority, railroad, or other sources.

(*vi*) The type of railroad grade crossing improvement, installation, relocation, or retirement of grade crossing surfaces, active and passive traffic control devices, pavement marking, or other related work shall be eligible for these railroad grade crossing account funds in the same manner as the project type eligibility provided by the federal funds from the railroad-highway grade crossing improvement program, except for the following:

(A) For new railroad crossings, these funds may be used for the crossing surface, active and passive traffic control devices, pavement marking, and other improvements necessitated by the new crossing.

(B) These funds may be used for the modification, relocation, or modernization of railroad grade crossing facilities necessitated by roadway improvement projects.

(C) If the department and the road authority with jurisdiction over a public road or street crossing formally agree that the grade crossing should be eliminated by permanent closing of the public road or street, the road authority making the closing shall receive $5,000.00 from the railroad grade crossing account. In addition, any connecting road improvements necessitated by the grade crossing closure are reimbursable on an actual cost basis not to exceed $10,000.00 per crossing closed. The physical removal of the crossing, roadway within railroad rights of way and street termination treatment will be negotiated between the road authority and railroad company. The funds provided to the road authority as a result of the crossing closure will be credited to its account representing the same road or street system on which the crossing is located.

(d) For the total operating expenses of the state trunk line fund for each fiscal year as appropriated by the legislature.

(e) For the preservation of state trunk line highways and bridges.

(f) For the opening, widening, improving, construction, and reconstruction of state trunk line highways and bridges, including the acquisition of necessary rights of way and the work incidental to that opening, widening, improving, construction, or reconstruction. Those sums in the state trunk line fund not otherwise appropriated, distributed, determined, or set aside by law shall be used for the construction or reconstruction of the national system of interstate and defense highways, referred to in this act as "the interstate highway system" to the extent necessary to match federal aid funds as the federal aid funds become available for that purpose; and, for the construction and reconstruction of the state trunk line system.

(g) The state transportation department may enter into agreements with county road commissions and with cities and villages to perform work on a highway, road, or street. The agreements may provide for the performance by any of the contracting parties of any of the work contemplated by the contract including engineering services and the acquisition of rights of way in connection with the work, by purchase or condemnation by any of the contracting parties in its own name, and for joint participation in the costs, but only to the extent that the contracting parties are otherwise authorized by law to expend money on the highways, roads, or streets. The state transportation department also may contract with a county road commission, city, and village to advance money to a county road commission, city, and village to pay their costs of improving railroad grade crossings on the terms and conditions agreed to in the contract. A contract may be executed before or after the state transportation commission borrows money for the purpose of advancing money to a county road commission, city, or village, but the contract shall be executed before the advancement of any money to a county road commission, city, or village by the

state transportation commission, and shall provide for the full reimbursement of any advancement by a county road commission, city, or village to the state transportation department, with interest, within 15 years after advancement, from any available revenue sources of the county road commission, city, or village or, if provided in the contract, by deduction from the periodic disbursements of any money returned by the state to the county road commission, city, or village.

(h) For providing inventories of supplies and materials required for the activities of the state transportation department. The state transportation department may purchase supplies and materials for these purposes, with payment to be made out of the state trunk line fund to be charged on the basis of issues from inventory in accordance with the accounting and purchasing laws of this state.

(2) Notwithstanding any other provision of this act, at least 90% of state revenue appropriated annually to the state trunk line fund less the amounts described in subdivisions (a) to (i) shall be expended annually by the state transportation department for the preservation of highways, roads, streets, and bridges and for the payment of debt service on bonds, notes, or other obligations described in subsection (1)(a) issued after July 1, 1983, for the purpose of providing funds for the preservation of highways, roads, streets, and bridges. Of the amounts appropriated for state trunk line projects, the department shall, where possible, secure warranties of not less than 5-year full replacement guarantee for contracted construction work. If an appropriate certificate is filed under section 18e but only to the extent necessary, this subsection shall not prohibit the use of any amount of money restricted as to use by section 9 of article IX of the state constitution of 1963 and deposited in the state trunk line fund for the payment of debt service on bonds, notes, or other obligations pledging for the payment thereof money restricted as to use by section 9 of article IX of the state constitution of 1963 and deposited in the state trunk line fund, whenever issued, as specified under subsection (1)(a). The amounts which are deducted from the state trunk line fund for the purpose of the calculation required by this subsection are as follows:

(a) Amounts expended for the purposes described in subsection (1)(a) for the payment of debt service on bonds, notes, or other obligations issued before July 2, 1983.

(b) Amounts expended to provide the state matching requirement for projects on the national highway system and for the payment of debt service on bonds, notes, or other obligations issued after July 1, 1983, for the purpose of providing funds for the state matching requirements for projects on the national highway system.

(c) Amounts expended for the construction of a highway, street, road, or bridge to 1 or more of the following or for the payment of debt service on bonds, notes, or other obligations issued after July 1, 1983, for the purpose of providing funds for the construction of a highway, street, road, or bridge to 1 or more of the following:

(*i*) A location for which a building permit has been obtained for the construction of a manufacturing or industrial facility.

(*ii*) A location for which a building permit has been obtained for the renovation of, or addition to, a manufacturing or industrial facility.

(d) Amounts expended for capital outlay other than for highways, roads, streets, and bridges or to pay debt service on bonds, notes, or other obligations issued after July 1, 1983, for the purpose of providing funds for capital outlay other than for highways, roads, streets, and bridges.

(e) Amounts expended for the operating expenses of the state transportation department other than the units of the department performing the functions assigned on January 1, 1983 to the bureau of highways.

(f) Amounts expended pursuant to contracts entered into before January 1, 1983.

(g) Amounts expended for the purposes described in subsection (5).

(h) Amounts appropriated for deposit in the transportation economic development fund and the rail grade crossing account pursuant to section 10(1)(g) and 10(1)(a).

(i) Upon the affirmative recommendation of the director of the state transportation department and the approval by resolution of the state transportation commission, those amounts expended for projects vital to the economy of this state, a region, or local area or the safety of the public. The resolution shall state the cost of the project exempted from this subsection.

(3) Notwithstanding any other provision of this act, the state transportation department shall expend annually at least 90% of the federal revenue distributed to the credit of the state trunk line fund in that year, except for federal revenue expended for the purposes described in subsection (2)(b), (c), (f), and (i) and for the payment of notes issued under section 18b(9) on the preservation of highways, roads, streets, and bridges. The requirement of this subsection shall be waived if compliance would cause this state to be ineligible according to federal law for federal revenue, but only to the extent necessary to make this state eligible according to federal law for that revenue.

(4) Notwithstanding any other provision of this section, the state transportation department may loan money to county road commissions, cities, and villages for paying capital costs of transportation purposes described in the second paragraph of section 9 of article IX of the state constitution of 1963 from the proceeds of bonds or notes issued pursuant to section 18b or from the state trunk line fund. Loans made directly from the state trunk line fund shall be made only after provision of funds for the purposes specified in subsection (1)(a) to (f). Loans described in this subsection are not subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

(5) County road commissions, cities, and villages may borrow money from the proceeds of bonds or notes issued under section 18b or the state trunk line fund for the purposes set forth in subsection (4) that shall be repayable, with interest, from 1 or more of the following:

(a) The money to be received by the county road commission, city, or village from the Michigan transportation fund, except to the extent the money has been or may in the future be pledged by contract in accordance with 1941 PA 205, MCL 252.51 to 252.64, or has been or may in the future be pledged for the payment of the principal and interest upon notes issued pursuant to 1943 PA 143, MCL 141.251 to 141.254, or has been or may in the future be pledged for the payment of principal and interest upon bonds issued under section 18c or 18d, or has been or may in the future be pledged for the payment of the principal and interest upon bonds issued pursuant to 1952 PA 175, MCL 247.701 to 247.707.

(b) Any other legally available funds of the city, village, or county road commission, other than the general funds of the county.

(6) Loans made pursuant to subsection (4) if required by the state transportation department may be payable by deduction by the state treasurer, upon direction of the state transportation department, from the periodic disbursements of any money returned by the state under this act to the county road commission, city, or village, but only after sufficient money has been returned to the county road commission, city, or village to provide for the payment of contractual obligations incurred or to be incurred and principal

and interest on notes and bonds issued or to be issued under 1941 PA 205, MCL 252.51 to 252.64, 1943 PA 143, MCL 141.251 to 141.254, 1952 PA 175, MCL 247.701 to 247.707, or section 18c or 18d. The interest rates and payment schedules of any loans made from the proceeds of bonds or notes issued pursuant to section 18b shall be established by the state transportation department to conform as closely as practicable to the interest rate and repayment schedules on the bonds or notes issued to make the loans. However, the state transportation department may allow for the deferral of the first payment of interest or principal on the loans for a period of not to exceed 1 year after the respective first payment of interest or principal on the bonds or notes issued to make the loans.

(7) The amount borrowed by a county road commission, city, or village pursuant to subsection (5) shall not be included in, or charged against, any constitutional, statutory, or charter debt limitation of the county, city, or village and shall not be included in the determination of the maximum annual principal and interest requirements of, or the limitations upon, the maximum annual principal and interest incurred under 1941 PA 205, MCL 252.51 to 252.64, 1943 PA 143, MCL 141.251 to 141.254, 1952 PA 175, MCL 247.701 to 247.707, or section 18c or 18d.

(8) The county road commission, city, or village is not required to seek or obtain the approval of the electors, the municipal finance commission or its successor agency, or, except as provided in this subsection, the department of treasury to borrow money pursuant to subsection (5). The borrowing is not subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821, or to section 5(g) of the home rule city act, 1909 PA 279, MCL 117.5. The state transportation department shall give at least 10 days' notice to the state treasurer of its intention to make a loan under subsection (4). If the state treasurer gives notice to the director of the state transportation department within 10 days of receiving the notice from the state transportation department, that, based upon the then existing financial or credit situation of the county road commission, city, or village, it would not be in the best interests of the state to make a loan under subsection (4) to the county road commission, city, or village, the loan shall not be made unless the state treasurer, after a hearing, if requested by the affected county road commission, city, or village, subsequently gives notice to the director of the state transportation department that the loan may be made on the conditions that the state treasurer specifies.

(9) The state transportation commission may borrow money and issue bonds and notes under, and pursuant to the requirements of, section 18b to make loans to county road commissions, cities, and villages for the purposes described in the second paragraph of section 9 of article IX of the state constitution of 1963, as provided in subsection (4). A single issue of bonds or notes may be issued for the purposes specified in subsection (4) and for the other purposes specified in section 18b. The house and senate transportation appropriations subcommittees shall be notified by the department if there are extras and overruns sufficient to require approval of either the state administrative board or the commission, or both, on any contract between the department and a local road agency or a private business.

(10) The director of the state transportation department, after consultation with representatives of the interests of county road commissions, cities, and villages, shall establish, by intergovernmental communication, procedures for the implementation and administration of the loan program established under subsections (4) to (9).

(11) Not more than 10% per year of all of the funds received by and returned to the state transportation department from any source for the purposes of this section may be expended for administrative expenses. The department shall be subject to section 14(5) if more than 10% per year is expended for administrative expenses. As used in this subsection, "administrative expenses" means those expenses that are not assigned

including, but not limited to, specific road construction or preservation projects and are often referred to as general or supportive services. Administrative expenses shall not include net equipment expense, net capital outlay, debt service principal and interest, and payments to other state or local offices which are assigned, but not limited to, specific road construction projects or preservation activities.

(12) Any performance audits of the department shall be conducted according to government auditing standards issued by the United States general accounting office.

(13) Contracts entered into to advance money to a county road commission, city, or village under subsection (1)(g) are not subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

247.661c Construction and maintenance projects to be performed by contract awarded by competitive bidding; other method; findings; report.

Sec. 11c. All federal aid construction projects, all other projects of the department concerning highways, streets, roads, and bridges, whose cost exceeds $100,000.00 for construction or preservation as defined in section 10c, shall be performed by contract awarded by competitive bidding unless the department shall affirmatively find that under the circumstances relating to those projects, some other method is in the public interest. All of those findings shall be reported to the state transportation commission 90 days before work is commenced and promptly in writing to the appropriations committees of the senate and house of representatives. However, in a case in which the department determines emergency action is required, the reports need not be filed before work is commenced but shall be promptly filed. Local road agencies that make a decision not to perform construction or preservation projects exceeding $100,000.00 shall contract for this work through competitive bidding.

247.662 Return to county treasurers of amount distributed to county road commissions; manner, purposes, terms, and conditions; statewide purchasing pools; expenditures; definitions; certification concerning average annual debt service requirements for bonds or notes; representation of charter county in certain transactions; expenditure for administrative expenses; conduct of performance audits.

Sec. 12. (1) The amount distributed to the county road commissions shall be returned to the county treasurers in the manner, for the purposes, and under the terms and conditions specified in this section. The department and the county road association of Michigan shall jointly develop incentives for counties to establish statewide purchasing pools for the more efficient use of Michigan transportation funds.

(2) Each county road commission shall be reimbursed in an amount up to $10,000.00 per year for the sum paid to a licensed professional engineer employed or retained by the county road commission in the previous year. The sum shall be returned to each county road commission certified by the state transportation department as complying with this subsection regarding the employment of an engineer.

(3) An amount equal to 1% of the total amount returned to the county road commissions from the Michigan transportation fund during the prior calendar year shall be withheld annually from the counties' November monthly distribution provided for in section 17, and the amount shall be returned to the county road commissions for snow removal purposes as provided in section 12a.

(4) An amount equal to 10% of the total amount returned to the county road commissions from the Michigan transportation fund shall be returned to each county road commission having county primary, or county local road, or both, mileage in the urban areas as determined pursuant to section 12b. This sum shall be distributed pursuant to section 12b. The return shall be in addition to the amounts provided in subsections (6) and (7) and for the purposes stated in those subsections.

(5) An amount equal to 4% of the total amount returned to the county road commissions from the Michigan transportation fund shall be returned to the county road commissions in the same percentages as provided in subsection (7). All money returned to the county road commissions as provided in this subsection shall be expended by the county road commissions for the preservation, construction, acquisition, and extension of county local road systems and shall be in addition to the amounts provided in subsection (7).

(6) Seventy-five percent of the remainder of the total amount to be returned to the counties shall be expended by each county road commission for the preservation, construction, acquisition, and extension of the county primary road system, including the acquisition of a necessary right of way for the system, work incidental to the system, and a roadside park or motor parkway appurtenant to the system, and shall be returned to the counties as follows:

(a) Three-fourths of the amount in proportion to the amount received within the respective county during the 12 months next preceding the date of each monthly distribution, as specific taxes upon registered motor vehicles under the Michigan vehicle code, 1949 PA 300, MCL 257.1 to 257.923.

(b) One-tenth of the amount in the same proportion that the total mileage in the county primary road system of each county bears to the total mileage in all of the county primary road systems of the state.

(c) One eighty-third of the remaining 15% of the amount to each county.

(7) The balance of the remainder of the total amount to be returned to counties shall be expended by each county road commission for the preservation, construction, acquisition, and extension of the county local road system as defined by this act, including the acquisition of a necessary right of way for the system, work incidental to the system, and a roadside park or motor parkway appurtenant to the system, and shall be returned to the counties as follows:

(a) Sixty-five percent of the amount in the same proportion that the total mileage in the county local road system of each county bears to the total mileage in all of the county local road systems of the state.

(b) Thirty-five percent of the amount in the same proportion that the total population outside of incorporated municipalities in each county bears to the total population outside of incorporated municipalities in all of the counties of the state, according to the most recent statewide federal census as certified at the beginning of the state fiscal year.

(8) Money deposited in, or becoming a part of the county road funds of a board of county road commissioners shall be expended first for the payment of principal and interest on the bonds, for the payment of contractual contributions pledged for the payment of bonds, for debt service requirements for the payment of contractual contributions pledged for the payment of bonds, and for debt service requirements for the payment of notes and loans in the following order of priority:

(a) For the payment of contributions required to be made by a board of county road commissioners under a contract entered into under 1941 PA 205, MCL 252.51 to 252.64, which contributions have been pledged for the payment of the principal and interest on

bonds issued under that act, or for the payment of total debt service requirements upon notes issued by a board of county road commissioners under 1943 PA 143, MCL 141.251 to 141.254.

(b) For the payment of principal and interest upon bonds issued under section 18c, and the payment of contributions of a board of county road commissioners to be made pursuant to contracts entered into under section 18d, which contributions are pledged to the payment of principal and interest on bonds issued after June 30, 1957, under the authorization of section 18c and contracts executed pursuant to its provisions.

(c) For the payment of principal and interest upon loans received pursuant to section 11(7), to the extent other funds have not been made available for that payment.

(9) Not to exceed 30% per year of the amount returned to a county for use on the county primary road system may be expended, with or without matching, on the county local road system of that county. Not to exceed 15% per year of the amount returned to a county for expenditure on the county local road system may be used, with or without matching, on the county primary road system of that county, and not to exceed an additional 15% per year of the amount returned to a county for expenditure on the county local road system, may, in case of an emergency or with the approval of the state transportation department, be expended, with or without matching, on the county primary road system of that county. An amount returned to a county for and on account of county local roads, under this section, in excess of the total amount paid into the county treasury each year by all of the townships of that county for and on account of the county local roads pursuant to section 14(6) may be transferred to and expended on the county primary road system of that county.

(10) Not less than 20% per year of the funds returned to a county by this section shall be expended for snow and ice removal, the construction or reconstruction of a new highway or existing highway, and the acquisition of a necessary right of way for those highways, and work incidental to those highways, or for the servicing of bonds issued by the county for these purposes. Surplus funds may be expended for the development, construction, or repair of an off-street parking facility.

(11) Not more than 5% per year of the funds returned to a county for the county primary road system and the county local road system shall be expended for the maintenance, improvement, or acquisition of appurtenant roadside parks and motor parkways.

(12) Funds returned to a county shall be expended by the county road commission for the purposes provided in this section and shall be deposited by the county treasurer in a designated county depository, in a separate account to the credit of the county road fund, and shall be paid out only upon the order of the county road commission, and interest accruing on the money shall become a part of, and be deposited with the county road fund.

(13) In a county to which the funds are returned the function of the county road commission shall be limited to the formation of policy and the performance of the official duties imposed by law and delegated by the county board of commissioners. A member of the county road commission shall not be employed individually in any other capacity for other duties with the county road commission.

(14) A county road commission may enter into an agreement with a county road commission of an adjacent county and with a city or village to perform work on a highway, road, or street, and with the state transportation department with respect to a state trunk line and connecting links of the state trunk line within the limits of the county or adjacent to the county. The agreement may provide for the performance by each contracting party of the work contemplated by the contract including engineering services and the acquisition of rights of way in connection with the work contemplated, by purchase or

condemnation, by any of the contracting parties in its own name and the agreement may provide for joint participation in the costs.

(15) Money distributed from the Michigan transportation fund may be expended for construction purposes on county local roads only to the extent matched by money from other sources. However, Michigan transportation funds may be expended for the construction of bridges on the county local roads in an amount not to exceed 75% of the cost of the construction of local road bridges. This subsection does not apply to section 11b.

(16) Notwithstanding any other provision of this act, at least 90% of the state revenue returned annually to the county road commission from the Michigan transportation fund less the amounts described in subdivisions (a) to (e) shall be expended annually by the county road commission for the preservation of highways, roads, streets, and bridges, and for the payment of contractual contributions pledged for the payment of bonds or portions of bonds, debt service requirements for the payment of bonds or portions of bonds, and debt service requirements for the payment of notes and loans or portions of notes and loans issued or received after July 1, 1983, for the purpose of providing funds for the preservation of highways, roads, streets, and bridges. If an appropriate certificate is filed under subsection (19) but only to the extent necessary, this subsection shall not prohibit the use of any amount of state revenue returned annually to the county road commissions for the payment of contractual contributions pledged for the payment of bonds, for debt service requirements for the payment of bonds, and for debt service requirements for the payment of notes or loans, whenever issued or received, as specified under subsection (8). The amounts which are deducted from the state revenue returned to a county road commission from the Michigan transportation fund, for the purpose of the calculation required by this subsection are as follows:

(a) Amounts expended for the purposes described in subsection (8) for bonds, notes, loans, or other obligations issued or received before July 2, 1983.

(b) Amounts expended for the administrative costs of the county road commission.

(c) Amounts expended for capital outlay projects for equipment and buildings, and for the payment of contractual contributions pledged for the payment of bonds, for debt service requirements for the payment of bonds, and for debt service requirements for the payment of notes and loans issued or received after July 1, 1983, for the purpose of providing funds for capital outlay projects for equipment and buildings.

(d) Amounts expended for projects vital to the economy of the local area or the safety of the public in the local area. Before these amounts can be deducted, the governing body over the county road commission or the county road commission, as applicable, shall pass a resolution approving these projects. This resolution shall state which projects will be funded and the cost of each project. A copy of each approved resolution shall be forwarded immediately to the department.

(e) Amounts expended in urban areas as determined pursuant to section 12b.

(17) As used in this subsection, "urban routes" means those portions of 2-lane county primary roads within an urban area which has average daily traffic in excess of 15,000. Notwithstanding any other provision of this act, except as provided in this subsection, a county road commission shall expend annually at least 90% of the federal revenue distributed to the use of the county road commission for highways, roads, streets, and bridges, less the amount expended on urban routes for other than preservation purposes and the amount expended for hard-surfacing of gravel roads on the federal-aid system, on the preservation of highways, roads, streets, and bridges. A county road commission may expend in a year less than 90% of the federal revenue distributed to the use of the county road commission for highways, roads, streets, and bridges, less the amount expended on

urban routes for other than preservation purposes and the amount expended for hard-surfacing of gravel roads on the federal-aid system, on the preservation of highways, roads, streets, and bridges, if that year is part of a 3-year period in which at least 90% of the total federal revenue distributed in the 3-year period to the use of the county road commission for highways, roads, streets, and bridges, less the amount expended on urban routes for other than preservation purposes and the amount expended for hard-surfacing of gravel roads on the federal-aid system, is expended on the preservation of highways, roads, streets, and bridges. If a county road commission expends in a year less than 90% of the federal revenue distributed to the use of the county road commission for highways, roads, streets, and bridges, less the amount expended on urban routes for other than preservation purposes and the amount expended for hard-surfacing of gravel roads on the federal-aid system, on the preservation of highways, roads, streets, and bridges and that year is not a part of a 3-year period in which at least 90% of the total federal revenue distributed in the 3-year period to the use of the county road commission for highways, roads, streets, and bridges, less the amount expended on urban routes for other than preservation purposes and the amount expended for hard-surfacing of gravel roads on the federal-aid system, is expended on the preservation of highways, roads, streets, and bridges, the county road commission shall expend in each year subsequent to the 3-year period 100%, or less in 1 year if sufficient for the purposes of this subsection, of the federal revenue distributed to the use of the county road commission for highways, roads, streets, and bridges, less the amount expended on urban routes for other than preservation purposes and the amount expended for hard-surfacing of gravel roads on the federal-aid system, on the preservation of highways, roads, streets, and bridges until the average percentage spent on the preservation of highways, roads, streets, and bridges in the 3-year period and the subsequent years, less the amount expended on urban routes for other than preservation purposes and the amount expended for hard-surfacing of gravel roads on the federal-aid system, is at least 90%. A year may be included in only one 3-year period for the purposes of this subsection. The requirements of this subsection shall be waived if compliance would cause the county road commission to be ineligible according to federal law for federal revenue, but only to the extent necessary to make the county road commission eligible according to federal law for that revenue. For the purpose of the calculations required by this subsection, the amount expended on urban routes by a county road commission for other than preservation purposes and the amount expended for hard-surfacing of gravel roads on the federal-aid system shall be deducted from the total federal revenue distributed to the use of the county road commission.

(18) A county road commission shall certify, which certification shall, for purposes of the validity of bonds and notes, be conclusive as to the matters stated therein, to the state transportation department on or before the issuance of any bonds or notes issued after July 1, 1983, pursuant to 1943 PA 143, MCL 141.251 to 141.254, 1941 PA 205, MCL 252.51 to 252.64, or section 18c or 18d, for purposes other than the preservation of highways, roads, streets, and bridges and purposes other than the purposes specified in subsection (16)(c) that its average annual debt service requirements for all bonds and notes or portions of bonds and notes issued after July 1, 1983, for purposes other than the preservation of highways, roads, streets, and bridges and other than for the purposes specified in subsection (16)(c), including the bond or note to be issued does not exceed 10% of the funds returned to the county road commission pursuant to this act, less the amounts specified in subsection (16)(a), (b), and (c) during the last completed fiscal year of the county road commission. If the purpose for which the bonds or notes are issued is changed after the issuance of the notes or bonds, the change shall be made in such a manner to maintain compliance with the certification required by this subsection, as of the date the certificate was originally issued, but no such change shall invalidate or otherwise affect

the bonds or notes with respect to which the certificate was issued or the obligation to pay debt service on the bonds or notes.

(19) In each charter county to which funds are returned under this section, the responsibility for road improvement, preservation, and traffic operation work, and the development, construction, or repair of off-road parking facilities and construction or repair of road lighting shall be coordinated by a single administrator to be designated by the county executive who shall be responsible for and shall represent the charter county in transactions with the state transportation department pursuant to this act.

(20) Not more than 10% per year of all of the funds received by and returned to a county from any source for the purposes of this section may be expended for administrative expenses. A county that expends more than 10% for administrative expenses in a year shall be subject to section 14(5) unless a waiver is granted by the department of treasury. As used in this subsection, "administrative expenses" means those expenses that are not assigned including, but not limited to, specific road construction or preservation projects and are often referred to as general or supportive services. Administrative expenses shall not include net equipment expense, net capital outlay, debt service principal and interest, and payments to other state or local offices which are assigned, but not limited to, specific road construction projects or preservation activities.

(21) In addition to the financial compliance audits required by law, the department of treasury shall conduct performance audits and make investigations of the disposition of all state funds received by county road commissions, county boards of commissioners, or any other county governmental agency acting as the county road authority, for transportation purposes to determine compliance with the terms and conditions of this act. Performance audits shall be conducted according to government auditing standards issued by the United States general accounting office. The department of treasury shall provide 6 months notice to the county road commission or county board of commissioners, as applicable, of the standards to be used for audits performed under this subsection prior to the fiscal year in which the audit is conducted. The department shall notify the county road commission or county board of commissioners of any subsequent changes to the standards. County road commissions or county boards of commissioners, as applicable, shall make available to the department of treasury the pertinent records for the audit.

247.668b State transportation commission; bonds and notes.

Sec. 18b. (1) The state transportation commission may borrow money and issue notes or bonds for the following purposes:

(a) To pay all or any portion of or to make loans, grants, or contract payments to pay all or any portion of any capital costs for the purposes described in section 9 of article IX of the state constitution of 1963.

(b) To pay the principal or the principal and interest on notes and, if the state transportation commission considers refunding to be expedient, to refund bonds payable from money in the state trunk line fund or the comprehensive transportation fund or received or to be received from the motor vehicle highway fund or the Michigan transportation fund regardless of when the refunded bonds were issued, by the issuance of new bonds, whether or not the bonds to be refunded have matured or are subject to prior redemption or are to be paid, redeemed, or surrendered at the time of issuance of the refunding bonds; and to issue new bonds partly to refund bonds or pay notes then outstanding and partly for any other transportation purpose authorized by this act.

(c) To pay all costs relating to the issuance of the bonds or notes described in this section, including, but not limited to, legal, engineering, accounting, and consulting services,

interest on bonds or notes for such period as determined by the state transportation commission in the resolution authorizing the bonds or notes and a reserve for payment of principal, interest, and redemption premiums on the bonds or notes in an amount determined by the state transportation commission in the resolution authorizing the bonds or notes.

(2) The refunding bonds described in subsection (1)(b) shall be sold and the proceeds and the earnings or profits from the investment of those proceeds applied in whole or in part to the purchase, redemption, or payment of the principal or the principal and interest of the bonds to be refunded and the refunding bonds issued by the state transportation commission under subsection (1)(b) and the costs described in subsection (1)(c). Refunding notes or bonds shall be considered to be issued for the same purpose or purposes for which the notes or bonds to be refunded were issued.

(3) The notes or bonds authorized by this section shall be issued only after authorization by resolution of the state transportation commission, which resolution shall contain the following:

(a) An irrevocable pledge providing for the payment of the principal and interest on the notes or bonds from money which is restricted as to use by section 9 of article IX of the state constitution of 1963 and which is deposited or to be deposited in the comprehensive transportation fund, in the case of bonds or notes issued for comprehensive transportation purposes as defined by law, or in the state trunk line fund, in the case of bonds or notes issued for transportation purposes described in the second paragraph of section 9 of article IX of the state constitution of 1963, or in the case of notes or bonds, if the resolution authorizing the notes or bonds provides, from money received or to be received by the state transportation department from the proceeds of bonds or renewal notes to be issued after the date of the resolution or from money received or to be received from the proceeds of the grants described in subsection (9). If the resolution authorizing the bonds or notes so provides, a portion of the principal or interest on the bonds or notes may be secured by an irrevocable pledge of money deposited in the comprehensive transportation fund or the state trunk line fund, and the balance of the principal and interest secured by an irrevocable pledge of the proceeds of bonds or renewal notes or money received or to be received from the proceeds of the grants described in subsection (9).

(b) A brief statement describing the projects for which the notes or bonds are to be issued and in the case of notes or bonds to pay notes or refund bonds, a description of the notes or bonds to be paid or refunded. For purposes of this section and section 18k, in connection with bonds issued to fund the loan program established under section 11(6) to (11), the loan program shall constitute the project, and it shall not be necessary to specify the particular item or costs of a particular item to be financed from any particular loan made under the loan program.

(c) The estimated cost of the projects or refunding or refinancing.

(d) The detail of the notes or bonds including the date of issue, maturity date or dates of the bonds or notes, the maximum interest rate, the dates of payment of interest, the paying agents, the transfer agent or agents, the provisions for registration, the redemption provisions, and the manner of execution or, as provided in subsection (11)(d), the limitations within which such detail may be determined by the person designated by the commission.

(4) If after the issuance of notes or bonds, the state transportation commission determines that a project for which the notes or bonds are to be issued should be changed, the state transportation commission, by resolution, adopted after the 30 days' notice of intention to adopt the resolution has been given to the appropriations committees of the

senate and the house of representatives, shall amend the resolution authorizing the bonds or notes to change the description of the project or projects or to substitute a different project or projects for the project for which the notes or bonds were issued and shall make other revisions in the resolution authorizing the notes or bonds with respect to cost as may be necessary to permit the change in or substitution of a project or projects.

(5) Before October 1, 1979, the total amount of bonds and notes issued pursuant to this section for comprehensive transportation purposes as defined by law shall not exceed an amount as will be serviced as to maximum principal and interest requirements by a sum equal to the amount deposited to the credit of the general transportation fund for the fiscal year ending September 30, 1977. After September 30, 1979, the total amount of bonds and notes issued pursuant to this section for comprehensive transportation purposes as defined by law shall not exceed an amount as will be serviced, out of state funds only, as to maximum annual principal and interest requirements by an amount equal to 50% of the total amount of money from taxes, the use of which money is restricted by section 9 of article IX of the state constitution of 1963, and which money is deposited in the state treasury to the credit of the comprehensive transportation fund during the state fiscal year immediately preceding the issuance of the bonds or notes.

(6) The total amount of bonds and notes issued pursuant to this section for transportation purposes described in the second paragraph of section 9 of article IX of the state constitution of 1963 shall not exceed an amount as will be serviced as to the maximum principal and interest requirements by a sum equal to 50% of the total of the amount of money received from taxes, the use of which is restricted by section 9 of article IX of the state constitution of 1963 and which is deposited in the state treasury to the credit of the state trunk line fund during the state fiscal year immediately preceding the issuance of the bonds or notes.

(7) The principal or principal and interest or the portion of principal or interest of bonds or notes which are issued in anticipation of the issuance of bonds or renewal notes or of federal grants as provided in subsection (9) and which do not pledge for their payment money in the state trunk line fund or the comprehensive transportation fund or money received or to be received by the state transportation department from the Michigan transportation fund or the motor vehicle highway fund shall not be considered to be principal and interest requirements subject to the limitation set forth in subsections (5) and (6). The principal of and interest on notes or bonds refunded or for the refunding of which refunding bonds have been sold, whether the bonds to be refunded are to be retired at the time of delivery of the refunding bonds or not, shall not be considered to be principal and interest requirements subject to the limitation set forth in subsections (5) and (6).

(8) In computing the maximum annual principal and interest requirements under subsection (6), the total outstanding maximum annual contributions required to be made by the state highway commission and the state transportation commission pursuant to contracts entered into under the authorization of section 18d, which contributions are pledged to the payment of bonds issued under section 18d, shall be included in the amount.

(9) The state transportation commission may borrow money and issue notes or bonds in anticipation of the receipt of grants from the United States of America or any agency or instrumentality thereof and may pledge for the payment of the principal, interest, and redemption premiums on such notes or bonds 1 or more of the following:

(a) The proceeds of any grant and any investment earnings or gain on the grant.

(b) If deemed advisable by the state transportation commission, money which is restricted as to use by section 9 of article IX of the state constitution of 1963, and which

is deposited or to be deposited in the comprehensive transportation fund, in the case of bonds or notes issued for comprehensive transportation purposes as defined by law, or in the state trunk line fund, in the case of bonds or notes issued for transportation purposes described in the second paragraph of section 9 of article IX of the state constitution of 1963.

(c) If deemed advisable by the state transportation commission, money received or to be received by the state from the sale of the bonds or notes described in this section to be issued after the issuance of the notes or bonds described in this subsection and any investment earnings or gain thereon.

(10) Bonds or notes may be issued under this section as separate issues or series with different dates of issuance, but the aggregate of the bonds or notes shall be subject to the limitations set forth in this section.

(11) The state transportation commission in determining to issue bonds or notes may do 1 or more of the following:

(a) Authorize and enter into insurance contracts, agreements for lines of credit, letters of credit, commitments to purchase obligations, remarketing agreements, reimbursement agreements, and any other transactions to provide security to assure timely payment of any bonds or notes.

(b) Authorize payment from the proceeds of the bonds or notes or other funds available, of the cost of issuance, including, but not limited to, fees for placement, fees or charges for insurance, letters of credit, lines of credit, remarketing agreements, reimbursement agreements, or purchase or sales agreements or commitments, or other agreements to provide security to assure timely payment of bonds or notes.

(c) Authorize principal and interest to be payable from 1 or more of the following:

(*i*) Money described in subsection (3)(a).

(*ii*) Proceeds of bonds or notes.

(*iii*) Earning on proceeds of bonds or notes or other funds held for payment of bonds or notes.

(*iv*) Proceeds of any other security provided to assure timely payment of the bonds or notes.

(*v*) Proceeds of federal grants and other money described in subsection (9).

(*vi*) Any combination of the sources described in subparagraphs (*i*) to (*v*).

(d) Authorize or provide for a person designated by the state transportation commission, but only within limitations which shall be contained in the authorization resolution of the state transportation commission, to do 1 or more of the following:

(*i*) Sell and deliver and receive payment for bonds or notes.

(*ii*) Refund bonds or notes by the delivery of new bonds or notes, whether or not the bonds or notes to be refunded have matured or are subject to redemption prior to maturity on the date of delivery of the refunding bonds or notes.

(*iii*) Deliver bonds or notes partly to refund bonds or notes and partly for any other authorized purposes.

(*iv*) Buy, hold without cancellation, or sell bonds or notes so issued.

(*v*) Approve interest rates or methods for fixing interest rates, prices, discounts, maturities, principal amounts, denominations, dates of issuance, interest payment dates, optional or mandatory redemption or tender rights and obligations to be exercised by the state transportation commission or the holder, the place of delivery and payment, and other matters and procedures necessary to complete the transactions authorized.

(e) In connection with outstanding bonds, notes, or other obligations issued under this act, or in connection with the issuance or proposed issuance of bonds, notes, or other indebtedness, the state transportation commission may authorize by resolution the execution and delivery of agreements providing for interest rate exchanges or swaps, hedges, or similar agreements. The obligations of this state under the agreements, including termination payments, may be made payable from and secured by a pledge of the same sources of funds as the bonds, notes, or other obligations in connection with which the agreements are entered into, or from any other sources of funds available as a payment source of bonds, notes, or other obligations issued under this act. In calculating debt service on bonds, notes, and other obligations, the payments and receipts under the agreements authorized by this subsection, without regard to termination payments, and the payment obligations under the bonds, notes, or other obligations in connection with which the agreements are entered into, shall be aggregated and treated as a single obligation.

(f) Bonds and notes issued under this act are not subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

(g) The issuance of bonds and notes under this section is subject to the agency financing reporting act.

If additionally secured as provided in this subsection, the bonds or notes, notwithstanding other provisions of this act, may be made payable or subject to purchase on demand or prior to maturity at the option of the holder at the time and in the manner as determined by the state transportation commission or the designated person as provided in the resolution authorizing the bonds or notes. Any bonds or notes authorized by this section may bear no interest or interest at a rate or rates which may be variable but which shall be subject to the limitations provided in section 18e as provided in the resolution authorizing the obligations. If bonds or notes are subject to payment or purchase on demand or prior to maturity at the option of the holder, and the obligation of the state to make payment or effect purchases on demand or prior to maturity, at the option of the holder is limited to the proceeds of 1 or more of the additional security devices described in this subsection and is not payable from constitutionally restricted funds deposited in the comprehensive transportation fund or the state trunk line fund, for purposes of computing maximum annual principal and interest requirements under subsections (5) and (6), the principal and interest on the bonds or notes subject to payment or purchase on demand or prior redemption at the option of the holder shall be disregarded and the maximum annual principal and interest requirements which would arise with respect to the repayment of the proceeds of the additional security device shall be substituted therefor.

247.668e Bonds of governmental unit; maturities; interest; measuring maximum annual principal and interest requirements; certification of state transportation commission concerning average annual debt service requirements for certain obligations; "preservation" defined.

Sec. 18e. Except for bonds issued under section 18c, bonds issued by a governmental unit under this act shall be serial bonds with periodic maturities, or term bonds, with mandatory redemption requirements, or both serial and term bonds, the aggregate of which shall not exceed 30 years, the first of which shall fall due not more than 5 years from the date of issuance. Maturities shall be as established by the resolution or ordinance authorizing the bonds or notes, without regard to the useful lives of the projects financed from the proceeds of the bonds or notes. The bonds shall bear interest, taking into account

any discount or premium on the sale of the bonds, at a rate not exceeding the maximum rate permitted by the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821, may be made redeemable before maturity on those terms and conditions, and with the premium as shall be provided by the proceedings authorizing their issuance. Outstanding and authorized bonds issued pursuant to this act may be treated as a single issue for the purpose of fixing maturities. If pursuant to 1952 PA 175, MCL 247.701 to 247.707, or in 1943 PA 143, MCL 141.251 to 141.254, the maximum annual principal and interest requirements on bonds issued by governmental units are required to be measured by reference to amounts received from the motor vehicle highway fund, the requirements shall be measured by the receipts from the motor vehicle highway fund, the Michigan transportation fund, or both funds, and if pursuant to this act the maximum annual principal and interest requirements on bonds or notes issued by governmental units are required to be measured by reference to amounts received from the Michigan transportation fund, the requirements shall be measured by the receipts from the motor vehicle highway fund, the Michigan transportation fund, or both funds. The state transportation commission shall certify, which certification shall, for purposes of the validity of bonds, notes, and other obligations, be conclusive as to the matters stated in the certification, to the state treasury on or before the issuance of any bonds, notes, or other obligations payable from and secured by a lien on the state trunk line fund, issued after July 1, 1983, pursuant to section 18b or 18d for purposes other than the preservation of highways, roads, streets, and bridges and for purposes other than the purposes specified in section 11(2)(b), (c), (d), (g), (h), and (i) that its average annual debt service requirements payable from and secured by a lien on the state trunk line fund for all bonds, notes, and other obligations, or portions of bonds, notes, and other obligations issued after July 1, 1983, for purposes other than the preservation of highways, roads, streets, and bridges and other than for the purposes specified in section 11(2)(b), (c), (d), (g), (h), and (i), including the bonds, notes, or other obligations to be issued does not exceed 10% of the state revenue appropriated to the state trunk line fund, less the amounts described in section 11(2)(a) to (i) during the last completed state fiscal year. The state transportation commission shall certify, which certification shall, for purposes of the validity of bonds, notes, or other certification, to the state treasury on or before the issuance of any bonds, notes, or other obligations issued after December 31, 2001, pursuant to section 18b(9) in anticipation of the receipt of grants from the United States or any agency or instrumentality of the United States for distributions to the credit of the state trunk line fund, and not payable from taxes deposited in the state trunk line fund, for purposes other than the preservation of highways, roads, streets, and bridges and for purposes other than the purposes specified in section 11(2)(b), (c), (f), and (i), that its average annual debt service requirements for all bonds, notes, and other obligations, or portions of bonds, notes, or other obligations issued after December 31, 2001, pursuant to section 18b(9) and not payable from taxes deposited in the state trunk line fund, for purposes other than the preservation of highways, roads, streets, and bridges and other than the purposes specified in section 11(2)(b), (c), (f), and (i), including the bonds, notes, or other obligations to be issued, do not exceed 10% of the federal revenue distributed to the credit of the state trunk line fund during the last completed state fiscal year. If the purpose for which the bonds, notes, or other obligations is issued is changed after the issuance of the bonds, notes, or other obligations, the change shall be made in a manner to maintain compliance with the certification required by the preceding sentence, as of the date the certificate was originally issued, but no change shall invalidate or otherwise affect the bonds, notes, or other obligations with respect to which the certificate was issued, or the obligation to pay debt service on the bonds, notes, or other obligations. As used in this section, "preservation" means preservation as defined in section 10c.

247.670a Contract for preservation of county local road system within township.

Sec. 20a. A board of county road commissioners in a county having a population of not less than 500,000 and the township board of a township having a population of not less than 40,000, as determined by the most recent statewide federal census, and which in the prior year and the contract year will have levied a property tax of not less than 1 mill on each dollar of assessed valuation of the township for the improvement or preservation of county roads within the township, may exercise the provisions of this section only by entering into a written contract of not more than 1 year providing for the preservation by the township of all or any part of the county local road system within that township, subject to, but not limited to, the following conditions:

(a) The contract shall specify the total amount of money that shall be annually expended by the contracting township for the preservation of the local road system or part thereof. The contracting road commission may pay not more than 75% of the amount specified in the contract to the contracting township annually. The contracting road commission shall not pay more than 66% of an amount equal to the average annual amount of funds expended by the county road commission on the local road system located within the contracting township for construction and preservation purposes over the previous 5-year period from local road funds received by the county under this act. Any funds expended by the contracting road commission on the local road system located within the contracting township in excess of 66% shall be matched by the contracting township. The amount paid the contracting township shall not directly or indirectly include moneys transferred from the primary fund allocation to the county as set forth in section 12(8).

(b) The contracting township shall keep separate accounts and accurate and uniform records on all road preservation work and funds, and shall file with the state highway commission and the contracting county road commission on or before April 1 of each year, on forms to be provided by the state highway commission, a report showing the disposition of funds received and expended for road purposes. The failure of a contracting township to apply moneys returned pursuant to this act to the purposes herein prescribed shall result in the forfeiture by the contracting county of any and all funds to which it may have been entitled under this act and all funds so forfeited shall thereafter be apportioned among the other county road commissions in the same manner and proportion as hereinbefore provided for the distribution of the motor vehicle highway fund.

(c) The contract shall require the contracting township to provide insurance covering the contracting road commission's liability for failure to preserve the local roads specified in the contract.

(d) The contracting road commission shall determine and specify the equipment and personnel necessary to provide the preservation as set forth in the contract, and the contract shall not take effect until the contracting township has acquired the necessary equipment and personnel so specified.

(e) As used in this section, the term "preservation" shall be construed to include the same meaning as set forth in section 10c. If the contracting parties intend to give a different meaning than as set forth in section 10c, the contract shall so specify.

This act is ordered to take immediate effect.
Approved July 2, 2002.

[No. 499]

(HB 5396)

AN ACT to amend 1951 PA 51, entitled "An act to provide for the classification of all public roads, streets, and highways in this state, and for the revision of that classification and for additions to and deletions from each classification; to set up and establish the Michigan transportation fund; to provide for the deposits in the Michigan transportation fund of specific taxes on motor vehicles and motor vehicle fuels; to provide for the allocation of funds from the Michigan transportation fund and the use and administration of the fund for transportation purposes; to set up and establish the truck safety fund; to provide for the allocation of funds from the truck safety fund and administration of the fund for truck safety purposes; to set up and establish the Michigan truck safety commission; to establish certain standards for road contracts for certain businesses; to provide for the continuing review of transportation needs within the state; to authorize the state transportation commission, counties, cities, and villages to borrow money, issue bonds, and make pledges of funds for transportation purposes; to authorize counties to advance funds for the payment of deficiencies necessary for the payment of bonds issued under this act; to provide for the limitations, payment, retirement, and security of the bonds and pledges; to provide for appropriations and tax levies by counties and townships for county roads; to authorize contributions by townships for county roads; to provide for the establishment and administration of the state trunk line fund, critical bridge fund, comprehensive transportation fund, and certain other funds; to provide for the deposits in the state trunk line fund, critical bridge fund, comprehensive transportation fund, and certain other funds of money raised by specific taxes and fees; to provide for definitions of public transportation functions and criteria; to define the purposes for which Michigan transportation funds may be allocated; to provide for Michigan transportation fund grants; to provide for review and approval of transportation programs; to provide for submission of annual legislative requests and reports; to provide for the establishment and functions of certain advisory entities; to provide for conditions for grants; to provide for the issuance of bonds and notes for transportation purposes; to provide for the powers and duties of certain state and local agencies and officials; to provide for the making of loans for transportation purposes by the state transportation department and for the receipt and repayment by local units and agencies of those loans from certain specified sources; and to repeal acts and parts of acts," by amending section 9a (MCL 247.659a), as amended by 1998 PA 308.

The People of the State of Michigan enact:

247.659a Definitions; transportation asset management council; creation; charge; membership; appointments; staff and technical assistance; requirements and procedures; technical advisory panel; multiyear program; funding; records on road and bridge work performed and funds expended; report.

Sec. 9a. (1) As used in this section:

(a) "Asset management" means an ongoing process of maintaining, upgrading, and operating physical assets cost-effectively, based on a continuous physical inventory and condition assessment.

(b) "Bridge" means a structure including supports erected over a depression or an obstruction, such as water, a highway, or a railway, for the purposes of carrying traffic or other moving loads, and having an opening measuring along the center of the roadway of

more than 20 feet between undercopings of abutments or spring lines of arches, or extreme ends of openings for multiple boxes where the clear distance between openings is less than 1/2 of the smaller contiguous opening.

(c) "Central storage data agency" means that agency or office chosen by the council where the data collected is stored and maintained.

(d) "Council" means the transportation asset management council created by this section.

(e) "County road commission" means the board of county road commissioners elected or appointed pursuant to section 6 of chapter IV of 1909 PA 283, MCL 224.6, or, in the case of a charter county with a population of 2,000,000 or more with an elected county executive that does not have a board of county road commissioners, the county executive for ministerial functions and the county commission provided for in section 14(1)(d) of 1966 PA 293, MCL 45.514, for legislative functions.

(f) "Department" means the state transportation department.

(g) "Federal-aid eligible" means any public road or bridge that is eligible for federal aid to be spent for the construction, repair, or maintenance of that road or bridge.

(h) "Local road agency" means a county road commission or designated county road agency or city or village that is responsible for the construction or maintenance of public roads within the state under this act.

(i) "Multiyear program" means a compilation of road and bridge projects anticipated to be contracted for by the department or a local road agency during a 3-year period.

(j) "State planning and development regions" means those agencies required by section 134(b) of title 23 of the United States Code, 23 U.S.C. 134, and those agencies established by Executive Directive 1968-1.

(2) In order to provide a coordinated, unified effort by the various roadway agencies within the state, the transportation asset management council is hereby created within the state transportation commission and is charged with advising the commission on a statewide asset management strategy and the processes and necessary tools needed to implement such a strategy beginning with the federal-aid eligible highway system, and once completed, continuing on with the county road and municipal systems, in a cost-effective, efficient manner. Nothing in this section shall prohibit a local road agency from using an asset management process on its non-federal-aid eligible system. The council shall consist of 10 voting members appointed by the state transportation commission. The council shall include 2 members from the county road association of Michigan, 2 members from the Michigan municipal league, 2 members from the state planning and development regions, 1 member from the Michigan townships association, 1 member from the Michigan association of counties, and 2 members from the department. Nonvoting members shall include 1 person from the agency or office selected as the location for central data storage. Each agency with voting rights shall submit a list of 2 nominees to the state transportation commission from which the appointments shall be made. The Michigan townships association shall submit 1 name, and the Michigan association of counties shall submit 1 name. Names shall be submitted within 30 days after the effective date of the 2002 amendatory act that amended this section. The state transportation commission shall make the appointments within 30 days after receipt of the lists.

(3) The positions for the department shall be permanent. The position of the central data storage agency shall be nonvoting and shall be for as long as the agency continues to serve as the data storage repository. The member from the Michigan association of counties shall be initially appointed for 2 years. The member from the Michigan townships

association shall be initially appointed for 3 years. Of the members first appointed from the county road association of Michigan, the Michigan municipal league, and the state planning and development regions, 1 member of each group shall be appointed for 2 years and 1 member of each group shall be appointed for 3 years. At the end of the initial appointment, all terms shall be for 3 years. The chairperson shall be selected from among the voting members of the council.

(4) The department shall provide qualified administrative staff and the state planning and development regions shall provide qualified technical assistance to the council.

(5) The council shall develop and present to the state transportation commission for approval within 90 days after the date of the first meeting such procedures and requirements as are necessary for the administration of the asset management process. This shall, at a minimum, include the areas of training, data storage and collection, reporting, development of a multiyear program, budgeting and funding, and other issues related to asset management that may arise from time to time. All quality control standards and protocols shall, at a minimum, be consistent with any existing federal requirements and regulations and existing government accounting standards.

(6) The council may appoint a technical advisory panel whose members shall be representatives from the transportation construction associations and related transportation road interests. The asset management council shall select members to the technical advisory panel from names submitted by the transportation construction associations and related transportation road interests. The technical advisory panel members shall be appointed for 3 years. The asset management council shall determine the research issues and assign projects to the technical advisory panel to assist in the development of statewide policies. The technical advisory panel's recommendations shall be advisory only and not binding on the asset management council.

(7) Beginning October 1, 2003, the department, each county road commission, and each city and village of this state shall annually prepare and publish a multiyear program, based on long-range plans, and developed through the use of the asset management process described in this section. Projects contained in each local road agency's annual multiyear program shall be consistent with the goals and objectives of the local road agency's long-range plan. A project, funded in whole or part, with state or federal funds, shall be included in any local road agency's multiyear plan.

(8) Funding necessary to support the activities described in this section shall be provided by an annual appropriation from the Michigan transportation fund to the state transportation commission.

(9) The department and each local road agency shall keep accurate and uniform records on all road and bridge work performed and funds expended for the purposes of this section, according to the procedures developed by the council. Each local road agency and the department shall annually report to the council the mileage and condition of the road and bridge system under their jurisdiction and the receipts and disbursements of road and street funds in the manner prescribed by the council, which shall be consistent with any current accounting procedures. An annual report shall be prepared by the staff assigned to the council regarding the results of activities conducted during the preceding year and the expenditure of funds related to the processes and activities identified by the council. The report shall also include an overview of the activities identified for the succeeding year. The council shall submit this report to the state transportation commission, the legislature, and the transportation committees of the house and senate by May 2 of each year.

This act is ordered to take immediate effect.

AN ACT to amend 2001 PA 34, entitled "An act relative to the borrowing of money and the issuance of certain debt and securities; to provide for tax levies and sinking funds; to prescribe powers and duties of certain departments, state agencies, officials, and employees; to impose certain duties, requirements, and filing fees upon political subdivisions of this state; to authorize the issuance of certain debt and securities; to prescribe penalties; and to repeal acts and parts of acts," by amending sections 317, 403, 611, and 701 (MCL 141.2317, 141.2403, 141.2611, and 141.2701).

The People of the State of Michigan enact:

141.2317 Interest rate exchange or swap, hedge, or similar agreement; definitions.

Sec. 317. (1) For the purpose of more effectively managing its debt service, a municipality may enter into an interest rate exchange or swap, hedge, or similar agreement or agreements in connection with the issuance or proposed issuance of debt or in connection with its then outstanding debt.

(2) In connection with entering into an interest rate exchange or swap, hedge, or similar agreement, a municipality may create a reserve fund for the payment of the exchange or swap, hedge, or similar agreement.

(3) An agreement entered into pursuant to this section shall not be included within the total debt of a municipality for any statutory or charter or other debt limitation purpose.

(4) If an interest rate exchange or swap, hedge, or similar agreement described in this section is entered into by a municipality in connection with debt that was not approved by the voters of the municipality, or in connection with a refunding of debt not originally approved by the voters of the municipality, 1 or more of the following apply:

(a) The interest under the agreement constitutes a limited tax full faith and credit pledge from general funds of the municipality.

(b) Subject to any existing contracts, the interest under the agreement shall be payable from any available money or revenue sources, including revenues that shall be specified by the agreement, securing the municipal security in connection with which the agreement is entered into.

(5) If an interest rate exchange or swap, hedge, or similar agreement described in this section is entered into by a municipality in connection with debt that was approved by the voters of the municipality, or in connection with a refunding of debt originally approved by the voters of the municipality, the municipality's interest payment obligation under the agreement shall be considered to be additional interest on the debt, shall constitute an unlimited tax full faith and credit pledge of the municipality, and the municipality shall levy all of the following:

(a) The full amount of taxes required, or in the case of a variable rate obligation the amount reasonably estimated to be required, for the payment of principal and interest on

the municipal securities without limitation as to rate or amount and in addition to other taxes that the municipality may be authorized to levy.

(b) The full amount of taxes required, or in the case of a variable rate obligation the amount reasonably estimated to be required, for the payment of the municipality's net interest obligation under an interest rate exchange or swap, hedge, or similar agreement entered into under this section.

(c) The amounts levied under subdivisions (a) and (b) shall be reduced by any surplus funds on hand in the debt retirement fund in excess of a reasonable reserve as determined by the municipality's chief financial officer.

(6) For purposes of this section, "net interest obligation" means the amount of interest payable by a municipality in a given year under an agreement entered into under this section minus any interest payment received by a municipality from the other party to the agreement in the same period under the agreement, but not less than zero. Termination payments shall constitute interest to the extent that the treatment does not cause the interest rate on the debt to exceed the limits established by this act.

(7) A municipality shall not enter into an agreement under this section unless all of the following conditions are met:

(a) The governing body of the municipality has, by resolution or ordinance, expressly approved the agreement and acknowledged the potential risks associated with the agreement.

(b) The counterparty to the agreement has been assigned a rating of "A" or better, or other rating as the department may determine, by a nationally recognized rating agency at the time the agreement is entered into.

(c) The length of the agreement does not extend beyond the final maturity date of the debt issued in connection with the agreement.

(d) The municipality shall not have waived its right to a jury trial.

(e) The municipality has created a debt management plan.

(f) The municipality has created a swap management plan.

(8) An agreement entered into under this section shall be described in the municipality's annual audit report filed under section 303(1).

(9) As used in this section:

(a) "Debt management plan" means a written debt management plan of the municipality that includes, but is not limited to, the following:

(*i*) Total amount of debt of the municipality.

(*ii*) Total amount of variable rate debt of the municipality.

(*iii*) Analysis of the effect of rising interest rates on variable rate holdings of the municipality.

(*iv*) Analysis of risk in maintaining variable risk holdings.

(b) "Swap management plan" means a written management plan that includes, but is not limited to, all of the following:

(*i*) Analysis of the benefits and costs of entering into swap agreements.

(*ii*) Analysis of the risk associated with entering into swap agreements.

(*iii*) Analysis of early termination, involuntary termination, default, and cost considerations associated with swap agreements.

(*iv*) System in place to monitor the status of all outstanding swap agreements.

141.2403 Resolution authorizing municipal security; tax levy provision; operating expenditures; limitation; set aside of taxes collected; tax installments; capital improvements; debt service charges.

Sec. 403. (1) If a municipality issues a municipal security in anticipation of the collection of the taxes for the next succeeding fiscal year, the resolution authorizing a municipal security shall contain an irrevocable provision for the levying of a tax in the next succeeding fiscal year for the purpose for which the municipal security is to be made and the repayment of the municipal security from the receipt of taxes.

(2) A municipality may issue the short-term municipal security described in subsection (1) to pay for operating expenditures. As used in this section, "operating expenditures" means 1 or more of the following:

(a) Necessary operating expenditures of the municipality that could not reasonably have been foreseen and adequately provided for in the tax levy for the then current fiscal year.

(b) Payment of an expenditure in the then current fiscal year that cannot be funded because of a delay in or failure of receipt of budgeted revenue.

(c) Payment of budgeted expenditures in the then current fiscal year that precede budgeted revenues.

(3) The amount of the municipal securities issued under this section to pay operating expenditures shall not exceed 50% of the operating tax levy for the current fiscal year, or if the operating tax levy for the next succeeding fiscal year is determined, then 50% of the levy for the next succeeding fiscal year. The authorizing resolution shall provide that from the first collections of the operating taxes for the next succeeding fiscal year, there shall be set aside in a special fund to be used for the payment of principal and interest on the tax anticipation municipal security, a portion of each dollar that is not less than 125% of the percentage that the principal amount of the municipal security bears to the amount of the operating taxes until the amount set aside is sufficient for the payment. If a municipality collects its taxes in installments and issues a municipal security in anticipation of more than 1 installment, the requirements of the preceding sentence shall apply to each installment of taxes. The collection of the taxes to be set aside shall not be used for any other purpose. If the municipality determines that issuing municipal securities for this purpose will result in a deficiency in the funds available to pay the necessary operating expenditures of the next succeeding fiscal year, the municipality shall levy additional taxes in the future from within constitutional, charter, and statutory limits to prevent a continuation of the deficiency from year to year.

(4) A municipality may issue a short-term municipal security described in subsection (1) to pay for 1 or more capital improvements that can be legally and properly provided for in the budget of the municipality for the fiscal year in which the municipality issues the short-term municipal security. The principal amount of the municipal security issued for this purpose shall not exceed the sum set forth in the authorizing resolution to be levied for the improvement. The authorizing resolution shall provide that from the first collection of taxes for the next succeeding fiscal year, there shall be set aside in a special fund to be used for the payment of principal and interest on the short-term municipal security that percentage of the collection that the tax levied for capital outlay bears to the total levy, and until the amount set aside is sufficient for the payment, collection of the taxes to be set aside shall not be used for any other purpose.

(5) A municipality may issue the short-term municipal security described in subsection (1) to pay debt service charges or obligations on municipal securities or agreements described in section 317(5).

141.2611 Refund of outstanding securities by issuance of refunding security; prohibition; exception; procedures; reasonable basis.

Sec. 611. (1) Except as provided in section 515 or subsection (2), a municipality shall not refund all or any part of its outstanding securities by issuing a refunding security unless the net present value of the principal and interest to be paid on the refunding security, including the cost of issuance, and taking into account an agreement entered into pursuant to section 317, is less than the net present value of the principal and interest to be paid on the outstanding security being refunded as calculated using a method approved by the department. However, when a municipality is issuing refunding securities for outstanding variable interest rate securities, as determined by the department the net present value calculation shall use the appropriate current fixed interest rate and the fixed interest rate that would have been available for the outstanding variable interest rate securities when originally issued if the outstanding variable interest rate securities had been issued as fixed interest rate securities or shall use another procedure determined by the department.

(2) A municipality may, under procedures established by the department, obtain an exception from the requirements of subsection (1) if the department determines a reasonable basis for that exception exists. As used in this subsection, reasonable basis means 1 or more of the following:

(a) The refunding is required by a state or federal agency.

(b) The refunding is necessary to reduce or eliminate requirements of ordinances or covenants applicable to the existing outstanding security.

(c) The refunding is necessary to avoid a potential default on an outstanding security.

(d) The refunding of a short-term municipal security issued under section 413.

141.2701 Annual tax levy; determination; limitation not applicable; adjustment in event of surplus funds; use of money remaining in debt retirement fund; priority; set aside of tax collections allocable to principal and interest payment; failure of officer to perform duties; "tax levy" defined.

Sec. 701. (1) Subject to subsection (3), if a municipality has municipal securities outstanding, or with the approval of its electors has authorized the issuance of municipal securities to be paid from collections of its next tax levy, an officer or official body charged with a duty in connection with the determination of the amount of the next taxes to be raised or with the levying of the next taxes, shall include all of the following in the amount of taxes levied each year:

(a) An amount such that the estimated collections will be sufficient to promptly pay, when due, the interest on all municipal securities and the portion of the principal falling due whether by maturity or by mandatory redemption before the time of the following year's tax collection.

(b) An amount, if there are outstanding mandatory redemption refunding securities, sufficient to provide the sum required to be deposited, by the ordinance or resolution authorizing the issue, into the sinking fund for that purpose before the time of the following year's tax collection.

(c) An amount, if there are outstanding mandatory redemption municipal securities other than refunding securities not required to be redeemed in annual amounts before the maturity of the outstanding mandatory redemption municipal securities, that if deposited annually into a sinking fund will, with the existing sinking fund pertaining to the

municipal securities and the increment of the municipal securities, be sufficient to pay the municipal securities at maturity.

(d) An amount necessary to pay debt service charges or obligations on municipal securities or agreements described in section 317(5) falling due in the immediately preceding fiscal year, to the extent that the tax levy in the preceding fiscal year was inadequate to pay, when due, the debt service charges or obligations on municipal securities or agreements described in section 317(5). The municipality shall do 1 or more of the following with the proceeds of the tax levy:

(*i*) Deposit in the debt retirement fund established for the municipal securities and used to pay debt service charges or obligations on municipal securities or agreements described in section 317(5).

(*ii*) Use to pay debt service on short-term municipal securities issued under section 403(5).

(*iii*) Use to reimburse the municipality for any advances of funds used for the purposes described in subparagraph (*i*) or (*ii*).

(2) Subsection (1) does not limit the amount required to be levied in a year for the purposes prescribed in that subsection, by the terms of an ordinance or resolution authorizing the issuance of the municipal securities.

(3) If the municipal securities were authorized or issued before December 23, 1978, or were approved by the electors of a municipality, the municipality shall levy the full amount of taxes required by this section for the payment of the municipal securities without limitation as to rate or amount and in addition to other taxes that the municipality may be authorized to levy. If the municipal securities were authorized or issued by a municipality after December 22, 1978, and were not approved by the electors of the municipality, the municipality shall set aside each year from the levy and collection of ad valorem taxes as required by this section as a first budget obligation for the payment of the municipal securities. However, the ad valorem taxes shall be subject to applicable charter, statutory, or constitutional rate limitations.

(4) If there is surplus money on hand for the payment of principal or interest at the time of making an annual tax levy, and provision has not been made in the authorizing resolution for the disposition of that money, the annual levy for principal or interest shall be adjusted to reflect available funds.

(5) Money remaining in a debt retirement fund from the levy of a tax or an account within a debt retirement fund from the levy of a tax after the retirement of all municipal securities payable from that fund shall be used in the following order of priority:

(a) To pay other outstanding unlimited tax full faith and credit municipal securities.

(b) To pay other outstanding limited tax full faith and credit municipal securities.

(c) To be deposited in the general fund of the municipality.

(6) As taxes are collected, there shall be set aside that portion of the collections that is allocable to the payment of the principal and interest on the municipal securities. The portion set aside shall be divided pro rata among the various sinking funds and debt retirement funds in accordance with the amount levied for that purpose. Tax collections paid into a debt retirement fund, if the fund is for the payment of more than 1 issue of municipal securities, shall be allocated on the books and records of the municipality between the various issues in accordance with the amounts levied for that purpose.

(7) An officer who willfully fails to perform duties required by this section is personally liable to the municipality or to a holder of a municipal security for loss or damage arising from his or her failure.

(8) As used in this section, "tax levy" includes special assessments.

This act is ordered to take immediate effect.

(SB 356)

AN ACT to amend 1951 PA 33, entitled "An act to provide police and fire protection for townships and for certain areas in townships, certain incorporated villages, and cities under 15,000 population; to authorize contracting for fire and police protection; to authorize the purchase of fire and police equipment, and the maintenance and operation of the equipment; to provide for defraying the cost of the equipment; to authorize the creation of special assessment districts and the levying and collecting of special assessments; to authorize the issuance of special assessment bonds in anticipation of the collection of special assessments and the advancement of the amount necessary to pay such bonds, and to provide for reimbursement for such advances by reassessment if necessary; to authorize the collection of fees for certain emergency services in townships and other municipalities; to authorize the creation of administrative boards and to prescribe their powers and duties; to provide for the appointment of traffic officers and to prescribe their powers and duties; and to repeal certain acts and parts of acts," by amending section 1 (MCL 41.801), as amended by 1998 PA 545.

The People of the State of Michigan enact:

41.801 Purchase of police and fire motor vehicles, apparatus, equipment, and housing; appropriation; special assessment; bonds; election; estimate of cost and expenses; special assessment district; hearing; publication or posting of notice; distribution of special assessment levy; transfer or loan of money from general fund; repayment; exercise of powers; assessment after December 31, 1998; "taxable value" defined; finding of invalid assessment; bonds subject to revised municipal finance act.

Sec. 1. (1) The township board of a township, or the township boards of adjoining townships acting jointly, whether or not the townships are located in the same county, may purchase police and fire motor vehicles, apparatus, equipment, and housing and for that purpose may provide by resolution for the appropriation of general or contingent funds. Before January 1, 1999, the appropriation for fire motor vehicles, apparatus, equipment, and housing in a 1-year period shall not exceed 10 mills of the assessed valuation of the area in their respective townships for which fire protection is to be furnished. After December 31, 1998, the appropriation for fire motor vehicles, apparatus, equipment, and housing in a 1-year period shall not exceed 10 mills of the taxable value of the area in their respective townships for which fire protection is to be furnished. Before January 1, 1999, the appropriation for police motor vehicles, apparatus, equipment, and housing in a 1-year period shall not exceed 10 mills of the assessed valuation of the area in their respective townships for which police protection is to be furnished. After December 31, 1998, the appropriation for police motor vehicles, apparatus, equipment, and

housing in a 1-year period shall not exceed 10 mills of the taxable value of the area in their respective townships for which police protection is to be furnished.

(2) The township board of a township, or the township boards of adjoining townships acting jointly, whether or not the townships are located in the same county, may provide annually by resolution for the appropriation of general or contingent funds for maintenance and operation of police and fire departments.

(3) The township board, or the township boards of adjoining townships acting jointly, may provide that the sums prescribed in subsection (2) for purchasing and housing equipment, for the operation of the equipment, or both, may be defrayed by special assessment on the lands and premises in the township or townships to be benefited, except, beginning in 2002, lands and premises exempt from the collection of taxes under the general property tax act, 1893 PA 206, MCL 211.1 to 211.157, and may issue bonds in anticipation of the collection of these special assessments. The question of raising money by special assessment may be submitted to the electors of the township or townships by the township board, or township boards acting jointly, at a general election or special election called for that purpose by the township board or township boards. The question of raising money by special assessment shall be submitted by the township board, or township boards acting jointly, if in the affected township, or in each of the affected townships, the owners of 10% of the land to be made into a special assessment district petition the township board or boards.

(4) If a special assessment district is proposed under subsection (3), the township board, or township boards acting jointly, shall estimate the cost and expenses of the police and fire motor vehicles, apparatus, equipment, and housing and police and fire protection, and fix a day for a hearing on the estimate and on the question of creating a special assessment district and defraying the expenses of the special assessment district by special assessment on the property to be especially benefited, except, beginning in 2002, property exempt from the collection of taxes under the general property tax act, 1893 PA 206, MCL 211.1 to 211.157. The hearing shall be a public meeting held in compliance with the open meetings act, 1976 PA 267, MCL 15.261 to 15.275. Public notice of the time, date, and place of the meeting shall be given in the manner required by the open meetings act, 1976 PA 267, MCL 15.261 to 15.275. In addition, the township board, or township boards acting jointly, shall publish in a newspaper of general circulation in the proposed district a notice stating the time, place, and purpose of the meeting. If there is not a newspaper of general circulation in the proposed district, notices shall be posted in not less than 3 of the most public places in the proposed district. This notice shall be published or posted not less than 5 days before the hearing. On the day appointed for the hearing, the township board, or township boards acting jointly, shall be in session to hear objections that may be offered against the estimate and the creation of the special assessment district. Before January 1, 1999, if the township board, or township boards acting jointly, determine to create a special assessment district, they shall determine the boundaries by resolution, determine the amount of the special assessment levy, and direct the supervisor or supervisors to spread the assessment levy on all of the lands and premises in the district that are to be especially benefited by the police and fire protection, according to benefits received, except, beginning in 2002, lands and premises exempt from the collection of taxes under the general property tax act, 1893 PA 206, MCL 211.1 to 211.157, to defray the expenses of police and fire protection. After December 31, 1998, if the township board, or township boards acting jointly, determine to create a special assessment district, they shall determine the boundaries by resolution, determine the amount of the special assessment levy, and direct the supervisor or supervisors to spread the assessment levy on the taxable value of all of the lands and premises in the district that are to be especially

benefited by the police and fire protection, according to benefits received, except, beginning in 2002, lands and premises exempt from the collection of taxes under the general property tax act, 1893 PA 206, MCL 211.1 to 211.157, to defray the expenses of police and fire protection. The township board, or township boards acting jointly, shall hold a hearing on objections to the distribution of the special assessment levy. This hearing shall be held in the same manner and with the same notice as provided in this section. The township board, or township boards acting jointly, shall annually determine the amount to be assessed in the district for police and fire protection, shall direct the supervisor or supervisors to distribute the special assessment levy, and shall hold a hearing on the estimated costs and expenses of police and fire protection and on the distribution of the levy. The assessment may be made either in a special assessment roll or in a column provided in the regular tax roll. The assessment shall be distributed and shall become due and be collected at the same time as other township taxes are assessed, levied, and collected, and shall be returned in the same manner for nonpayment. If a township has a July property tax levy, not more than 2 mills of the assessment may be collected at the same time and in the same manner as the July levy. If the collections received from the special assessment levied to defray the cost or portion intended to be defrayed for police and fire protection are, at any time, insufficient to meet the obligations or expenses incurred for the maintenance and operation of the police and fire departments, the township board of the township, or township boards acting jointly, may, by resolution, authorize the transfer or loan of sufficient money from the general fund of the township or townships, to the special assessment police and fire department fund. This money shall be repaid to the general fund of the township or townships out of special assessment funds when collected.

(5) The powers granted by this act with respect to police and fire protection may be exercised with respect to police protection alone, fire protection alone, or police and fire protection in combination.

(6) After December 31, 1998, an ad valorem special assessment levied under this act shall be levied on the taxable value of the property assessed.

(7) As used in this section, "taxable value" means that value determined under section 27a of the general property tax act, 1893 PA 206, MCL 211.27a.

(8) If the levy of an ad valorem special assessment on the property's taxable value is found to be invalid by a court of competent jurisdiction, the levy of the ad valorem special assessment shall be levied on the property's state equalized value.

(9) Bonds issued under this act are subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

This act is ordered to take immediate effect.

(SB 1359)

AN ACT to amend 1953 PA 232, entitled "An act to revise, consolidate, and codify the laws relating to probationers and probation officers, to pardons, reprieves, commutations, and paroles, to the administration of correctional institutions, correctional farms, and

probation recovery camps, to prisoner labor and correctional industries, and to the supervision and inspection of local jails and houses of correction; to provide for the siting of correctional facilities; to create a state department of corrections, and to prescribe its powers and duties; to provide for the transfer to and vesting in said department of powers and duties vested by law in certain other state boards, commissions, and officers, and to abolish certain boards, commissions, and offices the powers and duties of which are transferred by this act; to allow for the operation of certain facilities by private entities; to prescribe the powers and duties of certain other state departments and agencies; to provide for the creation of a local lockup advisory board; to prescribe penalties for the violation of the provisions of this act; to make certain appropriations; to repeal certain parts of this act on specific dates; and to repeal all acts and parts of acts inconsistent with the provisions of this act," by amending sections 25a and 36a (MCL 791.225a and 791.236a), section 25a as added by 1993 PA 184 and section 36a as amended by 1993 PA 346.

The People of the State of Michigan enact:

791.225a Supervision fees; collection; records; payment; waiver; determination; allocation of money collected for other obligations; administrative costs; enhanced services; unpaid amounts.

Sec. 25a. (1) The department shall collect supervision fees ordered under section 13(2) of chapter II or section 1 or 3c of chapter XI of the code of criminal procedure, 1927 PA 175, MCL 762.13, 771.1, and 771.3c. The department shall maintain records of supervision fees ordered by the court, including records of payment by persons subject to supervision fees and any amounts of supervision fees past due and owing.

(2) A supervision fee is payable when the order of delayed sentence or order of probation is entered, unless the court allows a person who is subject to a supervision fee to pay the fee in monthly installments.

(3) The department shall waive any applicable supervision fee for a person who is transferred to another state under the interstate compact entered into pursuant to 1935 PA 89, MCL 798.101 to 798.103, or the interstate compact entered into pursuant to 2002 PA 40, MCL 3.1011 to 3.1012, for the months during which he or she is in another state. The department shall collect a supervision fee of not more than $135.00 per month for each month of supervision in this state for an offender transferred to this state under an interstate compact. In determining the amount of the fee, the department shall consider the offender's projected income and financial resources. The department shall use the following table of projected monthly income in determining the amount of the fee:

Projected Monthly Income	Amount of Fee
$ 0-249.99	$ 0.00
$ 250.00-499.99	$10.00
$ 500.00-749.99	$25.00
$ 750.00-999.99	$40.00
$ 1,000.00 or more	5% of monthly income, but not more than $135.00

The department may collect a higher amount than indicated by the table, up to the maximum of $135.00 for each month of supervision in this state, if the department determines that the offender has sufficient assets or other financial resources to warrant the higher amount. If the department collects a higher amount, the amount and the reasons for collecting that amount shall be stated in the department records.

(4) If a person who is subject to a supervision fee is also subject to any combination of fines, costs, restitution orders, assessments, or payments arising out of the same criminal proceeding, the allocation of money collected for those obligations shall be as otherwise provided in the code of criminal procedure, 1927 PA 175, MCL 760.1 to 777.69.

(5) Twenty percent of the money collected by the department under this section shall be allocated for administrative costs incurred by the department in collecting supervision fees and for enhanced services, as described in this subsection. Enhanced services include, but are not limited to, the purchase of services for offenders such as counseling, employment training, employment placement, or education; public transportation expenses related to training, counseling, or employment; enhancement of staff performance through specialized training and equipment purchase; and purchase of items for offender employment. The department shall develop priorities for expending the money for enhanced services in consultation with circuit judges in this state. At the end of each fiscal year, the unexpended balance of the money allocated for administrative costs and enhanced services shall be available for carryforward to be used for the purposes described in this subsection in subsequent fiscal years.

(6) If a person has not paid the full amount of a supervision fee upon being discharged from probation, or upon termination of the period of delayed sentence for a person subject to delayed sentence, the department shall review and compare the actual income of the person during the period of probation or delayed sentence with the income amount projected when the supervision fee was ordered. If the department determines that the person's actual income did not equal or exceed the projected income, the department shall waive any unpaid amount in excess of the total amount that the person would have been ordered to pay if the person's income had been accurately projected, unless the court order states that a higher amount was ordered due to available assets or other financial resources. Any unpaid amounts not waived by the department shall be reported to the department of treasury. The department of treasury shall attempt to collect the unpaid balances pursuant to section 30a of 1941 PA 122, MCL 205.30a. Money collected under this subsection shall not be allocated for the purposes described in subsection (5).

791.236a Collection of supervision fee by parole board; limitation; payment; determination of amount; allocation of money collected for other obligations; waiver of fee; determination and collection of fee for offender transferred to state under interstate compact; administrative costs; unpaid amounts.

Sec. 36a. (1) The parole board shall include in each order of parole that the department of corrections shall collect a parole supervision fee of not more than $135.00 multiplied by the number of months of parole ordered, but not more than 60 months. The fee is payable when the parole order is entered, but the fee may be paid in monthly installments if the parole board approves installment payments for that parolee. In determining the amount of the fee, the parole board shall consider the parolee's projected income and financial resources. The parole board shall use the following table of projected monthly income in determining the amount of the fee to be ordered:

Projected Monthly Income	Amount of Fee
$ 0-249.99	$ 0.00
$ 250.00-499.99	$10.00
$ 500.00-749.99	$25.00
$ 750.00-999.99	$40.00
$ 1,000.00 or more	5% of monthly income, but not more than $135.00

The parole board may order a higher amount than indicated by the table, up to the maximum of $135.00 multiplied by the number of months of parole ordered but not more than 60 months, if the parole board determines that the parolee has sufficient assets or other financial resources to warrant the higher amount. If the parole board orders a higher amount, the amount and the reasons for ordering that amount shall be stated in the parole order.

(2) If a person who is subject to a supervision fee is also subject to any combination of fines, costs, restitution, assessments, or payments arising out of the same criminal proceeding, the allocation of money collected for those obligations shall be as provided in section 22 of chapter XV of the code of criminal procedure, 1927 PA 175, MCL 775.22.

(3) A person shall not be subject to more than 1 parole supervision fee at the same time. If a parole supervision fee is ordered for a parolee for any month or months during which that parolee already is subject to a parole supervision fee, the department shall waive the fee having the shorter remaining duration.

(4) The department shall waive the parole supervision fee for a parolee who is transferred to another state under the interstate compact entered into pursuant to 1935 PA 89, MCL 798.101 to 798.103, or the interstate compact entered into pursuant to 2002 PA 40, MCL 3.1011 to 3.1012, for the months during which he or she is in another state. The department shall collect a parole supervision fee of not more than $135.00 per month for each month of parole supervision in this state for an offender transferred to this state under an interstate compact. In determining the amount of the fee, the department shall consider the parolee's projected income and financial resources. The department shall use the following table of projected monthly income in determining the amount of the fee:

Projected Monthly Income	Amount of Fee
$ 0-249.99	$ 0.00
$ 250.00-499.99	$10.00
$ 500.00-749.99	$25.00
$ 750.00-999.99	$40.00
$ 1,000.00 or more	5% of monthly income, but not more than $135.00

The department may collect a higher amount than indicated by the table, up to the maximum of $135.00 for each month of parole supervision in this state, if the department determines that the parolee has sufficient assets or other financial resources to warrant the higher amount. If the department collects a higher amount, the amount and the reasons for collecting that amount shall be stated in the department records.

(5) Twenty percent of the money collected by the department under this section shall be allocated for administrative costs incurred by the department in collecting parole supervision fees and for enhanced services, as described in this subsection. Enhanced services include, but are not limited to, the purchase of services for parolees such as counseling, employment training, employment placement, or education; public transportation expenses related to training, counseling, or employment; enhancement of staff performance through specialized training and equipment purchase; and purchase of items for parolee employment. At the end of each fiscal year, the unexpended balance of the money allocated for administrative costs and enhanced services shall be available for carry-forward to be used for the purposes described in this subsection in subsequent fiscal years.

(6) If a parolee has not paid the full amount of the parole supervision fee upon being discharged from parole, the department shall review and compare the actual income of the person during the period of parole with the income amount projected when the parole supervision fee was ordered. If the department determines that the parolee's actual

income did not equal or exceed the projected income, the department shall waive any unpaid amount in excess of the total amount that the parolee would have been ordered to pay if the parolee's income had been accurately projected, unless the parole order states that a higher amount was ordered due to available assets or other financial resources. Any unpaid amounts not waived by the department shall be reported to the department of treasury. The department of treasury shall attempt to collect the unpaid balances pursuant to section 30a of 1941 PA 122, MCL 205.30a. Money collected under this subsection shall not be allocated for the purposes described in subsection (5).

This act is ordered to take immediate effect.

AN ACT to amend 1993 PA 327, entitled "An act to provide for a tax upon the sale and distribution of tobacco products; to regulate and license manufacturers, wholesalers, secondary wholesalers, vending machine operators, unclassified acquirers, transportation companies, transporters, and retailers of tobacco products; to prescribe the powers and duties of the revenue division and the department of treasury in regard to tobacco products; to provide for the administration, collection, and disposition of the tax; to provide for the enforcement of this act; to provide for the appointment of special investigators as peace officers for the enforcement of this act; to prescribe penalties and provide remedies for the violation of this act; and to repeal acts and parts of acts," by amending sections 7 and 12 (MCL 205.427 and 205.432), as amended by 1997 PA 187, and by adding section 6c.

The People of the State of Michigan enact:

205.426c Acquisition of cigarettes from nonparticipating manufacturer.

Sec. 6c. (1) A nonparticipating manufacturer shall by April 30 of each year certify to the department that it is not a participant in the master settlement agreement and that it has performed its obligation to establish a qualified escrow account and deposited funds into that account under 1999 PA 244, MCL 445.2051 to 445.2052.

(2) The certification of compliance shall be on a form prescribed by the department, shall contain all of the information requested on the form, and shall include a list of all brand names of cigarettes sold by the nonparticipating manufacturer for consumption in this state during the calendar year immediately preceding the certification date.

(3) A nonparticipating manufacturer shall provide a copy of the certification of compliance to the attorney general and any wholesaler, unclassified acquirer, or other person to whom the nonparticipating manufacturer makes a sale of its cigarettes for subsequent sale in this state.

(4) A wholesaler, unclassified acquirer, or other person who is provided with a certification of compliance under this section shall retain the certification of compliance for not less than 4 years from the date the certification of compliance was received.

(5) A wholesaler or unclassified acquirer shall report to the department all cigarettes that it acquires that were manufactured by a nonparticipating manufacturer. A wholesaler or unclassified acquirer that has not voluntarily submitted annual reports described in this subsection for periods beginning December 28, 1999 shall file those reports with the department within 60 days of the effective date of the amendatory act that added this section. The report shall be on a form prescribed by the department and attached to the return required under section 7. A wholesaler or unclassified acquirer that has not acquired any cigarettes from a nonparticipating manufacturer shall file the report with the return required under section 7 stating that it has not purchased, acquired, exported, or returned cigarettes related to a nonparticipating manufacturer. The information contained in this report is for the purposes of enforcing 1999 PA 244, MCL 445.2051 to 445.2052, and does not constitute information obtained in connection with the administration of a tax under section 28(1)(f) of 1941 PA 122, MCL 205.28. A wholesaler or unclassified acquirer shall retain a copy of the report for not less than 4 years from the date the report was filed with the department. If a wholesaler or unclassified acquirer does not file a report or knowingly files an incomplete or inaccurate report under this subsection, the department may do 1 or more of the following:

(a) Assess a penalty under this section.

(b) Prohibit the wholesaler or unclassified acquirer from obtaining cigarette stamps from the department until a complete and accurate report is filed.

(c) Revoke the wholesaler's or unclassified acquirer's license under section 5, only after conducting a hearing.

(6) A nonparticipating manufacturer that has not provided the certification of compliance required by this section shall not make a sale of cigarettes in this state or a sale within or outside this state to any person for sale, distribution, or consumption in this state.

(7) A person shall not purchase, acquire, possess, or sell cigarettes acquired from or manufactured by a nonparticipating manufacturer that has not provided the certification of compliance to the department as required under this section and that has not provided the person with a copy of the certification of compliance if required to do so under subsection (3).

(8) The department shall maintain and regularly update a list of participating manufacturers and nonparticipating manufacturers that have provided the certification of compliance required under this section. The department shall publish the list on its website and provide a copy of the list to a person upon request.

(9) If a wholesaler or unclassified acquirer receives a certification of compliance from a nonparticipating manufacturer that is not included in the list maintained by the department, the wholesaler or unclassified acquirer shall within 10 business days after receiving the certification of compliance provide a copy of the certification of compliance and the name and address of the nonparticipating manufacturer to the department.

(10) Thirty days after the department posts on its website and provides wholesalers and unclassified acquirers a notice of a second or subsequent knowing violation of a provision of 1999 PA 244, MCL 445.2051 to 445.2052, or a notice of a judgment the department has against a nonparticipating manufacturer, the department may seize or confiscate from any person any cigarettes in that person's possession that were acquired from or manufactured by that nonparticipating manufacturer. Beginning May 1, 2003, the department may seize or confiscate from any person any cigarettes in that person's possession that were acquired from or manufactured by a nonparticipating manufacturer if that nonparticipating manufacturer has not provided the certification required by this

section. Seizure, confiscation, forfeiture, and sale of cigarettes under this section shall be accomplished under section 9.

(11) The department may impose on any person a civil fine not to exceed $1,000.00 for each violation of this section. The civil fine is in addition to all other fines or penalties imposed by this act or 1941 PA 122, MCL 205.1 to 205.31.

(12) As used in this section:

(a) "Cigarette" means that term as defined in 1999 PA 244, MCL 445.2051 to 445.2052.

(b) "Nonparticipating manufacturer" means a manufacturer of cigarettes that is not a participating manufacturer as that term is defined in 1999 PA 244, MCL 445.2051 to 445.2052. Nonparticipating manufacturer also includes the first purchaser of cigarettes manufactured outside the United States for resale in the United States.

205.427 Levy of tax on sale of tobacco products; filing return; payment of tax; inventory; importation or acquisition of tobacco product; tax abatement or refund; reimbursement by adding to price of tobacco product; sale or transfer of unaffixed stamps by wholesaler or unclassified acquirer; prohibition; return or exchange of unaffixed stamps; inspection; reports.

Sec. 7. (1) Beginning May 1, 1994, a tax is levied on the sale of tobacco products sold in this state as follows:

(a) Through July 31, 2002, for cigars, noncigarette smoking tobacco, and smokeless tobacco, 16% of the wholesale price.

(b) For cigarettes, 37.5 mills per cigarette.

(c) Beginning August 1, 2002, for cigarettes, in addition to the tax levied in subdivision (b), an additional 15 mills per cigarette.

(d) Beginning August 1, 2002, for cigarettes, in addition to the tax levied in subdivisions (b) and (c), an additional 10 mills per cigarette.

(e) Beginning August 1, 2002, for cigars, noncigarette smoking tobacco, and smokeless tobacco, 20% of the wholesale price.

(2) On or before the twentieth day of each calendar month, every licensee under section 3 other than a retailer, secondary wholesaler, unclassified acquirer licensed as a manufacturer, or vending machine operator shall file a return with the department stating the wholesale price of each tobacco product other than cigarettes purchased, the quantity of cigarettes purchased, the wholesale price charged for all tobacco products other than cigarettes sold, the number of individual packages of cigarettes and the number of cigarettes in those individual packages, and the number and denominations of stamps affixed to individual packages of cigarettes sold by the licensee for each place of business in the preceding calendar month. The return shall also include the number and denomination of unaffixed stamps in the possession of the licensee at the end of the preceding calendar month. Wholesalers shall also report accurate inventories of cigarettes, both stamped and unstamped at the end of the preceding calendar month. Wholesalers and unclassified acquirers shall also report accurate inventories of affixed and unaffixed stamps by denomination at the beginning and end of each calendar month and all stamps acquired during the preceding calendar month. The return shall be signed under penalty of perjury. The return shall be on a form prescribed by the department and shall contain or be accompanied by any further information the department requires.

(3) To cover the cost of expenses incurred in the administration of this act, at the time of the filing of the return, the licensee shall pay to the department the tax levied in

subsection (1) for tobacco products sold during the calendar month covered by the return, less compensation equal to both of the following:

(a) One percent of the total amount of the tax due on tobacco products sold other than cigarettes.

(b) Through July 31, 2002, 1.25% of the total amount of the tax due on cigarettes sold.

(c) Beginning August 1, 2002, 1.5% of the total amount of the tax due on cigarettes sold.

(4) Every licensee and retailer who, on August 1, 2002, has on hand for sale any cigarettes upon which a tax has been paid pursuant to subsection (1)(b) shall file a complete inventory of those cigarettes before September 1, 2002 and shall pay to the department at the time of filing this inventory a tax equal to the difference between the tax imposed in subsection (1)(b), (c), and (d) and the tax that has been paid under subsection (1)(b). Every licensee and retailer who, on August 1, 2002, has on hand for sale any cigars, noncigarette smoking tobacco, or smokeless tobacco upon which a tax has been paid pursuant to subsection (1)(a) shall file a complete inventory of those cigars, noncigarette smoking tobacco, and smokeless tobacco before September 1, 2002 and shall pay to the department at the time of filing this inventory a tax equal to the difference between the tax imposed in subsection (1)(e) and the tax that has been paid under subsection (1)(a).

(5) The department may require the payment of the tax imposed by this act upon the importation or acquisition of a tobacco product. A tobacco product for which the tax under this act has once been imposed and that has not been refunded if paid is not subject upon a subsequent sale to the tax imposed by this act.

(6) An abatement or refund of the tax provided by this act may be made by the department for causes the department considers expedient. The department shall certify the amount and the state treasurer shall pay that amount out of the proceeds of the tax.

(7) A person liable for the tax may reimburse itself by adding to the price of the tobacco products an amount equal to the tax levied under this act.

(8) A wholesaler, unclassified acquirer, or other person shall not sell or transfer any unaffixed stamps acquired by the wholesaler or unclassified acquirer from the department. A wholesaler or unclassified acquirer who has any unaffixed stamps on hand at the time its license is revoked or expires, or at the time it discontinues the business of selling cigarettes, shall return those stamps to the department. The department shall refund the value of the stamps, less the appropriate discount paid.

(9) If the wholesaler or unclassified acquirer has unsalable packs returned from a retailer, secondary wholesaler, vending machine operator, wholesaler, or unclassified acquirer with stamps affixed, the department shall refund the amount of the tax less the appropriate discount paid. If the wholesaler or unclassified acquirer has unaffixed unsalable stamps, the department shall exchange with the wholesaler or unclassified acquirer new stamps in the same quantity as the unaffixed unsalable stamps. An application for refund of the tax shall be filed on a form prescribed by the department for that purpose, within 4 years from the date the stamps were originally acquired from the department. A wholesaler or unclassified acquirer shall make available for inspection by the department the unused or spoiled stamps and the stamps affixed to unsalable individual packages of cigarettes. The department may, at its own discretion, witness and certify the destruction of the unused or spoiled stamps and unsalable individual packages of cigarettes that are not returnable to the manufacturer. The wholesaler or unclassified acquirer shall provide certification from the manufacturer for any unsalable individual packages of cigarettes that are returned to the manufacturer.

(10) On or before the twentieth of each month, each manufacturer shall file a report with the department listing all sales of tobacco products to wholesalers and unclassified acquirers during the preceding calendar month and any other information the department finds necessary for the administration of this act. This report shall be in the form and manner specified by the department.

(11) Each wholesaler or unclassified acquirer shall submit to the department an unstamped cigarette sales report on or before the twentieth day of each month covering the sale, delivery, or distribution of unstamped cigarettes during the preceding calendar month to points outside of Michigan. A separate schedule shall be filed for each state, country, or province into which shipments are made. For purposes of the report described in this subsection, "unstamped cigarettes" means individual packages of cigarettes that do not bear a Michigan stamp. The department may provide the information contained in this report to a proper officer of another state, country, or province reciprocating in this privilege.

205.432 Disposition of proceeds from taxes, fees, and penalties.

Sec. 12. (1) The proceeds derived from the payment of taxes, fees, and penalties provided for under this act and the license fees received by the department shall be deposited with the state treasurer and disbursed only as provided in this section.

(2) The tax imposed under section 7(1)(a) shall be disbursed as follows:

(a) 94% of the proceeds shall be credited to the state school aid fund established by section 11 of article IX of the state constitution of 1963.

(b) 6% of the proceeds shall be credited to the healthy Michigan fund created under section 5953 of the public health code, 1978 PA 368, MCL 333.5953.

(3) The tax imposed on cigarettes under section 7(1)(b) shall be disbursed as follows:

(a) Beginning May 1, 1994, 5.3% of the proceeds shall be credited to the health and safety fund created in the health and safety fund act, 1987 PA 264, MCL 141.471 to 141.479.

(b) 25.3% of the proceeds shall be credited to the general fund of this state.

(c) 63.4% of the proceeds shall be credited to the state school aid fund established by section 11 of article IX of the state constitution of 1963.

(d) 6% of the proceeds shall be credited to the healthy Michigan fund created under section 5953 of the public health code, 1978 PA 368, MCL 333.5953.

(4) Beginning August 1, 2002, the tax imposed on cigarettes under section 7(1)(c) shall be disbursed as follows:

(a) 74.2% of the proceeds shall be credited to the general fund of this state. However, beginning October 1, 2004 and through September 30, 2007, the proceeds described in this subdivision shall be credited to the countercyclical budget and economic stabilization fund created under section 351 of the management and budget act, 1984 PA 431, MCL 18.1351.

(b) 4.6% of the proceeds shall be credited to the state school aid fund established by section 11 of article IX of the state constitution of 1963.

(c) 6.0% of the proceeds shall be credited to the healthy Michigan fund created under section 5953 of the public health code, 1978 PA 368, MCL 333.5953.

(d) 3.0% of the proceeds shall be paid to counties with a 2000 population of more than 2,000,000, to be used only for indigent health care.

(e) 12.2% of the proceeds shall be credited to the medicaid benefits trust fund created under section 5 of the Michigan trust fund act, 2000 PA 489, MCL 12.255.

(5) Beginning August 1, 2002, the tax imposed under section 7(1)(e) shall be disbursed as follows:

(a) 75.6% of the proceeds shall be credited to the state school aid fund established by section 11 of article IX of the state constitution of 1963.

(b) 6.0% of the proceeds shall be credited to the healthy Michigan fund created under section 5953 of the public health code, 1978 PA 368, MCL 333.5953.

(c) 18.4% of the proceeds shall be credited to the general fund of this state. However, beginning October 1, 2004 and through September 30, 2007, the proceeds described in this subdivision shall be credited to the countercyclical budget and economic stabilization fund created under section 351 of the management and budget act, 1984 PA 431, MCL 18.1351.

(6) Beginning August 1, 2002, the tax imposed on cigarettes under section 7(1)(d) shall be disbursed as follows:

(a) 94.0% of the proceeds shall be credited to the state school aid fund established by section 11 of article IX of the state constitution of 1963.

(b) 6.0% of the proceeds shall be credited to the healthy Michigan fund created under section 5953 of the public health code, 1978 PA 368, MCL 333.5953.

(7) The proceeds of the fees and penalties provided for in this act shall be used for the administration of this act.

This act is ordered to take immediate effect.

AN ACT to amend 1984 PA 431, entitled "An act to prescribe the powers and duties of the department of management and budget; to define the authority and functions of its director and its organizational entities; to authorize the department to issue directives; to provide for the capital outlay program; to provide for the leasing, planning, constructing, maintaining, altering, renovating, demolishing, conveying of lands and facilities; to provide for centralized administrative services such as purchasing, payroll, record retention, data processing, and publishing and for access to certain services; to provide for a system of internal accounting and administrative control for certain principal departments; to provide for an internal auditor in certain principal departments; to provide for certain powers and duties of certain state officers and agencies; to codify, revise, consolidate, classify, and add to the powers, duties, and laws relative to budgeting, accounting, and the regulating of appropriations; to provide for the implementation of certain constitutional provisions; to create funds and accounts; to make appropriations; to prescribe remedies and penalties; to rescind certain executive reorganization orders; to prescribe penalties; and to repeal certain acts and parts of acts," by amending sections 237, 353c, and 358 (MCL 18.1237, 18.1353c, and 18.1358), section 237 as amended by 1999 PA 8, section 353c

as amended by 2001 PA 161, and section 358 as amended by 2000 PA 189, and by adding section 237b.

The People of the State of Michigan enact:

18.1237 Acquisition, construction, lease purchase, improvement, or demolition of facilities; studies, designs, plans, specifications, and contract documents; employment and duties of architects and professional engineers; quality control; independent testing services; final approval; review by attorney general.

Sec. 237. (1) For state agency capital outlay projects or facilities, the department is responsible for development, oversight, review, and approval of program statements, studies, designs, plans, management, specifications, contract documents, construction management, and construction, relative to the acquisition, construction, lease purchase, improvement, demolition, or other capital outlay projects for state agencies for which an appropriation or other authorization has been made.

(2) The department shall approve the award, selection, and employment of architects, professional engineers, construction managers, and other design or construction professional services contractors, subject to section 237b and rules of the department of civil service, to do all of the following:

(a) Prepare program statements, studies, designs, plans, and specifications for the construction of, repairing of, making additions to, remodeling or demolition of, lease purchase of, or acquisition of state facilities.

(b) Administer construction work, including resident inspectors, on-site management, and supervision of construction projects.

(3) The department may obtain independent testing services to provide quality control of work performed on facilities.

(4) Prior to state building authority financing, the department shall provide final approval of the capital outlay project to ensure compliance with the authorized program, plans, and specifications.

(5) The attorney general shall review all standard lease and lease purchase agreement formats and approve any exceptions to the standard formats and may assess a fee for legal services pursuant to an agreement with the department.

18.1237b Architects, professional engineers, professional surveyors, and qualified firms; selection.

Sec. 237b. The selection of architects, professional engineers, professional surveyors, and qualified firms shall be made in accordance with competitive, qualifications-based selection processes and procedures for the type of professional service required by the department.

18.1353c Appropriation of amounts to pay certain court settlements and purchase certain mineral rights.

Sec. 353c. (1) For the fiscal year ending September 30, 1995 only, there is appropriated from the fund to the general fund the sum of $59,500,000.00 to be used to pay the court settlement amount for the department of natural resources in the matter of Miller Brothers, et al v State of Michigan, et al (Court of Claims docket no. 88-11848-CM).

(2) For the fiscal year ending September 30, 1995 only, there is appropriated from the fund to the general fund the sum of $875,000.00 to be used to pay the court settlement

liquidated damages for the department of natural resources in the matter of Miller Brothers, et al v State of Michigan, et al (Court of Claims docket no. 88-11848-CM).

(3) For the fiscal year ending September 30, 1995 only, there is appropriated from the fund to the general fund the sum of $30,000,000.00 to be used to pay the court settlement and purchase mineral rights for the department of natural resources in the matter of Carnagel Oil Associates, et al v State of Michigan, et al (Court of Claims docket no. 88-11848-CC).

(4) For the fiscal year ending September 30, 1995 only, there is appropriated to the department of natural resources from the general fund $59,500,000.00. This appropriation may only be used to pay the court settlement associated with the matter of Miller Brothers, et al v State of Michigan, et al (Court of Claims docket no. 88-11848-CM).

(5) For the fiscal year ending September 30, 1995 only, there is appropriated to the department of natural resources from the general fund $875,000.00. This appropriation may only be used to pay the court settlement liquidated damages associated with the matter of Miller Brothers, et al v State of Michigan, et al (Court of Claims docket no. 88-11848-CM).

(6) For the fiscal year ending September 30, 1995 only, there is appropriated to the department of natural resources from the general fund $30,000,000.00. This appropriation may only be used to pay the court settlement and purchase mineral rights associated with the matter of Carnagel Oil Associates, et al v State of Michigan, et al (Court of Claims docket no. 88-11848-CC). The payment authorized under this subsection shall be made on or before November 30, 1995.

(7) It is the intent of the legislature that money appropriated from the fund to pay the court settlement and liquidated damages associated with the matter of Miller Brothers, et al v State of Michigan, et al (Court of Claims docket no. 88-11848-CM) be repaid to the fund from the Michigan strategic fund created in the Michigan strategic fund act, 1984 PA 270, MCL 125.2001 to 125.2093.

(8) It is the intent of the legislature that money appropriated from the fund to pay the court settlement and purchase mineral rights associated with the matter of Carnagel Oil Associates, et al v State of Michigan, et al (Court of Claims docket no. 88-11848-CC) be repaid to the fund from the Michigan strategic fund created in the Michigan strategic fund act, 1984 PA 270, MCL 125.2001 to 125.2093.

(9) Following November 13, 1995, if the recipient of the $59,500,000.00 appropriation pursuant to subsections (1) and (4) obtains, by lease, purchase, or otherwise, the mineral rights for the real property that was the subject of the court settlement referenced in this section, the state shall seek repayment of that portion of the $59,500,000.00 settlement that was not attributed to the cost of the initial lease or to lawfully accrued interest.

(10) For the fiscal year ending September 30, 2001 only, there is appropriated from the fund to the general fund the sum of $77,000,000.00.

(11) For the fiscal year ending September 30, 2001 only, the state budget director, before the final accounting of state revenues and expenditures is completed, shall calculate the amount of funds that will be necessary to ensure a zero balance in the general fund/general purpose state budget at bookclosing. This calculation shall be made excluding any net general fund/general purpose appropriation lapses that occur when the final accounting of state expenditures is completed. For purposes of this calculation, the closure or reduction of prior year work projects shall not be considered appropriation lapses. The state budget director shall provide a report to the house and senate appropriations committees and the house and senate fiscal agencies of this calculation as soon as it is

completed. Based on this calculation, there is appropriated from the fund to the general fund the amount calculated by the state budget director, not to exceed $200,000,000.00.

(12) For the fiscal year ending September 30, 2002 only, there is appropriated from the fund to the general fund the sum of $335,000,000.00.

(13) In addition to subsection (12), for the fiscal year ending September 30, 2002 only, there is appropriated from the fund to the school aid fund the sum of $350,000,000.00.

(14) For the fiscal year ending September 30, 2002 only, the state budget director, before the final accounting of state revenues and expenditures is completed, shall calculate the amount of funds that will be necessary to ensure a zero balance in the general fund state budget at bookclosing. This calculation shall be made excluding $114,500,000.00. The state budget director shall provide a report to the house and senate appropriations committees and the house and senate fiscal agencies of this calculation as soon as it is completed. Based on this calculation, there is appropriated from the fund to the general fund the amount calculated by the state budget director.

(15) For the fiscal year ending September 30, 2003 only, there is appropriated from the fund to the general fund the sum of $207,000,000.00.

18.1358 Emergency appropriation from fund; conditions; amounts.

Sec. 358. (1) Except as otherwise provided in this section, the legislature may make an emergency appropriation from the fund subject to all of the following conditions:

(a) The maximum appropriation from the fund for budget stabilization as provided in section 352(2) has already been made for the current fiscal year.

(b) The legislature has approved the emergency appropriations bill by a 2/3 majority vote of the members elected to and serving in each house.

(c) The emergency appropriations bill becomes law.

(2) The additional transfer from the fund may be made only for the current fiscal year.

(3) For the fiscal year ending September 30, 2001, the fiscal year ending September 30, 2002 and for each fiscal year beginning with the fiscal year ending September 30, 2004 and ending with the fiscal year ending September 30, 2016, there is appropriated and transferred from the fund to the state trunk line fund established under section 11 of 1951 PA 51, MCL 247.661, the sum of $35,000,000.00.

(4) For the fiscal year ending September 30, 2000, there is appropriated and transferred from the fund to the state trunk line fund established under section 11 of 1951 PA 51, MCL 247.661, the sum of $37,100,000.00.

(5) For the fiscal year ending September 30, 2000, an amount equal to the unreserved general fund/general purpose balance transferred to the fund for the fiscal year ending September 30, 2000, but not to exceed $62,900,000.00, is appropriated and transferred from the fund to the state trunk line fund established under section 11 of 1951 PA 51, MCL 247.661.

This act is ordered to take immediate effect.

AN ACT to amend 1893 PA 206, entitled "An act to provide for the assessment of rights and interests, including leasehold interests, in property and the levy and collection of taxes on property, and for the collection of taxes levied; making those taxes a lien on the property taxed, establishing and continuing the lien, providing for the sale or forfeiture and conveyance of property delinquent for taxes, and for the inspection and disposition of lands bid off to the state and not redeemed or purchased; to provide for the establishment of a delinquent tax revolving fund and the borrowing of money by counties and the issuance of notes; to define and limit the jurisdiction of the courts in proceedings in connection with property delinquent for taxes; to limit the time within which actions may be brought; to prescribe certain limitations with respect to rates of taxation; to prescribe certain powers and duties of certain officers, departments, agencies, and political subdivisions of this state; to provide for certain reimbursements of certain expenses incurred by units of local government; to provide penalties for the violation of this act; and to repeal acts and parts of acts," by amending section 42a (MCL 211.42a), as amended by 1994 PA 415.

The People of the State of Michigan enact:

211.42a Use of computerized data base as tax roll; authorization; requirements; certification; computer terminal for public viewing; noncompliance; notice; failure to correct condition of noncompliance; withdrawal of approval; proceedings; rules.

Sec. 42a. (1) Subject to this section, a local tax collecting unit may use a computerized data base system as the tax roll if any of the following apply:

(a) The local unit obtains written authorization from the state tax commission.

(b) The treasurer of the county in which the local tax collecting unit is located obtains written authorization from the state tax commission for the use by the county treasurer or local tax collecting units within the county of an approved computerized data base system as the tax roll. This subdivision shall not be construed to prohibit a local tax collecting unit from seeking authorization from the state tax commission to use a computerized data base system developed by the local tax collecting unit.

(c) The state tax commission fails to authorize or deny within 120 days a written request from a county treasurer or a local tax collecting unit under this subsection to use a computerized data base system as the tax roll.

(2) The state tax commission shall authorize the use of a computerized data base system as the tax roll if the local tax collecting unit or the county treasurer demonstrates that the proposed system has the capacity to enable a local unit to comply and the local unit complies with all of the following requirements:

(a) An original precollection tax roll shall be printed from the computerized data base and warranted by the assessor. That printed precollection tax roll shall be maintained by the assessor until the expiration of the redemption period provided in section 78k following the entry of a judgment foreclosing property forfeited for delinquent taxes under section 78g, or the resolution of all pending appeals, whichever is later.

(b) A separate computer printout of all parcel splits and combinations, including sufficient information to document the accuracy of the splits or combinations, shall be prepared and maintained by the assessor until the expiration of the redemption period

provided in section 78k following the entry of a judgment foreclosing property forfeited for delinquent taxes under section 78g, or the resolution of all pending appeals, whichever is later.

(c) A separate computer printout of all corrections and adjustments to the precollection tax roll authorized by action of the board of review, state tax commission, or tax tribunal, including sufficient information to document the accuracy of all corrections and adjustments, shall be prepared and maintained by the assessor until the expiration of the redemption period provided in section 78k following the entry of a judgment foreclosing property forfeited for delinquent taxes under section 78g, or the resolution of all pending appeals, whichever is later.

(d) The local tax collecting treasurer and the assessor shall produce a final computer printed settlement tax roll to certify taxes collected to the county treasurer under section 55. The assessor shall certify that taxable values, state equalized valuations, adjusted valuations, and the spread of taxes and adjusted taxes are correctly recorded in the settlement tax roll. The local tax collecting treasurer shall certify delinquent taxes and certify that all tax collections are posted on the settlement tax roll. Those certifications and the settlement tax roll shall be transmitted to the county treasurer. The affidavit attached to the settlement tax roll shall include documentation that authorizes and reports all changes in the precollection tax roll.

(e) The treasurer of the local tax collecting unit shall prepare and maintain a journal of the collections totaled and reconciled to the amount of actual collections daily.

(f) A payment of the tax shall be posted to the computerized data base system using a transaction or receipt number with the date of payment. A posting on the computerized data base system is considered the entry of the fact and date of payment in an indelible manner on the tax roll as required by section 46(2).

(g) The computerized data base system has internal and external security procedures sufficient to assure the integrity of the system.

(h) The local tax collecting unit is capable of making available a posted computer printed tax roll.

(i) The computerized data base system is compatible with the system used by the county treasurer for the collection of delinquent taxes.

(3) Not later than May 1 of the third year following the year in which a local tax collecting unit begins using a computerized data base system as the tax roll after approval under subsection (1) and every 3 years thereafter, the local tax collecting unit shall certify to the state tax commission that the requirements of this section are being met.

(4) A county treasurer or local tax collecting unit that provides a computer terminal for public viewing of the tax roll is considered having the tax roll available for public inspection.

(5) If at any time the state treasurer or the state tax commission believes that a local tax collecting unit is no longer in compliance with subsection (2), the state treasurer or the state tax commission shall provide written notice to that local tax collecting unit. The notice shall specify the reasons that use of the computerized data base system as the original tax roll is no longer in compliance with subsection (2). The local tax collecting unit has not less than 60 days to provide evidence that the local tax collecting unit is in compliance with subsection (2) or that action to correct noncompliance has been implemented. If, after the expiration of 60 days, the state tax commission or the state treasurer believes that the local tax collecting unit is not taking satisfactory steps to correct a condition of noncompliance, the state tax commission upon its own motion may,

and upon the request of the state treasurer shall, withdraw approval of the use of the computerized data base system as the original tax roll. Proceedings of the state tax commission under this subsection shall be in accordance with rules for other proceedings of the commission promulgated under the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328, and shall not be considered a contested case.

This act is ordered to take immediate effect.

AN ACT to amend 1966 PA 189, entitled "An act to provide procedures for making complaints for, obtaining, executing and returning search warrants; and to repeal certain acts and parts of acts," by amending section 1 (MCL 780.651), as amended by 2002 PA 128.

The People of the State of Michigan enact:

780.651 Issuance of search warrant; requirements; making affidavit for search warrant or search warrant by electronic or electromagnetic means; proof; paper quality and durability standards; oath or affirmation administered by electronic or electromagnetic means; impression seal; nonpublic information; suppression order.

Sec. 1. (1) When an affidavit is made on oath to a magistrate authorized to issue warrants in criminal cases, and the affidavit establishes grounds for issuing a warrant pursuant to this act, the magistrate, if he or she is satisfied that there is probable cause for the search, shall issue a warrant to search the house, building, or other location or place where the property or thing to be searched for and seized is situated.

(2) An affidavit for a search warrant may be made by any electronic or electromagnetic means of communication if both of the following occur:

(a) The judge or district court magistrate orally administers the oath or affirmation to an applicant for a search warrant who submits an affidavit under this subsection.

(b) The affiant signs the affidavit. Proof that the affiant has signed the affidavit may consist of an electronically or electromagnetically transmitted facsimile of the signed affidavit.

(3) A judge may issue a written search warrant in person or by any electronic or electromagnetic means of communication. If a court order required pursuant to section 625a of the Michigan vehicle code, 1949 PA 300, MCL 257.625a, is issued as a search warrant, the written search warrant may be issued in person or by any electronic or electromagnetic means of communication by a judge or by a district court magistrate.

(4) The peace officer or department receiving an electronically or electromagnetically issued search warrant shall receive proof that the issuing judge or district court magistrate has signed the warrant before the warrant is executed. Proof that the issuing judge or district court magistrate has signed the warrant may consist of an electronically or electromagnetically transmitted facsimile of the signed warrant.

(5) The state court administrator shall establish paper quality and durability standards for warrants issued under this section.

(6) If an oath or affirmation is orally administered by electronic or electromagnetic means of communication under this section, the oath or affirmation is considered to be administered before the judge or district court magistrate.

(7) If an affidavit for a search warrant is submitted by electronic or electromagnetic means of communication, or a search warrant is issued by electronic or electromagnetic means of communication, the transmitted copies of the affidavit or search warrant are duplicate originals of the affidavit or search warrant and are not required to contain an impression made by an impression seal.

(8) Except as provided in subsection (9), an affidavit for a search warrant contained in any court file or court record retention system is nonpublic information.

(9) On the fifty-sixth day following the issuance of a search warrant, or on August 1, 2002, whichever is later, the search warrant affidavit contained in any court file or court record retention system is public information unless, before the fifty-sixth day after the search warrant is issued, or before August 1, 2002, whichever is later, a peace officer or prosecuting attorney obtains a suppression order from a magistrate upon a showing under oath that suppression of the affidavit is necessary to protect an ongoing investigation or the privacy or safety of a victim or witness. The suppression order may be obtained ex parte in the same manner that the search warrant was issued. An initial suppression order issued under this subsection expires on the fifty-sixth day after the order is issued. A second or subsequent suppression order may be obtained in the same manner as the initial suppression order and shall expire on a date specified in the order. This subsection and subsection (8) do not affect a person's right to obtain a copy of a search warrant affidavit from the prosecuting attorney or law enforcement agency under the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

This act is ordered to take immediate effect.

AN ACT to amend 1978 PA 368, entitled "An act to protect and promote the public health; to codify, revise, consolidate, classify, and add to the laws relating to public health; to provide for the prevention and control of diseases and disabilities; to provide for the classification, administration, regulation, financing, and maintenance of personal, environmental, and other health services and activities; to create or continue, and prescribe the powers and duties of, departments, boards, commissions, councils, committees, task forces, and other agencies; to prescribe the powers and duties of governmental entities and officials; to regulate occupations, facilities, and agencies affecting the public health; to regulate health maintenance organizations and certain third party administrators and insurers; to provide for the imposition of a regulatory fee; to promote the efficient and economical delivery of health care services, to provide for the appropriate utilization of health care facilities and services, and to provide for the closure of hospitals or consolidation of hospitals or services; to provide for the collection and use of data and information; to provide for the transfer of property; to provide certain immunity from liability; to regulate and prohibit the sale and offering for sale of drug paraphernalia under certain

circumstances; to provide for the implementation of federal law; to provide for penalties and remedies; to provide for sanctions for violations of this act and local ordinances; to provide for an appropriation and supplements; to repeal certain acts and parts of acts; to repeal certain parts of this act; and to repeal certain parts of this act on specific dates," by amending section 12541 (MCL 333.12541).

The People of the State of Michigan enact:

333.12541 Testing and evaluating quality of water at bathing beaches; purpose; posting sign; injunction; definitions.

Sec. 12541. (1) The local health officer or an authorized representative of the local health department having jurisdiction may test and otherwise evaluate the quality of water at bathing beaches to determine whether the water is safe for bathing purposes. However, the local health officer or authorized representative shall notify the city, village, or township in which the bathing beach is located prior to conducting the test or evaluation.

(2) If a local health officer or an authorized representative of a local health department conducts a test or evaluation of a bathing beach under subsection (1), within 36 hours of conducting the test or evaluation, he or she shall notify the department, the city, village, or township in which the bathing beach is located, and the owner of the bathing beach of the results of the test or evaluation.

(3) The owner of the bathing beach shall post at the main entrance to the bathing beach or other visible location a sign that states whether or not the bathing beach has been tested or evaluated under subsection (1) and, if the bathing beach has been tested, the location of where test results may be reviewed. Open stretches of beach or beaches at road ends that are not advertised or posted as public bathing beaches do not need to have signs posted.

(4) If a local health officer or authorized representative of the local health department conducts a test or evaluation under subsection (1) and, based upon the standards promulgated under section 12544, the health officer or the authorized representative determines that the water is unsafe for bathing, he or she may petition the circuit court of the county in which the bathing beach is located for an injunction ordering the person owning or operating the bathing beach to close the bathing beach for use by bathers or ordering other measures to keep persons from entering on the bathing beach. Upon receipt of a petition under this subsection, the court may grant an injunction if circumstances warrant it.

(5) As used in this section:

(a) "Bathing beach" means a beach or bathing area offered to the public for recreational bathing or swimming. It does not include a public swimming pool as defined in section 12521.

(b) "Department" means the department of environmental quality.

AN ACT to amend 2001 PA 63, entitled "An act to create a department of history, arts, and libraries; to provide for its administration; and to provide for its powers, duties, functions, and responsibilities," by amending sections 2 and 21 (MCL 399.702 and 399.721) and by adding sections 7 and 22.

The People of the State of Michigan enact:

399.702 Definitions.

Sec. 2. As used in this act:

(a) "Commission" means the Michigan film advisory commission created in section 22.

(b) "Council" means the Michigan council for arts and cultural affairs established by Executive Order No. 1991-21.

(c) "Department" means the department of history, arts, and libraries created in section 3.

(d) "Director" means the director of the department.

(e) "Office" means the Michigan film office created in section 21.

(f) "Person" means an individual, partnership, corporation, association, governmental entity, or other legal entity.

(g) "Type II transfer" means that term as it is defined in section 3 of the executive organization act of 1965, 1965 PA 380, MCL 16.103.

399.707 Agreements with other governmental entities; purpose.

Sec. 7. (1) The department may enter into cooperative agreements, contracts, or other agreements with 1 or more governmental entities to use the personnel, services, or facilities of the entity to assist with carrying out the duties, functions, and responsibilities of the department as provided in this act and as otherwise provided by law.

(2) The director may delegate his or her authority to execute an agreement authorized in subsection (1) to another officer or employee of the department under terms the director considers appropriate.

399.721 Michigan film office; creation; appointment of commissioner; duties of office.

Sec. 21. (1) The Michigan film office is created in the department and shall be headed by the Michigan film commissioner. The director shall appoint an individual to serve as the Michigan film commissioner.

(2) The office shall do all of the following:

(a) Promote and market Michigan's locations, talent, crews, facilities, and technical production and other services.

(b) Provide to interested persons descriptive and pertinent information on locations, talent, crews, facilities, and technical production and other services.

(c) Provide technical assistance to the film and television industry in locating and securing the use of locations, talent, crews, facilities, and services.

(d) Encourage community and Michigan film and television production industry participation in, and coordination with, state efforts to attract film and television production in Michigan.

(e) Serve as chief state liaison with the film and television production industry and with other governmental units and agencies for the purpose of promoting, encouraging, and facilitating film and television production in Michigan.

399.722 Michigan film advisory commission; creation; membership; chairperson; terms; vacancy; compensation; duties; meetings; compliance with open meetings act; writings subject to freedom of information act; exception; use of information for personal gain.

Sec. 22. (1) The Michigan film advisory commission is created in the department. The commission shall consist of the following members:

(a) Thirteen individuals appointed by the governor as follows:

(*i*) Five members associated with broad areas of film and motion picture making, production of television programs and commercials, and related industries in Michigan.

(*ii*) Two members representing Michigan-based theater owners, 1 of whom shall be a large theater owner. As used in this subdivision, "large theater" means a theater with 10 screens or more or that seats 1,000 individuals or more.

(*iii*) Two members from film, television, or related industry unions.

(*iv*) Three members appointed from the public at large and not active in the film, television, and related industries.

(*v*) One member representing local units of government.

(b) One individual appointed by the speaker of the house of representatives.

(c) One individual appointed by the senate majority leader.

(2) The Michigan film commissioner shall serve as an ex officio nonvoting member of the commission.

(3) The governor shall appoint 1 member of the commission to serve as chairperson of the commission for a term of 1 year. The governor may reappoint the chairperson for an additional term of 1 year. A member shall not serve as chairperson for more than 2 consecutive terms.

(4) The term of office of each regular member of the commission shall be 3 years and until the appointment and qualification of the member's successor. If a vacancy occurs on the commission, that vacancy shall be filled within 90 days after the vacancy occurs for the remainder of the unexpired term. The vacancy shall be filled in the same manner as the original appointment. An individual who is appointed to fill a vacancy is eligible for appointment to a subsequent full term.

(5) Members of the commission shall serve without compensation but, subject to appropriations, may receive reimbursement for their actual and necessary expenses while attending meetings or performing other authorized official business of the commission.

(6) The commission may do 1 or more of the following:

(a) Advise the governor, the department, the office, and the legislature on how to promote and market Michigan's locations, crews, facilities, and technical production facilities and other services used by film, television, and related industries.

(b) Encourage community and Michigan film and television production industry participation in, and coordination with, state efforts to attract film, television, and related production to Michigan.

(c) Assist the office in promoting, encouraging, and facilitating film, television, and related production in Michigan.

(d) Develop strategies and methods to attract film, television, and related business to Michigan.

(e) Under direction of the office, provide assistance to film, television, and related service personnel who use Michigan as a business location.

(f) Sponsor and support official functions for film, television, and related industries.

(g) Assist in the establishment of film and television ventures and such related matters as the office or the department considers appropriate.

(7) The commission shall meet not less than 3 times each year. The commission shall also meet at the call of its chairperson.

(8) A meeting of the commission shall be conducted as a public meeting held in compliance with the open meetings act, 1976 PA 267, MCL 15.261 to 15.275. Notice of the date, time, and place of a public meeting of the commission shall be given as prescribed in the open meetings act, 1976 PA 267, MCL 15.261 to 15.275.

(9) A writing prepared, owned, used, in the possession of, or retained by the commission when performing business of the commission is subject to the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246, except that such a writing may be kept confidential for up to 6 months after the date a request to inspect, obtain, or copy the writing is received, if, in the judgment of the chairperson of the commission, disclosure of the record would compromise or otherwise undermine the ability of Michigan industry to compete in the promotion and marketing of Michigan's locations, crews, facilities, and technical production and other services.

(10) A member of the commission shall not use for personal gain information obtained by the member while performing business of the commission, nor shall a member of the commission disclose confidential information obtained by the member while conducting commission business, except as necessary to perform commission business.

This act is ordered to take immediate effect.

(HB 4414)

AN ACT to amend 1976 PA 451, entitled "An act to provide a system of public instruction and elementary and secondary schools; to revise, consolidate, and clarify the laws relating to elementary and secondary education; to provide for the organization, regulation, and maintenance of schools, school districts, public school academies, and intermediate school districts; to prescribe rights, powers, duties, and privileges of schools, school districts, public school academies, and intermediate school districts; to provide for the regulation of school teachers and certain other school employees; to provide for school elections and to prescribe powers and duties with respect thereto; to provide for the levy and collection of taxes; to provide for the borrowing of money and issuance of bonds and other evidences of indebtedness; to establish a fund and provide for expenditures from that fund; to provide for and prescribe the powers and duties of certain state departments, the state board of education, and certain other boards and officials; to provide for licensure of boarding schools; to prescribe penalties; and to repeal acts and parts of acts," by amending sections 859, 1053, and 1059 (MCL 380.859, 380.1053, and 380.1059), section 1053 as amended by 1993 PA 9 and section 1059 as amended by 1992 PA 263.

The People of the State of Michigan enact:

380.859 Form of proposition; voting devices and election supplies; board of election inspectors; oath; affirmative vote of majority required; effective date of consolidation; compensation, expenses, and costs.

Sec. 859. (1) The proposition shall be in substantially the following form:

"Shall the territory of the following school districts be united to form 1 school district?

(Names of school districts to be consolidated to be listed here)

Yes ( )

No ( )"

(2) Printed ballots, voting machines, or other voting devices shall be used. The intermediate superintendent shall supply printed ballots, poll books, and other necessary election supplies to each board of election inspectors of the election unit of the school districts operating less than 12 grades.

(3) The secretary of the board of each school district operating 12 grades shall provide printed ballots for the election and supply all election materials necessary for the election. The board of each school district operating 12 grades shall appoint the necessary members to the board of election inspectors as determined under section 1059.

(4) The members of the intermediate school board shall act as the board of election inspectors for the election held in school districts operating less than 12 grades. The intermediate board may appoint additional persons to a board of election inspectors. If more than 1 place for holding the election is designated by the intermediate superintendent, the members of the intermediate school board shall be apportioned by the intermediate superintendent to the boards of election inspectors. If a member of the intermediate school board or other person appointed to a board of election inspectors is unable to be present at the election or is required to leave during the hours the polls are open, the remaining members of the board of election inspectors may appoint another person to fill the vacancy.

(5) Each member of a board of election inspectors shall take the constitutional oath of office before entering on the duties of an election inspector.

(6) The affirmative vote of a majority of the school electors voting on the question in each of the election units is necessary to effect the consolidation of the school districts. The consolidation is effective as of the date of the official canvass.

(7) The members of the intermediate school board and other election inspectors acting in the election unit of a school district operating less than 12 grades shall receive the same compensation for conducting the election as is authorized for election inspectors in a general election under the Michigan election law, 1954 PA 116, MCL 168.1 to 168.992. If the consolidation becomes effective, expenses incurred for the election in each election unit shall be certified to the board of the consolidated school district. The school board shall pay election costs from the funds of the consolidated school district. If the proposition to consolidate is not approved, the intermediate school board shall determine the expenses of the election held in the election unit operating less than 12 grades and apportion the expenses equally among the school districts of the election unit. Each school board of the election unit shall pay the apportionment to the intermediate school board.

380.1053 Board situated wholly or partly in city or township; agreement to use registration records; election officials; expenses; conduct of annual and special elections; formation of voting precincts; time of registration; filing nominating petitions.

Sec. 1053. (1) The board of a school district situated wholly or partly in a city or township, by agreement with the governing body of the city or township, may use the registration records of the city or township at an election held by the school district on terms and conditions, including the payment of the necessary expenses of an election, agreed upon by the school board and the governing body of the city or township. If a school district situated wholly or partly in a city or township holds an election at the same time that the city or township holds an election, the election commissioners and other election officials, except for election inspectors, conducting the city or township election may act in their respective capacities for the school election when agreed upon by the board of the school district and the governing body of the city or township for that portion of the school district situated in the city or township. If agreed upon by the board of the

school district and the governing body of the city or township, an election inspector conducting the city or township election may serve as an election inspector for the school election. The expense of the election shall be paid proportionately by the school district and the city or township.

(2) The board of a school district situated wholly or partly in a city or township, upon agreement with the governing body of the city or township, may determine that the city or township by its proper officials shall conduct annual and special elections on behalf of the school district in that portion of the school district lying within the boundaries of the city or township on terms and conditions, including the payment of the necessary expenses, agreed upon by the school district and the city or township.

(3) The agreement to use the registration records of the city or township for school elections and for conducting the school elections by the city or township officials shall be continuing and shall be terminated only on 12 months' notice by either party.

(4) The board of a school district shall form the school district into 1 or more voting precincts. If the city or township officials conduct an election for a school district under this section, the voting precincts of the school district shall be the same as those of the city or township for that portion of the school district lying within the boundaries of the city or township.

(5) A person registering after 5 p.m. on the thirtieth day immediately before an annual or special school election or, if that day is a Saturday, Sunday, or legal holiday, after 5 p.m. of the next following day that is not a Saturday, Sunday, or legal holiday, is not eligible to vote in the annual or special school election.

(6) An agreement under this section for conducting the school elections by the city or township officials may provide that nominating petitions for board members be filed with the city or township clerk not later than the twelfth Tuesday before the date of the election.

380.1059 Board of election inspectors; appointment and oath of members; vacancies; canvassing; returns.

Sec. 1059. (1) Except when the school election is conducted by city or township officials under section 1053, the school board shall appoint 3 or more qualified and registered electors for each voting precinct to serve as the board of election inspectors in that precinct. A member of the board of election inspectors shall be a qualified and registered elector of the county in which the school district is located or, if the school district is located in more than 1 county, a qualified and registered elector of any county in which the school district is located. Appointments shall be made at least 10 days before the date of an election. Each member shall take the constitutional oath of office and is entitled to administer oaths to persons in connection with the election. In case of inability or refusal of an election inspector to act, the school board may fill the vacancy. If all members are not present at the time of opening the polls, the members of the board of election inspectors present may fill vacancies. The election inspectors, including the election inspectors of an election conducted by city or township officials, immediately after canvassing the votes shall make their return of the canvas and deliver the same to the secretary of the school board.

(2) School district elections shall be canvassed in the manner prescribed in sections 1009 and 1010.

This act is ordered to take immediate effect.

AN ACT to amend 1933 PA 167, entitled "An act to provide for the raising of additional public revenue by prescribing certain specific taxes, fees, and charges to be paid to the state for the privilege of engaging in certain business activities; to provide, incident to the enforcement thereof, for the issuance of licenses to engage in such occupations; to provide for the ascertainment, assessment and collection thereof; to appropriate the proceeds thereof; and to prescribe penalties for violations of the provisions of this act," (MCL 205.51 to 205.78) by adding section 5b; and to repeal acts and parts of acts.

The People of the State of Michigan enact:

205.55b Qualified athletic event; tax exemption.

Sec. 5b. (1) Notwithstanding the provisions of section 2, the organizing entity of a qualified athletic event that sells corporate sponsor contracts for the event that include both taxable tangible personal property and nontaxable services may apply the tax only to the amount charged for the sale of taxable tangible personal property if all of the following criteria have been met:

(a) The organizing entity is exempt or is wholly owned by an entity exempt under section 501(c)(6) of the internal revenue code of 1986.

(b) The organizing entity provided both of the following to the department at least 180 days in advance of entering into the first corporate sponsor contract:

(*i*) Written notice of its intent to enter into corporate sponsor contracts.

(*ii*) An itemized schedule of the taxable tangible personal property and nontaxable services that will be provided under each corporate sponsor contract.

(c) The department has given written approval to the organizing entity's allocation of the tax among taxable tangible personal property and nontaxable services.

(2) As used in this section, "qualified athletic event" means either of the following:

(a) A professional sporting competition in which individuals officially representing at least 2 countries or nations compete.

(b) A professional football competition in which teams compete in a postseason event to determine the league champion.

(3) This section is repealed effective January 1, 2007.

This act is ordered to take immediate effect.

(SB 1370)

AN ACT to amend 1937 PA 94, entitled "An act to provide for the levy, assessment and collection of a specific excise tax on the storage, use or consumption in this state of tangible personal property and certain services; to appropriate the proceeds thereof; and to prescribe penalties for violations of the provisions of this act," by amending sections 2 and 3 (MCL 205.92 and 205.93), section 2 as amended by 2000 PA 391 and section 3 as amended by 2002 PA 110, and by adding section 6a; and to repeal acts and parts of acts.

The People of the State of Michigan enact:

205.92 Definitions.

Sec. 2. As used in this act:

(a) "Person" means an individual, firm, partnership, joint venture, association, social club, fraternal organization, municipal or private corporation whether or not organized for profit, company, limited liability company, estate, trust, receiver, trustee, syndicate, the United States, this state, county, or any other group or combination acting as a unit, and the plural as well as the singular number, unless the intention to give a more limited meaning is disclosed by the context.

(b) "Use" means the exercise of a right or power over tangible personal property incident to the ownership of that property including transfer of the property in a transaction where possession is given.

(c) "Storage" means a keeping or retention of property in this state for any purpose after the property loses its interstate character.

(d) "Seller" means the person from whom a purchase is made and includes every person selling tangible personal property or services for storage, use, or other consumption in this state. If, in the opinion of the department, it is necessary for the efficient administration of this act to regard a salesperson, representative, peddler, or canvasser as the agent of a dealer, distributor, supervisor, or employer under whom the person operates or from whom he or she obtains tangible personal property or services sold by him or her for storage, use, or other consumption in this state, irrespective of whether or not he or she is making the sales on his or her own behalf or on behalf of the dealer, distributor, supervisor, or employer, the department may so consider him or her, and may consider the dealer, distributor, supervisor, or employer as the seller for the purpose of this act.

(e) "Purchase" means to acquire for a consideration, whether the acquisition is effected by a transfer of title, of possession, or of both, or a license to use or consume; whether the transfer is absolute or conditional, and by whatever means the transfer is effected; and whether consideration is a price or rental in money, or by way of exchange or barter.

(f) "Price" means the aggregate value in money of anything paid or delivered, or promised to be paid or delivered, by a consumer to a seller in the consummation and complete performance of the transaction by which tangible personal property or services are purchased or rented for storage, use, or other consumption in this state, without a deduction for the cost of the property sold, cost of materials used, labor or service cost, interest or discount paid, or any other expense. The price of tangible personal property, for affixation to real estate, withdrawn by a construction contractor from inventory available for sale to others or made available by publication or price list as a finished product for sale to others is the finished goods inventory value of the property. If a construction contractor manufactures, fabricates, or assembles tangible personal property before affixing it to real estate, the price of the property is equal to the sum of the materials cost of the property and the cost of labor to manufacture, fabricate, or assemble the property but does not include the cost of labor to cut, bend, assemble, or attach property at the site of affixation to real estate. For the purposes of the preceding sentence, for property withdrawn by a construction contractor from inventory available for sale to others or made available by publication or price list as a finished product for sale to others, the materials cost of the property means the finished goods inventory value of the property. For purposes of this subdivision, "manufacture" means to convert or condition tangible personal property by changing the form, composition, quality, combination, or character of the property and "fabricate" means to modify or prepare tangible personal property for affixation or assembly. The price of a motor vehicle, trailer

coach, or titled watercraft is the full retail price of the motor vehicle, trailer coach, or titled watercraft being purchased. The tax collected by the seller from the consumer or lessee under this act is not considered part of the price, but is a tax collection for the benefit of the state, and a person other than the state shall not derive a benefit from the collection or payment of this tax. A price does not include an assessment imposed under the convention and tourism marketing act, 1980 PA 383, MCL 141.881 to 141.889, 1974 PA 263, MCL 141.861 to 141.867, the state convention facility development act, 1985 PA 106, MCL 207.621 to 207.640, the regional tourism marketing act, 1989 PA 244, MCL 141.891 to 141.900, 1991 PA 180, MCL 207.751 to 207.759, or the community convention or tourism marketing act, 1980 PA 395, MCL 141.871 to 141.880, that was added to charges for rooms or lodging otherwise subject, pursuant to section 3a, to tax under this act. Price does not include specific charges for technical support or for adapting or modifying prewritten, standard, or canned computer software programs to a purchaser's needs or equipment if the charges are separately stated and identified. The tax imposed under this act shall not be computed or collected on rental receipts if the tangible personal property rented or leased has previously been subjected to a Michigan sales or use tax when purchased by the lessor.

(g) "Consumer" means the person who has purchased tangible personal property or services for storage, use, or other consumption in this state and includes a person acquiring tangible personal property if engaged in the business of constructing, altering, repairing, or improving the real estate of others.

(h) "Business" means all activities engaged in by a person or caused to be engaged in by a person with the object of gain, benefit, or advantage, either direct or indirect.

(i) "Department" means the revenue division of the department of treasury.

(j) "Tax" includes all taxes, interest, or penalties levied under this act.

(k) "Tangible personal property" includes computer software offered for general use by the public or software modified or adapted to the user's needs or equipment by the seller, only if the software is available from a seller of software on an as is basis or as an end product without modification or adaptation. Tangible personal property does not include computer software originally designed for the exclusive use and special needs of the purchaser. As used in this subdivision, "computer software" means a set of statements or instructions that when incorporated in a machine usable medium is capable of causing a machine or device having information processing capabilities to indicate, perform, or achieve a particular function, task, or result.

(*l*) "Tangible personal property" beginning September 20, 1999, includes electricity, natural or artificial gas, or steam and also the transmission and distribution of electricity used by the consumer or user of the electricity, whether the electricity is purchased from the delivering utility or from another provider.

(m) "Tangible personal property" does not include a commercial advertising element if the commercial advertising element is used to create or develop a print, radio, television, or other advertisement, the commercial advertising element is discarded or returned to the provider after the advertising message is completed, and the commercial advertising element is custom developed by the provider for the purchaser. As used in this subdivision, "commercial advertising element" means a negative or positive photographic image, an audiotape or videotape master, a layout, a manuscript, writing of copy, a design, artwork, an illustration, retouching, and mechanical or keyline instructions. "Tangible personal property" includes black and white or full color process separation elements, an audiotape reproduction, or a videotape reproduction.

(n) "Textiles" means goods that are made of or incorporate woven or nonwoven fabric, including, but not limited to, clothing, shoes, hats, gloves, handkerchiefs, curtains, towels, sheets, pillows, pillowcases, tablecloths, napkins, aprons, linens, floor mops, floor mats,

and thread. Textiles also include materials used to repair or construct textiles, or other goods used in the rental, sale, or cleaning of textiles.

205.93 Tax rate; penalties and interest; presumption; collection; price tax base; exemptions; services, information, or records.

Sec. 3. (1) There is levied upon and there shall be collected from every person in this state a specific tax for the privilege of using, storing, or consuming tangible personal property in this state at a rate equal to 6% of the price of the property or services specified in section 3a or 3b. Penalties and interest shall be added to the tax if applicable as provided in this act. For the purpose of the proper administration of this act and to prevent the evasion of the tax, it is presumed that tangible personal property purchased is subject to the tax if brought into the state within 90 days of the purchase date and is considered as acquired for storage, use, or other consumption in this state.

(2) The tax imposed by this section for the privilege of using, storing, or consuming a vehicle, ORV, manufactured housing, aircraft, snowmobile, or watercraft shall be collected before the transfer of the vehicle, ORV, manufactured housing, aircraft, snowmobile, or watercraft, except a transfer to a licensed dealer or retailer for purposes of resale that arises by reason of a transaction made by a person who does not transfer vehicles, ORVs, manufactured housing, aircraft, snowmobiles, or watercraft in the ordinary course of his or her business done in this state. The tax on a vehicle, ORV, snowmobile, and watercraft shall be collected by the secretary of state before the transfer of the vehicle, ORV, snowmobile, or watercraft registration. The tax on manufactured housing shall be collected by the department of consumer and industry services, mobile home commission, or its agent before the transfer of the certificate of title. The tax on an aircraft shall be collected by the department of treasury. Notwithstanding any limitation contained in section 2 and except as provided in this subsection, the price tax base of any vehicle, ORV, manufactured housing, aircraft, snowmobile, or watercraft subject to taxation under this act shall be not less than its retail dollar value at the time of acquisition as fixed pursuant to rules promulgated by the department. The price tax base of a new or previously owned car or truck held for resale by a dealer and that is not exempt under section 4(1)(c) is the purchase price of the car or truck multiplied by 2.5% plus $30.00 per month beginning with the month that the dealer uses the car or truck in a nonexempt manner.

(3) The following transfers or purchases are not subject to use tax:

(a) A transaction or a portion of a transaction if the transferee or purchaser is the spouse, mother, father, brother, sister, child, stepparent, stepchild, stepbrother, stepsister, grandparent, grandchild, legal ward, or a legally appointed guardian with a certified letter of guardianship, of the transferor.

(b) A transaction or a portion of a transaction if the transfer is a gift to a beneficiary in the administration of an estate.

(c) If a vehicle, ORV, manufactured housing, aircraft, snowmobile, or watercraft that has once been subjected to the Michigan sales or use tax is transferred in connection with the organization, reorganization, dissolution, or partial liquidation of an incorporated or unincorporated business and the beneficial ownership is not changed.

(d) If an insurance company licensed to conduct business in this state acquires ownership of a late model distressed vehicle as defined in section 12a of the Michigan vehicle code, 1949 PA 300, MCL 257.12a, through payment of damages in response to a claim or when the person who owned the vehicle before the insurance company reacquires ownership from the company as part of the settlement of a claim.

(4) The department may utilize the services, information, or records of any other department or agency of state government in the performance of its duties under this act, and other departments or agencies of state government are required to furnish those services, information, or records upon the request of the department.

205.96a Qualified athletic event; applicability of tax; repeal of section.

Sec. 6a. (1) Notwithstanding the provisions of section 2, the organizing entity of a qualified athletic event that sells corporate sponsor contracts for the event may apply the tax under this act only to the amount charged for the rental of taxable tangible personal property or taxable services if all of the following criteria have been met:

(a) The organizing entity is exempt or is wholly owned by an entity exempt under section 501(c)(6) of the internal revenue code of 1986.

(b) The organizing entity provided both of the following to the department at least 180 days in advance of entering into the first corporate sponsor contract:

(*i*) Written notice of its intent to enter into corporate sponsor contracts.

(*ii*) An itemized schedule of the taxable tangible personal property and taxable services that will be provided under each corporate sponsor contract.

(c) The department has given written approval to the organizing entity's allocation of the tax.

(2) As used in this section, "qualified athletic event" means either of the following:

(a) A professional sporting competition in which individuals officially representing at least 2 countries or nations compete.

(b) A professional football competition in which teams compete in a postseason event to determine the league champion.

(3) This section is repealed effective January 1, 2007.

This act is ordered to take immediate effect.
Approved July 23, 2002.

AN ACT to amend 1996 PA 376, entitled "An act to create and expand certain renaissance zones; to foster economic opportunities in this state; to facilitate economic development; to stimulate industrial, commercial, and residential improvements; to prevent physical and infrastructure deterioration of geographic areas in this state; to authorize expenditures; to provide exemptions and credits from certain taxes; to create certain obligations of this state and local governmental units; to require disclosure of certain transactions and gifts; to provide for appropriations; and to prescribe the powers and duties of certain state and local departments, agencies, and officials," by amending section 8a (MCL 125.2688a), as amended by 2000 PA 259.

The People of the State of Michigan enact:

125.2688a Additional renaissance zones; designation; property located in alternative energy zone.

Sec. 8a. (1) Except as provided in subsections (2), (3), and (4), the board shall not designate more than 9 additional renaissance zones within this state under this section. Not more than 6 of the renaissance zones shall be located in urban areas and not more than 5 of the renaissance zones shall be located in rural areas. For purposes of determining whether a renaissance zone is located in an urban area or rural area under this section, if any part of a renaissance zone is located within an urban area, the entire renaissance zone shall be considered to be located in an urban area.

(2) The board of the Michigan strategic fund described in section 4 of the Michigan strategic fund act, 1984 PA 270, MCL 125.2004, may designate not more than 5 additional renaissance zones within this state in 1 or more cities, villages, or townships if that city, village, or township or combination of cities, villages, or townships consents to the creation of a renaissance zone within their boundaries. The board of the Michigan strategic fund may designate not more than 1 of the 5 additional renaissance zones described in this subsection as an alternative energy zone. An alternative energy zone shall promote and increase the research, development, and manufacturing of alternative energy technology as that term is defined in the Michigan next energy authority act. An alternative energy zone shall have a duration of renaissance zone status for a period not to exceed 20 years as determined by the board of the Michigan strategic fund.

(3) In addition to the not more than 9 additional renaissance zones described in subsection (1), the board may designate additional renaissance zones within this state in 1 or more qualified local governmental units if that qualified local governmental unit or units contain a military installation that was operated by the United States department of defense and was closed in 1977 or after 1990.

(4) Land owned by a county or the qualified local governmental unit or units adjacent to a zone as described in subsection (3) may be included in this zone.

(5) Notwithstanding any other provision of this act, property located in the alternative energy zone that is classified as commercial real property under section 34c of the general property tax act, 1893 PA 206, MCL 211.34c, and that the authority, with the concurrence of the assessor of the local tax collecting unit, determines is not used to directly promote and increase the research, development, and manufacturing of alternative energy technology is not eligible for any exemption, deduction, or credit under section 9.

This act is ordered to take immediate effect.
Approved July 23, 2002.

AN ACT to amend 1976 PA 448, entitled "An act to prescribe the powers and duties of municipalities and governmental units to acquire, finance, maintain, and operate generating, transmission, and distribution facilities of electric power and energy, fuel and energy sources and reserves and all necessary related properties, equipment and facilities; to permit the exercise of those powers in joint venture or joint agency agreements; to provide for the issuance of bonds and notes; to prescribe the powers and duties of the municipal finance commission or its successor agency and of certain other state officers and agencies with respect to municipal electric utility financing; to create certain funds and prescribe their operation; to provide for tax exemptions and other exemptions; and to prescribe penalties and provide remedies," by amending section 5 (MCL 460.805).

The People of the State of Michigan enact:

460.805 Definitions; P.

Sec. 5. (1) "Project" means a system or facility for the generation, transmission, or transformation of electricity by a municipal electric utility system by any means. Project

also means stock, membership units, or any other interest in a multistate regional transmission system organization approved by the federal government and operating in this state or a transmission-owning entity which is a member of a multistate regional transmission system organization approved by the federal government and operating in this state.

(2) "Project cost" includes, but is not limited to, the cost of acquisition, construction, improvement, or extension of a project, the cost of studies, plans, specifications, surveys, and estimates of related costs and revenues, the cost of land, land rights, rights of way, easements, water rights, fees, permits, approvals, licenses, certificates, franchises, and the preparation of any required applications, engineering and inspection expenses, financing costs, working capital, fuel costs, interest on bonds, establishment of reserves, and all other costs of the municipality or joint agency that are incidental, necessary, or convenient to the acquisition, construction, improvement, or extension of a project.

PROVISIONS CONCERNING APPROPRIATIONS

GENERAL SECTIONS

Total state spending; payments to local units of government.

Sec. 201. Pursuant to section 30 of article IX of the state constitution of 1963, total state spending from state resources under part 1 for fiscal year 2002-2003 is $63,520,200.00 and state spending from state resources to be paid to local units of government for fiscal year 2002-2003 is $120,000.00. The itemized statement below identifies appropriations from which spending to units of local government will occur:

DEPARTMENT OF MILITARY AND VETERANS AFFAIRS		
MILITARY TRAINING SITES AND SUPPORT FACILITIES		
Payments in lieu of taxes	$	70,000
MICHIGAN VETERANS' TRUST FUND		
County counselor travel expenses	$	50,000
TOTAL	$	120,000

Appropriations subject to §§ 18.1101 to 18.1594.

Sec. 202. The appropriations authorized under this act are subject to the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

Definitions.

Sec. 203. As used in this act:

(a) "Department" means the department of military and veterans affairs.

(b) "Director" means the director of the department of military and veterans affairs.

(c) "DOD" means the United States department of defense.

(d) "DOD-DOA-NGB" means the DOD department of the army, national guard bureau.

(e) "DVA" means the United States department of veterans' affairs.

(f) "DVA-VHA" means the DVA veterans' health administration.

(g) "FTE" means full-time equated.

(h) "HHS" means the United States department of health and human services.

(i) "HHS-HCFA" means the HHS health care financing administration.

(j) "IDG" means interdepartmental grant.

Billing by department of civil service; payments.

Sec. 204. The department of civil service shall bill departments and agencies at the end of the first fiscal quarter for the 1% charge authorized by section 5 of article XI of the state constitution of 1963. Payments shall be made for the total amount of the billing by the end of the second fiscal quarter.

Hiring freeze; exceptions.

Sec. 205. (1) Beginning October 1, a hiring freeze is imposed on the state classified civil service. State departments and agencies are prohibited from hiring any new full-time state classified civil service employees and prohibited from filling any vacant state

classified civil service positions. This hiring freeze does not apply to internal transfers of classified employees from 1 position to another within a department.

(2) The state budget director shall grant exceptions to this hiring freeze when the state budget director believes that the hiring freeze will result in rendering a state department or agency unable to deliver basic services, cause loss of revenue to the state, result in the inability of the state to receive federal funds, or necessitate additional expenditures that exceed any savings from maintaining a vacancy. The state budget director shall report by the last business day of each month to the chairpersons of the senate and house of representatives standing committees on appropriations the number of exceptions to the hiring freeze approved during the previous month and the justification for the exception.

Contingency funds; availability for expenditure.

Sec. 206. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $5,000,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $2,000,000.00 for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $100,000.00 for local contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(4) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $100,000.00 for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Privatization; project plan.

Sec. 207. Sixty days before beginning any effort to privatize, the department shall submit a complete project plan to the appropriate senate and house of representatives appropriations subcommittees and the senate and house fiscal agencies. The plan shall include the criteria under which the privatization initiative will be evaluated. The evaluation shall be completed and submitted to the appropriate senate and house of representatives appropriations subcommittees and the senate and house fiscal agencies within 30 months.

Use of Internet; electronic transmission of reports.

Sec. 208. Unless otherwise specified, the department shall use the Internet to fulfill the reporting requirements of this act. This may include transmission of reports via electronic mail to the recipients identified for each reporting requirement or it may include placement of reports on an Internet or Intranet site.

Purchase of foreign goods or services.

Sec. 209. Funds appropriated in part 1 shall not be used for the purchase of foreign goods or services, or both, if competitively priced and of comparable quality American goods or services, or both, are available.

Businesses in deprived and depressed communities; contracts for services or supplies.

Sec. 210. The director of each department receiving appropriations in part 1 shall take all reasonable steps to ensure businesses in deprived and depressed communities compete for and perform contracts to provide services or supplies, or both. Each director shall strongly encourage firms with which the department contracts to subcontract with certified businesses in depressed and deprived communities for services, supplies, or both.

Creation and retention of appropriation reports.

Sec. 211. The department shall create and retain reports for all money appropriated under part 1.

Michigan national guard education assistance program.

Sec. 212. (1) Of the funds appropriated in section 103 for military training sites and support facilities, there shall be established a Michigan national guard education assistance program. Disbursements to the educational assistance program shall not exceed $2,000,000.00 without legislative approval. Under the program, a member of the national guard who is in active service and who enrolls as a full- or part-time student at a public or private state college or university may be eligible to receive up to an equivalent of 50% of the total cost of tuition not to exceed $2,000.00, as education assistance, in any academic year.

(2) An eligible person means a member of the Michigan national guard who is in active service, as defined in section 105 of the Michigan military act, 1967 PA 150, MCL 32.505. An eligible person does not include a member of the Michigan national guard or air national guard who is absent without leave or who is under charges as described in the Michigan code of military justice of 1980, 1980 PA 523, MCL 32.1001 to 32.1148.

(3) The department of military and veterans affairs, office of the adjutant general shall administer the education assistance program and prescribe forms and procedures to effectively carry out the education assistance program.

(4) An eligible person shall apply to the department of military and veterans affairs, office of the adjutant general for education assistance and shall provide evidence of attendance and completion of the course of study with a grade of at least 2.0 on a 4.0 scale, or its equivalent. The adjutant general shall approve the application for reimbursement if the applicant meets the definition of an eligible person under subsection (2) and other criteria as established by the adjutant general.

(5) The education assistance program applies to any course of instruction that is included in an associate, undergraduate, or postgraduate degree program offered by a college or university of this state.

(6) The education assistance program applies to an eligible person notwithstanding any other educational incentive or benefit received by the eligible person under any other educational assistance program provided by any other state.

(7) An eligible person who successfully completes the course of study with a grade of at least 2.0 on a 4.0 scale, or its equivalent, shall be eligible for reimbursement.

(8) The department of military and veterans affairs may use funds from the appropriated funds to administer the education assistance program.

(9) Reimbursed members who do not complete their national guard obligation shall pay the state for money received from the state for tuition. Members who fail to repay the state within the time limits established by the adjutant general shall be indebted to the state. The department shall work in conjunction with the department of treasury for inclusion in the tax intercept program for amounts due the state.

(10) A portion of the funds for the Michigan national guard education assistance program may be used by the department for the purpose of promoting the program and for encouraging those persons the department wishes to have enlist or reenlist in the Michigan national guard.

National guard armories; closing or consolidation.

Sec. 213. The department shall consult with the house and senate appropriations subcommittees on military and veterans affairs regarding the projected closing or consolidation of any national guard armories.

Technology-related services and projects; payment of user fees to department of information technology.

Sec. 259. From the funds appropriated in part 1 for information technology, the department shall pay user fees to the department of information technology for technology-related services and projects. User fees shall be subject to provisions of an interagency agreement between the department and the department of information technology.

Information technology; designation as work projects; availability of funds for expenditure.

Sec. 260. Amounts appropriated in part 1 for information technology may be designated as work projects and carried forward to support technology projects under the direction of the department of information technology. Funds designated in this manner are not available for expenditure until approved as work projects under section 451a of the management and budget act, 1984 PA 431, MCL 18.1451a.

Retirement and budgetary savings; negative appropriation.

Sec. 261. (1) The negative appropriation for early retirement savings in part 1 shall be satisfied by savings realized from not filling all of the positions lost due to the early retirement plan for state employees enacted in 2002 PA 93 amendments to the state employees' retirement act, 1943 PA 240, MCL 38.1 to 38.69.

(2) The negative appropriation for budgetary savings in part 1 shall be satisfied by savings from the hiring freeze imposed under section 205, efficiencies, and other savings identified by the department director and approved by the state budget director.

(3) Appropriation authorization adjustments required due to negative appropriations for early retirement savings and budgetary savings shall be made only after the approval of transfers by the legislature pursuant to section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

HEADQUARTERS AND ARMORIES

Rental and equipment usage fees.

Sec. 301. The department may charge reasonable rental and equipment usage fees for renting an armory or using the distance learning network. The fee shall include the cost of overtime compensation, insurance coverage, and any maintenance required.

Challenge program; funds; fee.

Sec. 302. (1) The funds appropriated in this act for private donations to the challenge program shall be considered state restricted revenue, and unexpended funds remaining at

the close of the fiscal year shall not lapse to the general fund but shall be carried forward to the subsequent fiscal year.

(2) The department may charge a parent or guardian of a participant in the challenge program a fee for participating in the program if the participant is a member of a family with an income that exceeds 200% of the federal poverty guidelines as published by the United States department of health and human services. The amount charged the parent or guardian shall not exceed the per student state share cost of administering the program. The parent or guardian shall be notified of any charge to be assessed under this subsection prior to enrollment of the child in the program.

Oak Park armory property; appraisal; sale; disposition of proceeds; special regulation.

Sec. 303. (1) The department shall obtain a new appraisal to determine the fair market value of the Oak Park armory property. The results of that appraisal shall be forwarded to the city of Oak Park. For a period of 60 days following receipt of the appraisal by the city, the city of Oak Park shall have the right to purchase the armory property at a price equal to the appraised value under the appraisal obtained pursuant to this section. Any agreement regarding the sale of the property to the city of Oak Park shall comply with the provisions of section 382 of the Michigan military act, 1967 PA 150, MCL 32.782, and shall include a restriction that the city not receive any remuneration from the subsequent resale of the property to an outside party beyond the purchase price paid by the city and any reasonable expenses incurred by the city in developing the property. If the city has not formally notified the department within 60 days of its decision to purchase the property, the department shall proceed with the sale of the property under the provisions of the Michigan military act, 1967 PA 150, MCL 32.501 to 32.851. Proceeds from the sale of the property shall be deposited in the Michigan national guard armory construction fund, as provided in section 382a of the Michigan military act, 1967 PA 150, MCL 32.782a.

(2) This section is a special regulation adopted by the legislature as authorized by section 356 of the Michigan military act, 1967 PA 150, MCL 32.756 and does not amend the Michigan military act, 1967 PA 150, MCL 32.501 to 32.851.

Challenge program; identification of eligible youth.

Sec. 304. The department will partner with the family independence agency to identify youth who may be eligible for the challenge program from those youth served by family independence agency programs. Such eligible youth shall be given priority for enrollment in the program.

VETERANS SERVICE ORGANIZATIONS

Veterans service organizations; grants.

Sec. 501. (1) Money appropriated in section 105 for grants to veterans service organizations shall be used only for salaries, wages, related personnel costs, training, and equipment for accredited veteran service advocacy officers and necessary support and managerial staff. Training shall be provided for service advocacy officers and shall be conducted by accredited advocacy officers.

(2) To receive a grant from the money appropriated in section 105, a veterans service organization shall meet the following eligibility requirements:

(a) Be congressionally chartered by the United States Congress.

(b) Be an active participating member of the Michigan veterans organizations' rehabilitation and veterans service committee and abide by its rules, guidelines, and programs.

(c) Demonstrate the receipt of monetary or service support from its own organization.

(d) Comply with the department's and the legislature's requirements of accounting audits, service work activity, accounting of recoveries, listing of volunteer hours, budget requests, and other requirements specified in subsection (3).

(e) For a veterans service organization founded after September 30, 1989, be in operation and providing service to Michigan veterans for not less than 2 years before receiving an initial state grant. During this 2-year period of time, the organization shall file a listing of service work activity and an accounting of recoveries with the department, the senate and house fiscal agencies, the senate and house of representatives appropriations subcommittees on military affairs, and the state budget office on forms as prescribed by the department.

(3) A veterans service organization receiving a grant from the money appropriated in section 105 shall file with the department an accounting of its expenditures, audited and certified by a certified public accountant, within 120 days after the organization's fiscal year end. Each organization shall provide a detailed budget request for the fiscal year ending September 30, 2004, to the department by November 15, 2002, within the format as prescribed by the department to be used in the development of the budget for the fiscal year ending September 30, 2004. Each veterans service organization shall provide 5 copies of a listing of all service activity, an accounting of recoveries, and a listing of volunteer hours for the fiscal year ending September 30, 2002, to the department by January 31, 2003. The listing of volunteer hours shall include the hours, services, and donations provided to residents of the Grand Rapids veterans' home and the D.J. Jacobetti veterans' home. Each veterans service organization shall provide a copy of the most recent and completed internal revenue service form 990 to the department at the end of the fiscal year ending September 30, 2002. A veterans service organization receiving a grant from the money appropriated in section 105 shall use the forms recommended by the Michigan veterans organizations' rehabilitation and veterans service committee for filing reports required by this act. The department shall forward information required under this section to the senate and house fiscal agencies, the senate and house of representatives appropriations subcommittees on military affairs, and the state budget office.

VETERANS' HOMES

Grand Rapids veterans' home and D.J. Jacobetti veterans' home; use of funds.

Sec. 601. Appropriations in this act for the Grand Rapids veterans' home and the D.J. Jacobetti veterans' home shall not be used for any purpose other than for veterans and veterans' families.

Grand Rapids veterans' home and D.J. Jacobetti veterans' home; annual report.

Sec. 602. The Grand Rapids veterans' home and the D.J. Jacobetti veterans' home, together with the department and the department of management and budget, shall produce and deliver to the senate and house of representatives appropriations subcom-

mittees on state police and military affairs an annual written report. The report shall include an accounting of member populations and bed space available; a description and accounting of services and activities provided to members; financial information; current state nursing home licensure status; the steps required for Medicaid certification, including a listing of any personnel, equipment, supplies, or budgetary increases required; and whether or not steps are being taken toward Medicaid certification. The annual report shall be submitted to the senate and house of representatives appropriations subcommittees on military affairs no later than February 1, 2003.

Appropriation for boards of managers; expenditures benefitting veterans' homes.

Sec. 603. The money appropriated in this act for the boards of managers may be expended for facility improvements, the purchase and repair of equipment and furnishings, member services, and other purposes that benefit the Grand Rapids veterans' home and the D.J. Jacobetti veterans' home.

VETERANS' TRUST FUND

Michigan veterans' trust fund; annual report.

Sec. 703. (1) By April 1, 2003, the department shall submit to the senate and house of representatives appropriations subcommittees on military affairs and the state budget office a detailed annual report of the Michigan veterans' trust fund for fiscal year 2001-2002. The report shall include information on grants provided from the emergency grant program and the veterans survivor tuition program, including details concerning the methodology of allocations, the selection of emergency grant program authorized agents, and a detailed breakdown of trust fund expenditures for that year. The report shall also provide an update on the department's efforts to reduce program administrative costs.

(2) The annual report required under subsection (1) shall provide detailed information on the number of emergency grant applications denied during fiscal year 2001-2002, including an accounting of the reasons for denial. This information also shall include the number of persons denied an emergency grant because of individual ineligibility, because of insufficient funds, and because the applicant's request did not meet minimum program criteria.

(3) The annual report required under subsection (1) shall contain information on the veterans survivors tuition program, including the number of participants, where the participants attended school, payments made to each school, the average grade point and number of college credits earned by each participant, the number of participants suspended by the program, and the number of participants who earned a degree during fiscal year 2001-2002.

Assistance to county veterans counselors.

Sec. 704. The Michigan veterans affairs directorate administration and the Michigan veterans' trust fund administration shall take steps to assist the county veterans counselors of the state to obtain training necessary for the execution of their duties.

This act is ordered to take immediate effect.
Approved July 19, 2002.
Filed with Secretary of State July 25, 2002.

[No. 515]

(HB 5648)

AN ACT to make appropriations for the judicial branch for the fiscal year ending September 30, 2003; to provide for the expenditure of these appropriations; to place certain restrictions on the expenditure of these appropriations; to prescribe the powers and duties of certain officials and employees; to require certain reports; and to provide for the disposition of fees and other income received by the judicial branch.

Contingency funds.

Sec. 206. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $500,000.00 for federal contingency funds.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $500,000.00 for state restricted contingency funds.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $100,000.00 for local contingency funds.

(4) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $100,000.00 for private contingency funds.

(5) A transfer of contingency funds within the judicial branch shall not be made by the authorized agent of the judicial entity unless approved by both appropriations committees. If the state budget director does not approve contingency fund transfers adopted by both appropriations committees under this section, the state budget director shall notify the appropriations committees of his or her action within 15 days.

Privatization; project plan.

Sec. 207. At least 90 days before beginning any effort to privatize, the judicial branch shall submit a complete project plan to the appropriate senate and house of representatives appropriations subcommittees and the senate and house fiscal agencies. The plan shall include the criteria under which the privatization initiative will be evaluated. The evaluation shall be completed and submitted to the appropriate senate and house of representatives appropriations subcommittees and the senate and house fiscal agencies within 30 months.

Reporting requirements; use of Internet.

Sec. 208. Unless otherwise specified, the judicial branch shall use the Internet to fulfill the reporting requirements of this act. This may include transmission of reports via electronic mail to the recipients identified for each reporting requirement or it may include placement of reports on an Internet or Intranet site. Quarterly, the judicial branch shall provide to the appropriations subcommittees members, state budget office, and the fiscal agencies an electronic and paper copy listing of the reports submitted during the most recent 3-month period along with the Internet or Intranet site of each report, if any.

Purchase of foreign goods or services.

Sec. 209. (1) Funds appropriated in part 1 shall not be used for the purchase of foreign goods or services, or both, if competitively priced and comparable quality American goods and services, or both, are available.

(2) Funds appropriated in part 1 shall not be used for the purchase of out-of-state goods or services, or both, if competitively priced and comparable quality Michigan goods or services, or both, are available.

Businesses in deprived and depressed communities; contracts to provide services or supplies.

Sec. 210. (1) The chief justice of the supreme court shall take all reasonable steps to ensure businesses in deprived and depressed communities compete for and perform contracts to provide services or supplies, or both, for the judicial branch. The chief justice shall strongly encourage firms with which the courts of this state contract to subcontract with certified businesses in depressed and deprived communities for services or supplies, or both.

(2) The chief justice shall take all reasonable steps to ensure equal opportunity for all who compete for and perform contracts to provide services or supplies, or both, for the department. The chief justice shall strongly encourage firms with which the department contracts to provide equal opportunity for subcontractors to provide services or supplies, or both.

Personal service contracts; report.

Sec. 211. (1) The judicial branch shall provide to the senate and house of representatives standing committees on appropriations and the senate and house fiscal agencies a monthly

report on all personal service contracts awarded without competitive bidding, pricing, or rate setting. The notification shall include all of the following:

(a) The total dollar amount of the contract.

(b) The duration of the contract.

(c) The name of the vendor.

(d) The type of service to be provided.

(2) For personal service contracts of $100,000.00 or more, the judicial branch shall provide a monthly report on all of the following:

(a) The total dollar amount of the contract.

(b) The duration of the contract.

(c) The name of the vendor.

(d) The type of service to be provided.

Retention of reports and records.

Sec. 212. The judicial branch shall receive and retain copies of all reports funded from appropriations in part 1, and shall follow federal and state guidelines for short-term and long-term retention of these reports and records.

Early retirement savings; hiring freeze; adjustments.

Sec. 213. (1) The negative appropriation for early retirement savings in part 1 shall be satisfied by savings realized from not filling all of the positions lost due to the early retirement plan for state employees enacted in 2002 PA 93 amendments to the state employees' retirement act, 1943 PA 240, MCL 38.1 to 38.69.

(2) The negative appropriation for budgetary savings in part 1 shall be satisfied by savings from the hiring freeze imposed on the state classified civil service for the fiscal year ending September 30, 2003, efficiencies, and other savings identified by the director and approved by the state budget director.

(3) Appropriation authorization adjustments required to implement the negative appropriations for early retirement savings and budgetary savings shall be made only after the approval of transfers by the legislature under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

JUDICIAL BRANCH

Direct trial court automation support program; user service charges; list.

Sec. 301. (1) The direct trial court automation support program of the state court administrative office shall recover direct and overhead costs from trial courts by charging for services rendered. The fee shall cover the actual costs incurred to the direct trial court automation support program in providing the service. A report of amounts collected in excess of funds identified as user service charges in part 1 shall be submitted to the state budget director and to the house and senate appropriations subcommittees on judiciary 30 days before expenditure by the direct trial court automation support program.

(2) From funds appropriated in part 1, the direct trial court automation support program of the state court administrative office shall provide to the state budget director, the senate and house appropriations committees, and the senate and house fiscal agencies before January 1 of each year, a detailed list of user service charges collected during the immediately preceding state fiscal year.

Expenditures; approval by supreme court required.

Sec. 302. Funds appropriated within the judicial branch shall not be expended by any component within the judicial branch without the approval of the supreme court.

Circuit court and court of claims reimbursement; allocations.

Sec. 303. Of the amount appropriated in part 1 for the judicial branch, $325,000.00 is allocated for circuit court reimbursement under section 3 of 1978 PA 16, MCL 800.453, and $186,900.00 is allocated for court of claims reimbursement under section 6413 of the revised judicature act of 1961, 1961 PA 236, MCL 600.6413.

Audits.

Sec. 304. The judicial branch shall cooperate with the auditor general regarding audits of the judicial branch conducted pursuant to section 53 of article IV of the state constitution of 1963.

Status of accounts; report.

Sec. 305. To avoid the overexpenditure of funds appropriated under this act, the supreme court shall report quarterly to the state budget director and to the judiciary subcommittees of the house and senate appropriations committees regarding the status of the accounts set forth in part 1.

Improvement of judgment collection; assistance to local trial courts.

Sec. 306. The supreme court and the state administrative office shall continue to maintain, as a priority, the assisting of local trial courts in improving the collection of judgments.

Judges' compensation; insufficient funds.

Sec. 308. If sufficient funds are not available from the court fee fund to pay judges' compensation, the difference between the appropriated amount from that fund for judges' compensation and the actual amount available after the amount appropriated for trial court reimbursement is made shall be appropriated from the state general fund for judges' compensation.

Community dispute resolution.

Sec. 310. (1) State general fund appropriation for community dispute resolution contained in part 1 shall be used to supplement funding for community dispute resolution centers. The supplemental funding shall be disbursed by formula to achieve a base level of $30,000.00 for centers funded through the community dispute resolution act, 1988 PA 260, MCL 691.1551 to 691.1564, with the remainder disbursed based upon performance measures as determined by the state court administrative office.

(2) From the funds in part 1, the chief justice is strongly encouraged to distribute pamphlets of information on the community dispute resolution program, especially to those entities known to be points of referrals, including, but not limited to, all statewide judicial conferences, all courts, local units of government, legal organizations, prosecutors, attorneys, police departments, colleges and universities, and state departments.

Drug treatment courts.

Sec. 311. (1) The funds appropriated in part 1 for drug treatment courts shall be administered by the state court administrative office to implement new drug treatment court programs. A drug treatment court program shall not receive funds for more than 5 years. A drug treatment court shall be responsible for handling cases involving substance abusing nonviolent offenders through comprehensive supervision, testing, treatment

services, and immediate sanctions and incentives. A drug treatment court shall use all available county and state personnel involved in the disposition of cases including, but not limited to, parole and probation agents, prosecuting attorney, defense attorney, and community corrections providers. The funds may be used in connection with other federal, state, and local funding sources.

(2) Local units of government are encouraged to refer to federal drug treatment court guidelines to prepare proposals. However, federal agency approvals are not required for funding under this section.

(3) From the funds appropriated in part 1, the chief justice shall allocate sufficient funds for the judicial institute to provide in-state training for those identified in subsection (1), including training for new drug treatment court judges.

(4) For drug treatment court grants, consideration for priority may be given to those courts where higher instances of substance abuse cases are filed.

Minors seeking court-issued waiver of parental consent; report.

Sec. 312. From the funds appropriated in part 1, the state court administrator shall produce a statistical report regarding the implementation of the parental rights restoration act, 1990 PA 211, MCL 722.901 to 722.908, as it pertains to minors seeking a court-issued waiver of parental consent. The state court administrative office shall report the total number of petitions filed and the total number of petitions granted in accordance with section 208 of this act.

Noncompliance of county with federal child support system requirements.

Sec. 313. A county shall not be penalized due to the failure to comply with federal child support enforcement system requirements if the family independence agency determines that all of the following conditions are met:

(a) The county, friend of the court, and the department have a written agreement that outlines the county's commitment to participate in the system.

(b) The county and the friend of the court are fully and timely cooperating with the work plan outlined in the child support enforcement memorandum of understanding between the department and the county.

(c) The county and the friend of the court are implementing the child support enforcement system required for federal certification.

(d) The friend of the court and county prosecuting attorney's office use the statewide system upon availability to monitor and process title IV-D cases.

Judicial technology improvement fund; allocations; purposes.

Sec. 316. (1) The appropriation in part 1 for the judicial technology improvement fund shall be allocated for the development of a statewide judicial information system. The supreme court, working with the department of state police, department of corrections, secretary of state, prosecuting attorneys association of Michigan, and the department of information technology, will develop a statewide telecommunications infrastructure to integrate criminal justice information systems. The judicial technology improvement fund shall also provide grants to local trial court funding units to encourage technology innovations by local trial courts that will result in enhanced public service. These innovations will include, but not be limited to, electronic filing, on-line payments of fines and fees, and web-based instructions for completion of court documents.

(2) Funds in part 1 may be used to develop, operate, and maintain a cyber court system.

(3) There is hereby appropriated to the judiciary for deposit into the judicial technology improvement fund $6,000,000.00 contingent upon the receipt of a refund from the federal government related to penalties previously imposed for the child support enforcement system of which up to $1,000,000.00 may be utilized towards development and operation of a cyber court system as identified in subsection (2). The appropriation to the judiciary of refund money related to the child support enforcement system shall precede any other appropriations of such resources. Notwithstanding the provision in subsection (2), any child support enforcement system penalty refund resources deposited into the judicial technology improvement fund shall be expended in the manner as prescribed in subsection (1). The child support enforcement system refund revenue when certified as available in the judicial technology improvement fund by the judiciary shall remain unallotted until such time as the state budget director has reviewed and approved an allotment schedule submitted by the judiciary. Unexpended resources remaining in the fund at the end of the fiscal year may be carried forward for expenditure in the following year for the same purposes as described in this section.

Mental health court.

Sec. 317. If funds become available from the federal government for mental health courts, the state court administrative office shall assist those local trial courts who are interested in starting a mental health court in writing grants and any other assistance that may help them receive such funds.

Child care for parents appearing in court; feasibility studies.

Sec. 318. The supreme court shall assist local trial courts with feasibility studies to create child care for parents who must appear in civil or criminal courts in order to improve the administration of justice in at least the following ways:

(a) Reducing child related disruptions and delays.

(b) Protecting safety of young children brought to courthouses.

(c) Assisting with court-involved families.

(d) Reducing the incidence of failure to appear caused by the inability of witnesses to find child care.

Sec. 319. (1) From the funds appropriated for indigent civil legal assistance in part 1, a debt management loan program is created for attorneys who are employed by legal services organizations and whose total law school debt is greater than 25% of their total family income at the time of application to this program. The total law school debt shall not exceed the total amount of law school tuition, books, fees, and other costs directly related to the law school education of the applicant.

(2) To qualify for a loan, an applicant must be employed by or present a letter with a promise of employment with a legal services organization.

(3) For each dollar in state funds received by the attorney, the attorney must produce a dollar-for-dollar match, to be paid toward reduction of the total law school debt, from any other source, including funds from the attorney.

(4) An attorney may receive funds under this program for not more than the total law school debt outstanding on the date of application.

(5) The debt management loan program shall be administered by Wayne State University at no cost to the state.

(6) A legal services organization that employs an attorney who receives funds under this program shall certify the amounts of annual salary, total law school debt as of the date of initial application for the loan, and match to Wayne State University.

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

(7) The legislature encourages the state bar of Michigan or any other interested partners to seek additional funds for deposit into the debt management loan program fund.

(8) Unexpended funds from the debt management loan program shall not lapse but shall be carried forward for the same purpose in the subsequent year.

(9) The state court administrative office shall provide to the house and senate judiciary subcommittees on appropriations a report on this fund in accordance with section 208 of this act.

(10) As used in this section:

(a) "Legal services organization" means an organization that is eligible to receive filing fees from the state bar foundation and provides legal services to the poor in this state as its primary mission.

(b) "Total family income" means the greater of either of the following:

(*i*) The attorney's adjusted gross income as reported on his or her most recent federal income tax form or, if applicable, the combined adjusted gross income of the attorney and the spouse of the attorney as reported in his or her most recent federal income tax form.

(*ii*) The amount of annual salary commitment from the legal services organization and, if applicable, the adjusted gross income of the spouse of the attorney as reported in his or her most recent federal income tax form.

Mental health and substance abuse treatment; individuals leaving juvenile justice system.

Sec. 320. The judicial branch shall work cooperatively with the family independence agency and the departments of community health and career development to coordinate and improve the delivery of mental health and substance abuse treatment and education and training services to individuals leaving the juvenile justice system, especially those who leave the juvenile justice system because of their age, who are identified as continuing to pose a serious risk to themselves or others. The judicial branch shall provide information from this collaborative effort as requested.

Information technology activities.

Sec. 321. The judicial branch shall communicate regarding information technology activities with the department of information technology.

Court boundary realignment costs; requests for reimbursement by local jurisdictions.

Sec. 322. The amount appropriated in part 1 for court boundary realignment costs shall be allocated to local units of government by the state court administrative office. Local jurisdictions shall submit requests for reimbursement to the state court administrative office for programs, technology, and other costs related to the implementation of 2002 PA 92.

This act is ordered to take immediate effect.

Approved July 25, 2002.

Filed with Secretary of State July 25, 2002.

PART 2

PROVISIONS CONCERNING APPROPRIATIONS

GENERAL SECTIONS

Total state spending; payments to local units of government.

Sec. 201. Pursuant to section 30 of article IX of the state constitution of 1963, total state spending from state resources under part 1 for fiscal year 2002-2003 is $77,749,800.00 and state spending from state resources to be paid to local units of government for fiscal year 2002-2003 is $3,315,800.00. The itemized statement below identifies appropriations from which spending to units of local government will occur:

DEPARTMENT OF AGRICULTURE

Groundwater and freshwater protection program	$	1,800,000
Local conservation districts		1,465,800
Open space development rights easements payments		50,000
TOTAL	$	3,315,800

Appropriations subject to §§ 18.1101 to 18.1594.

Sec. 202. The appropriations authorized under this act are subject to the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

Definitions.

Sec. 203. As used in this act:

(a) "DAG" means the United States department of agriculture.

(b) "DAG-NRCS" means the United States department of agriculture - natural resources conservation service.

(c) "Department" means the department of agriculture.

(d) "Director" means the director of the department.

(e) "EPA" means the United States environmental protection agency.

(f) "FTE" means full-time equated.

(g) "HHS-FDA" means the United States department of health and human services - food and drug administration.

(h) "IDG" means interdepartmental grant.

(i) "MDCH" means the Michigan department of community health.

(j) "MDCIS (LCC)" means the Michigan department of consumer and industry services - liquor control commission.

(k) "MDEQ" means the Michigan department of environmental quality.

(*l*) "MDNR" means the Michigan department of natural resources.

Billing by department of civil service; payments.

Sec. 204. The department of civil service shall bill departments and agencies at the end of the first fiscal quarter for the 1% charge authorized by section 5 of article XI of the state constitution of 1963. Payments shall be made for the total amount of the billing by the end of the second fiscal quarter.

Hiring freeze; exceptions.

Sec. 205. (1) A hiring freeze is imposed on the state classified civil service. State departments and agencies are prohibited from hiring any new full-time state classified civil service employees and prohibited from filling any vacant state classified civil service positions. This hiring freeze does not apply to internal transfers of classified employees from 1 position to another within a department.

(2) The state budget director shall grant exceptions to this hiring freeze when the state budget director believes the hiring freeze will result in rendering a state department or agency unable to deliver basic services, cause a loss of revenue to the state, result in the inability of the state to receive federal funds, or would necessitate additional expenditures that exceed any savings from maintaining a vacancy. The state budget director shall report quarterly to the chairpersons of the senate and house of representatives standing committees on appropriations the number of exceptions to the hiring freeze approved during the previous quarter and the reasons to justify the exception.

(3) The hiring freeze does not apply to the animal industry program.

Contingency funds; availability for expenditure.

Sec. 206. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $5,000,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $6,000,000.00 for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $100,000.00 for local contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(4) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $100,000.00 for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Privatization; project plan.

Sec. 207. At least 60 days before beginning any effort to privatize, the department shall submit a complete project plan to the appropriate senate and house of representatives appropriations subcommittees and the senate and house fiscal agencies. The plan shall include the criteria under which the privatization initiative will be evaluated. The evaluation shall be completed and submitted to the appropriate senate and house of representatives appropriations subcommittees and the senate and house fiscal agencies within 30 months.

Use of Internet; electronic transmission of reports.

Sec. 208. Unless otherwise specified, the department shall use the Internet to fulfill the reporting requirements of this act. This may include transmission of reports via electronic mail to the recipients identified for each reporting requirement, or it may include placement of reports on an Internet or Intranet site. Quarterly, the department shall provide to the appropriations subcommittees members, the fiscal agencies, and the state budget office an electronic and paper copy listing of the reports submitted during the most recent 3-month period along with the Internet or Intranet site of each report, if any.

Purchase of foreign goods or services.

Sec. 209. Funds appropriated in part 1 shall not be used for the purchase of foreign goods or services, or both, if competitively priced and of comparable quality American goods or services, or both, are available.

Businesses in deprived and depressed communities; contracts to provide services or supplies.

Sec. 210. The director of each department receiving appropriations in part 1 shall take all reasonable steps to ensure businesses in deprived and depressed communities compete for and perform contracts to provide services or supplies, or both. Each director shall strongly encourage firms with which the department contracts to subcontract with certified businesses in depressed and deprived communities for services, supplies, or both.

Restricted fund or account; reversion; carrying forward.

Sec. 211. (1) The unexpended and unobligated balance of any state restricted fund or account remaining at the end of the fiscal year shall revert back to the state restricted fund or account from which appropriated and be available for appropriation for the next fiscal year. Appropriations that revert to a state restricted fund or account pursuant to this section shall not revert to the general fund of this state.

(2) A state restricted revenue fund or account that receives revenues in excess of expenditures made from that state restricted revenue fund or account shall not have the excess revenue revert to the general fund of this state.

(3) The revenues collected in the agriculture equine industry development fund in fiscal year 2001-2002 shall not lapse but shall be carried forward to fund appropriations made pursuant to this act and subsequent acts.

Indemnification.

Sec. 212. (1) Of the funds appropriated in part 1, the department may provide for indemnity as provided for pursuant to the animal industry act of 1987, 1988 PA 466, MCL 287.701 to 287.747, not to exceed $100,000.00 per order from any line item for the fiscal year ending September 30, 2003. Before the department provides for an indemnification under this section, the department shall report the reason for the indemnification, the amount of the indemnification, and to whom the indemnification is to be paid. The report shall be given to each member of the house and senate appropriations subcommittees on agriculture and to the senate and house fiscal agencies and the state budget director.

(2) The department of agriculture shall make an indemnification payment for the fair market value of livestock that is killed by a wolf or coyote, if the kill is verified by the department of natural resources. The fair market value of the livestock shall be determined pursuant to the indemnification procedures prescribed in the animal industry act, 1988 PA 466, MCL 287.701 to 287.747. In addition to the funds appropriated in part 1, the department of agriculture is authorized to expend the funds received from the department of natural resources to reimburse the department of agriculture for all indemnification payments made pursuant to this subsection.

(3) All indemnification payments for individual livestock or domestic animals within a herd, flock, or school shall be made pursuant to section 14 of the animal industry act, 1988 PA 466, MCL 287.714, based on 100% of the fair market value of that type of livestock or domestic animal, not to exceed $4,000.00.

(4) For those payments made from January 1, 1998, through October 31, 2000, the department shall calculate the difference between what was paid for every herd, flock, or school and the rate paid subsequent to October 31, 2000.

(5) The department shall use bovine TB work project revenue to implement this section.

Transfer or supplemental appropriation.

Sec. 213. When the department applies to the department of management and budget with a request for a transfer of appropriations or for a supplemental appropriation, the department shall provide the senate and house fiscal agencies with the same information that the department provides the department of management and budget relative to the request for transfer or supplemental.

Grants; notice to legislative committees.

Sec. 214. Of the funds appropriated in part 1 that are other than line-item grants, the department shall not provide grants to local government agencies, institutions of higher education, or nonprofit organizations unless the department provides notice of the grant to the house and senate appropriations subcommittees on agriculture at least 10 days before the grant is issued. The grants shall be used to support research or other related activities for the purpose of enhancing the agricultural industries in this state.

Nonfair or nonhorse racing grants or projects; funding from simulcast revenues prohibited.

Sec. 215. The legislature will not fund nonfair or nonhorse racing grants or projects from revenues from simulcasting in fiscal year 2002-2003.

Michigan agriculture equine industry development fund.

Sec. 216. The unexpended and unencumbered balance of revenue deposited pursuant to section 20 of the horse racing law of 1995, 1995 PA 279, MCL 431.320, for the fiscal year ending September 30, 2003, shall be appropriated to the Michigan agriculture equine industry development fund for distribution as set forth in section 20 of the horse racing law of 1995, 1995 PA 279, MCL 431.320.

Technology-related services and projects; payment of fees to department of information technology.

Sec. 219. From the funds appropriated in part 1 for information technology, the department shall pay user fees to the department of information technology for technology-related services and projects. Such user fees shall be subject to provisions of an interagency agreement between the department and the department of information technology.

Information technology; designation as work project; availability of funds for expenditure.

Sec. 220. Amounts appropriated in part 1 for information technology may be designated as work projects and carried forward to support technology projects under the direction of the department of information technology. Funds designated in this manner are not available for expenditure until approved as work projects under section 451a of the management and budget act, 1984 PA 431, MCL 18.1451a.

Retirement and budgetary savings; negative appropriation.

Sec. 224. (1) The negative appropriation for early retirement savings in part 1 shall be satisfied by savings realized from not filling all of the positions lost due to the early retirement plan for state employees enacted in 2002 PA 93 amendments to the state employees' retirement act, 1943 PA 240, MCL 38.1 to 38.69.

(2) The negative appropriation for budgetary savings in part 1 shall be satisfied by savings from the hiring freeze imposed under section 205, efficiencies, and other savings identified by the director and approved by the state budget director.

(3) Appropriation authorization adjustments required to implement the negative appropriations for early retirement savings and budgetary savings shall be made only after the approval of transfers by the legislature under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Additional appropriations; condition.

Sec. 225. (1) Subject to subsection (2), in addition to the amounts appropriated in part 1, the following amounts are appropriated for the fiscal year ending September 30, 2003:

(a) $488,600.00 is appropriated to local conservation districts from the state general fund.

(b) $158,200.00 is appropriated to the food bank council of Michigan from the state general fund.

(c) $23,300.00 is appropriated to horse shows from the state general fund.

(2) The appropriations in subsection (1) shall become effective only if the tax on cigarettes under the tobacco products tax act, 1993 PA 327, MCL 205.421 to 205.436, is increased by 30 cents or more per pack of cigarettes on or before September 30, 2002.

EXECUTIVE

Members of boards, committees, and commissions; per diem payments.

Sec. 301. The appropriations in section 102 may be used for per diem payments to members of boards, committees, and commissions for a full day's board, committee, or commission work at which a quorum is present; for attending a hearing as authorized by

the respective board, committee, or commission; or for performing official business as authorized by the respective board, committee, or commission. The per diem payments shall be at a rate as follows:

(a) Commission of agriculture	$	75.00 per day
(b) Upper Peninsula state fair board		50.00 per day
(c) Agricultural marketing and bargaining board		35.00 per day
(d) Michigan state fair council		50.00 per day
(e) Grape and wine industry council		50.00 per day

Revenue; use to cover certain expenses.

Sec. 302. The department may receive and expend revenue and use that revenue to cover necessary expenses related to publications, audit and licensing functions, livestock sales, certification of nursery stock, bean inspection services, and laboratory analyses as specified in the following:

(a) Management services publications.

(b) Management services audit and licensing functions.

(c) Upper Peninsula state fair livestock sales.

(d) Pesticide and plant pest management propagation and certification of virus free foundation stock.

(e) Pesticide and plant pest management bean inspection and grading services.

(f) Laboratory support testing for testing horses in draft horse pulling contests at county fairs when local jurisdictions request state assistance.

(g) Laboratory support analyses to determine foreign substances in horses engaged in racing or pulling contests at tracks.

(h) Laboratory support analysis of food, livestock, and agricultural products for disease, foreign products for disease, toxic materials, foreign substances, and quality standards.

(i) Laboratory support test samples for other agencies and organizations.

(j) Fruit and vegetable inspection at shipping and termination points and processing plants.

Agricultural surveys.

Sec. 303. Of the funds appropriated in part 1 for statistical reporting service, $90,000.00 shall be used for surveys which include, but are not limited to, fruit, vegetables, and nursery stock, which encompasses Christmas trees and ornamental plants. The director of the Michigan department of agriculture is given authority to include other agricultural surveys such as turfgrass in the 3- to 5-year rotation. The survey shall include information such as existing plantings/acreage, new plantings/acreage, production, and number of growers.

FOOD AND DAIRY

Restaurant and licensing functions; monitoring by department; report; additional costs.

Sec. 401. (1) The department shall monitor restaurant inspection and licensing functions carried out by local health departments to ensure uniform application and enforce-

ment of minimum program requirements. On or before April 1, 2003, the department shall report to the senate and house appropriations subcommittees on agriculture, the senate and house fiscal agencies, and the state budget director on local health department conformance with minimum program requirements.

(2) If a local unit of government incurs additional costs resulting from its efforts to control a significant food-borne outbreak, the director shall seek additional resources to reimburse the local unit of government for these additional costs. The director shall involve the local health officer of the jurisdiction affected in all aspects of the control of any food-borne outbreak.

Food-borne outbreaks and emergencies; report.

Sec. 402. Not later than April 1, 2003, the department shall provide a report to the house and senate appropriations subcommittees on agriculture and the house and senate fiscal agencies describing significant food-borne outbreaks and emergencies including any enforcement actions taken related to food safety during the 2001-2002 fiscal year.

Reallocation or redistribution of program funds; approval.

Sec. 403. The department, in conjunction with the department of community health, shall assure that a process is in place that requires a local unit of government to obtain prior approval from the department before any reallocation or redistribution of program funds appropriated in section 104.

ANIMAL INDUSTRY

Bovine tuberculosis; wildlife monitoring and testing costs.

Sec. 450. From the funds appropriated in section 105 for the bovine tuberculosis program, the department of agriculture shall reimburse the department of natural resources for those costs associated with monitoring and testing wildlife for bovine tuberculosis that are necessary to support the department of agriculture goals and are jointly agreed to by the department of agriculture and the department of natural resources to be in excess of efforts necessary to effectively plan and execute the eradication of bovine tuberculosis from Michigan's wild free-ranging deer herd.

Bovine tuberculosis; whole herd testing costs.

Sec. 451. From the funds appropriated in section 101 for bovine tuberculosis, the department shall pay for all whole herd testing costs to achieve and maintain split-state status requirements. These costs include producer assistance, indemnity, and compensation for injury causing death or downer to animals.

PESTICIDE AND PLANT PEST MANAGEMENT

Applicator training.

Sec. 501. Of the funds appropriated in section 106 to the pesticide and plant pest management division, up to $100,000.00 may be made available to the Michigan cooperative extension service for the purpose of training of applicators. Reimbursement shall be based on actual expenditures and revenue availability.

Gypsy moth slow-the-spread program.

Sec. 503. The department is authorized to enter into a cooperative agreement with a nonprofit foundation or agency associated with the gypsy moth slow-the-spread program in order to receive funds for managing plant pests.

ENVIRONMENTAL STEWARDSHIP

Energy conservation program; distribution of funds.

Sec. 601. The funds appropriated in section 107 for the energy conservation program shall be distributed on a competitive basis that will be based on statewide energy conservation criteria.

New migrant labor housing; construction grants.

Sec. 602. The department may expend the amount appropriated for migrant labor housing grants for construction of new migrant labor housing. Beginning October 1, 2002, project grants shall not exceed $5,000.00 per unit. Beginning October 1, 2002, an applicant is not eligible for more than a $20,000.00 grant in any fiscal year.

Migrant labor housing program; application for federal funds.

Sec. 603. The department shall apply for all federal funds for which it is eligible that can be used to support the migrant labor housing program.

Local conservation districts.

Sec. 604. The appropriation in section 107 for local conservation districts shall be allocated in the following manner:

(a) Of the total appropriation, $130,000.00 shall be allocated for local conservation district training.

(b) Of the total appropriation, each local conservation district meeting the minimum grant requirements shall receive a grant of $20,000.00 to support basic operations, unless the district resides in a county consisting of multiple districts, in which case a $20,000.00 grant shall be divided equally among the districts in that county. The amount of money allocated under this subdivision shall not be used by local conservation districts to replace any money received from local sources.

(c) Of the remaining appropriation after distributions under subdivisions (a) and (b), additional grants, not to exceed $20,000.00 per local conservation district, may be provided based on a formula approved by the commission of agriculture. Grants under this subdivision shall require at least a 100% cash or in-kind local match. Criteria used to distribute grants under this subdivision shall include, but are not limited to, the natural resources need, the size, and the population of the area served by each local conservation district.

Sec. 605. The appropriation in part 1 for open space development rights easement payments shall be used by the department only to reimburse local units of government for lost revenues associated with open space development rights easements under section 36105(2)(e) of the natural resources and environmental protection act, 1994 PA 451, MCL 324.36105.

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

MARKET DEVELOPMENT

Grape and wine industry council; grants.

Sec. 701. Within the appropriations in part 1 for market development, $603,000.00 is for the grape and wine industry council, from which the department may provide grants for the purposes as described in section 303 of the Michigan liquor control code of 1998, 1998 PA 58, MCL 436.1303.

Distribution by food bank council; direct purchase of foods from Michigan growers, manufacturers, and wholesalers.

Sec. 702. In any given year when insufficient amounts of Michigan surplus products are offered to the food bank council and accepted for distribution, unused funds may be applied by the food bank council for the direct purchase of foods from Michigan growers, manufacturers, or wholesalers.

Future farmers of America grant; charging indirect costs prohibited.

Sec. 704. Indirect costs may not be charged against the future farmers of America grant in section 109 by any administering agency.

Federal market access program.

Sec. 705. The appropriation in section 109 for the export market development program shall be used to coordinate state participation in the federal market access program and to leverage federal funds for the purpose of developing new and enhancing existing export markets for Michigan agricultural products.

Agricultural processing and production ventures.

Sec. 707. The department is authorized to receive and expend up to $5,000,000.00 of utility company uncollectible allowance recovery fund resources which may be deposited into the agricultural development fund for the support of grants for value-added agricultural processing and agricultural production ventures in accordance with the Julian-Stille value-added act, 2000 PA 322, MCL 285.301 to 285.304. The agriculture development fund resources when certified as available by the department of treasury shall remain unallotted until such time as the state budget director has reviewed and approved a department submitted allotment schedule. Expenditures for support of agricultural processing and production ventures shall not exceed revenues received. Unexpended resources remaining in the fund at the end of the fiscal year shall remain in the fund and not lapse to the general fund.

FAIRS AND EXPOSITIONS

Simulcasting revenues; report.

Sec. 801. The department shall submit a report each month to the state budget director, the senate and house appropriations subcommittees on agriculture, and the senate and house fiscal agencies that states the simulcasting revenues generated in the preceding month by each licensed track and the amount received from license fees.

State purse supplements; use for races composed of Michigan-bred horses.

Sec. 802. (1) The appropriation of $297,100.00 in part 1 for standardbred purses and supplements - licensed tracks is intended to provide state purse supplements for 4 races

at state licensed pari-mutuel horse racing tracks. The purse supplements are to be used for races comprised only of Michigan-bred horses segregated into a 4-year-old colt trot division, a 4-year-old filly trot division, a 4-year-old colt pace division, and a 4-year-old filly pace division.

(2) The appropriation in part 1 for licensed tracks - light horse racing shall be allocated as follows:

Arabian and Appaloosa horse racing	$	23,400
Quarter horse racing		70,100

Thoroughbred yearling show.

Sec. 803. Included in the appropriation made in part 1 for the thoroughbred program is $30,500.00 for the Michigan united thoroughbred breeders and owners association to conduct a thoroughbred yearling show. The Michigan united thoroughbred breeders and owners association shall submit to the department an itemized list of expenses showing that the expenses of the yearling show were paid.

Thoroughbred owners' awards program; use.

Sec. 804. From the funds appropriated in section 110 for thoroughbred owners' awards, the department shall develop a program to provide for thoroughbred owners' awards that will be given to owners of Michigan-bred horses finishing first in nonrestricted races at licensed pari-mutuel tracks in Michigan.

Agriculture equine industry development fund; notice of reductions.

Sec. 805. The department shall notify the senate and house appropriations subcommittees on agriculture and the senate and house fiscal agencies of any planned reductions in appropriations, allocations, or expenditures from the agriculture equine industry development fund no less than 10 days before such reductions are implemented.

Prizes, awards, and deadlines; publication of rules; grievances; complaints.

Sec. 806. A county fair, district fair, 4-H fair, or state fair receiving funds in section 110 to be used for prizes or awards, in whole or in part, as a condition precedent to the receiving of the funds for those purposes, shall publish the rules relative to the prizes, awards, and deadlines for entries eligible for the funds in their official premium books or lists relative to the prizes or awards. An aggrieved exhibitor may make a written complaint to the fair within 10 days after the fair ends. If the fair has not satisfactorily settled the grievance within 45 days after it is submitted to the fair, the aggrieved person may file the complaint with the department and the department shall investigate the complaint and make a finding of fact regarding the complaint and take appropriate action regarding the complaint.

Overnight purse supplements.

Sec. 807. Of the amount appropriated in section 110 for purses and supplements - fairs/licensed tracks, a sufficient amount is appropriated to provide for overnight purse supplements pursuant to the horse racing law of 1995, 1995 PA 279, MCL 431.301 to 431.336.

Michigan horse show association - fall youth show.

Sec. 808. Of the amount appropriated in section 110 for premiums, $11,400.00 shall be expended as a grant for the Michigan horse show association - fall youth show.

Animal agriculture industry; youth involvement and adult exhibitions.

Sec. 809. From the appropriations for premiums - county and state fairs in section 110, $120,000.00 shall be awarded through a competitive grant program to local, regional, or state fairs or expositions to promote youth involvement and adult exhibitions in the animal agriculture industry. Appropriate exhibition classes for youth shall be developed that encourage a production exhibit for which premium awards may be paid. The age for youth exhibitors shall be determined by the standards of the association requesting the grant or, if standards do not exist, the age for youth exhibitors shall be ages 9 through 21. Implementation of the latest technologies into the evaluation of the animals shall be encouraged in the production exhibit. Adult exhibitions should focus on the performance or end product, or both, with the appropriate technologies used to enhance placings and the awarding of premiums.

Distribution of outstanding winning tickets; availability for expenditure.

Sec. 811. The funds appropriated in section 110 for distribution of outstanding winning tickets are not available for expenditure until they are deposited in the agriculture equine industry development fund pursuant to section 2 of 1951 PA 90, MCL 431.252. These funds shall be expended in accordance with section 2 of 1951 PA 90, MCL 431.252, and only after they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Compiler's note: This section was repealed by 2003 PA 39, Imd. Eff. July 8, 2003.

Lessee ineligible for state subsidy.

Sec. 812. An individual or other entity that leases land, a building, or other property under the Michigan exposition and fairgrounds act, 1978 PA 361, MCL 285.161 to 285.176, is not eligible for a state grant, loan, appropriation, or other state subsidy related to the leased land, building, or other property.

Estimate of unreserved and unencumbered agriculture equine industry development fund; transfer request.

Sec. 813. (1) On or before January 29, 2003, the department, together with the senate and house fiscal agencies and the department of management and budget, shall estimate the unreserved and unencumbered closing balance of the agriculture equine industry development fund for the fiscal year ending September 30, 2002. The estimate shall consider lapsed appropriations from the fund and any carryforward amounts designated for appropriation in the fiscal year ending September 30, 2003.

(2) On or before February 5, 2003, the department shall request a legislative transfer in accordance with section 393 of the management and budget act, 1984 PA 431, MCL 18.1393, to appropriate any estimated unreserved and unencumbered agriculture equine industry development fund balance in excess of $250,000.00. The appropriations included in the transfer request shall be in accordance with the requirements of section 20 of the horse racing law of 1995, 1995 PA 279, MCL 431.320. At the same time the department forwards its transfer request to the department of management and budget, the department shall submit copies of the transfer request to the senate and house appropriations subcommittees on agriculture and the senate and house fiscal agencies.

Promotions, capital improvements, or race operations; distribution of funds; report.

Sec. 815. From the appropriation in section 110 for building and track improvement - county and state fairs, $49,000.00 shall be awarded to licensed race meet operators for

promotions, capital improvements, or operations at race meets which are conducted on facilities leased from county fairs. On or before December 31, 2002, the department shall report to the senate and house appropriations subcommittees on agriculture and the senate and house fiscal agencies on the distribution of these funds.

Sec. 816. The appropriation in section 110 for fairs and festivals promotion shall be used by the department to provide grants to the industry for statewide volunteer staff education and promotion of commodities.

OFFICE OF RACING COMMISSIONER

Crimes involving horse racing industry; rewards.

Sec. 901. The racing commissioner may pay rewards of not more than $5,800.00 to a person who provides information that results in the arrest and conviction on a felony or misdemeanor charge for a crime that involves the horse racing industry. A reward paid pursuant to this section shall be paid out of the office of racing commissioner line item.

This act is ordered to take immediate effect.

PART 2

PROVISIONS CONCERNING APPROPRIATIONS

GENERAL SECTIONS

Total state spending; payments to local units of government.

Sec. 201. Pursuant to section 30 of article IX of the state constitution of 1963, total state spending from state resources under part 1 for fiscal year 2002-2003 is $118,243,400.00 and state spending from state resources to be paid to local units of government for fiscal year 2002-2003 is $4,500,000.00. The itemized statement below identifies appropriations from which spending to units of local government will occur:

MICHIGAN STRATEGIC FUND		
Economic development job training grants	$	4,500,000
Total Michigan strategic fund	$	4,500,000

Appropriations subject to §§ 18.1101 to 18.1594.

Sec. 202. The appropriations authorized under this act are subject to the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

Billing by department of civil service.

Sec. 204. The department of civil service shall bill departments and agencies at the end of the first fiscal quarter for the 1% charge authorized by section 5 of article XI of the state constitution of 1963. Payments shall be made for the total amount of the billing by the end of the second fiscal quarter.

Hiring freeze; exceptions.

Sec. 205. (1) A hiring freeze is imposed on the state classified civil service. State departments and agencies are prohibited from hiring any new full-time state classified civil service employees and prohibited from filling any vacant state classified civil service positions. This hiring freeze does not apply to internal transfers of classified employees from 1 position to another within a department.

(2) The state budget director shall grant exceptions to this hiring freeze when the state budget director believes that the hiring freeze will result in rendering a state department or agency unable to deliver basic services, cause a loss of revenue to the state, result in the inability of the state to receive federal funds, or would necessitate additional expenditures that exceed any savings from maintaining a vacancy. The state budget director shall report quarterly to the chairpersons of the senate and house of representatives standing committees on appropriations the number of exceptions to the hiring freeze approved during the previous month and the reasons to justify the exception.

Contingency funds; availability for expenditure.

Sec. 206. (1) In addition to the funds appropriated for the department and the fund in part 1, there is appropriated an amount not to exceed $41,000,000.00 for the department and $7,000,000.00 for the fund for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act pursuant to section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $2,000,000.00 for the department and $1,000,000.00 for the fund for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act pursuant to section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $8,000,000.00 for the department for local contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act pursuant to section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(4) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $1,000,000.00 for the department and $500,000.00 for the fund for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act pursuant to section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Privatization; project plan.

Sec. 207. At least 60 days before beginning any effort to privatize, the department shall submit a complete project plan to the subcommittees and the fiscal agencies. The plan shall include the criteria under which the privatization initiative will be evaluated. The evaluation shall be completed and submitted to the fiscal agencies and to the subcommittees within 30 months.

Reporting requirements; use of Internet.

Sec. 208. Unless otherwise specified, the department and fund shall use the Internet to fulfill the reporting requirements of this act. This may include transmission of reports via electronic mail to the recipients identified for each reporting requirement or it may include placement of reports on an Internet or Intranet site. Quarterly, the department and fund shall provide to the subcommittee, state budget office, and the fiscal agencies an electronic and paper copy listing of the reports submitted during the most recent 3-month period along with the Internet or Intranet site of each report, if any.

Purchase of foreign goods or services.

Sec. 209. Funds appropriated in part 1 shall not be used for the purchase of foreign goods or services, or both, if competitively priced and of comparable quality American goods or services, or both, are available.

Businesses in deprived and depressed communities; contracts to provide services or supplies.

Sec. 210. The director or the CEO of each department and agency receiving appropriations in part 1 shall take all reasonable steps to ensure businesses in deprived and depressed communities compete for and perform contracts to provide services or supplies, or both. Each director or CEO shall strongly encourage firms with which the department

contracts to subcontract with certified businesses in depressed and deprived communities for services, supplies, or both.

Notice of grants.

Sec. 211. Of the funds appropriated in part 1 that are in units other than the grants unit, the department and the fund shall not provide grants to local government agencies, institutions of higher education, or nonprofit organizations unless the department or the fund provides notice of the grant to the subcommittees at least 10 days before the grant is issued or at least 72 hours before any announcement to local governmental units or the public.

Affirmative action programs.

Sec. 212. The department and the fund shall establish and maintain affirmative action programs based on guidelines developed by the state equal opportunity workforce planning council which was created by Executive Order No. 1996-13 in order to receive general fund/general purpose dollars.

Retention of reports and records.

Sec. 213. The departments and state agencies receiving appropriations under this act shall receive and retain copies of all reports funded from appropriations in part 1. These departments and state agencies shall follow federal and state guidelines for short-term and long-term retention of these reports and records.

Technology related services and projects; user fees.

Sec. 259. From the funds appropriated in part 1 for information technology, the department shall pay user fees to the department of information technology for technology related services and projects. Such user fees shall be subject to provisions of an interagency agreement between the department and the department of information technology.

Information technology as work project; availability of funds for expenditure.

Sec. 260. Amounts appropriated in part 1 for information technology may be designated as work projects and carried forward to support technology projects under the direction of the department of information technology. Funds designated in this manner are not available for expenditure until approved as work projects under section 451a of the management and budget act, 1984 PA 431, MCL 18.1451a.

Early retirement savings; hiring freeze; adjustments.

Sec. 261. (1) The negative appropriation for early retirement savings in part 1 shall be satisfied by savings realized from not filling all of the positions lost due to the early retirement plan for state employees enacted in 2002 PA 93 amendments to the state employees' retirement act, 1943 PA 240, MCL 38.1 to 38.69.

(2) The negative appropriation for budgetary savings in part 1 shall be satisfied by savings from the hiring freeze imposed under section 205, efficiencies, and other savings identified by the department director and approved by the state budget director.

(3) Appropriation authorization adjustments required due to negative appropriations for early retirement savings and budgetary savings shall be made only after the approval

of transfers by the legislature pursuant to section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Additional appropriations; condition.

Sec. 262. (1) Subject to subsection (2), in addition to the amounts appropriated under part 1, the following amounts are appropriated for the fiscal year ending September 30, 2003:

(a) $1,000,000.00 is appropriated to the council of Michigan foundations from the tobacco settlement trust fund.

(b) $250,000.00 is appropriated to focus:HOPE from the state general fund.

(c) $225,000.00 is appropriated to adult education learning grants from the state general fund.

(d) $6,800,000.00 is appropriated to economic development job training grants from the state general fund.

(e) $700,000.00 is appropriated to the Michigan promotion program from the state general fund.

(2) The appropriations in subsection (1) shall become effective only if the tax on cigarettes under the tobacco products tax act, 1993 PA 327, MCL 205.421 to 205.436, is increased by 30 cents or more per pack of cigarettes on or before September 30, 2002.

DEPARTMENT OF CAREER DEVELOPMENT

Michigan career and technical institute; support of staff services.

Sec. 301. The Michigan career and technical institute may receive equipment and in-kind contributions for the direct support of staff services through the Pine Lake fund, the Delton-Kellogg school district or other local or intermediate school district, or any combination of local or intermediate school districts in addition to those authorized in part 1.

Obtaining federal vocational rehabilitation funds; use of matching funds.

Sec. 302. The Michigan rehabilitation service shall make every effort to ensure that all sources of matching funds in this state are used to obtain federal vocational rehabilitation funds. All sources include, but are not limited to, privately raised funds to support public nonprofit rehabilitation centers as permitted by the rehabilitation act of 1973, Public Law 93-112, 29 U.S.C. 701 to 718, 720 to 751, 760 to 765, 771 to 776, 780 to 785, 791 to 794e, 795 to 795n, and 796 to 796*l*.

Vocational rehabilitation facilities establishment grants; local match requirements.

Sec. 303. The local match requirements for vocational rehabilitation facilities establishment grants shall not exceed 21.3% for the fiscal year ending September 30, 2003.

Centers for independent living; use of funds; applications; report; required information; submission.

Sec. 304. (1) Of the funds appropriated in part 1 for vocational rehabilitation independent living, all general fund/general purpose revenue not used to match federal funds shall be

used for the support of centers for independent living which are in compliance with federal standards for such centers, for the development of new centers in areas presently unserved or underserved, for technical assistance to centers, and for projects to build capacity of centers to deliver independent living services. Applications for such funds shall be reviewed in accordance with criteria and procedures established by the statewide independent living council, the Michigan rehabilitation services unit within the department, and the Michigan commission for the blind. Funds must be used in a manner consistent with the priorities established in the state plan for independent living. The department is directed to work with the Michigan association of centers for independent living and the local workforce development boards to identify other competitive sources of funding.

(2) The statewide independent living council and the Michigan association of centers for independent living shall jointly produce a report providing the following information:

(a) Results in terms of enhanced statewide access to independent living services to individuals who do not have access to such services through other existing public agencies, including measures by which these results can be monitored over time. These measures shall include:

(*i*) Total number of persons assisted by the centers and a comparison to the number assisted in the previous year.

(*ii*) Number of persons moved out of nursing homes into independent living situations and a comparison to the number assisted in the previous year.

(*iii*) Number of persons for whom accommodations were provided to enable independent living or access to employment and a comparison to the number assisted in the previous year.

(*iv*) The total number of disabled individuals served by personal care attendants and the number of personal care attendants provided through the use of any funds appropriated in part 1 administered by a center for independent living and a comparison to the number served in the previous year.

(b) Information from each center for independent living receiving funding through appropriations in part 1 detailing their total budget for their most recently completed fiscal year as well as the amount within that budget funded through the vocational rehabilitation independent living grant program referenced in part 1, the total amount funded through other state agencies, the amount funded through federal sources, and the amount funded through local and private sources.

(c) Savings to state taxpayers in other specific areas that can be shown to be the direct result of activities funded from the vocational rehabilitation independent living grant program during the most recently completed state fiscal year.

(3) The report required in subsection (2) shall be submitted to the appropriate appropriations subcommittees, the fiscal agencies, and the state budget director on or before January 30, 2003.

Work first program; participation requirements.

Sec. 305. (1) The appropriation in part 1 to the department for the work first program shall be expended for grants which provide employment and training services to family independence program applicants and recipients and may be expended for grants which provide employment and training services to former family independence program recipients, as well as to recipients of noncash public assistance, specifically child day care, Medicaid, or food stamp benefits. The work first program, however, shall not be construed to be an entitlement to services.

(2) An applicant may be a school district, intermediate school district, community college, public or private nonprofit college or university, nonprofit organization that provides school-to-work transition programs or that provides employment and training services or vocational rehabilitation programs or state licensed accredited vocational or technical education programs, proprietary school licensed by the state board of education, local workforce development board, or a consortium consisting of any combination of school districts, intermediate school districts, community colleges, nonprofit organizations described in this subsection, licensed proprietary schools, or public or private nonprofit colleges or universities described in this subsection.

(3) When the work first job search requirements have been completed, if the participant has not found employment, the work first site shall identify the barriers which may have prevented the participant from obtaining employment and assist the client in removing those barriers. The work first site shall also identify appropriate education and job training programs which would be available to the participant. The department shall encourage the Michigan works! agencies to consider transportation challenges for work first participants placed in employment. When an individual is re-referred to work first because of an inability to retain employment, the department shall confer with the Michigan rehabilitation services, the family independence agency, or other professionals if deemed appropriate by the Michigan works! agency to screen for and identify issues that are preventing the participant from succeeding in the labor market. Each Michigan works! agency shall determine locally the number of times an individual may be re-referred back to the program before consulting with other service agencies. If no prohibitive barriers to work are found, the individual shall comply with the work first program, or be subject to appropriate penalties.

(4) Work first program participants shall include applicants and recipients of the family independence program established under section 57a of the social welfare act, 1939 PA 280, MCL 400.57a, and such individuals referred to a job club program by a county family independence agency board or a county friend of the court as long as the participation in the job club is part of an application made under this section.

(5) Participants in the work first program shall not be enrolled and counted in membership in a school district or intermediate school district.

(6) The department will work with the family independence agency to coordinate support services to work first participants relating to special/emergency needs.

(7) Work first program participants must receive or be provided an explanation of the program including their benefits and responsibilities before the job interview phase of the program. This explanation shall include clear guidelines with regard to an individual's eligibility for postemployment training support and for applying hours in training toward federal work requirements.

(8) The department shall make every effort to place a minimum of 50% of clients who participate in the work first program in positions that provide wages of $6.00 per hour or more.

(9) The department shall submit to the fiscal agencies and the state budget director by March 15, 2003, a report on the work first program, including the number of participants served under this section, the number of persons who located employment through work first, the average wage of participants who found employment, the number of persons who retained jobs for 90 days, the number of participants placed in employment training and education programs, the number of clients referred to work first who failed to report, a compilation of barriers to employment by incidence and type experienced by participants, and the number of participants referred back to the family independence agency.

(10) The department shall provide to the state budget director and the fiscal agencies by May 15 and November 15 of each year a report on the work first grants. The report due by May 15 shall provide the information described in this subsection for each grant or contract awarded during the preceding 2 quarters of the state fiscal year. The report due by November 15 shall provide this information for each grant or contract awarded during the preceding full fiscal year. The report shall contain both of the following:

(a) The amount and recipient of each grant or contract.

(b) The number of participants in each service delivery area and the number of clients placed in employment in each service delivery area.

(11) The department shall make available to work first participants guidelines on eligibility for postemployment training and how training/education hours are applied toward federal work participation requirements. These guidelines will be presented during joint orientation conducted by the family independence agency and the department contracted staff in accordance with department policy issuances and family independence agency program bulletins. These guidelines presented by the department and the family independence agency shall balance the ability of participants to obtain training and subsequent long-term high-wage employment with the need to connect participants with the workplace. Any and all training/education, with the exception of high school completion and GED preparation, must be occupationally relevant and in demand in the labor market as determined by the workforce development board. Participants must make satisfactory progress to continue in a training/education component.

(12) The work participation requirement is up to 40 hours per week. However, work first participants may meet the work participation requirement by combining a minimum of 10 hours per week of work with training/education. Training/education may last up to 12 months and the calculated hours may include actual classroom seat time up to 10 hours per week plus up to 1 hour of study time for each hour of classroom seat time. The combined work and training/education hours must equal the minimum number of hours required to meet the federal work participation requirements, 30 hours per week for a single parent, 35 hours per week for 2-parent families, 55 hours if utilizing federally funded day care, and 20 hours per week for single parents with a child under the age of 6. Work first participants may enroll in additional hours of classroom seat time beyond 10 hours. However, these hours and the related study time will not count toward the work participation requirement. The training may be no longer than a 1-year program or the final year of a 2- or 4-year undergraduate program designed to lead to immediate labor force attachment.

(13) Work first participants may meet the federal work participation requirement through enrollment in a short-term vocational program requiring 30 hours of classroom seat time per week for a period not to exceed 6 months, or by enrollment in full-time internships, practicums, or clinicals required by an academic or training institution for licensure, professional certification, or degree completion, without an additional work requirement. Two-parent families who receive federally funded day care must work an additional 25 hours per week to meet the federal work participation requirement. In cases where a short-term vocational program lasts less than 6 months, the participant shall be eligible to enroll in 1 additional short-term vocational program for a combined period not to exceed a total of 6 months.

(14) Work first participants who lack a high school diploma or GED and who enroll in high school completion or classes to obtain a GED may count up to 10 hours of classroom seat time, combined with a minimum number of hours of work per week, to meet their

federal work participation requirement. There shall be no time limit on high school completion. GED preparation shall be limited to 6 months.

Study of former work first participants; data to be included; report; formulation and acquisition of data; retention of third party to conduct studies.

Sec. 306. (1) Using all relevant state data sources, the department shall conduct a 3-year longitudinal study of all former work first participants, whose family independence program cases closed due to earnings during fiscal year 1999 and in succeeding fiscal years. The data will include the following:

(a) The number and percentage employed.

(b) The average hourly wage of those employed.

(c) The current hourly wage of those employed.

(d) The range of wages earned by those employed.

(e) The number of individuals that earned each wage amount.

(f) The number and percentage receiving health care benefits from their employer.

(g) The number and percentage receiving tuition reimbursement from their employer.

(h) The number and percentage receiving training benefits from their employer.

(i) The type of jobs obtained by former participants in general categories.

(j) The length of time former participants have retained their jobs, or if participants have had more than 1 job, the length of time employed at each job.

(k) The number and percentage continuing to receive any type of public assistance.

(*l*) If the former recipient has children, whether the children are enrolled in and attending school.

(m) The extent to which the former participant feels that they and their family are better off now than when they were on cash assistance with regard to household income, housing, food and nutritional needs, child health care, and access to health insurance coverage.

(2) The department shall file a report containing the identified data with the subcommittees, fiscal agencies, and state budget director by March 15, 2003.

(3) The department shall cooperate with the family independence agency in formulating and acquiring the identified data.

(4) The department may retain a third party to conduct the studies to obtain the data identified under this section.

Expenditures by local workforce development boards; condition.

Sec. 307. State and federal funds allocated to local workforce development boards for disbursement shall not be expended unless the local workforce development boards maintain a partnership with governmental agencies, public school districts, and public colleges located within the local service delivery area. Each board shall appoint an education advisory group made up of high-level administrators within local educational institutions, workforce development board members, other employers, labor, academic educators, and parents of public school pupils.

Precollege programs in engineering and sciences; report.

Sec. 309. (1) Of the funds appropriated in part 1 for precollege programs in engineering and the sciences, $558,000.00 shall be provided in the form of a grant to the Detroit

precollege engineering program, incorporated and $382,200.00 shall be provided in the form of a grant to the Grand Rapids area precollege engineering program.

(2) The department shall submit a report to the subcommittees and the fiscal agencies by February 1, 2003 regarding dropout rates, grade point averages, enrollment in science, engineering, and math-based curricula, and employment in science, engineering, and math-based fields for students within the programs. The report shall continue to evaluate the effectiveness of the precollege programs in engineering and sciences funded through part 1 appropriations and shall make recommendations on whether state support to expand such programs to other areas of the state is warranted in future fiscal years.

Use of excess funds for employment service agency; staffing and operating expenses.

Sec. 310. Funds earned or authorized by the United States department of labor in excess of the gross appropriation in part 1 for the employment service agency from the United States department of labor are appropriated and may be expended for staffing and related expenses incurred in the operation of its programs. These funds may be spent after the department notifies the subcommittees, fiscal agencies, and the state budget office of the purpose and amount of each grant award.

Disabled veterans outreach specialist or local veterans employment representative; availability at Michigan works! employment services office; duties; notice; employer services; placement of veterans as priority.

Sec. 311. (1) The department shall have at least 1 disabled veterans outreach program specialist or local veterans employment representative present, if able and willing to serve, at each Michigan works! employment services office on a full- or part-time basis during hours of operation.

(2) The department shall ensure that each Michigan works! employment services office shall have the necessary equipment to allow the disabled veterans outreach specialist or local veterans employment representative to perform his or her duties in the same manner they were performed prior to February 1, 1999.

(3) The department shall require each Michigan works! employment services office to have an employee available to ask each individual who enters the office for service whether that individual is a veteran and to refer each veteran to the disabled veterans outreach program specialist or local veterans employment representative on duty at the time.

(4) The department shall require that each Michigan works! employment services office shall have posted in a conspicuous place within the office a notice advising veterans that a disabled veterans outreach program specialist or a local veterans employment representative is available to assist him or her.

(5) The department shall require each Michigan works! employment services office to provide free mediated services to employers wishing to hire a veteran.

(6) The department shall continue to make the appropriate placement of veterans and disabled veterans a priority.

Michigan community service commission volunteer investment grants.

Sec. 312. The department shall report to the subcommittees by September 30, 2003, on the distribution of the Michigan community service commission volunteer investment grants.

Distribution of tobacco settlement funds to council of Michigan foundations; formula.

Sec. 313. The funds appropriated in part 1 for the council of Michigan foundations from tobacco settlement revenue shall be distributed to the council of Michigan foundations as a grant to support local community efforts to address youth and senior health needs. The council may distribute the funds according to a formula determined by the council or may invest these funds. Any investment earnings from this appropriation shall be used for the same purpose as the original appropriation.

Federal pass-through funds to local institutions and governments.

Sec. 314. The department may carry into the succeeding fiscal year unexpended federal pass-through funds to local institutions and governments that do not require additional state matching funds. Federal pass-through funds to local institutions and governments that are received in amounts in addition to those included in part 1 and that do not require additional state matching funds are appropriated for the purposes intended.

Private occupational school license fees; use.

Sec. 315. Of the amounts appropriated in part 1 for postsecondary education, private occupational school license fees shall fund related administrative costs of the proprietary schools oversight unit within the department.

School fee fund; carrying over unexpended funds.

Sec. 316. Money in the school fee fund that is unexpended at the end of the fiscal year may be carried over to the succeeding fiscal year.

Administration of loan collections.

Sec. 317. The department is appropriated an amount not to exceed $100,000.00 from collection of defaulted loans under the future faculty program in the Martin Luther King, Jr. - Cesar Chavez - Rosa Parks programs to offset costs of administering the loan collections.

King-Chavez-Parks initiative on employment outcomes for program participants; data compilation.

Sec. 318. From the funds appropriated in part 1 for postsecondary education, the department shall compile data from each university that receives funding for the future faculty program within the King-Chavez-Parks initiative on employment outcomes for program participants. The report shall be distributed to the house and senate appropriations committees by February 1 of each year. The report shall include data from each participating university covering the most recently completed fiscal year. The data shall include all of the following:

(a) The number of participants receiving support under the program.

(b) The number of participants obtaining full-time employment.

(c) The number of participants obtaining full-time employment in college faculty positions.

(d) The number of participants obtaining full-time employment in college faculty positions within the university through which they received future faculty program support for graduate studies.

Adult education program.

Sec. 319. The appropriation in part 1 for adult education shall be utilized to support the administration of up to $100,000,000.00 in general fund/general purpose revenue for adult education programs. It is the intent of the legislature that department staff funded through the appropriation in part 1 ensure that at least $75,000,000.00 in adult education program funding be distributed through the existing grant process as outlined in section 107 of the state school aid act of 1979, 1979 PA 94, MCL 388.1707. No more than $20,000,000.00 may be administered through any alternative process.

Medicaid buy-in program for working disabled.

Sec. 320. The department shall work with the department of community health to establish a Medicaid buy-in program for the working disabled through the options available under the federal ticket to work and work incentives improvement act of 1999.

King-Chavez-Parks initiative; marketing; report.

Sec. 321. The King-Chavez-Parks initiative shall be marketed by the department to Michigan parents and high school and college students, to promote the benefits and the availability of the college day, select student support services, college/university partnership, visiting professors, Morris Hood, Jr. educator development, and future faculty programs. The department shall provide a report to the subcommittees on December 30, 2002, identifying all efforts taken to market these programs, including, but not limited to, the amount of funding allocated for this purpose, the fund source and any expenditures or encumbrances relating to this marketing effort. It is the intent of the legislature that the department administer the King-Chavez-Parks initiative in the same manner as when it was previously contained in the department of education and consistent with all boilerplate language pertaining to the above listed programs as included in the appropriations act for higher education institutions.

State jobs lost as result of agency or program reorganized, modified, or eliminated; training program.

Sec. 325. The department shall work cooperatively with the department of civil service to identify state employees who will lose their jobs as a result of an agency or program being reorganized, modified, or eliminated and shall develop training programs and provide training to these individuals that will provide them an opportunity and skills necessary to secure new employment within state government or the private sector. It shall be a priority of the department to provide training and employment opportunities to these individuals through their employment service locations.

Michigan works! service centers; funding.

Sec. 326. From the funds appropriated in part 1 to job training programs subgrantees, the department shall allocate sufficient funds to the Michigan works! service centers to allow these centers to remain fully operational.

Assistive technology for persons with disabilities; loan program.

Sec. 327. It is the intent of the legislature that the department shall work with the disability rights coalition to identify all sources of state funding that may be used to match federal or private funding to create a loan program for assistive technology for persons with disabilities.

Michigan virtual university.

Sec. 328. From the funds appropriated in part 1 for the Michigan virtual university, the department shall work with the Michigan virtual university to do the following:

(a) Promote the use of education technology to accelerate career and workforce development by improving the learning environment, stimulating innovative teaching methods, and providing residents of this state with greater technology-based career choices.

(b) Promote technology-based training to public and private sector organizations that emphasize partnerships between public education and the business sector.

(c) Support and encourage various collaborative efforts among educational institutions and government agencies to meet the training needs of the state's workforce.

Focus:HOPE; report.

Sec. 329. (1) Focus:HOPE shall submit a report on the use of the grant's funds appropriated in part 1 to the chairs of the house and senate subcommittees and the fiscal agencies that includes, but is not limited to, the following:

(a) Detailed expenditures for administration including salaries and wages of employees.

(b) Amount allocated for education and training programs including number of students served by each program.

(c) Amount allocated for job search assistance and career planning including the number of students served by each program.

(d) Detailed expenditures for any contracts entered into with the use of these funds.

(e) Detailed expenditures for any program enhancements including number of new hires and capital expenditures.

(2) The report shall be submitted on or before January 31, 2003.

MICHIGAN STRATEGIC FUND

Economic development job training grants.

Sec. 401. (1) The appropriation in part 1 to the fund for economic development job training shall be expended for competitive grants that ensure employers have the trained workers they need to compete in the global economy. The fund shall expedite grant awards for employers locating or expanding in Michigan and thereby creating significant numbers of new jobs in the state. The fund shall award all grants in the first 2 quarters of the state fiscal year but this requirement shall not be applicable to funds available for the rapid response grants as allowed in subsection (10), funds contained in the Michigan growth capital fund as allowed in subsection (22), and the university research grant match as allowed in subsection (21).

(2) Not more than 5% of the total grant, administration, and operating funds appropriated in part 1 for the fund's economic development job training grants program may be expended for administrative costs. Not more than 12% of the total grant awarded to recipients may be expended for administration costs.

(3) No funds appropriated in part 1 to the fund for economic development job training grants may be expended for the training of permanent striker replacement workers.

(4) Of the total funds appropriated in part 1 for economic development job training grants, at least 90% of the funds shall be awarded to community colleges or a consortium of community colleges and other eligible applicants pursuant to subsection (6).

(5) Training grants provided by private sector trainers may reach or exceed 20% of total grants, but not less than 10%.

(6) An applicant may be a school district, intermediate school district, community college, public or private nonprofit college or university, nonprofit organization whose primary purpose is to provide education programs or employment and training services or vocational rehabilitation programs or school-to-work transition programs, local workforce development board, the headquarters of a federal and state sponsored manufacturing technology center, or a consortium consisting of any combination of school districts, intermediate school districts, community colleges, nonprofit organizations described in this subsection, or public or private nonprofit colleges or universities described in this subsection.

(7) On or before October 1, 2002, the fund shall publish proposed application criteria, instructions, and forms for use by eligible applicants. The fund shall provide at least a 2-week period for public comment prior to finalization of the application criteria, instructions, and forms.

(8) The award process will include a simple notice of intent to be reviewed to see if the application merits further consideration. If so, a full application may be submitted. Applications for all grants shall be submitted to the fund, and each application shall contain at least all of the following:

(a) The name, address, and total number of employees of each business organization whose employees are receiving job training.

(b) A description of the specific job skills that will be taught.

(c) A clear statement of the project's scope of activities and number of participants to be involved.

(d) A commitment to maintain participant records in a form and manner required by the fund.

(e) A budget which relates to the proposed activities and various program components.

(9) Priority in the fund's awarding of grants shall be based on the following criteria:

(a) Demonstrated need for the type of training offered.

(b) Creation and/or retention of high wage and high skilled level jobs.

(c) Other criteria determined by the fund to be important.

(10) Not more than $5,000,000.00 of the amount appropriated in part 1 for economic development job training may be allocated to rapid response grants for employee training programs which maintain or attract permanent jobs for Michigan residents. A grant under this subsection shall be awarded to eligible applicants under subsection (1).

(11) Participants in economic development job training programs shall be 16 years or older and not enrolled and counted in membership in a school district or intermediate school district.

(12) Funds allocated under this section shall be for the purpose of ensuring that employers have trained workers they need to compete in the global economy. The fund shall have on file a specific plan to accomplish its objectives.

(13) A recipient of a grant under this section shall not charge tuition or fees to participants in the program funded by the grant. However, a nonprofit organization may

charge tuition or fees if the tuition plan or fees are recognized by the state and the nonprofit organization receives additional funding from other governmental or private funding sources for its programs.

(14) For incumbent worker training, the business organization shall provide 25% of the program costs in matching funds as determined by the program.

(15) Grant funds shall be expended on a cost reimbursement basis.

(16) A recipient of a grant under this section shall allow the fund or the agency's designee to audit all records related to the grant for all entities that receive money, either directly or indirectly through a contract, from the grant funds. A grant recipient or contractor shall reimburse the state for all disallowances found in the audit.

(17) The fund shall provide to the state budget director and the fiscal agencies by April 15 and November 1 of each year a report on the economic development job training grants. The report due by April 15 shall provide the information described in this subsection for each grant or contract awarded during the preceding 2 quarters of the state fiscal year. The report due by November 1 shall provide this information for each grant or contract awarded during the preceding full fiscal year. The report shall contain all of the following:

(a) The amount and recipient of each grant or contract.

(b) The number of participants under each grant or contract and the number of new hires who are in training under the grant.

(c) The names, addresses, and total number of employees of all business organizations for whom training is or will be provided.

(d) The matching funds, if any, to be provided by a business organization.

(18) Of the funds appropriated in part 1 for economic development job training grants, the fund shall not use these funds to finance the startup or in any way subsidize any private distributor of liquor products in Michigan.

(19) As a condition of receiving funds under part 1 of this act, the fund shall not expend any of the economic development job training grant funds to train any employee who is an officer of a corporation in a corporation employing more than 250 employees.

(20) Of the funds appropriated in part 1, $1,000,000.00 may be used for a recruitment program. This will be a program that provides worker recruitment assistance to companies in Michigan. Priority for using the funds shall be to recruit workers from outside the state of Michigan. However, in the event funds are available for in-state recruitment efforts, the Michigan works! agencies shall be utilized unless they indicate they are unable to provide the service.

(21) The Michigan growth capital fund shall be used to develop the technology business sector in Michigan. The fund will be used to encourage private and public investment in the technology business sector, and all of the following apply:

(a) An applicant must match state funds on a 1:1 basis.

(b) Eligible uses of the fund include investments in organizations and programs that promote the development of new industry sectors in Michigan; inducements to attract additional venture capital funds to finance technology development; support organizations, initiatives, or events that promote entrepreneurship; provide match for university federal research grants; and support technology transfer and commercialization programs with universities and the private sector.

(c) The Michigan economic development corporation shall administer the Michigan growth capital fund.

(d) All funds received from repayment of loans, unused grants, revenues received from sales or cash flow participation agreements, guarantees, or any combination thereof or interest thereon, originally distributed as part of the Michigan growth capital fund, shall be received, held, and applied by the Michigan strategic fund for the purposes described in this subsection.

(e) The Michigan economic development corporation shall provide an annual report on the status of Michigan growth capital fund to the subcommittees, the fiscal agencies, and the state budget office by January 31, 2003.

(22) Of the funds appropriated in part 1, $1,000,000.00 may be used to provide match for federal research grants made to Michigan public universities. These funds shall be distributed through a competitive grant program. No grant shall be greater than $500,000.00 and no university shall receive more than 1 grant in a fiscal year.

(23) It is the intent of the legislature that the fiscal year 2003 economic development job training grant program be continued in fiscal year 2004 and be funded at a level not less than that in effect in fiscal year 2002.

Travel Michigan; fees.

Sec. 402. Travel Michigan may establish and collect a fee to cover the cost of materials and processing of photographic prints, slides, videotapes, and travel product database information that are requested by the media and other segments of the public and private sectors. The fees collected shall be appropriated for all expenses necessary to purchase and distribute these photographic prints, slides, videotapes, and travel product database information. The funds are available for expenditure when they are received by the department of treasury.

Annual status report.

Sec. 403. The fund shall submit an annual status report to the subcommittees, fiscal agencies, and the state budget director on all activities, grants, and investment programs financed from the strategic fund using investment or Indian gaming revenues. The report shall provide a list of individual grants and loans made from the fund.

"Michigan Great Lakes. Great Times." slogan; use of revenue.

Sec. 404. Travel Michigan may receive and expend private revenue related to the use of the "Michigan Great Lakes. Great Times." copyrighted slogan and image. This revenue may come from the direct licensing of the name and image or from the royalty payments from various merchandise sales. Revenue collected is appropriated for the marketing of the state as a travel destination. The funds are available for expenditure when they are received by the department of treasury.

Promotion of tourism activities.

Sec. 405. Of the funds appropriated in part 1 for the Michigan promotion program, at least 25% of all program funds shall be used to promote cultural tourism opportunities in Michigan. In addition, $25,000.00 shall be used to promote tourism activities in the northeast region of this state.

Listing of grants.

Sec. 406. The fund shall submit on or before May 1, 2003, and November 1, 2003, to the subcommittees, state budget office, and the fiscal agencies a listing of all grants which

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

have been awarded by the fund or by the Michigan economic development corporation from the funds appropriated in part 1. The list shall include all of the following:

(a) The name of the recipient.

(b) The amount awarded to the recipient.

(c) The purpose of the grant.

Program reports.

Sec. 407. (1) The fund shall provide reports to the relevant subcommittees, the state budget director, and the fiscal agencies concerning the activities of the Michigan economic development corporation. The report shall include, but not be limited to, the following programs funded in part 1:

(a) Travel Michigan.

(b) Michigan business development.

(c) Global business development.

(d) Small, minority, and disabled business services.

(e) Community development block grants.

(f) Strategic fund administration.

(g) Renaissance zones.

(h) Business roundtables.

(i) Business and clean air ombudsman.

(j) Economic development job training grants.

(k) Health and aging research and development initiative.

(*l*) Community assistance team.

(m) Any other programs of the fund.

(2) The reports in subsection (1) shall be submitted by January 1, 2003. The report for each program in subsection (1)(a) through (m) shall include details on the actual spending and number of FTEs for that program for the previous fiscal year.

Local government contracting with private organization; cooperation.

Sec. 408. As a condition of receiving funds under part 1, any interlocal agreement entered into by the fund shall include language which states that if a local unit of government has a contract or memorandum of understanding with a private economic development agency, the Michigan economic development corporation will work cooperatively with that private organization in that local area.

Land purchase; conditions; "economically distressed area" defined.

Sec. 409. (1) Of the funds appropriated to the fund or through grants to the Michigan economic development corporation, no funds shall be expended for the purchase of options on land or the purchase of land unless at least 1 of the following conditions applies:

(a) The land is located in an economically distressed area.

(b) The land is obtained through a purchase or exercise of an option at the invitation of the local unit of government and local economic development agency.

(2) Consideration may be given to purchases where the proposed use of the land is consistent with a regional land use plan, will result in the redevelopment of an economically distressed area, can be supported by existing infrastructure, and will not cause shifts in population away from the area's population centers.

(3) As used in this section, "economically distressed area" means an area in a city, village, or township that has been designated as blighted; a city, village, or township that shows negative population change from 1970 and a poverty rate and unemployment rate greater than the statewide average; or an area certified as a neighborhood enterprise zone.

Life sciences research.

Sec. 410. (1) The funds appropriated in part 1 for the life sciences corridor initiative are appropriated to support basic and applied research in health-related areas, with emphasis on issues related to aging. The program shall be administered by the Michigan economic development corporation.

(2) A life sciences steering committee, appointed by the governor, shall consist of 14 members including the CEO of the Michigan economic development corporation, a member from Michigan State University, the University of Michigan, Wayne State University, the Van Andel Institute, and 2 members from the private sector. The remaining members shall be appointed at large and may include members from the private sector, public sector, or other Michigan universities. Committee members are authorized to designate alternate members. The purpose of the steering committee is to provide advice and oversight of the initiative, including the development of criteria for the award of contracts or grants to qualifying universities, institutions, or individuals. The steering committee will make decisions regarding distribution of these grant funds and has the authority to make adjustments to the category funding percentage from basic research and collaborative research grants to the commercialization fund based upon the demands within categories and the quality of the applications received.

(3) Of the funds appropriated, up to $2,500,000.00 may be used for administering the initiative and not less than $5,000,000.00 shall be used to support a commercial development fund to support commercialization opportunities for life science research in Michigan. In allocating funding to the commercial development fund, it is the intent of the legislature that the life sciences steering committee give maximum priority to supporting all potential commercialization opportunities that appear to have merit. Of the remaining funds appropriated, 45% are allocated for a basic research fund, to be distributed on a competitive basis to Michigan universities or Michigan nonprofit research institutes, or both, for basic research in health-related areas. Not less than $4,000,000.00 is allocated to research related to aging diseases and health problems. In addition, 55% of the remaining appropriated funds are earmarked for a collaborative research fund to support peer-reviewed collaborative grants among Michigan universities and/or private research facilities, with emphasis on testing or developing emerging discoveries.

(4) Repayment of any funds received as a result of awards made under 1999 PA 120, 2000 PA 292, 2001 PA 80, or this act including, but not limited to, funds received as interest or return on investment shall be deposited in the fund described in subsection (3) from which it was awarded to be expended for the same purposes. These funds are authorized for expenditure upon receipt and shall not lapse to the general fund.

(5) The records of the life sciences steering committee involving a proposal submitted by an eligible entity that are of a scientific, technical, or proprietary nature, the release of which could cause competitive harm to the eligible entity as determined by the health and aging steering committee, are exempt from disclosure under the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

Compiler's note: This section was repealed by 2003 PA 39, Imd. Eff. July 8, 2003.

Premiums or advertising material; certain spending prohibited; exception.

Sec. 411. The money appropriated in part 1 to the fund is subject to the condition that none is spent for premiums or advertising material involving personal effects or apparel

including, but not limited to, t-shirts, hats, coffee mugs, or other promotional items, except travel Michigan.

Disposition of unexpended or unencumbered funds.

Sec. 412. (1) From the general fund/general purpose appropriations in part 1 to the fund and granted or transferred to the Michigan economic development corporation, any unexpended or unencumbered balance shall be disposed of in accordance with the requirements in the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594, unless carryforward authorization has been otherwise provided for.

(2) Any encumbered funds shall be used for the same purposes for which funding was originally appropriated in this act.

Receipt of funds by public body corporate; requirements.

Sec. 413. As a condition of receiving funds under part 1, the fund shall ensure that a public body corporate, created under section 28 of article VII of the state constitution of 1963, and the urban cooperation act of 1967, 1967 (Ex Sess) PA 7, MCL 124.501 to 124.512, by a contractual interlocal agreement between local participating economic development corporations formed under the economic development corporations act, 1974 PA 338, MCL 125.1601 to 125.1636, and the Michigan strategic fund, complies with all of the following:

(a) The freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

(b) The open meetings act, 1976 PA 267, MCL 15.261 to 15.275.

(c) Annual audits of all financial records by the auditor general or his or her designee.

(d) All reports required by law to be submitted to the legislature.

Disposition of loan repayments; unused grants, sales or cash flow participation; report.

Sec. 414. As a condition for receiving the appropriations in part 1, any staff of the Michigan economic development corporation involved in private fund-raising activities shall not be party to any decisions regarding the awarding of grants or tax abatements from the Michigan strategic fund, Michigan economic development corporation, or the Michigan economic growth authority.

Funds received as part of care communities fund; report.

Sec. 415. (1) All funds received from repayment of loans, unused grants, revenues received from sales or cash flow participation agreements, guarantees, or any combination thereof or interest thereon, originally distributed as part of the core communities fund, shall be received, held, and applied by the Michigan strategic fund for the purposes described in this act.

(2) The fund shall provide an annual report on the status of this fund. The report shall be provided to the subcommittees, the fiscal agencies, and the state budget office by January 31, 2003.

Ethnic festivals and events.

Sec. 416. Travel Michigan shall coordinate with Michigan-based ethnic destination marketing organizations to promote ethnic festivals and events in Michigan target markets.

Urban revitalization infrastructure program; economic development awards; duties of Michigan economic development corporation.

Sec. 418. (1) The funding appropriated in part 1 of 2000 PA 291 for the Michigan core communities fund will be used to create an urban revitalization infrastructure program in

the Michigan strategic fund for economic development awards to create new jobs or contribute to redevelopment and encourage private investment in core communities.

(2) Awards will be provided to qualified local governmental units as defined in the obsolete property rehabilitation act, 2000 PA 146, or certified technology parks, as defined in the local development financing act, 1986 PA 281, MCL 125.2151 to 125.2174.

(3) Awards can be used for land and property acquisition and assembly, demolition, site development, utility modifications and improvements, street and road improvements, telecommunication infrastructure, site location and relocation, infrastructure improvements, and any other costs related to the successful development and implementation of core community or certified technology park projects, at the discretion of the Michigan economic development corporation.

(4) Funding may be provided in the form of loans, grants, sales or cash flow participation agreements, guarantees, or any combination of these. A cash match of at least 10%, or local repayment guarantee with a dedicated funding source, is required. Priority shall be given to projects which are integrated with existing economic development programs, and to projects in proportion to the amount that local matching rates exceed 10%.

(5) The Michigan economic development corporation shall have all administrative responsibility for the Michigan core communities fund and shall establish application and application scoring criteria and approve awards. The Michigan economic development corporation may utilize up to 1/2 of 1% of the fund for administrative purposes.

(6) Funds will be awarded through an open competitive process based on criteria including the following: project impact, project marketability, lack of adequate infrastructure or land assembly financing sources, local administrative capacity, and the level of local matching funds. Awardees shall agree to expedite the local development process, such as fast-track permitting procedures, streamlined regulatory requirements, standardized construction and building codes, and the use of competitive construction permitting fees.

(7) No single applicant shall be awarded more than $10,000,000.00 per project.

(8) Fifteen days prior to the award of the funds, notification shall be provided to the speaker of the house of representatives, the senate majority leader, the members of the house and senate appropriations committees, and the house and senate fiscal agencies.

(9) Funds shall not be awarded for any of the following purposes:

(a) Land sited for use as, or support for, a gaming facility.

(b) Land or other facilities owned or operated by a gaming facility.

(c) Publicly owned land or facilities which may directly or indirectly support a gaming facility.

(10) As used in this section, "Michigan economic development corporation" means the public body corporate created under section 28 of article VII of the state constitution of 1963 and the urban cooperation act of 1967, 1967 (Ex Sess) PA 7, MCL 124.501 to 124.512, by a contractual interlocal agreement effective April 5, 1999, between local participating economic development corporations formed under the economic development corporations act, 1974 PA 338, MCL 125.1601 to 125.1636, and the Michigan strategic fund. If the Michigan economic development corporation is unable for any reason to perform its duties under this act, the Michigan strategic fund may exercise those duties.

(11) Up to $1,000,000.00 of any unexpended and unencumbered funds in the Michigan core communities fund and any funds received from the repayment of loans, unused

PART 2

PROVISIONS CONCERNING APPROPRIATIONS

GENERAL SECTIONS

Total state spending; payments to local units of government; notice of approximate shortfall.

Sec. 201. (1) Pursuant to section 30 of article IX of the state constitution of 1963, total state spending from state resources for fiscal year 2002-2003 is estimated at $362,729,800.00 in part 1 of this appropriation act and state spending from state resources paid to local units of government for fiscal year 2002-2003 is estimated at $17,425,000.00. The itemized statement below identifies appropriations from which spending to units of local government will occur:

CAPITAL OUTLAY		
Department of natural resources - waterways	$	3,425,000
State transportation department - state aeronautics program		14,000,000
TOTAL	$	17,425,000

(2) If it appears to the principal executive officer of a department or branch that state spending to local units of government will be less than the amount that was projected to be expended under subsection (1), the principal executive officer shall immediately give notice of the approximate shortfall to the state budget director.

Definitions.

Sec. 202. As used in this act:

(a) "ADA" means the Americans with disabilities act.

(b) "Board" means the state administrative board.

(c) "Community college" does not include a state agency or university.

DEPARTMENT OF AGRICULTURE

Development rights and grant awards.

Sec. 251. Of the amounts appropriated in part 1 for farmland and open space development acquisition, the funds shall be used for the purchase of development rights and the awarding of grants by the agriculture preservation fund board under the natural resources and environmental protection act, 1994 PA 451, MCL 324.101 to 324.90106.

DEPARTMENT OF CORRECTIONS

Watchtowers.

Sec. 301. A maximum security prison that is constructed or completed after October 1, 1986, shall have operating manned watchtowers equipped with the weaponry, lighting, sighting, and communications devices necessary for effective execution of its function. The watchtowers shall be constructed pursuant to the American correctional association standards for watchtowers.

New correctional facility; unidentified site.

Sec. 302. (1) An appropriation and authorization contained in this act or a previous appropriations act for the construction of a new correctional facility, including a correctional camp, for which a specific site was not identified with the appropriation shall not be expended until approved by JCOS.

(2) For the purposes of this section, "site" means a city, village, township, or county in which a correctional facility may be located.

CAPITAL OUTLAY PROCESSES, PROCEDURES, AND REPORTS

Capital outlay project; compliance with §§ 18.1101 to 18.1594.

Sec. 401. Each capital outlay project authorized in this act or any previous capital outlay act shall comply with the procedures required by the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594. Capital outlay projects shall not be funded from operating accounts unless approved by the department and the JCOS.

Facility operating cost; inclusion with program statement and planning documents.

Sec. 402. A statement of a proposed facility's operating cost shall be included with the facility's program statement and planning documents when the plans are presented to JCOS for approval.

Planning and construction projects at community colleges and universities; agreement.

Sec. 403. (1) Before proceeding with final planning and construction for projects at community colleges and universities included in an appropriations bill, the community college or university shall sign an agreement with the department that includes the following provisions:

(a) The university or community college agrees to construct the project within the total authorized cost established by the legislature pursuant to the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594, and an appropriations act.

(b) The design and program scope of the project shall not deviate from the design and program scope represented in the program statement and preliminary planning documents approved by the department.

(c) Any other items as identified by the department that are necessary to complete the project.

(2) The department retains the authority and responsibility normally associated with the prudent maintenance of the public's financial and policy interests relative to the state-financed construction projects managed by a community college or university.

Planning or construction project; reports.

Sec. 404. (1) The department shall provide the JCOS and the fiscal agencies with reports as considered necessary relative to the status of each planning or construction project financed by the state building authority, by this act, or by previous acts.

(2) Before the end of each fiscal year, the department shall report to the JCOS and the fiscal agencies for each capital outlay project other than lump sums all of the following:

(a) The account number and name of each construction project.

(b) The balance remaining in each account.

(c) The date of the last expenditure from the account.

(d) The anticipated date of occupancy if the project is under construction.

(e) The appropriations history for the project.

(f) The professional service contractor.

(g) The amount of a project financed with federal funds.

(h) The amount of a project financed through the state building authority.

(i) The total authorized cost for the project and the state authorized share if different than the total.

(3) Before the end of each fiscal year, the department shall report the following for each project by a state agency, university, or community college that is authorized for planning but is not yet authorized for construction:

(a) The name of the project and account number.

(b) Whether a program statement is approved.

(c) Whether schematics are approved by the department.

(d) Whether preliminary plans are approved by the department.

(e) The name of the professional service contractor.

(4) As used in this section, "project" includes appropriation line items made for purchase of real estate.

Capital outlay appropriation; failure to review by JCOS; notice.

Sec. 405. (1) If a capital outlay appropriation is contained in a public act that was not reviewed by the JCOS during the legislative process, the director shall notify the JCOS of an expenditure of that capital outlay appropriation not less than 60 days before the expenditure.

(2) For the purposes of this section, "capital outlay appropriation" means an appropriation that provides for the construction, renovation, or repair of a capital facility or acquisition or development of land and that is normally reviewed by the JCOS.

Availability of federal and other money; use as matching funds.

Sec. 406. A state agency, college, or university shall take steps necessary to make available federal and other money indicated in this act, to make available federal or other money that may become available for the purposes for which appropriations are made in this act, and to use any part or all of the appropriations to meet matching requirements that are considered to be in the best interest of this state. However, the purpose, scope, and total estimated cost of a project shall not be altered to meet the matching requirements.

Comparative cost analysis.

Sec. 407. (1) Before money is released for the construction or lease of a capital outlay project costing over $1,000,000.00, at the request of the JCOS the department shall submit to the JCOS, with preliminary planning documents, a detailed comparative cost analysis. The cost analysis shall include a comparison of the financial and other benefits of construction, financing, operation, and maintenance of the proposed facility between all of the following:

(a) The state.

(b) The private sector.

(c) A combination of the state and the private sector.

(d) A lease agreement.

(2) If the department's recommendation for financing is inconsistent with the findings of the comparative cost analysis, the department shall present written documentation to the JCOS outlining the rationale for the recommendation.

(3) For purposes of this section, "capital outlay project" means a construction project or lease requiring JCOS approval including, but not limited to, a general office facility, special use facility, warehouse, institutional facility, or utility system designed for use by a state agency or university. Capital outlay project does not include a special maintenance and remodeling project, grant-in-aid project, prison facility, legislative facility, judicial facility, community college facility, or self-liquidating project constructed by a university.

Capital outlay plans and priority requests; submission to JCOS and fiscal agencies.

Sec. 408. Pursuant to section 242(2) of the management and budget act, 1984 PA 431, MCL 18.1242, the department shall submit 5-year capital outlay plans and capital outlay priority requests developed by state agencies (and as approved by the department of management and budget), universities, and community colleges to the chairperson and ranking vice-chairperson of the JCOS and the fiscal agencies upon the release of the executive budget recommendation.

USE AND FINANCE STATEMENTS

Nonstate-funded project; approval; request for legislative authorization; violation; project estimate more than certain amount; requirements.

Sec. 501. (1) A university or community college shall not let a contract for new construction of a nonstate-funded project estimated to cost more than $1,000,000.00 unless the project is authorized by the JCOS through approval of a use and financing statement defined by a policy adopted by the JCOS. The request for legislative authorization shall be initially submitted for review to the JCOS and the department. The use and financing statement for a nonstate-funded project shall contain the estimated total construction cost and all associated estimated operating costs including a statement of anticipated project revenues. As used in this section, "new construction" includes land or property acquisition, remodeling and additions, and maintenance projects.

(2) A project that is constructed in violation of this section shall not receive state appropriations for purposes of operating the project, or support for future infrastructure enhancements that are necessitated, in part or in total, by construction of the project.

(3) A state agency, including the department of military affairs, shall not let a contract, including those for a direct federally-funded capital outlay construction or major maintenance or remodeling project if the total project is estimated to cost more than $1,000,000.00 and is to be constructed on state-owned lands, unless the project is approved by the department and by the JCOS through approval of a use and financing statement defined by a policy adopted by the JCOS. For projects over $1,000,000.00, the state agency shall submit a use and financing statement as required for community colleges and universities in subsection (1). As used in this subsection, "direct federally-funded" refers to a project for which federal payments are made directly to the construction vendor and not to the state of Michigan.

(4) A public body corporate created under section 28 of article VII of the state constitution of 1963 and the urban cooperation act of 1967, 1967 (Ex Sess) PA 7, MCL 124.501 to 124.512, by a contractual interlocal agreement between local participating economic development corporations formed under the economic development corporations act, 1974 PA 338, MCL 125.1601 to 125.1636, and the Michigan strategic fund shall not let a contract for new construction estimated to cost more than $1,000,000.00 unless the project is authorized by the JCOS through the approval of a use and financing statement defined by a policy adopted by the JCOS. For purposes of this subsection, the use and financing statement for a project shall contain the estimated total construction cost and all associated estimated operating costs. As used in this subsection, "new construction" means land or property acquisition, remodeling or additions, lease or lease purchase, and maintenance projects for the corporate office of the public body corporate described in this subsection.

LUMP SUMS AND SPECIAL MAINTENANCE

Lump-sum projects.

Sec. 601. (1) The director shall allocate lump-sum appropriations made in this act for remodeling and addition, special maintenance, major special maintenance, energy conservation, demolition, ICF/MR, air-conditioning, and fire protection projects. The director shall allocate other lump sums in order of program priority and need of the various state agencies or as otherwise based on actual building inspection reports by regulatory agencies.

(2) The state budget director may authorize that funds appropriated for lump sum special maintenance shall be available for no more than 2 fiscal years following the fiscal year in which the original appropriation was made. Any remaining balance from allocations made in this section shall lapse to the fund from which it was appropriated pursuant to the lapsing of funds as provided in the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

(3) Before the end of each fiscal year, the department shall submit a report to the JCOS and the fiscal agencies indicating the total cost and status of all lump-sum projects funded under this act and any previous act that have been designated as proposed, designed, bid, under construction, or completed within the current fiscal year.

Demolition projects.

Sec. 602. (1) The department may expend from the lump-sum special maintenance account amounts necessary to demolish any building that is specifically authorized by law to be demolished.

(2) Before the end of each fiscal year, each state agency, community college, and university shall report each year to the department the status of and planned schedule for demolition projects already authorized but not yet started, the estimated cost of the projects, and the anticipated sources of financing of the projects.

Expenditures; limitation.

Sec. 603. Pursuant to department policy, state agencies may expend not more than $1,000,000.00 from their operating budget for special maintenance, remodeling, additions, or other capital outlay purposes, unless specifically authorized by the legislature.

STATE BUILDING AUTHORITY

State building authority projects for lease to state agency; expenditures to meet cash flow requirements; cash advances; repayment.

Sec. 701. (1) Subject to section 242 of the management and budget act, 1984 PA 431, MCL 18.1242, and upon the approval of the state building authority, the department may expend from the general fund of the state during the fiscal year ending September 30, 2003 an amount to meet the cash flow requirements of those state building authority projects solely for lease to a state agency identified in both part 1 and this section, and for which state building authority bonds or notes have not been issued, and for the sole acquisition by the state building authority of equipment and furnishings for lease to a state agency as permitted by 1964 PA 183, MCL 830.411 to 830.425, for which the issuance of bonds or notes is authorized by a legislative concurrent resolution that is effective for a fiscal year ending September 30, 2003. Any general fund advances for which state building authority bonds have not been issued shall bear an interest cost to the state building authority at a rate not to exceed that earned by the state treasurer's common cash fund during the period in which the advances are outstanding and are repaid to the general fund of the state.

(2) Upon sale of bonds or notes for the projects identified in part 1 or for equipment as authorized by legislative concurrent resolution and in this section, the state building authority shall credit the general fund of the state an amount equal to that expended from the general fund plus interest, if any, as defined in this section.

(3) For state building authority projects for which bonds or notes have been issued and upon the request of the state building authority, the state treasurer shall make advances without interest from the general fund as necessary to meet cash flow requirements for the projects, which advances shall be reimbursed by the state building authority when the investments earmarked for the financing of the projects mature.

(4) In the event that a project identified in part 1 is terminated after final design is complete, advances made on behalf of the state building authority for the costs of final design shall be repaid to the general fund in a manner recommended by the director and approved by the JCOS.

Construction or renovation of facility collecting excess revenue; reimbursement; credit; audit.

Sec. 702. (1) State building authority funding to finance construction or renovation of a facility that collects revenue in excess of money required for the operation of that facility shall not be released to a university or community college unless the institution agrees to reimburse that excess revenue to the state building authority. The excess revenue shall be credited to the general fund to offset rent obligations associated with the

retirement of bonds issued for that facility. The auditor general shall annually identify and present an audit of those facilities that are subject to this section. Costs associated with the administration of the audit shall be charged against money recovered pursuant to this section.

(2) As used in this section, "revenue" includes state appropriations, facility opening money, other state aid, indirect cost reimbursement, and other revenue generated by the activities of the facility.

Rent obligations and insurance premiums.

Sec. 703. (1) The state building authority rent appropriations in part 1 may also be expended for the payment of required premiums for insurance on facilities owned by the state building authority or payment of costs that may be incurred as the result of any deductible provisions in such insurance policies.

(2) If the amount appropriated in part 1 for state building authority rent is not sufficient to pay the rent obligations and insurance premiums and deductibles identified in subsection (1) for state building authority projects, there is appropriated from the general fund of the state the amount necessary to pay such obligations.

Construction projects; status report.

Sec. 704. The department shall provide the JCOS and the fiscal agencies a report, not more than 15 days after the reporting date, relative to the status of construction projects associated with state building authority bonds on March 31 and September 30 of each year, or not more than 30 days after a refinancing or restructuring bond issue is sold. The report shall include, but is not limited to, the following:

(a) A list of all completed construction projects for which state building authority bonds have been sold, and which bonds are currently active.

(b) A list of all projects under construction for which sale of state building authority bonds are pending.

(c) A list of all projects authorized for construction or identified in an appropriations act for which approval of schematic/preliminary plans or total authorized cost is pending that have state building authority bonds identified as a source of financing.

Hospital rental requirements.

Sec. 705. It is the intention of the legislature that the University of Michigan take the necessary actions to ensure that eligible interest reimbursements from Medicare and Medicaid programs are made available to the state to satisfy part of the amount appropriated for the University of Michigan adult general hospital facility rent appropriation of $27,917,000.00 contained within the state building authority rent appropriation in part 1. To the extent of a difference between the estimated and actual amount received, there is appropriated from the general fund of the state the amounts necessary to satisfy the hospital rental requirements of the state building authority's 1986 revenue refunding bonds, series I. To the extent payments made to the state by the University of Michigan are required to be reimbursed pursuant to the agreement with the University of Michigan, there is appropriated from the general fund the amount necessary for such reimbursement.

COLLEGES AND UNIVERSITIES

Community colleges; remodeling and additions, special maintenance, or construction; authorization; receipt of federal money.

Sec. 801. (1) This section applies only to projects for community colleges.

(2) State support is directed towards the remodeling and additions, special maintenance, or construction of certain community college buildings. The community college shall obtain or provide for site acquisition and initial main utility installation to operate the facility. Funding shall be comprised of local and state shares, and the state share shall include 50% of any federal money awarded for projects appropriated in this act. Not more than 50% of a capital outlay project, not including a lump-sum special maintenance project or remodeling and addition project, for a community college shall be appropriated from state and federal funds, unless otherwise appropriated by the legislature.

(3) An expenditure under this act is authorized when the release of the appropriation is approved by the board upon the recommendation of the director. The director may recommend to the board the release of any appropriation in part 1 only after the director is assured that the legal entity operating the community college to which the appropriation is made has complied with this act and has matched the amounts appropriated as required by this act. A release of funds in part 1 shall not exceed 50% of the total cost of planning and construction of any project, not including lump-sum remodeling and additions and special maintenance, unless otherwise appropriated by the legislature. Further planning and construction of a project authorized by this act or applicable sections of the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594, shall be in accordance with the purpose and scope as defined and delineated in the approved program statements and planning documents. This act is applicable to all projects for which planning appropriations were made in previous acts.

(4) The community college shall take the steps necessary to secure available federal construction and equipment money for projects funded for construction in this act if an application was not previously made. If there is a reasonable expectation that a prior year unfunded application may receive federal money in a subsequent year, the college shall take whatever action necessary to keep the application active. If federal money is received, the state share shall be adjusted accordingly as provided by this act.

Funds reduction.

Sec. 802. If matching revenues are received in an amount less than the appropriations contained in this act, the state funds of the appropriation shall be reduced in proportion to the amount of matching revenue received.

Project match and governing board approval.

Sec. 804. (1) The director may require that community colleges and universities that have an authorized project listed in part 1 submit documentation regarding the project match and governing board approval of the authorized project not more than 60 days after the beginning of the fiscal year.

(2) If the documentation required by the director under subsection (1) is not submitted, or does not adequately authenticate the availability of the project match or board approval of the authorized project, the authorization may terminate. The authorization terminates 30 days after the director notifies the JCOS of the intent to terminate the project unless the JCOS convenes to extend the authorization.

Authorization for programming and schematic planning; availability of bonding required.

Sec. 805. The appropriation for planning projects authorized in part 1 provides authorization to complete programming and schematic planning documents. These projects will not receive construction authorization unless there is sufficient bonding capacity available under the state building authority's statutory bond capacity limit.

DEPARTMENT OF MANAGEMENT AND BUDGET

Federal surplus property warehouses.

Sec. 901. If the JCOS approves, the department, for purposes of administrative and fiscal efficiency, may consolidate or discontinue federal surplus property warehouses administered under 1961 PA 139, MCL 18.251 to 18.261.

Privately owned leased space.

Sec. 902. (1) The department shall provide the JCOS and the fiscal agencies a report, not more than 15 days after the reporting date, of privately owned leased space by state agencies, by March 31 and September 30 of each year, consisting of the following:

(a) Department.

(b) Agency division and leased number.

(c) Building location (address and city).

(d) Type of building.

(e) County.

(f) Name and address of lessor.

(g) Square footage and net square footage rate.

(h) Monthly and annual cost.

(i) Date lease started and expires.

(j) Options and services.

(2) The lease report shall be summarized for office space, group homes, and other space for the Lansing area and statewide, excepting the Lansing area.

DEPARTMENT OF NATURAL RESOURCES

Boating facilities; construction and improvement.

Sec. 1001. The appropriation made in this act for the harbors and docks program is for the purpose of participating with the federal government and assisting political entities and subdivisions of this state in the construction and improvement of recreational boating facilities within this state. Subject to the approval of the board, this money shall be allocated by the department of natural resources to the federal government, or to the political entities or local units of government involved in the particular projects. An allocation shall not exceed the state portion as listed with each project description. The department of natural resources shall take the steps necessary to match federal money available for the construction and improvement of recreational boating facilities within this state, and to meet requirements of the federal government.

Project status; report; request for reauthorization.

Sec. 1002. (1) Before the end of each fiscal year, the department of natural resources shall report each year to the JCOS the status of each project that received an appropriation in any capital outlay act, if the project is either not completed or has a balance remaining in its account. The report shall be in the same form and contain the information as required under section 404. The report shall be separated into the following areas, by fund sources:

(a) Waterways projects.

(b) Urban recreation projects.

(c) State park projects.

(d) Wildlife and fisheries projects.

(e) Other projects.

(2) A project request for reauthorization by the department of natural resources shall also be identified within the report required by subsection (1). These reauthorization requests shall identify the subsection number of section 248 of the management and budget act, 1984 PA 431, MCL 18.1248, that provides the reason and justification for the requested reauthorization.

(3) A project shall be reauthorized if approved by the JCOS after review by the department.

Transfer from harbor development fund to state waterways fund.

Sec. 1003. The department of natural resources may transfer $4,900,000.00 from the harbor development fund to the state waterways fund for the purposes appropriated in part 1 of this act.

STATE TRANSPORTATION DEPARTMENT

Publicly used airports and landing fields; construction and improvement contracts; local and state allocations; additional federal funds; funding of comprehensive northwest airlines midfield terminal project; allocations for expansion at Detroit-Willow Run airport prohibited.

Sec. 1101. (1) From federal-state-local project appropriations contained in part 1 for the purpose of assisting political entities and subdivisions of this state in the construction and improvement of publicly used airports and landing fields within this state, the state transportation department may permit the award of contracts on behalf of units of local government for the authorized locations not to exceed the indicated amounts, of which the state allocated portion shall not exceed the amount appropriated in part 1.

(2) Political entities and subdivisions shall provide not less than 5% of the cost of any project under this section. State money shall not be allocated until local money is allocated, and except as provided in subsection (4) state money for any 1 project shall not exceed 1/3 of the total appropriation in part 1 from state funds for airport improvement programs.

(3) The Michigan aeronautics commission may take those steps necessary to match federal money available for airport construction and improvement within this state, and to meet the matching requirements of the federal government. Whether acting alone or jointly with another political subdivision or public agency or with this state, a political subdivision or public agency of this state shall not submit to any agency of the federal government a project application for airport planning or development unless it is authorized in this act and the project application is approved by the governing body of each political

subdivision or public agency making the application, and by the Michigan aeronautics commission.

(4) The department of transportation shall notify the state budget director if additional federal aeronautics funds are anticipated beyond those appropriated in part 1 of this act. In the event that additional federal funds are available, the state budget director shall recommend to the legislature an appropriation of state and local funds necessary to meet any federal matching requirements.

(5) From appropriations contained in part 1 for airport improvement programs, $12,000,000.00 of the state general fund shall be used as state resources for state-funded components of the comprehensive northwest airlines midfield terminal project. The allocation of state general fund money is subject to audit by the auditor general.

(6) From the appropriations contained in part 1 for airport improvement programs, no funds shall be allocated for any runway extensions, taxiway extensions, or apron extensions at the Detroit-Willow Run airport. Further, it is the intent of the legislature that no state funds shall be expended to improve or repair the airport where the purpose of the improvement or repair is to expand the usage of the airport including, but not limited to, anything approximating a tradeport as that term is defined in the international tradeport development authority act, 1994 PA 325, MCL 152.2521 to 152.2546.

Status report by department of transportation.

Sec. 1102. Before the end of each fiscal year, the state transportation department shall report to the JCOS the status of projects funded in part 1 with the estimated dollars allocated for each project. If there has to be a delay in reporting, the state transportation department shall notify JCOS in writing of the date the report will be received.

Airport program; availability of planning or construction project; lapse of remaining allocations.

Sec. 1104. (1) A planning project or construction project appropriated for the airport program shall be made available for no more than 2 fiscal years following the fiscal year in which the original appropriation was made.

(2) Any remaining balance from allocations made in this section shall lapse to the fund from which it was appropriated pursuant to the lapsing of funds as provided in the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594. **MISCELLANEOUS**

Antenna site management revolving fund.

Sec. 1201. (1) Revenue collected from licenses issued under the antenna site management project shall be deposited into the antenna site management revolving fund created for this purpose in the department of management and budget. The department may receive and expend funds from the fund for costs associated with the antenna site management project, including the cost of the third-party site manager. Any excess revenue remaining in the fund at the close of the fiscal year shall be proportionately transferred to the appropriate state restricted funds as designated in statute or by constitution.

(2) An antenna shall not be sited pursuant to this section without prior compliance with the respective local zoning codes and local unit of government processes.

Site preparation economic development fund.

Sec. 1202. (1) A site preparation economic development fund is hereby created in the department of management and budget. As used in this section, "economic development sites" means those state owned sites declared as surplus property pursuant to section 251

of the management and budget act, 1984 PA 431, MCL 18.1251, that would provide economic benefit to the area or to the state. The Michigan economic development corporation board and the state budget director shall determine whether or not a specific state owned site qualifies for inclusion in the fund created under this subsection.

(2) Proceeds from the sale of any sites designated in subsection (1) shall be deposited into the fund created in subsection (1) and shall be available for site preparation expenditures, unless otherwise provided by law. The economic development sites authorized in subsection (1) are hereby authorized for sale consistent with state law. Expenditures from the fund are hereby authorized for site preparation activities that enhance the marketable sale value of the sites. Site preparation activities include, but are not limited to, demolition, environmental studies and abatement, utility enhancement, and site excavation.

(3) A cash advance in an amount of not more than $25,000,000.00 is hereby authorized from the general fund to the site preparation economic development fund.

(4) An annual report shall be transmitted to the senate and house of representatives appropriations committees not later than December 31 of each year. This report shall detail both of the following:

(a) The revenue and expenditure activity in the fund for the preceding fiscal year.

(b) The sites identified as economic development sites under subsection (1).

This act is ordered to take immediate effect.
Approved July 25, 2002.
Filed with Secretary of State July 25, 2002.

[No. 519]

(SB 1101)

AN ACT to make appropriations for the department of community health and certain state purposes related to mental health, public health, and medical services for the fiscal year ending September 30, 2003; to provide for the expenditure of those appropriations; to create funds; to require and provide for reports; to prescribe the powers and duties of certain local and state agencies and departments; and to provide for disposition of fees and other income received by the various state agencies.

The People of the State of Michigan enact:

PART 1

Billing by department of civil service.

Sec. 204. The department of civil service shall bill departments and agencies at the end of the first fiscal quarter for the 1% charge authorized by section 5 of article XI of the state constitution of 1963. Payments shall be made for the total amount of the billing by the end of the second fiscal quarter.

Hiring freeze; exceptions.

Sec. 205. (1) A hiring freeze is imposed on the state classified civil service. State departments and agencies are prohibited from hiring any new full-time state classified civil service employees and prohibited from filling any vacant state classified civil service positions. This hiring freeze does not apply to internal transfers of classified employees from 1 position to another within a department.

(2) The state budget director shall grant exceptions to this hiring freeze when the state budget director believes that the hiring freeze will result in rendering a state department or agency unable to deliver basic services, cause loss of revenue to the state, result in the inability of the state to receive federal funds, or would necessitate additional expenditures that exceed any savings from maintaining the vacancy. The state budget director shall report quarterly to the chairpersons of the senate and house of representatives standing committees on appropriations the number of exceptions to the hiring freeze approved during the previous month and the reasons to justify the exception.

Contingency funds; availability for expenditure; transfer.

Sec. 206. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $100,000,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $20,000,000.00 for state-restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $20,000,000.00 for local contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(4) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $10,000,000.00 for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Privatization.

Sec. 207. At least 120 days before beginning any effort to privatize, the department shall submit a complete project plan to the appropriate senate and house of representatives appropriations subcommittees and the senate and house fiscal agencies. The plan shall include the criteria under which the privatization initiative will be evaluated. The evaluation shall be completed and submitted to the appropriate senate and house of representatives appropriations subcommittees and the senate and house fiscal agencies within 30 months.

Electronic transmission of reports; use of internet.

Sec. 208. Unless otherwise specified, the department shall use the internet to fulfill the reporting requirements of this act. This may include transmission of reports via electronic mail to the recipients identified for each reporting requirement or it may include placement of reports on the internet or intranet site. Quarterly, the department shall provide to the house of representatives and senate appropriations subcommittees' members, the state budget office, and the house and senate fiscal agencies an electronic and paper listing of the reports submitted during the most recent 3-month period along with the internet or intranet site of each report, if any.

Purchase of foreign goods or services.

Sec. 209. (1) Funds appropriated in part 1 shall not be used for the purchase of foreign goods or services, or both, if competitively priced and comparable quality American goods or services, or both, are available.

(2) Funds appropriated in part 1 shall not be used for the purchase of out-of-state goods or services, or both, if competitively priced and comparable quality Michigan goods or services, or both, are available.

Businesses in deprived and depressed communities; contracts to provide services or supplies.

Sec. 210. (1) The director shall take all reasonable steps to ensure businesses in deprived and depressed communities compete for and perform contracts to provide services or supplies, or both. The director shall strongly encourage firms with which the department contracts to subcontract with certified businesses in depressed and deprived communities for services, supplies, or both.

(2) The director shall take all reasonable steps to ensure equal opportunity for all who compete for and perform contracts to provide services or supplies, or both, for the department. The director shall strongly encourage firms with which the department

contracts to provide equal opportunity for subcontractors to provide services or supplies, or both.

Carrying forward revenues in excess of fees and collections.

Sec. 211. If the revenue collected by the department from fees and collections exceeds the amount appropriated in part 1, the revenue may be carried forward with the approval of the state budget director into the subsequent fiscal year. The revenue carried forward under this section shall be used as the first source of funds in the subsequent fiscal year.

Maternal and child health block grant, preventive health and health services block grant, substance abuse block grant, healthy Michigan fund, Michigan health initiative; amounts; report.

Sec. 212. (1) From the amounts appropriated in part 1, no greater than the following amounts are supported with federal maternal and child health block grant, preventive health and health services block grant, substance abuse block grant, healthy Michigan fund, and Michigan health initiative funds:

(a) Maternal and child health block grant	$	20,627,000
(b) Preventive health and health services block grant		6,115,300
(c) Substance abuse block grant		61,371,200
(d) Healthy Michigan fund		35,200,000
(e) Michigan health initiative		9,060,200

(2) On or before February 1, 2003, the department shall report to the house of representatives and senate appropriations subcommittees on community health, the house and senate fiscal agencies, and the state budget director on the detailed name and amounts of federal, restricted, private, and local sources of revenue that support the appropriations in each of the line items in part 1 of this act.

(3) Upon the release of the fiscal year 2003-2004 executive budget recommendation, the department shall report to the same parties in subsection (2) on the amounts and detailed sources of federal, restricted, private, and local revenue proposed to support the total funds appropriated in each of the line items in part 1 of the fiscal year 2003-2004 executive budget proposal.

(4) The department shall provide to the same parties in subsection (2) all revenue source detail for consolidated revenue line item detail upon request to the department.

Departments, agencies, and commissions receiving tobacco tax funds; report.

Sec. 213. The state departments, agencies, and commissions receiving tobacco tax funds from part 1 shall report by January 1, 2003, to the senate and house of representatives appropriations committees, the senate and house fiscal agencies, and the state budget director on the following:

(a) Detailed spending plan by appropriation line item including description of programs.

(b) Description of allocations or bid processes including need or demand indicators used to determine allocations.

(c) Eligibility criteria for program participation and maximum benefit levels where applicable.

(d) Outcome measures to be used to evaluate programs.

(e) Any other information considered necessary by the house of representatives or senate appropriations committees or the state budget director.

Tobacco tax revenue; prohibited use.

Sec. 214. The use of state-restricted tobacco tax revenue received for the purpose of tobacco prevention, education, and reduction efforts and deposited in the healthy Michigan fund shall not be used for lobbying as defined in 1978 PA 472, MCL 4.411 to 4.431.

Write-offs and prior year obligations; report on prior years reimbursements, refunds, adjustments, and settlements.

Sec. 216. (1) In addition to funds appropriated in part 1 for all programs and services, there is appropriated for write-offs of accounts receivable, deferrals, and for prior year obligations in excess of applicable prior year appropriations, an amount equal to total write-offs and prior year obligations, but not to exceed amounts available in prior year revenues.

(2) The department's ability to satisfy appropriation deductions in part 1 shall not be limited to collections and accruals pertaining to services provided in fiscal year 2002-2003, but shall also include reimbursements, refunds, adjustments, and settlements from prior years.

(3) The department shall report by March 15, 2003 and September 15, 2003 to the house of representatives and senate appropriations subcommittees on community health on all reimbursements, refunds, adjustments, and settlements from prior years.

Basic health services.

Sec. 218. Basic health services for the purpose of part 23 of the public health code, 1978 PA 368, MCL 333.2301 to 333.2321, are: immunizations, communicable disease control, sexually transmitted disease control, tuberculosis control, prevention of gonorrhea eye infection in newborns, screening newborns for the 7 conditions listed in section 5431(1)(a) through (g) of the public health code, 1978 PA 368, MCL 333.5431, community health annex of the Michigan emergency management plan, and prenatal care.

Michigan public health institute; project design and implementation; report.

Sec. 219. (1) The department may contract with the Michigan public health institute for the design and implementation of projects and for other public health related activities prescribed in section 2611 of the public health code, 1978 PA 368, MCL 333.2611. The department may develop a master agreement with the institute to carry out these purposes for up to a 3-year period. The department shall report to the house of representatives and senate appropriations subcommittees on community health, the house and senate fiscal agencies, and the state budget director on or before November 1, 2002 and May 1, 2003 all of the following:

(a) A detailed description of each funded project.

(b) The amount allocated for each project, the appropriation line item from which the allocation is funded, and the source of financing for each project.

(c) The expected project duration.

(d) A detailed spending plan for each project, including a list of all subgrantees and the amount allocated to each subgrantee.

(2) If a report required under subsection (1) is not received by the house of representatives and senate appropriations subcommittees on community health, the house and senate fiscal agencies, and the state budget director on or before the date specified for that report, the disbursement of funds to the Michigan public health institute under

this section shall stop. The disbursement of those funds shall recommence when the overdue report is received.

(3) On or before September 30, 2003, the department shall provide to the same parties listed in subsection (1) a copy of all reports, studies, and publications produced by the Michigan public health institute, its subcontractors, or the department with the funds appropriated in part 1 and allocated to the Michigan public health institute.

Michigan public health institute; submission to financial and performance audits.

Sec. 220. All contracts with the Michigan public health institute funded with appropriations in part 1 shall include a requirement that the Michigan public health institute submit to financial and performance audits by the state auditor general of projects funded with state appropriations.

Publications, videos, conferences, and workshops; collection of fees.

Sec. 223. The department of community health may establish and collect fees for publications, videos and related materials, conferences, and workshops. Collected fees shall be used to offset expenditures to pay for printing and mailing costs of the publications, videos and related materials, and costs of the workshops and conferences. The costs shall not exceed fees collected.

Information technology; user fees.

Sec. 259. From the funds appropriated in part 1 for information technology, the department shall pay user fees to the department of information technology for technology-related services and projects. The user fees are subject to provisions of any interagency agreement between the department and the department of information technology.

Information technology; designation as work project.

Sec. 260. Amounts appropriated in part 1 for information technology may be designated as work projects and carried forward to support technology projects under the direction of the department of information technology. Funds designated in this manner are not available for expenditure until approved as work projects under section 451a of the management and budget act, 1984 PA 431, MCL 18.1451a.

Negative appropriation for early retirement savings; satisfaction by savings from hiring freeze; adjustments.

Sec. 261. (1) The negative appropriation for early retirement savings in part 1 shall be satisfied by savings realized from not filling all of the positions lost due to the early retirement plan for state employees enacted in 2002 PA 93 amendments to the state employees' retirement act, 1943 PA 240, MCL 38.1 to 38.69.

(2) The negative appropriation for budgetary savings in part 1 shall be satisfied by savings from the hiring freeze imposed under section 205, efficiencies, and other savings identified by the department director and approved by the state budget director.

(3) Appropriation authorization adjustments required due to negative appropriations for early retirement savings and budgetary savings shall be made only after the approval of transfers by the legislature pursuant to section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Failure to expend funds; written explanation; requirements.

Sec. 262. (1) As a condition of expending funds appropriated in part 1, the department shall provide the members of the house of representatives and senate appropriations subcommittees on community health and the house and senate fiscal agencies with a written explanation of the reason or reasons why the department did not fully expend appropriated funds each time any of the following occurs:

(a) A legislative transfer is proposed that would remove 10% or more of the funding in a line item.

(b) A legislative transfer is proposed that would bring the total of year-to-date transfers out of that line item to 10% or more of the originally appropriated amount.

(c) A legislative transfer is proposed that would remove funding in a line item that is the subject of boilerplate language expressing a legislative intent for program implementation.

(d) When it appears that 10% or more of a line item will lapse to the general fund at the close of the fiscal year.

(e) When it appears that 10% or more of a line item will be proposed to be included in a work project, or when the amount that may be included in a work project plus the sum of legislative transfers out of the line item will total 10% or more of the amount originally appropriated.

(2) A written explanation required by subsection (1)(a), (b), or (c) shall be provided on the same day that the department of management and budget requests approval of the legislative transfer. A written explanation required by subsection (1)(d) or (e) shall be provided by September 15, 2003.

(3) In addition, a written explanation that is provided with regard to an appropriation that is the subject of boilerplate language described in subsection (1)(c), whether or not the explanation is provided to comply with subsection (1)(c) or another subdivision of subsection (1), shall include a copy of the applicable boilerplate language.

Additional appropriations; condition.

Sec. 263. (1) Subject to subsection (2), in addition to the amount appropriated under part 1, the following amounts are appropriated for the fiscal year ending September 30, 2003:

(a) $189,100.00 is appropriated to the consumer involvement program.

(b) $339,100.00 is appropriated to minority health grants and contracts.

(c) $315,000.00 is appropriated to the African-American male health initiative.

(d) $1,500,000.00 is appropriated to cancer prevention and control to be allocated pursuant to section 1008.

(e) $45,000.00 is appropriated to chronic disease prevention for child and adult arthritis.

(f) $2,647,200.00 is appropriated to the diabetes and kidney program.

(g) $495,000.00 is appropriated to the injury control intervention project for safe kids program.

(h) $165,900.00 is appropriated to immunization local agreements for the meningitis initiative.

(i) $495,000.00 is appropriated to the Michigan essential health provider program.

(j) $195,000.00 is appropriated to the obesity program.

(k) $490,000.00 is appropriated to physical fitness, nutrition, and health.

(*l*) $3,495,000.00 is appropriated to the pregnancy prevention program.

(m) $1,900,000.00 is appropriated for smoking prevention.

(n) $195,000.00 is appropriated for special projects for fetal alcohol syndrome.

(o) $238,500.00 is appropriated for local health services for training and evaluation.

(2) The appropriation in subsection (1) shall become effective only if the tax on cigarettes under the tobacco products tax act, 1993 PA 327, MCL 205.421 to 205.436, is increased by 30 cents or more per pack of cigarettes on or before September 30, 2002.

DEPARTMENTWIDE ADMINISTRATION

Payments in lieu of worker's compensation payments.

Sec. 301. From funds appropriated for worker's compensation, the department may make payments in lieu of worker's compensation payments for wage and salary and related fringe benefits for employees who return to work under limited duty assignments.

Community health advisory council; member per diems; other expenditures.

Sec. 302. Funds appropriated in part 1 for the community health advisory council may be used for member per diems of $50.00 and other council expenditures.

First-party payments for mental health services; prohibition.

Sec. 303. The department is prohibited from requiring first-party payment from individuals or families with a taxable income of $10,000.00 or less for mental health services for determinations made in accordance with section 818 of the mental health code, 1974 PA 258, MCL 330.1818.

Loan repayment for certain dentists.

Sec. 304. The funds appropriated in part 1 for the Michigan essential health care provider program may also provide loan repayment for dentists that fit the criteria established by part 27 of the public health code, 1978 PA 368, MCL 333.2701 to 333.2727.

Multicultural agencies providing primary care services.

Sec. 305. The department is directed to continue support of multicultural agencies that provide primary care services from the funds appropriated in part 1.

Federally qualified health services.

Sec. 307. From the funds appropriated in part 1 for primary care services, an amount not to exceed $2,890,500.00 is appropriated to enhance the service capacity of the federally qualified health centers and other health centers which are similar to federally qualified health centers.

Michigan essential health care provider program; loan repayments.

Sec. 309. The Breton health center shall be designated as a state-sponsored health center for the purpose of qualifying certified health care providers for loan repayments under the Michigan essential health care provider program.

Primary care clinics located in designated health professional shortage areas.

Sec. 310. (1) The department shall identify all primary care clinics located in federally designated health professional shortage areas.

(2) The department shall provide assistance, at the request of any primary care clinic identified in subsection (1), in attaining designation as a state-sponsored health center for the purpose of qualifying certified health care providers for loan repayments under the Michigan essential health care provider program.

(3) The department shall provide bimonthly reports to the senate and house appropriations subcommittees on community health and the senate and house fiscal agencies on the names and locations of all clinics located in federally designated health professional shortage areas and those clinics that have been designated as Michigan essential health care provider sites.

Palliative care, hospice, and end-of-life care; programs; hospice pilot project.

Sec. 311. From the amounts appropriated in part 1 for palliative and end-of-life care, $166,200.00 shall be allocated for education programs on and promotion of palliative care, hospice, and end-of-life care. The department shall provide a report on the interim results of the hospice pilot project to the house of representatives and senate appropriations subcommittees on community health and the house and senate fiscal agencies by October 1, 2002.

End-of-life care.

Sec. 312. From the funds appropriated in part 1 for palliative and hospice care, the department shall allocate $150,000.00 to the Michigan partnership for the advancement of end-of-life care. The funds shall be used for the continued development and implementation of the strategic plan to improve end-of-life care in Michigan. It is the intent of the legislature that the amount of this grant shall decrease by $50,000.00 in each of the next 3 fiscal years.

Compulsive gambling; report.

Sec. 313. By November 1, 2002, the department shall report to the house of representatives and senate appropriations subcommittees on community health, the house and senate fiscal agencies, and the state budget director on activities undertaken by the department to address compulsive gambling.

MENTAL HEALTH/SUBSTANCE ABUSE SERVICES ADMINISTRATION AND SPECIAL PROJECTS

Contract with protection and advocacy service; services.

Sec. 350. The department may enter into a contract with the protection and advocacy service, authorized under section 931 of the mental health code, 1974 PA 258, MCL 330.1931, or a similar organization to provide legal services for purposes of gaining and maintaining occupancy in a community living arrangement which is under lease or contract with the department or a community mental health services program to provide services to persons with mental illness or developmental disability.

Adolescent suicide; survey and assessment.

Sec. 352. From the funds appropriated, the department shall conduct a statewide survey of adolescent suicide and assessment of available preventative resources.

COMMUNITY MENTAL HEALTH/SUBSTANCE ABUSE SERVICES PROGRAMS

Community mental health services; authority and responsibility of local CMHSPs; contract.

Sec. 401. (1) Funds appropriated in part 1 are intended to support a system of comprehensive community mental health services under the full authority and responsibility of local CMHSPs. The department shall ensure that each CMHSP provides all of the following:

(a) A system of single entry and single exit.

(b) A complete array of mental health services which shall include, but shall not be limited to, all of the following services: residential and other individualized living arrangements, outpatient services, acute inpatient services, and long-term, 24-hour inpatient care in a structured, secure environment.

(c) The coordination of inpatient and outpatient hospital services through agreements with state-operated psychiatric hospitals, units, and centers in facilities owned or leased by the state, and privately-owned hospitals, units, and centers licensed by the state pursuant to sections 134 through 149b of the mental health code, 1974 PA 258, MCL 330.1134 to 330.1149b.

(d) Individualized plans of service that are sufficient to meet the needs of individuals, including those discharged from psychiatric hospitals or centers, and that ensure the full range of recipient needs is addressed through the CMHSP's program or through assistance with locating and obtaining services to meet these needs.

(e) A system of case management to monitor and ensure the provision of services consistent with the individualized plan of services or supports.

(f) A system of continuous quality improvement.

(g) A system to monitor and evaluate the mental health services provided.

(h) A system that serves at-risk and delinquent youth as required under the provisions of the mental health code, 1974 PA 258, MCL 330.1001 to 330.2106.

(2) In partnership with CMHSPs, the department shall continue the process to ensure the long-term viability of a single entry and exit and locally controlled community mental health system.

(3) A contract between a CMHSP and the department and any other state department or agency shall not be altered or modified without a prior written agreement of the parties to the contract.

Contracts between department and CMHSPs; provisions; report.

Sec. 402. (1) From funds appropriated in part 1, final authorizations to CMHSPs shall be made upon the execution of contracts between the department and CMHSPs. The contracts shall contain an approved plan and budget as well as policies and procedures governing the obligations and responsibilities of both parties to the contracts. Each contract with a CMHSP that the department is authorized to enter into under this

subsection shall include a provision that the contract is not valid unless the total dollar obligation for all of the contracts between the department and the CMHSPs entered into under this subsection for fiscal year 2002-2003 does not exceed the amount of money appropriated in part 1 for the contracts authorized under this subsection.

(2) The department shall immediately report to the senate and house of representatives appropriations subcommittees on community health, the senate and house fiscal agencies, and the state budget director if either of the following occurs:

(a) Any new contracts with CMHSPs that would affect rates or expenditures are enacted.

(b) Any amendments to contracts with CMHSPs that would affect rates or expenditures are enacted.

(3) The report required by subsection (2) shall include information about the changes and their effects on rates and expenditures.

Multicultural services providers.

Sec. 403. From the funds appropriated in part 1 for multicultural services, the department shall ensure that CMHSPs continue contracts with multicultural services providers.

Report; information to be included.

Sec. 404. (1) Not later than May 31 of each fiscal year, the department shall provide a report on the community mental health services programs to the members of the house of representatives and senate appropriations subcommittees on community health, the house and senate fiscal agencies, and the state budget director that includes the information required by this section.

(2) The report shall contain information for each CMHSP and a statewide summary, each of which shall include at least the following information:

(a) A demographic description of service recipients which, minimally, shall include reimbursement eligibility, client population, age, ethnicity, housing arrangements, and diagnosis.

(b) When the encounter data is available, a breakdown of clients served, by diagnosis. As used in this subdivision, "diagnosis" means a recipient's primary diagnosis, stated as a specifically named mental illness, emotional disorder, or developmental disability corresponding to terminology employed in the latest edition of the American psychiatric association's diagnostic and statistical manual.

(c) Per capita expenditures by client population group.

(d) Financial information which, minimally, shall include a description of funding authorized; expenditures by client group and fund source; and cost information by service category, including administration. Service category shall include all department approved services.

(e) Data describing service outcomes which shall include, but not be limited to, an evaluation of consumer satisfaction, consumer choice, and quality of life concerns including, but not limited to, housing and employment.

(f) Information about access to community mental health services programs which shall include, but not be limited to, the following:

(*i*) The number of people receiving requested services.

(*ii*) The number of people who requested services but did not receive services.

(*iii*) The number of people requesting services who are on waiting lists for services.

(*iv*) The average length of time that people remained on waiting lists for services.

(g) The number of second opinions requested under the code and the determination of any appeals.

(h) An analysis of information provided by community mental health service programs in response to the needs assessment requirements of the mental health code, including information about the number of persons in the service delivery system who have requested and are clinically appropriate for different services.

(i) An estimate of the number of FTEs employed by the CMHSPs or contracted with directly by the CMHSPs as of September 30, 2002 and an estimate of the number of FTEs employed through contracts with provider organizations as of September 30, 2002.

(j) Lapses and carryforwards during fiscal year 2001-2002 for CMHSPs.

(k) Contracts for mental health services entered into by CMHSPs with providers, including amount and rates, organized by type of service provided.

(*l*) Information on the community mental health Medicaid managed care program, including, but not limited to, both of the following:

(*i*) Expenditures by each CMHSP organized by Medicaid eligibility group, including per eligible individual expenditure averages.

(*ii*) Performance indicator information required to be submitted to the department in the contracts with CMHSPs.

(3) The department shall include data reporting requirements listed in subsection (2) in the annual contract with each individual CMHSP.

(4) The department shall take all reasonable actions to ensure that the data required are complete and consistent among all CMHSPs.

Employee wage pass-through funds; payment to direct care workers.

Sec. 405. It is the intent of the legislature that the employee wage pass-through funded to the community mental health services programs for direct care workers in local residential settings and for paraprofessional and other nonprofessional direct care workers in day programs, supported employment, and other vocational programs shall continue to be paid to direct care workers.

State disability assistance substance abuse services program; eligibility of clients; reimbursement rate.

Sec. 406. (1) The funds appropriated in part 1 for the state disability assistance substance abuse services program shall be used to support per diem room and board payments in substance abuse residential facilities. Eligibility of clients for the state disability assistance substance abuse services program shall include needy persons 18 years of age or older, or emancipated minors, who reside in a substance abuse treatment center.

(2) The department shall reimburse all licensed substance abuse programs eligible to participate in the program at a rate equivalent to that paid by the family independence agency to adult foster care providers. Programs accredited by department-approved accrediting organizations shall be reimbursed at the personal care rate, while all other eligible programs shall be reimbursed at the domiciliary care rate.

Individuals with mental illness and substance abuse diagnosis; contract with service providers; fee schedule.

Sec. 407. (1) The amount appropriated in part 1 for substance abuse prevention, education, and treatment grants shall be expended for contracting with coordinating

agencies or designated service providers. It is the intent of the legislature that the coordinating agencies and designated service providers work with the CMHSPs to coordinate the care and services provided to individuals with both mental illness and substance abuse diagnoses.

(2) The department shall establish a fee schedule for providing substance abuse services and charge participants in accordance with their ability to pay. Any changes in the fee schedule shall be developed by the department with input from substance abuse coordinating agencies.

Substance abuse prevention, education, and treatment programs; data report.

Sec. 408. (1) By April 15, 2003, the department shall report the following data from fiscal year 2001-2002 on substance abuse prevention, education, and treatment programs to the senate and house of representatives appropriations subcommittees on community health, the senate and house fiscal agencies, and the state budget office:

(a) Expenditures stratified by coordinating agency, by central diagnosis and referral agency, by fund source, by subcontractor, by population served, and by service type. Additionally, data on administrative expenditures by coordinating agency and by subcontractor shall be reported.

(b) Expenditures per state client, with data on the distribution of expenditures reported using a histogram approach.

(c) Number of services provided by central diagnosis and referral agency, by subcontractor, and by service type. Additionally, data on length of stay, referral source, and participation in other state programs.

(d) Collections from other first- or third-party payers, private donations, or other state or local programs, by coordinating agency, by subcontractor, by population served, and by service type.

(2) The department shall take all reasonable actions to ensure that the required data reported are complete and consistent among all coordinating agencies.

Substance abuse services; funding priority to providers furnishing child care services.

Sec. 409. The funding in part 1 for substance abuse services shall be distributed in a manner that provides priority to service providers that furnish child care services to clients with children.

Substance abuse treatment as condition for public assistance.

Sec. 410. The department shall assure that substance abuse treatment is provided to applicants and recipients of public assistance through the family independence agency who are required to obtain substance abuse treatment as a condition of eligibility for public assistance.

Jail diversion services.

Sec. 411. (1) The department shall ensure that each contract with a CMHSP requires the CMHSP to implement programs to encourage diversion of persons with serious mental illness, serious emotional disturbance, or developmental disability from possible jail incarceration when appropriate.

(2) Each CMHSP shall have jail diversion services and shall work toward establishing working relationships with representative staff of local law enforcement agencies,

including county prosecutors' offices, county sheriffs' offices, county jails, municipal police agencies, municipal detention facilities, and the courts. Written interagency agreements describing what services each participating agency is prepared to commit to the local jail diversion effort and the procedures to be used by local law enforcement agencies to access mental health jail diversion services are strongly encouraged.

Sec. 412. The department shall contract directly with the Salvation Army harbor light program and Salvation Army turning point of west Michigan to provide non-Medicaid substance abuse services at not less than the amount contracted for in fiscal year 2001-2002. To fund the contracts described in this section, the department shall make an administrative allocation from its existing appropriation of not less than 10% of the amount contracted for in fiscal year 2001-2002 for these programs of the Salvation Army.

Recalculating capitation rates.

Sec. 413. By October 10, 2002, the department shall report to the house of representatives and senate appropriations subcommittees on community health and the house and senate fiscal agencies on the methodology utilized and the adjustments made in recalculating the capitation rates payable to CMHSPs and other managing entities under the federal waiver for Michigan managed specialty services and supports program.

Managed care plan for specialized substance abuse services.

Sec. 414. Medicaid substance abuse treatment services shall be managed by selected CMHSPs pursuant to the centers for Medicare and Medicaid services' approval of Michigan's 1915(b) waiver request to implement a managed care plan for specialized substance abuse services. The selected CMHSPs shall receive a capitated payment on a per eligible per month basis to assure provision of medically necessary substance abuse services to all beneficiaries who require those services. The selected CMHSPs shall be responsible for the reimbursement of claims for specialized substance abuse services. The CMHSPs that are not coordinating agencies may continue to contract with a coordinating agency. Any alternative arrangement must be based on client service needs and have prior approval from the department.

Psychotropic medications.

Sec. 416. (1) Of the funds appropriated in part 1 for pharmaceutical services, community mental health boards shall not be held liable for the cost of prescribed psychotropic medications during fiscal year 2002-2003.

(2) In calculating the available amount of lapses for use in offsetting overexpenditures resulting from the implementation of this section, those lapses credited to community mental health line items shall only include appropriation lapses in excess of the amount calculated for the 5% carryforward defined in state statute.

(3) The department shall provide quarterly reports to the senate and house of representatives appropriations subcommittees on community health, their respective fiscal agencies, and community mental health boards that include data on psychotropic medications regarding the type, number, cost and prescribing patterns of Medicaid providers.

(4) Should expenditures for Medicaid mental health services and Medicaid substance abuse services exceed the appropriations contemplated in part 1 due to an increase in the

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

number or mix of Medicaid eligibles, the department shall request the transfer of appropriation lapses or supplemental funding as may be necessary to offset such expenditures.

Regional partnerships.

Sec. 417. (1) It is the intent of the legislature that the department support projects by community mental health boards to establish regional partnerships. Community mental health boards located in counties within a 45-mile radius of each other shall be allowed to collaborate for the purpose of forming regional partnerships.

(2) The purpose of the regional partnerships should be to expand consumer choice, promote service integration, and produce system efficiencies through the coordination of efforts, or other outcomes, as may be determined by participating community mental health boards.

(3) The projects described in this section shall be completely voluntary and be based on projects proposed by the community mental health boards. Each proposed project shall be consistent with the scope, duration, risks, and inducements contained in the plan for competitive procurement that the department submits to the centers for Medicare and Medicaid services as part of the renewal request for the section 1915(b) managed specialty services waiver.

(4) As an additional incentive for community mental health boards to engage in the projects described in this section, the department shall allow any regional partnership formed under this section to retain 100% of any net lapses generated by the regional partnership.

Medicaid managed mental health care program; funding report.

Sec. 418. On or before the tenth of each month, the department shall report to the senate and house of representatives appropriations subcommittees on community health, the senate and house fiscal agencies, and the state budget director on the amount of funding paid to the CMHSPs to support the Medicaid managed mental health care program in that month. The information shall include the total paid to each CMHSP, per capita rate paid for each eligibility group for each CMHSP, and number of cases in each eligibility group for each CMHSP, and year-to-date summary of eligibles and expenditures for the Medicaid managed mental health care program.

Sec. 419. From the funds appropriated in part 1 for community substance abuse prevention, education, and treatment programs, the department and a CMHSP that contract with a substance abuse coordinating agency shall include a provision in the contract that allows the agency to carry forward up to 5% of its federal block grant revenue.

Management of psychotropic drug costs; pilot projects; reports.

Sec. 422. (1) It is the intent of the legislature that the department support pilot projects by CMHSPs to control and manage psychotropic drug costs associated with the managed specialty services and supports program.

(2) The purpose of the pilot projects is to allow CMHSPs to develop the necessary management and financial tools to assume risk for the responsibility of managing psychotropic drug costs.

(3) The pilot projects described in this section shall be completely voluntary and based on projects proposed by the CMHSPs.

(4) The department shall provide quarterly reports to the house of representatives and senate appropriations subcommittees on community health, the state budget office, and

the house and senate fiscal agencies as to any activities by CMHSPs to pilot projects under this section.

Substance abuse prevention, education, and treatment programs; delivery.

Sec. 423. The department shall work cooperatively with the family independence agency and the departments of corrections, education, state police, and military and veterans affairs to coordinate and improve the delivery of substance abuse prevention, education, and treatment programs within existing appropriations. The department shall report by March 15, 2003 on the outcomes of this cooperative effort to the house of representatives and senate appropriations subcommittees on community health, the house and senate fiscal agencies, and the state budget director.

Claims processing and payment procedure.

Sec. 424. Each community mental health services program that contracts with the department to provide services to the Medicaid population shall adhere to the following timely claims processing and payment procedure for claims submitted by health professionals and facilities:

(a) A "clean claim" as described in section 111i of the social welfare act, 1939 PA 280, MCL 400.111i, must be paid within 45 days after receipt of the claim by the community mental health services program. A clean claim that is not paid within this time frame shall bear simple interest at a rate of 12% per annum.

(b) A community mental health services program must state in writing to the health professional or facility any defect in the claim within 30 days after receipt of the claim.

(c) A health professional and a health facility have 30 days after receipt of a notice that a claim or a portion of a claim is defective within which to correct the defect. The community mental health services program shall pay the claim within 30 days after the defect is corrected.

Mental health and substance abuse services; data report.

Sec. 425. By April 1, 2003, the department, in conjunction with the department of corrections, shall report the following data from fiscal year 2001-2002 on mental health and substance abuse services to the house of representatives and senate appropriations subcommittees on community health and corrections, the house and senate fiscal agencies, and the state budget office:

(a) The number of prisoners receiving substance abuse services which shall include a description and breakdown on the type of substance abuse services provided to prisoners.

(b) The number of prisoners receiving mental health services which shall include a description and breakdown on the type of mental health services provided to prisoners.

(c) Data indicating if prisoners receiving mental health services were previously hospitalized in a state psychiatric hospital for persons with mental illness.

Mental health services to court-referred minors; report.

Sec. 426. (1) By May 31, 2003, the department shall assist the family independence agency in providing the senate and house appropriations subcommittees on community health, the senate and house fiscal agencies, and the state budget director with a report on mental health services to minors assigned or referred by the courts and found to meet CMHSP clinical and financial eligibility determination requirements for fiscal year 2001-2002.

(2) The report described in subsection (1) shall contain information for each CMHSP calculated by the department from fiscal year 2001-2002 data reporting requirements and a statewide summary, each of which shall contain at least the following information:

(a) The number of minors meeting the criteria in subsection (1) and evaluated as a result of court assignment or referral.

(b) The number of minors meeting the criteria in subsection (1) and receiving treatment after the court assignment or referral.

(c) A breakdown of minors meeting the criteria in subsection (1) receiving treatment, by the following categories:

(*i*) Age.

(*ii*) Primary diagnosis, stated as a specifically named condition corresponding to the terminology employed in the latest version of the diagnostic and statistical manual of the American psychiatric association.

(*iii*) Whether or not the score on the state designated outcome instrument indicated marked or severe functional impairment.

(*iv*) Average length of stay in CMHSP treatment.

(*v*) Unduplicated count of the number receiving residential service and average length of stay in residential service.

(*vi*) Number of recipients served under each categorical children's service heading maintained by the department for standard reporting purposes.

CMH Medicaid capitation rates; change.

Sec. 427. (1) Unless required by federal law, the department shall not enact any contract changes concerning capitation payments to CMHSPs for Medicaid eligibles unless agreed to by contract with CMHSPs.

(2) In the event that the federal government mandates that the department make any changes in eligibility or payment rates for CMHSP Medicaid capitation payments, the department shall inform the members of the senate and house of representatives appropriations subcommittees on community health, the senate and house fiscal agencies, and the state budget director within 2 weeks of the estimated change in CMH Medicaid expenditures due to the federally mandated policy change.

(3) The department may not alter CMH Medicaid capitation rates in order to offset any increases in costs due to increases in Medicaid caseload or case mixture.

(4) Before submitting any state plan amendment to the federal waiver for the managed specialty services and supports program to the centers for Medicare and Medicaid services, the department shall submit a copy of the amendment to the legislature.

Increase in capitation rates for CMHSPs; funds; distribution; basis; noncompliance with federal laws or regulations.

Sec. 428. (1) The department of community health shall establish a separate contingency appropriations account, in an amount not to exceed $100,000,000.00. The sole purpose of this account shall be to provide funding for an increase in Medicaid capitation rates, payable to CMHSPs, for Medicaid mental health services.

(2) Each CMHSP and affiliation of CMHSPs shall provide, from internal resources, local funds to be used as a bona fide part of the state match required under the Medicaid program in order to increase capitation rates for CMHSPs and affiliations of CMHSPs. These funds shall not include either state funds received by a CMHSP for services provided to non-Medicaid recipients or the state matching portion of the Medicaid capitation payments made to a CMHSP or an affiliation of CMHSPs.

(3) The distribution of the aforementioned increases in the capitation payment rates, if any, shall be based on a formula developed by a committee established by the department, including representatives from CMHSPs or affiliations of CMHSPs and department staff.

(4) The Medicaid capitation rate increase distribution formula, developed by the committee specified in subsection (3), shall be based upon an analysis of recipient characteristics, comparative needs, actuarial trends, equitable adjustments among funding sources, and other relevant considerations. The committee may also recommend changes in community mental health non-Medicaid (funding formula) payments to CMHSPs in conjunction with establishing the formula noted above in order to maximize funding for all CMHSPs. The committee shall report its findings by February 1, 2003 to the senate and house of representatives appropriations subcommittees on community health.

(5) The enactment of this section shall not result in any increase in the local match or county match obligation above the level of funding provided for mental health services in fiscal year 2001-2002. This section shall further confirm that the Medicaid program for specialty services and supports is part of the county-based community mental health services program system.

(6) This section shall not be implemented if it is found not to be in compliance with federal laws or regulations governing these types of transactions.

Sec. 430. From the funds appropriated in part 1 for community mental health non-Medicaid services, CMHSPs that contract with local providers of mental health services and services for persons with developmental disabilities, under a capitated reimbursement system, may include a provision in the contract that allows the providers to carry forward up to 5% of unobligated capitation payments.

Sec. 431. From the funds appropriated in part 1 for Medicaid mental health services, CMHSPs that contract with local providers of mental health services and services for persons with developmental disabilities, under a capitated reimbursement system, may include a provision in the contract that allows the providers to carry forward up to 5% of unobligated capitation payments.

Competitive procurement of services.

Sec. 432. It is the intent of the legislature that all community mental health services programs establish regular ongoing discussions with local providers of mental health services, substance abuse services, and services to persons with developmental disabilities in preparation for competitive procurement of these services as described in the plan approved by the centers for Medicare and Medicaid services. These discussions shall include representatives of the county or counties included in the service area of the community mental health services program and should take into account maintaining continuity of care for patients and service recipients in the transition to competitive procurement of services.

"System of change" grant.

Sec. 433. The department shall apply for a "system of change" grant from the centers for Medicare and Medicaid services. This grant is intended to support self-determination initiatives, including a consumer cooperative proposal, for persons with developmental disabilities and persons with mental illness.

Matching funds; installments.

Sec. 435. A county required under the provisions of the mental health code, 1974 PA 258, MCL 330.1001 to 330.2106, to provide matching funds to a CMHSP for mental health services rendered to residents in its jurisdiction shall pay the matching funds in equal installments on not less than a quarterly basis throughout the fiscal year, with the first payment being made by October 1, 2002.

Specialty services and support waiver bidding process; minimal service disruptions.

Sec. 436. CMHSPs, regional partnerships, and other entities who are chosen to provide public mental health services through the 1915(b) specialty services and support waiver bidding process shall endeavor to minimize disruptions in services to their clientele due to potential changes in their contracts with providers.

Placement of persons in community residential settings; pilot projects; reports.

Sec. 439. (1) It is the intent of the legislature that the department, in conjunction with CMHSPs, support pilot projects that facilitate the movement of adults with mental illness from state psychiatric hospitals to community residential settings.

(2) The purpose of the pilot projects is to encourage the placement of persons with mental illness in community residential settings who may require any of the following:

(a) A secured and supervised living environment.

(b) Assistance in taking prescribed medications.

(c) Intensive case management services.

(d) Assertive community treatment team services.

(e) Alcohol or substance abuse treatment and counseling.

(f) Individual or group therapy.

(g) Day or partial day programming activities.

(h) Vocational, educational, or self-help training or activities.

(i) Other services prescribed to treat a person's mental illness to prevent the need for hospitalization.

(3) The pilot projects described in this section shall be completely voluntary.

(4) The department shall provide quarterly reports to the house of representatives and senate appropriations subcommittees on community health, the state budget office, and the house and senate fiscal agencies as to any activities undertaken by the department and CMHSPs to pilot projects under this section.

MI-Family services.

Sec. 442. (1) It is the intent of the legislature that the $40,000,000.00 in funding transferred from the community mental health non-Medicaid services line to the Medicaid mental health services line be used to provide state match for increases in Medicaid funding for mental health services provided to MI-Family enrollees and for economic increases for the Medicaid specialty services and supports program. Such redirection may only occur for these 2 purposes.

(2) The department shall assure that persons eligible for mental health services under the priority population sections of the mental health code, 1974 PA 258, MCL 330.1001 to 330.2106, will receive mandated services under this plan.

(3) Capitation payments to CMHSPs for persons that become enrolled in Medicaid under the MI-Family program shall be made at the same rates as payments for current Medicaid beneficiaries.

(4) If payments made to CMHSPs for MI-Family services are less than the revenue included in the Medicaid mental health services line for services to MI-Family enrollees, the general fund match for those unused federal dollars shall be transferred back to the community mental health non-Medicaid services line. The department is authorized to transfer up to $18,000,000.00 from the community mental health non-Medicaid services line to provide state match for increases in Medicaid funding for MI-Family services to the extent that persons are enrolled in the program. The department shall report quarterly to the senate and house of representatives appropriations subcommittees on community health the number of persons enrolled in the MI-Family program, the amount of funding transferred from the community mental health non-Medicaid services line per this subsection, the amount of Medicaid federal funds drawn down as a result of each transfer, and the services provided to MI-Family enrollees with these funds.

(5) The department shall establish a committee comprised of representatives of the department and the CMHSPs to establish a formula for distribution of payments for economic increases for the Medicaid specialty services and supports program referenced under subsection (1). The committee may recommend changes in community mental health non-Medicaid (funding formula) payments to CMHSPs in conjunction with establishing the formula noted above in order to maximize funding for all CMHSPs. The committee shall determine the level and cost of mental health services provided as a result of the MI-Family program and determine the amount of general fund dollars available to serve priority populations required by the mental health code, 1974 PA 258, MCL 330.1001 to 330.2106. The committee shall report its findings by February 1, 2003 to the senate and house of representatives appropriations subcommittees on community health.

Mental and behavioral health services for children; preventive measures.

Sec. 444. The department shall ensure that appropriate continuum of mental and behavioral health services are available to meet the needs of children which include inpatient services, outpatient services, in-home visits, and family respite care. The department shall also promote mental health preventive measures for children which include school-based risk assessments of children and collaborative efforts between the state, communities, schools, and families.

Sec. 447. The department shall provide to the CMHSPs a fixed net cost rate for services provided by the state. This rate shall be equal to the operating cost of providing services minus that part of operating cost paid by federal and private funds, less the amount received by the state as reimbursement from those persons and insurers who are financially liable for the cost of such service. These rates shall be developed by October 1, 2002, and shall be included in the contract between the department and the CMHSPs. The department shall use these rates for CMHSP authorizations as well as for the rates which the department bills CMHSPs for state services.

Sec. 448. As required under section 1903(w)(7)(A)(*viii*) of title XIX, 42 U.S.C. 1396b, a CMHSP or affiliate of a CMHSP that receives funds under this act for participating in the Medicaid managed specialty mental health and substance abuse program administered by the department shall comply with the provisions of section 224b of the insurance code of 1956, 1956 PA 218, MCL 500.224b, as if it were a health maintenance organization. The quality assurance assessment fee charged to the CMHSP or affiliate shall not exceed 6%.

Sec. 449. From the funds appropriated in part 1 for multicultural services, $2,500,000.00 shall be allocated for persons with severe mental, developmental, physical, or emotional disabilities who are not currently served under this program.

STATE PSYCHIATRIC HOSPITALS, CENTERS FOR PERSONS WITH DEVELOPMENTAL DISABILITIES, AND FORENSIC AND PRISON MENTAL HEALTH SERVICES

Third-party payments for services.

Sec. 601. (1) In funding of staff in the financial support division, reimbursement, and billing and collection sections, priority shall be given to obtaining third-party payments for services. Collection from individual recipients of services and their families shall be handled in a sensitive and nonharassing manner.

(2) The department shall continue a revenue recapture project to generate additional revenues from third parties related to cases that have been closed or are inactive. Revenues collected through project efforts are appropriated to the department for departmental costs and contractual fees associated with these retroactive collections and to improve ongoing departmental reimbursement management functions so that the need for retroactive collections will be reduced or eliminated.

Gifts and bequests; purpose; use.

Sec. 602. Unexpended and unencumbered amounts and accompanying expenditure authorizations up to $500,000.00 remaining on September 30, 2003 from pay telephone revenues and the amounts appropriated in part 1 for gifts and bequests for patient living and treatment environments shall be carried forward for 1 fiscal year. The purpose of gifts and bequests for patient living and treatment environments is to use additional private funds to provide specific enhancements for individuals residing at state-operated facilities. Use of the gifts and bequests shall be consistent with the stipulation of the donor. The expected completion date for the use of gifts and bequests donations is within 3 years unless otherwise stipulated by the donor.

Forensic mental health services.

Sec. 603. The funds appropriated in part 1 for forensic mental health services provided to the department of corrections are in accordance with the interdepartmental plan developed in cooperation with the department of corrections. The department is authorized to receive and expend funds from the department of corrections in addition to the appropriations in part 1 to fulfill the obligations outlined in the interdepartmental agreements.

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

Semiannual report.

Sec. 604. (1) The CMHSPs shall provide semiannual reports to the department on the following information:

(a) The number of days of care purchased from state hospitals and centers.

(b) The number of days of care purchased from private hospitals in lieu of purchasing days of care from state hospitals and centers.

(c) The number and type of alternative placements to state hospitals and centers other than private hospitals.

(d) Waiting lists for placements in state hospitals and centers.

(2) The department shall semiannually report the information in subsection (1) to the house of representatives and senate appropriations subcommittees on community health, the house and senate fiscal agencies, and the state budget director.

Closures or consolidations of state hospitals, centers, or agencies; conditions; closure plan; transfer of fund balance.

Sec. 605. (1) The department shall not implement any closures or consolidations of state hospitals, centers, or agencies until CMHSPs have programs and services in place for those persons currently in those facilities and a plan for service provision for those persons who would have been admitted to those facilities.

(2) All closures or consolidations are dependent upon adequate department-approved CMHSP plans that include a discharge and aftercare plan for each person currently in the facility. A discharge and aftercare plan shall address the person's housing needs. A homeless shelter or similar temporary shelter arrangements are inadequate to meet the person's housing needs.

(3) Four months after the certification of closure required in section 19(6) of the state employees' retirement act, 1943 PA 240, MCL 38.19, the department shall provide a closure plan to the house of representatives and senate appropriations subcommittees on community health.

(4) Upon the closure of state-run operations and after transitional costs have been paid, the remaining balances of funds appropriated for that operation shall be transferred to CMHSPs responsible for providing services for persons previously served by the operations.

Patient reimbursement; adjustment; carrying forward excess revenue.

Sec. 606. The department may collect revenue for patient reimbursement from first- and third-party payers, including Medicaid, to cover the cost of placement in state hospitals and centers. The department is authorized to adjust financing sources for patient reimbursement based on actual revenues earned. If the revenue collected exceeds current year expenditures, the revenue may be carried forward with approval of the state budget director. The revenue carried forward shall be used as a first source of funds in the subsequent year.

INFECTIOUS DISEASE CONTROL

Prevention, education, and outreach services; priority to adolescents.

Sec. 801. In the expenditure of funds appropriated in part 1 for AIDS programs, the department and its subcontractors shall ensure that adolescents receive priority for prevention, education, and outreach services.

AIDS provider education activities; funding to Michigan state medical society.

Sec. 802. In developing and implementing AIDS provider education activities, the department may provide funding to the Michigan state medical society to serve as lead agency to convene a consortium of health care providers, to design needed educational efforts, to fund other statewide provider groups, and to assure implementation of these efforts, in accordance with a plan approved by the department.

AIDS drug assistance program; eligibility criteria and drug formulary.

Sec. 803. The department shall continue the AIDS drug assistance program maintaining the prior year eligibility criteria and drug formulary. This section is not intended to prohibit the department from providing assistance for improved AIDS treatment medications.

Sec. 805. (1) From the funds appropriated in part 1 for immunization local agreements, the department shall establish a Natalia Horak and Matthew Knueppel meningitis prevention initiative fund in the amount of $334,100.00, unless otherwise adjusted pursuant to section 263. The department shall ensure that the fund may accept private and local contributions.

(2) The purpose of this fund shall be to provide grants to qualified organizations that will develop education modules targeted towards groups at increased risk of becoming infected with meningitis. The education modules shall provide information on the benefits and risks of vaccination as well as on early detection and treatment for all forms of the disease. Education pertaining to early detection, isolation, and treatment may also be developed for primary medical care providers and local health officers.

(3) The department shall establish the qualification criteria for organizations and shall provide quarterly reports on this initiative to the senate and house appropriations subcommittees on community health and the senate and house fiscal agencies.

EPIDEMIOLOGY

Asthma intervention program.

Sec. 851. From the funds appropriated in part 1 for asthma prevention and control, $300,000.00 shall be allocated for an asthma intervention program, including surveillance, community-based programs, and awareness and education. The department shall seek federal funds as they are made available for asthma programs.

Sec. 852. From the funds appropriated in part 1 for bioterrorism preparedness from federal bioterrorism hospital preparedness funding and consistent with federal requirements, the department shall make the following allocations: $300,000.00 to Sault Ste. Marie War Memorial Hospital, $300,000.00 to Traverse City Munson Healthcare, $300,000.00 to Battle Creek Health System, $500,000.00 to Grand Rapids Metropolitan Medical Response System, $1,000,000.00 to Sparrow Health System, and $1,000,000.00 to Detroit Medical Center.

Sec. 853. From the funds appropriated in part 1 for epidemiology administration, $100.00 shall be allocated to allow and support a collaborative and ongoing research

initiative between the department, Michigan State University, and the Michigan farm bureau to be proactive in human health concerns regarding the mutation and transmission of traditionally animal-borne diseases to the human population.

LOCAL HEALTH ADMINISTRATION AND GRANTS

Implementation of § 333.17015; reimbursement.

Sec. 901. The amount appropriated in part 1 for implementation of the 1993 amendments to sections 9161, 16221, 16226, 17014, 17015, and 17515 of the public health code, 1978 PA 368, MCL 333.9161, 333.16221, 333.16226, 333.17014, 333.17015, and 333.17515, shall reimburse local health departments for costs incurred related to implementation of section 17015(15) of the public health code, 1978 PA 368, MCL 333.17015.

Dissolution of district health department; penalty.

Sec. 902. If a county that has participated in a district health department or an associated arrangement with other local health departments takes action to cease to participate in such an arrangement after October 1, 2002, the department shall have the authority to assess a penalty from the local health department's operational accounts in an amount equal to no more than 5% of the local health department's local public health operations funding. This penalty shall only be assessed to the local county that requests the dissolution of the health department.

Lead abatement program.

Sec. 903. The department shall provide a report annually to the house of representatives and senate appropriations subcommittees on community health, the senate and house fiscal agencies, and the state budget director on the expenditures and activities undertaken by the lead abatement program. The report shall include, but is not limited to, a funding allocation schedule, expenditures by category of expenditure and by subcontractor, revenues received, description of program elements, and description of program accomplishments and progress.

Immunizations, infectious disease control, sexually transmitted disease control and prevention, hearing screening, vision services, food protection, public water supply, private groundwater supply, and on-site sewage management.

Sec. 904. (1) Funds appropriated in part 1 for local public health operations shall be prospectively allocated to local health departments to support immunizations, infectious disease control, sexually transmitted disease control and prevention, hearing screening, vision services, food protection, public water supply, private groundwater supply, and on-site sewage management. Food protection shall be provided in consultation with the Michigan department of agriculture. Public water supply, private groundwater supply, and on-site sewage management shall be provided in consultation with the Michigan department of environmental quality.

(2) Local public health departments will be held to contractual standards for the services in subsection (1).

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

(3) Distributions in subsection (1) shall be made only to counties that maintain local spending in fiscal year 2002-2003 of at least the amount expended in fiscal year 1992-1993 for the services described in subsection (1).

(4) By April 1, 2003, the department shall make available upon request a report to the senate or house of representatives appropriations subcommittee on community health, the senate or house fiscal agency, or the state budget director on the planned allocation of the funds appropriated for local public health operations.

Funding distribution methodology.

Sec. 905. In implementing the new funding distribution methodology developed by the local public health operations funding formula workgroup, the department shall allocate to local health departments in fiscal year 2002-2003 no less than 100% of their fiscal year 2001-2002 allocation.

CHRONIC DISEASE AND INJURY PREVENTION AND HEALTH PROMOTION

Promotion of awareness, education, and early detection of certain cancers.

Sec. 1001. From the state funds appropriated in part 1, the department shall allocate funds to promote awareness, education, and early detection of breast, cervical, prostate, and colorectal cancer, and provide for other health promotion media activities.

School health education curriculum; steering committee; parental request for course content.

Sec. 1002. (1) Provision of the school health education curriculum, such as the Michigan model or another comprehensive school health education curriculum, shall be in accordance with the health education goals established by the Michigan model for the comprehensive school health education state steering committee. The state steering committee shall be comprised of a representative from each of the following offices and departments:

(a) The department of education.

(b) The department of community health.

(c) The health administration in the department of community health.

(d) The bureau of mental health and substance abuse services in the department of community health.

(e) The family independence agency.

(f) The department of state police.

(2) Upon written or oral request, a pupil not less than 18 years of age or a parent or legal guardian of a pupil less than 18 years of age, within a reasonable period of time after the request is made, shall be informed of the content of a course in the health education curriculum and may examine textbooks and other classroom materials that are provided to the pupil or materials that are presented to the pupil in the classroom. This subsection does not require a school board to permit pupil or parental examination of test questions and answers, scoring keys, or other examination instruments or data used to administer an academic examination.

Alzheimer's information network.

Sec. 1003. Funds appropriated in part 1 for the Alzheimer's information network shall be used to provide information and referral services through regional networks for persons with Alzheimer's disease or related disorders, their families, and health care providers.

Michigan physical fitness and sports foundation.

Sec. 1005. From the funds appropriated in part 1 for physical fitness, nutrition, and health, up to $755,000.00, unless otherwise adjusted pursuant to section 263, may be allocated to the Michigan physical fitness and sports foundation. The allocation to the Michigan physical fitness and sports foundation is contingent upon the foundation providing at least a 20% cash match.

Prevention and smoking cessation program.

Sec. 1006. In spending the funds appropriated in part 1 for the smoking prevention program, priority shall be given to prevention and smoking cessation programs for pregnant women, women with young children, and adolescents.

Violence prevention.

Sec. 1007. (1) The funds appropriated in part 1 for violence prevention shall be used for, but not be limited to, the following:

(a) Programs aimed at the prevention of spouse, partner, or child abuse and rape.

(b) Programs aimed at the prevention of workplace violence.

(2) In awarding grants from the amounts appropriated in part 1 for violence prevention, the department shall give equal consideration to public and private nonprofit applicants.

(3) From the funds appropriated in part 1 for violence prevention, the department may include local school districts as recipients of the funds for family violence prevention programs.

Cancer prevention and control; allocations.

Sec. 1008. Contingent on the availability of additional funds appropriated for the cancer prevention and control program, including funds appropriated pursuant to section 263, $1,500,000.00 shall be allocated to the Karmanos Cancer Institute/Wayne State University, to the University of Michigan comprehensive cancer center, and to Michigan State University for cancer and cancer prevention services and activities, consistent with the current priorities of the Michigan cancer consortium.

Kidney disease prevention.

Sec. 1009. From the funds appropriated in part 1 for the diabetes and kidney program, a portion of the funds may be allocated to the National Kidney Foundation of Michigan for kidney disease prevention programming including early identification and education programs and kidney disease prevention demonstration projects.

Osteoporosis prevention and treatment education program.

Sec. 1010. Of the funds appropriated in part 1 for the health education, promotion, and research programs, the department shall allocate not less than $400,000.00 to implement the osteoporosis prevention and treatment education program targeting women and school health education. As part of the program, the department shall design and implement strategies for raising public awareness on the causes and nature of osteoporosis, personal risk factors, value of prevention and early detection, and options for diagnosing and treating osteoporosis.

African-American male health initiative; pilot project.

Sec. 1011. Contingent on the availability of additional funds appropriated for the African-American male health initiative, the department may provide funding to support a pilot project for cancer prevention and early detection for high-risk African-American low-income men. The pilot project may be conducted by a group composed of the department, the Barbara Ann Karmanos Cancer Institute, and federally qualified health centers. Services that the pilot project may make available to uninsured or underinsured high-risk men, subject to informed consent, include screening for prostate cancer and colorectal cancer. Funds may be used for diagnostic services if screening results are abnormal and for treatment services if cancer is diagnosed.

Michigan Parkinson's Initiative.

Sec. 1013. Contingent on the availability of additional funds appropriated for the Michigan Parkinson's Foundation, funds may be used for implementation of the Michigan Parkinson's Initiative which supports and educates persons with Parkinson's disease and their families. Members of the Michigan Parkinson's Initiative include the University of Michigan, Michigan State University, Wayne State University, Beaumont Hospital, St. John Hospital and Health Center, Henry Ford Health System, and other organizations as appropriate.

Stroke prevention, education, and outreach.

Sec. 1019. From the funds appropriated in part 1 for chronic disease prevention, $50,000.00 shall be allocated for stroke prevention, education, and outreach. The objectives of the program shall include education to assist persons in identifying risk factors, and education to assist persons in the early identification of the occurrence of a stroke in order to minimize stroke damage.

Childhood and adult arthritis program.

Sec. 1020. From the funds appropriated in part 1 for chronic disease prevention, $55,000.00, unless otherwise adjusted pursuant to section 263, shall be allocated for a childhood and adult arthritis program.

Spinal cord injury programs.

Sec. 1024. Funds may be allocated for spinal cord injury programs if federal funding becomes available.

Sec. 1025. From the funds appropriated in part 1 for the diabetes and kidney program, up to $50,000.00 shall be allocated to a Battle Creek diabetes and kidney prevention program.

Chronic disease prevention; David S. Holmes sickle cell anemia program.

Sec. 1026. Contingent on the availability of funds appropriated in part 1 for chronic disease prevention, funds may be provided for the David S. Holmes sickle cell anemia program and allocated to the Barbara Ann Karmanos Cancer Institute/Wayne State University and the Children's Hospital of Michigan.

African-American male health initiative; David S. Holmes sickle cell anemia program.

Sec. 1027. Contingent on the availability of funds appropriated in part 1 for the African-American male health initiative, funds may be provided for the David S. Holmes sickle cell anemia program and allocated to the Barbara Ann Karmanos Cancer Institute/Wayne State University and the Children's Hospital of Michigan.

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

African-American male health initiative; Henry Ford health system program.

Sec. 1028. Contingent on the availability of funds appropriated in part 1 for the African-American male health initiative, funds may be allocated to the African-American male health initiative program at Henry Ford health system.

COMMUNITY LIVING, CHILDREN, AND FAMILIES

Women, infants, and children food supplement program; family planning; early and periodic screening, diagnosis, and treatment program; prenatal care outreach and service delivery support program.

Sec. 1101. The department shall review the basis for the distribution of funds to local health departments and other public and private agencies for the women, infants, and children food supplement program; family planning; early and periodic screening, diagnosis, and treatment program; and prenatal care outreach and service delivery support program and indicate the basis upon which any projected underexpenditures by local public and private agencies shall be reallocated to other local agencies that demonstrate need.

Adolescent health care services.

Sec. 1102. (1) Agencies receiving funds for adolescent health care services shall do all of the following:

(a) Require each adolescent health clinic funded by the agency to report to the department on an annual basis all of the following information:

(*i*) Funding sources of the adolescent health clinic.

(*ii*) Demographic information of populations served including sex, age, and race. Reporting and presentation of demographic data by age shall include the range of ages of 0-17 years and the range of ages of 18-23 years.

(*iii*) Utilization data that reflects the number of visits and repeat visits and types of services provided per visit.

(*iv*) Types and number of referrals to other health care agencies.

(*v*) Total number of claims submitted by payer type, cost and number of services represented by the claims, and the payment rate by payer type.

(b) As a condition of the contract, a contract shall include the establishment of a local advisory committee before the planning phase of an adolescent health clinic intended to provide services within that school district. The advisory committee shall be comprised of not less than 50% residents of the local school district, and shall not be comprised of more than 50% health care providers. A person who is employed by the sponsoring agency shall not have voting privileges as a member of the advisory committee.

(c) Not allow an adolescent health clinic funded by the agency, as part of the services offered, to provide abortion counseling or services or make referrals for abortion services.

(d) Require each adolescent health clinic funded by the agency to have a written policy on parental consent, developed by the local advisory committee and submitted to the local school board for approval if the services are provided in a public school building where instruction is provided in grades kindergarten through 12.

(e) Establish and implement a process for billing Medicaid, Medicaid HMOs, and other third-party payers. The billing and fee collection processes shall not breach the confidentiality of the client.

(2) A local advisory committee established under subsection (1)(b), in cooperation with the sponsoring agency, shall submit written recommendations regarding the implementation and types of services rendered by an adolescent health clinic to the local school board for approval of adolescent health services rendered in a public school building where instruction is provided in grades kindergarten through 12.

(3) The department shall submit a report to the members of the senate and house of representatives appropriations subcommittees on community health, the senate and house fiscal agencies, and the state budget director based on the information provided under subsection (1)(a). The report is due 90 days after the end of the calendar year.

MCH services, prenatal care outreach and service delivery support, family planning local agreements, and pregnancy prevention programs.

Sec. 1104. Before April 1, 2003, the department shall submit a report to the house and senate fiscal agencies and the state budget director on planned allocations from the amounts appropriated in part 1 for local MCH services, prenatal care outreach and service delivery support, family planning local agreements, and pregnancy prevention programs. Using applicable federal definitions, the report shall include information on all of the following:

(a) Funding allocations.

(b) Actual number of women, children, and/or adolescents served and amounts expended for each group for the fiscal year 2001-2002.

Agency evaluations; criteria.

Sec. 1105. For all programs for which an appropriation is made in part 1, the department shall contract with those local agencies best able to serve clients. Factors to be used by the department in evaluating agencies under this section shall include ability to serve high-risk population groups; ability to serve low-income clients, where applicable; availability of, and access to, service sites; management efficiency; and ability to meet federal standards, when applicable.

Family planning programs.

Sec. 1106. Each family planning program receiving federal title X family planning funds shall be in compliance with all performance and quality assurance indicators that the United States bureau of community health services specifies in the family planning annual report. An agency not in compliance with the indicators shall not receive supplemental or reallocated funds.

Abstinence education; program guidelines; funding priority; receipt of funds.

Sec. 1106a. (1) Federal abstinence money expended in part 1 for the purpose of promoting abstinence education shall provide abstinence education to teenagers most likely to engage in high-risk behavior as their primary focus, and may include programs that include 9- to 17-year-olds. Programs funded must meet all of the following guidelines:

(a) Teaches the gains to be realized by abstaining from sexual activity.

(b) Teaches abstinence from sexual activity outside of marriage as the expected standard for all school-age children.

(c) Teaches that abstinence is the only certain way to avoid out-of-wedlock pregnancy, sexually transmitted diseases, and other health problems.

(d) Teaches that a monogamous relationship in the context of marriage is the expected standard of human sexual activity.

(e) Teaches that sexual activity outside of marriage is likely to have harmful effects.

(f) Teaches that bearing children out of wedlock is likely to have harmful consequences.

(g) Teaches young people how to avoid sexual advances and how alcohol and drug use increases vulnerability to sexual advances.

(h) Teaches the importance of attaining self-sufficiency before engaging in sexual activity.

(2) Coalitions, organizations, and programs that do not provide contraceptives to minors and demonstrate efforts to include parental involvement as a means of reducing the risk of teens becoming pregnant shall be given priority in the allocations of funds.

(3) Programs and organizations that meet the guidelines of subsection (1) and criteria of subsection (2) shall have the option of receiving all or part of their funds directly from the department of community health.

Prenatal care outreach and service delivery support.

Sec. 1107. Of the amount appropriated in part 1 for prenatal care outreach and service delivery support, not more than 10% shall be expended for local administration, data processing, and evaluation.

Pregnancy prevention programs; abortion counseling, referrals, or services prohibited.

Sec. 1108. The funds appropriated in part 1 for pregnancy prevention programs shall not be used to provide abortion counseling, referrals, or services.

Volunteer dental program; report.

Sec. 1109. (1) From the amounts appropriated in part 1 for dental programs, funds shall be allocated to the Michigan dental association for the administration of a volunteer dental program that would provide dental services to the uninsured in an amount that is no less than the amount allocated to that program in fiscal year 1996-1997.

(2) Not later than November 1, 2002, the department shall make available upon request a report to the senate or house of representatives appropriations subcommittee on community health or the senate or house of representatives standing committee on health policy the number of individual patients treated, number of procedures performed, and approximate total market value of those procedures through September 30, 2002.

Agencies receiving pregnancy prevention funds; receipt of other family planning funds.

Sec. 1110. Agencies that currently receive pregnancy prevention funds and either receive or are eligible for other family planning funds shall have the option of receiving all of their family planning funds directly from the department of community health and be designated as delegate agencies.

Sec. 1111. The department shall allocate no less than 87% of the funds appropriated in part 1 for family planning local agreements and the pregnancy prevention program for the direct provision of family planning/pregnancy prevention services.

Communities with high infant mortality rates; allocations.

Sec. 1112. From the funds appropriated for prenatal care outreach and service delivery support, the department shall allocate at least $1,000,000.00 to communities with high infant mortality rates.

Infants with fetal alcohol syndrome or suffering from drug addiction; family services.

Sec. 1113. Contingent on the availability of additional funds appropriated for special projects, including funds appropriated pursuant to section 263, the department shall allocate no less than $200,000.00 to provide education and outreach to targeted populations on the dangers of drug use during pregnancy, neonatal addiction, and fetal alcohol syndrome and further develop its infant support services to target families with infants with fetal alcohol syndrome or suffering from drug addiction.

College students in need of pregnancy and parenting services.

Sec. 1115. From the funds appropriated in part 1 for special projects, the department may allocate $200,000.00 for pilot grants to institutions of higher education to make available a network of resources and support services for students enrolled in the participating institution of higher education who are in need of pregnancy and parenting services. The funds may also be utilized for administration of the grants and assessment of need. This appropriation may be established as a 3-year work project. For purposes of this section, "institution of higher education" means a university, college, or community college located in the state of Michigan.

EPSDT, maternal and infant support services outreach, and other Medicaid services.

Sec. 1120. The department shall allocate appropriate funds to local public health departments for the purpose of providing EPSDT, maternal and infant support services outreach, and other Medicaid outreach and support services.

Children's respite services.

Sec. 1121. Contingent on the availability of funds appropriated in part 1 for special projects, $150,000.00 may be allocated for the continuation of children's respite services that were funded in fiscal year 2000-2001.

Fetal infant mortality review network; additional block grant funds.

Sec. 1124. (1) From the funds appropriated in part 1 from the federal maternal and child health block grant, $450,000.00 shall be allocated if additional block grant funds are available for the statewide fetal infant mortality review network.

(2) It is the intent of the legislature that this project shall be funded with a like amount in fiscal year 2003-2004 should federal funds become available.

Migrant health care.

Sec. 1128. The department shall make every effort to maximize the receipt of federal Medicaid funds to support the activities of the migrant health care line item.

Elevated blood lead levels; report on number of children.

Sec. 1129. The department shall provide a report annually to the house of representatives and senate appropriations subcommittees on community health, the house and senate fiscal agencies, and the state budget director on the number of children with elevated blood lead levels. The report shall provide the information by county and shall include the level of blood lead reported.

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

Infant mortality rate data; release to local public health departments and public.

Sec. 1133. The department shall release infant mortality rate data to all local public health departments no later than 48 hours prior to releasing infant mortality rate data to the public.

Adolescent suicide and assessment pilot project.

Sec. 1134. On the condition that there are unallocated funds remaining in the special projects line item, following the allotment of funds from this line item to existing programs that are required to be funded under this act, the department may provide $100,000.00 to the yellow ribbon suicide prevention program for an adolescent suicide and assessment pilot project.

Sponsor-to-alien deeming policy; implementation.

Sec. 1135. (1) Pursuant to applicable federal law, the department shall implement a sponsor-to-alien deeming policy for all nonqualified or qualified aliens seeking services under any means-tested state-funded program.

(2) Prior to the effective date of the specified policy in subsection (1) but no sooner than October 1, 2002, the department shall seek reimbursement from the sponsors of record of any nonqualified or qualified alien who has received services under any means-tested state-funded program, unless the reimbursement is prohibited by federal law.

Sec. 1136. From the funds appropriated in part 1 for special projects, the department shall allocate a total of $1,100,000.00 to the child advocacy centers in this state, with $100,000.00 being allocated to each child advocacy center.

WOMEN, INFANTS, AND CHILDREN FOOD AND NUTRITION PROGRAM

Food programs.

Sec. 1150. In administering the federal summer food service program for children, the department shall work to effectively utilize when possible resources and infrastructure that are in place for existing food programs administered by the department and other state agencies including the department of education.

Project FRESH.

Sec. 1151. The department may work with local participating agencies to define local annual contributions for the farmer's market nutrition program, project FRESH, to enable the department to request federal matching funds by April 1, 2003 based on local commitment of funds.

CHILDREN'S SPECIAL HEALTH CARE SERVICES

Children with special health care needs; payment; exceptions.

Sec. 1201. Funds appropriated in part 1 for medical care and treatment of children with special health care needs shall be paid according to reimbursement policies determined

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

by the Michigan medical services program. Exceptions to these policies may be taken with the prior approval of the state budget director.

Department services.

Sec. 1202. The department may do 1 or more of the following:

(a) Provide special formula for eligible clients with specified metabolic and allergic disorders.

(b) Provide medical care and treatment to eligible patients with cystic fibrosis who are 21 years of age or older.

(c) Provide genetic diagnostic and counseling services for eligible families.

(d) Provide medical care and treatment to eligible patients with hereditary coagulation defects, commonly known as hemophilia, who are 21 years of age or older.

Children's special health care services; referral of eligible children to locally-based services.

Sec. 1203. All children who are determined medically eligible for the children's special health care services program shall be referred to the appropriate locally-based services program in their community.

CRIME VICTIM SERVICES COMMISSION

Crime victim services commission; per diem amount.

Sec. 1301. The per diem amount authorized for the crime victim services commission is $50.00.

Forensic nurse examiner programs; sexual assault evidence collection.

Sec. 1302. From the funds appropriated in part 1 for justice assistance grants, up to $50,000.00 shall be allocated for expansion of forensic nurse examiner programs to facilitate training for improved evidence collection for the prosecution of sexual assault. The funds shall be used for program coordination, training, and counseling. Unexpended funds shall be carried forward.

Evidence collection expenses; reimbursement to criminal sexual assault victims; condition.

Sec. 1303. (1) From the funds appropriated in part 1 for crime victim rights services grants, victims of criminal sexual assault shall be eligible to obtain reimbursement for the costs of any medically necessary services that may be needed for the collection of evidence used to identify, apprehend, and prosecute the offender or offenders, and that would otherwise be the financial responsibility of the victim.

(2) This section does not take effect unless Senate Bill No. 552 of the 91st Legislature is enacted into law, its effective date is a date in fiscal year 2002-2003, and it authorizes the reimbursements described in subsection (1).

Evidence collection; compliance with recommended procedures.

Sec. 1304. The department shall work with the department of state police, the Michigan hospital association, the Michigan state medical society, and the Michigan nurses association

to ensure that the recommendations included in the "Standard Recommended Procedures for the Emergency Treatment of Sexual Assault Victims" are followed in the collection of evidence.

OFFICE OF SERVICES TO THE AGING

Community and nutrition services and home services; eligibility.

Sec. 1401. The appropriation in part 1 to the office of services to the aging, for community and nutrition services and home services, shall be restricted to eligible individuals at least 60 years of age who fail to qualify for home care services under title XVIII, XIX, or XX.

Home delivered meals waiting lists; criteria; report.

Sec. 1403. The office of services to the aging shall require each region to report to the office of services to the aging home delivered meals waiting lists based upon standard criteria. Determining criteria shall include all of the following:

(a) The recipient's degree of frailty.

(b) The recipient's inability to prepare his or her own meals safely.

(c) Whether the recipient has another care provider available.

(d) Any other qualifications normally necessary for the recipient to receive home delivered meals.

Fees.

Sec. 1404. The area agencies and local providers may receive and expend fees for the provision of day care, care management, respite care, and certain eligible home and community-based services. The fees shall be based on a sliding scale, taking client income into consideration. The fees shall be used to expand services.

Respite care.

Sec. 1406. The appropriation of $5,000,000.00 of tobacco settlement funds to the office of services to the aging for the respite care program shall be allocated in accordance with a long-term care plan developed by the long-term care working group established in section 1657 of 1998 PA 336 upon implementation of the plan. The use of the funds shall be for direct respite care or adult respite care center services. Not more than 10% of the amount allocated under this section shall be expended for administration and administrative purposes.

Long-term care advisor.

Sec. 1407. (1) The appropriation of $761,000.00 of tobacco settlement funds to the office of services to the aging for the long-term care advisor shall be allocated in accordance with a long-term care plan developed by the long-term care working group established in section 1657 of 1998 PA 336 upon implementation of the plan.

(2) Activities of the long-term care advisor shall support awareness for a continuum of care for older adults including assisted living arrangements, and shall promote and support family involvement.

Award of funds at local level.

Sec. 1408. The office of services to the aging shall provide that funds appropriated under this act shall be awarded on a local level in accordance with locally determined needs.

Locally-based services; intent of legislature.

Sec. 1413. The legislature affirms the commitment to locally-based services. The legislature supports the role of local county board of commissioners in the approval of area agency on aging plans. The legislature supports choice and the right of local counties to change membership in the area agencies on aging if the change is to an area agency on aging that is contiguous to that county. The legislature supports the office of services to the aging working with others to provide training to commissions to better understand and advocate for aging issues. It is the intent of the legislature to prohibit area agencies on aging from providing direct services, including home and community-based waiver services, unless they receive a waiver from the department. The legislature's intent in this section is conditioned on compliance with federal and state laws, rules, and policies.

Services to frail elderly.

Sec. 1416. The legislature affirms the commitment to provide in-home services, resources, and assistance for the frail elderly who are not being served by the Medicaid home and community services waiver program.

MEDICAL SERVICES ADMINISTRATION

Ticket to work and work incentives improvement act of 1999; report.

Sec. 1505. The department shall work with the department of career development to explore options available under the ticket to work and work incentives improvement act of 1999, Public Law 106-170, 113 Stat. 1860. The department shall provide a report on the options to extend health care coverage for working disabled persons under federal law by October 1, 2002.

"Ticket to Work" initiative.

Sec. 1507. Of the amount appropriated to medical services administration for the "Ticket to Work" initiative in 2000 PA 296, $50,000.00 shall be considered a work project. Those funds shall not lapse on September 30, 2002 and shall be carried forward for the purpose of supporting expenditures for the "Ticket to Work" initiative in fiscal year 2002-2003.

Sec. 1508. From funds appropriated in part 1 for MIChild administration, up to $200,000.00 shall be allocated to school district health center training and assistance in MIChild enrollment, delivery system coordination, and service reimbursement procedures.

MEDICAL SERVICES

Financial eligibility; cost of remedial services.

Sec. 1601. The cost of remedial services incurred by residents of licensed adult foster care homes and licensed homes for the aged shall be used in determining financial eligibility for the medically needy. Remedial services include basic self-care and rehabilitation training for a resident.

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

Medical services to elderly and disabled persons; income requirements.

Sec. 1602. Medical services shall be provided to elderly and disabled persons with incomes less than or equal to 100% of the official poverty line, pursuant to the state's option to elect such coverage set out at section 1902(a)(10)(A)(*ii*) and (m) of title XIX, 42 U.S.C. 1396a.

Purchase of medical coverage.

Sec. 1603. (1) The department may establish a program for persons to purchase medical coverage at a rate determined by the department.

(2) The department may receive and expend premiums for the buy-in of medical coverage in addition to the amounts appropriated in part 1.

(3) The premiums described in this section shall be classified as private funds.

Protected income level.

Sec. 1604. (1) The department shall ascertain the steps required for federal approval to utilize the social security substantial gainful activity level as the state's Medicaid spend-down protected income level for nonelderly individuals receiving social security disability income.

(2) The department, after appropriate consultation with the federal government, shall project an annual cost to the department's budget if federal approval for the protected income level change referenced in subsection (1) were granted.

(3) Not later than March 1, 2003, the department shall report its findings regarding subsections (1) and (2) to the members of the house and senate appropriations subcommittees on community health, the house and senate fiscal agencies, and the state budget director.

Medicaid coverage; determination of protected income level; notice of revisions.

Sec. 1605. (1) The protected income level for Medicaid coverage determined pursuant to section 106(1)(b)(*iii*) of the social welfare act, 1939 PA 280, MCL 400.106, shall be 100% of the related public assistance standard.

(2) The department shall notify the senate and house of representatives appropriations subcommittees on community health and the state budget director of any proposed revisions to the protected income level for Medicaid coverage related to the public assistance standard 90 days prior to implementation.

Guardian and conservator charges; deductions as allowable expense.

Sec. 1606. For the purpose of guardian and conservator charges, the department of community health may deduct up to $60.00 per month as an allowable expense against a recipient's income when determining medical services eligibility and patient pay amounts.

Medicaid applicant; pregnancy as qualifying condition; services.

Sec. 1607. (1) An applicant for Medicaid, whose qualifying condition is pregnancy, shall immediately be presumed to be eligible for Medicaid coverage unless the preponderance of evidence in her application indicates otherwise.

(2) An applicant qualified as described in subsection (1) shall be given a letter of authorization to receive Medicaid covered services related to her pregnancy. In addition, the applicant shall receive a listing of Medicaid physicians and managed care plans in the immediate vicinity of the applicant's residence.

(3) An applicant that selects a Medicaid provider, other than a managed care plan, from which to receive pregnancy services, shall not be required to enroll in a managed care plan until the end of the second month postpartum.

(4) In the event that an applicant, presumed to be eligible pursuant to subsection (1), is subsequently found to be ineligible, a Medicaid physician or managed care plan that has been providing pregnancy services to an applicant under this section is entitled to reimbursement for those services until such time as they are notified by the department that the applicant was found to be ineligible for Medicaid.

(5) If the preponderance of evidence in an application indicates that the applicant is not eligible for Medicaid, the department shall refer that applicant to the nearest public health clinic or similar entity as a potential source for receiving pregnancy-related services.

Compiler's note: This section was repealed by P.A. 2002, No. 746, Imd. Eff. Dec. 30, 2002.

Patient rights and responsibilities; pamphlet; update.

Sec. 1608. The department shall update by October 1, 2002 and distribute by November 1, 2002 to health care providers the pamphlet identifying patient rights and responsibilities described in section 20201 of the public health code, 1978 PA 368, MCL 333.20201.

Review of cost report grievances; reimbursement.

Sec. 1610. The department of community health shall provide an administrative procedure for the review of cost report grievances by medical services providers with regard to reimbursement under the medical services program. Settlements of properly submitted cost reports shall be paid not later than 9 months from receipt of the final report.

Medical services payment; level of payment from third-party source; reimbursement for hospital services.

Sec. 1611. (1) For care provided to medical services recipients with other third-party sources of payment, medical services reimbursement shall not exceed, in combination with such other resources, including Medicare, those amounts established for medical services-only patients. The medical services payment rate shall be accepted as payment in full. Other than an approved medical services copayment, no portion of a provider's charge shall be billed to the recipient or any person acting on behalf of the recipient. Nothing in this section shall be considered to affect the level of payment from a third-party source other than the medical services program. The department shall require a nonenrolled provider to accept medical services payments as payment in full.

(2) Notwithstanding subsection (1), medical services reimbursement for hospital services provided to dual Medicare/medical services recipients with Medicare Part B coverage only shall equal, when combined with payments for Medicare and other third-party resources, if any, those amounts established for medical services-only patients, including capital payments.

Uniform Medicaid and school-based services billing form.

Sec. 1612. (1) It is the intent of the legislature that a uniform Medicaid and school-based services billing form be developed by the department in consultation with affected Medicaid providers. Every 2 months, the department shall provide reports to members of the senate and house of representatives appropriations subcommittees on community health and the senate and house fiscal agencies on the progress of this initiative.

(2) HMOs that contract with the department to provide services to the Medicaid population shall adhere to the time frames for payment of clean claims as defined in

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

section 111i(2)(a) of the social welfare act, 1939 PA 280, MCL 400.111i, submitted by health professionals and facilities and provide notice of any defect in claims submitted as specified in section 111i of the social welfare act, 1939 PA 280, MCL 400.111i.

Electronic service billings.

Sec. 1615. Unless prohibited by federal or state law or regulation, the department may require enrolled Medicaid providers to submit their billings for services electronically. The department shall also develop and implement a program that provides a mechanism for Medicaid providers to submit their billings for services over the internet by April 1, 2003.

Pharmaceutical dispensing fee.

Sec. 1620. (1) For fee-for-service recipients, the pharmaceutical dispensing fee shall be $3.77 or the pharmacy's usual or customary cash charge, whichever is less.

(2) When carved-out of the capitation rate for managed care recipients, the pharmaceutical dispensing fee shall be $3.77 or the pharmacy's usual or customary cash charge or the usual charge allowed by the recipient's Medicaid HMO, whichever is less.

(3) The department shall require a prescription copayment for Medicaid recipients except as prohibited by federal or state law or regulation.

Prospective drug utilization review and disease management systems.

Sec. 1621. (1) The department may implement prospective drug utilization review and disease management systems. The prospective drug utilization review and disease management systems authorized by this subsection shall have physician oversight, shall focus on patient, physician, and pharmacist education, and shall be developed in consultation with the national pharmaceutical council, Michigan state medical society, Michigan association of osteopathic physicians, Michigan pharmacists' association, Michigan health and hospital association, and Michigan nurses' association.

(2) This section does not authorize or allow therapeutic substitution.

Pharmaceutical best practice initiative.

Sec. 1622. The department shall implement a pharmaceutical best practice initiative. All of the following apply to that initiative:

(a) A physician that calls the department's agent for prior authorization of drugs that are not on the department's preferred drug list shall be informed of the option to speak to the agent's physician on duty concerning the prior authorization request if the agent's pharmacist denies the prior authorization request. If immediate contact with the agent's physician on duty is requested, but cannot be arranged, the physician placing the call shall be immediately informed of the right to request a 72-hour supply of the nonauthorized drug.

(b) The department's prior authorization and appeal process shall be available on the department's website. The department shall also develop and implement a program that allows providers to file prior authorization and appeal requests electronically by October 1, 2002.

(c) The department shall provide authorization for prescribed drugs that are not on its preferred drug list if the prescribing physician verifies that the drugs are necessary for

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

the continued stabilization of the patient's medical condition following documented previous failures on earlier prescription regimens. Documentation of previous failures may be provided by telephone, facsimile, or electronic transmission.

(d) Meetings of the department's pharmacy and therapeutics committee shall be open to the public with advance notice of the meeting date, time, place, and agenda posted on the department's website 14 days in advance of each meeting date. By January 31 of each year, the department shall publish the committee's regular meeting schedule for the year on the department's website. The pharmacy and therapeutics committee meetings shall be subject to the requirements of the open meetings act, 1976 PA 267, MCL 15.261 to 15.275. The committee shall provide an opportunity for interested parties to comment at each meeting following written notice to the committee's chairperson of the intent to provide comment.

(e) The pharmacy and therapeutics committee shall make recommendations for the inclusion of medications on the preferred drug list based on sound clinical evidence found in labeling, drug compendia, and peer-reviewed literature pertaining to use of the drug in the relevant population. The committee shall develop a method to receive notification and clinical information about new drugs. The department shall post this process and the necessary forms on the department's website.

(f) The department shall assure compliance with the published Medicaid bulletin implementing the Michigan pharmaceutical best practices initiative program. The department shall also include this information on its website.

(g) The department shall by March 15, 2003 provide to the members of the house and senate subcommittees on community health a report on the impact of the pharmaceutical best practice initiative on the Medicaid community. The report shall include, but not be limited to, the number of appeals used in the prior authorization process and any reports of patients who are hospitalized because of authorization denial.

(h) By May 15, 2003, the department shall provide a report to the members of the house and senate appropriations subcommittees on community health and the house and senate fiscal agencies identifying the prescribed drugs that are grandfathered in as preferred drugs and available without prior authorization and the population groups to which they apply. The report shall assess strategies to improve the drug prior authorization process.

Maintenance drugs.

Sec. 1623. (1) The department shall continue the Medicaid policy that allows for the dispensing of a 100-day supply for maintenance drugs.

(2) The department shall notify all HMOs, physicians, pharmacies, and other medical providers that are enrolled in the Medicaid program that Medicaid policy allows for the dispensing of a 100-day supply for maintenance drugs.

(3) The notice in subsection (2) shall also clarify that a pharmacy shall fill a prescription written for maintenance drugs in the quantity specified by the physician, but not more than the maximum allowed under Medicaid, unless subsequent consultation with the prescribing physician indicates otherwise.

EPIC program.

Sec. 1624. (1) An additional $20,000,000.00 from the tobacco settlement trust fund is appropriated to the elder prescription insurance coverage program for fiscal year 2002-2003 if the state budget director certifies that the federal funds appropriated to that program are unavailable and that sufficient tobacco settlement revenue is available to finance this

appropriation. As used in this section, "tobacco settlement revenue" and "tobacco settlement trust fund" mean those terms as defined in section 2 of the Michigan trust fund act, 2000 PA 489, MCL 12.252.

(2) None of the tobacco settlement or other state-restricted revenue appropriated by the department to the EPIC program in fiscal year 2001-2002 shall lapse.

(3) The department shall place any funds that would have lapsed in a reserve account for the sole purpose of providing revenue to fund the EPIC program during fiscal year 2002-2003, in the event the proposed federal revenue to enhance EPIC program funding is not available.

(4) If the proposed federal funds become available, the reserved tobacco settlement funds may either be lapsed to the tobacco settlement trust fund or the Medicaid trust fund.

Outpatient drugs; rebates from pharmaceutical manufacturers.

Sec. 1627. (1) The department shall use procedures and rebates amounts specified under section 1927 of title XIX, 42 U.S.C. 1396r-8, to secure quarterly rebates from pharmaceutical manufacturers for outpatient drugs dispensed to participants in state medical program, children's special health care services, and EPIC.

(2) For products distributed by pharmaceutical manufacturers not providing quarterly rebates as listed in subsection (1), the department may require preauthorization.

Compiler's note: This section was repealed by P.A. 2002, No. 746, Imd. Eff. Dec. 30, 2002.

Medicaid pharmacy rebates; use of savings.

Sec. 1628. It is the intent of the legislature that if the savings for Medicaid pharmacy rebates exceed the amount budgeted in this act, the savings shall first be used to offset any increase in pharmacy costs above that budgeted in this act and then to support and expand coverage under the EPIC program.

Adult dental services, podiatric services, and chiropractic services; utilization restrictions.

Sec. 1630. Medicaid adult dental services, podiatric services, and chiropractic services shall continue at not less than the level in effect on October 1, 1996, except that reasonable utilization limitations may be adopted in order to prevent excess utilization. The department shall not impose utilization restrictions on chiropractic services unless a recipient has exceeded 18 office visits within 1 year.

Copayments on certain services.

Sec. 1631. The department shall require copayments on dental, podiatric, chiropractic, vision, and hearing aid services provided to Medicaid recipients, except as prohibited by federal or state law or regulation.

Healthy kids dental program.

Sec. 1633. From the funds appropriated in part 1 for auxiliary medical services, the department shall expand the healthy kids dental program statewide if funds become available specifically for expansion of the program.

Ambulance services.

Sec. 1634. From the funds appropriated in part 1 for ambulance services, the department shall continue the 5% increase in payment rates for ambulance services implemented in fiscal year 2000-2001.

Medical services program; submission of cost report.

Sec. 1641. An institutional provider that is required to submit a cost report under the medical services program shall submit cost reports completed in full within 5 months after the end of its fiscal year.

Psychiatric residency training program.

Sec. 1643. Of the funds appropriated in part 1 for graduate medical education in the hospital services and therapy line item appropriation, $3,635,100.00 shall be allocated for the psychiatric residency training program that establishes and maintains collaborative relations with the schools of medicine at Michigan State University and Wayne State University if the necessary Medicaid matching funds are provided by the universities as allowable state match.

Sec. 1645. (1) No later than October 31, 2002, the department shall implement a hospital adjustor formula. The adjustor shall be paid to eligible hospitals as a 27% increase in Medicaid inpatient, outpatient, and rehabilitation hospital rates. The adjustor shall be paid to nonaffiliated hospitals that meet any of the following conditions:

(a) The hospital is located in a county with a population under 250,000.

(b) The hospital is located in a municipality with a population under 10,000.

(c) As of July 1, 2002, the hospital had fewer than 75 beds. It is the intent of the legislature that disbursement of funds to hospitals affected by this adjustor commence on November 1, 2002 subject to the conditions set forth in subsection (2).

(2) Funding for this adjustor is contingent upon the passage of an amendment to the tobacco products tax act, 1993 PA 327, MCL 205.421 to 205.436, that increases the tax by at least 30 cents per pack and that the net revenue from this increase exceeds the amount currently allocated to balance the fiscal year 2001-2002 and fiscal year 2002-2003 state budgets. In no event shall the funding for the adjustor specified in subsection (1) exceed $6,000,000.00.

Sec. 1646. From the funds appropriated in part 1 for hospital services and therapy, the department shall allocate $1,000,000.00 to establish a hospital transitional services fund and make payments from the fund to hospitals to offset costs associated with closure of the facility, transition of the facility to an urgent care center, or transition of the facility to a federally qualified health center. Up to $250,000.00 from the hospital transitional services fund shall be allocated to the regional consortium that includes the Battle Creek Health System, Oaklawn Hospital, and the Albion Health Alliance.

Graduate medical education.

Sec. 1647. From the funds appropriated in part 1 for hospital services, the department shall allocate for graduate medical education not less than the level of rates and payments in effect on April 1, 2002.

Medicaid recipient eligibility status; maintenance of toll-free phone line.

Sec. 1648. The department shall maintain an automated toll-free phone line to enable medical providers to verify the eligibility status of Medicaid recipients. There shall be no charge to providers for the use of the toll-free phone line.

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

Breast and cervical cancer treatment coverage.

Sec. 1649. From the funds appropriated in part 1 for medical services, the department shall continue breast and cervical cancer treatment coverage for women up to 250% of the federal poverty level, who are under age 65, and who are not otherwise covered by insurance. This coverage shall be provided to women who have been screened through the centers for disease control breast and cervical cancer early detection program, and are found to have breast or cervical cancer, pursuant to the breast and cervical cancer prevention and treatment act of 2000, Public Law 106-354, 114 Stat. 1381.

Medical services recipients; enrollment in preferred plan; assignment; criteria for medical exceptions to HMO enrollment.

Sec. 1650. (1) The department may require medical services recipients residing in counties offering managed care options to choose the particular managed care plan in which they wish to be enrolled. Persons not expressing a preference may be assigned to a managed care provider.

(2) Persons to be assigned a managed care provider shall be informed in writing of the criteria for exceptions to capitated managed care enrollment, their right to change HMOs for any reason within the initial 90 days of enrollment, the toll-free telephone number for problems and complaints, and information regarding grievance and appeals rights.

(3) The criteria for medical exceptions to HMO enrollment shall be based on submitted documentation that indicates a recipient has a serious medical condition, and is undergoing active treatment for that condition with a physician who does not participate in 1 of the HMOs. If the person meets the criteria established by this subsection, the department shall grant an exception to mandatory enrollment at least through the current prescribed course of treatment, subject to periodic review of continued eligibility.

Hospice services for enrollees in HMOs.

Sec. 1651. (1) Medical services patients who are enrolled in HMOs have the choice to elect hospice services or other services for the terminally ill that are offered by the HMOs. If the patient elects hospice services, those services shall be provided in accordance with part 214 of the public health code, 1978 PA 368, MCL 333.21401 to 333.21420.

(2) The department shall not amend the medical services hospice manual in a manner that would allow hospice services to be provided without making available all comprehensive hospice services described in 42 C.F.R. part 418.

Sec. 1653. Implementation and contracting for managed care by the department through HMOs are subject to the following conditions:

(a) Continuity of care is assured by allowing enrollees to continue receiving required medically necessary services from their current providers for a period not to exceed 1 year if enrollees meet the managed care medical exception criteria.

(b) The department shall require contracted HMOs to submit data determined necessary for evaluation on a timely basis.

(c) A health plans advisory council is functioning that meets all applicable federal and state requirements for a medical care advisory committee. The council shall review at least quarterly the implementation of the department's managed care plans.

(d) Mandatory enrollment of Medicaid beneficiaries living in counties defined as rural by the federal government, which is any nonurban standard metropolitan statistical area,

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

is allowed if there is only 1 HMO serving the Medicaid population, as long as each Medicaid beneficiary is assured of having a choice of at least 2 physicians by the HMO.

(e) Enrollment of recipients of children's special health care services in HMOs shall be voluntary during fiscal year 2002-2003.

(f) The department shall develop a case adjustment to its rate methodology that considers the costs of persons with HIV/AIDS, end stage renal disease, organ transplants, epilepsy, and other high-cost diseases or conditions and shall implement the case adjustment when it is proven to be actuarially and fiscally sound. Implementation of the case adjustment must be budget neutral.

Sec. 1654. (1) Medicaid HMOs shall establish an ongoing internal quality assurance program for health care services provided to Medicaid recipients which includes all of the following:

(a) An emphasis on health outcomes.

(b) Establishment of written protocols for utilization review based on current standards of medical practice.

(c) Review by physicians and other health care professionals of the process followed in the provision of the health care services.

(d) Evaluation of the continuity and coordination of care that enrollees receive.

(e) Mechanisms to detect overutilization and underutilization of services.

(f) Actions to improve quality and assess the effectiveness of the action through systematic follow-up.

(g) Provision of information on quality and outcome measures to facilitate enrollee comparison and choice of health coverage options.

(h) Ongoing evaluation of the plans' effectiveness.

(i) Consumer involvement in the development of the quality assurance program and consideration of enrollee complaints and satisfaction survey results.

(2) Medicaid HMOs shall apply for accreditation by an appropriate external independent accrediting organization requiring standards recognized by the department once those HMOs have met the application requirements. The state shall accept accreditation of an HMO by an approved accrediting organization as proof that the HMO meets some or all of the state's requirements, if the state determines that the accrediting organization's standards meet or exceed the state's requirements.

(3) Medicaid HMOs shall report encounter data, including data on inpatient and outpatient hospital care, physician visits, pharmaceutical services, and other services specified by the department.

(4) Medicaid HMOs shall assure that all covered services are available and accessible to enrollees with reasonable promptness and in a manner that assures continuity. Medically necessary services shall be available and accessible 24 hours a day and 7 days a week. HMOs shall continue to develop procedures for determining medical necessity which may include a prior authorization process.

(5) Medicaid HMOs shall provide for reimbursement of HMO covered services delivered other than through the HMO's providers if medically necessary and approved by the HMO, immediately required, and that could not be reasonably obtained through the HMO's providers on a timely basis. Such services shall be considered approved if the

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

HMO does not respond to a request for authorization within 24 hours of the request. Reimbursement shall not exceed the Medicaid fee-for-service payment for those services.

(6) Medicaid HMOs shall provide access to appropriate providers, including qualified specialists for all medically necessary services.

(7) Medicaid HMOs shall provide the department with a demonstration of the plan's capacity to adequately serve the HMO's expected enrollment of Medicaid enrollees.

(8) Medicaid HMOs shall provide assurances to the department that it will not deny enrollment to, expel, or refuse to reenroll any individual because of the individual's health status or need for services, and that it will notify all eligible persons of those assurances at the time of enrollment.

(9) Medicaid HMOs shall provide procedures for hearing and resolving grievances between the HMO and members enrolled in the HMO on a timely basis.

(10) Medicaid HMOs shall meet other standards and requirements contained in state laws, administrative rules, and policies promulgated by the department.

(11) Medicaid HMOs shall develop written plans for providing nonemergency medical transportation services funded through supplemental payments made to the plans by the department, and shall include information about transportation in their member handbook.

HMO lock-in; duration; exceptions; change.

Sec. 1655. (1) The department may require a 12-month lock-in to the HMO selected by the recipient during the initial and subsequent open enrollment periods, but allow for good cause exceptions during the lock-in period.

(2) Medicaid recipients shall be allowed to change HMOs for any reason within the initial 90 days of enrollment.

Complaint review procedure.

Sec. 1656. (1) The department shall provide an expedited complaint review procedure for Medicaid eligible persons enrolled in HMOs for situations in which failure to receive any health care service would result in significant harm to the enrollee.

(2) The department shall provide for a toll-free telephone number for Medicaid recipients enrolled in managed care to assist with resolving problems and complaints. If warranted, the department shall immediately disenroll persons from managed care and approve fee-for-service coverage.

(3) Annual reports summarizing the problems and complaints reported and their resolution shall be provided to the house of representatives and senate appropriations subcommittees on community health, the house and senate fiscal agencies, the state budget office, and the department's health plans advisory council.

Hospital emergency room reimbursement.

Sec. 1657. (1) Reimbursement for medical services to screen and stabilize a Medicaid recipient, including stabilization of a psychiatric crisis, in a hospital emergency room shall not be made contingent on obtaining prior authorization from the recipient's HMO. If the recipient is discharged from the emergency room, the hospital shall notify the recipient's HMO within 24 hours of the diagnosis and treatment received.

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

(2) If the treating hospital determines that the recipient will require further medical service or hospitalization beyond the point of stabilization, that hospital must receive authorization from the recipient's HMO prior to admitting the recipient.

(3) Subsections (1) and (2) shall not be construed as a requirement to alter an existing agreement between an HMO and their contracting hospitals nor as a requirement that an HMO must reimburse for services that are not considered to be medically necessary.

(4) Prior to contracting with an HMO for managed care services that did not have a contract with the department before October 1, 2002, the department shall receive assurances from the office of financial and insurance services that the HMO meets the net worth and financial solvency requirements contained in chapter 35 of the insurance code, 1956 PA 218, MCL 500.3501 to 500.3580.

Sec. 1658. (1) It is the intent of the legislature that HMOs shall have contracts with hospitals within a reasonable distance from their enrollees. If a hospital does not contract with the HMO, in its service area, that hospital shall enter into a hospital access agreement as specified in the MSA bulletin Hospital 01-19.

(2) A hospital access agreement specified in subsection (1) shall be considered an affiliated provider contract pursuant to the requirements contained in chapter 35 of the insurance code of 1956, 1956 PA 218, MCL 500.3501 to 500.3580.

Sections applicable to certain Medicaid managed care programs.

Sec. 1659. The following sections are the only ones that shall apply to the following Medicaid managed care programs, including the comprehensive plan, children's special health care services plan, MI Choice long-term care plan, and the mental health, substance abuse, and developmentally disabled services program: 402, 404, 414, 418, 424, 427, 428, 431, 436, 442, 448, 1612, 1650, 1651, 1653, 1654, 1655, 1656, 1657, 1658, 1660, 1661, 1662, 1699, 1704, and 1712.

EPSDT services.

Sec. 1660. (1) The department shall assure that all Medicaid children have timely access to EPSDT services as required by federal law. Medicaid HMOs shall provide EPSDT services to their child members in accordance with Medicaid EPSDT policy.

(2) The primary responsibility of assuring a child's hearing and vision screening is with the child's primary care provider. The primary care provider shall provide age appropriate screening or arrange for these tests through referrals to local health departments. Local health departments shall provide preschool hearing and vision screening services and accept referrals for these tests from physicians or from Head Start programs in order to assure all preschool children have appropriate access to hearing and vision screening. Local health departments shall be reimbursed for the cost of providing these tests for Medicaid eligible children by the Medicaid program.

(3) The department shall require Medicaid HMOs to provide EPSDT utilization data through the encounter data system, and health employer data and information set well child health measures in accordance with the National Committee on Quality Assurance prescribed methodology.

(4) The department shall require HMOs to be responsible for well child visits and maternal and infant support services as described in Medicaid policy. These responsibilities shall be specified in the information distributed by the HMOs to their members.

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

(5) The department shall provide, on an annual basis, budget neutral incentives to Medicaid HMOs and local health departments to improve performance on measures related to the care of children and pregnant women.

MSS/ISS services; maternal support.

Sec. 1661. (1) The department shall assure that all Medicaid eligible children and pregnant women have timely access to MSS/ISS services. Medicaid HMOs shall assure that maternal support service screening is available to their pregnant members and that those women found to meet the maternal support service high-risk criteria are offered maternal support services. Local health departments shall assure that maternal support service screening is available for Medicaid pregnant women not enrolled in an HMO and that those women found to meet the maternal support service high-risk criteria are offered maternal support services or are referred to a certified maternal support service provider.

(2) The department shall prohibit HMOs from requiring prior authorization of their contracted providers for any EPSDT screening and diagnosis service, for any MSS/ISS screening referral, or for up to 3 MSS/ISS service visits.

(3) The department shall assure the coordination of MSS/ISS services with the WIC program, state-supported substance abuse, smoking prevention, and violence prevention programs, the family independence agency, and any other state or local program with a focus on preventing adverse birth outcomes and child abuse and neglect.

MSS/ISS and EPSDT services; coordination.

Sec. 1662. (1) The department shall require the external quality review contractor to conduct a review of all EPSDT components provided to children from a statistically valid sample of health plan medical records.

(2) The department shall provide a copy of the analysis of the Medicaid HMO annual audited health employer data and information set reports and the annual external quality review report to the senate and house of representatives appropriations subcommittees on community health, the senate and house fiscal agencies, and the state budget director, within 30 days of the department's receipt of the final reports from the contractors.

(3) The department shall work with the Michigan association of health plans and the Michigan association for local public health to improve service delivery and coordination in the MSS/ISS and EPSDT programs.

(4) The department shall provide training and technical assistance workshops on EPSDT and MSS/ISS for Medicaid health plans, local health departments, and MSS/ISS contractors.

MSS/ISS services; identification; referrals.

Sec. 1663. (1) Local health departments and HMOs shall work with interested hospitals in their area on training and coordination to identify and make MSS/ISS referrals.

(2) Local health departments shall work with interested hospitals, school-based health centers, clinics, other community organizations, and local family independence agency offices in their area on training and coordination to distribute and facilitate the completion of MIChild and Healthy Kids application forms for persons who are potentially eligible for the program.

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

MIChild program; eligibility; contract; definitions; payments.

Sec. 1670. (1) The appropriation in part 1 for the MIChild program is to be used to provide comprehensive health care to all children under age 19 who reside in families with income at or below 200% of the federal poverty level, who are uninsured and have not had coverage by other comprehensive health insurance within 6 months of making application for MIChild benefits, and who are residents of this state. The department shall develop detailed eligibility criteria through the medical services administration public concurrence process, consistent with the provisions of this act. Health care coverage for children in families below 150% of the federal poverty level shall be provided through expanded eligibility under the state's Medicaid program. Health coverage for children in families between 150% and 200% of the federal poverty level shall be provided through a state-based private health care program.

(2) The department shall enter into a contract to obtain MIChild services from any HMO, dental care corporation, or any other entity that offers to provide the managed health care benefits for MIChild services at the MIChild capitated rate. As used in this subsection:

(a) "Dental care corporation", "health care corporation", "insurer", and "prudent purchaser agreement" mean those terms as defined in section 2 of the prudent purchaser act, 1984 PA 233, MCL 550.52.

(b) "Entity" means a health care corporation or insurer operating in accordance with a prudent purchaser agreement.

(3) The department may enter into contracts to obtain certain MIChild services from community mental health service programs.

(4) The department may make payments on behalf of children enrolled in the MIChild program from the line-item appropriation associated with the program as described in the MIChild state plan approved by the United States department of health and human services, or from other medical services line-item appropriations providing for specific health care services.

MIChild program; marketing and outreach.

Sec. 1671. From the funds appropriated in part 1, the department shall continue a comprehensive approach to the marketing and outreach of the MIChild program. The marketing and outreach required under this section shall be coordinated with current outreach, information dissemination, and marketing efforts and activities conducted by the department.

MIChild program; disqualification.

Sec. 1672. The department may provide up to 1 year of continuous eligibility to children eligible for the MIChild program unless the family fails to pay the monthly premium, a child reaches age 19, or the status of the children's family changes and its members no longer meet the eligibility criteria as specified in the federally approved MIChild state plan.

MIChild program; monthly premiums.

Sec. 1673. The department may establish premiums for MIChild eligible persons in families with income above 150% of the federal poverty level. The monthly premiums shall not exceed $5.00 for a family.

Copayments.

Sec. 1674. The department shall not require copayments under the MIChild program.

Eligibility changes.

Sec. 1675. Children whose category of eligibility changes between the Medicaid and MIChild programs shall be assured of keeping their current health care providers through the current prescribed course of treatment for up to 1 year, subject to periodic reviews by the department if the beneficiary has a serious medical condition and is undergoing active treatment for that condition.

MIChild program; income requirements; verification.

Sec. 1676. To be eligible for the MIChild program, a child must be residing in a family with an adjusted gross income of less than or equal to 200% of the federal poverty level. The department's verification policy shall be used to determine eligibility.

MIChild program; medically necessary services.

Sec. 1677. The MIChild program shall provide all benefits available under the state employee insurance plan that are delivered through contracted providers and consistent with federal law, including, but not limited to, the following medically necessary services:

(a) Inpatient mental health services, other than substance abuse treatment services, including services furnished in a state-operated mental hospital and residential or other 24-hour therapeutically planned structured services.

(b) Outpatient mental health services, other than substance abuse services, including services furnished in a state-operated mental hospital and community-based services.

(c) Durable medical equipment and prosthetic and orthotic devices.

(d) Dental services as outlined in the approved MIChild state plan.

(e) Substance abuse treatment services that may include inpatient, outpatient, and residential substance abuse treatment services.

(f) Care management services for mental health diagnoses.

(g) Physical therapy, occupational therapy, and services for individuals with speech, hearing, and language disorders.

(h) Emergency ambulance services.

Sec. 1680. (1) It is the intent of the legislature that payment increases for enhanced wages and new or enhanced employee benefits provided through the Medicaid nursing home wage pass-through program in previous years be continued in fiscal year 2002-2003.

(2) The department shall provide a report to the house and senate appropriations subcommittees on community health and the house and senate fiscal agencies regarding the amount of nursing home employee wage and benefit increases provided through the nursing home wage pass-through program in fiscal year 2001-2002.

Sec. 1681. From the funds appropriated in part 1 for home and community-based services, the department and local waiver agents shall encourage the use of family members, friends, and neighbors of home and community-based services participants, where appropriate, to provide homemaker services, meal preparation, transportation, chore services, and other nonmedical covered services to participants in the Medicaid home and community-based services program. This section shall not be construed as allowing for the payment of family members, friends, or neighbors for these services unless explicitly provided for in federal or state law.

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

Enforcement actions; penalty money.

Sec. 1682. (1) The department shall implement enforcement actions as specified in the nursing facility enforcement provisions of section 1919 of title XIX, 42 U.S.C. 1396r.

(2) The department is authorized to receive and spend penalty money received as the result of noncompliance with medical services certification regulations. Penalty money, characterized as private funds, received by the department shall increase authorizations and allotments in the long-term care accounts.

(3) Any unexpended penalty money, at the end of the year, shall carry forward to the following year.

Terminally and chronically ill; preservation of dignity and rights.

Sec. 1683. The department shall promote activities that preserve the dignity and rights of terminally ill and chronically ill individuals. Priority shall be given to programs, such as hospice, that focus on individual dignity and quality of care provided persons with terminal illness and programs serving persons with chronic illnesses that reduce the rate of suicide through the advancement of the knowledge and use of improved, appropriate pain management for these persons; and initiatives that train health care practitioners and faculty in managing pain, providing palliative care, and suicide prevention.

Sec. 1684. From the funds appropriated in part 1 for long-term care services, the department shall make available up to 1/2 of the economic increase for a wage pass-through for nursing facilities solely for payment increases for enhanced wages and new or enhanced employee benefits. This funding shall be provided to those facilities that make application for it to fund the Medicaid program share of wage and employee benefit increases of up to the equivalent of 50 cents per employee hour. Employee benefits shall include, but are not limited to, health benefits, retirement benefits, and quality of life benefits such as day care services. Nursing facilities shall be required to document that these wage and benefit increases were actually provided. If a nursing home that makes application for and receives the additional funding for the wage pass-through cannot document that these wage and benefit increases were actually provided, its reimbursement rate shall be reduced by 2.5%.

Sec. 1684a. The wage pass-through in section 1684 shall only be effective if all the funding goes to worker wages and benefits, with none of the funding going to union fees or other fees.

Sec. 1685. All nursing home rates, class I and class III, must have their respective fiscal year rate set 30 days prior to the beginning of their rate year. Rates may take into account the most recent cost report prepared and certified by the preparer, provider corporate owner or representative as being true and accurate, and filed timely, within 5 months of the fiscal year end in accordance with Medicaid policy. If the audited version of the last report is available, it shall be used. Any rate factors based on the filed cost report may be retroactively adjusted upon completion of the audit of that cost report.

Sec. 1687. The long-term care working group established in section 1657 of 1998 PA 336 shall continue to exist to review the allocation of the long-term care innovations grant funding and to monitor the implementation of the demonstration projects being funded. The department shall not implement a long-term care plan until the expiration of 24 days during which at least 1 house of the legislature convenes after the long-term care working group has submitted the written long-term care plan to the senate majority leader, the speaker of the house, the senate and house appropriations subcommittees on community health, and the state budget director.

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

Sec. 1688. The department shall not impose a limit on per unit reimbursements to service providers that provide personal care or other services under the Medicaid home and community-based waiver program for the elderly and disabled. The department's per day per client reimbursement cap calculated in the aggregate for all services provided under the Medicaid home and community-based waiver is not a violation of this section.

Sec. 1689. (1) From the funds appropriated in part 1 for the home and community-based services program, the department shall develop an allocation formula that will allow for coverage of no fewer than 15,000 individuals, or a smaller number of individuals if required under federal law.

(2) At the end of each fiscal quarter, the department shall compare actual usage to that predicted by the allocation formula. Based on that evaluation, the department may redistribute home and community-based waiver program resources among the regional service providers.

(3) Priority in enrolling additional persons in the Medicaid home and community-based services program shall be given to those who are currently residing in nursing homes or who are eligible to be admitted to a nursing home if they are not provided home and community-based services. The department shall implement screening and assessment procedures to assure that no additional Medicaid eligible persons are admitted to nursing homes who would be more appropriately served by the Medicaid home and community-based services program. In each case where the program is successful in removing an individual from a nursing home, or prevents an individual from entering a nursing home who currently meets explicit medical criteria for admission to a nursing home, the department shall transfer the estimated amount of cost savings from the long-term care services line item to the home and community-based waiver program line item. The department shall make these transfers on a quarterly basis.

(4) Within 30 days of the end of each fiscal quarter, the department shall provide a report to the senate and house appropriations subcommittees on community health and the senate and house fiscal agencies that details existing and future allocations for the home and community-based waiver program by regions as well as the associated expenditures.

Sec. 1690. (1) From the funds appropriated in part 1 for long-term care services, the department shall allocate $1,000,000.00 to a provider engaged in the continuum of care for long-term care services.

(2) The provider shall use the funds described in subsection (1) to establish a pilot project to assess whether a managed care approach to the full spectrum of long-term care services can provide an appropriate level of care at a lower cost than achieved through purchasing those services on an individual basis.

(3) The department in conjunction with the service providers shall develop criteria to assess the ability of this provider to maintain the individuals at the most appropriate level of care, to improve the total quality of care, to increase compliance with Olmstead v L.C., 527 U.S. 581 (1999), and to reduce costs for the state's Medicaid program.

(4) The department shall provide bimonthly reports that detail the progress of this pilot project to the senate and house appropriations subcommittees on community health and to the senate and house fiscal agencies.

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

Medical services hospital services; funding pool; distributions; programs in rural, underserved areas.

Sec. 1691. (1) From the funds appropriated in part 1, the department, subject to the requirements and limitations in this section, shall establish a funding pool of up to $44,012,800.00 for the purpose of enhancing the aggregate payment for medical services hospital services.

(2) For a county with a population of more than 2,000,000 people, the department shall distribute $44,012,800.00 to hospitals if $15,026,700.00 is received by the state from such a county, which meets the criteria of an allowable state matching share as determined by applicable federal laws and regulations. If the state receives a lesser sum of an allowable state matching share from such a county, the amount distributed shall be reduced accordingly.

(3) The department may establish county-based, indigent health care programs that are at least equal in eligibility and coverage to the fiscal year 1996 state medical program.

(4) The department is authorized to establish and expand programs in counties that include rural, underserved areas if the expenditures for the programs do not increase state general fund/general purpose costs and local funds are provided.

Medical services provided in schools; reimbursement from Medicaid program.

Sec. 1692. (1) The department of community health is authorized to pursue reimbursement for eligible services provided in Michigan schools from the federal Medicaid program. The department and the state budget director are authorized to negotiate and enter into agreements, together with the department of education, with local and intermediate school districts regarding the sharing of federal Medicaid services funds received for these services. The department is authorized to receive and disburse funds to participating school districts pursuant to such agreements and state and federal law.

(2) From the funds appropriated in part 1 for medical services school services payments, the department is authorized to do all of the following:

(a) Finance activities within the medical services administration related to this project.

(b) Reimburse participating school districts pursuant to the fund sharing ratios negotiated in the state-local agreements authorized in subsection (1).

(c) Offset general fund costs associated with the medical services program.

Special adjustor payments; increase; submission of medical services state plan.

Sec. 1693. The special adjustor payments appropriation in part 1 may be increased if the department submits a medical services state plan amendment pertaining to this line item at a level higher than the appropriation. The department is authorized to appropriately adjust financing sources in accordance with the increased appropriation.

Distribution to children's hospitals with high indigent care volume.

Sec. 1694. The department of community health shall distribute $695,000.00 to children's hospitals that have a high indigent care volume. The amount to be distributed to any given hospital shall be based on a formula determined by the department of community health.

Magnetic card identification system.

Sec. 1696. The department shall by October 1, 2002 complete a study calculating the benefits of a single magnetic card identification system that has the capability to interface with various state benefit programs, including, but not limited to, food stamps, WIC, cash assistance, and Medicaid, and to assist in the eligibility verification process.

Funds obtained from qualifying health system; use as state match.

Sec. 1697. (1) As may be allowed by federal law or regulation, the department may use funds provided by a local or intermediate school district, which have been obtained from a qualifying health system, as the state match required for receiving federal Medicaid or children health insurance program funds. Any such funds received shall be used only to support new school-based or school-linked health services.

(2) A qualifying health system is defined as any health care entity licensed to provide health care services in the state of Michigan, that has entered into a contractual relationship with a local or intermediate school district to provide or manage school-based or school-linked health services.

Direct payments to qualifying hospitals.

Sec. 1699. The department may make separate payments directly to qualifying hospitals serving a disproportionate share of indigent patients, and to hospitals providing graduate medical education training programs. If direct payment for GME and DSH is made to qualifying hospitals for services to Medicaid clients, hospitals will not include GME costs or DSH payments in their contracts with HMOs.

Submission of Medicaid waiver to federal government.

Sec. 1700. The department shall not submit a Medicaid waiver or similar proposal to the federal centers for Medicare and Medicaid unless the proposal has been submitted to the house of representatives and senate appropriations subcommittees on community health at least 30 days before the submission to the federal government.

Sec. 1701. In addition to the funds appropriated in part 1, there is appropriated up to $6,600,000.00 to reestablish a nursing home quality care incentive program to provide financial incentives for nursing homes to develop high-quality care services. Grants under this section shall be awarded by the department to nursing homes that demonstrate an existing commitment to providing high-quality care. This appropriation is contingent upon the receipt of additional funds as a result of an increase in the federal Medicaid match rate above the fiscal year 2002-2003 rate of 55.42% and upon certification from the state budget director that the funds are available for expenditure.

Sec. 1702. From the funds appropriated in part 1 for long-term care services, the department shall work with local waiver agents to implement a pilot project that coordinates Medicaid home and community-based services with section 8 rental assistance subsidies available through the Michigan state housing development authority. The purpose of the pilot project shall be to provide rent and supportive services to 100 persons in assisted living housing arrangements who otherwise would be eligible to receive nursing home care through the Medicaid program. The home and community-based services days of care utilized for the pilot project shall be allocated from the existing allocation to local waiver agents for the current fiscal year.

Sec. 1703. From the funds appropriated in part 1 for long-term care services, the department shall allocate up to $200,000.00 to the Michigan association of centers for independent living for the accessing community-based support project, if additional funds become available for this purpose.

Per diem payment; deletion of references.

Sec. 1704. MSA bulletin Hospital 01-03 shall have all references to per diem payment deleted.

Pharmaceutical best practice initiative program.

Sec. 1706. The department shall develop and implement a public information campaign regarding the pharmaceutical best practice initiative program.

Reimbursement for indigent health care; distribution resulting from amendment to airport parking tax act.

Sec. 1709. From the funds appropriated in part 1 for medical services, the department shall allocate sufficient funds to each qualified county, as that term is defined in section 2 of the airport parking tax act, 1987 PA 248, MCL 207.372, to reimburse that county for the entire reduction in the amount of its distribution for indigent health care in fiscal year 2002-2003 from the amount of its distribution for indigent health care in fiscal year 2000-2001 resulting directly from any amendments to section 7 of the airport parking tax act, 1987 PA 248, MCL 207.377, in calendar year 2002 if House Bill No. 4454 of the 91st Legislature is enacted into law in fiscal year 2001-2002.

Sec. 1710. Any proposed changes by the department to the MIChoice home and community-based services waiver program screening process shall be provided to the members of the house and senate appropriations subcommittees on community health at least 30 days prior to implementation of the proposed changes.

Hospitalization utilization; program report.

Sec. 1711. The department shall provide an annual program report to the members of the house and senate appropriations subcommittees on community health and the house and senate fiscal agencies on the hospitalization utilization of Medicaid recipients by diagnostic-related group.

Sec. 1712. Notwithstanding section 20161(13)(*l*) of the public health code, 1978 PA 368, MCL 333.20161, as added by 2002 PA 303, section 224b(2)(j) of the insurance code of 1956, 1956 PA 218, as added by 2002 PA 304, and section 20161(14)(i) of the public health code, 1978 PA 368, MCL 333.20161, if added by enactment of House Bill No. 5103 of the 91st Legislature, the fiscal year 2002-2003 appropriations for long-term care services, health maintenance organizations, hospital services and therapy, and Medicaid mental health services are as specified in this act.

Medicaid school-based services; reimbursement to school district; certification of payment to vendor.

Sec. 1713. A school, local school district, intermediate school district, or group or consortium of school districts that is entitled to receive any payments for any Medicaid school-based services, either administrative services or fees for service, shall receive reimbursement from the department if it certifies to the department that it has paid in full the amounts billed by any vendor that provided Medicaid billing services on that district's behalf during the period 1998 to 2002, inclusive, that would have been paid had the school district been reimbursed in full, irrespective of the settlement agreement in Michigan Department of Community Health v Centers for Medicare and Medicaid Services,

departmental appeals board, United States department of health and human services, docket no. A-01-01 and A-02-01. A vendor may object to and challenge a district's certification of payment if the vendor believes that it has not received payment in full for all amounts it has billed to the district. In that event, the department shall withhold all reimbursements to the district until the vendor's objection is resolved to the satisfaction of the department.

Compiler's note: Section 1713 of 2002 PA 519 was repealed by enacting section 2 of 2002 PA 521.

Hospital services and therapy; condition.

Sec. 1714. The funding for hospital services and therapy in part 1 is predicated on the enactment into law of House Bill No. 5103 of the 91st Legislature. If House Bill No. 5103 is not enacted into law, gross appropriations for the Medicaid hospital services and therapy line item are reduced by $149,200,300.00.

Deposit of funds in Medicaid benefits trust fund.

Sec. 1715. Any additional funds that are available as a result of an increase in the federal Medicaid match rate above the fiscal year 2002-2003 rate of 55.42% that are not appropriated in section 449 or section 1701 shall be deposited in the Medicaid benefits trust fund established in the Michigan trust fund act, 2000 PA 489, MCL 12.251 to 12.256.

This act is ordered to take immediate effect.
Approved July 25, 2002.
Filed with Secretary of State July 25, 2002.

Compiler's note: Section 1713 of this act was repealed by 2002 PA 521, Imd. Eff. July 25, 2002.
Senate Bill No. 552, referred to in section 1303, was not enacted into law.
House Bill No. 4454, referred to in section 1709, was filed with the Secretary of State December 30, 2002, and became P.A. 2002, No. 680, Eff. March 31, 2003.
House Bill No. 5103, referred to in section 1714, was vetoed by the Governor on July 6, 2002.

Billing by department of civil service.

Sec. 204. The department of civil service shall bill departments and agencies at the end of the first fiscal quarter for the 1% charge authorized by section 5 of article XI of the state constitution of 1963. Payments shall be made for the total amount of the billing by the end of the second fiscal quarter.

Hiring freeze; exceptions.

Sec. 205. (1) Beginning October 1, a hiring freeze is imposed on the state classified civil service. State departments and agencies are prohibited from hiring any new full-time state classified civil service employees and prohibited from filling any vacant state classified civil service positions. This hiring freeze does not apply to internal transfers of classified employees from 1 position to another within a department.

(2) The state budget director shall grant exceptions to the hiring freeze described in subsection (1) when the state budget director believes that the hiring freeze will result in rendering a state department or agency unable to deliver basic services, cause a loss of revenue to the state, result in the inability of the state to receive federal funds, or would necessitate additional expenditures that exceed any savings from maintaining a vacancy. The state budget director shall report quarterly to the chairpersons of the senate and house of representatives standing committees on appropriations the number of exceptions to the hiring freeze approved during the previous quarter and the reasons to justify the exception.

Contingency funds; availability for expenditure.

Sec. 206. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $30,000,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $5,000,000.00 for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $100,000.00 for local contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(4) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $100,000.00 for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Privatization; project plan.

Sec. 207. At least 60 days before beginning any effort to privatize, the department shall submit a complete project plan to the appropriate senate and house of representatives appropriations subcommittees and the senate and house fiscal agencies. The plan shall include the criteria under which the privatization initiative will be evaluated. The evaluation shall be completed and submitted to the appropriate senate and house of representatives appropriations subcommittees and the senate and house fiscal agencies within 30 months.

Reporting requirements; use of internet.

Sec. 208. Unless otherwise specified in this act, the department shall use the internet to fulfill the reporting requirements of this act. This may include transmission of reports via electronic mail to the recipients identified for each reporting requirement or it may include placement of reports on an internet or intranet site.

Purchase of foreign goods or services.

Sec. 209. Funds appropriated in part 1 should not be used for the purchase of foreign goods or services, or both, if competitively priced American goods or services, or both, of comparable quality are available. Preference should be given to goods or services, or both, manufactured or provided by Michigan businesses if they are competitively priced and of comparable value.

Businesses in depressed and deprived communities; contracts to provide services or supplies.

Sec. 210. The director shall take all reasonable steps to ensure that businesses in deprived and depressed communities compete for and perform contracts to provide services or supplies, or both. Each director shall strongly encourage firms with which the department contracts to subcontract with certified businesses in depressed and deprived communities for services, supplies, or both.

Grant and loan programs; report.

Sec. 211. (1) From funds appropriated under part 1, the department shall prepare a report that lists all of the following regarding grant or loan or grant and loan programs administered by the department for the fiscal year ending on September 30, 2003:

(a) The name of each program.

(b) The goals of the program, the criteria, eligibility, process, filing fees, nominating procedures, and deadlines for each program.

(c) The maximum and minimum grant and loan available and whether there is a match requirement for each program.

(d) The amount of any required match, and whether in-kind contributions may be used as part or all of a required match.

(e) Information pertaining to the application process, timeline for each program, and the contact people within the department.

(f) The source of funds for each program, including the citation of pertinent authorizing acts.

(g) Information regarding plans for the next fiscal year for the phaseout, expansion, or changes for each program.

(h) A listing of all recipients of grants or loans awarded by the department by type and amount of grant or loan.

(2) The reports required under this section shall be submitted to the state budget office, the senate and house appropriations committees, and senate and house fiscal agencies by January 1, 2003.

Restricted fund balances, projected revenues, and expenditures; annual report.

Sec. 212. By February 15, 2003, the department shall provide the state budget director, the subcommittees on natural resources and environmental quality of the senate and house appropriations committees, and the senate and house fiscal agencies with an annual report on restricted fund balances, projected revenues, and expenditures for the fiscal years ending September 30, 2002 and September 30, 2003.

Legal settlement cases; disposition of funds.

Sec. 213. The department shall provide an annual report on the total amount of funds received from responsible parties and legal settlements, and the disposition of these funds. Included in the report shall be a listing of the individual settlement cases, the location of the facilities involved, the type of violation committed, and the amount of funds received.

Great Lakes water diversion; public meeting and comment.

Sec. 214. The department shall notify the legislature and shall provide a public meeting and public comment opportunity with respect to any request received by the state of Michigan to divert water from the Great Lakes pursuant to the water resources development act of 1986, Public Law 99-662, 100 Stat. 4082.

Environmental cleanup program allocations; report.

Sec. 215. (1) The department shall report all of the following information relative to allocations made in part 1 for the environmental cleanup and redevelopment program, state cleanup, emergency actions, superfund cleanup, the revitalization revolving loan program, the brownfield grants and loans program, the leaking underground storage tank cleanup program, the contaminated lake and river sediments cleanup program, and the environmental protection bond projects under section 19508(7) of the natural resources and environmental protection act, 1994 PA 451, MCL 324.19508, to the state budget director, the senate and house appropriations subcommittees on environmental quality, and the senate and house fiscal agencies:

(a) The name and location of the site for which an allocation is made.

(b) The nature of the problem encountered at the site.

(c) A brief description of how the problem will be resolved if the allocation is made for a response activity.

(d) The estimated date that site closure activities will be completed.

(e) The amount of the allocation, or the anticipated financing for the site.

(f) A summary of the sites and the total amount of funds expended at the sites at the conclusion of the fiscal year.

(g) The number of sites that would qualify as brownfields that were redeveloped.

(2) The report prepared under subsection (1) shall also include all of the following:

(a) The status of all state-owned facilities that are on the list compiled under part 201 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.20101 to 324.20142.

(b) The report shall include the total amount of funds expended during the fiscal year and the total amount of funds awaiting expenditure.

(c) The total amount of bonds issued for the environmental protection bond program pursuant to part 193 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.19301 to 324.19306, and bonds issued pursuant to the clean Michigan initiative act, 1998 PA 284, MCL 324.95101 to 324.95108.

(3) The report shall be made available by March 31 of each year.

Michigan youth conservation council.

Sec. 216. Of the money appropriated from the environmental education fund in part 1, $5,000.00 shall be allocated to Michigan State University Extension Service - 4-H Youth Programs to fund the Michigan Youth Conservation Council.

Receipt and retention of reports.

Sec. 217. The departments and state agencies receiving appropriations under this act shall receive and retain copies of all reports funded from appropriations in part 1. These departments and state agencies shall follow federal and state guidelines for short-term and long-term retention of these reports and records.

Unexpended and unencumbered amounts; use.

Sec. 218. (1) In addition to the funds appropriated in part 1 for the environmental cleanup and redevelopment program and the leaking underground storage tank cleanup program, the department of environmental quality is authorized to expend amounts remaining from prior fiscal year appropriations to meet funding needs of legislatively approved sites.

(2) Unexpended and unencumbered amounts remaining from appropriations from the environmental protection bond fund contained in 1989 PA 180, 1990 PA 55, 1990 PA 194, 1991 PA 31, 1991 PA 160, 1993 PA 74, 1993 PA 353, 1994 PA 442, 1996 PA 353, and 1997 PA 114 are appropriated for expenditure for any site listed in this act and any site listed in the public acts referenced in this section.

(3) Unexpended and unencumbered amounts remaining from appropriations from the cleanup and redevelopment fund and unclaimed bottle deposits fund contained in 1996 PA 319, 1997 PA 113, 1997 PA 114, 1998 PA 292, 1999 PA 125, 2000 PA 275, and 2001 PA 43 are appropriated for expenditure for any site listed in this act and any site listed in the public acts referenced in this section.

(4) Unexpended and unencumbered amounts remaining from appropriations from the clean Michigan initiative fund - response activities contained in 1999 PA 111, 2000 PA 52, 2000 PA 506, and 2001 PA 120 are appropriated for expenditure for any site listed in this act and any site listed in the public acts referenced in this section.

Environmental response fund; report on fund balance.

Sec. 220. The department shall report to the state budget office, the senate and house appropriations subcommittees on environmental quality, and the senate and house fiscal agencies at the end of each fiscal quarter the fund balance in the environmental response fund.

DEPARTMENT SUPPORT SERVICES

Rental payments or operational expenses at certain locations; prohibition.

Sec. 301. Due to the consolidation of the department of environmental quality operations for the purpose of increasing agency efficiencies, effective October 1, 2002, the department of environmental quality shall not expend any of the funds appropriated in part 1 for rental payments or operational expenses for the leased premises located at the following locations:

(a) 300 South Washington, Lansing, Michigan.

(b) 300 Stroh River Place, Detroit, Michigan.

(c) Shiawassee District Office at 10650 South Bennett Road, Morrice, Michigan.

LAND AND WATER MANAGEMENT

Great Lakes bottomland permit fees.

Sec. 403. The department shall collect Great Lakes bottomland permit fees uniformly and fairly from commercial and noncommercial users of the Great Lakes bottomlands.

Permit; fees.

Sec. 404. The department may waive permit fees for nonprofit organizations conducting approved stream habitat improvement projects.

AIR QUALITY

Expenditures and revenues; report.

Sec. 501. The department shall report quarterly, via the department's internet website, on air quality program expenditures and revenues. The report shall include expenditures and revenues by fund source and by program function.

SURFACE WATER QUALITY

Water quality monitoring activities; grants.

Sec. 601. Of the funds appropriated in part 1 for surface water surveillance, a minimum of $250,000.00 shall be designated for grants to local organizations for water quality monitoring activities.

Sec. 602. Of the funds appropriated in section 107 for water quality monitoring, $20,000.00 may be provided, on a 50:50 cost-sharing basis, to erect signs at beaches owned by governmental entities. These signs will inform the public where the most recent beach water quality information may be found.

"Greening the governments" report.

Sec. 604. The department shall review the 2002 report, "Greening the Governments", and present its analysis to the house and senate subcommittees on environmental quality on October 30, 2002. This analysis shall address specific findings of the "Greening the Governments" report that Michigan had the best water quality in 1999, as measured by the number of tons of toxic material released per $1,000,000.00 in industry gross state product. The analysis shall include specific recommendations on how Michigan can improve its environmental performance in these and other areas to be competitive with the other Great Lakes states.

DRINKING WATER

Groundwater database.

Sec. 701. The funds appropriated in part 1 for groundwater use reporting shall be awarded as a grant for the development of a groundwater database needed to model the demands for domestic water uses of groundwater supplies.

ENVIRONMENTAL RESPONSE

Cleanup programs as work project; carrying forward unencumbered or unallotted funds.

Sec. 801. The unexpended funds appropriated in part 1 for the state cleanup program, environmental cleanup and redevelopment program, emergency cleanup action, contaminated site investigations, cleanup and revitalization, and superfund cleanup projects are considered work project appropriations and any unencumbered or unallotted funds are carried forward into the succeeding fiscal year. The following is in compliance with section 451a(1) of the management and budget act, 1984 PA 431, MCL 18.1451a:

(a) The purpose of the projects to be carried forward is to provide contaminated site cleanup.

(b) The projects will be accomplished by contract.

(c) The total estimated cost of all projects is identified in each line-item appropriation.

(d) The tentative completion date is September 30, 2007.

STORAGE TANKS

Michigan underground storage tank financial assurance fund.

Sec. 901. (1) The funds appropriated in part 1 from the Michigan underground storage tank financial assurance fund for the purpose of carrying out the duties and responsibilities as specified in part 215 of the natural resources and environmental protection act, 1994

PA 451, MCL 324.21501 to 324.21551, are considered work project appropriations and any unencumbered funds are carried forward into the succeeding fiscal year. The following is in compliance with section 451a(1) of the management and budget act, 1984 PA 431, MCL 18.1451a:

(a) The purpose of the projects to be carried forward is to carry out the responsibilities of part 215 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.21501 to 324.21551.

(b) The projects will be accomplished by contract and state employees.

(c) The total estimated cost is identified in a line-item appropriation.

(d) The tentative completion date is September 30, 2007.

(2) The Michigan underground storage tank financial assurance policy board shall allocate the amount of the underground storage tank financial assurance fund to be distributed to the department. If the amount recommended by the board is less than that appropriated in part 1, expenditures shall be adjusted accordingly.

(3) Included in the funds appropriated in part 1 from the Michigan underground storage tank financial assurance fund are funds sufficient to pay debt service costs on the bonds or notes issued pursuant to part 215 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.21501 to 324.21551.

Michigan underground storage tank financial assurance fund; report.

Sec. 902. The department shall report to the state budget director, the senate and house appropriations subcommittees on environmental quality, and the senate and house fiscal agencies not later than October 31, 2003 on the Michigan underground storage tank financial assurance fund. The report shall include the fund balance, estimate of available revenues, number and dollar value of claims processed through September 30, 2002, and total estimated claims liability through December 22, 2004.

Leaking underground storage tank cleanup program as work project.

Sec. 903. The unexpended funds appropriated in part 1 for the leaking underground storage tank cleanup program are considered work project appropriations and any unencumbered or unallotted funds are carried over into the succeeding fiscal year. The following is in compliance with section 451a(1) of the management and budget act, 1984 PA 431, MCL 18.1451a:

(a) The purpose of the projects to be carried over is to provide for redevelopment and contaminated site cleanup.

(b) These projects will be accomplished by contract.

(c) The total estimated costs of all projects is identified in each line-item appropriation.

(d) The tentative completion date for these projects is September 30, 2007.

Leaking underground storage tank cleanup program; unexpended funds as work project.

Sec. 904. The funds appropriated in part 1 for the leaking underground storage tank cleanup program shall be used to fund redevelopment and cleanup activities on the following sites:

Alger	Melstrand General Store
Eaton	5-Star Pizza

Eaton	Keweenaw Party Store
Jackson	Vandy's Party Store
Monroe	Mike's Quality Meats (former)
Montmorency	Stoddard's A-1 Party Mart
Newaygo	Up North Gift Co.

ENVIRONMENTAL ASSISTANCE

Scrap tire recycling and reuse.

Sec. 1002. The appropriation in part 1 for environmental assistance includes $200,000.00 to support research and technology demonstration projects which encourage scrap tire recycling and reuse.

Removal of automobile components; study.

Sec. 1003. If the department participates, consults, or collaborates on a study regarding removal of automobile components in 2002, it shall review other removal options for similar components by September 30, 2003 including, but not limited to, removal from other than end-of-life vehicles.

CRIMINAL INVESTIGATIONS

Imported solid waste; inspections.

Sec. 1101. From funds appropriated in part 1, the department shall conduct periodic inspections of imported solid waste at disposal facilities to mitigate the unpermitted disposal of waste at Michigan disposal sites.

Regulation of solid waste disposal; training.

Sec. 1102. With funds appropriated in part 1, the department shall provide training in support of local efforts to regulate solid waste disposal. Department environmental conservation officers shall be directed to help train law enforcement officers and other enforcement personnel to develop community partnerships to combat illegal dumping at the local level.

GRANTS

Septage waste compliance program.

Sec. 1201. If a certified health department does not exist in a city, county, or district or does not fulfill its responsibilities under part 117 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.11701 to 324.11719, then the department may spend funds appropriated in part 1 under the septage waste compliance program in accordance with section 11716 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.11716.

Scrap tire fire suppression costs.

Sec. 1202. Of the funds appropriated in part 1 for scrap tire grants, $100,000.00 shall be available for grants to communities to cover scrap tire fire suppression costs, provided owner liability bonds and other available funding sources have been exhausted.

Loans for public water supply systems; noncompliant with federal arsenic standards.

Sec. 1204. From the funds appropriated in section 115 for the drinking water revolving loan program, the department shall provide low-interest loans for public water supply systems found to be out of compliance with federal arsenic standards.

St. Clair River, Lake St. Clair, and Clinton River watershed; grants.

Sec. 1205. The money appropriated in section 115 for grants to counties—water quality monitoring shall be used to establish and operate a comprehensive monitoring program to protect and manage the environmental quality of the St. Clair River, Lake St. Clair, and the Clinton River watershed.

INFORMATION TECHNOLOGY

Technology related services and projects; rates, user fees, and charges.

Sec. 1301. The department of information technology shall establish a schedule of rates, user fees, and charges or assessments for standard services and information system support requirements to be made to departments for technology related services and projects. This schedule, as well as copies of related interagency agreements, shall be provided to the state budget office and the house and senate committees on appropriations before October 1, 2002.

Information technology amounts as work project.

Sec. 1302. Amounts appropriated in part 1 for information technology may be designated as work projects and carried forward to support department of environmental quality technology projects under the direction of the department of information technology. Funds designated in this manner are not available for expenditure until approved as work projects under section 451a of the management and budget act, 1984 PA 431, MCL 18.1451a.

EARLY RETIREMENT AND BUDGETARY SAVINGS

Early retirement and budgetary savings; satisfaction of negative appropriation.

Sec. 1501. (1) The negative appropriation for early retirement savings in part 1 shall be satisfied by savings realized from not filling all of the positions lost due to the early retirement plan for state employees enacted in 2002 PA 93 amendments to the state employees' retirement act, 1943 PA 240, MCL 38.1 to 38.69.

(2) The negative appropriation for budgetary savings in part 1 shall be satisfied by savings from the hiring freeze imposed under section 205, efficiencies, and other savings identified by the department director and approved by the state budget director.

(3) Appropriation authorization adjustments required due to negative appropriations for early retirement savings and budgetary savings shall be made only after the approval of transfers by the legislature pursuant to section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Additional appropriations; condition.

Sec. 1502. (1) Subject to subsection (2), in addition to the amounts appropriated under part 1, the following amounts are appropriated for the fiscal year ending September 30, 2003:

(a) $250,000.00 is appropriated to superfund cleanup from the state general fund.

(b) $2,000,000.00 is appropriated to waste management, compliance, and enforcement from the state general fund. The appropriation from waste reduction fee revenue for this purpose is reduced by $2,000,000.00.

(c) $140,000.00 is appropriated to field permitting and project assistance from the state general fund.

(d) $500,000.00 is appropriated to financial support services from the state general fund.

(e) $100,000.00 is appropriated to Great Lakes shorelands from the state general fund.

(2) The appropriations in subsection (1) shall become effective only if the tax on cigarettes under the tobacco products tax act, 1993 PA 327, MCL 205.421 to 205.436, is increased by 30 cents or more per pack of cigarettes on or before September 30, 2002.

This act is ordered to take immediate effect.
Approved July 25, 2002.
Filed with Secretary of State July 25, 2002.

[No. 521]

(HB 5881)

AN ACT to amend 1979 PA 94, entitled "An act to make appropriations to aid in the support of the public schools and the intermediate school districts of the state; to make appropriations for certain other purposes relating to education; to provide for the disbursement of the appropriations; to supplement the school aid fund by the levy and collection of certain taxes; to authorize the issuance of certain bonds and provide for the security of those bonds; to prescribe the powers and duties of certain state departments, the state board of education, and certain other boards and officials; to prescribe penalties; and to repeal acts and parts of acts," by amending sections 6, 11, 11f, 11g, 20, 22a, 22b, 24, 26a, 31a, 31d, 32a, 32b, 32c, 32d, 32f, 39a, 41, 51a, 51c, 51d, 53a, 54, 55, 56, 57, 61a, 62, 67, 68, 74, 81, 94, 94a, 96, 98, 99, 99a, 104a, 107, 108, and 147 (MCL 388.1606, 388.1611, 388.1611f, 388.1611g, 388.1620, 388.1622a, 388.1622b, 388.1624, 388.1626a, 388.1631a, 388.1631d, 388.1632a, 388.1632b, 388.1632c, 388.1632d, 388.1632f, 388.1639a, 388.1641, 388.1651a, 388.1651c, 388.1651d, 388.1653a, 388.1654, 388.1655, 388.1656, 388.1657, 388.1661a, 388.1662, 388.1667, 388.1668, 388.1674, 388.1681, 388.1694, 388.1694a, 388.1696, 388.1698, 388.1699, 388.1699a, 388.1704a, 388.1707, 388.1708, and 388.1747), sections 6, 11, 11f, 11g, 20, 22a, 22b, 24, 26a, 31a, 31d, 32a, 32b, 32c, 32d, 32f, 41, 51a, 51c, 53a, 54, 56, 57, 61a, 62, 67, 68, 74, 81, 94, 94a, 96, 98, 99, 107, 108, and 147 as amended and sections 39a, 51d, 55, and 99a as added by 2002 PA 191 and section 104a as amended by 1999 PA 119; and to repeal acts and parts of acts.

The People of the State of Michigan enact:

388.1606 Additional definitions.

Sec. 6. (1) "Center program" means a program operated by a district or intermediate district for special education pupils from several districts in programs for the autistically impaired, trainable mentally impaired, severely mentally impaired, severely multiply impaired, hearing impaired, physically and otherwise health impaired, and visually impaired. Programs for emotionally impaired pupils housed in buildings that do not serve regular education pupils also qualify. Unless otherwise approved by the department, a center program either shall serve all constituent districts within an intermediate district or shall serve several districts with less than 50% of the pupils residing in the operating district. In addition, special education center program pupils placed part-time in noncenter programs to comply with the least restrictive environment provisions of section 612 of part B of the individuals with disabilities education act, title VI of Public Law 91-230, 20 U.S.C. 1412, may be considered center program pupils for pupil accounting purposes for the time scheduled in either a center program or a noncenter program.

(2) "District pupil retention rate" means the proportion of pupils who have not dropped out of school in the immediately preceding school year and is equal to 1 minus the quotient of the number of pupils unaccounted for in the immediately preceding school year, as determined pursuant to subsection (3), divided by the pupils of the immediately preceding school year.

(3) "District pupil retention report" means a report of the number of pupils, excluding migrant and adult, in the district for the immediately preceding school year, adjusted for those pupils who have transferred into the district, transferred out of the district, transferred to alternative programs, and have graduated, to determine the number of pupils who are unaccounted for. The number of pupils unaccounted for shall be calculated as determined by the department.

(4) "Membership", except as otherwise provided in this act, means for a district, public school academy, university school, or intermediate district the sum of the product of .8 times the number of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance on the pupil membership count day for the current school year, plus the product of .2 times the final audited count from the supplemental count day for the immediately preceding school year. All pupil counts used in this subsection are as determined by the department and calculated by adding the number of pupils registered for attendance plus pupils received by transfer and minus pupils lost as defined by rules promulgated by the superintendent, and as corrected by a subsequent department audit. The amount of the foundation allowance for a pupil in membership is determined under section 20. In making the calculation of membership, all of the following, as applicable, apply to determining the membership of a district, public school academy, university school, or intermediate district:

(a) Except as otherwise provided in this subsection, and pursuant to subsection (6), a pupil shall be counted in membership in the pupil's educating district or districts. An individual pupil shall not be counted for more than a total of 1.0 full-time equated membership.

(b) If a pupil is educated in a district other than the pupil's district of residence, if the pupil is not being educated as part of a cooperative education program, if the pupil's district of residence does not give the educating district its approval to count the pupil in membership in the educating district, and if the pupil is not covered by an exception specified in subsection (6) to the requirement that the educating district must have the

approval of the pupil's district of residence to count the pupil in membership, the pupil shall not be counted in membership in any district.

(c) A special education pupil educated by the intermediate district shall be counted in membership in the intermediate district.

(d) A pupil placed by a court or state agency in an on-grounds program of a juvenile detention facility, a child caring institution, or a mental health institution, or a pupil funded under section 53a, shall be counted in membership in the district or intermediate district approved by the department to operate the program.

(e) A pupil enrolled in the Michigan schools for the deaf and blind shall be counted in membership in the pupil's intermediate district of residence.

(f) A pupil enrolled in a vocational education program supported by a millage levied over an area larger than a single district or in an area vocational-technical education program established pursuant to section 690 of the revised school code, MCL 380.690, shall be counted only in the pupil's district of residence.

(g) A pupil enrolled in a university school shall be counted in membership in the university school.

(h) A pupil enrolled in a public school academy shall be counted in membership in the public school academy.

(i) For a new district, university school, or public school academy beginning its operation after December 31, 1994, membership for the first 2 full or partial fiscal years of operation shall be determined as follows:

(*i*) If operations begin before the pupil membership count day for the fiscal year, membership is the average number of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance on the pupil membership count day for the current school year and on the supplemental count day for the current school year, as determined by the department and calculated by adding the number of pupils registered for attendance on the pupil membership count day plus pupils received by transfer and minus pupils lost as defined by rules promulgated by the superintendent, and as corrected by a subsequent department audit, plus the final audited count from the supplemental count day for the current school year, and dividing that sum by 2.

(*ii*) If operations begin after the pupil membership count day for the fiscal year and not later than the supplemental count day for the fiscal year, membership is the final audited count of the number of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance on the supplemental count day for the current school year.

(j) If a district is the authorizing body for a public school academy, then, in the first school year in which pupils are counted in membership on the pupil membership count day in the public school academy, the determination of the district's membership shall exclude from the district's pupil count for the immediately preceding supplemental count day any pupils who are counted in the public school academy on that first pupil membership count day who were also counted in the district on the immediately preceding supplemental count day.

(k) In a district, public school academy, university school, or intermediate district operating an extended school year program approved by the superintendent, a pupil enrolled, but not scheduled to be in regular daily attendance on a pupil membership count day, shall be counted.

(*l*) Pupils to be counted in membership shall be not less than 5 years of age on December 1 and less than 20 years of age on September 1 of the school year except a special education pupil who is enrolled and receiving instruction in a special education

program approved by the department and not having a high school diploma who is less than 26 years of age as of September 1 of the current school year shall be counted in membership.

(m) An individual who has obtained a high school diploma shall not be counted in membership. An individual who has obtained a general education development (G.E.D.) certificate shall not be counted in membership. An individual participating in a job training program funded under former section 107a or a jobs program funded under former section 107b, administered by the Michigan strategic fund or the department of career development, or participating in any successor of either of those 2 programs, shall not be counted in membership.

(n) If a pupil counted in membership in a public school academy is also educated by a district or intermediate district as part of a cooperative education program, the pupil shall be counted in membership only in the public school academy, and the instructional time scheduled for the pupil in the district or intermediate district shall be included in the full-time equated membership determination under subdivision (q). However, for pupils receiving instruction in both a public school academy and in a district or intermediate district but not as a part of a cooperative education program, the following apply:

(*i*) If the public school academy provides instruction for at least 1/2 of the class hours specified in subdivision (q), the public school academy shall receive as its prorated share of the full-time equated membership for each of those pupils an amount equal to 1 times the product of the hours of instruction the public school academy provides divided by the number of hours specified in subdivision (q) for full-time equivalency, and the remainder of the full-time membership for each of those pupils shall be allocated to the district or intermediate district providing the remainder of the hours of instruction.

(*ii*) If the public school academy provides instruction for less than 1/2 of the class hours specified in subdivision (q), the district or intermediate district providing the remainder of the hours of instruction shall receive as its prorated share of the full-time equated membership for each of those pupils an amount equal to 1 times the product of the hours of instruction the district or intermediate district provides divided by the number of hours specified in subdivision (q) for full-time equivalency, and the remainder of the full-time membership for each of those pupils shall be allocated to the public school academy.

(o) An individual less than 16 years of age as of September 1 of the current school year who is being educated in an alternative education program shall not be counted in membership if there are also adult education participants being educated in the same program or classroom.

(p) The department shall give a uniform interpretation of full-time and part-time memberships.

(q) The number of class hours used to calculate full-time equated memberships shall be consistent with section 101(3). In determining full-time equated memberships for pupils who are enrolled in a postsecondary institution, a pupil shall not be considered to be less than a full-time equated pupil solely because of the effect of his or her postsecondary enrollment, including necessary travel time, on the number of class hours provided by the district to the pupil.

(r) Full-time equated memberships for pupils in kindergarten shall be determined by dividing the number of class hours scheduled and provided per year per kindergarten pupil by a number equal to 1/2 the number used for determining full-time equated memberships for pupils in grades 1 to 12.

(s) For a district, university school, or public school academy that has pupils enrolled in a grade level that was not offered by the district, university school, or public school

academy in the immediately preceding school year, the number of pupils enrolled in that grade level to be counted in membership is the average of the number of those pupils enrolled and in regular daily attendance on the pupil membership count day and the supplemental count day of the current school year, as determined by the department. Membership shall be calculated by adding the number of pupils registered for attendance in that grade level on the pupil membership count day plus pupils received by transfer and minus pupils lost as defined by rules promulgated by the superintendent, and as corrected by subsequent department audit, plus the final audited count from the supplemental count day for the current school year, and dividing that sum by 2.

(t) A pupil enrolled in a cooperative education program may be counted in membership in the pupil's district of residence with the written approval of all parties to the cooperative agreement.

(u) If, as a result of a disciplinary action, a district determines through the district's alternative or disciplinary education program that the best instructional placement for a pupil is in the pupil's home, if that placement is authorized in writing by the district superintendent and district alternative or disciplinary education supervisor, and if the district provides appropriate instruction as described in this subdivision to the pupil at the pupil's home, the district may count the pupil in membership on a pro rata basis, with the proration based on the number of hours of instruction the district actually provides to the pupil divided by the number of hours specified in subdivision (q) for full-time equivalency. For the purposes of this subdivision, a district shall be considered to be providing appropriate instruction if all of the following are met:

(*i*) The district provides at least 2 nonconsecutive hours of instruction per week to the pupil at the pupil's home under the supervision of a certificated teacher.

(*ii*) The district provides instructional materials, resources, and supplies, except computers, that are comparable to those otherwise provided in the district's alternative education program.

(*iii*) Course content is comparable to that in the district's alternative education program.

(*iv*) Credit earned is awarded to the pupil and placed on the pupil's transcript.

(v) A pupil enrolled in an alternative or disciplinary education program described in section 25 shall be counted in membership in the district or public school academy that expelled the pupil.

(w) If a pupil was enrolled in a public school academy on the pupil membership count day, if the public school academy's contract with its authorizing body is revoked, and if the pupil enrolls in a district within 45 days after the pupil membership count day, the department shall adjust the district's pupil count for the pupil membership count day to include the pupil in the count.

(x) For a public school academy that has been in operation for at least 2 years and that suspended operations for at least 1 semester and is resuming operations, membership is the sum of the product of .8 times the number of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance on the first pupil membership count day or supplemental count day, whichever is first, occurring after operations resume, plus the product of .2 times the final audited count from the most recent pupil membership count day or supplemental count day that occurred before suspending operations, as determined by the superintendent.

(y) If a district's membership for a particular fiscal year, as otherwise calculated under this subsection, would be less than 1,550 pupils and the district has 4.5 or fewer pupils per square mile, as determined by the department, the district's membership shall be considered

to be the membership figure calculated under this subdivision. However, beginning in 2003-2004, this subdivision applies only to districts located in the Lower Peninsula. If a district educates and counts in its membership pupils in grades 9 to 12 who reside in a contiguous district that does not operate grades 9 to 12 and if 1 or both of the affected districts request the department to use the determination allowed under this sentence, the department shall include the square mileage of both districts in determining the number of pupils per square mile for each of the districts for the purposes of this subdivision. The membership figure calculated under this subdivision is the greater of the following:

(*i*) The average of the district's membership for the 3-fiscal-year period ending with that fiscal year, calculated by adding the district's actual membership for each of those 3 fiscal years, as otherwise calculated under this subsection, and dividing the sum of those 3 membership figures by 3.

(*ii*) The district's actual membership for that fiscal year as otherwise calculated under this subsection.

(z) If a public school academy that is not in its first or second year of operation closes at the end of a school year and does not reopen for the next school year, the department shall adjust the membership count of the district in which a former pupil of the public school academy enrolls and is in regular daily attendance for the next school year to ensure that the district receives the same amount of membership aid for the pupil as if the pupil were counted in the district on the supplemental count day of the preceding school year.

(5) "Public school academy" means a public school academy or strict discipline academy operating under the revised school code.

(6) "Pupil" means a person in membership in a public school. A district must have the approval of the pupil's district of residence to count the pupil in membership, except approval by the pupil's district of residence shall not be required for any of the following:

(a) A nonpublic part-time pupil enrolled in grades 1 to 12 in accordance with section 166b.

(b) A pupil receiving 1/2 or less of his or her instruction in a district other than the pupil's district of residence.

(c) A pupil enrolled in a public school academy or university school.

(d) A pupil enrolled in a district other than the pupil's district of residence under an intermediate district schools of choice pilot program as described in section 91a or former section 91 if the intermediate district and its constituent districts have been exempted from section 105.

(e) A pupil enrolled in a district other than the pupil's district of residence but within the same intermediate district if the educating district enrolls nonresident pupils in accordance with section 105.

(f) A pupil enrolled in a district other than the pupil's district of residence if the pupil has been continuously enrolled in the educating district since a school year in which the pupil enrolled in the educating district under section 105 or 105c and in which the educating district enrolled nonresident pupils in accordance with section 105 or 105c.

(g) A pupil who has made an official written complaint or whose parent or legal guardian has made an official written complaint to law enforcement officials and to school officials of the pupil's district of residence that the pupil has been the victim of a criminal sexual assault or other serious assault, if the official complaint either indicates that the

assault occurred at school or that the assault was committed by 1 or more other pupils enrolled in the school the pupil would otherwise attend in the district of residence or by an employee of the district of residence. A person who intentionally makes a false report of a crime to law enforcement officials for the purposes of this subdivision is subject to section 411a of the Michigan penal code, 1931 PA 328, MCL 750.411a, which provides criminal penalties for that conduct. As used in this subdivision:

(*i*) "At school" means in a classroom, elsewhere on school premises, on a school bus or other school-related vehicle, or at a school-sponsored activity or event whether or not it is held on school premises.

(*ii*) "Serious assault" means an act that constitutes a felony violation of chapter XI of the Michigan penal code, 1931 PA 328, MCL 750.81 to 750.90g, or that constitutes an assault and infliction of serious or aggravated injury under section 81a of the Michigan penal code, 1931 PA 328, MCL 750.81a.

(h) A pupil enrolled in a district located in a contiguous intermediate district, as described in section 105c, if the educating district enrolls those nonresident pupils in accordance with section 105c.

(i) A pupil whose district of residence changed after the pupil membership count day and before the supplemental count day and who continues to be enrolled on the supplemental count day as a nonresident in the district in which he or she was enrolled as a resident on the pupil membership count day of the same school year.

(j) A pupil enrolled in an alternative education program operated by a district other than his or her district of residence who meets 1 or more of the following:

(*i*) The pupil has been suspended or expelled from his or her district of residence for any reason, including, but not limited to, a suspension or expulsion under section 1310, 1311, or 1311a of the revised school code, MCL 380.1310, 380.1311, and 380.1311a.

(*ii*) The pupil had previously dropped out of school.

(*iii*) The pupil is pregnant or is a parent.

(*iv*) The pupil has been referred to the program by a court.

(k) A pupil enrolled in the Michigan virtual high school, for the pupil's enrollment in the Michigan virtual high school.

However, if a district that is not a first class district educates pupils who reside in a first class district and if the primary instructional site for those pupils is located within the boundaries of the first class district, the educating district must have the approval of the first class district to count those pupils in membership. As used in this subsection, "first class district" means a district organized as a school district of the first class under the revised school code.

(7) "Pupil membership count day" of a district or intermediate district means:

(a) Except as provided in subdivision (b), the fourth Wednesday in September each school year.

(b) For a district or intermediate district maintaining school during the entire school year, the following days:

(*i*) Fourth Wednesday in July.

(*ii*) Fourth Wednesday in September.

(*iii*) Second Wednesday in February.

(*iv*) Fourth Wednesday in April.

(8) "Pupils in grades K to 12 actually enrolled and in regular daily attendance" means pupils in grades K to 12 in attendance and receiving instruction in all classes for which they are enrolled on the pupil membership count day or the supplemental count day, as applicable. A pupil who is absent from any of the classes in which the pupil is enrolled on the pupil membership count day or supplemental count day and who does not attend each of those classes during the 10 consecutive school days immediately following the pupil membership count day or supplemental count day, except for a pupil who has been excused by the district, shall not be counted as 1.0 full-time equated membership. In addition, a pupil who is excused from attendance on the pupil membership count day or supplemental count day and who fails to attend each of the classes in which the pupil is enrolled within 30 calendar days after the pupil membership count day or supplemental count day shall not be counted as 1.0 full-time equated membership. Pupils not counted as 1.0 full-time equated membership due to an absence from a class shall be counted as a prorated membership for the classes the pupil attended. For purposes of this subsection, "class" means a period of time in 1 day when pupils and a certificated teacher or legally qualified substitute teacher are together and instruction is taking place.

(9) "Rule" means a rule promulgated pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328.

(10) "The revised school code" means 1976 PA 451, MCL 380.1 to 380.1852.

(11) "School fiscal year" means a fiscal year that commences July 1 and continues through June 30.

(12) "State board" means the state board of education.

(13) "Superintendent", unless the context clearly refers to a district or intermediate district superintendent, means the superintendent of public instruction described in section 3 of article VIII of the state constitution of 1963.

(14) "Supplemental count day" means the day on which the supplemental pupil count is conducted under section 6a.

(15) "Tuition pupil" means a pupil of school age attending school in a district other than the pupil's district of residence for whom tuition may be charged. Tuition pupil does not include a pupil who is a special education pupil or a pupil described in subsection (6)(d) to (k). A pupil's district of residence shall not require a high school tuition pupil, as provided under section 111, to attend another school district after the pupil has been assigned to a school district.

(16) "State school aid fund" means the state school aid fund established in section 11 of article IX of the state constitution of 1963.

(17) "Taxable value" means the taxable value of property as determined under section 27a of the general property tax act, 1893 PA 206, MCL 211.27a.

(18) "Total state aid" or "total state school aid" means the total combined amount of all funds due to a district, intermediate district, or other entity under all of the provisions of this act.

(19) "University school" means an instructional program operated by a public university under section 23 that meets the requirements of section 23.

388.1611 Appropriations.

Sec. 11. (1) For the fiscal year ending September 30, 2002, there is appropriated for the public schools of this state and certain other state purposes relating to education the sum

of $10,990,148,200.00 from the state school aid fund established by section 11 of article IX of the state constitution of 1963 and the sum of $198,413,500.00 from the general fund. For the fiscal year ending September 30, 2003, there is appropriated for the public schools of this state and certain other state purposes relating to education the sum of $11,259,441,400.00 from the state school aid fund established by section 11 of article IX of the state constitution of 1963, the sum of $198,413,500.00 from the general fund, and the sum of $700,000.00 from local revenues. However, if legislation authorizing the transfer of $79,500,000.00 from the Michigan employment security act contingent fund, penalties and interest subaccount, is not enacted and in effect on or before October 1, 2002, there is instead appropriated from the general fund for 2002-2003 the sum of $122,656,500.00. For the fiscal year ending September 30, 2004, there is appropriated for the public schools of this state and certain other state purposes relating to education the sum of $11,246,667,400.00 from the state school aid fund established by section 11 of article IX of the state constitution of 1963 and the sum of $198,413,500.00 from the general fund. In addition, available federal funds are appropriated for each of those fiscal years.

(2) The appropriations under this section shall be allocated as provided in this act. Money appropriated under this section from the general fund and from available federal funds shall be expended to fund the purposes of this act before the expenditure of money appropriated under this section from the state school aid fund. If the maximum amount appropriated under this section from the state school aid fund for a fiscal year exceeds the amount necessary to fully fund allocations under this act from the state school aid fund, that excess amount shall not be expended in that state fiscal year and shall not lapse to the general fund, but instead shall remain in the state school aid fund.

(3) If the maximum amount appropriated under this section and section 11f from the state school aid fund for a fiscal year exceeds the amount available for expenditure from the state school aid fund for that fiscal year, payments under sections 11f, 11g, 22a, 31d, 51a(2), and 51c shall be made in full. In addition, for districts beginning operations after 1994-95 that qualify for payments under section 22b, payments under section 22b shall be made so that the qualifying districts receive an amount equal to the 1994-95 foundation allowance of the district in which the district beginning operations after 1994-95 is located. The amount of the payment to be made under section 22b for these qualifying districts shall be as calculated under section 22a, with the balance of the payment under section 22b being subject to the proration otherwise provided under this subsection. State payments under each of the other sections of this act from all state funding sources shall be prorated on an equal percentage basis as necessary to reflect the amount available for expenditure from the state school aid fund for that fiscal year. However, if the department of treasury determines that proration will be required under this subsection, the department of treasury shall notify the state budget director, and the state budget director shall notify the legislature at least 30 calendar days or 6 legislative session days, whichever is more, before the department reduces any payments under this act because of the proration. During the 30 calendar day or 6 legislative session day period after that notification by the state budget director, the department shall not reduce any payments under this act because of proration under this subsection. The legislature may prevent proration from occurring by, within the 30 calendar day or 6 legislative session day period after that notification by the state budget director, enacting legislation appropriating additional funds from the general fund, countercyclical budget and economic stabilization fund, state school aid fund balance, or another source to fund the amount of the projected shortfall.

(4) Except for the allocation under section 26a, any general fund allocations under this act that are not expended by the end of the state fiscal year are transferred to the state school aid fund.

388.1611f Payments to non-plaintiff districts pursuant to Durant v State of Michigan; payments for fiscal years ending September 30, 2002 through September 30, 2008; submission of waiver resolution; creation of obligation or liability; offer of settlement and compromise; payment date; use of payments; appropriation under § 18.1353e; form and substance of resolution.

Sec. 11f. (1) In addition to any other money appropriated under this act, there is appropriated from the state school aid fund an amount not to exceed $32,000,000.00 each fiscal year for the fiscal year ending September 30, 2002, for the fiscal year ending September 30, 2003, for the fiscal year ending September 30, 2004, and for each succeeding fiscal year through the fiscal year ending September 30, 2008. Payments under this section will cease after September 30, 2008. These appropriations are for paying the amounts described in subsection (4) to districts and intermediate districts, other than those receiving a lump sum payment under subsection (2), that were not plaintiffs in the consolidated cases known as Durant v State of Michigan, Michigan supreme court docket no. 104458-104492 and that, on or before March 2, 1998, submitted to the state treasurer a board resolution waiving any right or interest the district or intermediate district has or may have in any claim or litigation based on or arising out of any claim or potential claim through September 30, 1997 that is or was similar to the claims asserted by the plaintiffs in the consolidated cases known as Durant v State of Michigan. The waiver resolution shall be in form and substance as required under subsection (8). The state treasurer is authorized to accept such a waiver resolution on behalf of this state. The amounts described in this subsection represent offers of settlement and compromise of any claim or claims that were or could have been asserted by these districts and intermediate districts, as described in this subsection.

(2) In addition to any other money appropriated under this act, there was appropriated from the state school aid fund an amount not to exceed $1,700,000.00 for the fiscal year ending September 30, 1999. This appropriation was for paying the amounts described in this subsection to districts and intermediate districts that were not plaintiffs in the consolidated cases known as Durant v State of Michigan; that, on or before March 2, 1998, submitted to the state treasurer a board resolution waiving any right or interest the district or intermediate district had or may have had in any claim or litigation based on or arising out of any claim or potential claim through September 30, 1997 that is or was similar to the claims asserted by the plaintiffs in the consolidated cases known as Durant v State of Michigan; and for which the total amount listed in section 11h and paid under this section was less than $75,000.00. For a district or intermediate district qualifying for a payment under this subsection, the entire amount listed for the district or intermediate district in section 11h was paid in a lump sum on November 15, 1998 or on the next business day following that date. The amounts paid under this subsection represent offers of settlement and compromise of any claim or claims that were or could have been asserted by these districts and intermediate districts, as described in this subsection.

(3) This section does not create any obligation or liability of this state to any district or intermediate district that does not submit a waiver resolution described in this section. This section, any other provision of this act, and section 353e of the management and budget act, 1984 PA 431, MCL 18.1353e, are not intended to admit liability or waive any defense that is or would be available to this state or its agencies, employees, or agents in any litigation or future litigation with a district or intermediate district.

(4) The amount paid each fiscal year to each district or intermediate district under subsection (1) shall be 1/20 of the total amount listed in section 11h for each listed district

or intermediate district that qualifies for a payment under subsection (1). The amounts listed in section 11h and paid in part under this subsection and in a lump sum under subsection (2) are offers of settlement and compromise to each of these districts or intermediate districts to resolve, in their entirety, any claim or claims that these districts or intermediate districts may have asserted for violations of section 29 of article IX of the state constitution of 1963 through September 30, 1997, which claims are or were similar to the claims asserted by the plaintiffs in the consolidated cases known as Durant v State of Michigan. This section, any other provision of this act, and section 353e of the management and budget act, 1984 PA 431, MCL 18.1353e, shall not be construed to constitute an admission of liability to the districts or intermediate districts listed in section 11h or a waiver of any defense that is or would have been available to the state or its agencies, employees, or agents in any litigation or future litigation with a district or intermediate district.

(5) The entire amount of each payment under subsection (1) each fiscal year shall be paid on November 15 of the applicable fiscal year or on the next business day following that date.

(6) Funds paid to a district or intermediate district under this section shall be used only for textbooks, electronic instructional material, software, technology, infrastructure or infrastructure improvements, school buses, school security, training for technology, or to pay debt service on voter-approved bonds issued by the district or intermediate district before the effective date of this section. For intermediate districts only, funds paid under this section may also be used for other nonrecurring instructional expenditures including, but not limited to, nonrecurring instructional expenditures for vocational education, or for debt service for acquisition of technology for academic support services. Funds received by an intermediate district under this section may be used for projects conducted for the benefit of its constituent districts at the discretion of the intermediate board. To the extent payments under this section are used by a district or intermediate district to pay debt service on debt payable from millage revenues, and to the extent permitted by law, the district or intermediate district may make a corresponding reduction in the number of mills levied for that debt service.

(7) The appropriations under this section are from the money appropriated and transferred to the state school aid fund from the countercyclical budget and economic stabilization fund under section 353e(2) and (3) of the management and budget act, 1984 PA 431, MCL 18.1353e.

(8) The resolution to be adopted and submitted by a district or intermediate district under this section and section 11g shall read as follows:

"Whereas, the board of _____ (name of district or intermediate district) desires to settle and compromise, in their entirety, any claim or claims that the district (or intermediate district) has or had for violations of section 29 of article IX of the state constitution of 1963, which claim or claims are or were similar to the claims asserted by the plaintiffs in the consolidated cases known as Durant v State of Michigan, Michigan supreme court docket no. 104458-104492.

Whereas, the district (or intermediate district) agrees to settle and compromise these claims for the consideration described in sections 11f and 11g of the state school aid act of 1979, 1979 PA 94, MCL 388.1611f and 388.1611g, and in the amount specified for the district (or intermediate district) in section 11h of the state school aid act of 1979, 1979 PA 94, MCL 388.1611h.

Whereas, the board of _____ (name of district or intermediate district) is authorized to adopt this resolution.

Now, therefore, be it resolved as follows:

1. The board of _____ (name of district or intermediate district) waives any right or interest it may have in any claim or potential claim through September 30, 1997 relating to the amount of funding the district or intermediate district is, or may have been, entitled to receive under the state school aid act of 1979, 1979 PA 94, MCL 388.1601 to 388.1772, or any other source of state funding, by reason of the application of section 29 of article IX of the state constitution of 1963, which claims or potential claims are or were similar to the claims asserted by the plaintiffs in the consolidated cases known as Durant v State of Michigan, Michigan supreme court docket no. 104458-104492.

2. The board of _____ (name of district or intermediate district) directs its secretary to submit a certified copy of this resolution to the state treasurer no later than 5 p.m. eastern standard time on March 2, 1998, and agrees that it will not take any action to amend or rescind this resolution.

3. The board of _____ (name of district or intermediate district) expressly agrees and understands that, if it takes any action to amend or rescind this resolution, the state, its agencies, employees, and agents shall have available to them any privilege, immunity, and/or defense that would otherwise have been available had the claims or potential claims been actually litigated in any forum.

4. This resolution is contingent on continued payments by the state each fiscal year as determined under sections 11f and 11g of the state school aid act of 1979, 1979 PA 94, MCL 388.1611f and 388.1611g. However, this resolution shall be an irrevocable waiver of any claim to amounts actually received by the school district or intermediate school district under sections 11f and 11g of the state school aid act of 1979.".

388.1611g Payments to non-plaintiff districts pursuant to Durant v State of Michigan; payments for fiscal years ending September 30, 2002 through September 30, 2013; waiver resolution; offers of settlement and compromise; creation of obligation or liability; calculation of amount; payment date; use of funds.

Sec. 11g. (1) From the general fund money appropriated in section 11, there is allocated an amount not to exceed $40,000,000.00 for the fiscal year ending September 30, 2002, for the fiscal year ending September 30, 2003, for the fiscal year ending September 30, 2004, and for each succeeding fiscal year through the fiscal year ending September 30, 2013. Payments under this section will cease after September 30, 2013. These appropriations are for paying the amounts described in subsection (3) to districts and intermediate districts, other than those receiving a lump sum payment under section 11f(2), that were not plaintiffs in the consolidated cases known as Durant v State of Michigan, Michigan supreme court docket no. 104458-104492 and that, on or before March 2, 1998, submitted to the state treasurer a waiver resolution described in section 11f. The amounts paid under this section represent offers of settlement and compromise of any claim or claims that were or could have been asserted by these districts and intermediate districts, as described in this section.

(2) This section does not create any obligation or liability of this state to any district or intermediate district that does not submit a waiver resolution described in section 11f. This section, any other provision of this act, and section 353e of the management and budget act, 1984 PA 431, MCL 18.1353e, are not intended to admit liability or waive any defense that is or would be available to this state or its agencies, employees, or agents in any litigation or future litigation with a district or intermediate district regarding these claims or potential claims.

(3) The amount paid each fiscal year to each district or intermediate district under this section shall be the sum of the following:

(a) 1/30 of the total amount listed in section 11h for the district or intermediate district.

(b) If the district or intermediate district borrows money and issues bonds under section 11i, an additional amount in each fiscal year calculated by the department of treasury that, when added to the amount described in subdivision (a), will cause the net present value as of November 15, 1998 of the total of the 15 annual payments made to the district or intermediate district under this section, discounted at a rate as determined by the state treasurer, to equal the amount of the bonds issued by that district or intermediate district under section 11i and that will result in the total payments made to all districts and intermediate districts in each fiscal year under this section being no more than the amount appropriated under this section in each fiscal year.

(4) The entire amount of each payment under this section each fiscal year shall be paid on May 15 of the applicable fiscal year or on the next business day following that date. If a district or intermediate district borrows money and issues bonds under section 11i, the district or intermediate district shall use funds received under this section to pay debt service on bonds issued under section 11i. If a district or intermediate district does not borrow money and issue bonds under section 11i, the district or intermediate district shall use funds received under this section only for the following purposes, in the following order of priority:

(a) First, to pay debt service on voter-approved bonds issued by the district or intermediate district before the effective date of this section.

(b) Second, to pay debt service on other limited tax obligations.

(c) Third, for deposit into a sinking fund established by the district or intermediate district under the revised school code.

(5) To the extent payments under this section are used by a district or intermediate district to pay debt service on debt payable from millage revenues, and to the extent permitted by law, the district or intermediate district may make a corresponding reduction in the number of mills levied for debt service.

(6) A district or intermediate district may pledge or assign payments under this section as security for bonds issued under section 11i, but shall not otherwise pledge or assign payments under this section.

388.1620 Foundation allowance per membership pupil; payments to districts, public school academies, and university schools; definitions.

Sec. 20. (1) For 2001-2002, the basic foundation allowance is $6,300.00 per membership pupil. For 2002-2003 and for 2003-2004, the basic foundation allowance is $6,700.00 per membership pupil.

(2) The amount of each district's foundation allowance shall be calculated as provided in this section, using a basic foundation allowance in the amount specified in subsection (1).

(3) Except as otherwise provided in this section, the amount of a district's foundation allowance shall be calculated as follows, using in all calculations the total amount of the district's foundation allowance as calculated before any proration:

(a) Except as otherwise provided in this subsection, for a district that in the immediately preceding state fiscal year had a foundation allowance in an amount at least equal to the amount of the basic foundation allowance for the immediately preceding state fiscal year, the district shall receive a foundation allowance in an amount equal to the sum

of the district's foundation allowance for the immediately preceding state fiscal year plus the dollar amount of the adjustment from the immediately preceding state fiscal year to the current state fiscal year in the basic foundation allowance. However, for 2002-2003, the foundation allowance for a district under this subdivision is an amount equal to the sum of the district's foundation allowance for the immediately preceding state fiscal year plus $200.00.

(b) For a district that in the 1994-95 state fiscal year had a foundation allowance greater than $6,500.00, the district's foundation allowance is an amount equal to the sum of the district's foundation allowance for the immediately preceding state fiscal year plus the lesser of the increase in the basic foundation allowance for the current state fiscal year, as compared to the immediately preceding state fiscal year, or the product of the district's foundation allowance for the immediately preceding state fiscal year times the percentage increase in the United States consumer price index in the calendar year ending in the immediately preceding fiscal year as reported by the May revenue estimating conference conducted under section 367b of the management and budget act, 1984 PA 431, MCL 18.1367b. For 2002-2003, for a district that in the 1994-95 state fiscal year had a foundation allowance greater than $6,500.00, the district's foundation allowance is an amount equal to the sum of the district's foundation allowance for the immediately preceding state fiscal year plus the lesser of $200.00 or the product of the district's foundation allowance for the immediately preceding state fiscal year times the percentage increase in the United States consumer price index in the calendar year ending in the immediately preceding fiscal year as reported by the May revenue estimating conference conducted under section 367b of the management and budget act, 1984 PA 431, MCL 18.1367b.

(c) For a district that has a foundation allowance that is not a whole dollar amount, the district's foundation allowance shall be rounded up to the nearest whole dollar.

(d) Beginning in 2002-2003, for a district that receives a payment under section 22c for 2001-2002, the district's 2001-2002 foundation allowance shall be considered to have been an amount equal to the sum of the district's actual 2001-2002 foundation allowance as otherwise calculated under this section plus the per pupil amount of the district's equity payment for 2001-2002 under section 22c.

(4) Except as otherwise provided in this subsection, the state portion of a district's foundation allowance is an amount equal to the district's foundation allowance or $6,500.00, whichever is less, minus the difference between the product of the taxable value per membership pupil of all property in the district that is not a homestead or qualified agricultural property times the lesser of 18 mills or the number of mills of school operating taxes levied by the district in 1993-94 and the quotient of the ad valorem property tax revenue of the district captured under 1975 PA 197, MCL 125.1651 to 125.1681, the tax increment finance authority act, 1980 PA 450, MCL 125.1801 to 125.1830, the local development financing act, 1986 PA 281, MCL 125.2151 to 125.2174, or the brownfield redevelopment financing act, 1996 PA 381, MCL 125.2651 to 125.2672, divided by the district's membership excluding special education pupils. For a district described in subsection (3)(b), the state portion of the district's foundation allowance is an amount equal to $6,962.00 plus the difference between the district's foundation allowance for the current state fiscal year and the district's foundation allowance for 1998-99, minus the difference between the product of the taxable value per membership pupil of all property in the district that is not a homestead or qualified agricultural property times the lesser of 18 mills or the number of mills of school operating taxes levied by the district in 1993-94 and the quotient of the ad valorem property tax revenue of the district captured under 1975 PA 197, MCL 125.1651 to 125.1681, the tax increment finance authority act, 1980

PA 450, MCL 125.1801 to 125.1830, the local development financing act, 1986 PA 281, MCL 125.2151 to 125.2174, or the brownfield redevelopment financing act, 1996 PA 381, MCL 125.2651 to 125.2672, divided by the district's membership excluding special education pupils. For a district that has a millage reduction required under section 31 of article IX of the state constitution of 1963, the state portion of the district's foundation allowance shall be calculated as if that reduction did not occur. The $6,500.00 amount prescribed in this subsection shall be adjusted each year by an amount equal to the dollar amount of the difference between the basic foundation allowance for the current state fiscal year and $5,000.00. However, beginning in 2002-2003, the $6,500.00 amount prescribed in this subsection shall be adjusted each year by an amount equal to the dollar amount of the difference between the basic foundation allowance for the current state fiscal year and $5,000.00, minus $200.00.

(5) The allocation calculated under this section for a pupil shall be based on the foundation allowance of the pupil's district of residence. However, for a pupil enrolled pursuant to section 105 or 105c in a district other than the pupil's district of residence, the allocation calculated under this section shall be based on the lesser of the foundation allowance of the pupil's district of residence or the foundation allowance of the educating district. For a pupil in membership in a K-5, K-6, or K-8 district who is enrolled in another district in a grade not offered by the pupil's district of residence, the allocation calculated under this section shall be based on the foundation allowance of the educating district if the educating district's foundation allowance is greater than the foundation allowance of the pupil's district of residence. The calculation under this subsection shall take into account a district's per pupil allocation under section 20j(2).

(6) Subject to subsection (7) and section 22b(3) and except as otherwise provided in this subsection, for pupils in membership, other than special education pupils, in a public school academy or a university school, the allocation calculated under this section is an amount per membership pupil other than special education pupils in the public school academy or university school equal to the sum of the local school operating revenue per membership pupil other than special education pupils for the district in which the public school academy or university school is located and the state portion of that district's foundation allowance, or the sum of the basic foundation allowance under subsection (1) plus $500.00, whichever is less. However, beginning in 2002-2003, this $500.00 amount shall instead be $300.00. Notwithstanding section 101(2), for a public school academy that begins operations in 2001-2002, 2002-2003, or 2003-2004, as applicable, after the pupil membership count day, the amount per membership pupil calculated under this subsection shall be adjusted by multiplying that amount per membership pupil by the number of hours of pupil instruction provided by the public school academy after it begins operations, as determined by the department, divided by the minimum number of hours of pupil instruction required under section 101(3). The result of this calculation shall not exceed the amount per membership pupil otherwise calculated under this subsection.

(7) If more than 25% of the pupils residing within a district are in membership in 1 or more public school academies located in the district, then the amount per membership pupil calculated under this section for a public school academy located in the district shall be reduced by an amount equal to the difference between the product of the taxable value per membership pupil of all property in the district that is not a homestead or qualified agricultural property times the lesser of 18 mills or the number of mills of school operating taxes levied by the district in 1993-94 and the quotient of the ad valorem property tax revenue of the district captured under 1975 PA 197, MCL 125.1651 to 125.1681, the tax increment finance authority act, 1980 PA 450, MCL 125.1801 to 125.1830, the local development financing act, 1986 PA 281, MCL 125.2151 to 125.2174, or the brownfield

redevelopment financing act, 1996 PA 381, MCL 125.2651 to 125.2672, divided by the district's membership excluding special education pupils, in the school fiscal year ending in the current state fiscal year, calculated as if the resident pupils in membership in 1 or more public school academies located in the district were in membership in the district. In order to receive state school aid under this act, a district described in this subsection shall pay to the authorizing body that is the fiscal agent for a public school academy located in the district for forwarding to the public school academy an amount equal to that local school operating revenue per membership pupil for each resident pupil in membership other than special education pupils in the public school academy, as determined by the department.

(8) If a district does not receive an amount calculated under subsection (9); if the number of mills the district may levy on a homestead and qualified agricultural property under section 1211(1) of the revised school code, MCL 380.1211, is 0.5 mills or less; and if the district elects not to levy those mills, the district instead shall receive a separate supplemental amount calculated under this subsection in an amount equal to the amount the district would have received had it levied those mills, as determined by the department of treasury. A district shall not receive a separate supplemental amount calculated under this subsection for a fiscal year unless in the calendar year ending in the fiscal year the district levies 18 mills or the number of mills of school operating taxes levied by the district in 1993, whichever is less, on property that is not a homestead or qualified agricultural property.

(9) For a district that had combined state and local revenue per membership pupil in the 1993-94 state fiscal year of more than $6,500.00 and that had fewer than 350 pupils in membership, if the district elects not to reduce the number of mills from which a homestead and qualified agricultural property are exempt and not to levy school operating taxes on a homestead and qualified agricultural property as provided in section 1211(1) of the revised school code, MCL 380.1211, and not to levy school operating taxes on all property as provided in section 1211(2) of the revised school code, MCL 380.1211, there is calculated under this subsection for 1994-95 and each succeeding fiscal year a separate supplemental amount in an amount equal to the amount the district would have received per membership pupil had it levied school operating taxes on a homestead and qualified agricultural property at the rate authorized for the district under section 1211(1) of the revised school code, MCL 380.1211, and levied school operating taxes on all property at the rate authorized for the district under section 1211(2) of the revised school code, MCL 380.1211, as determined by the department of treasury. If in the calendar year ending in the fiscal year a district does not levy 18 mills or the number of mills of school operating taxes levied by the district in 1993, whichever is less, on property that is not a homestead or qualified agricultural property, the amount calculated under this subsection will be reduced by the same percentage as the millage actually levied compares to the 18 mills or the number of mills levied in 1993, whichever is less.

(10) For a district that is formed or reconfigured after June 1, 2002 by consolidation of 2 or more districts or by annexation, the resulting district's foundation allowance under this section beginning after the effective date of the consolidation or annexation shall be the lesser of an amount equal to the sum of the highest foundation allowance, as calculated under this section, among the original or affected districts plus $50.00 or an amount equal to $6,500.00 adjusted by the dollar amount of the difference between the basic foundation allowance under this section for the current state fiscal year and $5,000.00. However, beginning in 2002-2003, the $6,500.00 amount prescribed in this subsection shall be adjusted each year by an amount equal to the dollar amount of the difference between the basic foundation allowance for the current state fiscal year and $5,000.00, minus $200.00.

(11) Each fraction used in making calculations under this section shall be rounded to the fourth decimal place and the dollar amount of an increase in the basic foundation allowance shall be rounded to the nearest whole dollar.

(12) State payments related to payment of the foundation allowance for a special education pupil are not calculated under this section but are instead calculated under section 51a.

(13) To assist the legislature in determining the basic foundation allowance for the subsequent state fiscal year, each revenue estimating conference conducted under section 367b of the management and budget act, 1984 PA 431, MCL 18.1367b, shall calculate a pupil membership factor, a revenue adjustment factor, and an index as follows:

(a) The pupil membership factor shall be computed by dividing the estimated membership in the school year ending in the current state fiscal year, excluding intermediate district membership, by the estimated membership for the school year ending in the subsequent state fiscal year, excluding intermediate district membership. If a consensus membership factor is not determined at the revenue estimating conference, the principals of the revenue estimating conference shall report their estimates to the house and senate subcommittees responsible for school aid appropriations not later than 7 days after the conclusion of the revenue conference.

(b) The revenue adjustment factor shall be computed by dividing the sum of the estimated total state school aid fund revenue for the subsequent state fiscal year plus the estimated total state school aid fund revenue for the current state fiscal year, adjusted for any change in the rate or base of a tax the proceeds of which are deposited in that fund and excluding money transferred into that fund from the countercyclical budget and economic stabilization fund under section 353e of the management and budget act, 1984 PA 431, MCL 18.1353e, by the sum of the estimated total school aid fund revenue for the current state fiscal year plus the estimated total state school aid fund revenue for the immediately preceding state fiscal year, adjusted for any change in the rate or base of a tax the proceeds of which are deposited in that fund. If a consensus revenue factor is not determined at the revenue estimating conference, the principals of the revenue estimating conference shall report their estimates to the house and senate subcommittees responsible for school aid appropriations not later than 7 days after the conclusion of the revenue conference.

(c) The index shall be calculated by multiplying the pupil membership factor by the revenue adjustment factor. If a consensus index is not determined at the revenue estimating conference, the principals of the revenue estimating conference shall report their estimates to the house and senate subcommittees responsible for school aid appropriations not later than 7 days after the conclusion of the revenue conference.

(14) If the principals at the revenue estimating conference reach a consensus on the index described in subsection (13)(c), the basic foundation allowance for the subsequent state fiscal year shall be at least the amount of that consensus index multiplied by the basic foundation allowance specified in subsection (1).

(15) If at the January revenue estimating conference it is estimated that pupil membership, excluding intermediate district membership, for the subsequent state fiscal year will be greater than 101% of the pupil membership, excluding intermediate district membership, for the current state fiscal year, then it is the intent of the legislature that the executive budget proposal for the school aid budget for the subsequent state fiscal year include a general fund/general purpose allocation sufficient to support the membership in excess of 101% of the current year pupil membership.

(16) For a district that had combined state and local revenue per membership pupil in the 1993-94 state fiscal year of more than $6,500.00, that had fewer than 7 pupils in membership in the 1993-94 state fiscal year, that has at least 1 child educated in the district in the current state fiscal year, and that levies the number of mills of school operating taxes authorized for the district under section 1211 of the revised school code, MCL 380.1211, a minimum amount of combined state and local revenue shall be calculated for the district as provided under this subsection. The minimum amount of combined state and local revenue for 1999-2000 shall be $67,000.00 plus the district's additional expenses to educate pupils in grades 9 to 12 educated in other districts as determined and allowed by the department. The minimum amount of combined state and local revenue under this subsection, before adding the additional expenses, shall increase each fiscal year by the same percentage increase as the percentage increase in the basic foundation allowance from the immediately preceding fiscal year to the current fiscal year. The state portion of the minimum amount of combined state and local revenue under this subsection shall be calculated by subtracting from the minimum amount of combined state and local revenue under this subsection the sum of the district's local school operating revenue and an amount equal to the product of the sum of the state portion of the district's foundation allowance plus the amount calculated under section 20j times the district's membership. As used in this subsection, "additional expenses" means the district's expenses for tuition or fees, not to exceed $6,500.00 as adjusted each year by an amount equal to the dollar amount of the difference between the basic foundation allowance for the current state fiscal year and $5,000.00, plus a room and board stipend not to exceed $10.00 per school day for each pupil in grades 9 to 12 educated in another district, as approved by the department. However, beginning in 2002-2003, the $6,500.00 amount prescribed in this subsection shall be adjusted each year by an amount equal to the dollar amount of the difference between the basic foundation allowance for the current state fiscal year and $5,000.00, minus $200.00.

(17) For a district in which 7.75 mills levied in 1992 for school operating purposes in the 1992-93 school year were not renewed in 1993 for school operating purposes in the 1993-94 school year, the district's combined state and local revenue per membership pupil shall be recalculated as if that millage reduction did not occur and the district's foundation allowance shall be calculated as if its 1994-95 foundation allowance had been calculated using that recalculated 1993-94 combined state and local revenue per membership pupil as a base. A district is not entitled to any retroactive payments for fiscal years before 2000-2001 due to this subsection.

(18) For a district in which an industrial facilities exemption certificate that abated taxes on property with a state equalized valuation greater than the total state equalized valuation of the district at the time the certificate was issued or $700,000,000.00, whichever is greater, was issued under 1974 PA 198, MCL 207.551 to 207.572, before the calculation of the district's 1994-95 foundation allowance, the district's foundation allowance for 2002-2003 is an amount equal to the sum of the district's foundation allowance for 2002-2003, as otherwise calculated under this section, plus $250.00.

(19) For a district that received a grant under former section 32e for 2001-2002, the district's foundation allowance for 2002-2003 shall be adjusted to be an amount equal to the sum of the district's foundation allowance, as otherwise calculated under this section, plus the quotient of the amount of the grant award to the district for 2001-2002 under former section 32e divided by the district's membership for 2001-2002. A district qualifying for a foundation allowance adjustment under this section shall use the funds resulting from this adjustment for purposes allowable under former section 32e as in effect for 2001-2002.

(20) For a district that is a qualifying school district with a school reform board in place under part 5a of the revised school code, MCL 380.371 to 380.376, the district's foundation allowance for 2002-2003 shall be adjusted to be an amount equal to the sum of the district's foundation allowance, as otherwise calculated under this section, plus the quotient of $15,000,000.00 divided by the district's membership for 2002-2003. If a district ceases to meet the requirements of this subsection, the department shall adjust the district's foundation allowance in effect at that time based on a 2002-2003 foundation allowance for the district that does not include the 2002-2003 adjustment under this subsection.

(21) Payments to districts, university schools, or public school academies shall not be made under this section. Rather, the calculations under this section shall be used to determine the amount of state payments under section 22b.

(22) If an amendment to section 2 of article VIII of the state constitution of 1963 allowing state aid to some or all nonpublic schools is approved by the voters of this state, each foundation allowance or per pupil payment calculation under this section may be reduced.

(23) As used in this section:

(a) "Combined state and local revenue" means the aggregate of the district's state school aid received by or paid on behalf of the district under this section and the district's local school operating revenue.

(b) "Combined state and local revenue per membership pupil" means the district's combined state and local revenue divided by the district's membership excluding special education pupils.

(c) "Current state fiscal year" means the state fiscal year for which a particular calculation is made.

(d) "Homestead" means that term as defined in section 1211 of the revised school code, MCL 380.1211.

(e) "Immediately preceding state fiscal year" means the state fiscal year immediately preceding the current state fiscal year.

(f) "Local school operating revenue" means school operating taxes levied under section 1211 of the revised school code, MCL 380.1211.

(g) "Local school operating revenue per membership pupil" means a district's local school operating revenue divided by the district's membership excluding special education pupils.

(h) "Membership" means the definition of that term under section 6 as in effect for the particular fiscal year for which a particular calculation is made.

(i) "Qualified agricultural property" means that term as defined in section 1211 of the revised school code, MCL 380.1211.

(j) "School operating purposes" means the purposes included in the operation costs of the district as prescribed in sections 7 and 18.

(k) "School operating taxes" means local ad valorem property taxes levied under section 1211 of the revised school code, MCL 380.1211, and retained for school operating purposes.

(*l*) "Taxable value per membership pupil" means taxable value, as certified by the department of treasury, for the calendar year ending in the current state fiscal year divided by the district's membership excluding special education pupils for the school year ending in the current state fiscal year.

388.1622a Allocations for 2001-2002, 2002-2003, and 2003-2004; payments to districts, university schools, and public school academies; definitions.

Sec. 22a. (1) From the appropriation in section 11, there is allocated an amount not to exceed $7,022,000,000.00 for 2001-2002 and an amount not to exceed $6,953,000,000.00 each fiscal year for 2002-2003 and for 2003-2004 for payments to districts, qualifying university schools, and qualifying public school academies to guarantee each district, qualifying university school, and qualifying public school academy an amount equal to its 1994-95 total state and local per pupil revenue for school operating purposes under section 11 of article IX of the state constitution of 1963. Pursuant to section 11 of article IX of the state constitution of 1963, this guarantee does not apply to a district in a year in which the district levies a millage rate for school district operating purposes less than it levied in 1994. However, subsection (2) applies to calculating the payments under this section. Funds allocated under this section that are not expended in the state fiscal year for which they were allocated, as determined by the department, may be used to supplement the allocations under sections 22b and 51c in order to fully fund those calculated allocations for the same fiscal year.

(2) To ensure that a district receives an amount equal to the district's 1994-95 total state and local per pupil revenue for school operating purposes, there is allocated to each district a state portion of the district's 1994-95 foundation allowance in an amount calculated as follows:

(a) Except as otherwise provided in this subsection, the state portion of a district's 1994-95 foundation allowance is an amount equal to the district's 1994-95 foundation allowance or $6,500.00, whichever is less, minus the difference between the product of the taxable value per membership pupil of all property in the district that is not a homestead or qualified agricultural property times the lesser of 18 mills or the number of mills of school operating taxes levied by the district in 1993-94 and the quotient of the ad valorem property tax revenue of the district captured under 1975 PA 197, MCL 125.1651 to 125.1681, the tax increment finance authority act, 1980 PA 450, MCL 125.1801 to 125.1830, the local development financing act, 1986 PA 281, MCL 125.2151 to 125.2174, or the brownfield redevelopment financing act, 1996 PA 381, MCL 125.2651 to 125.2672, divided by the district's membership. For a district that has a millage reduction required under section 31 of article IX of the state constitution of 1963, the state portion of the district's foundation allowance shall be calculated as if that reduction did not occur.

(b) For a district that had a 1994-95 foundation allowance greater than $6,500.00, the state payment under this subsection shall be the sum of the amount calculated under subdivision (a) plus the amount calculated under this subdivision. The amount calculated under this subdivision shall be equal to the difference between the district's 1994-95 foundation allowance minus $6,500.00 and the current year hold harmless school operating taxes per pupil. If the result of the calculation under subdivision (a) is negative, the negative amount shall be an offset against any state payment calculated under this subdivision. If the result of a calculation under this subdivision is negative, there shall not be a state payment or a deduction under this subdivision. The taxable values per membership pupil used in the calculations under this subdivision are as adjusted by ad valorem property tax revenue captured under 1975 PA 197, MCL 125.1651 to 125.1681, the tax increment finance authority act, 1980 PA 450, MCL 125.1801 to 125.1830, the local development financing act, 1986 PA 281, MCL 125.2151 to 125.2174, or the brownfield redevelopment financing act, 1996 PA 381, MCL 125.2651 to 125.2672, divided by the district's membership.

(3) For pupils in membership in a qualifying public school academy or qualifying university school, there is allocated under this section each fiscal year for 2001-2002, for 2002-2003, and for 2003-2004 to the authorizing body that is the fiscal agent for the qualifying public school academy for forwarding to the qualifying public school academy, or to the board of the public university operating the qualifying university school, an amount equal to the 1994-95 per pupil payment to the qualifying public school academy or qualifying university school under section 20.

(4) A district, qualifying university school, or qualifying public school academy may use funds allocated under this section in conjunction with any federal funds for which the district, qualifying university school, or qualifying public school academy otherwise would be eligible.

(5) For a district that is formed or reconfigured after June 1, 2000 by consolidation of 2 or more districts or by annexation, the resulting district's 1994-95 foundation allowance under this section beginning after the effective date of the consolidation or annexation shall be the average of the 1994-95 foundation allowances of each of the original or affected districts, calculated as provided in this section, weighted as to the percentage of pupils in total membership in the resulting district in the state fiscal year in which the consolidation takes place who reside in the geographic area of each of the original districts. If an affected district's 1994-95 foundation allowance is less than the 1994-95 basic foundation allowance, the amount of that district's 1994-95 foundation allowance shall be considered for the purpose of calculations under this subsection to be equal to the amount of the 1994-95 basic foundation allowance.

(6) As used in this section:

(a) "1994-95 foundation allowance" means a district's 1994-95 foundation allowance calculated and certified by the department of treasury or the superintendent under former section 20a as enacted in 1993 PA 336 and as amended by 1994 PA 283.

(b) "Current state fiscal year" means the state fiscal year for which a particular calculation is made.

(c) "Current year hold harmless school operating taxes per pupil" means the per pupil revenue generated by multiplying a district's 1994-95 hold harmless millage by the district's current year taxable value per membership pupil.

(d) "Hold harmless millage" means, for a district with a 1994-95 foundation allowance greater than $6,500.00, the number of mills by which the exemption from the levy of school operating taxes on a homestead and qualified agricultural property could be reduced as provided in section 1211(1) of the revised school code, MCL 380.1211, and the number of mills of school operating taxes that could be levied on all property as provided in section 1211(2) of the revised school code, MCL 380.1211, as certified by the department of treasury for the 1994 tax year.

(e) "Homestead" means that term as defined in section 1211 of the revised school code, MCL 380.1211.

(f) "Membership" means the definition of that term under section 6 as in effect for the particular fiscal year for which a particular calculation is made.

(g) "Qualified agricultural property" means that term as defined in section 1211 of the revised school code, MCL 380.1211.

(h) "Qualifying public school academy" means a public school academy that was in operation in the 1994-95 school year and is in operation in the current state fiscal year.

(i) "Qualifying university school" means a university school that was in operation in the 1994-95 school year and is in operation in the current fiscal year.

(j) "School operating taxes" means local ad valorem property taxes levied under section 1211 of the revised school code, MCL 380.1211, and retained for school operating purposes.

(k) "Taxable value per membership pupil" means each of the following divided by the district's membership:

(*i*) For the number of mills by which the exemption from the levy of school operating taxes on a homestead and qualified agricultural property may be reduced as provided in section 1211(1) of the revised school code, MCL 380.1211, the taxable value of homestead and qualified agricultural property for the calendar year ending in the current state fiscal year.

(*ii*) For the number of mills of school operating taxes that may be levied on all property as provided in section 1211(2) of the revised school code, MCL 380.1211, the taxable value of all property for the calendar year ending in the current state fiscal year.

388.1622b Allocations for 2001-2002, 2002-2003, and 2003-2004; discretionary nonmandated payments; administration of standardized assessment; payments for court costs; allegation of unfunded constitutional requirement; escrowed funds as work project; use; determination; review of claim by local claims review board; removal to court of appeals; payment provisions.

Sec. 22b. (1) From the appropriation in section 11, there is allocated an amount not to exceed $2,368,000,000.00 for 2001-2002, an amount not to exceed $2,883,500,000.00 for 2002-2003, and an amount not to exceed $2,880,000,000.00 for 2003-2004 for discretionary nonmandated payments to districts under this section. Funds allocated under this section that are not expended in the state fiscal year for which they were allocated, as determined by the department, may be used to supplement the allocations under sections 22a and 51c in order to fully fund those calculated allocations for the same fiscal year.

(2) Subject to subsection (3), subsections (5) to (9), and section 11, the allocation to a district under this section shall be an amount equal to the sum of the amounts calculated under sections 20, 20j, 51a(2), 51a(3), and 51a(12), minus the sum of the allocations to the district under sections 22a and 51c.

(3) In order to receive an allocation under this section, each district shall administer in each grade level that it operates in grades 1 to 5 a standardized assessment approved by the department of grade-appropriate basic educational skills. A district may use the Michigan literacy progress profile to satisfy this requirement for grades 1 to 3. Also, if the revised school code is amended to require annual assessments at additional grade levels, in order to receive an allocation under this section each district shall comply with that requirement.

(4) From the allocation in subsection (1), the department shall expend funds to pay for necessary costs associated with resolving matters pending in federal court impacting payments to districts, including, but not limited to, expert witness fees. Beginning in 2001-2002, from the allocation in subsection (1), the department shall also pay up to $1,000,000.00 in litigation costs incurred by this state associated with lawsuits filed by 1 or more districts or intermediate districts against this state. If the allocation under this section is insufficient to fully fund all payments required under this section, the payments under this subsection shall be made in full before any proration of remaining payments under this section.

(5) It is the intent of the legislature that all constitutional obligations of this state have been fully funded under sections 22a, 31d, 51a, and 51c. If a claim is made by an entity

receiving funds under this act that challenges the legislative determination of the adequacy of this funding or alleges that there exists an unfunded constitutional requirement, the state budget director may escrow or allocate from the discretionary funds for nonmandated payments under this section the amount as may be necessary to satisfy the claim before making any payments to districts under subsection (2). If funds are escrowed, the escrowed funds are a work project appropriation and the funds are carried forward into the following fiscal year. The purpose of the work project is to provide for any payments that may be awarded to districts as a result of litigation. The work project shall be completed upon resolution of the litigation.

(6) If the local claims review board or a court of competent jurisdiction makes a final determination that this state is in violation of section 29 of article IX of the state constitution of 1963 regarding state payments to districts, the state budget director shall use work project funds under subsection (5) or allocate from the discretionary funds for nonmandated payments under this section the amount as may be necessary to satisfy the amount owed to districts before making any payments to districts under subsection (2).

(7) If a claim is made in court that challenges the legislative determination of the adequacy of funding for this state's constitutional obligations or alleges that there exists an unfunded constitutional requirement, any interested party may seek an expedited review of the claim by the local claims review board. If the claim exceeds $10,000,000.00, this state may remove the action to the court of appeals, and the court of appeals shall have and shall exercise jurisdiction over the claim.

(8) If payments resulting from a final determination by the local claims review board or a court of competent jurisdiction that there has been a violation of section 29 of article IX of the state constitution of 1963 exceed the amount allocated for discretionary nonmandated payments under this section, the legislature shall provide for adequate funding for this state's constitutional obligations at its next legislative session.

(9) If a lawsuit challenging payments made to districts related to costs reimbursed by federal title XIX medicaid funds is filed against this state during 2001-2002, 2002-2003, or 2003-2004, 50% of the amount allocated in subsection (1) not previously paid out for 2002-2003 and each succeeding fiscal year is a work project appropriation and the funds are carried forward into the following fiscal year. The purpose of the work project is to provide for any payments that may be awarded to districts as a result of the litigation. The work project shall be completed upon resolution of the litigation. In addition, this state reserves the right to terminate future federal title XIX medicaid reimbursement payments to districts if the amount or allocation of reimbursed funds is challenged in the lawsuit. As used in this subsection, "title XIX" means title XIX of the social security act, chapter 531, 49 Stat. 620, 42 U.S.C. 1396 to 1396r-6 and 1396r-8 to 1396v.

388.1624 Allocations for 2001-2002, 2002-2003, and 2003-2004; payments for educating students assigned by court or family independence agency.

Sec. 24. (1) Subject to subsection (2), from the appropriation in section 11, there is allocated each fiscal year for 2001-2002, for 2002-2003, and for 2003-2004 to the educating district or intermediate district an amount equal to 100% of the added cost each fiscal year for educating all pupils assigned by a court or the family independence agency to reside in or to attend a juvenile detention facility or child caring institution licensed by the family independence agency or the department of consumer and industry services and approved by the department to provide an on-grounds education program. The total amount to be paid under this section for added cost shall not exceed $8,400,000.00 for 2001-2002 and $8,900,000.00 each fiscal year for 2002-2003 and for 2003-2004. For the purposes of this

section, "added cost" shall be computed by deducting all other revenue received under this act for pupils described in this section from total costs, as approved by the department, for educating those pupils in the on-grounds education program or in a program approved by the department that is located on property adjacent to a juvenile detention facility or child caring institution. Costs reimbursed by federal funds are not included.

(2) A district or intermediate district educating pupils described in this section at a residential child caring institution may operate, and receive funding under this section for, a department-approved on-grounds educational program for those pupils that is longer than 181 days, but not longer than 233 days, if the child caring institution was licensed as a child caring institution and offered in 1991-92 an on-grounds educational program that was longer than 181 days but not longer than 233 days and that was operated by a district or intermediate district.

(3) Special education pupils funded under section 53a shall not be funded under this section.

388.1626a Reimbursements to districts, intermediate districts, and school aid fund pursuant to § 125.2692; adjustments.

Sec. 26a. From the general fund appropriation in section 11, there is allocated an amount not to exceed $8,800,000.00 for 2001-2002 and an amount not to exceed $10,174,000.00 each fiscal year for 2002-2003 and for 2003-2004 to reimburse districts, intermediate districts, and the state school aid fund pursuant to section 12 of the Michigan renaissance zone act, 1996 PA 376, MCL 125.2692, for taxes levied in 2001, 2002, and 2003, respectively. This reimbursement shall be made by adjusting payments under section 22a to eligible districts, adjusting payments under section 56, 62, or 81 to eligible intermediate districts, and adjusting the state school aid fund. The adjustments shall be made not later than 60 days after the department of treasury certifies to the department and to the state budget director that the department of treasury has received all necessary information to properly determine the amounts due to each eligible recipient.

388.1631a Funding to eligible districts and public school academies; additional allowance; number of pupils meeting criteria for free breakfast, lunch, or milk; "at-risk pupil" defined.

Sec. 31a. (1) From the state school aid fund money appropriated in section 11, there is allocated for 2001-2002 an amount not to exceed $314,200,000.00 and there is allocated each fiscal year for 2002-2003 and for 2003-2004 an amount not to exceed $314,200,000.00 for payments to eligible districts and eligible public school academies under this section. Subject to subsection (11), the amount of the additional allowance under this section shall be based on the number of actual pupils in membership in the district or public school academy who met the income eligibility criteria for free breakfast, lunch, or milk in the immediately preceding state fiscal year, as determined under the Richard B. Russell national school lunch act, chapter 281, 60 Stat. 230, 42 U.S.C. 1751 to 1753, 1755 to 1761, 1762a, 1765 to 1766a, 1769, 1769b to 1769c, and 1769f to 1769h, and reported to the department by October 31 of the immediately preceding fiscal year and adjusted not later than December 31 of the immediately preceding fiscal year. However, for a public school academy that began operations as a public school academy after the pupil membership count day of the immediately preceding school year, the basis for the additional allowance under this section shall be the number of actual pupils in membership in the public school academy who met the income eligibility criteria for free breakfast, lunch, or milk in the current state fiscal year, as determined under the Richard B. Russell national school lunch act.

(2) To be eligible to receive funding under this section, other than funding under subsection (6), a district or public school academy that has not been previously determined to be eligible shall apply to the department, in a form and manner prescribed by the department, and a district or public school academy must meet all of the following:

(a) The sum of the district's or public school academy's combined state and local revenue per membership pupil in the current state fiscal year, as calculated under section 20, plus the amount of the district's per pupil allocation under section 20j(2), is less than or equal to $6,500.00 adjusted by the dollar amount of the difference between the basic foundation allowance under section 20 for the current state fiscal year and $5,000.00. However, beginning in 2002-2003, the $6,500.00 amount prescribed in this subdivision shall be adjusted each year by an amount equal to the dollar amount of the difference between the basic foundation allowance for the current state fiscal year and $5,000.00, minus $200.00.

(b) The district or public school academy agrees to use the funding only for purposes allowed under this section and to comply with the program and accountability requirements under this section.

(3) Except as otherwise provided in this subsection, an eligible district or eligible public school academy shall receive under this section for each membership pupil in the district or public school academy who met the income eligibility criteria for free breakfast, lunch, or milk, as determined under the Richard B. Russell national school lunch act and as reported to the department by October 31 of the immediately preceding fiscal year and adjusted not later than December 31 of the immediately preceding fiscal year, an amount per pupil equal to 11.5% of the sum of the district's foundation allowance or public school academy's per pupil amount calculated under section 20, plus the amount of the district's per pupil allocation under section 20j(2), not to exceed $6,500.00 adjusted by the dollar amount of the difference between the basic foundation allowance under section 20 for the current state fiscal year and $5,000.00, or of the public school academy's per membership pupil amount calculated under section 20 for the current state fiscal year. However, beginning in 2002-2003, the $6,500.00 amount prescribed in this subsection shall be adjusted each year by an amount equal to the dollar amount of the difference between the basic foundation allowance for the current state fiscal year and $5,000.00, minus $200.00. A public school academy that began operations as a public school academy after the pupil membership count day of the immediately preceding school year shall receive under this section for each membership pupil in the public school academy who met the income eligibility criteria for free breakfast, lunch, or milk, as determined under the Richard B. Russell national school lunch act and as reported to the department by October 31 of the current fiscal year and adjusted not later than December 31 of the current fiscal year, an amount per pupil equal to 11.5% of the public school academy's per membership pupil amount calculated under section 20 for the current state fiscal year.

(4) Except as otherwise provided in this section, a district or public school academy receiving funding under this section shall use that money only to provide instructional programs and direct noninstructional services, including, but not limited to, medical or counseling services, for at-risk pupils; for school health clinics; and for the purposes of subsection (5) or (6), and shall not use any of that money for administrative costs or to supplant another program or other funds, except for funds allocated to the district or public school academy under this section in the immediately preceding year and already being used by the district or public school academy for at-risk pupils. The instruction or direct noninstructional services provided under this section may be conducted before or after regular school hours or by adding extra school days to the school year and may be conducted using a tutorial method, with paraprofessionals working under the supervision

of a certificated teacher. The ratio of pupils to paraprofessionals shall be between 10:1 and 15:1. Only 1 certificated teacher is required to supervise instruction using a tutorial method. As used in this subsection, "to supplant another program" means to take the place of a previously existing instructional program or direct noninstructional services funded from a funding source other than funding under this section.

(5) A district or public school academy that receives funds under this section and that operates a school breakfast program under section 1272a of the revised school code, MCL 380.1272a, shall use from the funds received under this section an amount, not to exceed $10.00 per pupil for whom the district or public school academy receives funds under this section, necessary to operate the school breakfast program.

(6) From the funds allocated under subsection (1), there is allocated for 2001-2002 an amount not to exceed $2,400,000.00 to support teen health centers. These 2001-2002 funds shall be distributed to existing teen health centers in a manner determined by the department in collaboration with the department of community health. From the funds allocated under subsection (1), there is allocated each fiscal year for 2002-2003 and for 2003-2004 an amount not to exceed $3,743,000.00 for competitive grants to support teen health centers. These grants for 2002-2003 and 2003-2004 shall be awarded in a form and manner approved jointly by the department and the department of community health. If any funds allocated under this subsection are not used for the purposes of this subsection for the fiscal year in which they are allocated, those unused funds shall be used that fiscal year to avoid or minimize any proration that would otherwise be required under subsection (11) for that fiscal year.

(7) Each district or public school academy receiving funds under this section shall submit to the department by July 15 of each fiscal year a report, not to exceed 10 pages, on the usage by the district or public school academy of funds under this section, which report shall include at least a brief description of each program conducted by the district or public school academy using funds under this section, the amount of funds under this section allocated to each of those programs, the number of at-risk pupils eligible for free or reduced price school lunch who were served by each of those programs, and the total number of at-risk pupils served by each of those programs. If a district or public school academy does not comply with this subsection, the department shall withhold an amount equal to the August payment due under this section until the district or public school academy complies with this subsection. If the district or public school academy does not comply with this subsection by the end of the state fiscal year, the withheld funds shall be forfeited to the school aid fund.

(8) In order to receive funds under this section, a district or public school academy shall allow access for the department or the department's designee to audit all records related to the program for which it receives those funds. The district or public school academy shall reimburse the state for all disallowances found in the audit.

(9) Subject to subsections (5) and (6), any district may use up to 100% of the funds it receives under this section to reduce the ratio of pupils to teachers in grades K-6, or any combination of those grades, in school buildings in which the percentage of pupils described in subsection (1) exceeds the district's aggregate percentage of those pupils. Subject to subsections (5) and (6), if a district obtains a waiver from the department, the district may use up to 100% of the funds it receives under this section to reduce the ratio of pupils to teachers in grades K-6, or any combination of those grades, in school buildings in which the percentage of pupils described in subsection (1) is at least 60% of the district's aggregate percentage of those pupils and at least 30% of the total number of pupils enrolled in the school building. To obtain a waiver, a district must apply to the department

and demonstrate to the satisfaction of the department that the class size reductions would be in the best interests of the district's at-risk pupils.

(10) A district or public school academy may use funds received under this section for adult high school completion, general education development (G.E.D.) test preparation, or adult basic education programs described in section 107.

(11) If necessary, and before any proration required under section 11, the department shall prorate payments under this section by reducing the amount of the per pupil payment under this section by a dollar amount calculated by determining the amount by which the amount necessary to fully fund the requirements of this section exceeds the maximum amount allocated under this section and then dividing that amount by the total statewide number of pupils who met the income eligibility criteria for free breakfast, lunch, or milk in the immediately preceding fiscal year, as described in subsection (1).

(12) Funds allocated under this section that are unexpended and unencumbered at the end of the fiscal year for which they were allocated shall be carried forward and used in subsequent fiscal years to avoid or minimize any proration that would otherwise be required under subsection (11).

(13) If a district is formed by consolidation after June 1, 1995, and if 1 or more of the original districts was not eligible before the consolidation for an additional allowance under this section, the amount of the additional allowance under this section for the consolidated district shall be based on the number of pupils described in subsection (1) enrolled in the consolidated district who reside in the territory of an original district that was eligible before the consolidation for an additional allowance under this section.

(14) A district or public school academy that does not meet the eligibility requirement under subsection (2)(a) is eligible for funding under this section if at least 1/4 of the pupils in membership in the district or public school academy met the income eligibility criteria for free breakfast, lunch, or milk in the immediately preceding state fiscal year, as determined and reported as described in subsection (1), and at least 4,500 of the pupils in membership in the district or public school academy met the income eligibility criteria for free breakfast, lunch, or milk in the immediately preceding state fiscal year, as determined and reported as described in subsection (1). A district or public school academy that is eligible for funding under this section because the district meets the requirements of this subsection shall receive under this section for each membership pupil in the district or public school academy who met the income eligibility criteria for free breakfast, lunch, or milk in the immediately preceding fiscal year, as determined and reported as described in subsection (1), an amount per pupil equal to 5.75% for 2001-2002 and 11.5% for 2002-2003 and subsequent fiscal years of the sum of the district's foundation allowance or public school academy's per pupil allocation under section 20, plus the amount of the district's per pupil allocation under section 20j(2), not to exceed $6,500.00 adjusted by the dollar amount of the difference between the basic foundation allowance under section 20 for the current state fiscal year and $5,000.00. However, beginning in 2002-2003, the $6,500.00 amount prescribed in this subsection shall be adjusted each year by an amount equal to the dollar amount of the difference between the basic foundation allowance for the current state fiscal year and $5,000.00, minus $200.00.

(15) As used in this section, "at-risk pupil" means a pupil for whom the district has documentation that the pupil meets at least 2 of the following criteria: is a victim of child abuse or neglect; is below grade level in English language and communication skills or mathematics; is a pregnant teenager or teenage parent; is eligible for a federal free or reduced-price lunch subsidy; has atypical behavior or attendance patterns; or has a family history of school failure, incarceration, or substance abuse. For pupils for whom the

results of at least the applicable Michigan education assessment program (MEAP) test have been received, at-risk pupil also includes a pupil who does not meet the other criteria under this subsection but who did not achieve at least a score of moderate on the most recent MEAP reading test for which results for the pupil have been received, did not achieve at least a score of moderate on the most recent MEAP mathematics test for which results for the pupil have been received, or did not achieve at least a score of novice on the most recent MEAP science test for which results for the pupil have been received. For pupils in grades K-3, at-risk pupil also includes a pupil who is at risk of not meeting the district's core academic curricular objectives in English language, communication skills, or mathematics.

388.1631d Reimbursement to districts providing school lunch programs.

Sec. 31d. (1) From the state school aid fund appropriation in section 11, there is allocated an amount not to exceed $16,477,700.00 for 2001-2002 and an amount not to exceed $17,337,200.00 each fiscal year for 2002-2003 and for 2003-2004, and from the general fund appropriation in section 11, there is allocated an amount not to exceed $722,300.00 for 2001-2002 and an amount not to exceed $762,800.00 each fiscal year for 2002-2003 and for 2003-2004 for the purpose of making payments to districts, intermediate districts, and other eligible entities under this section.

(2) The amounts allocated from state sources under this section shall be used to pay the amount necessary to reimburse districts for 6.0127% of the necessary costs of the state mandated portion of the school lunch programs provided by those districts. The amount due to each district under this section shall be computed by the department using the methods of calculation adopted by the Michigan supreme court in the consolidated cases known as Durant v State of Michigan, Michigan supreme court docket no. 104458-104492.

(3) The payments made under this section include all state payments made to districts so that each district receives at least 6.0127% of the necessary costs of operating the state mandated portion of the school lunch program in a fiscal year.

(4) From the federal funds appropriated in section 11, there is allocated each fiscal year for 2002-2003 and for 2003-2004 all available federal funding, estimated at $272,125,000.00 each fiscal year, for the national school lunch program and all available federal funding, estimated at $2,506,000.00, for the emergency food assistance program.

(5) Notwithstanding section 17b, payments to intermediate districts and other eligible entities under this section shall be paid on a schedule determined by the department.

388.1632a Funding for all students achieve program (ASAP); additional funding for improving parenting skills, improving school readiness, reducing number of pupils retained in grade, and reducing number of pupils requiring special education services.

Sec. 32a. (1) From the state school aid fund appropriation in section 11, there is allocated an amount not to exceed $189,250,000.00 for 2001-2002 and an amount not to exceed $72,600,000.00 each fiscal year for 2002-2003 and for 2003-2004 to fund the all students achieve program (ASAP) as provided under sections 32b to 32h. In addition, from the general fund appropriations in section 11, there is allocated an amount not to exceed $2,200,100.00 for 2001-2002 and an amount not to exceed $2,200,000.00 each fiscal year for 2002-2003 and for 2003-2004 for the purposes of sections 32b to 32f. The programs funded through this section are for the purposes of improving parenting skills, improving school readiness, reducing the number of pupils retained in grade, and reducing the number of pupils requiring special education services.

(2) Each grant recipient approved by the department shall implement department-approved data collection methods and evaluation or assessment tools to measure the impact of the proposed program.

(3) A district shall not use funds received under sections 32b to 32f to supplant any local or federal funds it currently receives. A district may use these funds in combination with other federal, local, public, or private funds to enhance existing programs with similar purposes.

388.1632b Programs to improve school readiness and positive parenting skills, enhance parent-child interaction, promote growth, and access community services; grants; data collection system; office for safe schools; duties of department and superintendent; use of funds; carrying over unexpended funds.

Sec. 32b. (1) From the state school aid fund allocation in section 32a(1), there is allocated an amount not to exceed $45,000,000.00 for 2001-2002 and $0.00 for 2002-2003 and 2003-2004 for grants to intermediate districts and districts for programs for preschool children and their parents. The purpose of these programs is to improve school readiness and foster the maintenance of stable families by encouraging positive parenting skills; enhancing parent-child interaction; providing learning opportunities to promote intellectual, physical, and social growth; and promoting access to needed community services through a community-school-home partnership that provides parents with information on child development from birth to age 5.

(2) To qualify for funding under this section, a program shall meet all of the following:

(a) The program must provide services to all families with children age 5 or younger residing within the intermediate district or district who choose to participate, including at least all of the following services:

(*i*) Home visits by parent educators trained in child development to help parents understand appropriate expectations for each stage of their child's development, to encourage learning opportunities, and to promote strong parent-child relationships.

(*ii*) Group meetings of participating families.

(*iii*) Periodic developmental screening of the child's overall development, health, hearing, and vision.

(*iv*) A community resource network that provides referrals to other state, local, and private agencies as appropriate to assist parents in preparing their children for academic success and to foster the maintenance of stable families.

(*v*) Connection with quality preschool programs.

(b) The program must be a collaborative community effort that includes at least the intermediate district or district, local multipurpose collaborative bodies, local health and welfare agencies, and private nonprofit agencies involved in programs and services for preschool children and their parents.

(3) To compete for a grant under this section, an intermediate district or district shall apply to the superintendent not later than December 1, 2000 in the form and manner prescribed by the superintendent. To be considered for a grant under this section, a grant application must provide all of the following in a manner prescribed by the department:

(a) Provide a plan for the delivery of the program components described in subsection (2).

(b) Demonstrate an adequate collaboration of local entities involved in providing programs and services for preschool children and their parents.

(c) Provide evidence of a review and approval by the local multipurpose collaborative body of the program plan.

(d) Provide a projected budget for the program to be funded. The intermediate district shall provide at least a 20% local match from local public or private resources for the funds received under this section. Not more than 1/2 of this matching requirement, up to a total of 10% of the total project budget, may be satisfied through in-kind services provided by participating providers of programs or services. In addition, not more than 10% of the grant may be used for program administration.

(4) Each successful grant recipient shall agree to include a data collection system and an evaluation tool approved by the department to measure the impact of the program on improving school readiness, reducing the number of children needing special education programs and services, and fostering the maintenance of stable families. The data collection system shall provide a report by October 15 of each year on the number of children in families with income below 200% of the federal poverty level that received services under this program and the total number of children who received services under this program.

(5) From the general fund allocation under section 32a(1), there is allocated an amount not to exceed $100.00 for 2001-2002 and $0.00 for 2002-2003 and 2003-2004 to the department, including the office for safe schools, for implementation and evaluation of activities under this section. Further, upon receipt of the federal drug-free schools grant, the department shall allocate $200,000.00 of that grant to the office for safe schools within the department.

(6) The department and superintendent shall do all of the following:

(a) The department shall make applications available for the purposes of this section not later than October 15, 2000.

(b) The superintendent shall approve or disapprove applications and notify the applying intermediate district or district of that decision not later than February 1, 2001. Priority in awarding grants shall be given to programs that focus on reducing the percentage of children needing special education programs and services when they enter school. The superintendent shall ensure that the intermediate districts and districts receiving grants under this section are geographically and economically diverse and that not more than 10% of the total allocation under this section is paid to any 1 particular intermediate district or district.

(c) The department shall ensure that all programs funded under this section utilize the most current validated research-based methods and curriculum for providing the program components described in subsection (2).

(d) The department shall submit a report to the legislature, the state budget director, and the senate and house fiscal agencies detailing the evaluations described in subsection (4) by December 1 of each year.

(7) Except as otherwise provided in subsection (8), an intermediate district or district receiving funds under this section shall use the funds only for the program funded under this section. Subject to subsection (8), grants awarded by February 1, 2001 may be used for the following school year.

(8) A district or intermediate district receiving funds under this section may carry over any unexpended funds received under this section to subsequent fiscal years and may expend those unused funds in subsequent fiscal years. Notwithstanding any other provision of this section, funds carried over under this subsection may be used to facilitate programs that are substantially similar in purpose to those funded under this section.

388.1632c Grants for community-based collaborative prevention services; distribution of funds through joint request for proposals process; requirements; agreement.

Sec. 32c. (1) From the general fund allocation in section 32a(1), there is allocated an amount not to exceed $2,000,000.00 each fiscal year for 2001-2002, for 2002-2003, and for 2003-2004 to the department for grants for community-based collaborative prevention services designed to foster positive parenting skills; improve parent/child interaction, especially for children 0-3 years of age; promote access to needed community services; increase local capacity to serve families at risk; improve school readiness; and support healthy family environments that discourage alcohol, tobacco, and other drug use. The allocation under this section is to fund secondary prevention programs as defined by the children's trust fund for the prevention of child abuse and neglect.

(2) The funds allocated under subsection (1) shall be distributed through a joint request for proposals process established by the department in conjunction with the children's trust fund and the state's interagency systems reform workgroup. Projects funded with grants awarded under this section shall meet all of the following:

(a) Be secondary prevention initiatives and voluntary to consumers. This appropriation is not intended to serve the needs of children for whom and families in which neglect or abuse has been substantiated.

(b) Demonstrate that the planned services are part of a community's integrated comprehensive family support strategy endorsed by the local multi-purpose collaborative body.

(c) Provide a 25% local match, of which not more than 10% may be in-kind services, unless this requirement is waived by the interagency systems reform workgroup.

(3) Notwithstanding section 17b, payments under this section may be made pursuant to an agreement with the department.

388.1632d School readiness grants; evaluation; contract; report; "employment status" defined.

Sec. 32d. (1) From the state school aid fund allocation under section 32a(1), there is allocated an amount not to exceed $72,600,000.00 for 2001-2002, and from the state school aid fund money allocated under section 32a, there is allocated an amount not to exceed $72,600,000.00 each fiscal year for 2002-2003 and for 2003-2004, for school readiness grants to enable eligible districts, as determined under section 37, to develop or expand, in conjunction with whatever federal funds may be available, including, but not limited to, federal funds under title I of the elementary and secondary education act of 1965, Public Law 89-10, 108 Stat. 3519, chapter 1 of title I of the Hawkins-Stafford elementary and secondary school improvement amendments of 1988, Public Law 89-10, 102 Stat. 140, and the head start act, subchapter B of chapter 8 of subtitle A of title VI of the omnibus budget reconciliation act of 1981, Public Law 97-35, comprehensive compensatory programs designed to improve the readiness and subsequent achievement of educationally disadvantaged children as defined by the department who will be at least 4, but less than 5 years of age, as of December 1 of the school year in which the programs are offered, and who show evidence of 2 or more risk factors as defined in the state board report entitled "children at risk" that was adopted by the state board on April 5, 1988. A comprehensive compensatory program funded under this section shall include an age-appropriate educational curriculum, nutritional services, health screening for participating children, a plan for parent and legal guardian involvement, and provision of referral services for families eligible for community social services. In addition, from the general fund

allocations under section 32a(1), there is allocated an amount not to exceed $200,000.00 for 2001-2002 for the purposes of subsection (2), and from the general fund money allocated under section 32a, there is allocated an amount not to exceed $200,000.00 each fiscal year for 2002-2003 and for 2003-2004 for the purposes of subsection (2).

(2) From the general fund allocation in subsection (1), there is allocated each fiscal year for 2001-2002, for 2002-2003, and for 2003-2004 an amount not to exceed $200,000.00 for a competitive grant to continue a longitudinal evaluation of children who have participated in the Michigan school readiness program.

(3) A district receiving a grant under this section may contract for the provision of the comprehensive compensatory program and retain for administrative services an amount equal to not more than 5% of the grant amount.

(4) A grant recipient receiving funds under this section shall report to the department no later than October 15 of each year the number of children participating in the program who meet the income or other eligibility criteria specified under section 37(3)(g) and the total number of children participating in the program. For children participating in the program who meet the income or other eligibility criteria specified under section 37(3)(g), grant recipients shall also report whether or not a parent is available to provide care based on employment status. For the purposes of this subsection, "employment status" shall be defined by the family independence agency in a manner consistent with maximizing the amount of spending that may be claimed for temporary assistance for needy families maintenance of effort purposes.

388.1632f Allocations under § 388.1632a(1); purpose; eligibility criteria; application form and manner; availability of matching funds; grant award decision; priority; report; payment schedule; carrying forward excess amount.

Sec. 32f. (1) From the state school aid fund allocation under section 32a(1), there is allocated for 2001-2002 an amount not to exceed $45,000,000.00 and for 2002-2003 and 2003-2004 $0.00, for grants under this section. From the general fund allocation under section 32a(1), there is allocated each fiscal year for 2001-2002, 2002-2003, and 2003-2004 $0.00 for the purposes of subsection (3).

(2) From the allocation in subsection (1), there is allocated for 2001-2002 an amount not to exceed $2,000,000.00 and for 2002-2003 and 2003-2004 $0.00, for providing grants to the 8 regional literacy centers for the purposes of expanding training programs for trainers and teachers in the use of strategies for reading instruction and assessment, including the Michigan literacy progress profile.

(3) From the general fund allocation in subsection (1), there is allocated to the department $0.00 each fiscal year for 2001-2002, 2002-2003, and 2003-2004 for the development and dissemination of read, educate, and develop youth (READY) kits to parents of preschool and kindergarten children to provide these parents with information about how they can prepare their children for reading success.

(4) From the general fund allocation in subsection (1), there is allocated to the department each fiscal year for 2001-2002, 2002-2003, and 2003-2004 $0.00 for the grant review process and grant administration under this section.

(5) Except as otherwise provided in subsection (17), to be eligible for a grant under this section, a district must have had at least 1,500 pupils in membership in 1998-99, and the number of pupils in the district that have been determined to have a specific learning disability according to R 340.1713 of the Michigan administrative code, as determined in the December 1, 1998 head count required under the individuals with disabilities education

act, title VI of Public Law 91-230, must equal or exceed 5% of the district's membership. In addition, a district is eligible for a grant under this section if the district had at least 1,500 pupils in membership in 1998-99 and if not more than 41% of the district's pupils who took the spring 1999 fourth grade MEAP reading test achieved a score of at least satisfactory. Except as otherwise provided in subsection (17), for a public school academy to be eligible for a grant under this section, the public school academy must be located in a district that is eligible under this subsection.

(6) From the allocation in subsection (1), there is allocated for 2001-2002 an amount not to exceed $43,000,000.00 and for 2002-2003 and 2003-2004 $0.00, for competitive grants to eligible districts, to intermediate districts, and to public school academies located within eligible districts for reading improvements programs for pupils in grades K to 4, reading disorders and reading methods programs, mentoring programs, language and literacy outreach programs, or cognitive development programs. For 2001-2002, grants under this subsection shall be paid to grant recipients in the same proportion of the total allocation under this subsection as for 2000-2001. If the legislature enacts legislation authorizing the appropriation of federal funds for reading improvement programs for 2001-2002, for 2002-2003, or for 2003-2004, then it is the intent of the legislature that these funds be used to the extent possible for the purposes of this subsection. Federal funds received for reading improvement programs that can be used for substantially similar purposes as described under this section shall be first expended for the purposes of this subsection before funds appropriated from the state school aid fund allocated under this subsection, and the expenditure of funds under this subsection from the state school aid fund shall be reduced by an amount equal to the amount of the expenditure of federal funds under this subsection. If any conflict exists between federal reading program guidelines and this section, federal law will control.

(7) Except as otherwise provided in subsection (17), to qualify for funding under this section, a proposed reading improvement program must meet all of the following:

(a) The program shall include assessment of reading skills of pupils in grades K to 4 to identify those pupils who are reading below grade level and must provide special reading assistance for these pupils.

(b) The program shall be a research-based, validated, structured reading program.

(c) The program shall include continuous assessment of pupils and individualized education plans for pupils.

(d) The program shall align learning resources to state standards.

(e) For each school building receiving funding under this section for a reading improvement program, the program shall serve at least 25% of pupils who are identified as at-risk, as determined by the Michigan literacy progress profile, of reading failure, and the amount of the grant shall not exceed $85,000.00 per school building annually.

(8) Funds allocated for programs described in subsection (7) may be used to reimburse grant recipients for funds paid by districts for up to 1/2 of the salaries and benefits for each teacher trained and certified to provide a reading improvement program.

(9) Except as otherwise provided under subsection (17), to qualify for funding under this section, a proposed mentoring program must be a research-based, validated program or a statewide 1-to-1 mentoring program to enhance the independence and life quality of pupils who are mentally impaired by providing opportunities for mentoring and integrated employment.

(10) Except as otherwise provided under subsection (17), to qualify for funding under this section, a proposed cognitive development program must be a research-based,

validated educational service program, focused on assessing and building essential cognitive and perceptual learning abilities to strengthen pupil concentration and learning.

(11) Except as otherwise provided under subsection (17), to qualify for funding under this section, a proposed structured mentoring-tutorial reading program for preschool to grade 4 pupils must be a research-based, validated program that develops individualized instructional plans based on each pupil's age, assessed needs, reading level, interests, and learning style.

(12) A program receiving funding under this section may be conducted outside of regular school hours or outside the regular school calendar.

(13) To compete for a grant under this section, an applicant shall apply to the superintendent in the form and manner prescribed by the superintendent. The department shall make applications available for this purpose. An applicant shall include in its application a projected budget for the programs. The grant recipient shall provide at least a 20% local match from local public or private resources for the funds received under this section. Not more than 1/2 of this matching requirement, up to a total of 10% of the total project budget, may be satisfied through in-kind services provided by participating providers of programs or services. In addition, not more than 10% of the grant may be used for program administration.

(14) The superintendent shall approve or disapprove applications and notify the applicant of that decision. Priority in awarding grants shall be given to programs that focus on accelerating student achievement on a cost-effective basis, reducing the number of pupils requiring special education programs and services, and improving pupil scores on standardized tests and assessments.

(15) A grant recipient receiving funds under this section shall report to the department, in the form and manner prescribed by the department, on the results achieved by the program. At a minimum, the grant recipient shall report to the department by October 15 regarding the program's impact on reducing the number of pupils requiring special education programs and services and on improving pupil scores on standardized tests and assessments, and information on the costs and benefits per unit of pupil improvement. In addition, the report shall state the number of pupils eligible for free or reduced price school lunch who received services under the program and the total number of pupils who received services under the program. Not later than November 15 of each fiscal year, the department shall submit a report to the legislature, the state budget director, and the senate and house fiscal agencies detailing the results of the programs. It is the intent of the legislature that further funding for the programs under this section will reflect the results achieved in these programs.

(16) Notwithstanding section 17b, payments under this section shall be paid on a schedule determined by the department.

(17) For a district or public school academy awarded a grant under former section 32, the determination of whether the district or public school academy is eligible for a grant under this section may be made according to the eligibility standards in effect under former section 32. Further, the district or public school academy may continue to use the grant proceeds for any use permissible under this section or former section 32 as in effect at the time the district or public school academy was awarded the grant.

(18) If the maximum amount appropriated under this section exceeds the amount necessary to fully fund allocations under this section, that excess amount shall not be expended in that state fiscal year but shall instead be carried forward to the succeeding fiscal year and added to any funds appropriated for that fiscal year for expenditure in that fiscal year.

(19) A district that received funding for 1999-2000 under former section 32 shall receive funding under this section for 2001-2002.

(20) A district or intermediate district receiving funds under this section may carry over any unexpended funds received under this section to subsequent fiscal years and may expend those unused funds in subsequent fiscal years.

388.1639a Allocation of federal funds; definitions.

Sec. 39a. (1) From the appropriation in section 11, there is allocated each fiscal year for 2002-2003 and for 2003-2004 to districts, intermediate districts, and other eligible entities all available federal funding, estimated at $634,919,400.00 each fiscal year, for the federal programs under the no child left behind act of 2001, Public Law 107-110, 115 Stat. 1425. (f) An amount estimated at $857,500.00 for school-age child care grants, funded from HHS-ACF, dependent care block grant funds.

(g) An amount estimated at $640,000.00 for serve America grants, funded from the corporation for national and community service funds.

(3) All federal funds allocated under this section shall be distributed in accordance with federal law and with flexibility provisions outlined in Public Law 107-116 and in the education flexibility partnership act of 1999, Public Law 106-25, 113 Stat. 41. Notwithstanding section 17b, payments of federal funds to districts, intermediate districts, and other eligible entities under this section shall be paid on a schedule determined by the department.

(4) As used in this section:

(a) "DED" means the United States department of education.

(b) "DED-OBEMLA" means the DED office of bilingual education and minority languages affairs.

(c) "DED-OESE" means the DED office of elementary and secondary education.

(d) "DED-OVAE" means the DED office of vocational and adult education.

(e) "HHS" means the United States department of health and human services.

(f) "HHS-ACF" means the HHS administration for children and families.

388.1641 Bilingual instruction for pupils of limited English-speaking ability; allocation; reimbursement; use of funds.

Sec. 41. From the appropriation in section 11, there is allocated an amount not to exceed $4,212,000.00 each fiscal year for 2001-2002, for 2002-2003, and for 2003-2004 to applicant districts and intermediate districts offering programs of bilingual instruction for pupils of limited English-speaking ability under section 1153 of the revised school code,

MCL 380.1153. Reimbursement shall be on a per pupil basis and shall be based on the number of pupils of limited English-speaking ability in membership on the pupil membership count day. Funds allocated under this section shall be used solely for bilingual instruction in speaking, reading, writing, or comprehension of pupils of limited English-speaking ability.

388.1651a Allocations for reimbursement to districts and intermediate districts for special education programs, services, and personnel, certain net tuition payments, and programs for pupils eligible for special education programs; allocation of state and federal funds; reimbursement; total payment; adjustments; rights, benefits, and tenure of transferred personnel; refund; foundation allowance; order of expenditures.

Sec. 51a. (1) From the appropriation in section 11, there is allocated for 2001-2002 an amount not to exceed $796,401,900.00 from state sources and all available federal funding under sections 611 to 619 of part B of the individuals with disabilities education act, title VI of Public Law 91-230, 20 U.S.C. 1411 to 1419, estimated at $203,000,000.00, plus any carryover federal funds from previous year appropriations; and there is allocated each fiscal year for 2002-2003 and for 2003-2004 an amount not to exceed $852,721,900.00 from state sources and all available federal funding, estimated at $235,000,000.00 each fiscal year, plus any carryover federal funds from previous year appropriations. The allocations under this subsection are for the purpose of reimbursing districts and intermediate districts for special education programs, services, and special education personnel as prescribed in article 3 of the revised school code, MCL 380.1701 to 380.1766; net tuition payments made by intermediate districts to the Michigan schools for the deaf and blind; and special education programs and services for pupils who are eligible for special education programs and services according to statute or rule. For meeting the costs of special education programs and services not reimbursed under this article, a district or intermediate district may use money in general funds or special education funds, not otherwise restricted, or contributions from districts to intermediate districts, tuition payments, gifts and contributions from individuals, or federal funds that may be available for this purpose, as determined by the intermediate district plan prepared pursuant to article 3 of the revised school code, MCL 380.1701 to 380.1766. All federal funds allocated under this section in excess of those allocated under this section for 2001-2002 may be distributed in accordance with 34 C.F.R. 300.234 and section 613(a)(2)(D) of part B of title VI of the individuals with disabilities education act, Public Law 91-230, 20 U.S.C. 1413. Notwithstanding section 17b, payments of federal funds to districts, intermediate districts, and other eligible entities under this section shall be paid on a schedule determined by the department.

(2) From the funds allocated under subsection (1), there is allocated each fiscal year for 2001-2002, for 2002-2003, and for 2003-2004 the amount necessary, estimated at $139,200,000.00 for 2001-2002 and $149,500,000.00 each fiscal year for 2002-2003 and for 2003-2004, for payments toward reimbursing districts and intermediate districts for 28.6138% of total approved costs of special education, excluding costs reimbursed under section 53a, and 70.4165% of total approved costs of special education transportation. Allocations under this subsection shall be made as follows:

(a) The initial amount allocated to a district under this subsection toward fulfilling the specified percentages shall be calculated by multiplying the district's special education pupil membership, excluding pupils described in subsection (12), times the sum of the foundation allowance under section 20 of the pupil's district of residence plus the amount of the district's per pupil allocation under section 20j(2), not to exceed $6,500.00 adjusted

by the dollar amount of the difference between the basic foundation allowance under section 20 for the current fiscal year and $5,000.00, or, for a special education pupil in membership in a district that is a public school academy or university school, times an amount equal to the amount per membership pupil calculated under section 20(6). For an intermediate district, the amount allocated under this subdivision toward fulfilling the specified percentages shall be an amount per special education membership pupil, excluding pupils described in subsection (12), and shall be calculated in the same manner as for a district, using the foundation allowance under section 20 of the pupil's district of residence, not to exceed $6,500.00 adjusted by the dollar amount of the difference between the basic foundation allowance under section 20 for the current fiscal year and $5,000.00, and that district's per pupil allocation under section 20j(2). However, beginning in 2002-2003, the $6,500.00 amount prescribed in this subdivision shall be adjusted each year by an amount equal to the dollar amount of the difference between the basic foundation allowance for the current state fiscal year and $5,000.00, minus $200.00.

(b) After the allocations under subdivision (a), districts and intermediate districts for which the payments under subdivision (a) do not fulfill the specified percentages shall be paid the amount necessary to achieve the specified percentages for the district or intermediate district.

(3) From the funds allocated under subsection (1), there is allocated each fiscal year for 2001-2002, for 2002-2003, and for 2003-2004 the amount necessary, estimated at $2,000,000.00 each fiscal year, to make payments to districts and intermediate districts under this subsection. If the amount allocated to a district or intermediate district for a fiscal year under subsection (2)(b) is less than the sum of the amounts allocated to the district or intermediate district for 1996-97 under sections 52 and 58, there is allocated to the district or intermediate district for the fiscal year an amount equal to that difference, adjusted by applying the same proration factor that was used in the distribution of funds under section 52 in 1996-97 as adjusted to the district's or intermediate district's necessary costs of special education used in calculations for the fiscal year. This adjustment is to reflect reductions in special education program operations between 1996-97 and subsequent fiscal years. Adjustments for reductions in special education program operations shall be made in a manner determined by the department and shall include adjustments for program shifts.

(4) If the department determines that the sum of the amounts allocated for a fiscal year to a district or intermediate district under subsection (2)(a) and (b) is not sufficient to fulfill the specified percentages in subsection (2), then the shortfall shall be paid to the district or intermediate district during the fiscal year beginning on the October 1 following the determination and payments under subsection (3) shall be adjusted as necessary. If the department determines that the sum of the amounts allocated for a fiscal year to a district or intermediate district under subsection (2)(a) and (b) exceeds the sum of the amount necessary to fulfill the specified percentages in subsection (2), then the department shall deduct the amount of the excess from the district's or intermediate district's payments under this act for the fiscal year beginning on the October 1 following the determination and payments under subsection (3) shall be adjusted as necessary. However, if the amount allocated under subsection (2)(a) in itself exceeds the amount necessary to fulfill the specified percentages in subsection (2), there shall be no deduction under this subsection.

(5) State funds shall be allocated on a total approved cost basis. Federal funds shall be allocated under applicable federal requirements, except that an amount not to exceed $3,500,000.00 each fiscal year may be allocated by the department for 2001-2002, for 2002-2003, and for 2003-2004 to districts or intermediate districts on a competitive grant basis

for programs, equipment, and services that the department determines to be designed to benefit or improve special education on a statewide scale.

(6) From the amount allocated in subsection (1), there is allocated an amount not to exceed $2,200,000.00 each fiscal year for 2001-2002, for 2002-2003, and for 2003-2004 to reimburse 100% of the net increase in necessary costs incurred by a district or intermediate district in implementing the revisions in the administrative rules for special education that became effective on July 1, 1987. As used in this subsection, "net increase in necessary costs" means the necessary additional costs incurred solely because of new or revised requirements in the administrative rules minus cost savings permitted in implementing the revised rules. Net increase in necessary costs shall be determined in a manner specified by the department.

(7) For purposes of this article, all of the following apply:

(a) "Total approved costs of special education" shall be determined in a manner specified by the department and may include indirect costs, but shall not exceed 115% of approved direct costs for section 52 and section 53a programs. The total approved costs include salary and other compensation for all approved special education personnel for the program, including payments for social security and medicare and public school employee retirement system contributions. The total approved costs do not include salaries or other compensation paid to administrative personnel who are not special education personnel as defined in section 6 of the revised school code, MCL 380.6. Costs reimbursed by federal funds, other than those federal funds included in the allocation made under this article, are not included. Special education approved personnel not utilized full time in the evaluation of students or in the delivery of special education programs, ancillary, and other related services shall be reimbursed under this section only for that portion of time actually spent providing these programs and services, with the exception of special education programs and services provided to youth placed in child caring institutions or juvenile detention programs approved by the department to provide an on-grounds education program.

(b) Reimbursement for ancillary and other related services, as defined by R 340.1701 of the Michigan administrative code, shall not be provided when those services are covered by and available through private group health insurance carriers or federal reimbursed program sources unless the department and district or intermediate district agree otherwise and that agreement is approved by the state budget director. Expenses, other than the incidental expense of filing, shall not be borne by the parent. In addition, the filing of claims shall not delay the education of a pupil. A district or intermediate district shall be responsible for payment of a deductible amount and for an advance payment required until the time a claim is paid.

(8) From the allocation in subsection (1), there is allocated each fiscal year for 2001-2002, for 2002-2003, and for 2003-2004 an amount not to exceed $15,313,900.00 each fiscal year to intermediate districts. The payment under this subsection to each intermediate district shall be equal to the amount of the 1996-97 allocation to the intermediate district under subsection (6) of this section as in effect for 1996-97.

(9) A pupil who is enrolled in a full-time special education program conducted or administered by an intermediate district or a pupil who is enrolled in the Michigan schools for the deaf and blind shall not be included in the membership count of a district, but shall be counted in membership in the intermediate district of residence.

(10) Special education personnel transferred from 1 district to another to implement the revised school code shall be entitled to the rights, benefits, and tenure to which the person would otherwise be entitled had that person been employed by the receiving district originally.

(11) If a district or intermediate district uses money received under this section for a purpose other than the purpose or purposes for which the money is allocated, the department may require the district or intermediate district to refund the amount of money received. Money that is refunded shall be deposited in the state treasury to the credit of the state school aid fund.

(12) From the funds allocated in subsection (1), there is allocated each fiscal year for 2001-2002, for 2002-2003, and for 2003-2004 the amount necessary, estimated at $7,200,000.00 each fiscal year, to pay the foundation allowances for pupils described in this subsection. The allocation to a district under this subsection shall be calculated by multiplying the number of pupils described in this subsection who are counted in membership in the district times the sum of the foundation allowance under section 20 of the pupil's district of residence plus the amount of the district's per pupil allocation under section 20j(2), not to exceed $6,500.00 adjusted by the dollar amount of the difference between the basic foundation allowance under section 20 for the current fiscal year and $5,000.00, or, for a pupil described in this subsection who is counted in membership in a district that is a public school academy or university school, times an amount equal to the amount per membership pupil under section 20(6). The allocation to an intermediate district under this subsection shall be calculated in the same manner as for a district, using the foundation allowance under section 20 of the pupil's district of residence, not to exceed $6,500.00 adjusted by the dollar amount of the difference between the basic foundation allowance under section 20 for the current fiscal year and $5,000.00, and that district's per pupil allocation under section 20j(2). However, beginning in 2002-2003, the $6,500.00 amount prescribed in this subsection shall be adjusted each year by an amount equal to the dollar amount of the difference between the basic foundation allowance for the current state fiscal year and $5,000.00, minus $200.00. This subsection applies to all of the following pupils:

(a) Pupils described in section 53a.

(b) Pupils counted in membership in an intermediate district who are not special education pupils and are served by the intermediate district in a juvenile detention or child caring facility.

(c) Emotionally impaired pupils counted in membership by an intermediate district and provided educational services by the department of community health.

(13) After payments under subsections (2) and (12) and section 51c, the remaining expenditures from the allocation in subsection (1) shall be made in the following order:

(a) 100% of the reimbursement required under section 53a.

(b) 100% of the reimbursement required under subsection (6).

(c) 100% of the payment required under section 54.

(d) 100% of the payment required under subsection (3).

(e) 100% of the payment required under subsection (8).

(f) 100% of the payments under section 56.

(14) The allocations under subsection (2), subsection (3), and subsection (12) shall be allocations to intermediate districts only and shall not be allocations to districts, but instead shall be calculations used only to determine the state payments under section 22b.

388.1651c Reimbursement for percentage of special education and special education transportation costs.

Sec. 51c. As required by the court in the consolidated cases known as Durant v State of Michigan, Michigan supreme court docket no. 104458-104492, from the allocation under section 51a(1), there is allocated each fiscal year for 2001-2002, for 2002-2003, and for

2003-2004 the amount necessary, estimated at $576,100,000.00 for 2001-2002 and $621,900,000.00 each fiscal year for 2002-2003 and for 2003-2004, for payments to reimburse districts for 28.6138% of total approved costs of special education excluding costs reimbursed under section 53a, and 70.4165% of total approved costs of special education transportation. Funds allocated under this section that are not expended in the state fiscal year for which they were allocated, as determined by the department, may be used to supplement the allocations under sections 22a and 22b in order to fully fund those calculated allocations for the same fiscal year.

388.1651d Federally funded special education programs; distribution; payment schedule; "DED-OSERS" defined.

Sec. 51d. (1) From the federal funds appropriated in section 11, there is allocated each fiscal year for 2002-2003 and for 2003-2004 all available federal funding, estimated at $59,837,200.00 each fiscal year, for special education programs that are funded by federal grants. All federal funds allocated under this section shall be distributed in accordance with federal law. Notwithstanding section 17b, payments of federal funds to districts, intermediate districts, and other eligible entities under this section shall be paid on a schedule determined by the department.

(2) From the federal funds allocated under subsection (1), the following amounts are allocated each fiscal year for 2002-2003 and for 2003-2004:

(a) An amount estimated at $16,000,000.00 for handicapped infants and toddlers, funded from DED-OSERS, handicapped infants and toddlers funds.

(b) An amount estimated at $13,500,000.00 for preschool grants (Public Law 94-142), funded from DED-OSERS, handicapped preschool incentive funds.

(c) An amount estimated at $30,337,200.00 for special education programs funded by DED-OSERS, handicapped program, individuals with disabilities act funds.

(3) As used in this section, "DED-OSERS" means the United States department of education office of special education and rehabilitative services.

388.1653a Special education programs and services; reimbursement of total approved costs; limitation; costs of transportation; allocation.

Sec. 53a. (1) For districts, reimbursement for pupils described in subsection (2), reimbursement shall be 100% of the total approved costs of operating special education programs and services approved by the department and included in the intermediate district plan adopted pursuant to article 3 of the revised school code, MCL 380.1701 to 380.1766, minus the district's foundation allowance calculated under section 20, and minus the amount calculated for the district under section 20j. For intermediate districts, reimbursement for pupils described in section (2) shall be calculated in the same manner as for a district, using the foundation allowance under section 20 of the pupil's district of residence, not to exceed $6,500.00 adjusted by the dollar amount of the difference between the basic foundation allowance under section 20 for the current fiscal year and the amount calculated for that district $5,000.00, and under section 20j. However, beginning in 2002-2003, the $6,500.00 amount prescribed in this subsection shall be adjusted each year by an amount equal to the dollar amount of the difference between the basic foundation allowance for the current state fiscal year and $5,000.00, minus $200.00.

(2) Reimbursement under subsection (1) is for the following special education pupils:

(a) Pupils assigned to a district or intermediate district through the community placement program of the courts or a state agency, if the pupil was a resident of another intermediate district at the time the pupil came under the jurisdiction of the court or a state agency.

(b) Pupils who are residents of institutions operated by the department of community health.

(c) Pupils who are former residents of department of community health institutions for the developmentally disabled who are placed in community settings other than the pupil's home.

(d) Pupils enrolled in a department-approved on-grounds educational program longer than 180 days, but not longer than 233 days, at a residential child care institution, if the child care institution offered in 1991-92 an on-grounds educational program longer than 180 days but not longer than 233 days.

(e) Pupils placed in a district by a parent for the purpose of seeking a suitable home, if the parent does not reside in the same intermediate district as the district in which the pupil is placed.

(3) Only those costs that are clearly and directly attributable to educational programs for pupils described in subsection (2), and that would not have been incurred if the pupils were not being educated in a district or intermediate district, are reimbursable under this section.

(4) The costs of transportation shall be funded under this section and shall not be reimbursed under section 58.

(5) Not more than $14,800,000.00 each fiscal year for 2001-2002, for 2002-2003, and for 2003-2004 of the allocation in section 51a(1) shall be allocated under this section.

(6) From the allocation in subsection (5), there is allocated each fiscal year for 2001-2002, for 2002-2003, and for 2003-2004 an amount not to exceed $150,000.00 to an intermediate district that received at least $1,000,000.00 for 1999-2000 under subsection (4).

388.1654 Intermediate district to receive amount for pupil attending Michigan schools for the deaf and blind.

Sec. 54. In addition to the aid received under section 52, each intermediate district shall receive an amount per pupil for each pupil in attendance at the Michigan schools for the deaf and blind. The amount shall be proportionate to the total instructional cost at each school. Not more than $1,688,000.00 each fiscal year for 2001-2002, for 2002-2003, and for 2003-2004 of the allocation in section 51a(1) shall be allocated under this section.

388.1655 Allocation to west Michigan center for autism spectrum disorders at Grand Valley state university.

Sec. 55. From the state school aid fund money appropriated in section 11, there is allocated $500,000.00 each fiscal year for 2002-2003 and for 2003-2004 to the west Michigan center for autism spectrum disorders located at Grand Valley State University for developing cooperative programs with area districts and intermediate districts to provide services to qualifying pupils. This funding is for development costs in 2002-2003 and is intended to continue to fund operational and program costs in succeeding fiscal years.

388.1656 Definitions; reimbursement to intermediate districts levying millages for special education; limitation; distribution plan; computation.

Sec. 56. (1) For the purposes of this section:

(a) "Membership" means for a particular fiscal year the total membership for the immediately preceding fiscal year of the intermediate district and the districts constituent to the intermediate district.

(b) "Millage levied" means the millage levied for special education pursuant to part 30 of the revised school code, MCL 380.1711 to 380.1743, including a levy for debt service obligations.

(c) "Taxable value" means the total taxable value of the districts constituent to an intermediate district, except that if a district has elected not to come under part 30 of the revised school code, MCL 380.1711 to 380.1743, membership and taxable value of the district shall not be included in the membership and taxable value of the intermediate district.

(2) From the allocation under section 51a(1), there is allocated an amount not to exceed $37,900,000.00 for 2001-2002 and an amount not to exceed $38,120,000.00 each fiscal year for 2002-2003 and for 2003-2004 to reimburse intermediate districts levying millages for special education pursuant to part 30 of the revised school code, MCL 380.1711 to 380.1743. The purpose, use, and expenditure of the reimbursement shall be limited as if the funds were generated by these millages and governed by the intermediate district plan adopted pursuant to article 3 of the revised school code, MCL 380.1701 to 380.1766. As a condition of receiving funds under this section, an intermediate district distributing any portion of special education millage funds to its constituent districts shall submit for departmental approval and implement a distribution plan.

(3) Reimbursement for those millages levied in 2000-2001 shall be made in 2001-2002 at an amount per 2000-2001 membership pupil computed by subtracting from $119,200.00 the 2000-2001 taxable value behind each membership pupil and multiplying the resulting difference by the 2000-2001 millage levied. Reimbursement for those millages levied in 2001-2002 shall be made in 2002-2003 at an amount per 2001-2002 membership pupil computed by subtracting from $125,900.00 the 2001-2002 taxable value behind each membership pupil and multiplying the resulting difference by the 2001-2002 millage levied. Reimbursement for those millages levied in 2002-2003 shall be made in 2003-2004 at an amount per 2002-2003 membership pupil computed by subtracting from $125,900.00 the 2002-2003 taxable value behind each membership pupil and multiplying the resulting difference by the 2002-2003 millage levied.

388.1657 Gifted and talented pupils; support services; summer institutes; development and operation of comprehensive programs.

Sec. 57. (1) From the appropriation in section 11, there is allocated an amount not to exceed $600,000.00 each fiscal year for 2001-2002, for 2002-2003, and for 2003-2004 to applicant intermediate districts that provide support services for the education of gifted and talented pupils. An intermediate district is entitled to 75% of the actual salary, but not to exceed $25,000.00 reimbursement for an individual salary, of a support services teacher approved by the department, and not to exceed $4,000.00 reimbursement for expenditures to support program costs, excluding in-county travel and salary, as approved by the department.

(2) From the appropriation in section 11, there is allocated an amount not to exceed $400,000.00 each fiscal year for 2001-2002, for 2002-2003, and for 2003-2004 to support part of the cost of summer institutes for gifted and talented students. This amount shall be contracted to applicant intermediate districts in cooperation with a local institution of higher education and shall be coordinated by the department.

(3) From the appropriation in section 11, there is allocated an amount not to exceed $4,000,000.00 each fiscal year for 2001-2002, for 2002-2003, and for 2003-2004 for the development and operation of comprehensive programs for gifted and talented pupils. An eligible district or consortium of districts shall receive an amount not to exceed $100.00 per K-12 pupil for up to 5% of the district's or consortium's K-12 membership for the immediately preceding fiscal year with a minimum total grant of $6,000.00. Funding shall

be provided in the following order: the per pupil allotment, and then the minimum total grant of $6,000.00 to individual districts. An intermediate district may act as the fiscal agent for a consortium of districts. In order to be eligible for funding under this subsection, the district or consortium of districts shall submit each year a current 3-year plan for operating a comprehensive program for gifted and talented pupils and the district or consortium shall demonstrate to the department that the district or consortium will contribute matching funds of at least $50.00 per K-12 pupil. The plan or revised plan shall be developed in accordance with criteria established by the department and shall be submitted to the department for approval. Within the criteria, the department shall encourage the development of consortia among districts of less than 5,000 memberships.

388.1661a Vocational-technical programs; added cost; reimbursement for local vocational administration, shared-time vocational administration, and career education planning district vocational-technical administration; allocation.

Sec. 61a. (1) From the appropriation in section 11, there is allocated an amount not to exceed $31,027,600.00 each fiscal year for 2001-2002, for 2002-2003, and for 2003-2004 to reimburse on an added cost basis districts, except for a district that served as the fiscal agent for a vocational education consortium in the 1993-94 school year, and secondary area vocational-technical education centers for secondary-level vocational-technical education programs, including parenthood education programs, according to rules approved by the superintendent. Applications for participation in the programs shall be submitted in the form prescribed by the department. The department shall determine the added cost for each vocational-technical program area. The allocation of added cost funds shall be based on the type of vocational-technical programs provided, the number of pupils enrolled, and the length of the training period provided, and shall not exceed 75% of the added cost of any program. With the approval of the department, the board of a district maintaining a secondary vocational-technical education program may offer the program for the period from the close of the school year until September 1. The program shall use existing facilities and shall be operated as prescribed by rules promulgated by the superintendent.

(2) Except for a district that served as the fiscal agent for a vocational education consortium in the 1993-94 school year, districts and intermediate districts shall be reimbursed for local vocational administration, shared time vocational administration, and career education planning district vocational-technical administration. The definition of what constitutes administration and reimbursement shall be pursuant to guidelines adopted by the superintendent. Not more than $800,000.00 of the allocation in subsection (1) shall be distributed under this subsection.

(3) From the allocation in subsection (1), there is allocated an amount not to exceed $388,700.00 each fiscal year to intermediate districts with constituent districts that had combined state and local revenue per membership pupil in the 1994-95 state fiscal year of $6,500.00 or more, served as a fiscal agent for a state board designated area vocational education center in the 1993-94 school year, and had an adjustment made to their 1994-95 combined state and local revenue per membership pupil pursuant to section 20d. The payment under this subsection to the intermediate district shall equal the amount of the allocation to the intermediate district for 1996-97 under this subsection.

388.1662 Definitions; vocational-technical education programs; limitation.

Sec. 62. (1) For the purposes of this section:

(a) "Membership" means for a particular fiscal year the total membership for the immediately preceding fiscal year of the intermediate district and the districts constituent

to the intermediate district or the total membership for the immediately preceding fiscal year of the area vocational-technical program.

(b) "Millage levied" means the millage levied for area vocational-technical education pursuant to sections 681 to 690 of the revised school code, MCL 380.681 to 380.690, including a levy for debt service obligations incurred as the result of borrowing for capital outlay projects and in meeting capital projects fund requirements of area vocational-technical education.

(c) "Taxable value" means the total taxable value of the districts constituent to an intermediate district or area vocational-technical education program, except that if a district has elected not to come under sections 681 to 690 of the revised school code, MCL 380.681 to 380.690, the membership and taxable value of that district shall not be included in the membership and taxable value of the intermediate district. However, the membership and taxable value of a district that has elected not to come under sections 681 to 690 of the revised school code, MCL 380.681 to 380.690, shall be included in the membership and taxable value of the intermediate district if the district meets both of the following:

(*i*) The district operates the area vocational-technical education program pursuant to a contract with the intermediate district.

(*ii*) The district contributes an annual amount to the operation of the program that is commensurate with the revenue that would have been raised for operation of the program if millage were levied in the district for the program under sections 681 to 690 of the revised school code, MCL 380.681 to 380.690.

(2) From the appropriation in section 11, there is allocated an amount not to exceed $9,810,000.00 for 2001-2002 and an amount not to exceed $9,860,000.00 each fiscal year for 2002-2003 and for 2003-2004 to reimburse intermediate districts and area vocational-technical education programs established under section 690(3) of the revised school code, MCL 380.690, levying millages for area vocational-technical education pursuant to sections 681 to 690 of the revised school code, MCL 380.681 to 380.690. The purpose, use, and expenditure of the reimbursement shall be limited as if the funds were generated by those millages.

(3) Reimbursement for the millages levied in 2000-2001 shall be made in 2001-2002 at an amount per 2000-2001 membership pupil computed by subtracting from $122,300.00 the 2000-2001 taxable value behind each membership pupil, and multiplying the resulting difference by the 2000-2001 millage levied. Reimbursement for the millages levied in 2001-2002 shall be made in 2002-2003 at an amount per 2001-2002 membership pupil computed by subtracting from $130,200.00 the 2001-2002 taxable value behind each membership pupil, and multiplying the resulting difference by the 2001-2002 millage levied. Reimbursement for the millages levied in 2002-2003 shall be made in 2003-2004 at an amount per 2002-2003 membership pupil computed by subtracting from $130,200.00 the 2002-2003 taxable value behind each membership pupil and multiplying the resulting difference by the 2002-2003 millage levied.

388.1667 Michigan career preparation system grants; allocations; definitions.

Sec. 67. (1) From the general fund appropriation in section 11, there is allocated an amount not to exceed $350,000.00 each fiscal year for 2001-2002, for 2002-2003, and for 2003-2004 for Michigan career preparation system grants under this section.

(2) From the allocation in subsection (1), there is allocated $150,000.00 each fiscal year for 2001-2002, for 2002-2003, and for 2003-2004 to the department to identify uniform career competency standards and assessments for career clusters, to establish a statewide

information system on current and anticipated employment opportunities and the required level of skills and education required for employment.

(3) From the allocation in subsection (1), there is allocated $100,000.00 each fiscal year for 2001-2002, for 2002-2003, and for 2003-2004 to the department to provide information to parents, pupils, school personnel, employers, and others regarding opportunities to receive integrated academic and technical preparation in the public schools of this state.

(4) From the allocation in subsection (1), there is allocated $100,000.00 each fiscal year for 2001-2002, for 2002-2003, and for 2003-2004 to the department to provide technical assistance to eligible education agencies and workforce development boards.

(5) As used in this section and in section 68:

(a) "Advanced career academy" means a career-technical education program operated by a district, by an intermediate district, or by a public school academy, that applies for and receives advanced career academy designation from the department. To receive this designation, a career-technical education program shall meet criteria established by the department, which criteria shall include at least all of the following:

(*i*) Operation of programs for those career clusters identified by the department as being eligible for advanced career academy status.

(*ii*) Involvement of employers in the design and implementation of career-technical education programs.

(*iii*) A fully integrated program of academic and technical education available to pupils.

(*iv*) Demonstration of an established career preparation system resulting in industry-validated career ladders for graduates of the program, including, but not limited to, written articulation agreements with postsecondary institutions to allow pupils to receive advanced college placement and credit or federally registered apprenticeships, as applicable.

(b) "Career cluster" means a grouping of occupations from 1 or more industries that share common skill requirements.

(c) "Career preparation system" is a system of programs and strategies providing pupils with opportunities to prepare for success in careers of their choice.

(d) "Department" means the department of career development.

(e) "Eligible education agency" means a district, intermediate district, or advanced career academy that participates in an approved regional career preparation plan.

(f) "FTE" means full-time equivalent pupil as determined by the department.

(g) "Workforce development board" means a local workforce development board established pursuant to the workforce investment act of 1998, Public Law 105-220, 112 Stat. 936, and the school-to-work opportunities act of 1994, Public Law 103-239, 108 Stat. 568, or the equivalent.

(h) "Strategic plan" means a department-approved comprehensive plan prepared by a workforce development board with input from local representatives, including the education advisory group, that includes career preparation system goals and objectives for the region.

388.1668 Michigan career preparation system; allocations and regional career preparation plan; review by education advisory group.

Sec. 68. (1) From the general fund appropriation in section 11, there is allocated an amount not to exceed $21,850,000.00 each fiscal year for 2001-2002, for 2002-2003, and for

2003-2004 to be used to implement the Michigan career preparation system in the corresponding school years as provided under this section. In order to receive funds under this section, an eligible education agency shall be part of an approved regional career preparation plan under subsection (2) and shall agree to expend the funds required under this section in accordance with the regional career preparation plan. Funds awarded under this section that are not expended in accordance with this section may be recovered by the department.

(2) In order to receive funding under this section, an eligible education agency shall be a part of an approved 3-year regional career preparation plan that is consistent with the workforce development board's strategic plan and is as described in this subsection. All of the following apply to a regional career preparation plan:

(a) A 3-year regional career preparation plan shall be developed under subdivisions (b), (c), and (d) for all public education agencies participating as part of a regional career preparation system within the geographical boundaries of a workforce development board, and revised annually. If an intermediate district is located within the geographical boundaries of more than 1 workforce development board, the board of the intermediate district shall choose 1 workforce development board with which to align and shall notify the department of this choice not later than October 31, 1997.

(b) The regional career preparation plan shall be developed by representatives of the education advisory group of each workforce development board in accordance with guidelines developed under former section 67(5), and in accordance with subdivisions (d) and (e). All of the following shall be represented on each education advisory group: workforce development board members, other employers, labor, districts, intermediate districts, postsecondary institutions, career/technical educators, parents of public school pupils, and academic educators. The representatives of districts, intermediate districts, and postsecondary institutions appointed to the education advisory group by the workforce development board shall be individuals designated by the board of the district, intermediate district, or postsecondary institution.

(c) By majority vote, the education advisory group may nominate 1 education representative, who may or may not be a member of the education advisory group, for appointment to the workforce development board. This education representative shall be in addition to existing education representation on the workforce development board. This education representative shall meet all workforce development board membership requirements.

(d) The components of the regional career preparation plan shall include, but are not limited to, all of the following:

(*i*) The roles of districts, intermediate districts, advanced career academies, postsecondary institutions, employers, labor representatives, and others in the career preparation system.

(*ii*) Programs to be offered, including at least career exploration activities, for middle school pupils.

(*iii*) Identification of integrated academic and technical curriculum, including related professional development training for teachers.

(*iv*) Identification of work-based learning opportunities for pupils and for teachers and other school personnel.

(*v*) Identification of testing and assessments that will be used to measure pupil achievement.

(*vi*) Identification of all federal, state, local, and private sources of funding available for career preparation activities in the region.

(e) The education advisory group shall develop a 3-year regional career preparation plan consistent with the workforce development board's strategic plan and submit the plan to the department for final approval. The submission to the department shall also include statements signed by the chair of the education advisory group and the chair of the workforce development board certifying that the plan has been reviewed by each entity. Upon department approval, all eligible education agencies designated in the regional career preparation plan as part of the career preparation delivery system are eligible for funding under this section.

(3) Funding under this section shall be distributed to eligible education agencies for allowable costs defined in this subsection and identified as necessary costs for implementing a regional career preparation plan, as follows:

(a) The department shall rank all career clusters, including career exploration, guidance, and counseling. Rank determination will be based on median salary data in career clusters and employment opportunity data provided by the council for career preparation standards. In addition, rank determination shall be based on placement data available for prior year graduates of the programs in the career clusters either in related careers or postsecondary education. The procedure for ranking of career clusters shall be determined by the department.

(b) Allowable costs to be funded under this section shall be determined by the department. Budgets submitted by eligible education agencies to the department in order to receive funding shall identify funds and in-kind contributions from the regional career education plan, excluding funds or in-kind contributions available as a result of funding received under section 61a, equal to at least 100% of anticipated funding under this section. Eligible categories of allowable costs are the following:

(*i*) Career exploration, guidance, and counseling.

(*ii*) Curriculum development, including integration of academic and technical content, and professional development for teachers directly related to career preparation.

(*iii*) Technology and equipment determined to be necessary.

(*iv*) Supplies and materials directly related to career preparation programs.

(*v*) Work-based learning expenses for pupils, teachers, and counselors.

(*vi*) Evaluation, including career competency testing and peer review.

(*vii*) Career placement services.

(*viii*) Student leadership organizations integral to the career preparation system.

(*ix*) Up to 10% of the allocation to an eligible education agency may be expended for planning, coordination, direct oversight, and accountability for the career preparation system.

(c) The department shall calculate career preparation costs per FTE for each career cluster, including career exploration, guidance, and counseling, by dividing the allowable costs for each career cluster by the prior year FTE enrollment for each career cluster. Distribution to eligible education agencies shall be the product of 50% of career preparation costs per FTE times the current year FTE enrollment of each career cluster. This allocation shall be distributed to eligible education agencies in decreasing order of the career cluster ranking described in subdivision (a) until the money allocated for grant recipients in this section is distributed. Beginning in 2001-2002, funds shall be distributed to eligible education agencies according to workforce development board geographic area

consistent with subsection (2)(a) based upon the proportion of each workforce development board area's K-12 public school membership to the total state K-12 public school membership.

(4) The department shall establish a review procedure for assessing the career preparation system in each region.

(5) An education advisory group is responsible for assuring the quality of the career preparation system. An education advisory group shall review the career preparation system in accordance with evaluation criteria established by the department.

(6) An education advisory group shall report its findings and recommendations for changes to the participating eligible education agencies, the workforce development board, and the department.

(7) The next revision of a regional career preparation plan shall take into account the findings of the education advisory group in accordance with evaluation criteria established by the department in order for the affected education agencies to receive continued funding under this section.

388.1674 School bus driver safety instruction or driver skills road tests; cost of instruction and driver compensation; nonspecial education auxiliary services transportation.

Sec. 74. (1) From the amount appropriated in section 11, there is allocated an amount not to exceed $1,625,000.00 each fiscal year for 2001-2002, for 2002-2003, and for 2003-2004 for the purposes of subsections (2) and (3).

(2) From the allocation in subsection (1), there is allocated each fiscal year the amount necessary for payments to state supported colleges or universities and intermediate districts providing school bus driver safety instruction or driver skills road tests pursuant to sections 51 and 52 of the pupil transportation act, 1990 PA 187, MCL 257.1851 and 257.1852. The payments shall be in an amount determined by the department not to exceed 75% of the actual cost of instruction and driver compensation for each public or nonpublic school bus driver attending a course of instruction. For the purpose of computing compensation, the hourly rate allowed each school bus driver shall not exceed the hourly rate received for driving a school bus. Reimbursement compensating the driver during the course of instruction or driver skills road tests shall be made by the department to the college or university or intermediate district providing the course of instruction.

(3) From the allocation in subsection (1), there is allocated each fiscal year the amount necessary to pay the reasonable costs of nonspecial education auxiliary services transportation provided pursuant to section 1323 of the revised school code, MCL 380.1323. Districts funded under this subsection shall not receive funding under any other section of this act for nonspecial education auxiliary services transportation.

388.1681 Allocations to intermediate districts; amounts; report of adjustment and amount of increase; employment of person trained in pupil counting.

Sec. 81. (1) Except as otherwise provided in this section, from the appropriation in section 11, there is allocated each fiscal year for 2001-2002, for 2002-2003, and for 2003-2004 to the intermediate districts the sum necessary, but not to exceed $92,170,800.00 for 2001-2002 and not to exceed $95,028,100.00 each fiscal year for 2002-2003 and for 2003-2004 to provide state aid to intermediate districts under this section. Except as otherwise provided in this section, there shall be allocated to each intermediate district for 2001-2002

an amount equal to 105% of the amount of funding actually received by the intermediate district under this subsection for 2000-2001. Except as otherwise provided in this section, there shall be allocated to each intermediate district each fiscal year for 2002-2003 and for 2003-2004 an amount equal to 103.1% of the amount of funding actually received by the intermediate district under this subsection for 2001-2002. Funding provided under this section shall be used to comply with requirements of this act and the revised school code that are applicable to intermediate districts, and for which funding is not provided elsewhere in this act, and to provide technical assistance to districts as authorized by the intermediate school board.

(2) From the allocation in subsection (1), there is allocated to an intermediate district, formed by the consolidation or annexation of 2 or more intermediate districts or the attachment of a total intermediate district to another intermediate school district or the annexation of all of the constituent K-12 districts of a previously existing intermediate school district which has disorganized, an additional allotment of $3,500.00 each fiscal year for each intermediate district included in the new intermediate district for 3 years following consolidation, annexation, or attachment.

(3) If an intermediate district participated in 1993-94 in a consortium operating a regional educational media center under section 671 of the revised school code, MCL 380.671, and rules promulgated by the superintendent, and if the intermediate district obtains written consent from each of the other intermediate districts that participated in the consortium in 1993-94, the intermediate district may notify the department not later than December 30 of the current fiscal year that it is electing to directly receive its payment attributable to participation in that consortium. An intermediate district making that election, and that has obtained the necessary consent, shall receive each fiscal year for 2001-2002, for 2002-2003, or for 2003-2004, as applicable, for each pupil in membership in the intermediate district or a constituent district an amount equal to the quotient of the 1993-94 allocation to the fiscal agent for that consortium under former section 83, adjusted as determined by the department to account for that election, divided by the combined total membership for the current fiscal year in all of the intermediate districts that participated in that consortium and their constituent districts. The amount allocated to an intermediate district under this subsection for a fiscal year shall be deducted from the total allocation for that fiscal year under this section to the intermediate district that was the 1993-94 fiscal agent for the consortium.

(4) During a fiscal year, the department shall not increase an intermediate district's allocation under subsection (1) because of an adjustment made by the department during the fiscal year in the intermediate district's taxable value for a prior year. Instead, the department shall report the adjustment and the estimated amount of the increase to the house and senate fiscal agencies and the state budget director not later than June 1 of the fiscal year, and the legislature shall appropriate money for the adjustment in the next succeeding fiscal year.

(5) In order to receive funding under this section, an intermediate district shall demonstrate to the satisfaction of the department that the intermediate district employs at least 1 person who is trained in pupil counting procedures, rules, and regulations.

388.1694 Technical assistance to districts for school accreditation purposes.

Sec. 94. From the general fund money appropriated in section 11, there is allocated to the department an amount not to exceed $3,000,000.00 for 2001-2002 and an amount not to exceed $2,000,000.00 each fiscal year for 2002-2003 and for 2003-2004 to provide technical

assistance to districts for school accreditation purposes as described in section 1280 of the revised school code, MCL 380.1280.

388.1694a Center for educational performance and information.

Sec. 94a. (1) There is created within the office of the state budget director in the department of management and budget the center for educational performance and information. The center shall do all of the following:

(a) Coordinate the collection of all data required by state and federal law from all entities receiving funds under this act.

(b) Collect data in the most efficient manner possible in order to reduce the administrative burden on reporting entities.

(c) Establish procedures to ensure the validity and reliability of the data and the collection process.

(d) Develop state and model local data collection policies, including, but not limited to, policies that ensure the privacy of individual student data. State privacy policies shall ensure that student social security numbers are not released to the public for any purpose.

(e) Provide data in a useful manner to allow state and local policymakers to make informed policy decisions.

(f) Provide reports to the citizens of this state to allow them to assess allocation of resources and the return on their investment in the education system of this state.

(g) Assist all entities receiving funds under this act in complying with audits performed according to generally accepted accounting procedures.

(h) Other functions as assigned by the state budget director.

(2) The state budget director shall appoint a CEPI advisory committee, consisting of the following members:

(a) One representative from the house fiscal agency.

(b) One representative from the senate fiscal agency.

(c) One representative from the office of the state budget director.

(d) One representative from the state education agency.

(e) One representative each from the department of career development and the department of treasury.

(f) Three representatives from intermediate school districts.

(g) One representative from each of the following educational organizations:

(*i*) Michigan association of school boards.

(*ii*) Michigan association of school administrators.

(*iii*) Michigan school business officials.

(h) One representative representing private sector firms responsible for auditing school records.

(i) Other representatives as the state budget director determines are necessary.

(3) The CEPI advisory committee appointed under subsection (2) shall provide advice to the director of the center regarding the management of the center's data collection activities, including, but not limited to:

(a) Determining what data is necessary to collect and maintain in order to perform the center's functions in the most efficient manner possible.

(b) Defining the roles of all stakeholders in the data collection system.

(c) Recommending timelines for the implementation and ongoing collection of data.

(d) Establishing and maintaining data definitions, data transmission protocols, and system specifications and procedures for the efficient and accurate transmission and collection of data.

(e) Establishing and maintaining a process for ensuring the accuracy of the data.

(f) Establishing and maintaining state and model local policies related to data collection, including, but not limited to, privacy policies related to individual student data.

(g) Ensuring the data is made available to state and local policymakers and citizens of this state in the most useful format possible.

(h) Other matters as determined by the state budget director or the director of the center.

(4) The center may enter into any interlocal agreements necessary to fulfill its functions.

(5) From the general fund appropriation in section 11, there is allocated an amount not to exceed $2,332,000.00 for 2001-2002 for payments to the center. From the general fund appropriation in section 11, there is allocated an amount not to exceed $4,500,000.00 each fiscal year for 2002-2003 and for 2003-2004 to the department of management and budget to support the operations of the center. The center shall cooperate with the state education agency to ensure that this state is in compliance with federal law and is maximizing opportunities for increased federal funding to improve education in this state. In addition, from the federal funds appropriated in section 11 for 2002-2003 and for 2003-2004, there is allocated the following amounts each fiscal year in order to fulfill federal reporting requirements:

(a) An amount estimated at $1,000,000.00 funded from DED-OESE, title I, disadvantaged children funds.

(b) An amount estimated at $284,700.00 funded from DED-OESE, title I, reading first state grant funds.

(c) An amount estimated at $46,750.00 funded from DED-OESE, title I, migrant education funds.

(d) An amount estimated at $500,000.00 funded from DED-OESE, improving teacher quality funds.

(e) An amount estimated at $526,100.00 funded from DED-OESE, drug-free schools and communities funds.

(6) Funds allocated under this section that are not expended in the fiscal year in which they were allocated may be carried forward to a subsequent fiscal year. From the funds allocated for 1999-2000 that were carried forward under this section and from the general funds appropriated under this section for 2002-2003, the center shall make grants to intermediate districts for the purpose of assisting the intermediate districts and their constituent districts in data collection required by state and federal law or necessary for audits according to generally accepted accounting procedures. Grants to each intermediate district shall be made at the rate of $2.00 per each full-time equated membership pupil times the total number of 2000-2001 pupils in membership in the intermediate district and its constituent districts. An intermediate district shall develop a plan in cooperation with its constituent districts to distribute the grants between the intermediate district and its constituent districts. These grants shall be paid to intermediate districts no later than the next regularly scheduled school aid payment after the effective date of this section.

(7) If the applicable intermediate district determines that the pupil counts submitted by a district for the February 2002 supplemental pupil count using the single record student database cannot be audited by the intermediate district pursuant to section 101, all of the following apply:

(a) The district may submit its pupil count data for the February 2002 supplemental pupil count using the education data network system.

(b) If the applicable intermediate district determines that the pupil counts submitted by the district for the 2002-2003 pupil membership count day using the single record student database cannot be audited by the intermediate district pursuant to section 101, the district may submit its pupil count data for the 2002-2003 pupil membership count day using the education data network system.

(8) At least 30 days before implementing a proposed electronic data collection, submission, or collation process, or a proposed change to 1 or more of those processes, the center shall submit the proposal and an analysis of the proposal to the senate and house of representatives appropriations subcommittees responsible for this act. The analysis shall include at least a determination of the cost of the proposal for districts and intermediate districts and of available funding for districts and intermediate districts.

(9) As used in this section:

(a) "Center" means the center for educational performance and information created under this section.

(b) "DED-OESE" means the United States department of education office of elementary and secondary education.

(c) "State education agency" means the department.

388.1696 Golden apple awards.

Sec. 96. (1) From the state school aid fund money appropriated in section 11, there is allocated an amount not to exceed $0.00 for 2001-2002 and $1,320,000.00 each fiscal year for 2002-2003 and for 2003-2004 for golden apple awards under this section. The awards shall be based on elementary school achievement on the fourth grade and fifth grade Michigan education assessment program (MEAP) tests.

(2) To be eligible for a golden apple award, an elementary school shall meet all of the following:

(a) Has at least 50 pupils in membership.

(b) At least 90% of the fourth and fifth grade pupils enrolled and in regular daily attendance in the school on the pupil membership count day in that school year took the applicable MEAP tests.

(c) Meets 1 or both of the following:

(*i*) The composite score for the pupils in the school who took the applicable MEAP tests increased by at least 60 points over the 2 consecutive school years immediately preceding the state fiscal year in which the award is given.

(*ii*) The test scores for the pupils in the school who took the applicable MEAP tests are among the highest elementary school scores statewide, as determined by the department of treasury, for that school year.

(3) A golden apple award under this section shall be allocated to and used by a district exclusively for the purpose of distributing funds to each eligible elementary school. Beginning in 2002-2003, the monetary amount of a golden apple award shall be $10,000.00 to be allocated to each eligible elementary school. All money allocated under this section

shall be used for school improvements, as determined collectively by a majority vote of the full-time employees of the eligible elementary school.

(4) If the Michigan assessment governing board is established by law, the Michigan assessment governing board shall administer the golden apple award program under this section.

388.1698 Michigan virtual high school; powers and duties of Michigan virtual university.

Sec. 98. (1) From the general fund money appropriated in section 11, there is allocated an amount not to exceed $1,500,000.00 for 2001-2002 and an amount not to exceed $5,000,000.00 each fiscal year for 2002-2003 and for 2003-2004 to the department to provide a grant to the Michigan virtual university for the development, implementation, and operation of the Michigan virtual high school and to fund other purposes described in this section. In addition, from the federal funds appropriated in section 11, there is allocated each fiscal year for 2001-2002, for 2002-2003, and for 2003-2004 the following amounts:

(a) An amount estimated at $3,251,800.00 from DED-OESE, title II, improving teacher quality funds.

(b) An amount estimated at $1,188,000.00 from DED-OESE, title II, educational technology grants funds.

(c) An amount estimated at $2,044,400.00 from DED-OESE, title V, innovative strategies grants funds.

(d) An amount estimated at $100,500.00 from DED-OESE, title VI, rural and low income schools grants funds.

(2) The Michigan virtual high school shall have the following goals:

(a) Significantly expand curricular offerings for high schools across this state through agreements with districts or licenses from other recognized providers. The Michigan virtual university shall explore options for providing rigorous civics curricula online.

(b) Create statewide instructional models using interactive multimedia tools delivered by electronic means, including, but not limited to, the internet, digital broadcast, or satellite network, for distributed learning at the high school level.

(c) Provide pupils with opportunities to develop skills and competencies through on-line learning.

(d) Offer teachers opportunities to learn new skills and strategies for developing and delivering instructional services.

(e) Accelerate this state's ability to respond to current and emerging educational demands.

(f) Grant high school diplomas through a dual enrollment method with districts.

(g) Act as a broker for college level equivalent courses, as defined in section 1471 of the revised school code, MCL 380.1471, and dual enrollment courses from postsecondary education institutions.

(3) The Michigan virtual high school course offerings shall include, but are not limited to, all of the following:

(a) Information technology courses.

(b) College level equivalent courses, as defined in section 1471 of the revised school code, MCL 380.1471.

(c) Courses and dual enrollment opportunities.

(d) Programs and services for at-risk pupils.

(e) General education development test preparation courses for adjudicated youth.

(f) Special interest courses.

(g) Professional development programs and services for teachers.

(4) From the allocation in subsection (1), there is allocated $3,500,000.00 each fiscal year for 2002-2003 and for 2003-2004 for the purpose of developing innovative strategies to use wireless technology to improve student academic achievement in this state. The Michigan virtual university shall identify not more than 5 pilot project sites for these initiatives. The pilot project sites shall be geographically diverse and at least 1 of the pilot project sites shall be in the Upper Peninsula. The pilot projects shall be funded through public-private partnerships. In addition, the Michigan virtual university shall establish local fund matching requirements for the pilot project sites.

(5) The state education agency shall sign a memorandum of understanding with the Michigan virtual university regarding the DED-OESE, title II, improving teacher quality funds as provided under this subsection. To the extent allowed under federal law, the Michigan virtual university shall address the unique issues of providing educational opportunities in rural communities. The memorandum of understanding under this subsection shall require that the Michigan virtual university coordinate the following activities related to DED-OESE, title II, improving teacher quality funds in accordance with federal law:

(a) Develop, and assist districts in the development and use of, proven, innovative strategies to deliver intensive professional development programs that are both cost-effective and easily accessible, such as strategies that involve delivery through the use of technology, peer networks, and distance learning.

(b) Encourage and support the training of teachers and administrators to effectively integrate technology into curricula and instruction.

(c) Coordinate the activities of eligible partnerships that include higher education institutions for the purposes of providing professional development activities for teachers, paraprofessionals, and principals as defined in federal law.

(6) The state education agency shall sign a memorandum of understanding with the Michigan virtual university regarding DED-OESE, title II, educational technology grants as provided under this subsection. The Michigan virtual university shall coordinate activities described in this subsection with the pilot project sites identified in subsection (4). The memorandum of understanding shall require that the Michigan virtual university coordinate the following state activities related to DED-OESE, title II, educational technology grants in accordance with federal law:

(a) Assist in the development of innovative strategies for the delivery of specialized or rigorous academic courses and curricula through the use of technology, including distance learning technologies.

(b) Establish and support public-private initiatives for the acquisition of educational technology for students in high-need districts.

(7) The state education agency shall sign a memorandum of understanding with the Michigan virtual university regarding DED-OESE, title V, innovative strategies grants as provided under this subsection. The Michigan virtual university shall coordinate activities described in this subsection with the pilot project sites identified in subsection (4). The memorandum of understanding shall require the Michigan virtual university to coordinate the following state-level activities related to DED-OESE, title V, innovative strategies grants in accordance with federal law:

(a) Programs for the development or acquisition and use of instructional and educational materials, including computer software and hardware for instructional use,

that will be used to improve student academic achievement as part of an overall education reform strategy.

(b) Programs and activities that expand learning opportunities through best-practice models designed to improve classroom learning and teaching.

(8) The state education agency shall sign a memorandum of understanding with the Michigan virtual university requiring that the Michigan virtual university coordinate the awarding of competitive grants to districts and state-level activities related to DED-OESE, title VI, rural and low income schools grants in accordance with federal law for the following purposes:

(a) Teacher professional development, including programs that train teachers to utilize technology, programs to improve teaching, and programs to train special needs teachers.

(b) Educational technology, including software and hardware, as described in federal law.

(9) Funds allocated under this section that are not expended in the state fiscal year for which they were allocated may be carried forward to a subsequent state fiscal year.

(10) The state education agency and the Michigan virtual university shall complete the memoranda of understanding required under this section within 60 days after the effective date of the amendatory act that added this subsection. It is the intent of the legislature that all plans or applications submitted by the state education agency to the United States department of education relating to the distribution of federal funds under this section shall be for the purposes described in this section.

(11) As used in this section:

(a) "DED-OESE" means the United States department of education office of elementary and secondary education.

(b) "State education agency" means the department.

388.1699 Mathematics and science centers.

Sec. 99. (1) From the state school aid fund appropriation in section 11, there is allocated an amount not to exceed $9,684,300.00 each fiscal year for 2001-2002, for 2002-2003, and for 2003-2004 and from the general fund appropriation in section 11 there is allocated an amount not to exceed $548,000.00 each fiscal year for 2001-2002, for 2002-2003, and for 2003-2004 for implementing the comprehensive master plan for mathematics and science centers developed by the department and approved by the state board on February 17, 1993.

(2) Within a service area designated locally, approved by the department, and consistent with the master plan described in subsection (1), an established mathematics and science center shall address 2 or more of the following 6 basic services, as described in the master plan, to constituent districts and communities: leadership, pupil services, curriculum support, community involvement, professional development, and resource clearinghouse services.

(3) The department shall not award a grant under this section to more than 1 mathematics and science center located in a particular intermediate district unless each of the grants serves a distinct target population or provides a service that does not duplicate another program in the intermediate district.

(4) As part of the technical assistance process, the department shall provide minimum standard guidelines that may be used by the mathematics and science center for providing fair access for qualified pupils and professional staff as prescribed in this section.

(5) Allocations under this section to support the activities and programs of mathematics and science centers shall be continuing support grants to all 25 established mathematics and science centers and, subject to subsection (9), the 8 satellite extensions that were funded in 1996-97. Each established mathematics and science center that was funded in 1999-2000 shall receive an amount equal to 105.3% of the amount it received under this section in 1999-2000.

(6) In order to receive funds under this section, a grant recipient shall allow access for the department or the department's designee to audit all records related to the program for which it receives such funds. The grant recipient shall reimburse the state for all disallowances found in the audit.

(7) From the state school aid fund allocation under subsection (1), there is allocated an amount not to exceed $611,800.00 each fiscal year for 2001-2002, for 2002-2003, and for 2003-2004 for additional funding under this subsection for mathematics and science centers that have come into compliance with the comprehensive master plan described in subsection (1). These amounts are in addition to the funding determined under subsection (5) and are as follows for each of those fiscal years:

(a) $68,000.00 each to the central Michigan science, mathematics, and technology center; the Hillsdale-Lenawee-Monroe mathematics and science center; the St. Clair mathematics, science, and technology network; the Saginaw valley state university regional center; the Genesee area mathematics, science, and technology center; the Grand Traverse area regional mathematics, science, and technology center; and the Livingston/Washtenaw mathematics and science center.

(b) $85,000.00 to the Grand valley state university regional mathematics and science center.

(c) $50,800.00 to the Seaborg center at Northern Michigan university.

(8) Not later than June 30, 2000, the department shall reevaluate and update the comprehensive master plan described in subsection (1), including any recommendations for upgrading satellite extensions to full centers.

(9) During the course of the 2000-2001 and 2001-2002 fiscal years, the department shall facilitate the conversion of the 8 existing satellite extensions to full mathematics and science centers. To this end, in 2000-2001 the department shall provide 4 satellite extensions, as selected by the department, with applications for conversion to full centers, and in 2001-2002 the department shall provide the remaining 4 satellite extensions with applications for conversion. The department shall provide the applications not later than October 15 of the applicable fiscal year; a satellite extension shall submit the application and a detail plan as prescribed by the department not later than November 15 of the applicable fiscal year; and the department shall review the applications and plans and notify the satellite extensions of their status not later than December 1 of the applicable fiscal year. The allocations under this section are sufficient to fund the conversion of the satellite extensions to full centers and to fund them as full centers.

388.1699a School health education curriculum; composition of comprehensive school education steering committee; request by parent or guardian to examine textbooks and materials.

Sec. 99a. (1) From the appropriation in section 11, there is allocated each fiscal year for 2002-2003 and for 2003-2004 an amount not to exceed $3,180,000.00 for grants to intermediate districts and districts for providing a school health education curriculum. The curriculum

provided, such as the Michigan model or another comprehensive school health curriculum, shall be in accordance with the health education goals established by the Michigan model for comprehensive school health education steering committee. This state steering committee shall be comprised of a representative from each of the following offices and departments:

(a) The department.

(b) The department of community health.

(c) The health administration in the department of community health.

(d) The bureau of mental and substance abuse services in the department of community health.

(e) The family independence agency.

(f) The department of state police.

(2) Upon written or oral request by a pupil who is at least 18 years of age or a parent or legal guardian of a pupil less than 18 years of age, school officials shall inform the pupil or parent, within a reasonable period of time after the request is made, of the content of a course in the health education curriculum and shall allow the pupil or parent to examine textbooks and other classroom materials that are provided to the pupil or materials that are presented to the pupil in the classroom. This subsection does not require a district to permit pupil or parental examination of test questions and answers, scoring keys, or other examination instruments or data used to administer an academic examination.

388.1704a State assessments to high school pupils.

Sec. 104a. (1) In order to receive state aid under this act, a district shall comply with this section and shall administer state assessments to high school pupils in the subject areas of communications skills, mathematics, science, and social studies. If the department or the Michigan assessment governing board, as applicable, determines that it would be consistent with the purposes of this section, the department or the Michigan assessment governing board, as applicable, may designate the grade 11 Michigan education assessment program tests as the assessments to be used for the purposes of this section. The district shall include on the pupil's high school transcript all of the following:

(a) For each high school graduate who has completed a subject area assessment under this section, the pupil's scaled score on the assessment.

(b) If the pupil's scaled score on a subject area assessment falls within the range required under subsection (2) for a category established under subsection (2), an indication that the pupil has achieved state endorsement for that subject area.

(c) The number of school days the pupil was in attendance at school each school year during high school and the total number of school days in session for each of those school years.

(2) The department shall develop scaled scores for reporting subject area assessment results for each of the subject areas under this section. The superintendent shall establish 3 categories for each subject area indicating basic competency, above average, and outstanding, and shall establish the scaled score range required for each category. The department shall design and distribute to districts, intermediate districts, and nonpublic schools a simple and concise document that describes these categories in each subject area and indicates the scaled score ranges for each category in each subject area. A district may award a high school diploma to a pupil who successfully completes local district requirements established in accordance with state law for high school graduation, regardless of whether the pupil is eligible for any state endorsement.

(3) The assessments administered for the purposes of this section shall be administered to pupils during the last 30 school days of grade 11. The department shall ensure that the assessments are scored and the scores are returned to pupils, their parents or legal guardians, and districts not later than the beginning of the pupil's first semester of grade 12. The department shall arrange for those portions of a pupil's assessment that cannot be scored mechanically to be scored in Michigan by persons who are Michigan teachers, retired Michigan teachers, or Michigan school administrators and who have been trained in scoring the assessments. The returned scores shall indicate the pupil's scaled score for each subject area assessment, the range of scaled scores for each subject area, and the range of scaled scores required for each category established under subsection (2). In reporting the scores to pupils, parents, and schools, the department shall provide specific, meaningful, and timely feedback on the pupil's performance on the assessment.

(4) For each pupil who does not achieve state endorsement in 1 or more subject areas, the board of the district in which the pupil is enrolled shall provide that there be at least 1 meeting attended by at least the pupil and a member of the district's staff or a local or intermediate district consultant who is proficient in the measurement and evaluation of pupils. The district may provide the meeting as a group meeting for pupils in similar circumstances. If the pupil is a minor, the district shall invite and encourage the pupil's parent, legal guardian, or person in loco parentis to attend the meeting and shall mail a notice of the meeting to the pupil's parent, legal guardian, or person in loco parentis. The purpose of this meeting and any subsequent meeting under this subsection shall be to determine an educational program for the pupil designed to have the pupil achieve state endorsement in each subject area in which he or she did not achieve state endorsement. In addition, a district may provide for subsequent meetings with the pupil conducted by a high school counselor or teacher designated by the pupil's high school principal, and shall invite and encourage the pupil's parent, legal guardian, or person in loco parentis to attend the subsequent meetings. The district shall provide special programs for the pupil or develop a program using the educational programs regularly provided by the district unless the board of the district decides otherwise and publishes and explains its decision in a public justification report.

(5) A pupil who wants to repeat an assessment administered under this section may repeat the assessment, without charge to the pupil, in the next school year or after graduation. An individual may repeat an assessment at any time the district administers an applicable assessment instrument or during a retesting period under subsection (7).

(6) The department shall ensure that the length of the assessments used for the purposes of this section and the combined total time necessary to administer all of the assessments are the shortest possible that will still maintain the degree of reliability and validity of the assessment results determined necessary by the department. The department shall ensure that the maximum total combined length of time that schools are required to set aside for administration of all of the assessments used for the purposes of this section does not exceed 8 hours. However, this subsection does not limit the amount of time that individuals may have to complete the assessments.

(7) The department shall establish, schedule, and arrange periodic retesting periods throughout the year for individuals who desire to repeat an assessment under this section. The department shall coordinate the arrangements for administering the repeat assessments and shall ensure that the retesting is made available at least within each intermediate district and, to the extent possible, within each district.

(8) A district shall provide accommodations to a pupil with disabilities for the assessments required under this section, as provided under section 504 of title V of the

rehabilitation act of 1973, Public Law 93-112, 29 U.S.C. 794; subtitle A of title II of the Americans with disabilities act of 1990, Public Law 101-336, 42 U.S.C. 12131 to 12134; and the implementing regulations for those statutes.

(9) For the purposes of this section, the superintendent shall develop or select and approve assessment instruments to measure pupil performance in communications skills, mathematics, social studies, and science. The assessment instruments shall be based on the model core academic content standards objectives under section 1278 of the revised school code, MCL 380.1278.

(10) Upon written request by the pupil's parent or legal guardian stating that the request is being made for the purpose of providing the pupil with an opportunity to qualify to take 1 or more postsecondary courses as an eligible student under the postsecondary enrollment options act, 1996 PA 160, MCL 388.511 to 388.524, the board of a district shall allow a pupil who is in at least grade 10 to take an assessment administered under this section without charge at any time the district regularly administers the assessment or during a retesting period established under subsection (7). A district is not required to include in an annual education report, or in any other report submitted to the department for accreditation purposes, results of assessments taken under this subsection by a pupil in grade 11 or lower until the results of that pupil's graduating class are otherwise reported.

(11) All assessment instruments developed or selected and approved by the state under any statute or rule for a purpose related to K to 12 education shall be objective-oriented and consistent with the model core academic content standards objectives under section 1278 of the revised school code, MCL 380.1278.

(12) A person who has graduated from high school after 1996 and who has not previously taken an assessment under this section may take an assessment used for the purposes of this section, without charge to the person, at the district from which he or she graduated from high school at any time that district administers the assessment or during a retesting period scheduled under subsection (7) and have his or her scaled score on the assessment included on his or her high school transcript. If the person's scaled score on a subject area assessment falls within the range required under subsection (2) for a category established under subsection (2), the district shall also indicate on the person's high school transcript that the person has achieved state endorsement for that subject area.

(13) A child who is a student in a nonpublic school or home school may take an assessment under this section. To take an assessment, a child who is a student in a home school shall contact the district in which the child resides, and that district shall administer the assessment, or the child may take the assessment at a nonpublic school if allowed by the nonpublic school. Upon request from a nonpublic school, the department shall supply assessments and the nonpublic school may administer the assessment.

(14) The purpose of the assessment under this section is to assess pupil performance in mathematics, science, social studies, and communication arts for the purpose of improving academic achievement and establishing a statewide standard of competency. The assessment under this section provides a common measure of data that will contribute to the improvement of Michigan schools' curriculum and instruction by encouraging alignment with Michigan's curriculum framework standards. These standards are based upon the expectations of what pupils should know and be able to do by the end of grade 11.

(15) If the Michigan assessment governing board is established by law, the Michigan assessment governing board shall administer this section and shall have all of the powers

and duties as otherwise provided under this section for the department or the superintendent.

(16) As used in this section:

(a) "Communications skills" means reading and writing.

(b) "Social studies" means geography, history, economics, and American government.

388.1707 Allocation for adult education programs.

Sec. 107. (1) From the appropriation in section 11, there is allocated an amount not to exceed $75,000,000.00 for 2001-2002 and an amount not to exceed $77,500,000.00 each fiscal year for 2002-2003 and for 2003-2004 for adult education programs authorized under this section.

(2) To be eligible to be a participant funded under this section, a person shall be enrolled in an adult basic education program, an adult English as a second language program, a general education development (G.E.D.) test preparation program, a job or employment related program, or a high school completion program, that meets the requirements of this section, and shall meet either of the following, as applicable:

(a) If the individual has obtained a high school diploma or a general education development (G.E.D.) certificate, the individual meets 1 of the following:

(*i*) Is less than 20 years of age on September 1 of the school year and is enrolled in the state technical institute and rehabilitation center.

(*ii*) Is less than 20 years of age on September 1 of the school year, is not attending an institution of higher education, and is enrolled in a job or employment-related program through a referral by an employer.

(*iii*) Is enrolled in an English as a second language program.

(*iv*) Is enrolled in a high school completion program.

(b) If the individual has not obtained a high school diploma or G.E.D. certificate, the individual meets 1 of the following:

(*i*) Is at least 20 years of age on September 1 of the school year.

(*ii*) Is at least 16 years of age on September 1 of the school year, has been permanently expelled from school under section 1311(2) or 1311a of the revised school code, MCL 380.1311 and 380.1311a, and has no appropriate alternative education program available through his or her district of residence.

(3) The amount allocated under subsection (1) shall be distributed as follows:

(a) For districts and consortia that received payments for 1995-96 under former section 107f and that received payments for 1996-97 under subsection (4) of this section as in effect in 1996-97, the amount allocated to each for 2001-2002, for 2002-2003, and for 2003-2004 shall be an amount each fiscal year equal to 36.76% of the amount the district or consortium received for 1995-96 under former section 107f.

(b) For districts and consortia that received payments under subsection (3) of this section as in effect for 1996-97, the amount allocated to each for 2001-2002, for 2002-2003, and for 2003-2004 shall be an amount each fiscal year equal to the product of the number of full-time equated participants actually enrolled and in attendance during the 1996-97 school fiscal year in the program funded under subsection (3) of this section as in effect for 1996-97 as reported to the department of career development, audited, and adjusted according to subsection (10) of this section as in effect for 1996-97, multiplied by $2,750.00.

(c) For districts and consortia that meet the conditions of both subdivisions (a) and (b), the amount allocated each fiscal year for 2001-2002, for 2002-2003, and for 2003-2004 shall be the sum of the allocations to the district or consortium under subdivisions (a) and (b).

(d) A district or consortium that received funding in 1996-97 under this section as in effect for 1996-97 may operate independently of a consortium or join or form a consortium for 2001-2002, for 2002-2003, or for 2003-2004. The allocation for 2001-2002, for 2002-2003, or for 2003-2004 to the district or the newly formed consortium under this subsection shall be determined by the department of career development and shall be based on the proportion of the amounts specified in subdivision (a) or (b), or both, that are attributable to the district or consortium that received funding in 1996-97. A district or consortium described in this subdivision shall notify the department of career development of its intention with regard to 2001-2002, 2002-2003, or for 2003-2004 by October 1 of the affected fiscal year.

(4) A district that operated an adult education program in 1996-97 and does not intend to operate a program in 2001-2002, 2002-2003, or 2003-2004 shall notify the department of career development by October 1 of the affected fiscal year of its intention. The funds intended to be allocated under this section to a district that does not operate a program in 2001-2002, 2002-2003, or 2003-2004 and the unspent funds originally allocated under this section to a district or consortium that subsequently operates a program at less than the level of funding allocated under subsection (3) shall instead be proportionately reallocated to the other districts described in subsection (3)(a) that are operating an adult education program in 2001-2002, 2002-2003, or 2003-2004 under this section.

(5) The amount allocated under this section per full-time equated participant is $2,850.00 for a 450-hour program. The amount shall be proportionately reduced for a program offering less than 450 hours of instruction.

(6) An adult basic education program or an adult English as a second language program operated on a year-round or school year basis may be funded under this section, subject to all of the following:

(a) The program enrolls adults who are determined by an appropriate assessment to be below ninth grade level in reading or mathematics, or both, or to lack basic English proficiency.

(b) The program tests individuals for eligibility under subdivision (a) before enrollment and tests participants to determine progress after every 90 hours of attendance, using assessment instruments approved by the department of career development.

(c) A participant in an adult basic education program is eligible for reimbursement until 1 of the following occurs:

(*i*) The participant's reading and mathematics proficiency are assessed at or above the ninth grade level.

(*ii*) The participant fails to show progress on 2 successive assessments after having completed at least 450 hours of instruction.

(d) A funding recipient enrolling a participant in an English as a second language program is eligible for funding according to subsection (10) until the participant meets 1 of the following:

(*i*) The participant is assessed as having attained basic English proficiency.

(*ii*) The participant fails to show progress on 2 successive assessments after having completed at least 450 hours of instruction. The department of career development shall provide information to a funding recipient regarding appropriate assessment instruments for this program.

(7) A general education development (G.E.D.) test preparation program operated on a year-round or school year basis may be funded under this section, subject to all of the following:

(a) The program enrolls adults who do not have a high school diploma.

(b) The program shall administer a G.E.D. pre-test approved by the department of career development before enrolling an individual to determine the individual's potential for success on the G.E.D. test, and shall administer other tests after every 90 hours of attendance to determine a participant's readiness to take the G.E.D. test.

(c) A funding recipient shall receive funding according to subsection (10) for a participant, and a participant may be enrolled in the program until 1 of the following occurs:

(*i*) The participant passes the G.E.D. test.

(*ii*) The participant fails to show progress on 2 successive tests used to determine readiness to take the G.E.D. test after having completed at least 450 hours of instruction.

(8) A high school completion program operated on a year-round or school year basis may be funded under this section, subject to all of the following:

(a) The program enrolls adults who do not have a high school diploma.

(b) A funding recipient shall receive funding according to subsection (10) for a participant in a course offered under this subsection until 1 of the following occurs:

(*i*) The participant passes the course and earns a high school diploma.

(*ii*) The participant fails to earn credit in 2 successive semesters or terms in which the participant is enrolled after having completed at least 900 hours of instruction.

(9) A job or employment-related adult education program operated on a year-round or school year basis may be funded under this section, subject to all of the following:

(a) The program enrolls adults referred by their employer who are less than 20 years of age, have a high school diploma, are determined to be in need of remedial mathematics or communication arts skills and are not attending an institution of higher education.

(b) An individual may be enrolled in this program and the grant recipient shall receive funding according to subsection (10) until 1 of the following occurs:

(*i*) The individual achieves the requisite skills as determined by appropriate assessment instruments administered at least after every 90 hours of attendance.

(*ii*) The individual fails to show progress on 2 successive assessments after having completed at least 450 hours of instruction. The department of career development shall provide information to a funding recipient regarding appropriate assessment instruments for this program.

(10) A funding recipient shall receive payments under this section in accordance with the following:

(a) Ninety percent for enrollment of eligible participants.

(b) Ten percent for completion of the adult basic education objectives by achieving an increase of at least 1 grade level of proficiency in reading or mathematics; for achieving basic English proficiency; for passage of the G.E.D. test; for passage of a course required for a participant to attain a high school diploma; or for completion of the course and demonstrated proficiency in the academic skills to be learned in the course, as applicable.

(11) As used in this section, "participant" means the sum of the number of full-time equated individuals enrolled in and attending a department-approved adult education program under this section, using quarterly participant count days on the schedule described in section 6(7)(b).

(12) A person who is not eligible to be a participant funded under this section may receive adult education services upon the payment of tuition. In addition, a person who is not eligible to be served in a program under this section due to the program limitations specified in subsection (6), (7), (8), or (9) may continue to receive adult education services in that program upon the payment of tuition. The tuition level shall be determined by the local or intermediate district conducting the program.

(13) An individual who is an inmate in a state correctional facility shall not be counted as a participant under this section.

(14) A district shall not commingle money received under this section or from another source for adult education purposes with any other funds of the district. A district receiving adult education funds shall establish a separate ledger account for those funds. This subsection does not prohibit a district from using general funds of the district to support an adult education or community education program.

(15) The department shall work with the department of education to ensure that this section is administered in the same manner as in 1998-99.

388.1708 Adult learning programs.

Sec. 108. (1) From the general fund appropriation in section 11, there is allocated an amount not to exceed $20,000,000.00 for 2001-2002 and an amount not to exceed $20,000,000.00 each fiscal year for 2002-2003 and for 2003-2004 for partnership for adult learning programs authorized under this section.

(2) To be eligible to be enrolled as a participant in an adult learning program funded under this section, a person shall be at least 16 years of age as of September 1 of the immediately preceding state fiscal year and shall meet the following, as applicable:

(a) If the individual has obtained a high school diploma or a general education development (G.E.D.) certificate, the individual is determined to have English language proficiency, reading, writing, or math skills below workforce readiness standards as determined by tests approved by the department of career development and is not enrolled in a postsecondary institution. An individual who has obtained a high school diploma is not eligible for enrollment in a G.E.D. test preparation program funded under this section.

(b) If the individual has not obtained a high school diploma or a G.E.D. certificate, the individual has not attended a secondary institution for at least 6 months before enrollment in an adult learning program funded under this section and is not enrolled in a postsecondary institution.

(3) From the allocation under subsection (1), an amount not to exceed $19,800,000.00 is allocated for 2001-2002 and an amount not to exceed $19,800,000.00 is allocated each fiscal year for 2002-2003 and for 2003-2004 to local workforce development boards for the purpose of providing regional adult learning programs. An application for a grant under this subsection shall be in the form and manner prescribed by the department of career development. Subject to subsections (4), (5), and (6), the amount allocated to each local workforce development board shall be as provided in this subsection, except that an eligible local workforce development board shall not receive an initial allocation under this section that is less than $70,000.00. The maximum amount of a grant awarded to an eligible local workforce development board shall be the sum of the following components:

(a) Thirty-four percent of the allocation under this subsection multiplied by the proportion of the family independence agency caseload in the local workforce development board region to the statewide family independence agency caseload.

(b) Thirty-three percent of the allocation under this subsection multiplied by the proportion of the number of persons in the local workforce development board region over age 17 who have not received a high school diploma compared to the statewide total of persons over age 17 who have not received a high school diploma.

(c) Thirty-three percent of the allocation under this subsection multiplied by the proportion of the number of persons in the local workforce development board region over age 17 for whom English is not a primary language compared to the statewide total of persons over age 17 for whom English is not a primary language.

(4) The amount of a grant to a local workforce development board under subsection (3) shall not exceed the cost for adult learning programs needed in the local workforce development board region, as documented in a manner approved by the department of career development.

(5) Not more than 9% of a grant awarded to a local workforce development board may be used for program administration, including contracting for the provision of career and educational information, counseling services, and assessment services.

(6) In order to receive funds under this section, a local workforce development board shall comply with the following requirements in a manner approved by the department of career development:

(a) The local workforce development board shall document the need for adult learning programs in the local workforce development region.

(b) The local workforce development board shall report participant outcomes and other measurements of program performance.

(c) The local workforce development board shall develop a strategic plan that incorporates adult learning programs in the region. A local workforce development board is not eligible for state funds under this section without a strategic plan approved by the department of career development.

(d) The local workforce development board shall furnish to the department of career development, in a form and manner determined by the department of career development, the information the department of career development determines is necessary to administer this section.

(e) The local workforce development board shall allow access for the department of career development or its designee to audit all records related to adult learning programs for which it receives funds. The local workforce development board shall reimburse this state for all disallowances found in the audit in a manner determined by the department of career development.

(7) Local workforce development boards shall distribute funds to eligible adult learning providers as follows:

(a) Not less than 85% of a grant award shall be used to support programs that improve reading, writing, and math skills to workforce readiness standards; English as a second language programs; G.E.D. preparation programs; high school completion programs; or workforce readiness programs in the local workforce development board region. These programs may include the provision of career and educational information, counseling services, and assessment services.

(b) Up to 15% of a grant award may be used to support workforce readiness programs for employers in the local workforce development board region as approved by the department of career development. Employers or consortia of employers whose employees participate in these programs must provide matching funds in a ratio of at least $1.00 of private funds for each $1.00 of state funds.

(8) Local workforce development boards shall award competitive grants to eligible adult learning providers for the purpose of providing adult learning programs in the local workforce development board region. Applications shall be in a form and manner

prescribed by the department of career development. In awarding grants, local workforce development boards shall consider all of the following:

(a) The ability of the provider to assess individuals before enrollment using assessment tools approved by the department of career development and to develop individual adult learner plans from those assessments for each participant.

(b) The ability of the provider to conduct continuing assessments in a manner approved by the department of career development to determine participant progress toward achieving the goals established in individual adult learner plans.

(c) The past effectiveness of an eligible provider in improving adult literacy skills and the success of an eligible provider in meeting or exceeding performance measures approved by the department of career development.

(d) Whether the program is of sufficient intensity and duration for participants to achieve substantial learning gains.

(e) Whether the program uses research-based instructional practices that have proven to be effective in teaching adult learners.

(f) Whether the program uses advances in technology, as appropriate, including computers.

(g) Whether the programs are staffed by well-trained teachers, counselors, and administrators.

(h) Whether the activities coordinate with other available resources in the community, such as schools, postsecondary institutions, job training programs, and social service agencies.

(i) Whether the provider offers flexible schedules and support services, such as child care and transportation, that enable participants, including individuals with disabilities or other special needs, to attend and complete programs.

(j) Whether the provider offers adequate job and postsecondary education counseling services.

(k) Whether the provider can maintain an information management system that has the capacity to report participant outcomes and monitor program performance against performance measures approved by the department of career development.

(*l*) Whether the provider will allow access for the local workforce development board or its designee to audit all records related to adult learning programs for which it receives funds. The adult learning provider shall reimburse the local workforce development board for all disallowances found in the audit.

(m) The cost per participant contact hour or unit of measurable outcome for each type of adult learning program for which the provider is applying.

(9) Contracts awarded by local workforce development boards to adult learning providers shall comply with the priorities established in a strategic plan approved by the department of career development.

(10) Adult learning providers that do not agree with the decisions of the local workforce development board in issuing or administering competitive grants may use the grievance procedure established by the department of career development.

(11) Local workforce development boards shall reimburse eligible adult learning providers under this section as follows:

(a) For a first-time provider, as follows:

(*i*) Fifty percent of the contract amount shall be allocated to eligible adult learning providers based upon enrollment of participants in adult learning programs. "Enrollment"

means a participant enrolled in the program who received a preenrollment assessment using assessment tools approved by the department of career development and for whom an individual adult learner plan has been developed.

(*ii*) Fifty percent of the contract amount shall be allocated to eligible adult learning providers based upon the following performance standards as measured in a manner approved by the department of career development:

(A) The percentage of participants taking both a pretest and a posttest in English language proficiency, reading, writing, and math.

(B) The percentage of participants showing improvement toward goals identified in their individual adult learner plan.

(C) The percentage of participants achieving their terminal goals as identified in their individual adult learner plan.

(b) Eligible providers that have provided adult learning programs previously under this section shall be reimbursed 100% of the contract amount based upon the performance standards in subdivision (a)(*ii*) as measured in a manner determined by the department of career development.

(c) A provider is eligible for reimbursement for a participant in an adult learning program until the participant's reading, writing, or math proficiency, as applicable, is assessed at workforce readiness levels or the participant fails to show progress on 2 successive assessments as determined by the department of career development.

(d) A provider is eligible for reimbursement for a participant in an English as a second language program until the participant is assessed as having attained basic English proficiency or the participant fails to show progress on 2 successive assessments as determined by the department of career development.

(e) A provider is eligible for reimbursement for a participant in a G.E.D. test preparation program until the participant passes the G.E.D. test or the participant fails to show progress on 2 successive assessments as determined by the department of career development.

(f) A provider is eligible for reimbursement for a participant in a high school completion program until the participant earns a high school diploma or the participant fails to show progress as determined by the department of career development.

(12) A person who is not eligible to be a participant funded under this section may receive adult learning services upon the payment of tuition or fees for service. The tuition or fee level shall be determined by the adult learning provider and approved by the local workforce development board.

(13) Adult learning providers may collect refundable deposits from participants for the use of reusable equipment and supplies and may provide incentives for program completion.

(14) A provider shall not be reimbursed under this section for an individual who is an inmate in a state correctional facility.

(15) In order to administer the partnership for adult learning system under this section, the department of career development shall do all of the following:

(a) Develop and provide guidelines to local workforce development boards for the development of strategic plans that incorporate adult learning.

(b) Develop and provide adult learning minimum program performance standards to be implemented by local workforce development boards.

(c) Identify approved assessment tools for assessing a participant's English language proficiency, reading, math, and writing skills.

(d) Approve workforce readiness standards for English language proficiency, reading, math, and writing skills that can be measured by nationally recognized assessment tools approved by the department of career development.

(16) Of the amount allocated in subsection (1), up to $200,000.00 is allocated to the department of career development for the development and administration of a standardized data collection system. Local workforce development boards and adult learning providers receiving funding under this section shall use the standardized data collection system for enrolling participants in adult learning programs, tracking participant progress, reporting participant outcomes, and reporting other performance measures.

(17) A provider is not required to use certificated teachers or certificated counselors to provide instructional and counseling services in a program funded under this section.

(18) As used in this section:

(a) "Adult education", for the purposes of complying with section 3 of article VIII of the state constitution of 1963, means a high school pupil receiving educational services in a nontraditional setting from a district or intermediate district in order to receive a high school diploma.

(b) "Adult learning program" means a program approved by the department of career development that improves reading, writing, and math skills to workforce readiness standards; an English as a second language program; a G.E.D. preparation program; a high school completion program; or a workforce readiness program that enhances employment opportunities.

(c) "Eligible adult learning provider" means a district, public school academy, intermediate district, community college, university, community-based organization, or other organization approved by the department of career development that provides adult learning programs under a contract with a local workforce development board.

(d) "Participant" means an individual enrolled in an adult learning program and receiving services from an eligible adult learning provider.

(e) "Strategic plan" means a document approved by the department of career development that incorporates adult learning goals and objectives for the local workforce development board region and is developed jointly by the local workforce development board and the education advisory groups.

(f) "Workforce development board" means a local workforce development board established pursuant to the workforce investment act of 1998, Public Law 105-220, 112 Stat. 936, and the school-to-work opportunities act of 1994, Public Law 103-239, 108 Stat. 568, or the equivalent.

(g) "Workforce readiness standard" means a proficiency level approved by the department of career development in English language, reading, writing, or mathematics, or any and all of these, as determined by results from assessments approved for use by the department of career development.

388.1747 Allocations to public school employees' retirement system.

Sec. 147. (1) The allocations for 2001-2002, for 2002-2003, and for 2003-2004 for the public school employees' retirement system pursuant to the public school employees retirement act of 1979, 1980 PA 300, MCL 38.1301 to 38.1408, shall be made using the entry age normal cost actuarial method and risk assumptions adopted by the public school employees retirement board and the department of management and budget. The annual

level percentage of payroll contribution rate is estimated at 12.17% for the 2001-2002 state fiscal year and at 12.99% for the 2002-2003 state fiscal year. The portion of the contribution rate assigned to districts and intermediate districts for each fiscal year is all of the total percentage points. This contribution rate reflects an amortization period of 35 years for 2001-2002, 34 years for 2002-2003, and 33 years for 2003-2004. The public school employees' retirement system board shall notify each district and intermediate district by February 28 of each fiscal year of the estimated contribution rate for the next fiscal year.

(2) It is the intent of the legislature that the amortization period described in section 41(2) of the public school employees retirement act of 1979, 1980 PA 300, MCL 38.1341, be reduced to 30 years by the end of the 2005-2006 state fiscal year by reducing the amortization period by not more than 1 year each fiscal year.

Total state spending; payments to local units of government.

Enacting section 1. In accordance with section 30 of article IX of the state constitution of 1963, total state spending in this amendatory act and in 2002 PA 191, 2001 PA 121, and 2000 PA 297 from state sources for fiscal year 2002-2003 is estimated at $11,490,554,900.00 and state appropriations to be paid to local units of government for fiscal year 2002-2003 are estimated at $11,439,469,500.00. In accordance with section 30 of article IX of the state constitution of 1963, total state spending in this amendatory act from state sources for fiscal year 2003-2004 is estimated at $11,477,080,900.00 and state appropriations to be paid to local units of government for fiscal year 2003-2004 are estimated at $11,431,369,500.00.

Repeal of section 1713 of 2002 PA 519.

Enacting section 2. Section 1713 of 2002 PA 519 (Enrolled Senate Bill No. 1101 of the 91st Legislature) is repealed.

Conditional effective date.

Enacting section 3. This amendatory act does not take effect unless the tax on cigarettes under the tobacco products tax act, 1993 PA 327, MCL 205.421 to 205.436, is increased by 50 cents or more per pack of cigarettes (25 mills per cigarette) effective on or before September 30, 2002 and the revenue from not less than 20 cents per pack of cigarettes (10 mills per cigarette) of that increase is dedicated by law for deposit into the state school aid fund established by section 11 of article IX of the state constitution of 1963.

This act is ordered to take immediate effect.
Approved July 25, 2002.
Filed with Secretary of State July 25, 2002.

[No. 522]

(SB 1103)

AN ACT to make appropriations for the department of education and certain other purposes relating to education for the fiscal year ending September 30, 2003; to provide for the expenditure of the appropriations; to prescribe the powers and duties of certain state departments, school districts, and other governmental bodies; and to provide for the disposition of fees and other income received by certain legal entities and state agencies.

The People of the State of Michigan enact:

PART 2

PROVISIONS CONCERNING APPROPRIATIONS

Total state spending; payments to local units of government.

Sec. 201. Pursuant to section 30 of article IX of the state constitution of 1963, total state spending from state resources under part 1 for fiscal year 2002-2003 is $42,215,900.00 and state spending from state resources to be paid to local units of government for fiscal year 2002-2003 is $16,436,800.00. The itemized statement below identifies appropriations from which spending to units of local government will occur:

GRANTS AND DISTRIBUTIONS	
STATE PROGRAMS:	
Driver education	$ 7,600,000
School readiness grants	1,626,900
Motorcycle safety education	890,000
Off-road vehicle safety training grant	45,000
School lunch and breakfast	6,274,900
TOTAL	$ 16,436,800

Appropriations subject to §§ 18.1101 to 18.1594.

Sec. 202. The appropriations authorized under this act are subject to the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

Definitions.

Sec. 203. As used in this act:

(a) "DED-OESE" means the United States department of education office of elementary and secondary education.

(b) "Department" means the Michigan department of education.

(c) "District" means a local school district as defined in section 6 of the revised school code, 1976 PA 451, MCL 380.6, or a public school academy as defined in section 5 of the revised school code, 1976 PA 451, MCL 380.5.

(d) "FTE" means full-time equated.

Billing by department of civil service.

Sec. 204. The department of civil service shall bill departments and agencies at the end of the first fiscal quarter for the 1% charge authorized by section 5 of article XI of the state constitution of 1963. Payments shall be made for the total amount of the billing by the end of the second fiscal quarter.

Hiring freeze; exceptions.

Sec. 205. (1) A hiring freeze is imposed on the state classified civil service. State departments and agencies are prohibited from hiring any new full-time state classified civil service employees and prohibited from filling any vacant state classified civil service positions. This hiring freeze does not apply to internal transfers of classified employees from 1 position to another within a department.

(2) The state budget director shall grant exceptions to this hiring freeze when the state budget director believes that the hiring freeze will result in rendering a state department or agency unable to deliver basic services, cause loss of revenue to the state, result in the inability of the state to receive federal funds, or would necessitate additional expenditures that exceed any savings from maintaining a vacancy. The department shall transmit all required reports by electronic mail to the chairpersons of the senate and house appropriations subcommittees on education and the house and senate fiscal agencies, including the number of exceptions to the hiring freeze approved during the previous quarter and the reasons to justify the exceptions.

Contingency funds; availability for expenditure.

Sec. 206. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $20,000,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $700,000.00 for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $250,000.00 for local contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(4) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $3,000,000.00 for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this bill under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Reporting requirements; use of Internet.

Sec. 207. Unless otherwise specified, the department shall use the Internet to fulfill the reporting requirements of this act. The department shall place reports on the Internet or Intranet site and shall transmit all required reports by electronic mail to the senate and house appropriations subcommittees on education, the house and senate fiscal agencies, and the state budget office.

Federal funds not requiring additional state matching funds.

Sec. 208. The department may carry into the succeeding fiscal year unexpended federal pass-through funds to local institutions and governments that do not require additional state matching funds. Federal pass-through funds to local institutions and governments that are received in amounts in addition to those included in part 1 and that do not require additional state matching funds are appropriated for the purposes intended.

State board of education agenda.

Sec. 209. The department shall provide the state budget director and the senate and house fiscal agencies with copies of the state board of education agenda and all supporting documents at the time the agenda and supporting documents are provided to state board of education members.

School loan exception fee fund.

Sec. 210. Money in the school loan exception fee fund that is unexpended at the end of the fiscal year shall not revert to the general fund but shall be carried over to the succeeding fiscal year.

Office for safe schools.

Sec. 211. (1) Upon receipt of the federal drug free grant, the department shall allocate $225,000.00 of the grant to the office for safe schools within the department. The office for safe schools shall work with local school boards, law enforcement agencies, community leaders, and the office of drug control policy for the prevention of school violence. The office for safe schools shall develop and implement, and serve as coordinator of, a statewide clearinghouse for information, program development, model programs and policies, and technical assistance on school violence prevention.

(2) To accomplish its functions under this section, the office for safe schools shall do all of the following:

(a) Evaluate the effectiveness of, and make recommendations to local school boards concerning public school violence prevention programs, including, but not limited to, programs aimed at reducing the possession of weapons and the incidence of other violent behaviors on school campuses, violence prevention curricula, conflict resolution and peer mediation training, interagency cooperative referral and treatment programs, parental involvement programs, and school safety planning.

(b) In consultation with appropriate organizations, develop and distribute to school districts and public school academies a model code of conduct for pupils.

(c) Coordinate with the office of drug control policy in the department of community health to ensure that there is a meaningful linkage between the efforts under this act to

provide safe schools and the initiatives undertaken through that office, including, but not limited to, school districts' safe and drug-free school plans, and to facilitate timely applications for and distribution of available grant money.

(d) Provide through the Internet the availability to and information regarding the state model policy on locker searches, the state model policy on firearm safety and awareness, and any other state or local safety policies that the office considers exemplary.

(e) From the funds appropriated in part 1 for safe schools operations, the department shall expend not more than $50,000.00 to advertise the toll-free antiviolence school hotline.

Sexual misconduct; record of disciplinary actions.

Sec. 212. The department shall require all public school districts to maintain complete records within the personnel file of a teacher or school employee of any disciplinary actions taken by the local school board against the teacher or employee for sexual misconduct. The records shall not be destroyed or removed from the teacher's or employee's personnel file except as required by a court order.

Special education auditors.

Sec. 213. From the general funds appropriated in part 1 for special education services, the department shall provide funding for 2.0 special education auditors to audit school districts.

Technology services and projects; user fees.

Sec. 214. From the funds appropriated in part 1 for information technology, the department shall pay user fees to the department of information technology for technology related services and projects. Such user fees shall be subject to provisions of an interagency agreement between the department and the department of information technology.

Information technology as work project; carrying forward funds; availability for expenditure.

Sec. 215. Amounts appropriated in part 1 for information technology may be designated as work projects and carried forward to support technology projects under the direction of the department of information technology. Funds designated in this manner are not available for expenditure until approved as work projects under section 451a of the management and budget act, 1984 PA 431, MCL 18.1451a.

Receipt and retention of reports.

Sec. 216. The departments and state agencies receiving appropriations under this act shall receive and retain copies of all reports funded from appropriations in part 1. The departments and state agencies shall follow federal and state guidelines for short-term and long-term retention of these reports and records.

Privatization; project plan.

Sec. 217. At least 60 days before beginning any effort to privatize, the department shall submit a complete project plan to the appropriate senate and house of representatives appropriations subcommittees and the senate and house fiscal agencies. The plan shall include the criteria under which the privatization initiative will be evaluated. The evaluation shall be completed and submitted to the appropriate senate and house of

representatives appropriations subcommittees and the senate and house fiscal agencies within 30 months.

Purchase of foreign goods or services.

Sec. 218. Funds appropriated in part 1 shall not be used for the purchase of foreign goods or services, or both, if competitively priced and of comparable quality American goods or services, or both, are available. Preference should be given to goods and services, or both, manufactured or provided by Michigan businesses if they are competitively priced and of comparable value.

Businesses in deprived and depressed communities; contracts to provide services or supplies.

Sec. 219. The director of each department receiving appropriations in part 1 shall take all reasonable steps to ensure businesses in deprived and depressed communities compete for and perform contracts to provide services or supplies, or both. Each director shall strongly encourage firms with which the department contracts to subcontract with certified businesses in depressed and deprived communities for services, supplies, or both.

Personal service contracts; report; listing of bid requests.

Sec. 220. (1) The department of management and budget and each principal executive department and agency shall provide to the senate and house of representatives standing committees on appropriations and the senate and house fiscal agencies a monthly report on all personal service contracts awarded without competitive bidding, pricing, or rate-setting. The notification shall include all of the following:

(a) The total dollar amount of the contract.

(b) The duration of the contract.

(c) The name of the vendor.

(d) The type of service to be provided.

(2) For personal service contracts of $100,000.00 or more, the department of management and budget shall provide a monthly report including all of the following:

(a) The total dollar amount of the contract.

(b) The duration of the contract.

(c) The name of the vendor.

(d) The type of service to be provided.

(3) The department of management and budget shall provide a monthly listing of all bid requests or requests for proposal that were issued.

(4) Each principal executive department and agency shall provide a monthly summary listing of information that identifies any authorization for personal service contracts that are provided to the department of civil service pursuant to delegated authority granted to each principal executive department and agency related to personal service contracts.

Sec. 221. From the funds appropriated in part 1, the department may establish a position of school health services consultant, to be filled by a certified school nurse or an individual with comparable education and experience.

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

Early retirement and budgetary savings; satisfaction of negative appropriation.

Sec. 222. (1) The negative appropriation for early retirement savings in part 1 shall be satisfied by savings realized from not filling all of the positions lost due to the early retirement plan for state employees enacted in 2002 PA 93 amendments to the state employees' retirement act, 1943 PA 240, MCL 38.1 to 38.69. Any position funded with 100% of federal or restricted funds is exempt from the early retirement replacement policy.

(2) The negative appropriation for budgetary savings in part 1 shall be satisfied by savings from the hiring freeze imposed under section 205, efficiencies, and other savings identified by the department director and approved by the state budget director.

(3) Appropriation authorization adjustments required due to negative appropriations for early retirement savings and budgetary savings shall be made only after the approval of transfers by the legislature under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

School readiness grants; condition.

Sec. 223. (1) Subject to subsection (2), in addition to the amounts appropriated under part 1, $1,200,000.00 is appropriated to school readiness grants from the state general fund.

(2) The appropriation in subsection (1) shall become effective only if the tax on cigarettes under the tobacco products tax act, 1993 PA 327, MCL 205.421 to 205.436, is increased by 30 cents or more per pack of cigarettes on or before September 30, 2002.

STATE BOARD/OFFICE OF THE SUPERINTENDENT

Members of boards, committees, and commissions; per diem payments; report.

Sec. 301. (1) The appropriations in part 1 may be used for per diem payments to members of boards, committees, and commissions for each day's board, committee, or commission work at which a quorum is present; for attending a hearing as authorized by the respective board, committee, or commission; or for performing official business as authorized by the respective board, committee, or commission. The per diem payments shall be at a rate as follows:

(a) State board of education - president..... $ 110.00 per day

(b) State board of education - member other than president ..... $ 100.00 per day

(c) State tenure commission - member..... $ 50.00 per day

(2) A state board of education member shall not be paid a per diem for more than 30 days per year.

(3) The administrative secretary of the state board of education shall report to the public, the senate and house fiscal agencies, and the state budget director the previous quarter's expenses by fund source for members of the state board of education related to the performance of their responsibilities.

Travel expenditures.

Sec. 302. From the amount appropriated in part 1 to the state board of education, not more than $35,000.00 shall be expended for travel.

MICHIGAN SCHOOLS FOR THE DEAF AND BLIND

Michigan schools for the deaf and blind; annual employees.

Sec. 401. The employees at the Michigan schools for the deaf and blind who work on a school year basis shall be considered annual employees for purposes of service credits, retirement, and insurance benefits.

Student's instructional program; assessment of operating costs.

Sec. 402. For each student enrolled at the Michigan schools for the deaf and blind, the department shall assess the intermediate school district of residence 100% of the cost of operating the student's instructional program. The amount shall exclude room and board related costs and the cost of weekend transportation between the school and the student's home.

Michigan school for the blind's former site in Lansing; rent and leasing agreements.

Sec. 403. (1) The department may assess rent to any state agency for the use of any facility at the Michigan school for the blind's former site in Lansing. The rental rates and all leasing arrangements shall be subject to the approval of the department of management and budget.

(2) In addition to those funds appropriated in part 1, the department may receive and expend additional funds from lease agreements at the Michigan school for the blind's former site in Lansing that have been negotiated with the approval of the department of management and budget. These funds are appropriated to the department for operation, maintenance, and renovation expenses associated with the leased space.

(3) The department shall not rent, lease, or declare as surplus property the superintendent's house on the Michigan school for the blind's former site without prior consent from the house and senate appropriations subcommittees on education. Amounts received under section 107 for general services may be expended by the department for operation, maintenance, and renovation expenses associated with the superintendent's house.

(4) Security guards or other patrols at the Michigan school for the blind's former site shall not be funded through section 108 funds appropriated for the Michigan schools for the deaf and blind.

(5) If the department leases real property to a person or organization that is not a department of state government, the department shall not expend funds in excess of the lease revenue received to replace, renovate, or repair that real property. This section shall not apply to emergency repairs or costs associated with technological renovations.

(6) The department shall not lease real property for less than fair market value.

(7) The unexpended balances of appropriations and any surplus restricted revenue for the former school for the blind site in Lansing shall not lapse to the state general fund at the end of the fiscal year. Any unexpended and unencumbered funds remaining on September 30, 2003 shall be carried forward as a work project or as restricted revenue and expended for special maintenance and repairs of facilities at the former Michigan school for the blind site in Lansing. The work project shall be performed by state employees or by contract when necessary at an estimated cost of $100,000.00. The estimated completion date of the work project is September 30, 2004.

Michigan schools for the deaf and blind in Flint; rental and lease agreements.

Sec. 404. (1) The department may assess rent or lease excess property located on the campus of the Michigan schools for the deaf and blind in Flint to private or publicly funded organizations.

(2) In addition to those funds appropriated in part 1, the department may receive and expend additional funds from lease agreements at the Michigan schools for the deaf and blind Flint campus that have been negotiated with the approval of the department of management and budget. These funds are appropriated to the department for the operation, maintenance, and renovation expenses associated with the leased space.

(3) Proceeds from the sale of surplus property and facilities at the Michigan schools for the deaf and blind are appropriated for the purposes of repairs, renovations, and maintenance of the Flint campus.

(4) The unexpended balances of appropriations for the schools for the deaf and blind operations, and from proceeds of the sale of surplus property and facilities at the Michigan schools for the deaf and blind shall not lapse to the state general fund at the end of the fiscal year. Any unexpended and unencumbered funds remaining on September 30, 2003, shall be carried forward as a work project or as restricted revenue and expended for special maintenance and repairs of facilities at the campus of the Michigan schools for the deaf and blind in Flint. The work shall be carried out by state employees, or by contract as necessary, at an estimated cost of $250,000.00. The estimated completion date of the work is September 30, 2004.

(5) The department shall request the department of civil service to conduct a review of all positions within the Michigan schools for the deaf and blind and consider any appropriate reclassifications.

Medicaid program services; reimbursement.

Sec. 405. The department may assist the department of community health, other departments, and local school districts to secure reimbursement for eligible services provided in Michigan schools from the federal Medicaid program. The department may submit reports of direct expenses related to this effort to the department of community health for reimbursement.

Promotion of residential program; literature distribution.

Sec. 406. (1) The Michigan schools for the deaf and blind may promote its residential program as a possible appropriate option for children who are deaf or hard of hearing or who are blind or visually impaired. The Michigan schools for the deaf and blind shall distribute information detailing its services to all intermediate school districts in the state.

(2) Upon knowledge of or recognition by an intermediate school district that a child in the district is deaf or hard of hearing or blind or visually impaired, the intermediate school district shall provide to the parents of the child the literature distributed by the Michigan schools for the deaf and blind to intermediate school districts under subsection (1).

(3) It is the intent of the legislature that parents continue to have a choice regarding the educational placement of their deaf or hard of hearing children.

Mid-Michigan academy; capital improvements.

Sec. 407. In addition to those funds appropriated in part 1, the department may receive and expend funds from the mid-Michigan academy for capital improvements. The department shall report to the house and senate fiscal agencies on a quarterly basis any expenditures made under this section. These additional funds are appropriated specifically for capital improvements authorized by the department of management and budget and shall be negotiated as part of the lease agreement.

General services.

Sec. 408. The department shall report to the house and senate appropriations subcommittees on education detailed information on the expenditures made from the amount authorized in part 1 quarterly for general services for the Michigan school for the blind's former site.

Use of rental payments.

Sec. 409. The department shall ensure that rental payments made by each tenant for space at the Michigan school for the blind former site are used for operation, maintenance, and renovation expenses associated with the leased space designated in the tenant's lease agreement.

PROFESSIONAL PREPARATION SERVICES

Professional personnel register and certificate revocation/felony conviction files.

Sec. 501. From the funds appropriated in part 1 for professional preparation services, the department shall maintain the professional personnel register and certificate revocation/felony conviction files.

Alternative student teaching program; credit earned through substitute teaching.

Sec. 502. The department shall authorize teacher preparation institutions to provide an alternative program by which up to 1/2 of the required student internship or student teaching credits may be earned through substitute teaching. The department shall require that teacher preparation institutions collaborate with school districts to ensure that the quality of instruction provided to student teachers is comparable to that required in a traditional student teaching program.

Restricted fund balances, projected revenues, and expenditures; annual report.

Sec. 503. (1) By February 15, 2003, the department shall provide the state budget director, house and senate appropriations subcommittees on education, and the senate and house fiscal agencies with an annual report on restricted fund balances, projected revenues, and expenditures for the fiscal years ending September 30, 2002 and September 30, 2003.

(2) It is the intent of the legislature that the department annually review the teacher certification and the teacher testing fund balances and explore ways to minimize the costs to teachers and other educational professionals for services rendered by the department.

EDUCATION OPTIONS, CHARTERS, AND CHOICE

Charter school office.

Sec. 601. (1) From the amount appropriated in part 1 for education options, charters, and choice, there is allocated $350,000.00 and 3.5 FTE positions to operate a charter school office to administer charter school legislation and associated regulations, and to coordinate the activities of the department relating to charter schools.

(2) If an audit finds that a public school district has significantly misrepresented its enrollment membership or financial data to the department, its funding shall be withheld and the public school district shall be required to reimburse the state any appropriations made as a result of the misrepresentations.

GRANTS AND DISTRIBUTIONS

Fund disbursements; restriction; waiver.

Sec. 701. The department shall disburse the funds to a general fund grantee in accordance with the same standards of timing and amount that apply to disbursements made by the department to a federal fund grantee. The disbursement shall be restricted to the minimum amount needed for immediate disbursement by the grantee. The department may waive this section if extenuating circumstances warrant and are substantiated in the grantee's application or other appropriate documentation. A waiver granted pursuant to this section shall not be effective until 15 days after written notice of the proposed waiver is given to the state budget director and the chairpersons of the senate and house appropriations subcommittees having jurisdiction over the department budget.

School breakfast programs.

Sec. 702. The funds appropriated in part 1 for school breakfast programs shall be made available to all eligible applicant public school districts as follows:

(a) The public school district participates in the federal school breakfast program and meets all standards as prescribed by 7 C.F.R. parts 220 and 245.

(b) Payment is made for each breakfast served meeting standards prescribed in subdivision (a).

(c) The payment for a public school district is at a per meal rate equal to the lesser of the district's actual cost, or 100% of the cost of a breakfast served by an efficiently operated breakfast program as determined by the department, less federal reimbursement, participant payments, and other state reimbursement. Determination of efficient cost by the department shall be determined by using a statistical sampling of statewide and regional cost as reported in a manner approved by the department for the preceding school year.

(d) The payment determined under subdivision (c) is prorated if the appropriation in part 1 is not sufficient to fund all payments determined under this section.

School readiness programs.

Sec. 703. (1) The funds appropriated in part 1 for school readiness programs shall be made available through a competitive application process as follows:

(a) An applicant may be any public or private nonprofit legal entity or agency other than a local or intermediate school district except a local or intermediate school district acting as a fiscal agent for a child caring organization regulated under 1973 PA 116, MCL 722.111 to 722.128.

(b) Applications shall be submitted in a form and manner as required by the department.

(c) Applications shall be reviewed by a diverse interagency committee composed of representatives of the department, appropriate community, volunteer, and social service agencies and organizations, and parents.

(d) Priority in the recommendation for awarding of grants by the state board of education to applicants shall be based upon the following criteria:

(*i*) Compliance with standards for early childhood development consistent with programs for 4-year-olds, as approved by the state board of education.

(*ii*) Active and continuous involvement of the parents or guardians of the children participating in the program.

(*iii*) Employment of teachers possessing proper training in early childhood development, including an early childhood (ZA) endorsement or child development associate, and trained support staff.

(*iv*) Evidence of collaboration with the community of providers in early childhood development programs including documentation of the total number of children in the community who would meet the criteria established in subparagraph (*vi*), and who are being served by other providers, and the number of children who will remain unserved by other community early childhood programs if this program is funded.

(*v*) The extent to which these funds will supplement other federal, state, local, or private funds.

(*vi*) The extent to which these funds will be targeted to children who will be at least 4, but less than 5, years of age as of December 1 of the year in which the programs are offered and who show evidence of 2 or more "at-risk" factors as defined in the state board of education report entitled, "children at risk" that was adopted by the state board on April 5, 1988.

(e) Whether the application contains a comprehensive evaluation plan that includes implementation of all program components required and an assessment of the gains of children participating in an early childhood development program.

(f) Applications shall provide for the establishment of a school readiness advisory committee that shall be involved in the planning and evaluation of the program and provides for the involvement of parents and appropriate community, volunteer, and social service agencies and organizations. There shall be on the committee at least 1 parent or guardian of a program participant for every 18 children enrolled in the program, with a minimum of 2 parent or guardian representatives. The committee shall do all of the following:

(*i*) Review the mechanisms and criteria used to determine referrals for participation in the school readiness program.

(*ii*) Review the health screening program for all participants.

(*iii*) Review the nutritional services provided to all participants.

(*iv*) Review the mechanisms in place for the referral of families to community social service agencies, as appropriate.

(*v*) Review the collaboration with and the involvement of appropriate community, volunteer, and social service agencies and organizations in addressing all aspects of education disadvantage.

(*vi*) Review, evaluate, and make recommendations for changes in the school readiness program.

(g) More than 50% of the children participating in the program shall meet the income eligibility criteria for free or reduced price lunch, as determined under the national school lunch act, chapter 281, 60 Stat. 230, 42 U.S.C. 1751 to 1753, 1755 to 1761, 1762a, 1765 to 1766b, and 1769 to 1769h, or meet income and all other eligibility criteria for participation in the Michigan family independence agency unified child day care program.

(2) Grant awards by the superintendent of public instruction may be at whatever level the superintendent determines appropriate. A grant, when combined with other sources of state revenue for this program, shall not exceed $3,300.00 per child or the cost of the program, whichever is less.

(3) Except as otherwise provided, an applicant that receives a 2002-2003 grant under this section shall also receive priority for fiscal years 2003-2004 and 2004-2005 funding. However, after 3 fiscal years of continuous funding, an applicant will be required to compete openly with new programs and other programs completing their third year. All grant awards are contingent on the availability of funds and documented evidence of grantee compliance with standards for early childhood development consistent with programs for 4-year-olds, as approved by the state board of education, and with all operational, fiscal, administrative, and other program requirements. A program which offers supplementary day care and thereby offers full-day programs as part of its early childhood development program shall receive priority in the allocation of competitive funds.

National board certification; application fee.

Sec. 704. From the funds appropriated in part 1 for national board certification, the department shall pay 1/2 of the application fee for teachers who are deemed by the department to be qualified to apply to the national board for professional teaching standards for professional teaching certificates or licenses and to provide grants to recognize and reward teachers who receive certification or licensure.

Innovative program demonstration grants; reports.

Sec. 706. The innovative program demonstration (IPD) grants established under 2000 PA 263 awarded grants to programs in areas of school safety, parental involvement, and curriculum development. No later than September 30, 2002, a district that received funding under the IPD program shall report to the department results achieved by each program. No later than November 29, 2002, the department shall compile the information from each grant recipient and forward a comprehensive report to the house and senate standing committees on education, the house and senate fiscal agencies, the state budget director, and the state board of education. This report shall be compiled in accordance with the requirements of 2000 PA 263. The reports shall be posted on the department's website.

Community service grants; 21st century community learning centers; application; assurance.

Sec. 708. Before expending funds for DED-OESE, title IV, part A, community service grants and DED-OESE, title IV, part B, 21st century community learning centers, the department shall provide an assurance to the United States department of education that the application was developed in consultation and coordination with appropriate state officials, including the chief state school officer, and other state agencies administering before and after school programs, the heads of the state health and mental health agencies or their designees, and representatives of teachers, parents, students, the business community, and community-based organizations.

INFORMATION TECHNOLOGY

Comprehensive educational information system.

Sec. 901. The department shall work in collaboration with the center for educational performance and information to support the comprehensive educational information system and all data collection efforts of the department.

Implementation of § 388.1698.

Sec. 902. The department and the Michigan virtual university shall work collaboratively to implement section 98 of the state school aid act of 1979, 1979 PA 94, MCL 388.1698, in accordance with all applicable federal laws and regulations.

This act is ordered to take immediate effect.
Approved July 25, 2002.
Filed with Secretary of State July 25, 2002.

[No. 523]

(HB 5647)

PROVISIONS CONCERNING APPROPRIATIONS

GENERAL SECTIONS

Total state spending; payments to local units of government.

Sec. 201. Pursuant to section 30 of article IX of the state constitution of 1963, total state spending from state resources under part 1 for fiscal year 2002-2003 is $50,897,500.00 and state spending from state resources to be paid to local units of government for fiscal year 2002-2003 is $24,168,200.00. The itemized statement below identifies appropriations from which spending to units of local government will occur:

DEPARTMENT OF HISTORY, ARTS, AND LIBRARIES		
Arts and cultural grants	$	7,500,000
State aid to libraries		13,327,000
Detroit public library		1,941,900
Grand Rapids public library		134,400
Subregional state aid		561,200
Wayne County library for the blind and physically handicapped		46,600
Renaissance zone reimbursement		657,100
Total department of history, arts, and libraries	$	24,168,200

Appropriations subject to §§ 18.1101 to 18.1594.

Sec. 202. The appropriations authorized under this act are subject to the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

Definitions.

Sec. 203. As used in this appropriation act:

(a) "Department" means the department of history, arts, and libraries.

(b) "Director" means the director of the department of history, arts, and libraries.

(c) "DOI-NPS" means the United States department of interior, national park service.

(d) "Fiscal agencies" means the house fiscal agency and the senate fiscal agency.

(e) "FTE" means full-time equated.

(f) "NEA" means the national endowment for the arts.

(g) "NFAH" means the national foundation of the arts and the humanities.

(h) "Subcommittees" means all members of the appropriate subcommittees of the house and senate appropriations committees.

Billing by department of civil service.

Sec. 204. The department of civil service shall bill departments and agencies at the end of the first fiscal quarter for the 1% charge authorized by section 5 of article XI of the state constitution of 1963. Payments shall be made for the total amount of the billing by the end of the second fiscal quarter.

Hiring freeze; exceptions.

Sec. 205. (1) A hiring freeze is imposed on the state classified civil service. State departments and agencies are prohibited from hiring any new full-time state classified civil service employees and prohibited from filling any vacant state classified civil service positions. This hiring freeze does not apply to internal transfers of classified employees from 1 position to another within a department.

(2) The state budget director shall grant exceptions to this hiring freeze when the state budget director believes that the hiring freeze will result in rendering a state department or agency unable to deliver basic services, cause a loss of revenue to the state, result in the inability of the state to receive federal funds, or would necessitate additional expenditures that exceed any savings from maintaining a vacancy. The state budget director shall report quarterly to the chairpersons of the senate and house standing committees on appropriations the number of exceptions to the hiring freeze approved during the previous quarter and the reasons to justify the exception.

Contingency funds; availability for expenditure.

Sec. 206. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $1,000,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $1,000,000.00 for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $100,000.00 for local contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(4) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $750,000.00 for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Privatization; project plan.

Sec. 207. At least 60 days before beginning any effort to privatize, the department shall submit a complete project plan to the subcommittees and the fiscal agencies. The plan shall include the criteria under which the privatization initiative will be evaluated. The evaluation shall be completed and submitted to the fiscal agencies and to the subcommittees within 30 months.

Reporting requirements; use of Internet.

Sec. 208. Unless otherwise specified, the department shall use the Internet to fulfill the reporting requirements of this act. This may include transmission of reports via electronic mail to the recipients identified for each reporting requirement or it may include placement of reports on the Internet or Intranet site. Quarterly, the department shall provide to the subcommittees, state budget office, and the fiscal agencies an electronic and paper copy listing of the reports submitted during the most recent 3-month period along with the Internet or Intranet site of each report, if any.

Purchase of foreign goods or services.

Sec. 209. Funds appropriated in part 1 shall not be used for the purchase of foreign goods or services, or both, if competitively priced and of comparable quality American goods or services, or both, are available.

Businesses in deprived and depressed communities; contracts to provide services or supplies.

Sec. 210. The director shall take all reasonable steps to ensure businesses in deprived and depressed communities compete for and perform contracts to provide services or supplies, or both. The director shall strongly encourage firms with which the department contracts to subcontract with certified businesses in depressed and deprived communities for services, supplies, or both.

Affirmative action programs.

Sec. 211. The department shall establish and maintain affirmative action programs based on guidelines developed by the state equal opportunity workforce planning council which was created by Executive Order No. 1996-13 in order to receive general fund/general purpose dollars.

Contributions, gifts, bequests, devises, user fees, grants, and donations; acceptance; expenditures.

Sec. 212. In addition to the funds appropriated in part 1, the department may accept contributions, gifts, bequests, devises, user fees, grants, and donations. Funds accepted by the department are appropriated and allotted when received and may be expended immediately upon receipt or at any later time. Those funds that are not expended in the current fiscal year shall not lapse at the close of the fiscal year and may be carried over by the department for expenditure in the following fiscal years.

Technology related services and projects; user fees.

Sec. 213. From the funds appropriated in part 1 for information technology, the department shall pay user fees to the department of information technology for technology related services and projects. These user fees are subject to provisions of an interagency agreement between the department and the department of information technology.

Information technology; designation of amounts as work projects; availability for expenditure.

Sec. 214. Amounts appropriated in part 1 for information technology may be designated as work projects and carried forward to support technology projects under the direction of the department of information technology. Funds designated in this manner are not available for expenditure until approved as work projects under section 451a of the management and budget act, 1984 PA 431, MCL 18.1451a.

Accounting structure; tracking expenditures and revenues within MAIN.

Sec. 215. The department shall maintain an accounting structure within MAIN to track expenditures and revenues of that portion of the library of Michigan-operations line item that are for the purposes of the line item included within 2001 PA 83 entitled "statewide database access".

Early retirement and budgetary savings; satisfaction of negative appropriation.

Sec. 261. (1) The negative appropriation for early retirement savings in part 1 shall be satisfied by savings realized from not filling all of the positions lost due to the early retirement plan for state employees enacted in 2002 PA 93 amendments to the state employees retirement act, 1943 PA 240, MCL 38.1 to 38.69.

(2) The negative appropriation for budgetary savings in part 1 shall be satisfied by savings from the hiring freeze imposed under section 205, efficiencies, and other savings identified by the department director and approved by the state budget director.

(3) Appropriation authorization adjustments required due to negative appropriations for early retirement savings and budgetary savings shall be made only after the approval of transfers by the legislature pursuant to section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Appropriation to arts and cultural grants; condition.

Sec. 262. (1) Subject to subsection (2), in addition to the amounts appropriated under part 1, for the fiscal year ending September 30, 2003, $11,900,000.00 is appropriated to the arts and cultural grants from the state general fund.

(2) The appropriations in subsection (1) shall become effective only if the tax on cigarettes under the tobacco products tax act, 1993 PA 327, MCL 205.421 to 205.436, is increased by 30 cents or more per pack of cigarettes on or before September 30, 2002.

DEPARTMENT OPERATIONS

Members of commissions and boards; per diem payments.

Sec. 301. (1) The funds appropriated in part 1 may be used for per diem payments to the members of commissions, boards, or committees for a full day of commission, board, or committee work at which a quorum is present, for attending a hearing as authorized by the respective commission, board, or committee, or for performing official business as authorized by each respective commission, board, or committee.

(2) The per diem payments shall be $50.00 per day for all commissions and boards.

MICHIGAN COUNCIL FOR ARTS AND CULTURAL AFFAIRS

Arts and cultural grants.

Sec. 401. (1) The Michigan council for arts and cultural affairs in the department shall administer the arts and cultural grants appropriated in part 1. The council shall provide for fair and independent decisions on arts and cultural grant requests based upon published criteria to evaluate program quality. These criteria shall include a prohibition of art projects that include displays of human wastes on religious symbols, displays of sex acts, and depictions of flag desecration. The council shall seek to award grants on an equitable geographic basis to the extent possible given the quality of grant applications received. Priority shall be given to projects that serve multiple counties and that leverage significant additional public and private investment. Counties, cities, villages, townships, community foundations, and organizations, including science museums/centers, may apply for the following categories of grants:

(a) Anchor organization program for organizations that serve a statewide audience. Anchor organizations shall demonstrate a commitment to education, to mentoring smaller organizations, and to reaching underserved audiences.

(b) Arts projects program.

(c) Arts and learning program.

(d) Artists in schools program.

(e) Arts organization development program.

(f) Capital improvement projects.

(g) Local, regional, or statewide arts agencies services program.

(h) Regional regranting program.

(i) Partnership program.

(j) Discretionary grants program.

(k) Rural arts and cultural projects.

(2) Potential applicants, including anchor organizations, that are considered ineligible to apply for grants and applicants that are unsuccessful in obtaining a grant shall be provided by the council with the following:

(a) A written rationale as to why the potential applicant was considered ineligible or why the applicant's grant was not funded.

(b) A description of actions the potential applicant or applicant needs to take in order to become eligible or to receive funding in future years.

(3) The appropriation for arts and cultural grants in part 1 and disbursed under this section shall, at a minimum, be matched on an equal dollar-for-dollar basis from local and private contributions paid and received by each awardee receiving grants under this section. The dollar-for-dollar match may include the reasonable value of services, materials, and equipment as allowed under the federal internal revenue code for charitable contributions subject also to the preapproval of such a match by the Michigan council for arts and cultural affairs. The council shall receive proof of the entire amount of the matching funds, services, materials, or equipment by the end of the award period.

(4) Before any amount appropriated for arts and cultural grants in part 1 may be expended for a grant to eligible applicants for the purposes in this section, the department shall execute a grant agreement with each grantee. The grant agreement shall specify the criteria included in this section with which the application complies. The grant agreement shall include a list of the projects funded.

(5) Counties, cities, villages, townships, community foundations, and organizations receiving funds under this section shall provide the Michigan council for arts and cultural affairs with the following:

(a) A final report covering the grant period within 30 days after the end of the grant period indicating at least the following:

(*i*) Project revenues and expenditures indicating grant matching fund amounts.

(*ii*) Number of patrons attracted or benefiting during the grant period.

(*iii*) A narrative summary of each project and its outcome.

(b) Awardees receiving grants greater than $100,000.00 shall also submit a report as identified in subdivision (a) on an interim basis by April 7 of the grant year.

(6) Within 1 day following the final council vote, the department shall provide a list of grant awardees to the subcommittees and each legislator whose district is receiving a grant from arts and cultural grants funds appropriated in part 1.

(7) The applicants for arts and cultural grants funds shall be charged a nonrefundable application fee of $100.00 or 1% of the grant, whichever is less. The application fee may be used by the department to recover direct and indirect costs as appropriated in part 1.

(8) It is the intent of the legislature that the Michigan council for arts and cultural affairs continue to take appropriate steps to ensure that all organizations receiving state arts anchor organization grants have combined grant awards, as defined in subsection (10), of no more than 15.0% of operating revenue for the fiscal year ending September 30, 2005 and beyond. As used in this subsection, "operating revenue" is defined in the same manner as it was defined during the fiscal year 2000 state arts anchor organization application process.

(9) The council shall continue and expand its efforts to encourage and support nonprofit arts and cultural organizations transitioning from solely volunteer-based organizations to professional directed operations. This includes the provision of funds and services from the arts organization development, partnership, arts projects, anchor organization, and regional regranting programs as well as the rural arts and culture initiative to support professional development within these organizations. Criteria for support include the requirement of collaboration between these organizations and other community organizations.

(10) Any organizations receiving grants within the anchor organization program category in excess of 10.0% of their operating revenue, as defined in subsection (8), for the fiscal year ending September 30, 2002, shall not receive a combined grant award from all grant categories, except the partnership program, that is greater than the combined grant award from these categories that the organization received for the fiscal year ending September 30, 2002.

(11) The council shall provide for fair, equitable, and efficient distribution of funds granted through the regional regranting program. The council shall provide for an annual assessment of grant management and distribution of mini-grant awards by designated regional regranting agencies and review the methodology employed.

(12) The council shall make every effort to provide total grant awards in the anchor organization program at a level not to exceed 65% of the total amount appropriated for arts and cultural grants.

(13) The department shall submit 2 annual reports to the appropriations subcommittees, the state budget office, and the fiscal agencies as follows:

(a) The first report is due 30 days after the council makes the annual grant awards. The report shall contain the following:

(*i*) A listing of each applicant.

(*ii*) The county of residence of an applicant.

(*iii*) The amount awarded.

(*iv*) The amount requested.

(*v*) The grant category under which an applicant applied.

(*vi*) A summary of projects funded for each awardee.

(*vii*) The expected number of patrons for an applicant during the grant period.

(*viii*) The amount of matching funds proposed by an applicant.

(*ix*) The review score for each application.

(*x*) A listing containing the information in subparagraphs (*i*) to (*iii*) for any regranted funds in the preceding fiscal year.

(b) The second report is due when materials are first distributed by the council seeking grant applications for the subsequent fiscal year. The report shall contain the following:

(*i*) The guidelines by which the council awards grants.

(*ii*) A summary of any changes in the program guidelines from the previous fiscal year.

(*iii*) A summary of any initiatives the council is taking to improve public access to the arts and culture, including, but not limited to, the use of technology applications.

MICHIGAN HISTORICAL PROGRAM

Historic site preservation grants.

Sec. 501. The federal funds appropriated in part 1 for the historic site preservation grants are for work projects and shall not lapse at the end of the fiscal year but shall continue to be available for expenditure until the projects for which the funds were reserved have been completed or are terminated. The purpose of these work projects is the identification, designation, and preservation of historic resources. The method used will be to solicit applications from eligible recipients, score applications based upon established criteria, and award the contracts and subgrants. The total cost is $1,348,000.00 and the tentative completion date is September 30, 2003.

Collection of certain funds; purpose; lapse.

Sec. 502. Funds collected by the department under sections 3, 6, 7, and 7a of 1913 PA 271, MCL 399.3, 399.6, 399.7, and 399.7a, are appropriated to the department for the purpose for which they were received and shall not lapse to the general fund at the end of the fiscal year.

Museum store.

Sec. 503. For purposes of administering the museum store as provided in section 7a of 1913 PA 271, MCL 399.7a, the department is exempt from section 261 of the management and budget act, 1984 PA 431, MCL 18.1261.

Michigan lighthouses.

Sec. 504. (1) From the state funds appropriated in part 1, the department may award discretionary historical grants to preserve Michigan lighthouses. The department may award up to $152,700.00 in grants for this purpose and may use a portion of those funds to assist in the transfer of lighthouses from federal ownership. A portion of the funds may also be dedicated to program administration and project coordination.

(2) The department shall allocate grant funds under this section pursuant to eligibility and scoring requirements established by the department. The method used will be to solicit applications from eligible recipients, score applications based on the established criteria, and award grants through executed contracts.

(3) Grants under this section may be awarded for purposes of stabilization, rehabilitation, or other preservation work on a Michigan lighthouse, but shall not be awarded for operational purposes. The department shall not allocate a grant under this section that exceeds $40,000.00.

(4) The funds appropriated in part 1 and allocated by this section are for work projects. The funds shall not lapse to the general fund at the end of the fiscal year but shall remain available in subsequent fiscal years, until funds have been expended, the projects for which the funds were reserved have been completed, or the projects are terminated, whichever occurs first. The tentative date for completion is September 30, 2004.

Michigan freedom trail commission.

Sec. 505. From the funds appropriated in part 1 for historical administration and services, $71,200.00 shall be allocated to support the operations of the Michigan freedom trail commission as specified in section 4 of the Michigan freedom trail commission act, 1998 PA 409, MCL 399.84. These funds shall be used to reimburse commission members, to pay for necessary contractual services of the commission, and to hire not more than 1.0 FTE position in the department's Michigan historical center to support commission operations.

Designation of property as state historic site; application fee.

Sec. 506. (1) In addition to the funds appropriated in part 1, the department shall collect an application fee of $250.00 for each application submitted under section 1 of 1955 PA 10, MCL 399.151, for property designated as a state historic site.

(2) The department shall deposit the fees collected under subsection (1) in a separate revolving fund. Any revenue remaining in the fund at the end of the fiscal year shall not lapse to the general fund but shall remain available for future expenditures. The department may expend any revenues in the fund immediately upon receipt. Expenditures shall be made only for the purpose of correcting, repairing, or replacing numbered markers erected pursuant to section 2 of 1955 PA 10, MCL 399.152.

LIBRARY OF MICHIGAN

Subregional library services.

Sec. 651. The funds appropriated in part 1 to the library of Michigan for subregional state aid shall only be expended if the local unit of government agrees to maintain local support at the same level of local support expended for subregional library services in the local unit of government's immediately preceding fiscal year. A reduction in local expenditures that equally affects all agencies within a local unit of government shall not be interpreted as a replacement of local financial or in-kind support with state aid funds.

Library services to blind and persons with disabilities.

Sec. 652. The funds appropriated in part 1 for a subregional library shall not be released until a budget for that subregional library has been approved by the department for expenditures for library services directly serving the blind and persons with disabilities. Subregional state aid shall be used only for providing services to the blind and to persons with disabilities.

Databases; availability.

Sec. 653. The funds appropriated in part 1 for statewide database access shall be used only for making computerized databases, searches of those databases, and the products of those searches available through the libraries of Michigan. Only those libraries that qualify under the federal library services and technology act, subtitle B of title II of the museum and library services act, title II of the arts, humanities, and cultural affairs act of 1976, Public Law 94-462, 110 Stat. 3009-295, are eligible to participate in this project.

Reimbursements to public libraries.

Sec. 654. From the state general fund/general purpose appropriation in part 1, there is allocated $657,100.00 to reimburse public libraries as provided by section 12 of the

Michigan renaissance zone act, 1996 PA 376, MCL 125.2692, for property taxes levied in 2002. Reimbursements shall be made in amounts to each eligible recipient not later than 60 days after the department of treasury certifies to the department that it has received all necessary information to properly determine the amounts due each eligible recipient under section 12(4) of the Michigan renaissance zone act, 1996 PA 376, MCL 125.2692. Any excess allocations shall lapse to the general fund.

Grand Rapids and Detroit public libraries; use of funds.

Sec. 655. The department shall submit a report on or before October 31, 2003, to the senate and house standing committees on appropriations that details the use of funds appropriated in part 1 within the Grand Rapids public library appropriation line and the grant to the Detroit public library appropriation line.

This act is ordered to take immediate effect.
Approved July 25, 2002.
Filed with Secretary of State July 25, 2002.

[No. 524]

(SB 1102)

AN ACT to make appropriations for the department of corrections and certain state purposes related to corrections for the fiscal year ending September 30, 2003; to provide for the expenditure of the appropriations; to provide for reports; to provide for the creation of certain advisory committees and boards; to prescribe certain powers and duties of the department of corrections, certain other state officers and agencies, and certain advisory committees and boards; to provide for the collection of certain funds; and to provide for the disposition of fees and other income received by certain state agencies.

The People of the State of Michigan enact:

PART 2

PROVISIONS CONCERNING APPROPRIATIONS

GENERAL SECTIONS

Total state spending; payments to local units of government.

Sec. 201. Pursuant to section 30 of article IX of the state constitution of 1963, total state spending from state resources under part 1 for fiscal year 2002-2003 is $1,674,237,600.00

and state spending from state resources to be paid to local units of government for fiscal year 2002-2003 is $78,221,300.00. The itemized statement below identifies appropriations from which spending to units of local government will occur:

DEPARTMENT OF CORRECTIONS		
Field operations - assumption of county probation staff	$	36,690,200
Prosecutorial and detainer expenses		4,051,000
Public service work projects		9,400,000
Community corrections comprehensive plans and services		13,033,000
Community corrections probation residential centers		14,997,000
Community corrections public education and training		50,000
Regional jail program		100
TOTAL	$	78,221,300

Appropriations subject to §§ 18.1101 to 18.1594.

Sec. 202. The appropriations authorized under this act are subject to the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

Definitions.

Sec. 203. As used in this act:

(a) "Department" or "MDOC" means the Michigan department of corrections.

(b) "DOJ" means the United States department of justice.

(c) "FTE" means full-time equated.

(d) "IDG" means interdepartmental grant.

(e) "IDT" means intradepartmental transfer.

(f) "MDCH" means the Michigan department of community health.

(g) "MDSP" means the Michigan department of state police.

(h) "OCC" means community corrections.

Billing by department of civil service.

Sec. 204. The department of civil service shall bill departments and agencies at the end of the first fiscal quarter for the 1% charge authorized by section 5 of article XI of the state constitution of 1963. Payments shall be made for the total amount of the billing by the end of the second fiscal quarter.

Hiring freeze; exceptions.

Sec. 205. (1) A hiring freeze is imposed on the state classified civil service. State departments and agencies are prohibited from hiring any new full-time state classified civil service employees and prohibited from filling any vacant state classified civil service positions. This hiring freeze does not apply to internal transfers of classified employees from 1 position to another within a department.

(2) The state budget director shall grant exceptions to this hiring freeze when the state budget director believes that the hiring freeze will result in rendering a state department or agency unable to deliver basic services, cause loss of revenue to the state, result in the inability of the state to receive federal funds, or would necessitate additional expenditures that exceed any savings from maintaining a vacancy. The state budget director shall report quarterly to the chairpersons of the senate and house standing committees on appropriations the number of exceptions to the hiring freeze approved during the previous quarter and the reasons to justify the exception.

Contingency funds; availability for expenditure.

Sec. 206. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $20,000,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $5,000,000.00 for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $500,000.00 for local contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(4) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $500,000.00 for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Privatization; project plan.

Sec. 207. At least 120 days before beginning any effort to privatize, the department shall submit a complete project plan to the appropriate senate and house of representatives appropriations subcommittees and the senate and house fiscal agencies. The plan shall include the criteria under which the privatization initiative will be evaluated. The evaluation shall be completed and submitted to the appropriate senate and house of representatives appropriations subcommittees and the senate and house fiscal agencies within 30 months.

Reporting requirements; use of Internet.

Sec. 208. Unless otherwise specified, the department shall use the Internet to fulfill the reporting requirements of this act. This may include transmission of reports via electronic mail to the recipients identified for each reporting requirement or it may include placement of reports on an Internet or Intranet site.

Purchase of foreign goods or services.

Sec. 209. Funds appropriated in part 1 should not be used for the purchase of foreign goods or services, or both, if competitively priced and of comparable quality American goods and services, or both, are available. Preference should be given to goods and services, or both, manufactured or provided by Michigan businesses if they are competitively priced and of comparable value.

Businesses in deprived and depressed communities; contracts for services or supplies.

Sec. 210. The director of each department receiving appropriations in part 1 shall take all reasonable steps to ensure businesses in deprived and depressed communities compete for and perform contracts to provide services or supplies, or both. Each director shall strongly encourage firms with which the department contracts to subcontract with certified businesses in depressed and deprived communities for services, supplies, or both.

Controlled substance test; basis for denial of employment.

Sec. 211. (1) Pursuant to the provisions of civil service rules and regulations and applicable collective bargaining agreements, individuals seeking employment with the department shall submit to a controlled substance test. The test shall be administered by the department.

(2) Individuals seeking employment with the department who refuse to take a controlled substance test or who test positive for the illicit use of a controlled substance on such a test shall be denied employment.

Revenues and fees; limitation.

Sec. 212. The department may charge fees and collect revenues in excess of appropriations in part 1 not to exceed the cost of offender services and programming, employee meals, academic/vocational services, custody escorts, compassionate visits, union steward activities, public work programs, and emergency services provided to units of government. The revenues and fees collected shall be appropriated for all expenses associated with these services and activities.

Violent crime control and law enforcement act of 1994; state match requirements.

Sec. 213. Of the state general fund/general purpose revenue appropriated in part 1, $565,784,200.00 represents a state spending increase over the amount provided to the department for the fiscal year ending September 30, 1994, and may be used to meet state match requirements of programs contained in the violent crime control and law enforcement act of 1994, Public Law 103-322, 108 Stat. 1796, or successor grant programs, so that any additional federal funds received shall supplement funding provided to the department in part 1.

Michigan youth correctional facility; reports.

Sec. 215. The department shall provide quarterly reports on the Michigan youth correctional facility to the members of the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, and the state budget director. The reports shall provide information relevant to an assessment of the safety and security of the institution, including, but not limited to, information on the number of critical incidents by type occurring at the facility, the number of custody staff at the facility, staff turnover rates, staff vacancy rates, overtime reports, prisoner grievances, and number and severity of assaults occurring at the facility. The reports also shall provide information on programming available at the facility and on program enrollments, including, but not limited to, academic/vocational programs, counseling programs, mental health treatment programs, substance abuse treatment programs, and cognitive restructuring programs.

Michigan youth correctional facility; duty of contract monitor to provide manual.

Sec. 216. The department shall require the contract monitor for the Michigan youth correctional facility to provide a manual to each prisoner at intake that details programs and services available at the facility, the processes by which prisoner complaints and grievances can be pursued, and the identity of staff available at the facility to answer questions regarding the information in the manual. The contract monitor shall obtain written verification of receipt from each prisoner receiving the manual. The contract monitor also shall answer prisoner questions regarding facility programs, services, and grievance procedures.

Management services; copy of invitation to bid, request for proposals, or similar document.

Sec. 217. As a condition of expending funds appropriated in part 1 for the Michigan youth correctional facility, the department shall provide a copy of any invitation to bid, request for proposals, or similar document pertaining to management services for the Michigan youth correctional facility to the chair and vice-chairs of the senate and house

appropriations subcommittees on corrections on the same day that the invitation to bid, request for proposals, or similar document is released to potential bidders and other members of the public.

Hepatitis C prevention; dissemination of information.

Sec. 218. The bureau of health care services shall develop information on hepatitis C prevention and the risks associated with exposure to hepatitis C, and the health care providers shall disseminate this information verbally and in writing to each prisoner at the health screening and full health appraisal conducted at admissions, at the annual health care screening 1 week before or after a prisoner's birthday, and prior to release to the community by parole, transfer to community residential placement, or discharge on the maximum.

Academic and vocational programs; report.

Sec. 222. By April 1, 2003, the department shall report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, and the state budget director on academic/vocational programs. The report shall provide information relevant to an assessment of the department's academic and vocational programs, including, but not limited to, the following:

(a) The number of prisoners enrolled in each program, the number of prisoners completing each program, and the number of prisoners on waiting lists for each program.

(b) The steps the department has undertaken to improve programs and reduce waiting lists.

(c) An explanation of the value and purpose of each program, e.g., to improve employability, reduce recidivism, reduce prisoner idleness, or some combination of these and other factors.

(d) An identification of program outcomes for each academic and vocational program.

(e) An explanation of the department's plans for academic and vocational programs.

Restricted fund balances, projected revenues, and expenditures; annual report.

Sec. 224. By February 15, 2003, the department shall provide the house and senate appropriations subcommittees on corrections, the house and senate fiscal agencies, and the state budget director with an annual report on restricted fund balances, projected revenues, and expenditures for the fiscal years ending September 30, 2002 and September 30, 2003.

Technology related services and projects; user fees.

Sec. 259. From the funds appropriated in part 1 for information technology, the department shall pay user fees to the department of information technology for technology related services and projects. Such user fees shall be subject to provisions of an interagency agreement between the department and the department of information technology.

Information technology; designation as work project.

Sec. 260. Amounts appropriated in part 1 for information technology may be designated as work projects and carried forward to support technology projects under the direction of the department of information technology. Funds designated in this manner are not available for expenditure until approved as work projects under section 451a of the management and budget act, 1984 PA 431, MCL 18.1451a.

Early retirement savings; satisfaction of negative appropriation; adjustments.

Sec. 261. (1) The negative appropriation for early retirement savings in part 1 shall be satisfied by savings realized from not filling all of the positions lost due to the early retirement plan for state employees enacted in 2002 PA 93 amendments to the state employees retirement act, 1943 PA 240, MCL 38.1 to 38.69.

(2) Appropriation authorization adjustments required due to negative appropriations for early retirement savings shall be made only after the approval of transfers by the legislature pursuant to section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Additional amounts appropriated; condition; ALT test.

Sec. 262. (1) Subject to subsection (2), in addition to the amounts appropriated under part 1, the following amounts are appropriated for the fiscal year ending September 30, 2003:

(a) $800,000.00 appropriated to the county jail reimbursement program from the state general fund.

(b) $500,000.00 appropriated to the vaccination program from the state general fund.

(c) $170,000.00 appropriated to academic/vocational programs from the state general fund.

(d) $15,000.00 appropriated to Northern region clinical complexes from the state general fund.

(e) $20,000.00 appropriated to Southeastern region clinical complexes from the state general fund.

(f) $15,000.00 appropriated to Southwestern region clinical complexes from the state general fund.

(2) The appropriations in subsection (1) shall become effective only if the tax on cigarettes under the tobacco products tax act, 1993 PA 327, MCL 205.421 to 205.436, is increased by 30 cents or more per pack of cigarettes on or before September 30, 2002.

(3) If the appropriations in subsection (1) become effective pursuant to subsection (2), the department, from the funds appropriated in part 1, shall offer an alanine aminotransferase (ALT) test to each prisoner who has received positive parole action. An explanation of results of the test shall be provided confidentially to the prisoner prior to release on parole, and if appropriate based on the test results, the prisoner shall also be provided a recommendation to seek follow-up medical attention in the community. The test shall be voluntary; if the prisoner refuses to be tested, that decision shall not affect parole release, conditions of parole, or parole supervision.

SUBSTANCE ABUSE TESTING AND TREATMENT

Alcohol and drug involvement; screening and assessment; treatment priority.

Sec. 301. (1) The department shall screen and assess each prisoner for alcohol and other drug involvement to determine the need for further treatment. The assessment

process shall be designed to identify the severity of alcohol and other drug addiction and determine the treatment plan, if appropriate.

(2) Subject to the availability of funding resources, the department shall provide substance abuse treatment to prisoners with priority given to those prisoners who are most in need of treatment and who can best benefit from program intervention based on the screening and assessment provided under subsection (1).

Residential substance abuse treatment services funds; report.

Sec. 302. (1) In expending residential substance abuse treatment services funds appropriated by this act, the department shall ensure to the maximum extent possible that residential substance abuse treatment services are available statewide.

(2) It is the intent of the legislature that the funds appropriated in part 1 for substance abuse testing and treatment be fully expended for that purpose.

(3) By July 1, 2003, the department shall report to the senate and house appropriations subcommittees on corrections and the senate and house fiscal agencies on the allocation, distribution, and expenditure of all funds appropriated by the substance abuse testing and treatment line item. The report shall include, but not be limited to, an explanation of an anticipated year-end balance, the number of participants in substance abuse programs, and the number of offenders on waiting lists for residential substance abuse programs. Information required by this subsection shall, where possible, be separated by MDOC administrative region and by offender type, including, but not limited to, a distinction between prisoners, parolees, and probationers.

EXECUTIVE

Prison population projection updates.

Sec. 401. The department shall submit 3-year and 5-year prison population projection updates by February 1, 2003 to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, and the state budget director.

Technical rule violator program, community residential program, electronic tether program, and special alternative to incarceration program; reports.

Sec. 402. The department shall prepare by April 1, 2003 individual reports for the technical rule violator program, the community residential program, the electronic tether program, and the special alternative to incarceration program. The reports shall be submitted to the house and senate appropriations subcommittees on corrections, the house and senate fiscal agencies, and the state budget director. The reports shall include the following:

(a) Monthly new participants.

(b) Monthly participant unsuccessful terminations, including cause.

(c) Number of successful terminations.

(d) End month population by facility/program.

(e) Average length of placement.

(f) Return to prison statistics.

(g) Description of program location(s), capacity, and staffing.

(h) Sentencing guideline scores and actual sentence statistics for participants, if applicable.

(i) Comparison with prior year statistics.

(j) Analysis of the impact on prison admissions and jail utilization and the cost effectiveness of the program.

County jail services staff.

Sec. 403. From the funds appropriated in part 1, the department shall continue to maintain county jail services staff sufficient to enable the department to continue to fulfill its functions of providing technical support, inspections of county jails, and maintenance of the jail reimbursement program.

Ratios; report.

Sec. 404. The department shall report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, and the state budget director by April 1, 2003 on the ratio of correctional officers to prisoners for each correctional institution, the ratio of shift command staff to line custody staff, and the ratio of noncustody institutional staff to prisoners for each correctional institution.

Probation and parole technical violations; prison alternatives.

Sec. 405. (1) The department shall review and revise as necessary policy proposals that provide alternatives to prison for offenders being sentenced to prison as a result of technical probation violations and technical parole violations. To the extent the department has insufficient policies or resources to affect the continued increase in prison commitments among these offender populations, the department shall explore other policy options to allow for program alternatives, including department or OCC-funded programs, local level programs, and programs available through private agencies that may be used as prison alternatives for these offenders.

(2) To the extent policies or programs described in subsection (1) are used, developed, or contracted for, the department may request that funds appropriated in part 1 be transferred under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393, for their operation.

(3) The department shall continue to utilize parole violator processing guidelines that require parole agents to utilize all available appropriate community-based, nonincarcerative postrelease sanctions and services when appropriate. The department shall periodically evaluate such guidelines for modification, in response to emerging information from the pilot projects for substance abuse treatment provided under this act and applicable provisions of prior budget acts for the department.

(4) By March 1, 2003, the department shall report to the senate and house appropriations subcommittees on corrections, senate and house fiscal agencies, and state budget director on the effect that any recommended policy changes for technical violators of parole and technical violators of probation would have on admission to prison and jail and the impact on other program alternatives.

ADMINISTRATION AND PROGRAMS

Housing and custody of parole violators and offenders; reimbursement to counties.

Sec. 501. From the funds appropriated in part 1 for prosecutorial and detainer expenses, the department shall reimburse counties for housing and custody of parole violators and offenders being returned by the department from community placement who are available for return to institutional status and for prisoners who volunteer for placement in a county jail.

FIELD OPERATIONS ADMINISTRATION

Caseload audit of field agents.

Sec. 601. From the funds appropriated in part 1, the department shall conduct a statewide caseload audit of field agents. The audit shall address public protection issues and assess the ability of the field agents to complete their professional duties. The results of the audit shall be submitted to the senate and house appropriations subcommittees on corrections and the senate and house fiscal agencies, and the state budget office by September 30, 2003.

Community service work program.

Sec. 602. (1) Of the amount appropriated in part 1 for field operations, a sufficient amount shall be allocated for the community service work program and shall be used for salaries and wages and fringe benefit costs of community service coordinators employed by the department to supervise offenders participating in work crew assignments. Funds shall also be used to cover motor transport division rates on state vehicles used to transport offenders to community service work project sites.

(2) The community service work program shall provide offenders with community service work of tangible benefit to a community while fulfilling court-ordered community service work sanctions and other postconviction obligations.

(3) As used in this section, "community service work" means work performed by an offender in an unpaid position with a nonprofit or tax-supported or government agency for a specified number of hours of work or service within a given time period.

Electronic tether program.

Sec. 603. (1) All prisoners, probationers, and parolees involved with the electronic tether program shall reimburse the department for the equipment costs and telephone charges associated with their participation in the program. The department may require community service work reimbursement as a means of payment for those able-bodied individuals unable to pay for the cost of the equipment.

(2) Program participant contributions and local community tether program reimbursement for the electronic tether program appropriated in part 1 are related to program expenditures and may be used to offset expenditures for this purpose.

(3) Included in the appropriation in part 1 is adequate funding to implement the community tether program to be administered by the department. The community tether program is intended to provide sentencing judges and county sheriffs in coordination with local community corrections advisory boards access to the state's electronic tether program

to reduce prison admissions and improve local jail utilization. The department shall determine the appropriate distribution of the tether units throughout the state based upon locally developed comprehensive corrections plans pursuant to the community corrections act, 1988 PA 511, MCL 791.401 to 791.414.

(4) For a fee determined by the department, the department will provide counties with the tether equipment, replacement parts, administrative oversight of the equipment's operation, notification of violators, and periodic reports regarding county program participants. Counties are responsible for tether equipment installation and service and apprehension of program violators. For an additional fee as determined by the department, the department will provide staff to install and service the equipment. Counties are responsible for the coordination and apprehension of program violators.

(5) Any county with tether charges outstanding over 60 days shall be considered in violation of the community tether program agreement and lose access to the program.

Community-placement prisoners and parolees; reimbursement for operational costs.

Sec. 604. Community-placement prisoners and parolees shall reimburse the department for the operational costs of the program. As an alternative method of payment, the department may develop a community service work schedule for those individuals unable to meet reimbursement requirements established by the department.

Uniform rate; establishment.

Sec. 605. The department shall establish a uniform rate to be paid by agencies that benefit from public work services provided by special alternative incarceration participants and prisoners.

COMMUNITY CORRECTIONS

Reintegration of offender into community; programs and services.

Sec. 701. The office of community corrections shall provide and coordinate the delivery and implementation of services in communities to facilitate successful offender reintegration into the community. Programs and services to be offered shall include, but are not limited to, technical assistance for comprehensive corrections plan development, new program start-up funding, program funding for those programs delivering services for eligible offenders in geographic areas identified by the office of community corrections as having a shortage of available services, technical assistance, referral services for education, employment services, and substance abuse and family counseling. As used in this act:

(a) "Alternative to incarceration in a state facility or jail" means a program that involves offenders who receive a sentencing disposition which appears to be in place of incarceration in a state correctional facility or jail based on historical local sentencing patterns or which amounts to a reduction in the length of sentence in a jail.

(b) "Goal" means the intended or projected result of a comprehensive corrections plan or community corrections program to reduce prison commitment rates, to reduce the length of stay in a jail, or to improve the utilization of a jail.

(c) "Jail" means a facility operated by a local unit of government for the physical detention and correction of persons charged with or convicted of criminal offenses.

(d) "Offender eligibility criteria" means particular criminal violations, state felony sentencing guidelines descriptors, and offender characteristics developed by advisory boards and approved by local units of government that identify the offenders suitable for community corrections programs funded through the office of community corrections.

(e) "Offender target population" means felons or misdemeanants who would likely be sentenced to imprisonment in a state correctional facility or jail, who would not increase the risk to the public safety, who have not demonstrated a pattern of violent behavior, and who do not have criminal records that indicate a pattern of violent offenses.

(f) "Offender who would likely be sentenced to imprisonment" means either of the following:

(*i*) A felon or misdemeanant who receives a sentencing disposition that appears to be in place of incarceration in a state correctional facility or jail, according to historical local sentencing patterns.

(*ii*) A currently incarcerated felon or misdemeanant who is granted early release from incarceration to a community corrections program or who is granted early release from incarceration as a result of a community corrections program.

Community corrections comprehensive plans funds.

Sec. 702. (1) The funds included in part 1 for community corrections comprehensive plans and services are to encourage the development through technical assistance grants, implementation, and operation of community corrections programs that serve as an alternative to incarceration in a state facility or jail. The comprehensive corrections plans shall include an explanation of how the public safety will be maintained, the goals for the local jurisdiction, offender target populations intended to be affected, offender eligibility criteria for purposes outlined in the plan, and how the plans will meet the following objectives, consistent with section 8(4) of the community corrections act, 1988 PA 511, MCL 791.408:

(a) Reduce admissions to prison of nonviolent offenders who would have otherwise received an active sentence, including probation violators.

(b) Improve the appropriate utilization of jail facilities, the first priority of which is to open jail beds intended to house otherwise prison-bound felons, and the second priority being to appropriately utilize jail beds so that jail crowding does not occur.

(c) Open jail beds through the increase of pretrial release options.

(d) Reduce the readmission to prison of parole violators.

(e) Reduce the admission or readmission to prison of offenders, including probation violators and parole violators, for substance abuse violations.

(2) The award of community corrections comprehensive plans funds shall be based on criteria that include, but are not limited to, the prison commitment rate by category of offenders, trends in prison commitment rates and jail utilization, historical trends in community corrections program capacity and program utilization, and the projected impact and outcome of annual policies and procedures of programs on prison commitment rates and jail utilization.

(3) Funds awarded for probation residential centers in part 1 shall provide for a per diem reimbursement of not more than $43.00.

Comprehensive corrections plans; contents.

Sec. 703. The comprehensive corrections plans shall also include, where appropriate, descriptive information on the full range of sanctions and services which are available and utilized within the local jurisdiction and an explanation of how jail beds, probation residential services, the special alternative incarceration program (boot camp), probation detention centers, the electronic monitoring program for probationers, and treatment and rehabilitative services will be utilized to support the objectives and priorities of the comprehensive corrections plan and the purposes and priorities of section 8(4) of the community corrections act, 1988 PA 511, MCL 791.408. The plans shall also include, where appropriate, provisions that detail how the local communities plan to respond to sentencing guidelines found in chapter XVII of the code of criminal procedure, 1927 PA 175, MCL 777.1 to 777.69, and the use of the county jail reimbursement program pursuant to section 706 of this act. The state community corrections board shall encourage local community corrections boards to include in their comprehensive corrections plans strategies to collaborate with local alcohol and drug treatment agencies of the department of community health for the provision of alcohol and drug screening, assessment, case management planning, and delivery of treatment to alcohol- and drug-involved offenders, including, but not limited to, probation and parole violators who are at risk of revocation.

Prison admissions and jail utilization; impact of community corrections act.

Sec. 704. (1) As part of the March biannual report specified under section 12(2) of the community corrections act, 1988 PA 511, MCL 791.412, which requires an analysis of the impact of that act on prison admissions and jail utilization, the department shall submit to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, and the state budget director the following information for each county and counties consolidated for comprehensive corrections plans:

(a) Approved technical assistance grants and comprehensive corrections plans including each program and level of funding, the utilization level of each program, and profile information of enrolled offenders.

(b) If federal funds are made available, the number of participants funded, the number served, the number successfully completing the program, and a summary of the program activity.

(c) Status of the community corrections information system and the jail population information system.

(d) Data on probation residential centers, including participant data, participant sentencing guideline scores, program expenditures, average length of stay, and bed utilization data.

(e) Offender disposition data by sentencing guideline range, by disposition type, number and percent statewide and by county, current year, and comparisons to prior 3 years.

(2) The report required under subsection (1) shall include the total funding allocated, program expenditures, required program data, and year-to-date totals.

Basic jail data; identification and coordination of information.

Sec. 705. (1) The department shall identify and coordinate information regarding the availability of and the demand for community corrections programs, jail-based community corrections programs, and basic state-required jail data.

(2) The department shall be responsible for the collection, analysis, and reporting of state-required jail data.

(3) As a prerequisite to participation in the programs and services offered through the department, counties shall provide basic jail data to the department.

Housing and custody of convicted felons; county jail reimbursement program.

Sec. 706. (1) The department shall administer a county jail reimbursement program from the funds appropriated in part 1 for the purpose of reimbursing counties for housing in jails felons who otherwise would have been sentenced to prison.

(2) The county jail reimbursement program shall reimburse counties for housing and custody of convicted felons if the conviction was for a crime committed before January 1, 1999 and 1 of the following applies:

(a) The felon would otherwise have been sentenced to a state prison term with a minimum sentencing guidelines range minimum of 12 months or more.

(b) The felon was convicted of operating a motor vehicle under the influence of intoxicating liquor or a controlled substance, or a combination of both, third or subsequent offense, under section 625(8)(c) of the Michigan vehicle code, 1949 PA 300, MCL 257.625, or its predecessor statute, punishable as a felony.

(c) The felon was sentenced under section 11 or 12 of chapter IX of the code of criminal procedure, 1927 PA 175, MCL 769.11 and 769.12.

(3) The county jail reimbursement program shall reimburse counties for housing and custody of convicted felons if the conviction was for a crime committed on or after January 1, 1999 and 1 of the following applies:

(a) The felon was convicted of operating a motor vehicle under the influence of intoxicating liquor or a controlled substance, or a combination of both, third or subsequent offense, under section 625(8)(c) of the Michigan vehicle code, 1949 PA 300, MCL 257.625, or its predecessor statute, punishable as a felony.

(b) The felon's sentencing guidelines recommended range upper limit is more than 18 months, the felon's sentencing guidelines recommended range lower limit is 12 months or less, the felon's prior record variable score is 35 or more points, and the felon's sentence is not for commission of a crime in crime class G or crime class H under chapter XVII of the code of criminal procedure, 1927 PA 175, MCL 777.1 to 777.69.

(c) The felon's minimum sentencing guidelines range minimum is more than 12 months.

(4) State reimbursement under this section for prisoner housing and custody expenses per diverted offender shall be $42.00 per diem for up to a 1-year total. However, if the tax on cigarettes under the tobacco products tax act, 1993 PA 327, MCL 205.421 to 205.436, is increased by 30 cents or more per pack of cigarettes on or before September 30, 2002, state reimbursement for prisoner housing and custody expenses per diverted offender under the county jail reimbursement program under this section shall be $43.50 per diem for up to a 1-year total.

(5) From the funds appropriated in part 1 for the county jail reimbursement program, the department shall contract for an ongoing study to determine the impact of the new legislative sentencing guidelines. The study shall analyze sentencing patterns of jurisdictions as well as future patterns in order to determine and quantify the population impact on prisons and jails of the new guidelines as well as to identify and define felon or crime characteristics or sentencing guidelines scores that indicate a felon is a prison diversion. The department shall contract for a local and statewide study for this purpose

and provide periodic reports regarding the status and findings of the study to the house and senate appropriations subcommittees on corrections, the house and senate fiscal agencies, and the state budget director.

(6) The department, the Michigan association of counties, and the Michigan sheriffs' association shall review the periodic findings of the study required in subsection (5) and, if appropriate, recommend modification of the criteria for reimbursement contained in subsection (3)(b) and (c). Any recommended modification shall be forwarded to the house and senate appropriations subcommittees on corrections and the state budget office.

(7) The department shall reimburse counties for offenders in jail based upon the reimbursement eligibility criteria in place on the date the offender was originally sentenced for the reimbursable offense.

(8) County jail reimbursement program expenditures shall not exceed the amount appropriated in part 1 for this purpose. Payments to counties under the county jail reimbursement program shall be made in the order in which properly documented requests for reimbursements are received. A request shall be considered to be properly documented if it meets MDOC requirements for documentation. The department shall by October 15, 2002 distribute the documentation requirements to all counties.

Probation detention program.

Sec. 708. (1) From the funds appropriated in part 1 for probation residential centers, funds are allocated for the operation of a probation detention program in a county that has adopted a charter pursuant to 1966 PA 293, MCL 45.501 to 45.521. The probation detention program shall have a capacity of 100 beds. The department shall provide the program administrator monthly with 90-day projections of the numbers of beds expected to be needed for probationers and parolees in Phase II residential placement under section 4(2) of the special alternative incarceration act, 1988 PA 287, MCL 798.14, and the program administrator shall make beds available as necessary to house probationers and parolees entering Phase II residential placement.

(2) Funds awarded for probation residential centers in part 1 shall provide for a per diem reimbursement of not more than $43.00.

(3) Payments under this section for operation of the probation detention program shall be made at the same rates applicable to disbursement of other funds awarded under the probation residential centers line item, not to exceed a total expenditure of $1,569,500.00.

(4) The purpose of the probation detention program is to reduce the admission to prison of probation violators by providing a community punishment program within a secure environment with 24-hour supervision and programming with an emphasis on structured daily activities. Programming shall include, but need not be limited to, the following components that may be provided directly or by referral:

(a) Orientation and assessment.

(b) Substance abuse counseling.

(c) Life skills counseling.

(d) Education.

(e) Employment preparation.

(f) Vocational training.

(g) Employment.

(h) Community service.

(i) Physical training.

(j) Cognitive skill training.

(5) The probation detention program shall reduce the admission to prison of probation violators directly or indirectly by providing a program for direct sentencing of felony probation violators who likely would be prison-bound based on historical local sentencing practices or by removing probation violators from jail with a resulting increase in the number of jail beds available and used for felons who otherwise would be likely to be sentenced to prison based on historical local sentencing practices.

(6) The operation of the probation detention program shall be included in an approved community corrections comprehensive plan for the county described in subsection (1) pursuant to the community corrections act, 1988 PA 511, MCL 791.401 to 791.414, and shall be consistent with sections 701, 702, and 703.

(7) The comprehensive plan shall specify the programs, eligibility criteria, referral, and enrollment process, the assessment and client-specific planning case management process, a program design that includes a variable length of stay based on assessed need, and the evaluation methodology to show the impact of the program on prison admissions and recidivism.

(8) The length of stay for a probationer or parolee in Phase II residential placement shall be at the department's discretion based on the offender assessment and client-specific planning case management process and the offender's progress at meeting the case management objectives, but shall not exceed 120 days.

(9) The department shall require the program administrator to report not later than March 1, 2003 to the state budget director, the senate and house fiscal agencies, and the senate and house appropriations subcommittees on corrections concerning the program's impact on prison admissions and recidivism including, but not limited to, the numbers of offenders released from the probation detention program who are arrested for a felony offense within 1 year of their termination from the program.

Comprehensive corrections plan; request for funds; noncompliance.

Sec. 711. (1) As a condition of receipt of the funds appropriated in section 105 for community corrections plans and services and probation residential centers, the department shall only award those funds requested under a properly prepared and approved comprehensive corrections plan submitted under section 8 of the community corrections act, 1988 PA 511, MCL 791.408, or directly applied for under section 10 of the community corrections act, 1988 PA 511, MCL 791.410.

(2) The department shall only halt funding for an entity funded under section 8 of the community corrections act, 1988 PA 511, MCL 791.408, in instances of substantial noncompliance during the period covered by the plan.

CONSENT DECREES

Consent decree costs and expenditures; creation of separate control accounts.

Sec. 801. Funding appropriated in part 1 for consent decree line items is appropriated into separate control accounts created for each line item. Funding in each control account shall be distributed as necessary into separate accounts created for the purpose of separately identifying costs and expenditures associated with each consent decree.

HEALTH CARE

Prisoner sex change; expenditure of funds prohibited; exception.

Sec. 901. The department shall not expend funds appropriated under part 1 for any surgery, procedure, or treatment to provide or maintain a prisoner's sex change unless it is determined medically necessary by a physician.

Prisoner health care services; payment status from contractors to vendors.

Sec. 902. (1) As a condition of expenditure of the funds appropriated in part 1, the department shall report to the senate and house appropriations subcommittees on corrections on January 1, 2003 and July 1, 2003 the status of payments from contractors to vendors for health care services provided to prisoners, as well as the status of the contracts, and an assessment of prisoner health care quality.

(2) It is the intent of the legislature that, in the interest of providing the most efficient and cost-effective delivery of health care, local health care providers shall be considered and given the opportunity to competitively bid as vendors under future managed care contracts.

Nurses; hiring or retaining.

Sec. 903. There are sufficient funds and FTEs appropriated in part 1 to provide a full complement of nurses for clinical complexes working regular pay hours and it is the intent of the legislature that sufficient nurses be hired or retained to limit the use of overtime other-than-holiday pay.

Privatization of pharmacy services; cost/benefit analysis; report.

Sec. 904. From the funds allocated in part 1 for health care services, the department shall conduct a 1-year cost/benefit analysis of privatizing pharmacy services and shall report the findings of this 1-year cost/benefit analysis to the senate and house appropriations subcommittees on corrections and the senate and house fiscal agencies not less than 120 days before any effort to privatize pharmacy services unless a report is completed prior to October 1, 2002.

Hospital and specialty care; invitation to bid, requests for proposals, or simular documents.

Sec. 905. As a condition of expending funds appropriated in part 1 for hospital and specialty care or other correctional managed care health care services, the department shall provide a copy of any invitation to bid, request for proposals, or similar document pertaining to hospital and specialty care or other correctional managed care health care services to the chair and vice-chairs of the senate and house appropriations subcommittees on corrections on the same day that the invitation to bid, request for proposals, or similar document is released to potential bidders and other members of the public.

Ambulance services; reimbursement.

Sec. 906. It is the intent of the legislature that, with the funds appropriated in part 1 for hospital and specialty care services, the department shall ensure that local providers

of ambulance services to prisoners be reimbursed within 60 days of the filing of any uncontested claim for service.

INSTITUTIONAL OPERATIONS

Smoking areas; designation.

Sec. 1001. As a condition of expenditure of the funds appropriated in part 1, the department shall ensure that smoking areas are designated for use by prisoners and staff at each facility. At a minimum, all outdoor areas within each facility's perimeter shall be designated for smoking, except that smoking may be forbidden within 20 feet of any building designated as nonsmoking or smoke-free.

Children's visitation; pilot program.

Sec. 1002. From the funds appropriated in part 1, the department shall allocate sufficient funds to develop a pilot children's visitation program. The pilot program shall teach parenting skills and arrange for day visitation at these facilities for parents and their children, except for the families of prisoners convicted of a crime involving criminal sexual conduct in which the victim was less than 18 years of age or involving child abuse.

Internet; access prohibited.

Sec. 1003. The department shall prohibit prisoners access to or use of the Internet or any similar system.

Exposure of employee to hepatitis B virus; vaccination.

Sec. 1004. Any department employee who, in the course of his or her job, is determined by a physician to have had a potential exposure to the hepatitis B virus, shall receive a hepatitis B vaccination upon request.

Inmate housing fund.

Sec. 1006. (1) The inmate housing fund shall be used for the custody, treatment, clinical, and administrative costs associated with the housing of prisoners other than those specifically budgeted for elsewhere in this act. Funding in the inmate housing fund is appropriated into a separate control account. Funding in the control account shall be distributed as necessary into separate accounts created to separately identify costs for specific purposes.

(2) Quarterly reports on all expenditures from the inmate housing fund shall be submitted by the department to the state budget director, the senate and house appropriations subcommittees on corrections, and the senate and house fiscal agencies.

Cognitive restructuring programs.

Sec. 1008. It is the intent of the legislature that from the funds appropriated in part 1 for prison operations the department maintain on a voluntary basis 1 or more cognitive restructuring programs such as Project CHANGE for high-security-level prisoners.

This act is ordered to take immediate effect.
Approved July 25, 2002.
Filed with Secretary of State July 25, 2002.

[No. 525]

(SB 1106)

AN ACT to make appropriations for the department of natural resources for the fiscal years ending September 30, 2002 and September 30, 2003; to provide for the expenditure of those appropriations; to create funds and accounts; to require reports; to prescribe certain powers and duties of certain state agencies and officials; to authorize certain transfers by certain state agencies; and to provide for the disposition of fees and other income received by the various state agencies.

The People of the State of Michigan enact:

PART 2

PROVISIONS CONCERNING APPROPRIATIONS

GENERAL SECTIONS

Total state spending; payments to local units of government.

Sec. 201. Pursuant to section 30 of article IX of the state constitution of 1963, total state spending from state resources under part 1 for fiscal year 2002-2003 is $222,060,700.00 and state spending from state resources to be paid to local units of government for fiscal year 2002-2003 is $25,750,000.00. The itemized statement below identifies appropriations from which spending to units of local government will occur:

DEPARTMENT OF NATURAL RESOURCES		
PAYMENTS IN LIEU OF TAXES		
Swamp and tax reverted lands	$	7,071,500
Purchased lands taxes		11,614,800
Commercial forest reserve		2,691,700
GRANTS		
Grants to counties - marine safety	$	3,230,000
Snowmobile law enforcement		1,142,000
TOTAL	$	25,750,000

Authorizations subject to §§ 18.1101 to 18.1594.

Sec. 202. The appropriations authorized under this act are subject to the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

Definitions.

Sec. 203. As used in this act:

(a) "Commission" means the commission of natural resources.

(b) "DAG" means the United States department of agriculture.

(c) "Department" means the department of natural resources.

(d) "DOC" means the United States department of commerce.

(e) "DOD" means the United States department of defense.

(f) "DOE" means the United States department of energy.

(g) "DOI" means the United States department of interior.

(h) "DOI-MMS" means DOI minerals management service.

(i) "DOT" means the United States department of transportation.

(j) "EPA" means the United States environmental protection agency.

(k) "FTE" means full-time equated.

(*l*) "IDG" means interdepartmental grant.

(m) "IDT" means intradepartmental transfer.

(n) "IGLFC" means the international Great Lakes fish commission.

Billing by department of civil service.

Sec. 204. The department of civil service shall bill departments and agencies at the end of the first fiscal quarter for the 1% charge authorized by section 5 of article XI of the state constitution of 1963. Payments shall be made for the total amount of the billing by the end of the second fiscal quarter.

Hiring freeze; exceptions.

Sec. 205. (1) Beginning October 1, a hiring freeze is imposed on the state classified civil service. State departments and agencies are prohibited from hiring any new full-time state classified civil service employees and prohibited from filling any vacant state classified civil service positions. This hiring freeze does not apply to internal transfers of classified employees from 1 position to another within a department.

(2) The state budget director shall grant exceptions to this hiring freeze when the state budget director believes that the hiring freeze will result in rendering a state department or agency unable to deliver basic services, cause loss of revenue to the state, result in the inability of the state to receive federal funds, or necessitate additional expenditures that exceed any savings from maintaining a vacancy. The state budget director shall report quarterly to the chairpersons of the senate and house of representatives standing committees on appropriations the number of exceptions to the hiring freeze approved during the previous quarter and the reasons to justify the exception.

(3) It is the intent of the legislature that vacancies resulting from an early retirement program offered to the state civil service after January 1, 2002 are exempt from the hiring freeze imposed by subsection (1). Early retirement vacancies shall be filled at a rate necessary to ensure that the department's mission of conservation, protection, management, use, and enjoyment of the state's natural resources for current and future generations is not impaired.

Contingency funds; availability for expenditure.

Sec. 206. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $3,000,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $5,000,000.00 for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $100,000.00 for local contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(4) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $500,000.00 for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Privatization; project plan.

Sec. 207. At least 120 days before beginning any effort to privatize, the department shall submit a complete project plan to the appropriate senate and house of representatives appropriations subcommittees and the senate and house fiscal agencies. The plan shall include the criteria under which the privatization initiative will be evaluated. The evaluation shall be completed and submitted to the appropriate senate and house of representatives appropriations subcommittees and the senate and house fiscal agencies within 30 months.

Reporting requirements; use of Internet.

Sec. 208. Unless otherwise specified in this act, the department shall use the Internet to fulfill the reporting requirements of this act. This may include transmission of reports via electronic mail to the recipients identified for each reporting requirement or it may include placement of reports on an Internet or Intranet site.

Purchase of foreign goods or services.

Sec. 209. Funds appropriated in part 1 should not be used for the purchase of foreign goods or services, or both, if competitively priced American goods or services, or both, of comparable quality are available. Preference should be given to goods or services, or both, manufactured or provided by Michigan businesses if they are competitively priced and of comparable value.

Grant and loan programs; reports.

Sec. 210. (1) From funds appropriated under part 1, the department shall prepare a report that lists all of the following regarding grant, loan, or grant and loan programs administered by the department for the fiscal year ending on September 30, 2003:

(a) The name of each program.

(b) The goals, criteria, filing fees, nominating procedures, eligibility requirements, processes, and deadlines for each program.

(c) The maximum and minimum grant and loan available and whether there is a match requirement for each program.

(d) The amount of any required match, and whether in-kind contributions may be used as part or all of a required match.

(e) Information pertaining to the application process, timeline for each program, and the contact people within the department.

(f) The source of funds for each program, including the citation of pertinent authorizing acts.

(g) Information regarding plans for the next fiscal year for the phaseout, expansion, or changes for each program.

(h) A listing of all recipients of grants or loans awarded by the department by type and amount of grant or loan during the fiscal year ending September 30, 2002.

(2) The reports required under this section shall be submitted to the state budget director, the senate and house appropriations committees and the senate and house fiscal agencies by January 1, 2003.

Restricted game and fish protection funds; amounts.

Sec. 211. Appropriations of state restricted game and fish protection funds have been made to the following departments and agencies in their respective appropriation bills. The amounts appropriated to these departments and agencies are limited to the amounts listed below:

Department of civil service	$	293,200
Legislative auditor general		21,400
Attorney general		640,800
Department of management and budget		233,200
Department of treasury		4,200

Restricted fund balances, projected revenues; and expenditures; report.

Sec. 212. By February 15, 2003, the department shall provide the state budget director, the senate and house appropriations subcommittees on natural resources, and the senate and house fiscal agencies with an annual report on estimated restricted fund balances, projected revenues, and expenditures for the fiscal years ending September 30, 2002 and September 30, 2003.

Receipt and retention of reports.

Sec. 213. The departments and state agencies receiving appropriations under this act shall receive and retain copies of all reports funded from appropriations in part 1. These departments and state agencies shall follow federal and state guidelines for short-term and long-term retention of these reports. The requirements of this section are satisfied if the reports funded from appropriations in part 1 are retained in electronic format.

Michigan state waterways commission; operations report; list of projects; priority.

Sec. 214. (1) Before January 16, 2003, the department, in cooperation with the Michigan state waterways commission, shall report to the executive budget office, the senate and house fiscal agencies, and the senate and house of representatives appropriations subcommittees on natural resources detailing operations of the Michigan state waterways commission for the preceding 1-year period.

(2) The department, in cooperation with the Michigan state waterways commission, shall determine which projects should be acquired or developed with money from the state waterways fund or harbor development fund and shall submit to the executive budget office, the senate and house fiscal agencies, and the senate and house of representatives appropriations subcommittees on natural resources in January 2003 a list of those projects, compiled in order of priority. The list shall be accompanied by estimates of total costs for the proposed projects.

(3) The department, in cooperation with the Michigan state waterways commission, shall supply with each list under subsection (2) a statement of the guidelines used in listing and assigning the priority of these projects.

Allocation of restricted funds; plan.

Sec. 215. The department shall develop a plan for allocating restricted funds among department administrative support and regulatory activities. This plan shall be submitted

to the house and senate appropriations subcommittees on natural resources by January 30, 2003. This plan shall include a cost allocation plan for financial services support, office space rent and building occupancy charges, support division service for information systems and technology, and a methodology to use information generated through activity reports that identifies the percentage of employee time spent on restricted fund activities.

Game and fish protection trust fund; appropriation to game and fish protection fund.

Sec. 219. Pursuant to section 43703(3) of the natural resources and environmental protection act, 1994 PA 451, MCL 324.43703, there is appropriated from the game and fish protection trust fund to the game and fish protection fund, $6,000,000.00 for the fiscal year ending September 30, 2003.

EXECUTIVE

Per diem payments to commission members.

Sec. 301. The appropriations in part 1 for the commission may be used for per diem payments to the members of the commission or of committees of the commission for a full day of commission or committee work at which a quorum is present, for attending a hearing as authorized by the commission or committee, or for performing official business as authorized by the commission or committee. The per diem payment for members of the commission shall be $75.00.

Habitat improvement and treatment projects.

Sec. 302. On June 15, 2003, the department shall submit to the house and senate appropriations subcommittees on natural resources and the house and senate fiscal agencies a report on fish, game, and nongame habitat improvement and treatment projects completed or planned during the fiscal year ending September 30, 2002 and the fiscal year ending September 30, 2003. This report shall include a list of all habitat treatment and improvement projects by management unit. This list shall be accompanied by all of the following information:

(a) The target species of wildlife or fish to benefit from unit projects.

(b) The number of acres or, for an inland lake, river, or stream, the number of feet treated or improved, the county in which the project is located, and the methods of treatment or improvement.

(c) The division with lead responsibility for the projects and all organizations involved in the projects, including, but not limited to, department personnel, contractors, or subcontractors.

(d) The total cost per acre and the funding sources supporting management unit projects. The report shall identify the program line item supporting project expenditures.

(e) A separate summary, by fund or subfund, of all projects completed in the fiscal year ending September 30, 2002 or the fiscal year ending September 30, 2003.

ADMINISTRATIVE SERVICES

Engineering services.

Sec. 401. The department may charge the appropriations contained in part 1, including all special maintenance and capital projects appropriated for the fiscal year ending

September 30, 2003, for engineering services provided, a standard percentage fee to recover actual costs. The department may use the revenue derived to support the engineering services charges provided for in part 1.

Fishing guide; contents.

Sec. 402. The department shall prominently display in a prominent place in the fishing guide provided to each licensed fisher, the website for the department of community health. In addition, the fishing guide shall include information on alternative sources where interested parties without Internet access may find information on fish advisories issued by the department of community health.

Land acquisition projects; cost recovery fee.

Sec. 403. The department may charge land acquisition projects appropriated for the fiscal year ending September 30, 2003, and for prior fiscal years, a standard percentage fee to recover actual costs, and may use the revenue derived to support the land acquisition service charges provided for in part 1.

Land sale fund.

Sec. 404. The land sale fund is created. An amount equal to the cost of personal services, printing, postage, advertising, contractual services, and facility rental associated with tax reverted lands shall be deducted from the sales and credited to the land sale fund.

WILDLIFE MANAGEMENT

Livestock losses; indemnification payments to department of agriculture.

Sec. 601. Of the funds appropriated in section 105, the department shall reimburse the department of agriculture for costs incurred for indemnification payments for livestock losses caused by wolves under the animal industry act of 1987, 1988 PA 466, MCL 287.701 to 287.745.

Bovine tuberculosis control efforts; report.

Sec. 602. By April 1, 2003 and September 30, 2003, the department shall report to the state budget director, the senate and house appropriations subcommittees on natural resources, and the senate and house fiscal agencies on spending from the amounts appropriated in part 1 for bovine tuberculosis control efforts. The report shall include, but not be limited to, information on activities at the animal diagnostic laboratory at Michigan State University that are funded with appropriations in part 1.

Chronic wasting disease; treatment and mitigation plan.

Sec. 604. Of the amount appropriated in section 105 for wildlife management, $10,000.00 is appropriated to study available options and develop a strategic plan for the treatment and mitigation of chronic wasting disease in Michigan wildlife populations. This plan shall be provided to the house and senate appropriations subcommittees on natural resources and environmental quality and the house and senate fiscal agencies not later than September 30, 2003.

FISHERIES MANAGEMENT

Water control structures; certification.

Sec. 701. The department shall not impede the certification process for water control structures on Michigan waterways. The department shall fund from funds appropriated in part 1 all non-water-quality studies or requirements that the department requests of either of the following:

(a) The department of environmental quality as a condition for issuance of a certification under section 401 of the federal water pollution control act, title IV of chapter 758, 86 Stat. 877, 33 U.S.C. 1341.

(b) The federal energy regulatory commission as a condition of licensing under the federal power act, chapter 285, 41 Stat. 1063, 16 U.S.C. 791a to 793, 796 to 797, 798 to 818, 820 to 824a, and 824b to 825r.

Stream habitat improvement; grants.

Sec. 702. (1) From the appropriation in section 106 for stream habitat improvement, not more than $758,000.00 shall be allocated for grants to watershed councils, resource development councils, soil conservation districts, local governmental units, and other nonprofit organizations for stream habitat stabilization and soil erosion control.

(2) The fisheries division of the department shall develop priority and cost estimates for all recommended projects.

PARKS AND RECREATION

Appropriation to Michigan state parks endowment fund.

Sec. 801. Pursuant to section 1902(2) of the natural resources and environmental protection act, 1994 PA 451, MCL 324.1902, there is appropriated from the Michigan natural resources trust fund to the Michigan state parks endowment fund an amount not to exceed $10,000,000.00 for the fiscal year ending September 30, 2003.

Michigan civilian conservation corps; use of federal funds.

Sec. 802. Federal corporation for national and community service (AmeriCorps) or office of homeland security funding that is available to the state may be provided to increase appropriations for the Michigan civilian conservation corps, pursuant to section 206.

State park reports; construction involving camp closures; occupancy rates.

Sec. 803. (1) The department shall prepare detailed reports for construction projects in state parks that will involve campsite or campground closures. These reports shall include expected costs, impacts on recreation opportunities, impacts on state park revenues, and the expected impact on state park users. The department shall also prepare reports on average monthly campground occupancy rates for every state park during the 2002 summer season. The department shall provide reports described in this subsection to the house and senate appropriations subcommittees on natural resources and environmental quality and the house and senate fiscal agencies not later than April 1, 2003.

(2) The department shall notify the house and senate appropriations subcommittees on natural resources and environmental quality and the house and senate fiscal agencies if it intends to reduce operations or reduce recreation opportunities at any state park or recreation area.

FOREST, MINERAL, AND FIRE MANAGEMENT

Timber harvesting; impact report.

Sec. 901. Of the funds appropriated in part 1, the department shall prescribe appropriate treatment on 63,000 acres, plus or minus 10%, at the current average rate of 12.5 to 13 cords per acre provided that the department shall take into consideration the impact of timber harvesting on wildlife habitat and recreation uses. In addition, the department shall take into consideration silvicultural analysis and report annually to the legislature on plans and efforts to address factors limiting management of timber.

Old growth forest stewardship strategy.

Sec. 902. The department is encouraged to continue workgroup efforts to develop an old growth forest stewardship strategy. It is the intent of the legislature that "old growth" means forest stands that are of pre-1880 origin.

Marking timber; employment of additional foresters.

Sec. 903. The department shall spend amounts appropriated in part 1 for forest-related activities to employ or contract for additional foresters to mark timber, pursuant to section 901.

Timber management responsibilities; delegation by U.S. department of agriculture.

Sec. 904. The appropriation in part 1 for federal forest management is contingent upon the delegation of timber management responsibilities by the U.S. department of agriculture. Additional funding may be provided for this purpose, pursuant to section 206.

Waste material disposal.

Sec. 905. The appropriation for the adopt-a-forest program in part 1 shall be used to cover the cost of disposing of waste material collected from state forest lands.

Forest camping fees.

Sec. 906. Forest camping fees shall not be assessed for dispersed camping in Michigan state forests.

Collapse of abandoned mine shaft; emergency costs.

Sec. 907. In addition to the funds appropriated in section 108, $350,000.00 is appropriated to cover costs related to any declared emergency involving the collapse of any abandoned mine shaft located on state land. This appropriation shall not be expended unless the state budget director recommends the expenditure and the department notifies the house and senate committees on appropriations.

LAW ENFORCEMENT

Enforcement of snowmobile trails; grants.

Sec. 1001. The appropriation in section 113 for snowmobile law enforcement grants shall be used to provide grants to county law enforcement agencies in counties with state snowmobile trails to enforce part 821 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.82101 to 324.82160, including rules promulgated under that part and ordinances enacted pursuant to that part. The department shall consider the number of enforcement hours and the number of miles of trails in each county

in allocating these grants. Any funds not distributed to counties revert back to the local law enforcement fund. Counties shall provide semiannual and annual reports to the department.

PAYMENTS IN LIEU OF TAXES

Sec. 1051. Of the amounts appropriated in part 1 for purchased land taxes, $1,897,600.00 is appropriated from the environmental protection fund created in section 503a of the natural resources and environmental protection act, 1994 PA 451, MCL 324.503a.

GRANTS

Local fire protection departments; grants.

Sec. 1101. The amount appropriated in part 1 for federal-rural community fire protection shall be awarded as grants to local fire protection departments. To be eligible, local fire protection departments shall be located in governmental units or fire protection districts with permanent populations of less than 10,000 and with publicly owned forested land.

Additional federal funds not requiring state matching funds.

Sec. 1102. Federal pass-through funds to local institutions and governments that are received in amounts in addition to those included in part 1 for grants to communities - federal oil, gas, and timber payments and that do not require additional state matching funds are appropriated for the purposes intended. The department shall report to the senate and house appropriations subcommittees on natural resources, the senate and house fiscal agencies, and the state budget office on all amounts appropriated under this section.

Disposition of federal funding from land and water conservation fund.

Sec. 1103. (1) The use of federal funding received by the state from the land and water conservation fund and appropriated in part 1 shall be coordinated with state grants to local units of government from the Michigan natural resources trust fund. The coordination of the two funding sources shall be conducted in a manner that minimizes the total matching funds required from local units of government for local land acquisition or recreational development projects.

(2) The board of the Michigan natural resources trust fund shall report on the final disposition of federal funding from the land and water conservation fund in the board's annual report to the legislature.

Off-road vehicle area.

Sec. 1104. Of the amount appropriated in section 113 for off-road vehicle trail improvement grants, not less than $25,000.00 shall be available for a county that contains a state park off-road vehicle area and applies for law enforcement assistance to regulate off-road vehicle use.

INFORMATION TECHNOLOGY

Schedule of rates, user fees, and charges or assessments.

Sec. 1201. The department of information technology shall establish a schedule of rates, user fees, and charges or assessments for standard services and information system support requirements to be made to departments for technology related services and projects. This schedule, as well as copies of related interagency agreements, shall be provided to the state budget office and the house and senate committees on appropriations before October 1, 2002.

Designation of amounts as work projects; availability.

Sec. 1202. Amounts appropriated in part 1 for information technology may be designated as work projects and carried forward to support technology projects under the direction of the department of information technology. Funds designated in this manner are not available for expenditure until approved as work projects under section 451a of the management and budget act, 1984 PA 431, MCL 18.1451a.

EARLY RETIREMENT AND BUDGETARY SAVINGS

Early retirement and budgetary savings; satisfaction of negative appropriation; adjustments.

Sec. 1301. (1) The negative appropriation for early retirement savings in part 1 shall be satisfied by savings realized from not filling all of the positions lost due to the early retirement plan for state employees enacted in 2002 PA 93 amendments to the state employees' retirement act, 1943 PA 240, MCL 38.1 to 38.69.

(2) The negative appropriation for budgetary savings in part 1 shall be satisfied by savings from the hiring freeze imposed under section 205, efficiencies, and other savings identified by the department director and approved by the state budget director.

(3) Appropriation authorization adjustments required due to negative appropriations for early retirement savings and budgetary savings shall be made only after the approval of transfers by the legislature pursuant to section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

PART 2A

Billing by department of civil service.

Sec. 204. The department of civil service shall bill departments and agencies at the end of the first fiscal quarter for the 1% charge authorized by section 5 of article XI of the state constitution of 1963. Payments shall be made for the total amount of the billing by the end of the second fiscal quarter.

Hiring freeze; exceptions.

Sec. 205. (1) Beginning October 1, a hiring freeze is imposed on the state classified civil service. State departments and agencies are prohibited from hiring any new full-time state classified civil service employees and prohibited from filling any vacant state classified civil service positions. This hiring freeze does not apply to internal transfers of classified employees from 1 position to another within a department.

(2) The state budget director shall grant exceptions to this hiring freeze when the state budget director believes that the hiring freeze will result in rendering a state department or agency unable to deliver basic services, cause loss of revenue to the state, result in the inability of the state to receive federal funds, or necessitate additional expenditures that exceed any savings from maintaining a vacancy. The state budget director shall report by the last business day of each month to the chairpersons of the senate and house of representatives standing committees on appropriations the number of exceptions to the hiring freeze approved during the previous month and the justification for the exception.

Contingency funds; availability for expenditure.

Sec. 206. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $10,000,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $3,500,000.00 for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $1,000,000.00 for local contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(4) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $200,000.00 for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Privatization; project plan.

Sec. 207. At least 60 days before beginning any effort to privatize, the department shall submit a complete project plan to the appropriate senate and house of representatives appropriations subcommittees and the senate and house fiscal agencies. The plan shall include the criteria under which the privatization initiative will be evaluated. The evaluation shall be completed and submitted to the appropriate senate and house of representatives appropriations subcommittees and the senate and house fiscal agencies within 30 months.

Reporting requirements; use of Internet.

Sec. 208. Unless otherwise specified, the department shall use the Internet to fulfill the reporting requirements of this act. This may include transmission of reports via electronic mail to the recipients identified for each reporting requirement or it may include placement of reports on an Internet or Intranet site.

Purchase of foreign goods or services.

Sec. 209. Funds appropriated in part 1 shall not be used for the purchase of foreign goods or services, or both, if competitively priced and of comparable quality American goods or services, or both, are available.

Businesses in deprived and depressed communities; contracts to provide services or supplies.

Sec. 210. The director of each department receiving appropriations in part 1 shall take all reasonable steps to ensure businesses in deprived and depressed communities compete

for and perform contracts to provide services or supplies, or both, for the department. The director shall strongly encourage firms with which the department contracts to subcontract with certified businesses in depressed and deprived communities for services or supplies, or both.

Employee expenses; reimbursement.

Sec. 211. It is the intent of the legislature that personnel of the department who request and are eligible for reimbursement of expenses related to the operation of the department be reimbursed from the appropriations provided in this act within 30 days after submitting a request, or the eligible personnel shall be paid an additional amount equal to 0.75% of the payment due. The department shall pay an additional amount equal to 0.75% of the payment due for the first month and each succeeding month or portion of a month the payment remains past due.

Spending increase; use as state match.

Sec. 212. Of the state general fund/general purpose revenue appropriated in this act, $74,843,500.00 represents a state spending increase over the amount provided to the department of state police for the fiscal year ending September 30, 1994, and may be used to meet state match requirements of programs contained in the violent crime control and law enforcement act of 1994, Public Law 103-322, 108 Stat. 1796, or successor grant programs, so that any additional federal money received supplements funding provided to the department of state police in this act.

Contractual services provided by department.

Sec. 216. (1) It is the intent of the legislature that the department shall not provide any subsidy for contractual services it provides.

(2) When the department provides contractual services to a local unit of government, the department shall be reimbursed for all costs incurred in providing the services, including, but not limited to, retirement and overtime costs.

(3) Contractual services provided to an entity other than a local unit of government may be provided by department personnel, but only on an overtime basis outside the normal work schedule of the personnel.

(4) This section does not apply to state agencies.

Creation and retention of reports.

Sec. 218. The department shall create and retain copies of reports for all money appropriated under part 1.

Casino gaming oversight; report.

Sec. 219. Not later than March 15, 2003 and September 30, 2003, the department shall report to the state police appropriations subcommittees of the house and senate and the house and senate fiscal agencies. The report shall contain the following information regarding the department's activities related to casino gaming oversight:

(a) The amount of money received and expended.

(b) The nature and structure of the casino gaming oversight unit.

(c) The positions and classifications of employees assigned.

(d) The number of full-time and part-time employees and the aggregate number of FTEs.

(e) The number of enlisted and civilian positions.

(f) The duties and responsibilities of the assigned employees.

(g) The immediate past position of the enlisted employees assigned.

Entry of VIN into state accident records; availability to public.

Sec. 220. The department shall collect and computerize the vehicle identification number (VIN) of all vehicles that are entered into the state accident data collection system and make this and other vehicle information available to the public at cost. For bulk access to the accident records in which the VIN has been collected and computerized, the department shall make those records available to the public at cost, provided that the name and address have been excluded.

Reports of school violence or juvenile criminal conduct; toll-free hotline.

Sec. 221. From the funds appropriated in part 1, the department shall maintain a toll-free hotline in collaboration with the department of education. The toll-free hotline shall be operated 24 hours per day, 7 days per week, and shall provide students, school officials, and other individuals an opportunity to report specific threats of imminent school violence or other suspicious or criminal conduct by juveniles to the appropriate local law enforcement entities for investigation. The department may expend funds for the promotion of the hotline.

At-post troopers.

Sec. 222. (1) Funds appropriated in part 1 for at-post troopers shall only be expended for trooper salaries, wages, benefits, retirement, equipment, supplies, and other expenses directly related to state troopers assigned to general law enforcement duties at a department post, detachment, satellite office, or a resident trooper function.

(2) From the funds appropriated in part 1 for at-post troopers, 1 or more trooper recruit schools shall be conducted during fiscal year 2002-2003 with the goal of graduating at least 110 new troopers to state service to replace existing troopers projected to separate from the rank of trooper through attrition.

(3) The department shall submit a written report to the senate and house appropriations subcommittees on state police and military affairs no later than November 15, 2002, detailing the status of the department's plan for accomplishing the goal of subsection (2). If the department determines that insufficient funding exists under part 1 for at-post troopers or any other budget line to accomplish the goal of subsection (2), the department shall submit a plan outlining the additional funding necessary to accomplish the goal of subsection (2).

State police posts; closure or consolidation.

Sec. 224. The department of state police shall notify the house and senate appropriations subcommittees on state police and military and veterans affairs and the house and senate fiscal agencies not less than 180 days before recommending to close or consolidate any state police posts.

Negative appropriation for budgetary savings; satisfaction by hiring freeze.

Sec. 261. (1) The negative appropriation for budgetary savings in part 1 shall be satisfied by savings from the hiring freeze imposed under section 205, efficiencies, and other savings identified by the department director and approved by the state budget director.

(2) Appropriation authorization adjustments required due to the negative appropriation for budgetary savings shall be made only after the approval of transfers by the legislature pursuant to section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Sec. 262. (1) It is the intent of the legislature that the department take steps to engage in cooperative efforts with county, city, township, and village law enforcement agencies in the coordination of law enforcement services and facilities.

(2) From the funds appropriated in part 1, the department shall produce a study concerning the feasibility of the Jackson state police post, the Jackson County sheriff's department, and the city of Jackson police department sharing a common facility. The study shall also examine other ways these law enforcement agencies could work together to maximize the efficient delivery of law enforcement services. The study shall be delivered to the senate and house appropriations subcommittees on state police and military affairs not later than February 15, 2003.

Law enforcement assistance to city of Highland Park.

Sec. 263. The department of state police, in keeping with its role as the general law enforcement agency of the state and as the law enforcement agency of last resort for communities that are either without local law enforcement resources or are seriously underserved by local law enforcement resources, shall provide general law enforcement assistance to the city of Highland Park until adequate law enforcement services can be provided to the city of Highland Park by other means.

Marshall state police post; rental costs.

Sec. 264. Of the funds appropriated in part 1 for rent and building occupancy charges, funds shall be used for the necessary rental costs for a state police post in Marshall.

INFORMATION TECHNOLOGY

Michigan public safety communications system; report on collection and disposition of revenue.

Sec. 301. (1) Money appropriated under part 1 for the Michigan public safety communications system shall be expended upon approval of an expenditure plan by the state budget director.

(2) The department of state police shall assess all subscribers of the Michigan public safety communications system reasonable access and maintenance fees.

(3) All money received by the department of state police under this section shall be deposited to the state general fund pursuant to section 443 of the management and budget act, 1984 PA 431, MCL 18.1443.

(4) The department of state police shall provide a report to the house and senate appropriations committees, house and senate fiscal agencies, and the state budget director on April 15, 2003 and on October 15, 2003, indicating the amount of revenue collected under this section and deposited to the state general fund for the immediately preceding 6-month period.

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

LEIN user fees; payment of service and contract maintenance costs.

Sec. 302. The money appropriated in part 1 for computer services shall be funded by LEIN user fees sufficient to pay 1/3 of the service and contract maintenance costs of the LEIN mainframe computer system.

Technology-related services and projects; payment of user fees.

Sec. 303. From the funds appropriated in part 1 for information technology, the department shall pay user fees to the department of information technology for technology-related services and projects. User fees shall be subject to provisions of an interagency agreement between the department and the department of information technology.

Designation of information technology as work projects.

Sec. 304. Amounts appropriated in part 1 for information technology may be designated as work projects and carried forward to support technology projects under the direction of the department of information technology. Funds designated in this manner are not available for expenditure until approved as work projects under section 451a of the management and budget act, 1984 PA 431, MCL 18.1451a.

LEIN system; access to and use of information; report.

Sec. 305. A portion of the funds appropriated in part 1 shall be used by the department to produce a written report detailing departmental policies regarding access to and use of information from the LEIN system. The report shall include a description of departmental measures to protect the security of information in the LEIN system including safeguards that would prevent unauthorized persons from obtaining information from the LEIN system. The department shall submit a copy of this report to the senate and house appropriations committees not later than April 1, 2003.

Unauthorized access or misuse of LEIN system information.

Sec. 306. The criminal justice information systems policy council shall encourage members of the law enforcement agencies in the state to be sensitive to, and note when necessary, activities or circumstances that may suggest the unauthorized access or misuse of information from the LEIN system. The criminal justice information systems policy council shall advise LEIN auditors, as a part of their audit of law enforcement agencies, to investigate in depth all suspected incidents of improper access or improper use of information from the LEIN system and determine whether or not those incidents were illegal. In those incidents that may be determined to be illegal, the executive secretary for the council shall determine whether those incidents were of a negligent or criminal nature. If an incident is determined to be an illegal act, the council shall inform the chairs of both the senate and house appropriations committees.

LEIN system; implementation of procedures for placement of information.

Sec. 307. (1) The department of state police, working with the criminal justice information system policy council, shall implement procedures by which all probation information is placed on the LEIN system. The LEIN system shall include information on each probationer, including any probation conditions placed on a probationer and the name of the probation officer assigned to a probationer. The LEIN system shall also include any nonstandard probation terms.

(2) If the department determines that amendments to the code of criminal procedure, 1927 PA 175, MCL 760.1 to 777.69, are required to include all probation information on the LEIN system, the department shall deliver to members of the senate and house appropriations subcommittees on state police and military affairs amendments to the code of criminal procedure, 1927 PA 175, MCL 760.1 to 777.69, that, in the department's view, are necessary to accomplish this goal. These proposed amendments shall be delivered to subcommittee members not later than December 1, 2002.

HIGHWAY SAFETY PLANNING

Secondary road patrol grant program; status report on assessments collected and authorized.

Sec. 401. On a quarterly basis, the department shall report to the senate and house appropriations subcommittees on state police and military affairs on the status of assessments collected and authorized under section 629e of the Michigan vehicle code, 1949 PA 300, MCL 257.629e, for the purposes of supporting the secondary road patrol grant program. Each quarterly report shall contain updated information on collection levels, revised projected grant allotments to counties for the year, a comparison of projected collections and grant distribution levels with the funds appropriated in part 1 for the secondary road patrol program, and the extent collection levels have exceeded or failed to meet appropriated levels for the current fiscal year or expenditure levels from the previous fiscal year.

FORENSIC SCIENCES

Sec. 701. (1) Subject to subsection (4), in addition to the funds appropriated under part 1, the following amounts are appropriated for the fiscal year ending September 30, 2003:

(a) $431,400.00 is appropriated to the Detroit police department crime laboratory from the state general fund.

(b) $289,700.00 is appropriated to the Detroit police department special events account from the state general fund.

(2) From the funds appropriated for the Detroit police department crime laboratory, it is the intent of the legislature that the city of Detroit take effective measures so that within 3 years of the start of the 2002-2003 fiscal year the Detroit police laboratory will have earned accreditation from the American society of crime laboratory director's laboratory accreditation board and established the necessary standards within its DNA operations so that it will qualify to input data into the combined DNA identification system (CODIS).

(3) The city of Detroit shall provide a written report to the department which shall include details regarding the expenditures made from the funds appropriated under subsection (1) and a progress report detailing the status toward meeting the objectives under subsection (2). This report shall be forwarded by the department to the house and senate appropriations subcommittees on state police and military affairs, the house and senate fiscal agencies, and the state budget director by January 15, 2003.

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

(4) The appropriations in subsection (1) shall become effective only if the tax on cigarettes under the tobacco products tax act, 1993 PA 327, MCL 205.421 to 205.436, is increased by 30 cents or more per pack of cigarettes on or before September 30, 2002.

DNA protocol; distribution of copies; changes.

Sec. 702. (1) The department shall distribute a copy of the department's protocol for retaining and purging DNA analysis samples and records to each police agency in this state.

(2) The department shall report to the house and senate appropriations subcommittees on state police and military affairs and the house and senate fiscal agencies when any changes to the department's DNA protocol are made.

Collection of evidence; inclusion of "standard recommended procedures for the emergency treatment of sexual assault victims."

Sec. 703. The department shall work with the department of community health, the Michigan hospital association, the Michigan state medical society, and the Michigan nurses association to ensure that the recommendations included in the "Standard Recommended Procedures for the Emergency Treatment of Sexual Assault Victims" are followed in the collection of evidence.

MICHIGAN COMMISSION ON LAW ENFORCEMENT STANDARDS

Maintenance and delivery of training to locals.

Sec. 801. The money appropriated to the MCOLES for maintenance and delivery of training to locals is provided in accordance with a state reimbursement policy in which 100% of the determined state reimbursement rate shall be distributed upon certification by the MCOLES.

Federal firearms laws; curricula on content and application.

Sec. 803. From the appropriations in part 1 for the training of new state troopers and other new police officers in the state and for the continuing education of all law enforcement officers in the state, sufficient funds shall be used to include curricula on the content and application of federal firearms laws, including the procedures necessary for law enforcement to turn appropriate cases over to the federal bureau of alcohol, tobacco, and firearms or any other applicable federal criminal justice agency.

FIRE MARSHAL

Performance of fire marshal division; report.

Sec. 901. (1) The department shall prepare a detailed report and deliver it to the senate and house subcommittees on the state police not later than May 15, 2003.

(2) The report shall contain input from a delegate appointed from and by the following organizations:

(a) Michigan fire chiefs association.

(b) Michigan state fireman's association.

(c) Michigan firefighter's union.

(d) Michigan fire service instructors association.

(e) Michigan fire inspectors society.

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

(f) Michigan chapter of the international association of arson investigators.

(3) The report shall contain information about the quality and adequacy of service from the state fire investigation, education, and training under the reorganization of the fire marshal division responsibilities. The report shall be based on the performance of the fire marshal division in the performance of its fire safety duties during fiscal year 2002-2003.

EMERGENCY MANAGEMENT

State of emergency or state of disaster; expenditures.

Sec. 1001. (1) The state director of emergency management may expend money appropriated under this act to call upon any agency or department of the state or any resource of the state to protect life or property or to provide for the health or safety of the population in any area of the state in which the governor proclaims a state of emergency or state of disaster under 1945 PA 302, MCL 10.31 to 10.33, or under the emergency management act, 1976 PA 390, MCL 30.401 to 30.421. The state director of emergency management may expend the amounts the director considers necessary to accomplish these purposes. The director shall submit to the state budget director as soon as possible a complete report of all actions taken under the authority of this section. The report shall contain, as a separate item, a statement of all money expended that is not reimbursable from federal money. The state budget director shall review the expenditures and submit recommendations to the legislature in regard to any possible need for a supplemental appropriation.

(2) In addition to the money appropriated in this act, the department may receive and expend money from local, private, federal, or state sources for the purpose of providing emergency management training to local or private interests and for the purpose of supporting emergency preparedness, response, recovery, and mitigation activity. If funds are expended beyond the appropriations enacted for these purposes in part 1, the department shall notify the house and senate appropriations subcommittees on state police and military and veterans affairs and the house and senate fiscal agencies within 30 days concerning the additional expenditures.

UNIFORM SERVICES

Traffic enforcement personnel; response to crimes or emergencies.

Sec. 1103. State police enlisted personnel who are employed to enforce traffic laws as provided in section 629e of the Michigan vehicle code, 1949 PA 300, MCL 257.629e, shall not be prohibited from responding to crimes in progress or other emergency situations, and are responsible for protecting every citizen of this state from harm.

SPECIAL OPERATIONS

Sale of aircraft; application of proceeds.

Sec. 1201. In addition to the appropriations in section 112 to the department of state police for the aviation program, the department is authorized to sell its aircraft and the proceeds from the sale are appropriated and may be applied to the renovation cost of replacement aircraft. If funds are expended beyond the appropriation enacted in part 1 for the aviation program, the department shall notify the house and senate subcommittees on state police and military and veterans affairs and the house and senate fiscal agencies within 30 days concerning the additional expenditures.

Sec. 1202. From the funds appropriated in part 1 for special operations, the department shall fund 1/3 of the cost of an aeronautics safety officer position within the department of transportation to coordinate safety functions between the department, the state transportation department, and the department of natural resources. It is the intent of the legislature that the safety officer position shall be equally funded by the 3 departments.

Recovery boat; station within Upper Peninsula.

Sec. 1203. From the funds appropriated in part 1 for special operations, the department shall station at least 1 recovery boat within the Upper Peninsula from its fleet of recovery boats.

CRIMINAL INVESTIGATIONS

Services in vicinity of state prison.

Sec. 1301. (1) There is sufficient money appropriated in section 113 to criminal investigations to ensure that the citizens in a service area of any state police post in the vicinity of a state prison do not experience a downgrading of state police services in their area. Criminal investigations shall be available by temporary or permanent assignment of a detective when either a temporary or permanent prison facility is opened.

(2) If the department is unable to comply with subsection (1) and there is a prison scheduled to open, the department shall provide troopers to serve as investigators on an interim basis.

MOTOR CARRIER ENFORCEMENT

School bus inspection.

Sec. 1401. (1) The department shall report to the house and senate appropriations subcommittees on state police and the house and senate fiscal agencies by March 1, 2003 regarding the inspection of school buses and other motor vehicles under section 715a of the Michigan vehicle code, 1949 PA 300, MCL 257.715a, and section 39 of the pupil transportation act, 1990 PA 187, MCL 257.1839. The report shall include the following information regarding inspections conducted in calendar year 2002:

(a) The number of buses and vehicles inspected by the department.

(b) The number of buses and vehicles passing and failing inspection.

(c) The estimated number of buses and vehicles not inspected.

(2) If each school bus within a school system receives a 100% successful state inspection on its first inspection in a given year, the department shall award a certificate to that school system.

Enforcement of motor carrier laws and regulations.

Sec. 1402. (1) It is the intent of the legislature that funds appropriated for the motor carrier enforcement division be used to the maximum extent possible for the enforcement of motor carrier laws and regulations, particularly for the acquisition of equipment, modern technology, and personnel to do the job.

(2) The department shall submit a written report to the senate and house appropriations subcommittees on state police by November 15, 2002, detailing the department's allocation plan for funds appropriated for motor carrier enforcement for fiscal year 2002-2003. Included in the report shall be the allocation plan for any funds and FTEs appropriated by the legislature which were of a greater amount than contained in the governor's recommendation for fiscal year 2002-2003.

This act is ordered to take immediate effect.

Approved July 25, 2002.

Filed with Secretary of State July 25, 2002.

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

PART 2

PROVISIONS CONCERNING APPROPRIATIONS

GENERAL SECTIONS

Total state spending; payments to local units of government.

Sec. 201. Pursuant to section 30 of article IX of the state constitution of 1963, total state spending from state resources under part 1 for fiscal year 2002-2003 is $311,808,900.00 and state spending from state resources to be paid to local units of government for fiscal year 2002-2003 is $16,221,000.00. The itemized statement below identifies appropriations from which spending to units of local government will occur:

DEPARTMENT OF CONSUMER AND INDUSTRY SERVICES		
Fire protection grants	$	3,721,000
Liquor law enforcement		6,000,000
Local manufactured housing inspections		250,000

Remonumentation grants		6,000,000
Subgrantees		250,000
Total department of consumer and industry services	$	16,221,000

Appropriations subject to §§ 18.1101 to 18.1594.

Sec. 202. The appropriations authorized under this act are subject to the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

Definitions.

Sec. 203. As used in this appropriation act:

(a) "AFC" means adult foster care.

(b) "Department" means the department of consumer and industry services.

(c) "DOE" means the United States department of energy.

(d) "DOE-OEERE" means the DOE office of energy efficiency and renewable energy.

(e) "DOL" means the United States department of labor.

(f) "DOL-ETA" means the DOL employment and training administration.

(g) "DOT" means the United States department of transportation.

(h) "DOT-RSPA" means the DOT research and special programs administration.

(i) "EEOC" means equal employment opportunity commission.

(j) "Fiscal agencies" means Michigan house fiscal agency and Michigan senate fiscal agency.

(k) "FTE" means full-time equated.

(*l*) "HHS" means the United States department of health and human services.

(m) "HUD" means the United States department of housing and urban development.

(n) "IDG" means interdepartmental grant.

(o) "MES" means Michigan employment security.

(p) "Subcommittees" means all members of the subcommittees of the house and senate appropriations committees with jurisdiction over the budget for the department.

Billing by department of civil service.

Sec. 204. The department of civil service shall bill departments and agencies at the end of the first fiscal quarter for the 1% charge authorized by section 5 of article XI of the state constitution of 1963. Payments shall be made for the total amount of the billing by the end of the second fiscal quarter.

Hiring freeze; exceptions.

Sec. 205. (1) A hiring freeze is imposed on the state classified civil service. State departments and agencies are prohibited from hiring any new full-time state classified civil service employees and prohibited from filling any vacant state classified civil service positions. This hiring freeze does not apply to internal transfers of classified employees from 1 position to another within a department.

(2) The state budget director shall grant exceptions to this hiring freeze when the state budget director believes that the hiring freeze will result in rendering a state department or agency unable to deliver basic services, cause a loss of revenue to the state, result in the inability of the state to receive federal funds, or would necessitate additional

expenditures that exceed any savings from maintaining a vacancy. The state budget director shall report quarterly to the chairpersons of the senate and house of representatives standing committees on appropriations the number of exceptions to the hiring freeze approved during the previous month and the reasons to justify the exception.

Contingency funds; availability for expenditure.

Sec. 206. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $23,500,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act pursuant to section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $12,200,000.00 for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act pursuant to section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $180,800.00 for local contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act pursuant to section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(4) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $50,000.00 for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act pursuant to section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Privatization; project plan.

Sec. 207. At least 60 days before beginning any effort to privatize, the department shall submit a complete project plan to the subcommittees and the fiscal agencies. The plan shall include the criteria under which the privatization initiative will be evaluated. The evaluation shall be completed and submitted to the fiscal agencies and to the subcommittees within 30 months.

Reporting requirements; use of Internet.

Sec. 208. Unless otherwise specified, the department shall use the Internet to fulfill the reporting requirements of this act. This may include transmission of reports via electronic mail to the recipients identified for each reporting requirement or it may include placement of reports on the Internet or Intranet site. Quarterly, the department shall provide to the subcommittees, state budget office, and the fiscal agencies an electronic and paper copy listing of the reports submitted during the most recent 3-month period along with the Internet or Intranet site of each report, if any.

Purchase of foreign goods or services.

Sec. 209. Funds appropriated in part 1 shall not be used for the purchase of foreign goods or services, or both, if competitively priced and of comparable quality American goods or services, or both, are available.

Businesses in deprived and depressed communities; contracts to provide services or supplies.

Sec. 210. The director of each department receiving appropriations in part 1 shall take all reasonable steps to ensure businesses in deprived and depressed communities compete for and perform contracts to provide services or supplies, or both. Each director shall

strongly encourage firms with which the department contracts to subcontract with certified businesses in depressed and deprived communities for services, supplies, or both.

Affirmative action programs.

Sec. 211. The department shall establish and maintain affirmative action programs based on guidelines developed by the state equal opportunity workforce planning council which was created by Executive Order No. 1996-13 in order to receive general fund/general purpose dollars.

Receipt and retention of reports.

Sec. 212. The departments and state agencies receiving appropriations under this act shall receive and retain copies of all reports funded from appropriations in part 1. These departments and state agencies shall follow federal and state guidelines for short-term and long-term retention of these reports and records.

Technology-related services and projects; user fees.

Sec. 259. From the funds appropriated in part 1 for information technology, the department shall pay user fees to the department of information technology for technology-related services and projects. Such user fees shall be subject to provisions of an interagency agreement between the department and the department of information technology.

Information technology; designation as work project.

Sec. 260. Amounts appropriated in part 1 for information technology may be designated as work projects and carried forward to support technology projects under the direction of the department of information technology. Funds designated in this manner are not available for expenditure until approved as work projects under section 451a of the management and budget act, 1984 PA 431, MCL 18.1451a.

Early retirement and budgetary savings; satisfaction of negative appropriation.

Sec. 261. (1) The negative appropriation for early retirement savings in part 1 shall be satisfied by savings realized from not filling all of the positions lost due to the early retirement plan for state employees enacted in 2002 PA 93 amendments to the state employees' retirement act, 1943 PA 240, MCL 38.1 to 38.69.

(2) The negative appropriation for budgetary savings in part 1 shall be satisfied by savings from the hiring freeze imposed under section 205, efficiencies, and other savings identified by the department director and approved by the state budget director.

(3) Appropriation authorization adjustments required due to negative appropriations for early retirement savings and budgetary savings shall be made only after the approval of transfers by the legislature pursuant to section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Sec. 262. (1) Subject to subsection (2), in addition to the amounts appropriated under part 1, $3,700,000.00 is appropriated to fire protection grants from the state general fund for the fiscal year ending September 30, 2003.

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

(2) The appropriations in subsection (1) shall become effective only if the tax on cigarettes under the tobacco products tax act, 1993 PA 327, MCL 205.421 to 205.436, is increased by 30 cents or more per pack of cigarettes on or before September 30, 2002.

DEPARTMENT OF CONSUMER AND INDUSTRY SERVICES

Fire protection grants; appropriation from liquor purchase revolving fund.

Sec. 301. The appropriation in part 1 for fire protection grants from the liquor purchase revolving fund shall be appropriated to cities, villages, and townships with state-owned facilities for fire services, instead of taxes, in accordance with 1977 PA 289, MCL 141.951 to 141.956.

Funds collected in connection with conservatorship pursuant to § 445.1682; expenses.

Sec. 302. The funds collected by the office of financial and insurance services in connection with a conservatorship pursuant to section 32 of the mortgage brokers, lenders, and servicers licensing act, 1987 PA 173, MCL 445.1682, shall be appropriated for all expenses necessary to provide for the required services. Funds are available for expenditure when they are received by the department of treasury and shall not lapse to the general fund at the end of the fiscal year.

Funds collected from corporations being liquidated; expenses.

Sec. 303. The funds collected by the department from corporations being liquidated pursuant to the insurance code of 1956, 1956 PA 218, MCL 500.100 to 500.8302, shall be appropriated for all expenses necessary to provide for the required services. Funds are available for expenditure when they are received by the department of treasury and shall not lapse to the general fund at the end of the fiscal year.

Customized listing of nonconfidential information; fee; use of revenue.

Sec. 304. The department may make available to interested entities otherwise unavailable customized listings of nonconfidential information in its possession, such as names and addresses of licensees, and charge for this information as follows: base fee for 1 to 1,000 records at the cost to the department; 1,001 to 10,000 records at 2.5 cents per record; and 10,001 or more records at .5 cents per record. The revenue received from this service may be used to offset expenses of programs as appropriated in part 1. The balance of this revenue collected and unexpended at the end of the fiscal year shall revert to the appropriate restricted revenue account or fund or, in absence of such an account or fund, to the general fund. The department shall submit an annual report on or before December 1 of each year to the state budget office and the subcommittees that states the amount of revenue received from the sale of information.

Members of commissions or boards; per diem payments.

Sec. 305. The appropriation in part 1 may be used for per diem payments to the members of commissions or boards for a full day of committee work at which a quorum is

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

present or for performing official business as authorized by each respective commission or board. The per diem payments shall be $50.00 per day.

Housing production goals.

Sec. 306. The Michigan state housing development authority shall annually present a report to the state budget office and the subcommittees on the status of the authority's housing production goals under all financing programs established or administered by the authority. The report shall give special attention to efforts to raise affordable multifamily housing production goals.

Child care organizations and adult foster care facilities; licensing and regulation fees.

Sec. 307. The department shall assess and collect fees in the licensing and regulation of child care organizations as defined in 1973 PA 116, MCL 722.111 to 722.128, and adult foster care facilities as defined in the adult foster care facility licensing act, 1979 PA 218, MCL 400.701 to 400.737. Fees collected by the department shall be used exclusively for the purpose of licensing and regulating child care organizations and adult foster care facilities.

Licenses, permits, and other elevator regulation fees.

Sec. 308. The funds collected by the department for licenses, permits, and other elevator regulation fees set forth in R 408.8151 of the Michigan administrative code and as determined under section 8 of 1976 PA 333, MCL 338.2158, and section 16 of 1967 PA 227, MCL 408.816, that are unexpended at the end of the fiscal year shall carry forward to the subsequent fiscal year. The department shall submit a report on an annual basis to the state budget office and the subcommittees on the amount of funds available under this section.

Occupational safety and health, health systems administration, or radiological health administration.

Sec. 309. If the revenue collected by the department for occupational safety and health, health systems administration, or radiological health administration and projects from fees and collections exceeds the amount appropriated in part 1, the revenue may be carried forward into the subsequent fiscal year. The revenue carried forward under this section shall be used as the first source of funds in the subsequent fiscal year.

Fire safety programs; inspection and plan review fees.

Sec. 310. Money appropriated under this act for fire safety programs shall not be expended unless, in accordance with section 2c of the fire prevention code, 1941 PA 207, MCL 29.2c, inspection and plan review fees will be charged according to the following schedule:

Operation and maintenance inspection fee

Facility type	Facility size	Fee
Hospitals	Any	$8.00 per bed

Plan review and construction inspection fees for hospitals and schools

Project cost range	Fee
$101,000.00 or less	minimum fee of $155.00
$101,001.00 to $1,500,000.00	$1.60 per $1,000.00
$1,500,001.00 to $10,000,000.00	$1.30 per $1,000.00
$10,000,001.00 or more	$1.10 per $1,000.00 or a maximum fee of $60,000.00.

Juvenile residential facilities; evaluation reports.

Sec. 311. The department shall furnish the clerk of the house, the secretary of the senate, the state budget office, and all members of the house and senate appropriations committees with a summary of any evaluation reports and subsequent approvals or disapprovals of juvenile residential facilities operated by the family independence agency, as required by section 6 of 1973 PA 116, MCL 722.116. If no evaluations are conducted during the fiscal year, the department shall notify the fiscal agencies and all members of the appropriate subcommittees of the house and senate appropriations committees.

Nursing homes, county medical care facilities, and hospital long-term care; inspectors.

Sec. 312. (1) From the amount appropriated in part 1 to health systems administration, the department shall provide funding for not less than 113 inspectors to annually survey and investigate the care and services delivered in nursing homes, county medical care facilities, and hospital long-term care units in accordance with provisions in the public health code, 1978 PA 368, MCL 333.1101 to 333.25211, and federal Medicare and Medicaid certification standards.

(2) The department, in keeping with the severity of the allegations, shall investigate complaints alleging poor care and services occurring on nights or weekends in nursing homes, county medical care facilities, and hospital long-term care units by conducting on-site investigations on nights or weekends.

Licensing and regulation fees; carrying forward excess revenue.

Sec. 313. If the revenue collected by the department from licensing and regulation fees exceeds the amount appropriated in part 1, the revenue may be carried forward into the subsequent fiscal year. The revenue carried forward under this section shall be used as the first source of funds in the subsequent fiscal year.

Michigan unemployment agency; expenditures for staffing and program expenses.

Sec. 314. Funds earned or authorized by the United States department of labor in excess of the gross appropriation in part 1 for the Michigan unemployment agency from the United States department of labor are appropriated and may be expended for staffing and related expenses incurred in the operation of its programs. These funds may be spent after the department notifies the state budget office and the subcommittees of the purpose and amount of each grant award.

Sale of documents.

Sec. 315. The department shall sell documents at a price not to exceed the cost of production and distribution. Money received from the sale of these documents shall revert to the department. The funds are available for expenditure when they are received by the department of treasury and may only be used for costs directly related to the continued updating and distribution of the documents pursuant to this section. This section applies only for the following documents:

(a) Corporation and securities division documents, reports, and papers required or permitted by law pursuant to section 1060(5) of the business corporation act, 1972 PA 284, MCL 450.2060.

(b) The subdivision control manual, the state boundary commission operations manual, and other local government assistance manuals.

(c) The Michigan liquor control code of 1998, 1998 PA 58, MCL 436.1101 to 436.2303.

(h) The number and percentage of citations appealed.

(i) The number and percentage of citations overturned and/or modified.

Bureau of safety and regulation; report on number of individuals killed and injured.

Sec. 317. The department, bureau of safety and regulation, shall provide an annual report by February 1 of each year to the state budget office, the fiscal agencies, and the subcommittees on the number of individuals killed and the number of individuals injured on the job within industries regulated by the bureau during the preceding calendar year.

Nursing home complaint investigation backlog; status report.

Sec. 318. The department shall report by November 1, 2002 to the state budget office, the legislature, and the fiscal agencies the status of the nursing home complaint investigation backlog.

Health systems administration; duty of department to investigate complaints.

Sec. 319. As a condition for receiving the general fund/general purpose appropriations in part 1 for health systems administration, the department shall provide assistance to any person making an oral request for a nursing home investigation in putting his or her request into writing, shall initiate investigations on all written nursing home complaints

filed with the department within 15 days of receipt of the complaint, and shall provide a written response to the complainant within 30 days of receipt of the written complaint.

Unemployment agency offices; operation within Upper Peninsula.

Sec. 320. The unemployment agency, during its transition to the remote initial claims system, may operate a sufficient number of unemployment agency offices, including itinerant or satellite offices, within Michigan's Upper Peninsula to ensure that the citizens of the Upper Peninsula can access these offices without excessive travel or, in cases where unemployment claims are filed or renewed by phone, without excessive long-distance toll charges.

Emergency medical services personnel serving in rural areas; grants and contracts.

Sec. 321. The department shall continue to work with grantees supported through the appropriation in part 1 for emergency medical services grants and contracts to ensure that a sufficient number of qualified emergency medical services personnel exist to serve rural areas of the state.

Utility consumer representation; public service announcements.

Sec. 322. From the funds appropriated in part 1 for utility consumer representation, the department shall produce and facilitate the airing of public service announcements that inform utility customers of the availability and purpose of these funds. The utility consumer participation board shall report to the subcommittees, fiscal agencies, and state budget office by September 30, 2003 on its efforts in this area, including the amount of expenditures made for this purpose.

Nursing home regulation; clarification of terms; training.

Sec. 323. (1) The department in consultation with nursing home provider groups, the department of community health, the state long-term care ombudsman, and the federal health care finance administration shall continue to work to clarify the following terms as those terms are used in title XVIII and title XIX and applied by the department to provide more consistent regulation of nursing homes in Michigan:

(a) Immediate jeopardy.

(b) Harm.

(c) Potential harm.

(d) Avoidable.

(e) Unavoidable.

(2) The department shall semiannually provide for joint training with nursing home surveyors and providers on at least 1 of the 10 most frequently issued federal citations in this state during the past calendar year. The department shall provide a mechanism to measure the effect of the training and shall report to the legislature and the state budget office on the effect of the training by January 15, 2003.

Unemployment agency 1-stop center.

Sec. 324. The unemployment agency shall work collaboratively with the department of career development to ensure each 1-stop center has the ability to assist individuals or respond to inquiries regarding unemployment benefits and the remote initial claims system.

Nursing home inspection; posting summary.

Sec. 325. (1) The department shall post on the Internet the executive summary of the latest inspection for each licensed nursing home.

(2) The department shall work toward posting inspection summaries for licensed day care centers on the Internet.

General industry inspectors, construction industry inspectors, and hygienists; staffing levels.

Sec. 326. From the appropriations in part 1 for occupational safety and health, the department shall provide funding for at least 76 general industry safety inspectors, construction industry safety inspectors, and industrial hygienists. The department shall submit a report to the subcommittees, fiscal agencies, and state budget office by February 15, 2003 on the staffing levels for these categories. No budgetary savings shall be taken from the funding for inspection staffing.

Nursing home inspectors; long-term care experience.

Sec. 327. When hiring any new nursing home inspectors funded through appropriations in part 1, the department shall make every effort to hire individuals with past experience in the long-term care industry.

Board of psychology license renewal; continuing education requirements.

Sec. 328. It is the intent of this legislature that beginning January 1, 2004, the board of psychology shall require a licensee seeking renewal of a license to furnish the board with satisfactory evidence that during the 2 years before application for renewal the licensee has attended continuing education courses or programs approved by the board totaling not less than 36 credits. The applicant shall be responsible for maintaining records of continuing education attendance. The board is authorized to request verification of continuing education records at the time of renewal of application. Verification may be conducted periodically by sample or by means other than reviewing every application.

Nursing scholarship program; recruitment.

Sec. 329. The department shall work to promote the nursing scholarship program funded from appropriations in part 1 to health services. The department shall focus its promotional efforts on recruiting undergraduate students into the nursing field in order to address the current nursing shortage. The department shall also make every effort to utilize scholarship funds in a manner which encourages undergraduate students to enter the nursing field.

RICCS; option to speak with unemployment agency employee.

Sec. 330. (1) The unemployment agency shall include in the remote initial claims center (RICCS) automated phone system a choice to speak with an employee of the unemployment agency as an option. This option should be provided in the system as early as possible as deemed appropriate in the system design. The department shall monitor the system to ensure compliance with these guidelines.

(2) The unemployment agency should continue to provide training opportunities to employees affected with the implementation of the RICCS.

Total patient care hours and percentage of pool staff used; report.

Sec. 331. Nursing facilities shall report in the quarterly staff report to the department, the total patient care hours provided each month, by state licensure and certification classification, and the percentage of pool staff, by state licensure and certification classifica-

tion, used each month during the preceding quarter. The department shall make available to the public, the quarterly staff report compiled for all facilities including the total patient care hours and the percentage of pool staff used, by classification.

Administrative law hearings.

Sec. 332. It is the intent of the legislature that the department make every effort to hold administrative law hearings on actions initiated by the department against regulated businesses or against individuals in regulated occupations in locations that are within 150 miles of the regulated business or of the office of the individual in a regulated occupation. In addition, it is the intent of the legislature that the department make every effort to hold administrative law hearings on actions initiated by an individual outside the department in locations within 150 miles of the home of the individual bringing the action if that individual wishes to testify at the hearing.

Displaced state workers; training and employment opportunities.

Sec. 333. The department shall work cooperatively with the department of civil service to identify state employees who will lose their jobs as a result of an agency program being reorganized, modified, or eliminated and shall develop training programs and provide training to these individuals that will provide them with the opportunity and skills necessary to secure new employment within the state government or the private sector. It shall be a priority of the department to provide training and employment opportunities to these displaced state employees through Michigan's employment service locations.

Day care facility to inspector ratio.

Sec. 334. From the funds appropriated in part 1 for adult foster care, children's welfare, and day care licensure, the department shall make every effort to maintain a day care facility to day care inspector ratio of no more than 210 to 1.

Low-income/energy efficiency assistance.

Sec. 335. (1) The public service commission shall report by June 1 of each year to the subcommittees, the state budget office, and the fiscal agencies on the distribution of funds appropriated in part 1 for the low-income/energy efficiency assistance program.

(2) Of the funds appropriated in part 1 for low-income/energy efficiency assistance, $3,000,000.00 shall be allocated to community action agencies across the state to support shut-off protection programs for low-income individuals. Funds shall be distributed to the community action agencies no later than November 1 of each year. The community action agencies shall abide by any reporting and monitoring requirements imposed by the public service commission on other grant recipients receiving funding through this program.

Office of financial and insurance services; expenditures report.

Sec. 336. The department shall provide the subcommittees, fiscal agencies, and state budget director with a report on or before December 1, 2002 outlining actual expenditures for the last completed fiscal year for each division within the office of financial and insurance services.

Licensing and contract review team pilot.

Sec. 337. The department shall work cooperatively with the family independence agency and with representatives from the Michigan federation of private child and family agencies to form a licensing and contract compliance review team pilot to coordinate and conduct joint reviews of 1 child placing agency and 1 child caring institution between October 1, 2002 and February 1, 2003. The Michigan federation of private child and family

agencies will survey team participants and involved agencies regarding the process and provide feedback to the department. The department shall report during the annual budget presentation to the subcommittees regarding pilot outcomes.

Nursing shortage issues; research.

Sec. 338. Of the funds appropriated in part 1 for health services, $125,000.00 shall be allocated to the center for nursing to conduct research that will address nurse workforce planning, the supply of and demand for nurses, and nurse recruitment and retention issues. The center for nursing shall recommend ways to address the shortage of nurses.

Sec. 339. From the amount appropriated in part 1 for administration of the bureau of worker's and unemployment compensation, the department shall provide funding for 6 worker's compensation mediators positions annually.

Filings of health maintenance organizations.

Sec. 340. The office of financial and insurance services shall provide copies of the quarterly and annual financial filings of health maintenance organizations to the senate and house fiscal agencies on a timely basis.

This act is ordered to take immediate effect.

Billing by department of civil service.

Sec. 204. The department of civil service shall bill departments and agencies at the end of the first fiscal quarter for the 1% charge authorized by section 5 of article XI of the state constitution of 1963. Payments shall be made for the total amount of the billing by the end of the second fiscal quarter.

Hiring freeze; exceptions.

Sec. 205. (1) A hiring freeze is imposed on the state classified civil service. State departments and agencies are prohibited from hiring any new full-time state classified civil service employees and prohibited from filling any vacant state classified civil service positions. This hiring freeze does not apply to internal transfers of classified employees from 1 position to another within a department.

(2) The state budget director shall grant exceptions to this hiring freeze when the state budget director believes that the hiring freeze will result in rendering a state department or agency unable to deliver basic services, cause loss of revenue to the state, result in the inability of the state to receive federal funds, or necessitate additional expenditures that exceed any savings from maintaining a vacancy. The state budget director shall report quarterly to the chairpersons of the senate and house of representatives standing committees on appropriations the number of exceptions to the hiring freeze approved during the previous quarter and the reasons to justify the exception.

Privatization; project plan.

Sec. 207. At least 60 days before beginning any effort to privatize, the departments and agencies receiving appropriations in part 1 shall submit a complete project plan to the senate and house of representatives standing committees on appropriations subcommittees on general government and the senate and house fiscal agencies. The plan shall include the criteria under which the privatization initiative will be evaluated. The evaluation shall be completed and submitted to the senate and house of representatives standing committees on appropriations subcommittees on general government and the senate and house fiscal agencies within 30 months.

Reporting requirements; use of Internet.

Sec. 208. Unless otherwise specified, departments and agencies receiving appropriations in part 1 shall use the Internet to fulfill the reporting requirements of this act. This requirement may include transmission of reports via electronic mail to the recipients identified for each reporting requirement, or it may include placement of reports on an Internet or Intranet site.

Purchase of foreign goods or services.

Sec. 209. Funds appropriated in part 1 shall not be used for the purchase of foreign goods or services, or both, if competitively priced and of comparable quality American goods or services, or both, are available.

Businesses in deprived and depressed communities; contracts for services and supplies.

Sec. 210. The director of each department receiving appropriations in part 1 shall take all reasonable steps to ensure businesses in deprived and depressed communities compete for and perform contracts to provide services or supplies, or both. Each director shall strongly encourage firms with which the department contracts to subcontract with certified businesses in depressed and deprived communities for services, supplies, or both.

Appropriation to countercyclical budget and economic stabilization fund.

Sec. 211. Pursuant to section 352 of the management and budget act, 1984 PA 431, MCL 18.1352, that provides for a transfer of state general funds into the countercyclical budget and economic stabilization fund, there is appropriated into the countercyclical budget and economic stabilization fund the sum of $0.00. The calculation required by section 352 of the management and budget act, 1984 PA 431, MCL 18.1352, is determined as follows:

	2001	2002
Michigan personal income (millions)	$295,108	$303,666
less: transfer payments	40,958	44,256
Subtotal	254,150	259,411
Divided by: Detroit CPI for 12 months Ending June 30 (1982=1.00)	1.729	1.762
Equals: real adjusted Michigan personal income	$146,992	$147,238
Percentage change		0.2%
Percentage change under 0%		0.2%
Multiplied by: estimated GF/GP revenue in FY 2001-2002 (millions)		8,406.0
Equals: countercyclical budget and economic stabilization fund calculation for the fiscal year ending September 30, 2003		$0.00

Receipt and retention of reports.

Sec. 212. The departments and agencies receiving appropriations in part 1 shall receive and retain copies of all reports funded from appropriations in part 1. Federal and state guidelines for short-term and long-term retention of records shall be followed.

Purchase or ownership interest in casino or gambling operation; use of funds prohibited.

Sec. 213. Funds appropriated in part 1 shall not be used by this state, a department, an agency, or an authority of this state to purchase an ownership interest in a casino enterprise or a gambling operation as those terms are defined in the Michigan gaming control and revenue act, the Initiated Law of 1996, MCL 432.201 to 432.226.

Technology-related services and projects; user fees.

Sec. 214. From the funds appropriated in part 1 for information technology, departments and agencies shall pay user fees to the department of information technology for technology-related services and projects. Such user fees shall be subject to provisions of an interagency agreement between the departments and agencies and the department of information technology.

Employee communication with legislature; disciplinary action prohibited.

Sec. 215. A department or state agency shall not take disciplinary action against an employee for communicating with a member of the legislature or their staff.

Early retirement and budgetary savings; satisfaction of negative appropriations.

Sec. 216. (1) The negative appropriations for early retirement savings in part 1 shall be satisfied by savings realized from not filling all of the positions lost due to the early retirement plan for state employees enacted in 2002 PA 93 amendments to the state employees' retirement act, 1943 PA 240, MCL 38.1 to 38.69.

(2) The negative appropriations for budgetary savings in part 1 shall be satisfied by savings from the hiring freeze imposed under section 205, efficiencies, and other savings identified by the department directors and approved by the state budget director.

(3) Appropriation authorization adjustments required due to negative appropriations for early retirement savings and budgetary savings shall be made only after the approval of transfers by the legislature under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

DEPARTMENT OF ATTORNEY GENERAL

Contingency funds; availability for expenditure.

Sec. 300. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $1,500,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $1,500,000.00 for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $100,000.00 for local contingency funds. These funds are not available for

expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(4) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $100,000.00 for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Attorney general; legal services.

Sec. 301. (1) The attorney general shall perform all legal services, including representation before courts and administrative agencies rendering legal opinions and providing legal advice to a principal executive department or state agency. A principal executive department or state agency shall not employ or enter into a contract with any other person for services described in this section.

(2) The attorney general shall defend judges of all state courts if a claim is made or a civil action is commenced for injuries to persons or property caused by the judge through the performance of the judge's duties while acting within the scope of his or her authority as a judge.

(3) The attorney general shall perform the duties specified in 1846 RS 12, MCL 14.28 to 14.35, and 1919 PA 232, MCL 14.101 to 14.102, and as otherwise provided by law.

Attorney general; sale of biennial report.

Sec. 302. The attorney general may sell copies of the biennial report in excess of the 500 copies that the attorney general may distribute on a gratis basis. The attorney general shall sell copies of the report at not less than the actual cost of the report and shall deposit the money received into the general fund.

Department of attorney general; legal representation of cases handled by accident fund.

Sec. 303. The department of attorney general has retained the responsibility for legal representation for state of Michigan state employee worker's disability compensation cases handled by the accident fund company. The accident fund company revenue appropriation in part 1 is to be satisfied by billings from the department of attorney general to the accident fund company for the actual costs of legal representation, including salaries and support costs.

Costs associated with food stamp fraud cases; reimbursement.

Sec. 304. In addition to the funds appropriated in part 1, up to $400,000.00 shall be reimbursed per fiscal year for food stamp fraud cases heard by the third circuit court of Wayne County that were initiated by the department of attorney general pursuant to the existing contract between the family independence agency, the prosecuting attorneys association of Michigan, and the department of attorney general. The source of this funding is money earned by the department of attorney general under the agreement after the allowance for reimbursement to the department of attorney general for costs associated with the prosecution of food stamp fraud cases. It is recognized that the federal funds are earned by the department of attorney general for its documented progress on the prosecution of food stamp fraud cases according to the United States department of agriculture regulations and that once earned by this state, the funds become state funds.

Proceeds from tobacco settlement agreement.

Sec. 305. Any proceeds from a lawsuit initiated by or settlement agreement entered into on behalf of this state against a manufacturer of tobacco products by the attorney general are state funds and are subject to appropriation as provided by law.

Unobligated antitrust enforcement revenue; carrying forward excess funds.

Sec. 306. Any unobligated antitrust enforcement revenue in excess of the funds appropriated in part 1, not to exceed $250,000.00, is carried forward and available for appropriation in the succeeding fiscal year.

Payment of attorney fees.

Sec. 307. In addition to the funds appropriated in part 1, there is appropriated up to $500,000.00 from litigation expense reimbursements awarded to the state. The funds may be expended for the payment of attorney fees assessed against the governor or the attorney general when acting in an official capacity as the named party in litigation against the state. The funds may also be expended for the payment of state costs incurred under section 16 of chapter X of the code of criminal procedure, 1927 PA 175, MCL 770.16. Unexpended funds at the end of the fiscal year are carried forward for expenditure in the following year, up to a maximum authorization of $500,000.00.

Attorney general; annual salary.

Sec. 308. Effective January 1, 2003, the annual salary for the attorney general shall be $135,500.00, unless an amendment to the state constitution gives the state officers compensation commission the authority to determine the salary of the attorney general.

DEPARTMENT OF CIVIL RIGHTS

Contingency funds; availability for expenditure.

Sec. 400. In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $500,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Department of civil rights; receipt and expenditure of funds; report.

Sec. 401. (1) In addition to the appropriations contained in part 1, the department of civil rights may receive and expend funds from local or private sources for all of the following purposes:

(a) Developing and presenting training for employers on equal employment opportunity law and procedures.

(b) The publication and sale of civil rights related informational material.

(c) The provision of copy material made available under freedom of information requests.

(d) Other copy fees, subpoena fees, and witness fees.

(e) Developing, presenting, and participating in mediation processes for certain civil rights cases.

(f) Workshops, seminars, and recognition or award programs consistent with the programmatic mission of the individual unit sponsoring or coordinating the programs.

(2) The department of civil rights shall annually report to the state budget director, the senate and house of representatives standing committees on appropriations, and the senate and house fiscal agencies the amount of funds received and expended for purposes authorized under this section.

Review of equal employment opportunity compliance; contracts with local governments.

Sec. 402. The department of civil rights may contract with local units of government to review equal employment opportunity compliance of potential contractors and may charge for and expend amounts received from local units of government for the purpose of developing and providing these contractual services.

DEPARTMENT OF CIVIL SERVICE

Contingency funds; availability for expenditure.

Sec. 500. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $2,000,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $5,000,000.00 for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $100,000.00 for local contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(4) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $100,000.00 for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Restricted funds; assessment.

Sec. 501. (1) All restricted funds shall be assessed a sum not less than 1% of the total aggregate payroll paid from those funds for financing the department of civil service on the basis of actual 1% restricted sources total aggregate payroll of the classified service for fiscal year 2002 in accordance with section 5 of article XI of the state constitution of 1963. This includes, but is not limited to, restricted funds appropriated in part 1 of any appropriations bill. Unexpended 1% appropriated funds shall be returned to each 1% fund source at the end of the fiscal year.

(2) The 1% financing from restricted sources shall be credited to the department of civil service by the end of the second fiscal quarter.

Restricted sources; carryforward authority.

Sec. 502. Except where specifically appropriated for this purpose, 1% of the financing from restricted sources shall be credited to the department of civil service. For restricted sources of funding within the general fund that have the legislative authority for carryover, if current spending authorization or revenues are insufficient to accept the charge, the shortage shall be taken from carryforward balances of that funding source. Restricted revenue sources that do not have carryforward authority shall be utilized to satisfy departmental operating deducts first and civil service obligations second. General fund dollars are appropriated for any shortfall, pursuant to approval by the state budget director.

EXECUTIVE OFFICE

Publication and distribution costs.

Sec. 550. Funds collected by the executive office under sections 55, 57, 58, and 59 of the administrative procedures act of 1969, 1969 PA 306, MCL 24.255, 24.257, 24.258, and 24.259, and section 203 of the legislative council act, 1986 PA 268, MCL 4.1203, are appropriated for all expenses necessary to provide for the costs of publication and distribution. The funds appropriated under this section are allotted for expenditure when they are received by the department of treasury and shall not lapse to the general fund at the end of the fiscal year.

INFORMATION TECHNOLOGY

Interdepartmental grant contingency funds.

Sec. 570. In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $40,000,000.00 for interdepartmental grant contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Department of information technology; user fees.

Sec. 571. The appropriation in part 1 for the department of information technology shall be funded by user fees assessed against other principal executive departments and agencies. Such user fees shall be based upon services provided by the department of information technology.

The e-Michigan office.

Sec. 572. (1) The e-Michigan office may sell and accept paid advertising for placement on any state website under its jurisdiction. The office shall review and approve the content of each advertisement. The office may refuse to accept advertising from any person or organization or require modification to advertisements based upon criteria determined by the office. Revenue received under this subsection will be used for operating costs of the office and for future technology enhancements to state of Michigan e-government initiatives. Funds received under this subsection shall be limited to $250,000.00. Any funds in excess of $250,000.00 shall be deposited in the state general fund.

(2) The e-Michigan office may accept gifts, donations, contributions, bequests, and grants of money from any public or private source to assist with the underwriting or sponsorship of state web pages or services offered on those web pages. A private or public funding source may receive recognition in the web page. The office may reject a gift, donation, contribution, bequest, or grant.

(3) The e-Michigan office may enter into agreements to supply services to other principal executive departments and agencies. The e-Michigan office may receive and expend funds in addition to those authorized in 2000 PA 291 for providing those services. The e-Michigan office may expend amounts received for salaries, supplies, services, and equipment necessary to provide e-Michigan services.

(4) Funds accepted by the e-Michigan office under subsections (1), (2), and (3) are appropriated and allotted when received and may be expended upon receipt.

(5) Any unexpended revenue received under this section shall not lapse to the general fund and shall be available for future appropriations.

(6) The e-Michigan office shall develop a search function of all state departments and agencies. This search function shall be easily accessible to visitors on the front page of the state's website.

(7) The privacy policy adopted by the e-Michigan office shall include the following provisions:

(a) Instruction on how visitors can set their browsers to be warned before each cookie is written to a visitor's computer.

(b) The e-Michigan office will also include instructions for visitors to inform them how to view and remove cookies on their personal computers.

(8) By April 1, the e-Michigan office shall report to the senate and house of representatives standing committees on appropriations and the senate and house fiscal agencies all of the following information:

(a) The amount of gifts, donations, contributions, bequests, and grants of money received by the office under this section for the immediately preceding fiscal year.

(b) A listing of the expenditures made from the amounts received by the office as reported in subdivision (a).

(c) A listing of any gift, donation, contribution, bequest, or grant of property other than funding received by the office under this section for the immediately preceding year.

(d) The total revenue received from the sale of paid advertising accepted under this section and a statement of the total number of advertising transactions.

Information and technical services; agreements.

Sec. 573. The department of information technology may enter into agreements to supply census information, spatial information, and technical services to other principal executive departments, state agencies, local units of government, and other organizations. The department of information technology may receive and expend funds in addition to those authorized in part 1 for providing information and technical services, publications, maps, and other census-related products. The department of information technology may expend amounts received for salaries, supplies, and equipment necessary to provide informational products and technical services.

Historical and current data stored within MAIN; access.

Sec. 574. The legislature shall have access to all historical and current data contained within MAIN pertaining to state departments. State departments shall have access to all historical and current data contained within MAIN.

Transfer of employees from state agencies to department of information technology.

Sec. 575. Recognizing that all records, personnel, property, equipment, grants, and unexpended balances of appropriations, allocations, and other funds used, held, employed, available, or to be made available to any entity for the activities, powers, duties, functions, and responsibilities are transferred to the department of information technology from other state departments and agencies, it is the intent of the legislature that the department of information technology will transfer their employees from the other state departments and agencies within a reasonable time frame.

Information technology services; scope.

Sec. 576. When used in this act, "information technology services" means services involving all aspects of managing and processing information including, but not limited to, all of the following:

(a) Application development and maintenance.

(b) Desktop computer support and management.

(c) Mainframe computer support and management.

(d) Server support and management.

(e) Local area network support and management.

(f) Information technology contract, project, and procurement management.

(g) Information technology planning and budget management.

(h) Telecommunication services, security, infrastructure, and support.

LEGISLATURE

Receipt, expenditure, and transfer of funds.

Sec. 600. The senate, the house of representatives, or an agency within the legislative branch may receive, expend, and transfer funds in addition to those authorized in part 1.

Expenditure or transfer of funds; approval of authorized agent.

Sec. 601. (1) Funds appropriated in part 1 to an entity within the legislative branch shall not be expended or transferred to another account without written approval of the authorized agent of the legislative entity. If the authorized agent of the legislative entity notifies the state budget director of its approval of an expenditure or transfer, the state budget director shall immediately make the expenditure or transfer. The authorized legislative entity agency shall be designated by the speaker of the house of representatives for house entities, the senate majority leader for senate entities, and the legislative council for legislative council entities.

(2) Funds appropriated within the legislative branch, to a legislative council component, shall not be expended by any agency or other subgroup included in that component without the approval of the legislative council.

Rent charges and utility assessments.

Sec. 602. The senate may charge rent and assess charges for utility costs. The amounts received for rent charges and utility assessments are appropriated to the senate for the renovation, operation, and maintenance of the Farnum building and other properties.

National association dues; distribution.

Sec. 603. The appropriation contained in part 1 for national association dues is to be distributed in the following manner by the legislative council:

National conference of state legislatures	$	173,900
Council of state governments		156,300
National conference of insurance legislators		9,400
National conference of commissioners on uniform state laws		42,000

Legislative parking facilities.

Sec. 604. (1) The appropriation in part 1 to the legislative council includes funds to operate the legislative parking facilities in the capitol area. The legislative council shall establish rules regarding the operation of the legislative parking facilities.

(2) The legislative council shall collect a fee from state employees and the general public using certain legislative parking facilities. The revenues received from the parking fees shall be allocated by the legislative council.

Michigan manual; publication as work project account.

Sec. 605. The appropriation in part 1 to the legislative council for publication of the Michigan manual is considered a work project account. The unexpended portion remaining on September 30 shall not lapse and shall be carried forward into the subsequent fiscal year for use in paying the associated biennial costs of publication of the Michigan manual.

Property management as work project.

Sec. 606. The appropriation in part 1 to the legislative branch, for property management, is considered a work project account. The unexpended portion remaining on September 30 shall not lapse and shall be carried forward into the subsequent fiscal year for the use for which it was intended.

Save the flags fund account.

Sec. 607. In addition to funds appropriated in part 1, the Michigan capitol committee publications save the flags fund account may accept contributions, gifts, bequests, devises, grants, and donations. Those funds that are not expended in the fiscal year ending September 30 shall not lapse at the close of the fiscal year and shall be carried forward for expenditure in the following fiscal years.

Legislative council e-Law project.

Sec. 608. Funds appropriated in part 1 for e-Law, the legislative council's technology enhancement project, shall be used to support technology improvements for legislative functions performed by the legislative council agencies and to provide greater access to the public regarding legislative information. These funds, along with funds previously appropriated for the legislative session integration system, are designated as a work project and shall not lapse at the end of the fiscal year, and shall continue to be available for expenditure until the project has been completed. The total cost is estimated at $3,992,750.00, and the tentative completion date is September 30, 2004.

Unmarried domestic partners; payment of health insurance benefits prohibited.

Sec. 609. The funds appropriated in part 1 shall not be used to pay for health insurance benefits for unmarried domestic partners of legislators or legislative employees.

Auditor general; state restricted contingency funds.

Sec. 610. In addition to the funds appropriated in part 1 for the legislative auditor general, there is appropriated an amount not to exceed $500,000.00 for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Judicial branch; auditor general audit.

Sec. 611. Pursuant to section 53 of article IV of the state constitution of 1963, the auditor general shall conduct audits of the judicial branch. The audits may include the supreme court and its administrative units, the court of appeals, and trial courts.

Certified minority- and women-owned and operated accounting firms, and accounting firms owned and operated by persons with disabilities.

Sec. 612. (1) The auditor general shall take all reasonable steps to ensure that certified minority- and women-owned and operated accounting firms, and accounting firms owned and operated by persons with disabilities participate in the audits of the books, accounts, and financial affairs of each principal executive department, branch, institution, agency, and office of this state.

(2) The auditor general shall strongly encourage firms with which the auditor general contracts to perform audits of the principal executive departments and state agencies to subcontract with certified minority- and women-owned and operated accounting firms, and accounting firms owned and operated by persons with disabilities.

(3) The auditor general shall compile an annual report regarding the number of contracts entered into with certified minority- and women-owned and operated accounting firms, and accounting firms owned and operated by persons with disabilities. The auditor general shall deliver the report to the state budget director and the senate and house of representatives standing committees on appropriations subcommittees on general government by November 1 of each year.

Noncompliance with auditor general recommendations; report.

Sec. 614. The auditor general shall report to the state budget director, the senate and house of representatives standing committees on appropriations, and the senate and house fiscal agencies on all recommendations made by the auditor general, in all audit reports, that are not complied with by the audited agencies.

Auditor general; salary; unclassified positions.

Sec. 615. From the funds appropriated in part 1 to the legislative auditor general, the legislative auditor general's salary shall be $135,500.00. Funding for the remaining 2.0 FTE unclassified positions is limited to an aggregate amount of $147,200.00.

Legislative requests to auditor general; additional costs.

Sec. 618. Any audits, reviews, or investigations requested of the auditor general by the legislature or by legislative leadership, legislative committees, or individual legislators should include an estimate of the additional costs involved and, when such costs exceed

$50,000.00, should provide supplemental funding. The auditor general will determine whether to perform such activities in keeping with Audit Directive No. 29, which describes the office of auditor general policy on responding to legislative requests.

DEPARTMENT OF MANAGEMENT AND BUDGET

Contingency funds; availability for expenditure.

Sec. 700. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $2,000,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $3,000,000.00 for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $50,000.00 for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

State surplus, salvage, or scrap property; transfer or auction costs.

Sec. 701. Proceeds in excess of necessary costs incurred in the conduct of transfers or auctions of state surplus, salvage, or scrap property made pursuant to section 267 of the management and budget act, 1984 PA 431, MCL 18.1267, are appropriated to the department of management and budget to offset costs incurred in the acquisition and distribution of federal surplus property.

Training and orientation workshops and seminars.

Sec. 702. The department of management and budget may receive and expend funds in addition to those authorized in part 1 for conducting training and orientation workshops and seminars that are consistent with the programmatic mission of the individual unit sponsoring or coordinating the program.

Services provided by department of management and budget; receipt and expenditure of funds.

Sec. 703. (1) The department of management and budget may receive and expend funds in addition to those authorized by part 1 for maintenance and operation services provided specifically to other principal executive departments or state agencies, the legislative branch, or the judicial branch or provided in connection with facilities transferred to the operational jurisdiction of the department of management and budget.

(2) The department of management and budget may receive and expend funds in addition to those authorized by part 1 for real estate, architectural, design, and engineering services provided specifically to other principal executive departments or state agencies, the legislative branch, or the judicial branch.

(3) The department of management and budget may receive and expend funds in addition to those authorized in part 1 for mail pickup and delivery services provided specifically to other principal executive departments and state agencies, the legislative branch, or the judicial branch.

(4) The department of management and budget may receive and expend funds in addition to those authorized in part 1 for purchasing services provided specifically to other principal executive departments and state agencies, the legislative branch, or the judicial branch.

Census information.

Sec. 704. The department of management and budget may enter into agreements to supply census information, spatial information, and technical services to other principal executive departments, state agencies, local units of government, and other organizations. The department of management and budget may receive and expend funds in addition to those authorized in part 1 for providing information and technical services, publications, maps, and other census-related products. The department of management and budget may expend amounts received for salaries, supplies, and equipment necessary to provide informational products and technical services.

Child care information and referral services, severance pay funds, and professional development funds.

Sec. 705. (1) The appropriation in part 1 to the department of management and budget, for statewide appropriations from employer contributions, represents amounts included within the various appropriations for longevity and insurance, whether appropriated as a single line item or commingled with program line items, throughout state government for the current fiscal year for purposes of funding the child care information and referral services, severance pay funds, and professional development funds included within statewide appropriations. Deposits against the interdepartmental grant from employer contributions shall be made from assessments levied against the longevity and insurance appropriations during the current fiscal year in a manner prescribed by the department of management and budget. Any deposits made under this subsection and any unencumbered funds are restricted revenues, may be carried over into the succeeding fiscal years, and are appropriated.

(2) From the funds appropriated in part 1 to the department of management and budget for professional development funds and child care information and referral services, the department of management and budget may expend funds for staff support associated with administration of the professional development funds and child care information and referral services in amounts as may be specified in joint labor/management agreements or through the coordinated compensation hearings process.

(3) In addition to the funds appropriated in part 1 for severance pay funds, the department of management and budget may receive and expend funds from other state agencies for staff support associated with the administration of these funds.

(4) In addition to the funds appropriated in part 1 to the department of management and budget, for statewide appropriations from employer contributions, the department of management and budget may receive and expend funds in such additional amounts as may be specified in joint labor/management agreements or through the coordinated compensation hearings process in the same manner and subject to the same conditions as prescribed in subsections (1), (2), and (3).

Special revenue internal service and pension trust funds.

Sec. 706. To the extent a specific appropriation is required for a detail source of financing included in part 1 for the department of management and budget appropriations financed from special revenue and internal service and pension trust funds, or MAIN user charges, the specific amounts are appropriated within the special revenue internal service and pension trust funds in portions not to exceed the aggregate amount appropriated in part 1.

Per diem amounts for certain retirement boards.

Sec. 707. The per diem amounts authorized for the following boards within the department of management and budget are as follows:

(a) Judges retirement board	$	50.00
(b) Public school employees retirement board		50.00
(c) State police retirement board		50.00
(d) State employees retirement board		50.00

Donated annual leave and administrative leave bank transfer.

Sec. 708. In addition to the funds appropriated in part 1 to the department of management and budget, the department may receive and expend funds from other principal executive departments and state agencies to implement donated annual leave and administrative leave bank transfer provisions as may be specified in joint labor/management agreements. The amounts may also be transferred to other principal executive departments and state agencies under the joint agreement and any amounts transferred under the joint agreement are authorized for receipt and expenditure by the receiving principal executive department or state agency. Any amounts received by the department of management and budget under this section and intended, under the joint labor/management agreements, to be available for use beyond the close of the fiscal year and any unencumbered funds may be carried over into the succeeding fiscal year.

Michigan administrative information network.

Sec. 709. The appropriation in part 1 for the Michigan administrative information network shall be funded by proportionate charges assessed against the respective state funds benefiting from this project in the amounts determined by the department.

Building occupancy and parking charges; carrying forward excess revenue.

Sec. 710. (1) Deposits against the interdepartmental grant from building occupancy and parking charges appropriated in part 1 shall be collected, in part, from state agencies, the legislative branch, and the judicial branch based on estimated costs associated with maintenance and operation of buildings managed by the department of management and budget. To the extent excess revenues are collected due to estimates of building occupancy charges exceeding actual costs, the excess revenues may be carried forward into succeeding fiscal years for the purpose of returning funds to state agencies.

(2) Appropriations in part 1 to the department of management and budget, for management and budget services from building occupancy charges and parking charges, may be increased to return excess revenue collected to state agencies.

Flexible spending account program.

Sec. 711. The appropriation in part 1 to the department of management and budget, for state-sponsored group insurance, flexible spending accounts, and COBRA, represents amounts, in part, included within the various appropriations throughout state government for the current fiscal year to fund the flexible spending account program included within management and budget services. Deposits against state-sponsored group insurance, flexible spending accounts, and COBRA for the flexible spending account program shall be made from assessments levied during the current fiscal year in a manner prescribed by

the department of management and budget. Unspent employee contributions to the flexible spending accounts may be used to offset administrative costs for the flexible spending account program, with any remaining balance of unspent employee contributions to be lapsed to the general fund.

Health insurance reserve fund of state employees' retirement act.

Sec. 712. In accordance with section 52 of the state employees' retirement act, 1943 PA 240, MCL 38.52, $0.00 is appropriated in part 1 to the health insurance reserve fund of the state employees' retirement system created by section 11(8) of the state employees' retirement act, 1943 PA 240, MCL 38.11, representing the estimated general fund/general purpose savings from implementing the defined contribution retirement plan for the period October 1, 2000 through September 30, 2001.

Computer software development, hardware acquisition, or quality assurance; contract revisions.

Sec. 713. The department of management and budget shall notify the chairpersons of the senate and house of representatives standing committees on appropriations and the chairpersons of the senate and house of representatives standing committees on appropriations subcommittees on general government on any revisions exceeding $500,000.00 to current contracts for computer software development, hardware acquisition, or quality assurance at least 14 days before the department of management and budget finalizes the revisions.

Invitations for bids and requests for proposals; maintenance of Internet website.

Sec. 715. The department of management and budget shall maintain an Internet website that contains notice of all invitations for bids and requests for proposals over $50,000.00 issued by the department or by any state agency operating under delegated authority. The department shall not accept an invitation for bid or request for proposal in less than 14 days after the notice is made available on the Internet website, except in situations where it would be in the best interest of the state and documented by the department. In addition to the requirements of this section, the department may advertise the invitations for bids and requests for proposals in any manner the department determines appropriate, in order to give the greatest number of individuals and businesses the opportunity to make bids or requests for proposals.

Vietnam veterans memorial monument fund.

Sec. 716. The department of management and budget may receive and expend funds from the Vietnam veterans memorial monument fund for maintenance of the Vietnam veterans memorial monument and the Vietnam memorial park, as provided in 1988 PA 234, MCL 35.1051 to 35.1057. Funds are appropriated and allocated when received and may be expended upon receipt.

Michigan veterans' memorial park commission.

Sec. 717. The Michigan veterans' memorial park commission may receive and expend money from any source, public or private, including, but not limited to, gifts, grants, donations of money, and government appropriations, for the purposes described in Executive Order No. 2001-10. Funds are appropriated and allocated when received and may be expended upon receipt. Any deposits made under this section and unencumbered funds are restricted revenues and may be carried over into succeeding fiscal years.

Form referencing city or village; print and font size.

Sec. 718. From the funds appropriated in part 1 to the department of management and budget, the department of management and budget shall not, after the forms that are presently in stock are depleted and new forms are to be ordered, print or authorize the printing of a form that references a city or village, unless that form also references a township in the same size print and same font as the city or village is referenced.

Gubernatorial transition process.

Sec. 719. An amount up to $1,200,000.00 shall be transferred from the general fund for costs associated with the gubernatorial transition process.

DEPARTMENT OF STATE

Contingency funds; availability for expenditure.

Sec. 800. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $1,000,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $7,500,000.00 for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $50,000.00 for local contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(4) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $100,000.00 for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Expenditure of funds provided by §§ 500.3171 to 500.3177.

Sec. 801. All funds made available by section 3171 of the insurance code of 1956, 1956 PA 218, MCL 500.3171, are appropriated and made available to the department of state to be expended only for the uses and purposes for which the funds are received as provided by sections 3171 to 3177 of the insurance code of 1956, 1956 PA 218, MCL 500.3171 to 500.3177.

Sale of records; use of revenue.

Sec. 802. From the funds appropriated in part 1, the department of state shall sell copies of records including, but not limited to, records of motor vehicles, off-road vehicles, snowmobiles, watercraft, mobile homes, personal identification cardholders, drivers, and boat operators and shall charge $6.55 per record sold only as authorized in section 208b of the Michigan vehicle code, 1949 PA 300, MCL 257.208b, section 7 of 1972 PA 222, MCL 28.297, and sections 80130, 80315, 81114, and 82156 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.80130, 324.80315, 324.81114, and 324.82156. The department shall use the revenue received from the sale of records for necessary expenses as appropriated in part 1. The balance of the fee revenue remaining on September 30 shall revert to the general fund.

Manufacture of vehicle registration plates; agreement with department of corrections.

Sec. 803. From the funds appropriated in part 1, the secretary of state may enter into agreements with the department of corrections for the manufacture of vehicle registration plates 15 months before the registration year in which the registration plates will be used.

Publications; funding sources.

Sec. 804. (1) The department of state may accept gifts, donations, contributions, and grants of money and other property from any private or public source to underwrite, in whole or in part, the cost of a departmental publication that is prepared and disseminated under the Michigan vehicle code, 1949 PA 300, MCL 257.1 to 257.923. A private or public funding source may receive written recognition in the publication and may furnish a traffic safety message, subject to departmental approval, for inclusion in the publication. The department may reject a gift, donation, contribution, or grant. The department may furnish copies of a publication underwritten, in whole or in part, by a private source to the underwriter at no charge.

(2) The department of state may sell and accept paid advertising for placement in a departmental publication that is prepared and disseminated under the Michigan vehicle code, 1949 PA 300, MCL 257.1 to 257.923. The department may charge and receive a fee for any advertisement appearing in a departmental publication and shall review and approve the content of each advertisement. The department may refuse to accept advertising from any person or organization. The department may furnish a reasonable number of copies of a publication to an advertiser at no charge.

(3) Pending expenditure, the funds received under this section shall be deposited in the Michigan department of state publications fund created by section 211 of the Michigan vehicle code, 1949 PA 300, MCL 257.211. Funds given, donated, or contributed to the department from a private source are appropriated and allocated for the purpose for which the revenue is furnished. Funds granted to the department from a public source are allocated and may be expended upon receipt. The department shall not accept a gift, donation, contribution, or grant if receipt is conditioned upon a commitment of state funding at a future date. Revenue received from the sale of advertising is appropriated and may be expended upon receipt.

(4) Any unexpended revenues received under this section shall be carried over into subsequent fiscal years and shall be available for appropriation for the purposes described in this section.

(5) On March 1 of each year, the department of state shall file a report with the senate and house of representatives standing committees on appropriations, the senate and house fiscal agencies, and the state budget director. The report shall include all of the following information:

(a) The amount of gifts, contributions, donations, and grants of money received by the department under this section for the prior fiscal year.

(b) A listing of the expenditures made from the amounts received by the department as reported in subdivision (a).

(c) A listing of any gift, donation, contribution, or grant of property other than funding received by the department under this section for the prior year.

(d) The total revenue received from the sale of paid advertising accepted under this section and a statement of the total number of advertising transactions.

(6) In addition to copies delivered without charge as the secretary of state considers necessary, the department of state may sell copies of manuals and other publications regarding the sale, ownership, or operation or regulation of motor vehicles, with amendments, at prices to be established by the secretary of state. As used in this subsection, the term "manuals and other publications" means videos and proprietary electronic publications. All funds received from sales of these manuals and other publications shall be credited to the Michigan department of state publications fund.

Publication costs; funds collected under § 257.211.

Sec. 805. Funds collected by the department of state under section 211 of the Michigan vehicle code, 1949 PA 300, MCL 257.211, are appropriated for all expenses necessary to provide for the costs of the publication. Funds are allotted for expenditure when they are received by the department of treasury and shall not lapse to the general fund at the end of the fiscal year.

Traffic accident records program; payment for services.

Sec. 806. From the funds appropriated in part 1, the department of state shall use available balances at the end of the state fiscal year to provide payment to the department of state police in the amount of $307,900.00 for the services provided by the traffic accident records program as first appropriated in 1990 PA 196 and 1990 PA 208.

Branch office operations; coverage of cash shortages.

Sec. 807. From the funds appropriated in part 1, the department of state may restrict funds from miscellaneous revenue to cover cash shortages created from normal branch office operations. This amount shall not exceed $50,000.00 of the total funds available in miscellaneous revenue.

Commemorative and specialty license plate fee.

Sec. 808. (1) Commemorative and specialty license plate fee revenue collected by the department of state and deposited into the Michigan transportation fund is authorized for expenditure up to the amount of revenue collected but not to exceed the amount appropriated to the department of state in part 1 to administer commemorative and specialty license plate programs.

(2) Commemorative and specialty license plate fee revenue collected by the department of state and deposited in the Michigan transportation fund in addition to the amount appropriated in part 1 to the department of state shall be available for other Michigan transportation fund-supported programs.

Olympic education training center.

Sec. 809. Funds or revenues in the Olympic education training center fund, after deducting manufacturing and administrative costs, are appropriated for distribution to the Olympic education training center at Northern Michigan University. Distributions shall occur on a quarterly basis. Any undistributed revenue remaining at the end of the fiscal year shall be carried over into the next fiscal year.

Automotive repair facilities; training video.

Sec. 810. The department of state may produce and sell copies of a training video designed to inform registered automotive repair facilities of their obligations under Michigan law. The price shall not exceed the cost of production and distribution. The money received from the sale of training videos shall revert to the department of state and be placed in the auto repair facility account.

Michigan organ donor program.

Sec. 811. (1) The department of state, in collaboration with the gift of life transplantation society or its successor federally designated organ procurement organization, may develop and administer a public information campaign concerning the Michigan organ donor program.

(2) The department may solicit funds from any private or public source to underwrite, in whole or in part, the public information campaign authorized by this section. The department may accept gifts, donations, contributions, and grants of money and other property from private and public sources for this purpose. A private or public funding source underwriting the public information campaign, in whole or in substantial part, shall receive sponsorship credit for its financial backing.

(3) Funds received under this section, including grants from state and federal agencies, shall not lapse to the general fund at the end of the fiscal year but shall remain available in fiscal year 2004 for expenditure for the purposes described in this section.

Collector plate and fund-raising registration plate.

Sec. 812. Collector plate and fund-raising registration plate revenues collected by the department of state are appropriated and allotted for distribution to the recipient university or public or private agency overseeing a state-sponsored goal when received. Distributions shall occur on a quarterly basis or as otherwise authorized by law. Any revenues remaining at the end of the fiscal year shall not lapse to the general fund but shall remain available for distribution to the university or agency in the next fiscal year.

Organ donation program; pamphlet.

Sec. 813. (1) Funding appropriated in part 1 for the organ donor program shall be used for producing a pamphlet to be distributed with driver licenses and personal identification cards regarding organ donations. The funds shall be used to update and print a pamphlet that will explain the organ donor program and encourage people to become donors by marking a checkoff on driver license and personal identification card applications.

(2) The pamphlet shall include a return reply form addressed to the gift of life organization. Funding appropriated in part 1 for the organ donor program shall be used to pay for return postage costs.

Qualified voter file systems; reimbursement to municipalities.

Sec. 814. The department shall reimburse municipalities with voting populations over 5,000 in any calendar year for qualified voter file systems, subject to the appropriations of funds to the department by the legislature for this purpose.

Secretary of state branch offices; closing or consolidating.

Sec. 816. The department shall consult with the senate and house of representatives standing committees on appropriations subcommittees on general government regarding the projected closing or consolidation of any secretary of state branch offices.

Secretary of state; salary.

Sec. 817. Effective January 1, 2003, the annual salary for the secretary of state shall be $135,500.00, unless an amendment to the state constitution gives the state officers compensation commission the authority to determine the salary of the secretary of state.

Sec. 818. The appropriation in part 1 for branch operations includes $1,000,000.00 from the state services fee fund for the development and implementation of a vertical driver license and personal identification card program for persons under the age of 21.

Compiler's note: The shaded section was vetoed by the Governor on July 25, 2002. On August 13, 2002, two-thirds of the members of the Senate and House of Representatives voted to pass the vetoed section, the objections of the Governor to the contrary notwithstanding.

DEPARTMENT OF TREASURY
OPERATIONS

Contingency funds; availability for expenditure.

Sec. 900. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $1,000,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $10,000,000.00 for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $200,000.00 for local contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(4) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $50,000.00 for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Debt service.

Sec. 901. (1) Amounts needed to pay for interest, fees, principal, arbitrage rebates as required by federal law, and costs associated with the payment, registration, trustee services, credit enhancements, and issuing costs in excess of the amount appropriated to the department of treasury in part 1 for debt service on notes and bonds that are issued by the state under sections 14, 15, and 16 of article IX of the state constitution of 1963 as implemented by 1967 PA 266, MCL 17.451 to 17.455, are appropriated.

(2) In addition to the amount appropriated to the department of treasury for debt service in part 1, there is appropriated an amount for fiscal year cash-flow borrowing costs to pay for interest on interfund borrowing made under 1967 PA 55, MCL 12.51 to 12.53.

Tax collection; contracts with private collection agencies and law firms; report.

Sec. 902. (1) From the funds appropriated in part 1, the department of treasury may contract with private collection agencies and law firms to collect taxes and other accounts due this state. In addition to the amounts appropriated in part 1 to the department of treasury, there are appropriated amounts necessary to fund collection costs and fees not to exceed 25% of the collections or 2.5% plus operating costs, whichever amount is prescribed by the contract. The appropriation to fund collection costs and fees for the collection of taxes or other accounts due this state are from the fund or account to which the revenues being collected are recorded or dedicated. However, if the taxes collected are constitutionally dedicated for a specific purpose, the appropriation of collection costs and fees are from the general purpose account of the general fund.

(2) The department of treasury shall submit a report for the immediately preceding fiscal year ending September 30 to the state budget director and the senate and house of representatives standing committees on appropriations not later than November 30 stating the agencies or law firms employed, the amount of collections for each, the costs of collection, and other pertinent information relating to determining whether this authority should be continued.

Investment service fee.

Sec. 903. (1) The department of treasury, through its bureau of investments, may charge an investment service fee against the applicable retirement funds. The fees may be expended for necessary salaries, wages, contractual services, supplies, materials, equipment, travel, worker's compensation insurance premiums, and grants to the civil service commission and state employees' retirement funds. Service fees shall not exceed the aggregate amount appropriated in part 1. The department of treasury shall maintain accounting records in sufficient detail to enable the retirement funds to be reimbursed periodically for fee revenue that is determined by the department of treasury to be surplus.

(2) In addition to the funds appropriated in part 1 from the retirement funds to the department of treasury, there is appropriated from retirement funds an amount sufficient to pay for the services of money managers, investment advisors, investment consultants, custodians and other outside professionals, the state treasurer considers necessary to prudently manage the retirement funds' investment portfolios. The state treasurer shall report annually to the senate and house of representatives standing committees on appropriations concerning the performance of each portfolio by investment advisor.

Local government assistance manuals.

Sec. 904. The department of treasury shall sell copies of the state tax manual, uniform accounting procedures manual, general property tax law manual, and other local government assistance manuals with amendments, at a price not to exceed the cost of printing. The revenue received from the sale of preparation and local government assistance manuals shall revert to the department of treasury and be placed in the local government assistance manual revolving fund.

State audits; charges; costs; scope; performance.

Sec. 905. (1) The department of treasury shall charge for audits as permitted by state or federal law or under contractual arrangements with local units of government, other principal executive departments, or state agencies. A report detailing audits performed and audit charges for the immediately preceding fiscal year shall be submitted to the state budget director and the senate and house fiscal agencies not later than November 30.

(2) The appropriation in part 1 to the department of treasury, for state compliance audits, shall be used to cover the cost of the state audits performed by independent certified public accountants or department of treasury auditors. The scope of the state audit shall be defined by the state treasurer. The state audits shall be performed by independent certified public accountants contracted with by the state treasurer or by department of treasury auditors, if the county has agreed to contract with and pay the department for their financial single audit.

(3) The state audits shall be performed for the most current county fiscal year in conjunction with the financial single audit. The state audit may be performed either by certified public accountants contracted by the state treasurer or department of treasury staff, independent of the financial single audit, if a state audit has not been performed within the last 3 years.

Assessor certification and training fund.

Sec. 906. A revolving fund known as the assessor certification and training fund is created in the department of treasury. The assessor certification and training fund shall be used to organize and operate a property assessor certification and training program. Each participant certified and trained shall pay to the department of treasury an examination fee of $25.00, an initial certification fee of $35.00, an annual renewal fee of

$50.00 for levels 1 and 2 and $95.00 for levels 3 and 4 to offset the cost of administering the certification and training program. Training courses shall be offered in assessment administration. Each participant shall pay a fee to cover the expenses incurred in offering the optional programs to certified assessing personnel and other individuals interested in an assessment career opportunity. The fees collected shall be credited to the assessor certification and training fund.

Administration of federal home heating credits and supplemental fuel cost payment program.

Sec. 907. The amount appropriated in part 1 to the department of treasury, home heating assistance program, is to cover the costs, including data processing, of administering the federal home heating credits to eligible claimants and to administer the supplemental fuel cost payment program for eligible tax credit and welfare recipients.

Airport parking tax revenue.

Sec. 908. Revenue from the airport parking tax act, 1987 PA 248, MCL 207.371 to 207.383, is appropriated and shall be distributed under section 7 of the airport parking tax act, 1987 PA 248, MCL 207.377.

Bottle deposit fund; disbursement to dealers.

Sec. 909. The disbursement by the department of treasury from the bottle deposit fund to dealers as required by section 3c(2) of the Initiated Law of 1976, MCL 445.573c, is appropriated.

Refundable income tax credits; recognition and payment.

Sec. 910. (1) There is appropriated an amount sufficient to recognize and pay refundable income tax credits as provided by the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

(2) The appropriations under subsection (1) shall be funded by restricting income tax revenue in an amount sufficient to record these expenditures.

Garnishment action; payment by plaintiff.

Sec. 911. A plaintiff in a garnishment action involving this state shall pay to the state treasurer 1 of the following:

(a) A fee of $6.00 at the time a writ of garnishment of periodic payments is served upon the state treasurer, as provided in section 4012 of the revised judicature act of 1961, 1961 PA 236, MCL 600.4012.

(b) A fee of $6.00 at the time any other writ of garnishment is served upon the state treasurer, except that the fee shall be reduced to $5.00 for each writ of garnishment for individual income tax refunds or credits filed by magnetic media.

Assessments of senior citizen cooperative housing units; appraisal or appeal process; senior citizens' cooperative housing tax exemption program; audit.

Sec. 912. (1) The department of treasury may contract with private firms to appraise and, if necessary, appeal the assessments of senior citizen cooperative housing units. Payment for this service shall be from savings resulting from the appraisal or appeal process.

(2) Of the funds appropriated in part 1 to the department of treasury for the senior citizens' cooperative housing tax exemption program, a portion is to be utilized for a program audit of the program. The department of treasury shall forward copies of the

audit report to the senate and house of representatives standing committees on appropriations subcommittees on general government. The department of treasury may utilize up to 1% of the funds for program administration and auditing.

Loans to local governments.

Sec. 913. The state treasurer may make loans to local units of government from the state's common cash fund to implement local government infrastructure and private facility projects that will ultimately use long-term debt to finance the costs. These loans may be made at any time and shall be repaid, in full, not later than 12 months after the date of the loan. In addition to the full repayment of the loan principal, the borrowing unit shall pay interest at the average rate earned on common cash investments during the period of the loan. The total of all outstanding loans shall not exceed $50,000,000.00 in the aggregate and no single loan shall exceed $7,500,000.00.

Rosenthal prize.

Sec. 914. The department of treasury may provide a $200.00 annual prize from the Ehlers internship award account in the gifts, bequests, and deposit fund to the runner-up of the Rosenthal prize for interns. The Ehlers internship award account is interest bearing.

State campaign fund; amounts appropriated; reversion.

Sec. 915. Pursuant to section 61 of the Michigan campaign finance act, 1976 PA 388, MCL 169.261, there is appropriated from the general fund to the state campaign fund an amount equal to the amounts designated for tax year 2002. Except as otherwise provided in this section, the amount appropriated shall not revert to the general fund and shall remain in the state campaign fund. Any amounts remaining in the state campaign fund in excess of $10,000,000.00 on December 31, 2002 shall revert to the general fund.

Technology investment plan.

Sec. 916. The department of treasury may develop a technology investment plan to maintain and upgrade current tax management technology applications.

Sale of nonconfidential information; report.

Sec. 917. The department of treasury may make available to interested entities otherwise unavailable customized unclaimed property listings of nonconfidential information in its possession. The charge for this information is as follows: 1 to 100,000 records at 2.5 cents per record and 100,001 or more records at .5 cents per record. The revenue received from this service shall be deposited to the appropriate revenue account or fund. The department shall submit an annual report on or before June 1, 2003, to the state budget director and the senate and house of representatives standing committees on appropriations that states the amount of revenue received from the sale of information.

Write-offs and advances.

Sec. 918. (1) There is appropriated for write-offs and advances an amount equal to total write-offs and advances for departmental programs, but not to exceed current year authorizations that would otherwise lapse to the general fund.

(2) The department of treasury shall submit a report for the immediately preceding fiscal year to the state budget director and the senate and house fiscal agencies not later than November 30, stating the amounts appropriated for write-offs and advances under subsection (1).

Tax orientation workshops and orientations.

Sec. 919. In addition to funds appropriated in part 1, the department of treasury may receive and expend funds for conducting tax orientation workshops and seminars. Funds received may not exceed costs incurred in conducting the workshops and seminars.

Auditing and collecting unclaimed property; contract with private auditing firms; report.

Sec. 920. (1) From funds appropriated in part 1, the department of treasury may contract with private auditing firms to audit for and collect unclaimed property due this state in accordance with the Michigan uniform unclaimed property act. In addition to the amounts appropriated in part 1 to the department of treasury, there are appropriated amounts necessary to fund auditing and collection costs and fees not to exceed 12% of the collections, or a lesser amount as prescribed by the contract. The appropriation to fund collection costs and fees for the auditing and collection of unclaimed property due this state is from the fund or account to which the revenues being collected are recorded or dedicated.

(2) The department of treasury shall submit a report for the immediately preceding fiscal year ending September 30 to the state budget director and the senate and house standing committees on appropriations not later than November 30 stating the auditing firms employed, the amount of collections for each, the costs of collection, and other pertinent information relating to determining whether this authority should be continued.

Sleeping Bear Dunes national lakeshore; payment.

Sec. 921. Payments from the appropriation in part 1 to the department of treasury for grants to counties in lieu of taxes for lands transferred to the federal government include a payment for Sleeping Bear Dunes national lakeshore under 1974 PA 359, MCL 3.901 to 3.909.

Health and safety fund; distribution.

Sec. 922. All of the revenue collected under section 12(3)(a) of the tobacco products tax act, 1993 PA 327, MCL 205.432, is appropriated to the health and safety fund of this state for distribution as set forth in the health and safety fund act, 1987 PA 264, MCL 141.471 to 141.479.

Contract services with other departments and agencies.

Sec. 940. The department of treasury may provide receipt, warrant and cash processing, data, collection, investment, fiscal agent, levy and warrant cost assessment, writ of garnishment, and other user services on a contractual basis for other principal executive departments and state agencies. Funds for the services provided are appropriated and shall be expended for salaries and wages, fees, supplies, and equipment necessary to provide the services. Any unobligated balance of the funds received shall revert to the general fund of this state as of September 30.

Agreements to supply data or collection services.

Sec. 941. The department of treasury may enter into agreements to supply data or collection services to other executive principal departments or state agencies, the United States department of treasury, or local units of government within this state. The department of treasury shall charge for this tax data service and amounts received are appropriated and shall be expended for salaries and wages, fees, supplies, and equipment necessary to provide the service.

Accounts receivable collections.

Sec. 942. (1) The department of treasury shall provide accounts receivable collections services to other principal executive departments and state agencies under 1927 PA 375, MCL 14.131 to 14.134. The department of treasury shall deduct a fee equal to the cost of collections from all receipts except unrestricted general fund collections. Fees shall be credited to a restricted revenue account and appropriated to the department of treasury to pay for the cost of collections. The department of treasury shall maintain accounting records in sufficient detail to enable the respective accounts to be reimbursed periodically for fees deducted that are determined by the department of treasury to be surplus to the actual cost of collections.

(2) The department of treasury shall submit a report for the immediately preceding fiscal year to the state budget director and the senate and house fiscal agencies not later than November 30, stating the principal executive departments and state agencies served, funds collected, and costs of collection under subsection (1).

Fees assessed against restricted funds; ratio.

Sec. 943. The appropriation in part 1 to the department of treasury, for treasury fees, shall be assessed against all restricted funds that contribute to the total value of state managed investments in the ratio each restricted fund contributes to the total value of state managed investments. The department of treasury shall provide a report to the state budget director, the senate and house appropriations subcommittees on general government, and the fiscal agencies by November 30 of each year identifying the fees assessed against each restricted fund.

Revenue received under Michigan education trust act; expenditure.

Sec. 950. Revenue received under the Michigan education trust act, 1986 PA 316, MCL 390.1421 to 390.1444, may be expended by the board of directors of the Michigan education trust for necessary salaries, wages, supplies, contractual services, equipment, worker's compensation insurance premiums, and grants to the civil service commission and state employees' retirement fund.

Nonpublic schools and home-schooled students; tests.

Sec. 951. (1) From the funds appropriated in part 1 for the Michigan merit award board/MEAP administration, the department shall provide tests to nonpublic schools and home-schooled students upon request. The department shall notify nonpublic schools that they are eligible to receive the tests.

(2) The department shall release test results at the same time to all private schools and public school districts taking the tests.

Michigan education savings program; state matching funds.

Sec. 952. (1) The $1,000,000.00 appropriated in part 1 for the Michigan education savings program is from the Michigan merit award trust fund to fund an incentive program for the Michigan education savings program created under the Michigan education savings program act, 2000 PA 161, MCL 390.1471 to 390.1486.

(2) The funds appropriated for the Michigan education savings program shall be used to provide a state match to dollars invested on behalf of each child named as a designated beneficiary in the Michigan education savings program who is 6 years of age or less, who is a Michigan resident, and whose family's income is $80,000.00 or less.

(3) During the current fiscal year, the state shall provide $1.00 of matching funds for each $3.00 of individual contributions to the educational savings accounts. The maximum state match for each designated beneficiary shall be $200.00.

(4) The state match shall be available only in the first year the child is enrolled in the Michigan education savings program.

Revenue received under hospital finance authority act; expenditure.

Sec. 960. The department of treasury may expend revenues received under the hospital finance authority act, 1969 PA 38, MCL 331.31 to 331.84, for necessary salaries, wages, supplies, contractual services, equipment, worker's compensation insurance premiums, and grants to the civil service commission and state employees' retirement fund. The department of treasury shall maintain accounting records in sufficient detail to enable the hospital clients to be reimbursed periodically for fees that are determined by the department of treasury to be surplus to needs.

Revenue received under shared credit rating act; expenditure.

Sec. 961. The department of treasury may expend revenue received under the shared credit rating act, 1985 PA 227, MCL 141.1051 to 141.1076, for necessary salaries, wages, supplies, contractual services, equipment, worker's compensation insurance premiums, and grants to the civil service commission and state employees' retirement fund.

Revenue received under higher education facilities authority act; expenditure.

Sec. 962. The department of treasury shall establish a separate account for the funds related to the Michigan higher education facilities authority. The department of treasury may expend revenue received under the higher education facilities authority act, 1969 PA 295, MCL 390.921 to 390.934, for necessary salaries, wages, supplies, contractual services, equipment, worker's compensation insurance premiums, and grants to the civil service commission and state employees' retirement fund. The department of treasury shall maintain accounting records in sufficient detail to enable the educational institution clients to be reimbursed periodically for fees that are determined by the department to be surplus to needs.

Revenue received under Michigan public educational facilities authority; expenditure.

Sec. 963. The department of treasury may expend revenues received under the Michigan public educational facilities authority, Executive Order No. 2002-3, for necessary salaries, wages, supplies, contractual services, equipment, worker's compensation insurance premiums, and grants to the civil service commission and state employees' retirement fund.

Revenue received under Michigan broadband development authority act; expenditure.

Sec. 964. The department of treasury may expend revenues received under the Michigan broadband development authority act, 2002 PA 49, for necessary salaries, wages, supplies, contractual services, equipment, worker's compensation insurance premiums, and grants to the civil service commission and state employees' retirement fund.

REVENUE SHARING

Revenue sharing; distributions.

Sec. 970. (1) Revenue collected in accordance with article IX, section 10 of the Michigan constitution of 1963 in excess of the amount appropriated in part 1 for constitutional revenue sharing is appropriated for distribution to townships, cities, and villages on a population basis as specified by law. The appropriation in part 1 for statutory state

general revenue sharing grants to townships, cities, and villages shall be reduced by an amount equal to any additional constitutional revenue sharing appropriations authorized in this section.

(2) The appropriation in part 1 for statutory state general revenue sharing grants shall be distributed according to the Glenn Steil state revenue sharing act of 1971, 1971 PA 140, MCL 141.901 to 141.921. Undistributed funds shall lapse to the general fund.

Receipt of excess funds by county treasurer; compliance.

Sec. 971. County treasurers shall comply with section 151 of the state school aid act of 1979, 1979 PA 94, MCL 388.1751, to receive funds under part 1 for the statutory state general revenue sharing grant payments in excess of the constitutional state general revenue sharing grant payments. The payment of funds under part 1 for the statutory state general revenue sharing grant payments in excess of the constitutional state general revenue sharing grant payments shall not be withheld if a local unit of government or the department of treasury fails to provide a county treasurer with information necessary to comply with section 151 of the state school aid act of 1979, 1979 PA 94, MCL 388.1751.

Sec. 972. (1) The appropriation in part 1 for grants to local governmental units will be distributed to counties, cities, villages, and townships if total revenue sharing payments received by a county, city, village, or township in fiscal year 2002-2003 are less than the total revenue sharing payments received by that county, city, village, or township in fiscal year 2001-2002 under the Glenn Steil state revenue sharing act of 1971, 1971 PA 140, MCL 141.901 to 141.921. The grant received by any city, village, or township whose 2000 census count is reduced due to a correction to the statewide federal census published by the United States department of commerce will be determined by the amount by which fiscal year 2002-2003 total revenue sharing payments are less than the fiscal year 2001-2002 revenue sharing payments calculated using the corrected population count. The department of treasury shall reduce grant payments proportionally if the amount appropriated in part 1 is insufficient to fully fund grant payments.

(2) If the appropriation for statutory state general revenue sharing grants to cities, villages, and townships is reduced under section 970, the appropriation to grants to local governmental units in part 1 shall be increased by an amount such that for each city, village, or township total revenue sharing payments and grants under this section will not be less than the total revenue sharing payment received by that city, village, or township in fiscal year 2001-2002 pursuant to the Glenn Steil state revenue sharing act of 1971, 1971 PA 140, MCL 141.901 to 141.921. Any increase in the appropriation required under this section shall be distributed from the 21.3% of sales tax collections at a rate of 4% that is in excess of the appropriation for statutory state general revenue sharing grants appropriated in part 1.

LOTTERY

Implementing and operating lottery games; additional funds.

Sec. 980. In addition to the funds appropriated in part 1 to the bureau of state lottery, there is appropriated from lottery revenues the amount necessary for, and directly related to, implementing and operating lottery games. Appropriations under this section shall only be expended for contractually mandated payments for vendor commissions, contractually mandated payments for instant tickets intended for resale, the contractual

costs of providing and maintaining the on-line system communications network, and incentive and bonus payments to lottery retailers.

Use of funds for certain promotional efforts prohibited.

Sec. 981. The funds appropriated in part 1 to the bureau of state lottery shall not be used for any promotional efforts directed towards individuals who are less than 18 years of age.

Sports figures associated with lottery; prohibition.

Sec. 982. The funds appropriated in part 1 to the bureau of state lottery shall not be used to directly or indirectly associate professional or amateur sports figures with the lottery or its products.

CASINO GAMING

Deposit of revenue in state school aid fund.

Sec. 990. Revenue collected by the Michigan gaming control board regarding the wagering tax imposed on adjusted gross receipts received by the licensee from gaming authorized under the Michigan gaming control and revenue act, the Initiated Law of 1996, MCL 432.201 to 432.226, at the rate of 8.15% is appropriated and shall be deposited in the state school aid fund to provide additional funds for K-12 classroom education.

Deposit of revenue in compulsive gaming prevention fund.

Sec. 991. From the revenue collected by the Michigan gaming control board regarding the total annual assessment of each casino licensee, $2,000,000.00 is appropriated and shall be deposited in the compulsive gaming prevention fund as described in section 12a(5) of 1997 PA 69.

Casino gaming oversight.

Sec. 992. In addition to the funds appropriated in part 1, funds distributed by the Michigan gaming control board to the department of treasury for oversight of casino gaming are appropriated upon receipt. These funds may be used to pay for costs incurred for casino gaming oversight activities.

Local revenue sharing board.

Sec. 993. (1) Funds appropriated in part 1 for local government programs may be used to provide assistance to a local revenue sharing board referenced in an agreement authorized by the Indian gaming regulatory act, Public Law 100-497, 102 Stat. 2467.

(2) A local revenue sharing board described in subsection (1) shall comply with the open meetings act, 1976 PA 267, MCL 15.261 to 15.275, and the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

(3) A county treasurer is authorized to receive and administer funds received for and on behalf of a local revenue sharing board. Funds appropriated in part 1 for local government programs may be used to audit local revenue sharing board funds held by a county treasurer. This section does not limit the ability of local units of government to enter into agreements with federally recognized Indian tribes to provide financial assistance to local units of government or to jointly provide public services.

(4) The director of the department of state police and the executive director of the Michigan gaming control board are authorized to assist the local revenue sharing boards in determining allocations to be made to local public safety organizations.

(5) The department of treasury shall submit a report by September 30, 2003, to the senate and house of representatives standing committees on appropriations on the receipts and distribution of revenues by local revenue sharing boards.

Casino gaming regulation activities; funding.

Sec. 994. If revenues collected in the state services fee fund are less than the amounts appropriated from the fund, available revenues shall be used to fully fund the appropriation in part 1 of this act for casino gaming regulation activities before distributions are made to other state departments and agencies. If the remaining revenue in the fund is insufficient to fully fund appropriations to other state departments or agencies, the shortfall shall be distributed proportionally among those departments and agencies.

PART 2

PROVISIONS CONCERNING APPROPRIATIONS

GENERAL SECTIONS

Total state spending; payments to local units of government.

Sec. 201. Pursuant to section 30 of article IX of the state constitution of 1963, total state spending from state resources under part 1 for fiscal year 2002-2003 is $1,238,611,200.00 and state spending from state resources to be paid to local units of government for fiscal year 2002-2003 is $207,056,200.00. The itemized statement below identifies appropriations from which spending to units of local government will occur:

FAMILY INDEPENDENCE AGENCY		
CHILD AND FAMILY SERVICES		
Adoption subsidies	$	79,224,300
JUVENILE JUSTICE SERVICES		
Child care fund		123,700,000
County juvenile officers		2,973,200
PUBLIC ASSISTANCE		
State disability program		1,158,700
TOTAL	$	207,056,200

Appropriations subject to §§ 18.1101 to 18.1594.

Sec. 202. The appropriations authorized under this act are subject to the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

Definitions.

Sec. 203. As used in this act:

(a) "ADP" means automated data processing.

(b) "Department" means the family independence agency.

(c) "DMB" means the department of management and budget.

(d) "FTE" means full-time equated.

(e) "IDG" means interdepartmental grant.

(f) "Temporary assistance for needy families" or "TANF" or "Title IV-A" means part A of title IV of the social security act, chapter 531, 49 Stat. 620, 42 U.S.C. 601 to 604, 605 to 608, and 609 to 619.

(g) "Title IV-D" means part D of title IV of the social security act, chapter 531, 49 Stat. 620, 42 U.S.C. 651 to 655, 656 to 660, and 663 to 669b.

(h) "Title IV-E" means part E of title IV of the social security act, chapter 531, 49 Stat. 620, 42 U.S.C. 670 to 673, 673b to 679, and 679b.

Billing by department of civil service.

Sec. 204. The department of civil service shall bill departments and agencies at the end of the first fiscal quarter for the 1% charge authorized by section 5 of article XI of the state constitution of 1963. Payments shall be made for the total amount of the billing by the end of the second fiscal quarter.

Hiring freeze; exceptions.

Sec. 205. (1) A hiring freeze is imposed on the state classified civil service. State departments and agencies are prohibited from hiring any new full-time state classified civil service employees and prohibited from filling any vacant state classified civil service positions. This hiring freeze does not apply to internal transfers of classified employees from one position to another within a department.

(2) The state budget director shall grant exceptions to this hiring freeze when the state budget director believes that the hiring freeze will result in rendering a state department or agency unable to deliver basic services, cause loss of revenue to the state, result in the inability of the state to receive federal funds, or would necessitate additional expenditures that exceed any savings from maintaining a vacancy. The state budget director shall report quarterly to the chairpersons of the senate and house standing committees on appropriations the number of exceptions to the hiring freeze approved during the previous quarter and the reasons to justify the exception.

Contingency funds; availability for expenditure.

Sec. 206. (1) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $200,000,000.00 for federal contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(2) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $5,000,000.00 for state restricted contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(3) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $20,000,000.00 for local contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

(4) In addition to the funds appropriated in part 1, there is appropriated an amount not to exceed $20,000,000.00 for private contingency funds. These funds are not available for expenditure until they have been transferred to another line item in this act under section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Privatization; project plan.

Sec. 207. At least 60 days before beginning any effort to privatize, the department shall submit a complete project plan to the appropriate senate and house of representatives appropriations subcommittees and the senate and house fiscal agencies. The plan shall include the criteria under which the privatization initiative will be evaluated. The evaluation shall be completed and submitted to the appropriate senate and house of representatives appropriations subcommittees and the senate and house fiscal agencies within 30 months.

Reporting requirements; use of Internet.

Sec. 208. Unless otherwise specified, the department shall use the Internet to fulfill the reporting requirements of this act. This may include transmission of reports via electronic mail to the recipients identified for each reporting requirement or it may include placement of reports on the Internet or an Intranet site. On an annual basis, the department shall provide a cumulative listing of the reports to the house and senate appropriations subcommittees, house and senate fiscal agencies, and policy offices.

Purchase of foreign goods or services.

Sec. 209. Funds appropriated in part 1 shall not be used for the purchase of foreign goods or services, or both, if competitively priced and of comparable quality American goods or services, or both, are available.

Businesses in deprived and depressed communities; contracts to provide services or supplies.

Sec. 210. The director of each department receiving appropriations in part 1 shall take all reasonable steps to ensure businesses in deprived and depressed communities compete for and perform contracts to provide services or supplies, or both. Each director shall strongly encourage firms with which the department contracts to subcontract with certified businesses in depressed and deprived communities for services, supplies, or both.

Individual and family grant disaster assistance program.

Sec. 211. The department may receive and expend advances or reimbursements from the department of state police for the administration of the individual and family grant disaster assistance program. An account shall be established in the department for this purpose when a disaster is declared. The authorization and allotment for the account shall be in the amount advanced or reimbursed from the department of state police.

Write-offs and prior year obligations.

Sec. 212. In addition to funds appropriated in part 1 for all programs and services, there is appropriated for write-offs of accounts receivable, deferrals, and for prior year obligations in excess of applicable prior year appropriations, an amount equal to total write-offs and prior year obligations, but not to exceed amounts available in prior year revenues or current year revenues that are in excess of the authorized amount.

Food assistance overissuance collections; application against federal funds.

Sec. 213. (1) The department may retain all of the state's share of food assistance overissuance collections as an offset to general fund/general purpose costs. Retained collections shall be applied against federal funds deductions in all appropriation units where department costs related to the investigation and recoupment of food assistance overissuances are incurred. Retained collections in excess of such costs shall be applied against the federal funds deducted in the executive operations appropriation unit.

(2) The department shall report to the legislature during the senate and house budget hearings on the status of the food stamp error rate. The report shall include at least all of the following:

(a) An update on federal sanctions and federal requirements for reinvestment due to the food stamp error rate.

(b) Review of the status of training for employees who administer the food assistance program.

(c) An outline of the past year's monthly status of worker to food stamp cases and monthly status of worker to food stamp applications.

(d) Information detailing the effect and change in staffing due to the early retirement option.

(e) Corrective action through policy, rules, and programming being taken to reduce the food stamp error rate.

(f) Any other information regarding the food stamp error rate, including information pertaining to technology and computer applications used for the food assistance program.

Budget report.

Sec. 214. (1) The department shall submit a report to the chairpersons of the senate and house appropriations subcommittees on the family independence agency budget and to the senate and house fiscal agencies on the details of allocations within program budgeting line items and within the salaries and wages line items in the field services appropriation unit. The report shall include a listing, by account, dollar amount, and fund source, of salaries and wages; longevity and insurance; retirement; contractual services, supplies, and materials; equipment; travel; and grants within each program line item appropriated for the fiscal year ending September 30, 2003.

(2) On a bimonthly basis, the department shall report on the number of FTEs in pay status by type of staff.

Conflict with or violation of federal regulations; notification.

Sec. 215. If a legislative objective of this act or the social welfare act, 1939 PA 280, MCL 400.1 to 400.119b, cannot be implemented without loss of federal financial participation because implementation would conflict with or violate federal regulations, the department shall notify the state budget director, the house and senate appropriations committees, and the house and senate fiscal agencies of that fact. Upon receipt of the notification, a joint house and senate committee made up of the members of the house and senate appropriations subcommittees dealing with appropriations for the family independence agency may be appointed to meet with the director of the department to review the substantive, procedural, and legal ramifications of the legislative objective and to develop a plan to attain that legislative objective.

TANF funding; report; notice of proposed changes.

Sec. 218. (1) The department shall prepare a semiannual report on the temporary assistance for needy families (TANF) federal block grant. The report shall include projected expenditures for the current fiscal year, an accounting of any previous year funds carried forward, and a summary of all interdepartmental or interagency agreements relating to the use of TANF funds. The report shall be forwarded to the state budget director and the house and senate appropriations subcommittees on the family independence agency budget, the house and senate fiscal agencies, and policy offices on or before January 15, 2003 and May 15, 2003.

(2) The state budget director shall give prior written notice to the members of the house and senate appropriations subcommittees for the family independence agency and to the house and senate fiscal agencies of any proposed changes in utilization or distribution of TANF funding or the distribution of TANF maintenance of effort spending relative to the amounts reflected in the annual appropriations acts of all state agencies where TANF funding is appropriated.

Contracts with faith-based organizations; mentoring or supportive services.

Sec. 220. (1) In contracting with faith-based organizations for mentoring or supportive services, and in all contracts for services, the department shall ensure that no funds provided directly to institutions or organizations to provide services and administer programs shall be used or expended for any sectarian activity, including sectarian worship, instruction, or proselytization.

(2) If an individual requests the service and has an objection to the religious character of the institution or organization from which the individual receives or would receive services or assistance, the department shall provide the individual within a reasonable time after the date of the objection with assistance or services and which are substantially the same as the service the individual would have received from the organization.

(3) Notwithstanding subsections (1) and (2), the department shall cooperate with faith-based organizations so that they are able to compete on the same basis as any other private organization for contracts to provide services to recipients of department services, including, but not limited to, mentoring or supportive services. The department shall not discriminate against an organization that applies to become a contractor on the basis that the organization has a religious character.

(4) The department shall follow guidelines related to faith-based involvement established in section 104 of title I of the personal responsibility and work opportunity reconciliation act of 1996, Public Law 104-193, 42 U.S.C. 604a.

Carrying forward excess revenue.

Sec. 221. If the revenue collected by the department from private and local sources exceeds the amount appropriated in part 1, the revenue may be carried forward, with approval from the state budget director, into the subsequent fiscal year.

Medicaid eligiblity.

Sec. 223. (1) The department shall make a determination of Medicaid eligibility not later than 60 days after all information to make the determination is received from the applicant when disability is an eligibility factor. For all other Medicaid applicants, the department shall make a determination of Medicaid eligibility not later than 45 days after all information to make the determination is received from the applicant.

(2) The family independence agency shall analyze the efficacy of centralized monthly processing of Medicaid spend-down paperwork for clients whose monthly income amount is stable. The department shall present the findings of the analysis to the senate and house appropriations subcommittees on the family independence agency, during budget deliberations, and distribute the findings to the senate and house standing committees on human services matters, senate and house fiscal agencies, and policy offices.

Financing realignment.

Sec. 227. The family independence agency, with the approval of the state budget director, is authorized to realign sources of financing authorizations in order to maximize temporary assistance for needy families' maintenance of effort countable expenditures. This realignment of financing shall not be made until 15 days after notifying the chairs of the house and senate appropriations subcommittees on the family independence agency and house and senate fiscal agencies, and shall not produce an increase or decrease in any line-item expenditure authorization.

Technology-related services and projects; user fees; interagency agreement; report.

Sec. 259. (1) From the funds appropriated in part 1 for information technology, the department shall pay user fees to the department of information technology for technology-related services and projects. User fees shall be subject to provisions of an interagency agreement between the department and the department of information technology.

(2) By October 15, 2002, the family independence agency shall report on the interagency agreement with the department of information technology to the house and senate appropriations subcommittees for the family independence agency budget, house and senate fiscal agencies, and policy offices. The report shall include the base service priorities in the agreement including, but not limited to, the following:

(a) Name and description of base service.

(b) Detail goals and objectives related to each base service.

(c) Cost of each base service.

(d) Time frame for implementation or completion of base service.

(3) Individual projects within the interagency agreement with a cost of $500,000.00 or greater must be reported to the house and senate appropriations subcommittees for the family independence agency budget, house and senate fiscal agencies, and policy offices.

(4) As used in this section, "base services" means all services to be supplied by the department of information technology that are to be purchased by the family independence agency under the provisions of the interagency agreement.

Information technology; designation as work project.

Sec. 260. Amounts appropriated in part 1 for information technology may be designated as work projects and carried forward to support technology projects under the direction of the department of information technology. Funds designated in this manner are not available for expenditure until approved as work projects under section 451a of the management and budget act, 1984 PA 431, MCL 18.1451a.

Restructuring local offices; plan.

Sec. 261. The department shall consult with the house and senate appropriations subcommittees on the family independence agency regarding the planned restructuring of local offices in response to 2002 PA 93. Issues to be covered shall include service delivery structure, facility needs, and administrative support. Any plan presented shall ensure that the department provides a presence and services in every county.

Replacement of early retirees.

Sec. 263. The department shall replace all foster care workers and child protection services workers who take an early retirement on a 1-to-1 ratio.

Employee communications with legislators and staff.

Sec. 264. Provided that an employee does not violate federal or state laws, breach confidentiality, violate civil service rules, or represent a formal department position without prior written authorization, the family independence agency shall ensure that all department employees, while on their personal time, are permitted to have appropriate communications with legislators and their staff.

Early retirement and budgetary savings; satisfaction of negative appropriation.

Sec. 265. (1) The negative appropriation for early retirement savings in part 1 shall be satisfied by savings realized from not filling all of the positions lost due to the early retirement plan for state employees enacted in 2002 PA 93 amendments to the state employees retirement act, 1943 PA 240, MCL 38.1 to 38.69.

(2) The negative appropriation for budgetary savings in part 1 shall be satisfied by savings from the hiring freeze imposed under section 205, efficiencies, and other savings identified by the department director and approved by the state budget director.

(3) Appropriation authorization adjustments required due to negative appropriations for early retirement savings and budgetary savings shall be made only after the approval of transfers by the legislature pursuant to section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Additional appropriations; condition.

Sec. 268. (1) Subject to subsection (2), in addition to the amounts appropriated under part 1, the following amounts are appropriated for the fiscal year ending September 30, 2003:

(a) $600,000.00 is appropriated to multicultural assimilation programs from the state general fund.

(b) $4,600,000.00 is appropriated to administrative budgetary savings from the state general fund.

(2) The appropriations in subsection (1) shall become effective only if the tax on cigarettes under the tobacco products tax act, 1993 PA 327, MCL 205.421 to 205.436, is increased by 30 cents or more per pack of cigarettes on or before September 30, 2002.

(3) Appropriation authorization adjustments required due to negative appropriations for administrative budgetary savings shall be made only after the approval of transfers by the legislature pursuant to section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

EXECUTIVE OPERATIONS

Use of debit card to distribute assistance; school clothing allowance.

Sec. 301. (1) The department may distribute cash assistance to recipients electronically by using debit cards.

(2) The department shall appropriate up to $4,300,000.00 for the annual school clothing allowance. The allowance shall be granted to all eligible children 4 to 18 years of age. The department shall encourage all recipients of the annual school clothing allowance to consider using that allowance at consignment stores or other stores that provide discounts to program recipients.

Tuition payments for blind clients.

Sec. 302. The appropriation in part 1 for the Michigan commission for the blind includes funds for case services. These funds may be used for tuition payments for blind clients for the school year beginning September 2002.

Members of commissions or boards; per diem payments.

Sec. 303. The appropriation in part 1 for commissions and boards may be used for per diem payments to members of commissions or boards for a full day of committee work at which a quorum is present for performing official business as authorized by each respective commission or board. The per diem payment for the Michigan commission for the blind shall be at a rate of $50.00 per day.

FAMILY INDEPENDENCE SERVICES ADMINISTRATION

Legal support contracts and child support program expenses; retention of additional incentives.

Sec. 401. (1) From the federal money received for child support incentive payments, up to $10,415,700.00 shall be retained by the state and expended for legal support contracts and child support program expenses.

(2) In addition to the amount retained in subsection (1), additional incentives may be retained and used by the state for special, enhanced, or centralized initiatives or services that are reasonably calculated by the department, in consultation with the state court administrative office and the state budget office, to result in an equivalent or greater increase in child support collections or child support incentive payments received from the federal government. If payment from the federal government for collection performance incentives exceeds the amount received by the state for the fiscal year 2000, the amount in excess for the fiscal year 2000 payment shall be apportioned to the counties and the state in the same proportion as the base amount.

(3) At the end of the current fiscal year, the department may, when it is cost beneficial to the state and counties, withhold from submitting to the federal office of child support administrative expenses eligible for federal financial participation. The department may recoup earned but unclaimed federal funds from the resulting increased federal child support incentive. The recoupment by the department shall be made prior to distribution of the increased incentive to the counties. Any incentive funds retained by the state under this section shall be separate and apart from incentive funds retained in any other section of this act.

(4) A county shall not be penalized due to the failure to comply with federal child support enforcement system requirements if the department determines that all of the following conditions are met:

(a) The county, friend of the court, and the department have a written agreement that outlines the county's commitment to participate in the system.

(b) The county and the friend of the court are fully and timely cooperating with the work plan outlined in the child support enforcement memorandum of understanding between the department and the county.

(c) The county and the friend of the court are implementing the child support enforcement system required for federal certification.

(d) The friend of the court and county prosecuting attorney's office use the statewide system upon availability to monitor and process title IV-D cases.

(5) In addition to the amount specified in subsection (1), the family independence agency may retain any federal title IV-D incentive payment revenues withheld from counties pursuant to the imposition of financial penalties, and may use the federal revenues retained for any child support program purpose.

Community services block grant funds; public hearing.

Sec. 403. Not later than September 30 of each year, the department shall submit for public hearing to the chairpersons of the house and senate appropriations subcommittees dealing with appropriations for the family independence agency the proposed use and distribution plan for community services block grant funds appropriated in part 1 for the succeeding fiscal year.

Community services block grant funds; distribution plan; recommendations.

Sec. 404. The department shall develop a plan based on recommendations from the department of civil rights and from Native American organizations to assure that the community services block grant funds are equitably distributed. The plan must be developed by October 31, 2002, and the plan shall be delivered to the appropriations subcommittees on the family independence agency in the house and senate.

Sec. 407. From the funds appropriated in part 1 for family preservation and prevention services, the family independence agency shall contract with Created for Caring for $150,000.00 in TANF funds allowable services. The department is authorized to make allocations of TANF funds only to the agency if that agency reports necessary data to the department for the purpose of meeting TANF eligibility reporting requirements. The use of TANF funds under this section should not be considered an ongoing commitment of funding.

Child support collections; escheated amount counted as title IV-D program income.

Sec. 412. If title IV-D-related child support collections are escheated, the state budget director is authorized to adjust the sources of financing for the funds appropriated in part 1 for legal support contracts to reduce federal authorization by 66% of the escheated amount and increase general fund/general purpose authorization by the same amount. This budget adjustment is required to offset the loss of federal revenue due to the escheated amount being counted as title IV-D program income in accordance with federal regulations at 45 C.F.R. 304.50.

Additional appropriations.

Sec. 413. (1) In addition to the funds appropriated in part 1, there is hereby appropriated up to $28,785,700.00. This appropriation is contingent upon the receipt of a refund from the federal government related to penalties previously imposed for the child support enforcement system and upon certification from the state budget director that the funds are available for expenditure. Of this amount, up to: $2,700,000.00 may be used to continue before- or after-school programs; $8,785,700.00 may be used for the child support enforcement system; $4,300,000.00 may be used for the family independence program school clothing allowance; $650,000.00 may be used to supplement community services block grant funding for community action agencies; $500,000.00 may be used to support a fatherhood initiative; $4,300,000.00 may be used for family independence program caseload, state disability assistance, and child care fund costs; $250,000.00 may be used to fund the food bank council; $50,000.00 may be used to support the Michigan marriage and fatherhood commission; $3,000,000.00 may be used to fund the transitional work support program; $150,000.00 may be used for the northern Michigan Miracle Manor, an addiction treatment and rehabilitation services program for homeless women with dependent children; $250,000.00 may be used for establishment or enhancement of domestic violence supervised parenting time centers; $150,000.00 may be used for 3 emergency homeless shelter case management pilot programs; $100,000.00 may be used for a Medicaid spend down analysis; $600,000.00 may be used for multicultural assimilation programs; and $3,000,000.00 may be used for contracts, services, supplies, and materials.

(2) The funds appropriated in subsection (1) shall be considered 1-time authority.

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

Community action agencies; allocations of TANF funds.

Sec. 414. (1) Of the funds appropriated in part 1 for community services block grants, $2,350,000.00 represents TANF funding earmarked for community action agencies.

(2) From the funds appropriated in part 1 for community services block grants, the department is authorized to make allocations of TANF funds only to the community action agencies that report necessary data to the department for the purpose of meeting TANF eligibility reporting requirements. The use of TANF funds under this section should not be considered an ongoing commitment of funding.

Fatherhood initiative.

Sec. 415. (1) From the funds appropriated in part 1 for employment and training support services, the family independence agency shall expend up to $500,000.00 in TANF to fund a fatherhood initiative. The department may choose providers that will work with counties to help eligible fathers under TANF guidelines to acquire skills that will enable them to increase their responsible behavior toward their children and the mothers of their children. An increase of financial support for their children should be a very high priority as well as emotional support. Program components may include, but are not limited to, parental guidance, infant care, food preparation, effective communication, anger management, children's financial support, respect, drug-free lifestyle, and referrals to employment services.

(2) The providers will measure outcomes as agreed upon by the department and based on required TANF reporting guidelines.

(3) The department is authorized to make allocations of TANF funds, of not more than 20% per county, under this section only to agencies that report necessary data to the department for the purpose of meeting TANF eligibility reporting requirements. The use of TANF funds under this section should not be considered an ongoing commitment of funding.

Marriage initiative.

Sec. 416. (1) From the funds appropriated in part 1 for employment and training support services, the family independence agency may expend up to $250,000.00 in TANF to fund a marriage initiative. The department may choose providers to work with counties that will work to support and strengthen marriages of those eligible under the TANF guidelines. The areas of work may include, but are not limited to, marital counseling, domestic violence counseling, family counseling, effective communication, and anger management as well as parenting skills to improve the family structure.

(2) The providers will measure outcomes as agreed upon by the department and based on required TANF reporting guidelines.

(3) The department is authorized to make allocations of TANF funds, of not more than 20% per county, under this section only to agencies that report necessary data to the department for the purpose of meeting TANF eligibility reporting requirements. The use of TANF funds under this section should not be considered an ongoing commitment of funding.

(4) The department shall choose only providers who are licensed through the department of consumer and industry services and who meet the standards of the public health code, 1978 PA 368, MCL 333.1101 to 333.25211.

CHILD AND FAMILY SERVICES

Children in foster care; duration; restriction; priority.

Sec. 501. The following goal is established by state law. During the fiscal year ending September 30, 2003, not more than 3,000 children supervised by the department shall remain in foster care longer than 24 months. The department shall give priority to reducing the number of children under 1 year of age in foster care.

Children under jurisdiction of Indian tribal courts; foster care expenditures.

Sec. 502. From the funds appropriated in part 1 for foster care, the department shall provide 50% reimbursement to Indian tribal governments for foster care expenditures for children who are under the jurisdiction of Indian tribal courts and who are not otherwise eligible for federal foster care cost sharing.

Eighteenth birthday of adoptee; adoption payment subsidies.

Sec. 503. The department shall continue adoption subsidy payments to families after the eighteenth birthday of an adoptee who meets the following criteria:

(a) Has not yet graduated from high school or passed a high school equivalency examination.

(b) Is making progress toward completing high school.

(c) Has not yet reached his or her twenty-first birthday.

Current fiscal year collections and accruals; inclusion of excess revenues.

Sec. 504. The department's ability to satisfy appropriation deducts in part 1 for foster care private collections shall not be limited to collections and accruals pertaining to services provided only in the current fiscal year but shall include revenues collected during the fiscal year in excess of the amount specified in part 1.

Children's trust fund; joint project.

Sec. 508. (1) In addition to the amount appropriated in part 1 for children's trust fund grants, money granted or money received as gifts or donations to the children's trust fund created by 1982 PA 249, MCL 21.171 to 21.172, is appropriated for expenditure in an amount not to exceed $800,000.00.

(2) The state child abuse and neglect prevention board may initiate a joint project with another state agency to the extent that the project supports the programmatic goals of both the state child abuse and neglect prevention board and the state agency. The department may invoice the state agency for shared costs of a joint project in an amount authorized by the state agency, and the state child abuse and neglect prevention board may receive and expend funds for shared costs of a joint project in addition to those authorized by part 1.

(3) From the funds appropriated in part 1 for children's trust fund, the department may utilize interest and investment revenue from the current fiscal year only for programs, administration, services, or all sanctioned by the child abuse and neglect prevention board.

Preserving or reuniting family; expenditure of funds; restrictions.

Sec. 509. (1) From the funds appropriated in part 1, the department shall not expend funds to preserve or reunite a family, unless there is a court order requiring the

preservation or reuniting of the family or the court denies the petition, if either of the following would result:

(a) A child would be living in the same household with a parent or other adult who has been convicted of criminal sexual conduct against a child.

(b) A child would be living in the same household with a parent or other adult against whom there is a substantiated charge of sexual abuse against a child.

(2) Notwithstanding subsection (1), this section shall not prohibit counseling or other services provided by the department, if the service is not directed toward influencing the child to remain in an abusive environment, justifying the actions of the abuser, or reuniting the family.

Contract bids; existence of 1 provider.

Sec. 510. The department shall not be required to put up for bids contracts with service providers if currently only 1 provider in the service area exists.

Foster care pilot projects.

Sec. 512. From the funds appropriated in part 1 for foster care payments, the department may expend up to $1,500,000.00 for foster care pilot projects that include ways to increase foster parent recruitment, improve foster parent retention, and increase delivery of training and supportive services to foster parents.

Child placement in out-of-state facility; conditions.

Sec. 513. The department shall not expend funds appropriated in part 1 to pay for the placement of a child in an out-of-state facility unless all of the following conditions are met:

(a) There is no appropriate placement available in this state.

(b) The out-of-state facility meets all of the licensing standards of this state for a comparable facility.

(c) The out-of-state facility meets all of the applicable licensing standards of the state in which it is located.

(d) The department has done an on-site visit to the out-of-state facility, reviewed the facility records, and reviewed licensing records and reports on the facility and believes that the facility is an appropriate placement for the child.

Children's protective services; report to legislature.

Sec. 514. The department shall make a comprehensive report concerning children's protective services (CPS) to the legislature, including the senate and house policy offices, by January 1, 2003, that shall include all of the following:

(a) Statistical information including, at a minimum, all of the following:

(*i*) The total number of reports of abuse or neglect investigated under the child protection law, 1975 PA 238, MCL 722.621 to 722.638, and the number of cases classified under category I or category II and the number of cases classified under category III, category IV, or category V.

(*ii*) Characteristics of perpetrators of abuse or neglect and the child victims, such as age, relationship, socioeconomic status, race, and ethnicity.

(*iii*) The mandatory reporter category in which the individual who made the report fits, or other categorization if the individual is not within a group required to report under the child protection law, 1975 PA 238, MCL 722.621 to 722.638.

(b) New policies related to children's protective services including, but not limited to, major policy changes and court decisions affecting the children's protective services system during the immediately preceding 12-month period.

Child welfare waiver managed care demonstration project.

Sec. 515. From the funds appropriated in part 1 for foster care payments and related administrative costs, the department may implement the federally approved title IV-E child welfare waiver managed care demonstration project.

Family preservation and prevention services; activities and services; allocations.

Sec. 517. (1) From the funds appropriated in part 1 for family preservation and prevention services, the department is authorized to allocate funds to multipurpose collaborative bodies to address issues raised in the Binsfeld children's commission report issued in July 1996. Priority for activities and services will be given to at-risk children and families and cases classified by the department as category III or category IV under sections 8 and 8d of the child protection law, 1975 PA 238, MCL 722.628 and 722.628d.

(2) From the funds appropriated in part 1 for family preservation and prevention services, up to $4,000,000.00 may be used to fund community-based collaborative prevention services designed to do any of the following:

(a) Foster positive parenting skills especially for parents of children under 3 years of age.

(b) Improve parent/child interaction.

(c) Promote access to needed community services.

(d) Increase local capacity to serve families at risk.

(e) Improve school readiness.

(f) Support healthy family environments that discourage alcohol, tobacco, and other drug use.

(3) The appropriation provided for in subsection (2) is to fund secondary prevention programs as defined in the children's trust fund's pre-application materials for fiscal year 2002-2003 direct services grants.

(4) Projects funded through the appropriation provided for in subsection (2) shall meet all of the following criteria:

(a) Be awarded through a joint request for proposal process established by the department in conjunction with the children's trust fund and the state human services directors.

(b) Be secondary prevention initiatives. Funds are not intended to be expended in cases in which neglect or abuse has been substantiated.

(c) Demonstrate that the planned services are part of a community's integrated comprehensive family support strategy endorsed by the local multipurpose collaborative body.

(d) Provide a 25% local match of which not more than 10% is in-kind goods or services unless the maximum percentage is waived by the state human services directors.

(5) As used in this section, "state human services directors" means the director of the department of community health, the director of the department of education, and the director of the family independence agency.

Local multipurpose collaborative bodies.

Sec. 518. (1) The funds appropriated in part 1 for family preservation and prevention services in the 2002-2003 fiscal year reflect strong families/safe children allocations to local multipurpose collaborative bodies that are no less than the allocations in effect on April 1, 1997. The department shall work with the multipurpose collaborative bodies to address

high out-of-home placement rates and through collaboration arrange a reward plan, penalty plan, or both, to achieve less child out-of-home placements, including placements for adjudicated youth in residential treatment programs.

(2) In order to maintain this level of funding, the department may use up to $8,000,000.00 in TANF funds provided that the local multipurpose collaborative bodies submit data to the department that will enable the department to document potential federal claimable expenditures.

(3) No later than March 1, 2003, each local multipurpose collaborative body shall submit a report to the department that includes the number of people receiving strong families/safe children services, including services to adjudicated youth and their families, the local goals for this program, and a measure of the effectiveness in meeting these goals.

(4) The department shall provide during budget deliberation hearings the compilation of reports from the multipurpose collaborative bodies outlined in subsection (3).

Sec. 519. From the funds appropriated in part 1 for foster care payments, Wayne County foster care payments, and adoption support services, the department shall increase the rate of payments for child placing agencies and residential treatment facilities by 1% effective April 1, 2003. The rate increase may be used to support foster and adoptive parent resource centers.

Kinship care.

Sec. 520. It is the intent of the legislature that the funds appropriated in part 1 for kinship care in the fiscal year ending September 30, 2003, reflect the legislature's commitment to reduce the benefit discrepancy between kinship care and a similar family size within the family independence agency program (FIP). The legislature recognizes the commitment of relatives to provide family continuity, nurturance, and care for this special population of children who can no longer remain in their parents' care due to abuse, neglect, or other social problems.

Youth in transition, domestic violence prevention and treatment, and teenage parent counseling; allocation of TANF funds.

Sec. 523. (1) From the funds appropriated in part 1 for youth in transition, domestic violence prevention and treatment, and teenage parent counseling, the department is authorized to make allocations of TANF funds only to the agencies that report necessary data to the department for the purpose of meeting TANF eligibility reporting requirements. The use of TANF funds under this section should not be considered an ongoing commitment of funding.

(2) The agencies receiving teenage parent counseling TANF funds shall report to the family independence agency on both of the following:

(a) Whether program services have impacted the following issue areas:

(*i*) The number of teen participants having fewer repeat pregnancies.

(*ii*) The completion rate for high school diplomas or GEDs.

(*iii*) The teen participants' rate of self-sufficiency.

(b) How many teens participate in the programs and have access to any or all of the following services:

(*i*) Adult supervised, supportive living arrangements.

(*ii*) Pregnancy prevention services or referrals.

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

(*iii*) Required completion of high school or receipt of GED, including child care to assist young mothers to focus on achievement.

(*iv*) Support services, including, but not limited to, health care, transportation, and counseling.

(*v*) Parenting and life-skills training.

(*vi*) Education, job training, and employment services.

(*vii*) Transition services in order to achieve self-sufficiency.

(*viii*) Instruction on self-protection.

Prevention services program; status report.

Sec. 524. The department shall submit to the senate and house appropriations subcommittees on the family independence agency, the senate and house standing committees having jurisdiction over human services matters, the senate and house fiscal agencies, and the senate and house policy offices an annual report, beginning April 2, 2002, detailing the status of the prevention services program.

Foster care recruitment and retention programs.

Sec. 530. Of funds available for foster care recruitment pilots, the department shall develop and implement foster parent recruitment and retention programs. The programs shall focus on diversity of foster parents, and recruitment of homes appropriate for teens and other high-risk placements. The programs should draw from models including, but not limited to, one church one child, foster home mentoring, neighborhood-based recruitment, and multimedia outreach.

Payments to local units of government; agreements.

Sec. 531. (1) From the funds appropriated in part 1, the family independence agency may make claims for and pay to local units of government a portion of federal title IV-E revenues earned as a result of eligible costs incurred by local units of government.

(2) The family independence agency shall make payments under subsection (1) only to local units of government which have entered into formal agreements with the family independence agency. Such agreement must include all of the following:

(a) Provide for the family independence agency to retain 50% of the federal revenues earned.

(b) Provide for agency review and approval of the local unit's plan for allocating costs to title IV-E.

(c) Provide for the local unit of government to submit bills at times, and in the format, specified by the family independence agency.

(d) Specify that the local unit of government is responsible for meeting all federal title IV-E regulation requirements, including reporting requirements, with regard to the activities and costs being billed to title IV-E.

(e) Provide for the local unit of government to pay the state for the amount of any federal revenues paid to the local unit which may subsequently be disallowed by the federal government.

(f) Be signed by the director of the department, the chief executive officer of the local government agency providing the title IV-E services, the chair of the county board of commissioners, and the chief executive officer of the county.

Child placing agencies and child caring institutions; review; report.

Sec. 532. The family independence agency, in collaboration with the department of consumer and industry services and representatives of the Michigan federation of private child and family agencies, shall review policies, practices, and procedures involving the annual licensing review conducted by the department of consumer and industry services and the annual contract compliance review conducted by the department regarding child placing agencies and child caring institutions. The review shall include efforts to identify duplication of staff activities and information sought from child placing agencies and child caring institutions in the annual review process. The department shall report on its findings, conclusions, and any actions taken to ensure the maximum feasible coordination and efficiency in conducting these reviews. The report shall be presented to the senate and house appropriations subcommittees on the family independence agency and the department of consumer and industry services, the senate and house fiscal agencies, and the senate and house policy offices by April 1, 2003.

Private nonprofit child placing facilities; payments.

Sec. 533. The family independence agency shall make payments to private nonprofit child placing facilities for title IV-E out-of-home care services within 30 days of receiving all necessary documentation from those agencies.

Teen pregnancy prevention programs; city of Pontiac.

Sec. 534. Funding not distributed from the teen pregnancy prevention pilot performance bonus may be used to support teen pregnancy prevention programs in the city of Pontiac.

Guardianship fee; increase.

Sec. 535. It is the intent of the legislature that the department shall review the merits of increasing the per month guardianship fee.

Foster care; geographically based assignment system; condition for implementation.

Sec. 536. The family independence agency shall not implement a geographically based assignment system for foster care unless determined to be in the best interests of the foster children.

Foster care services; placement by private nonprofit licensed agency.

Sec. 537. The department shall offer private nonprofit licensed agencies the first opportunity to provide foster care services for new foster children entering the system in a county when the department's direct care caseload for foster care is greater than 20 cases per foster care worker. This section shall only apply if the private nonprofit licensed agency has an available placement at the time the child needs to be placed and the placement is not contrary to the best interests of the child or the child's siblings.

Children adjudicated abused, neglected, or delinquent, and requiring residential treatment; placement.

Sec. 539. The family independence agency shall work in collaboration with representatives from private nonprofit child placing agencies to ensure appropriate placement for children who have been adjudicated abused, neglected, or delinquent and for whom residential treatment is required. The department and the representatives from the private nonprofit child placing agencies shall focus on statewide placement criteria to address the best interest of the child in need of services.

PUBLIC ASSISTANCE

Rent vendoring programs.

Sec. 601. (1) The department may terminate a vendor payment for shelter upon written notice from the appropriate local unit of government that a recipient's rental unit is not in compliance with applicable local housing codes or when the landlord is delinquent on property tax payments. A landlord shall be considered to be in compliance with local housing codes when the department receives from the landlord a signed statement stating that the rental unit is in compliance with local housing codes and that statement is not contradicted by the recipient and the local housing authority. The department shall terminate vendor payments if a taxing authority notifies the department that taxes are delinquent.

(2) Whenever a client agrees to the release of his or her name and address to the local housing authority, the department shall request from the local housing authority information regarding whether the housing unit for which vendoring has been requested meets applicable local housing codes. Vendoring shall be terminated for those units that the local authority indicates in writing do not meet local housing codes until such time as the local authority indicates in writing that local housing codes have been met.

(3) In order to participate in the rent vendoring programs of the department, a landlord shall cooperate in weatherization and conservation efforts directed by the department or by an energy provider participating in an agreement with the department when the landlord's property has been identified as needing services.

Agreements with energy providers.

Sec. 603. (1) The department, as it determines is appropriate, shall enter into agreements with energy providers by which cash assistance recipients and the energy providers agree to permit the department to make direct payments to the energy providers on behalf of the recipient. The payments may include heat and electric payment requirements from recipient grants and amounts in excess of the payment requirements.

(2) The department shall establish caps for natural gas, wood, electric heat service, deliverable fuel heat services, and for electric service based on available federal funds.

(3) The department shall negotiate with positive billing utility companies to develop extended payment plans. Such plans shall allow clients who terminate from positive billing due to increased income to make monthly payments in order to gradually liquidate utility arrears.

(4) It is the intent of the legislature that the department review and adjust the standard utility allowance for the state food assistance program to ensure that it reflects current energy costs in the state.

State disability assistance program; eligibility.

Sec. 604. (1) The department shall operate a state disability assistance program. Except as provided in subsection (3), persons eligible for this program shall include needy citizens of the United States or aliens exempted from the supplemental security income citizenship requirement who are at least 18 years of age or emancipated minors meeting 1 or more of the following requirements:

(a) A recipient of supplemental security income, social security, or medical assistance due to disability or 65 years of age or older.

(b) A person with a physical or mental impairment which meets federal supplemental security income disability standards, except that the minimum duration of the disability shall be 90 days. Substance abuse alone is not defined as a basis for eligibility.

(c) A resident of an adult foster care facility, a home for the aged, a county infirmary, or a substance abuse treatment center.

(d) A person receiving 30-day postresidential substance abuse treatment.

(e) A person diagnosed as having acquired immunodeficiency syndrome.

(f) A person receiving special education services through the local intermediate school district.

(g) A caretaker of a disabled person as defined in subdivision (a), (b), (e), or (f) above.

(2) Applicants for and recipients of the state disability assistance program shall be considered needy if they:

(a) Meet the same asset test as is applied to applicants for the family independence program.

(b) Have a monthly budgetable income that is less than the payment standards.

(3) Except for a person described in subsection (1)(c) or (d), a person is not disabled for purposes of this section if his or her drug addiction or alcoholism is a contributing factor material to the determination of disability. "Material to the determination of disability" means that, if the person stopped using drugs or alcohol, his or her remaining physical or mental limitations would not be disabling. If his or her remaining physical or mental limitations would be disabling, then the drug addiction or alcoholism is not material to the determination of disability and the person may receive state disability assistance. Such a person must actively participate in a substance abuse treatment program, and the assistance must be paid to a third party or through vendor payments. For purposes of this section, substance abuse treatment includes receipt of inpatient or outpatient services or participation in alcoholics anonymous or a similar program.

(4) A refugee or asylee who loses his or her eligibility for the federal supplemental security income program by virtue of exceeding the maximum time limit for eligibility as delineated in section 402 of title IV of the personal responsibility and work opportunity reconciliation act of 1996, Public Law 104-193, 8 U.S.C. 1612, and who otherwise meets the eligibility criteria under this section shall be eligible to receive benefits under the state disability assistance program.

State disability assistance recipients in licensed adult foster care facilities; reimbursement level.

Sec. 605. The level of reimbursement provided to state disability assistance recipients in licensed adult foster care facilities shall be the same as the prevailing supplemental security income rate under the personal care category.

Receipt of retroactive supplemental security benefits; repayment contract.

Sec. 606. County family independence agencies shall require each recipient of state disability assistance who has applied with the social security administration for supplemental security income to sign a contract to repay any assistance rendered through the state disability assistance program upon receipt of retroactive supplemental security income benefits.

Recoveries and accruals.

Sec. 607. The department's ability to satisfy appropriation deductions in part 1 for state disability assistance/ supplemental security income recoveries and public assistance recoupment revenues shall not be limited to recoveries and accruals pertaining to state disability assistance, or family independence assistance grant payments provided only in

the current fiscal year, but shall include all related net recoveries received during the current fiscal year.

Adult foster care facilities or homes for the aged; reimbursement.

Sec. 608. Adult foster care facilities providing domiciliary care or personal care to residents receiving supplemental security income or homes for the aged serving residents receiving supplemental security income shall not require those residents to reimburse the home or facility for care at rates in excess of those legislatively authorized. To the extent permitted by federal law, adult foster care facilities and homes for the aged serving residents receiving supplemental security income shall not be prohibited from accepting third-party payments in addition to supplemental security income provided that the payments are not for food, clothing, shelter, or result in a reduction in the recipient's supplemental security income payment.

State supplementation level; reduction prohibited.

Sec. 609. The state supplementation level under the supplemental security income program for the personal care/adult foster care and home for the aged categories shall not be reduced during the fiscal year beginning October 1, 2002 and ending September 30, 2003.

State emergency relief program; good cause criteria; exemptions.

Sec. 610. In developing good cause criteria for the state emergency relief program, the department shall grant exemptions if the emergency resulted from unexpected expenses related to maintaining or securing employment.

Indigent burials; payment.

Sec. 611. (1) The department shall not require providers of burial services to accept state payment for indigent burials as payments in full. Each provider shall be permitted to collect additional payment from relatives or other persons on behalf of the deceased. The total in additional payments shall not exceed $2,600.00.

(2) Any additional payment collected pursuant to subsection (1) shall not increase the maximum charge limit for state payment as established by law.

Housing affordability eligibility.

Sec. 612. For purposes of determining housing affordability eligibility for state emergency relief, a group is considered to have sufficient income to meet ongoing housing expenses if their total housing obligation does not exceed 75% of their total net income.

Indigent burials; maximum allowable charge limit; distribution; report.

Sec. 613. (1) From the funds appropriated in part 1 for state emergency relief, the maximum allowable charge limit for indigent burials shall be $1,114.00. The funds shall be distributed as follows: $710.00 for funeral directors; $234.00 for cemeteries or crematoriums; and $170.00 for the provider of the vault.

(2) On December 31, 2002, participating funeral home directors or cemeteries or crematoriums shall submit on a quarterly basis a report on a form made available by the department that includes all of the following information:

(a) The number of indigent burials performed.

(b) The cost of services rendered for each indigent burial performed.

(c) The total reimbursement received from the state for indigent burials.

(d) The amount the participating provider received from families toward indigent burials.

(e) All other sources of reimbursement received by the participating providers shall be documented individually for indigent burials.

(f) The percentage of total burials performed by the provider that represents indigent burials.

(3) The department shall report on an annual basis on the information received from participating providers under subsection (2). The department shall submit the report to the state budget director, the chairpersons of the senate and house appropriations committees, the chairpersons of the senate and house appropriations subcommittees on the family independence agency, the senate and house fiscal agencies, and the senate and house policy offices.

Burial services; availability of funds.

Sec. 614. The funds available in part 1 for burial services shall be available if the deceased was an eligible recipient and an application for emergency relief funds was made within 10 days of the burial or cremation of the deceased person. Each provider of burial services shall be paid directly by the department.

Illegal alien; public assistance prohibited.

Sec. 615. Except as required by federal law or regulations, funds appropriated in part 1 shall not be used to provide public assistance to a person who is an illegal alien. This section shall not prohibit the department from entering into contracts with food banks or emergency shelter providers who may, as a normal part of doing business, provide food or emergency shelter to individuals.

Weatherization program.

Sec. 616. (1) The appropriation in part 1 for the weatherization program shall be expended in such a manner that at least 25% of the households weatherized under the program shall be households of families receiving 1 or more of the following:

(a) Family independence assistance.

(b) State disability assistance.

(c) Food assistance.

(d) Supplemental security income.

(2) Any unencumbered balances of the weatherization program shall not lapse and may be carried forward to fiscal year 2004.

Adult supervised household; approval of living arrangement.

Sec. 617. In operating the family independence program with funds appropriated in part 1, the department shall not approve as a minor parent's adult supervised household a living arrangement in which the minor parent lives with his or her partner as the supervising adult.

Reducing, termination, or suspending assistance; notice.

Sec. 618. The department may only reduce, terminate, or suspend assistance provided under the social welfare act, 1939 PA 280, MCL 400.1 to 400.119b, without prior notice in 1 or more of the following situations:

(a) The only eligible recipient has died.

(b) A recipient member of a program group or family independence assistance group has died.

(c) A recipient child is removed from his or her family home by court action.

(d) A recipient requests in writing that his or her assistance be reduced, terminated, or suspended.

(e) A recipient has been approved to receive assistance in another state.

(f) A change in either state or federal law that requires automatic grant adjustments for classes of recipients.

Denial of assistance and food assistance benefits; exemption.

Sec. 619. The department shall exempt from the denial of title IV-A assistance and food assistance benefits, contained in section 115 of title I of the personal responsibility and work opportunity reconciliation act of 1996, Public Law 104-193, 21 U.S.C. 862a, any individual who has been convicted of a felony that included the possession, use, or distribution of a controlled substance, after August 22, 1996, provided that the individual is not in violation of his or her probation or parole requirements. Benefits shall be provided to such individuals as follows:

(a) A third-party payee or vendor shall be required for any cash benefits provided.

(b) An authorized representative shall be required for food assistance receipt.

Multicultural assimilation and support services.

Sec. 621. Funds appropriated in part 1 may be used to support multicultural assimilation and support services. The department shall distribute all of the funds described in this section based on assessed community needs.

Temporary assistance for needy families-funded individual development accounts.

Sec. 624. The department shall maintain a plan to provide for the implementation of temporary assistance for needy families-funded individual development accounts.

Individual development accounts programs.

Sec. 625. The department in collaboration with the Michigan state university center for urban affairs and its partner organizations, the Michigan credit union league and the national federation of community development credit unions, shall further the work begun in fiscal year 1999-2000 that implemented the individual development accounts programs in the growing number of low-income designated credit unions, i.e., community development credit unions (CDCUs) located in this state's poorest communities. This further work will extend capacity-building and technical assistance services to existing and emerging CDCUs serving low-income populations and will include:

(a) Creation of a Michigan-based support system for the capacity-building of existing and emerging CDCUs serving low-income individuals and families, including development and testing of training, technical assistance, and professional development initiatives and related materials, and other capacity-building services to Michigan CDCUs.

(b) Other related support to assist existing and emerging CDCUs in becoming self-supporting institutions to assist impoverished Michigan residents in becoming economically independent.

(c) Training and technical assistance to CDCUs in the development of support services, such as economic literacy, credit counseling, budget counseling, and asset management programs for low-income individuals and families.

EQUIP funds.

Sec. 627. (1) From the funds appropriated in section 109 for day care services, the department shall contract to administer an amount not to exceed $1,350,000.00 for the "enhance quality improvement program" (EQUIP) grants. A priority for the expenditure of EQUIP funds shall be given to providers to expand access to child care, specifically 24-hour care and weekend care. A child care program shall not be eligible for an EQUIP grant unless 25% or more of its clients receive day care payments from the department.

(2) From the funds appropriated in part 1 for day care services, the department shall establish an additional fund of at least $350,000.00 for a grant pool for an "enhance quality improvement program" (EQUIP) specifically to establish new family and group home day care providers.

Policies and procedures.

Sec. 631. The department shall maintain policies and procedures to achieve all of the following:

(a) The identification of individuals on entry into the system who have a history of domestic violence, while maintaining the confidentiality of that information.

(b) Referral of persons so identified to counseling and supportive services.

(c) In accordance with a determination of good cause, the waiving of certain requirements of family independence programs where compliance with those requirements would make it more difficult for the individual to escape domestic violence or would unfairly penalize individuals who have been victims of domestic violence or who are at risk of further domestic violence.

Food assistance allotment; calculation; manner.

Sec. 632. The department shall calculate the food assistance allotment for applicants who are United States citizens and who live in a household with legal immigrants in a manner that maximizes the food assistance available to these United States citizens under federal law.

Child day care payments; provider listed on child abuse and neglect central registry.

Sec. 635. Within 6 business days of receiving all information necessary to process an application for payments for child day care, the family independence agency shall determine whether the child day care provider to whom the payments, if approved, would be made, is listed on the child abuse and neglect central registry. If the provider is listed on the central registry, the family independence agency shall immediately send written notice denying the applicant's request for child day care payments.

Infant and toddler incentive payments.

Sec. 640. (1) From the funds appropriated in part 1 for day care services, the family independence agency shall expend up to $8,000,000.00 to provide infant and toddler incentive payments to child day care providers serving children from 0 to 2-1/2 years of age who meet licensing or training requirements.

(2) The use of the funds under this section should not be considered an ongoing commitment of funding.

Homeless shelters; TANF funds.

Sec. 643. As a condition of receipt of federal TANF funds, homeless shelters shall collaborate with the family independence agency to obtain necessary TANF eligibility

information on families as soon as possible after admitting a family to the homeless shelter. From the funds appropriated in part 1 for homeless shelters within state emergency relief, the department is authorized to make allocations of TANF funds only to the agencies that report necessary data to the department for the purpose of meeting TANF eligibility reporting requirements. Homeless shelters that do not report necessary data to the department for the purpose of meeting TANF eligibility reporting requirements will not receive reimbursements which exceed the per diem amount they received in fiscal year 2000. The use of TANF funds under this section should not be considered an ongoing commitment of funding.

Escape from domestic violence considered as homeless.

Sec. 645. An individual or family is considered homeless, for purposes of eligibility for state emergency relief, if living temporarily with others in order to escape domestic violence. For purposes of this section, domestic violence is defined and verified in the same manner as in the family independence agency's policies on good cause for not cooperating with child support and paternity requirements.

Assistance payments; eligibility beyond time limit.

Sec. 648. From the funds appropriated in part 1 for assistance payments, the department shall continue to make assistance payments to recipients beyond the federal 5-year limit set under the personal responsibility and work opportunity reconciliation act of 1996, Public Law 104-193, 110 Stat. 2105, providing the recipient is complying with asset, income, and participation standards set as a condition of eligibility to receive assistance.

Victim of domestic abuse; exemption from food assistance time limit.

Sec. 653. From the funds appropriated in part 1 for food assistance, an individual who is the victim of domestic violence and does not qualify for any other exemption may be exempt from the 3-month in 36-month limit on receiving food assistance under section 6(o)(6) of the food stamp act of 1977, Public Law 88-525, 7 U.S.C. 2015. This exemption can be extended an additional 3 months upon demonstration of continuing need.

Before- or after-school programs.

Sec. 657. (1) The department shall continue to offer quality before- or after-school programs that provide youth with a safe, engaging environment to motivate and inspire learning outside the traditional classroom setting. Before-school programs are limited to elementary school-aged children. Effective before- or after-school programs combine academic, enrichment, and recreation activities to guide learning and inspire children and youth in various activities. The before- or after-school programs can meet the needs of the communities served by the programs.

(2) The department shall work in collaboration with independent contractors to put into practice a pilot program establishing quality before- or after-school programs for children in kindergarten to ninth grades. In order for an independent contractor to receive funds, a child served must be a member of a family with an income that does not exceed 200% of the federal poverty guidelines published by the United States department of health and human services.

(3) The department shall allocate through grants or contracts up to $10,000,000.00 for pilot programs. A county shall receive no more than 20% of the funds appropriated in part 1 for this program. From the funds appropriated in part 1 for before- or after-school pilot programs within day care services, the department is authorized to make allocations of funds only to the agencies that report necessary data to the department for the purpose

of meeting TANF and maintenance of effort eligibility reporting requirements. The use of funds under this section should not be considered an ongoing commitment of funding.

(4) The before- or after-school pilot programs shall include, at a minimum, at least 3 of the following topics:

(a) Abstinence-based pregnancy prevention.

(b) Chemical abuse and dependency including nonmedical services.

(c) Gang violence prevention.

(d) Academic assistance, including assistance with reading and writing.

(e) Preparation toward future self-sufficiency.

(f) Leadership development.

(g) Case management or mentoring.

(h) Parental involvement.

(i) Anger management.

(5) The department may enter into grants or contracts with independent contractors including, but not limited to, faith-based organizations, boys or girls clubs, schools, or nonprofit organizations. The department shall grant priority in funding independent contractors who secure at least 10% in matching funds. The matching funds may either be fulfilled through local, state, or federal funds, and/or through in-kind or other donations. An independent contractor who cannot fulfill the match described in this subsection shall not be excluded from applying for a before- or after-school program contract.

(6) A referral to a pilot program may be made by, but is not limited to, any of the following: a teacher, counselor, parent, police officer, judge, or social worker.

(7) By August 30, 2003, the department before- or after-school pilot program expenditures shall be audited and the department shall work in collaboration with independent contractors to provide a report on the before- or after-school pilot program to the senate and house standing committees dealing with human services, the senate and house appropriations subcommittees for the family independence agency budget, the senate and house fiscal agencies, and the senate and house policy offices. The report shall include the number of participants and the average cost per participant, as well as changes noted in program participants in any of the following categories:

(a) Juvenile crime.

(b) Aggressive behavior.

(c) Academic achievement.

(d) Development of new skills and interests.

(e) School attendance and dropout rates.

(f) Behavioral changes in school.

Food bank council activities; TANF funds.

Sec. 660. From the funds appropriated in part 1 for food bank council activities within state emergency relief, the department is authorized to make allocations of TANF funds only to the agencies that report necessary data to the department for the purpose of meeting TANF eligibility reporting requirements. The agencies that do not report necessary data to the department for the purpose of meeting TANF eligibility reporting requirements will not receive allocations in excess of those received in fiscal year 2000. The use of TANF funds under this section should not be considered an ongoing commitment of funding.

Transitional work support program.

Sec. 661. From the funds appropriated in part 1 for transitional work support, the department shall expend up to $5,000,000.00 in general fund/general purpose funds to develop and fund a transitional work support program. The department shall provide the house and senate appropriations subcommittees on the family independence agency, the house and senate fiscal agencies, the house and senate policy offices, and the state budget director with a report that includes all of the following:

(a) The number of participants served.

(b) The average cost per program participant.

(c) Any other information that the department considers relevant.

TANF-eligible individuals; public transportation needs.

Sec. 665. The department shall continue to partner with the department of transportation to use TANF and other sources of available funding to support public transportation needs of TANF-eligible individuals.

Federal earned income tax credit; eligibility.

Sec. 666. The department shall develop and implement a plan to increase the participation of eligible family independence program recipients in the federal earned income tax credit.

Child day care provider background checks.

Sec. 667. The department may expend funds necessary to perform child day care provider background checks from fees collected.

Sec. 668. In coordination with the Michigan alliance of boys and girls clubs, the department shall conduct a pilot program to develop a community-based child care program available to children ages 6 to 15. The pilot shall explore the ability to leverage child care funding by implementation of the SMART moves program, and with matching funds provided by the alliance. The pilot shall be funded through families selecting the program as their provider under the department's child day care programs, and through community-based matching funds.

JUVENILE JUSTICE SERVICES

Juvenile accountability incentive block grant.

Sec. 701. The department shall expend a portion of the federal juvenile accountability incentive block grant to support the boot camp program. The remainder of the state allocation of the juvenile accountability incentive block grant shall be used to provide funding to enable juvenile courts, juvenile probation offices, and community-based programs to be more effective and efficient in holding juvenile offenders accountable and reducing recidivism, treating substance abuse problems, and developing community-based alternatives for female offenders and the following:

(a) To better address gang, drug, and youth violence.

(b) For training, equipment, and technology.

(c) For the establishment of programs that protect students and school personnel from drug, gang, and youth violence.

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

Juvenile justice services; facility expansion.

Sec. 702. Expansion of facilities funded under part 1 for juvenile justice services shall not be authorized by the joint capital outlay subcommittee of the appropriations committees until the department has held a public hearing in the community where the facility proposed to be expanded is located.

Placement of juvenile in maximum security program; leaving property prohibited; exception.

Sec. 703. A juvenile adjudicated and placed in a state-operated maximum security program funded under part 1 for juvenile justice services shall not be allowed to leave the property of the maximum security facility at which the program is located except when required to leave the property for medical treatment, court appearances, or other good cause approved by the facility director. For purposes of this section, "juvenile" means that term as defined in section 115n of the social welfare act, 1939 PA 280, MCL 400.115n.

Juvenile justice services; location of new facilities; restriction.

Sec. 704. New facilities funded under part 1 for juvenile justice services shall not be located within 1,500 feet of property in use for a K-12 educational program.

W.J. Maxey facility; report; treatment.

Sec. 705. (1) The department shall report on the W.J. Maxey facility to the house and senate appropriations subcommittees on the family independence agency budget as part of their annual budget presentation. The report shall include the following:

(a) Population reintegration goals for juvenile justice wards including, but not limited to, the categorization of positive outcomes and recidivism by age and incarceration type.

(b) Facility media policy to ensure reinforcement and consistency with treatment plans and desired ward outcomes.

(c) Staff and resident safety.

(d) Outcome based service and treatment program plan for wards who are sex offenders or substance abusers.

(e) Facility procedure following traumatic campus occurrences such as, but not limited to, violent and sexual assaults.

(f) Quality control process for resident service and release plans.

(2) The department shall ensure that all juveniles coming into care receive an assessment that includes a review of dysfunctional behavior in adolescents. In addition, the department shall ensure that all treatment addresses:

(a) Dysfunctional family practices, such as substance abuse and domestic violence.

(b) Sexual harassment and gender bias.

(c) Cultural and ethnic sensitivity.

Detention services programs.

Sec. 706. Counties shall be subject to 50% charge back for the use of alternative regional detention services, if those detention services do not fall under the basic provision of section 117e of the social welfare act, 1939 PA 280, MCL 400.117e, or if a county operates those detention services programs primarily with professional rather than volunteer staff.

Reimbursement for child care fund expenditures; reporting requirements.

Sec. 707. In order to be reimbursed for child care fund expenditures, counties are required to submit department developed reports to enable the department to document potential federally claimable expenditures. This requirement is in accordance with the reporting requirements specified in section 117a(7) of the social welfare act, 1939 PA 280, MCL 400.117a.

School aid funds for education services.

Sec. 708. It is the intent of the legislature that the department work with the department of education and all other state and local agencies necessary to ensure funding through the state school aid act of 1979, 1979 PA 94, MCL 388.1601 to 388.1772, to educate pupils assigned by a court or the family independence agency to reside in a state-operated juvenile detention or treatment facility. Daily per diem rates for state-operated juvenile detention and treatment facilities shall reflect savings due to the use of school aid funds for education services.

Service spending plan.

Sec. 709. As a condition of receiving funds appropriated in part 1 for the child care fund, by February 15, 2003, counties shall have an approved service spending plan for the fiscal year ending September 30, 2003. Counties must submit the service spending plan to the department by December 15, 2002 for approval.

Sec. 710. From the funds appropriated in part 1 for juvenile justice services, the department shall continue contracts for county juvenile justice day treatment programs.

Auditor general report of noncompliance by department.

Sec. 712. Not more than 30 days after receiving a published report from the office of auditor general that states that the department has not complied with state or federal law, rule, or regulation, the department shall provide a report to the house and senate committees having jurisdiction over the family independence agency. The report shall state the reason for the noncompliance, a corrective action plan to bring the department into compliance, and the time frame for implementing and executing the plan.

Mental health and substance abuse treatment; cooperative work with other departments.

Sec. 713. (1) The department shall work cooperatively with judiciary and with the departments of community health and career development to coordinate and improve the delivery of mental health and substance abuse treatment and education and training services to individuals leaving the juvenile justice system, especially those aging out of the system identified as continuing to pose a serious risk to themselves or others.

(2) As required by section 18 of chapter XIIA of the probate code of 1939, 1939 PA 288, MCL 712A.18, juveniles committed to an institution operated by the department shall receive medical, dental, surgical, or other health care as necessary. The Medicaid reimbursable rate scale shall be used as the standard for allowable charges for services rendered. The family independence agency shall reimburse providers for the actual charges less than or equal to the Medicaid reimbursable rate scale for each service provided.

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

Information networks.

Sec. 714. (1) The family independence agency shall provide technical assistance for counties to develop information networks including, but not limited to, serious habitual offenders comprehensive action program (SHOCAP), juvenile justice on-line technology (JJOLT), and juvenile violent reporting system (JVRS).

(2) The department shall assist counties in identifying funding sources for the networks, including, but not limited to, the child care fund and the juvenile accountability incentive block grant.

(3) The local units of government shall report to the department on expenditures of their juvenile justice information networks in concert with their requests for reimbursement from the child care fund.

(4) The department shall provide during budget deliberation hearings the compilation of reports from the local units of government.

Juvenile justice system; primary function; early intervention initiatives.

Sec. 715. (1) It is the intent of the legislature that the primary function of the juvenile justice system shall be to promote the protection of individuals and communities through the reduction of juvenile crime.

(2) Based on the recommendations of the 2001 joint house and senate task force on juvenile justice, the family independence agency shall present the early intervention initiatives demonstrating the principles at the annual balanced and restorative justice conference in May 2003. The early intervention shall include, but not be limited to, the following:

(a) Mentoring programs that focus on improving communication and collaboration, encourage quality mentoring programs, recruitment of mentors, and increasing public awareness of and participation in programs for at-risk youth.

(b) Discussion of programs relating to juvenile information networks as an Internet-based communication tool that assists with case management of juvenile offenders in the area.

(c) Discussion of the possibility of implementing a program modeled after the "Wisconsin citizenship initiative" to collaborate with the before- or after-school programs offered under the authority of this act.

(d) Exploration of the option of a summit conducted via the Internet to discuss measures relating to the prevention and intervention of at-risk youth.

(e) Discussion of California's "8% early intervention" program that focuses on aggressive early intervention and treatment of young, high at-risk juvenile offenders and their families.

(f) Multisystem therapy.

(g) Youth service projects.

(h) Community services projects.

(i) A report on the initiatives discussed at the balanced and restorative justice conference described in this section will be given to the senate and house appropriations subcommittees on the family independence agency budget, the senate and house standing committees dealing with human services, the senate and house fiscal agencies, and the policy offices no later than September 30, 2003.

DISABILITY DETERMINATION SERVICES

Medical disability retirement.

Sec. 801. The family independence agency disability determination services in agreement with the department of management and budget office of retirement systems will develop the medical information and determine eligibility of medical disability retirement for state employees, state police, judges, and school teachers.

This act is ordered to take immediate effect.
Approved July 25, 2002.
Filed with Secretary of State July 25, 2002.

[No. 530]

(HB 4373)

AN ACT to make, supplement, and adjust appropriations for capital outlay and certain state departments and agencies for the fiscal year ending September 30, 2002 and fiscal year ending September 30, 2003; to implement the appropriations within the budgetary process; to authorize certain land transfers; to provide for the expenditure of appropriations; and to repeal acts and parts of acts.

COMMUNITY HEALTH

Michigan public health preparedness and response to bioterrorism initiative; Michigan hospital preparedness plan; submission of reports.

Sec. 451. The department of community health shall provide to the chairpersons of the senate and house of representatives appropriations subcommittees on community health and to the senate and house fiscal agencies, as soon as possible, all of the following:

(a) Semiannual progress reports on the Michigan public health preparedness and response to bioterrorism initiative, including a detailed budget narrative.

(b) Copies of the needs assessment and implementation plan for the Michigan hospital preparedness plan upon completion by the department of community health, including a detailed budget narrative.

Medicaid mental health services; capitation rate increase.

Sec. 452. (1) The department of community health shall establish a separate contingency appropriations account, in an amount not to exceed $100,000,000.00. The sole purpose of this account shall be to provide funding for an increase in Medicaid capitation rates, payable to community mental health services programs, for Medicaid mental health services.

(2) In order to receive a capitation rate increase, a community mental health services program or an affiliation of community mental health services programs shall be required to provide, from internal resources, funds that can be used as a bona fide source for the state match required under the Medicaid program and be identifiable as local funds as reported in the June 2002 financial status report as the annual budget for Medicaid match. These funds shall not include either state funds received by a community mental health services program for services provided to non-Medicaid recipients or the state matching portion of the Medicaid capitation payments made to a community mental health services program.

(3) The distribution of the increase in the capitation payment rates described in subsections (1) and (2), if any, shall be based on a formula developed by a committee established within the department of community health, including representatives from community mental health services programs or affiliates of community mental health services programs and department staff.

(4) The Medicaid capitation rate increase distribution formula, developed by the committee specified in subsection (3), shall be based upon an analysis of recipient characteristics, comparative needs, actuarial trends, equitable adjustments between funding sources, and other relevant considerations. The committee may also recommend changes in community mental health non-Medicaid funding formula payments to community mental health services programs in conjunction with establishing the formula described in this section in order to maximize funding for all community mental health services programs. The committee shall report its findings to the senate and house appropriations subcommittees on community health.

(5) The enactment of this section shall not result in any increase in the local match or county match obligation above the level of funding for mental health services reported in the June 2002 financial status report as the annual budget for local match in fiscal year 2001-2002.

(6) This section shall not be implemented if it is found not to be in compliance with federal laws or regulations.

Increased hospital payments for medicaid services in certain geographic areas.

Sec. 454. The department may implement a program to make increased payments for Medicaid services to hospitals located in geographic areas where the nonfederal share of the Medicaid payment is obtained from local units of government. Any increase in payments specified in this section is contingent upon such payments not exceeding federal Medicaid upper payment limit requirements.

The following is in compliance with section 451a(1) of the management and budget act, 1984 PA 431, MCL 18.1451a:

(a) The purpose of the project is to provide libraries with computers and train library staff to assist claimants in accessing unemployment agency websites.

(b) The work project will be accomplished through the use of grants.

(c) The total estimated completion cost of the work project is $4,000,000.00.

(d) The tentative completion date is September 20, 2004.

MICHIGAN STRATEGIC FUND

Urban revitalization infrastructure program; economic development awards; Michigan core communities fund as work project.

Sec. 540. (1) The funding appropriated in part 1 of 2000 PA 291 for the Michigan core communities fund will be used to create an urban revitalization infrastructure program in the Michigan strategic fund for economic development awards to create new jobs or contribute to redevelopment and encourage private investment in core communities.

(2) Awards will be provided to qualified local governmental units as defined in the obsolete property rehabilitation act, 2000 PA 146, MCL 125.2781 to 125.2797, or certified technology parks, as defined in the local development financing act, 1986 PA 281, MCL 125.2151 to 125.2174.

(3) Awards may be used for land and property acquisition and assembly, demolition, site development, utility modifications and improvements, street and road improvements, telecommunication infrastructure, site location and relocation, infrastructure improvements, and any other costs related to the successful development and implementation of core community or certified technology park projects, at the discretion of the Michigan economic development corporation.

(4) Funding may be provided in the form of loans, grants, sales or cash flow participation agreements, guarantees, or any combination of these. A cash match of at least 10%, or local repayment guarantee with a dedicated funding source, is required. Priority shall be given to projects which are integrated with existing economic development programs, and to projects in proportion to the amount that local matching rates exceed 10%.

(5) The Michigan economic development corporation shall have all administrative responsibility for the Michigan core communities fund and shall establish application and application scoring criteria and approve awards. The Michigan economic development corporation may utilize up to 1/2 of 1% of the fund for administrative purposes.

(6) Funds shall be awarded through an open competitive process based on criteria including the following: project impact; project marketability; lack of adequate infrastructure or land assembly financing sources; local administrative capacity; and the level of local matching funds. Awardees shall agree to expedite the local development process, such as fast-track permitting procedures, streamlined regulatory requirements, standardized construction and building codes, and the use of competitive construction permitting fees.

(7) The appropriation of the Michigan core communities fund is a work project appropriation and any unencumbered or any allotted funds are carried forward into the following fiscal year. The following is in compliance with section 451a(1) of the management and budget act, 1984 PA 431, MCL 18.1451a:

(a) The purpose of the project to be carried out is to provide awards to qualified local governmental units and certified technology parks for local economic development projects as defined by this section.

(b) The project will be accomplished through contracts.

(c) The total estimated cost of all awards is identified in the line-item appropriation.

(d) The tentative completion date is September 30, 2005.

(8) Funds will be awarded as part of 4 separate application periods. Deadlines for submitting applications for each of the 4 periods will be no later than September 1, January 1, April 1, and July 1 of each year. Awards for each of the application periods will be made on a quarterly basis.

(9) No single applicant shall be awarded more than $10,000,000.00.

(10) Fifteen days prior to the award of the funds, notification shall be provided to the speaker of the house of representatives, the senate majority leader, the members of the house and senate appropriations committees, and the house and senate fiscal agencies.

(11) Funds shall not be awarded for any of the following purposes:

(a) Land sited for use as, or support for, a gaming facility.

(b) Land or other facilities owned or operated by a gaming facility.

(c) Publicly owned land or facilities which may directly or indirectly support a gaming facility.

(12) As used in this section, "Michigan economic development corporation" means the public body corporate created under section 28 of article VII of the state constitution of 1963 and the urban cooperation act of 1967, 1967 (Ex Sess) PA 7, MCL 124.501 to 124.512, by a contractual interlocal agreement effective April 5, 1999, between local participating economic development corporations formed under the economic development corporations act, 1974 PA 338, MCL 125.1601 to 125.1636, and the Michigan strategic fund. If the Michigan economic development corporation is unable for any reason to perform its duties under this act, the Michigan strategic fund may exercise those duties.

DEPARTMENT OF NATURAL RESOURCES

Grant to counties - marine safety; funding correction.

Sec. 545. Pursuant to generally accepted accounting principles and state accounting policies, the appropriation in section 116 to grant to counties—marine safety, is to provide 1-time funding to correct estimated accrued liabilities for grants earned by but not yet billed by or paid to local units of government.

SCHOOL AID

Sec. 551. (1) The funds appropriated under part 1 for declining enrollment grants shall be carried forward to 2002-2003 and shall be allocated to school districts that meet all of the following:

(a) Are located in the Upper Peninsula.

(b) Have a pupil membership for 2002-2003, as calculated under section 6(4) of the state school aid act of 1979, 1979 PA 94, MCL 388.1606, of less than 1,550 pupils.

(c) Have 4.5 or fewer pupils per square mile, as determined by the department of education. If a school district educates and counts in its membership pupils in grades 9 to 12 who reside in a contiguous school district that does not operate grades 9 to 12 and if 1 or both of the affected school districts request the department of education to use the determination allowed under this sentence, the department of education shall include the square mileage of both school districts in determining the number of pupils per square mile for each of the school districts for the purposes of this subdivision.

Compiler's note: The shaded text was vetoed by the Governor, whose veto message appears in this volume under the heading "Vetoes."

(2) The amount paid to an eligible school district under this section shall be an amount equal to the amount the school district would have received if it were eligible for a pupil membership adjustment for 2002-2003 under section 6(4)(y) of the state school aid act of 1979, 1979 PA 94, MCL 388.1606.

STATE POLICE

Law enforcement assistance to city of Highland Park.

Sec. 552. The department of state police, in keeping with its role as the general law enforcement agency of the state and the law enforcement agency of last resort for communities that are either without or seriously underserved by local law enforcement resources, shall provide general law enforcement assistance to the city of Highland Park until such time that adequate law enforcement services can be provided to the city by other means.

TREASURY

This amount shall be reduced to $0.00 if the tax on cigarettes under the tobacco products tax act, 1993 PA 327, MCL 205.421 to 205.436, is increased by 30 cents or more per pack on or before September 30, 2002.

Negative appropriations for budgetary savings; authorization adjustments.

Sec. 1207. (1) A budgetary savings line item with a negative amount of $173,200.00 is created for the fiscal year 2002-03 capital outlay budget under the department of management and budget. The negative appropriation shall be satisfied through efficiencies and other savings identified by the department director and approved by the state budget director.

(2) Appropriation authorization adjustments required due to negative appropriations for budgetary savings shall be made only after the approval of transfers by the legislature pursuant to section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

Appropriations for certain environmental grants and programs; lapse to clean Michigan initiative fund.

Sec. 1208. The unexpended portion of funds appropriated in part 1 of 2000 PA 52 for environmental education curriculum, contaminated lake and river sediments cleanup, voluntary stormwater permit grants, failing on-site septic systems, protecting high quality waters, illicit storm sewer connection grants, remedial action plan and lakewide management plan implementation grants, brownfield grants and loans, waterfront redevelopment, abandoned well management grants, household hazardous waste collection, and regional pollution prevention grants are appropriated for the same purposes for fiscal year 2002-03. Any unexpended or unencumbered funds shall lapse to the clean Michigan initiative fund and shall be subject to reappropriation.

This act is ordered to take immediate effect.

(SB 1322)

AN ACT to amend 1975 PA 228, entitled "An act to provide for the imposition, levy, computation, collection, assessment and enforcement, by lien or otherwise, of taxes on certain commercial, business, and financial activities; to prescribe the manner and times of making certain reports and paying taxes; to prescribe the powers and duties of public officers and state departments; to permit the inspection of records of taxpayers; to provide for interest and penalties on unpaid taxes; to provide exemptions, credits, and refunds; to provide penalties; to provide for the disposition of funds; to provide for the interrelation of this act with other acts; and to provide an appropriation," (MCL 208.1 to 208.145) by adding section 39e; and to repeal acts and parts of acts.

The People of the State of Michigan enact:

208.39e Tax credit; certification as eligible taxpayer under Michigan next energy authority act; definitions.

Sec. 39e. (1) A taxpayer may claim a credit against the tax imposed by this act for 1 or more of the following as applicable:

(a) The credit allowed under subsection (2).

(b) The credit allowed under subsection (6).

(2) For tax years that begin after December 31, 2002, a taxpayer that is certified under the Michigan next energy authority act as an eligible taxpayer may claim a nonrefundable credit for the tax year equal to the amount by which the taxpayer's tax liability attributable to qualified business activity for the tax year exceeds the taxpayer's baseline tax liability attributable to qualified business activity.

(3) For any tax year in which the eligible taxpayer's tax liability attributable to qualified business activity for the tax year does not exceed the taxpayer's baseline tax liability attributable to qualified business activity, the eligible taxpayer shall not claim the credit allowed under subsection (2).

(4) An affiliated group as defined in this act, a controlled group of corporations as defined in section 1563 of the internal revenue code and further described in 26 C.F.R. 1.414(b)-1 and 1.414(c)-1 to 1.414(c)-5, or an entity under common control as defined by the internal revenue code shall not take the credit allowed under subsection (2) unless the qualified business activity of the group or entities is consolidated.

(5) A taxpayer that claims a credit under subsection (2) shall attach a copy of each of the following as issued pursuant to the Michigan next energy authority act to the annual return required under this act for each tax year in which the taxpayer claims the credit allowed under subsection (2):

(a) The proof of certification that the taxpayer is an eligible taxpayer for the tax year.

(b) The proof of certification of the taxpayer's tax liability attributable to qualified business activity for the tax year.

(c) The proof of certification of the taxpayer's baseline tax liability attributable to qualified business activity.

(6) For tax years that begin after December 31, 2002, a taxpayer that is a qualified alternative energy entity may claim a credit for the taxpayer's qualified payroll amount. A taxpayer shall claim the credit under this subsection after all allowable nonrefundable credits under this act.

(7) If the credit allowed under subsection (6) exceeds the tax liability of the taxpayer for the tax year, that portion of the credit that exceeds the tax liability shall be refunded.

(8) Notwithstanding any other provision of this act and for tax years that begin after December 31, 2002, a person whose apportioned or allocated gross receipts are less than $350,000.00 for the tax year need not file a return or pay the tax as provided under this act.

(9) As used in this section:

(a) "Alternative energy marine propulsion system", "alternative energy system", "alternative energy vehicle", and "alternative energy technology" mean those terms as defined in the Michigan next energy authority act.

(b) "Alternative energy zone" means a renaissance zone designated as an alternative energy zone by the board of the Michigan strategic fund under section 8a of the Michigan renaissance zone act, 1996 PA 376, MCL 125.2688a.

(c) "Baseline tax liability attributable to qualified business activity" means the taxpayer's tax liability for the 2001 tax year multiplied by a fraction the numerator of which is the ratio of the value of the taxpayer's property used for qualified business activity and located in this state outside of a renaissance zone for the 2001 tax year to the value of all of the taxpayer's property located in this state for the 2001 tax year plus the ratio of the taxpayer's payroll for qualified business activity performed outside of a renaissance zone for the 2001 tax year to all of the taxpayer's payroll for the 2001 tax year in this state and the denominator of which is 2. A taxpayer with a 2001 tax year of less than 12 months shall annualize the amount calculated under this subdivision as necessary

to determine baseline tax liability attributable to qualified business activity that reflects a 12-month period.

(d) "Eligible taxpayer" means a taxpayer that has proof of certification of qualified business activity under the Michigan next energy authority act.

(e) "Payroll" means total salaries and wages before deducting any personal or dependency exemptions.

(f) "Qualified alternative energy entity" means a taxpayer located in an alternative energy zone.

(g) "Qualified business activity" means research, development, or manufacturing of an alternative energy marine propulsion system, an alternative energy system, an alternative energy vehicle, alternative energy technology, or renewable fuel.

(h) "Qualified employee" means an individual who is employed by a qualified alternative energy entity, whose job responsibilities are related to the research, development, or manufacturing activities of the qualified alternative energy entity, and whose regular place of employment is within an alternative energy zone.

(i) "Qualified payroll amount" means an amount equal to payroll of the qualified alternative energy entity attributable to all qualified employees in the tax year of the qualified alternative energy entity for which the credit under subsection (6) is being claimed, multiplied by the tax rate for that tax year.

(j) "Renaissance zone" means a renaissance zone designated under the Michigan renaissance zone act, 1996 PA 376, MCL 125.2681 to 125.2696.

(k) "Renewable fuel" means 1 or more of the following:

(*i*) Biodiesel or biodiesel blends containing at least 20% biodiesel. As used in this subparagraph, "biodiesel" means a diesel fuel substitute consisting of methyl or ethyl esters produced from the transesterification of animal or vegetable fats with methanol or ethanol.

(*ii*) Biomass. As used in this subparagraph, "biomass" means residues from the wood and paper products industries, residues from food production and processing, trees and grasses grown specifically to be used as energy crops, and gaseous fuels produced from solid biomass, animal wastes, municipal waste, or landfills.

(*l*) "Tax liability attributable to qualified business activity" means the taxpayer's tax liability multiplied by a fraction the numerator of which is the ratio of the value of the taxpayer's property used for qualified business activity and located in this state outside of a renaissance zone to the value of all of the taxpayer's property located in this state plus the ratio of the taxpayer's payroll for qualified business activity performed outside of a renaissance zone to all of the taxpayer's payroll in this state and the denominator of which is 2.

(m) "Tax rate" means the rate imposed under sections 51, 51d, and 51e of the income tax act of 1967, 1967 PA 281, MCL 206.51, 206.51d, and 206.51e, annualized as necessary, for the tax year in which the qualified alternative energy entity claims a credit under subsection (6).

Repeal of §§ 208.1 to 208.145 after December 31, 2009.

Enacting section 1. The single business tax act, 1975 PA 228, MCL 208.1 to 208.145, is repealed effective for tax years that begin after December 31, 2009.

This act is ordered to take immediate effect.

AN ACT to amend 1976 PA 448, entitled "An act to prescribe the powers and duties of municipalities and governmental units to acquire, finance, maintain, and operate generating, transmission, and distribution facilities of electric power and energy, fuel and energy sources and reserves and all necessary related properties, equipment and facilities; to permit the exercise of those powers in joint venture or joint agency agreements; to provide for the issuance of bonds and notes; to prescribe the powers and duties of the municipal finance commission or its successor agency and of certain other state officers and agencies with respect to municipal electric utility financing; to create certain funds and prescribe their operation; to provide for tax exemptions and other exemptions; and to prescribe penalties and provide remedies," by amending section 44 (MCL 460.844).

The People of the State of Michigan enact:

460.844 Sale or exchange of excess capacity or output.

Sec. 44. (1) A joint agency may sell or exchange the excess capacity or output of a project not required by any of its members for consideration upon terms and conditions as determined by the parties. The sale or exchange of excess capacity or output shall not be made with a municipality not engaged in the generating, transmitting, or distributing of electricity as of January 13, 1977, unless no other power utility is willing to enter into a sale or exchange upon equally favorable terms and conditions.

(2) A joint agency may do either or both of the following:

(a) Transfer all or part of its interest in transmission facilities to a multistate regional transmission system organization approved by the federal government and operating in this state or to 1 or more of its transmission-owning members.

(b) Purchase, acquire, sell, or otherwise transfer stock, membership units, or any other interest in a multistate regional transmission system organization approved by the federal government and operating in this state or in 1 or more of its transmission-owning members.

AN ACT to amend 1976 PA 448, entitled "An act to prescribe the powers and duties of municipalities and governmental units to acquire, finance, maintain, and operate generating, transmission, and distribution facilities of electric power and energy, fuel and energy sources and reserves and all necessary related properties, equipment and facilities; to permit the exercise of those powers in joint venture or joint agency agreements; to provide for the issuance of bonds and notes; to prescribe the powers and duties of the municipal finance commission or its successor agency and of certain other state officers and agencies with respect to municipal electric utility financing; to create

certain funds and prescribe their operation; to provide for tax exemptions and other exemptions; and to prescribe penalties and provide remedies," by amending section 40 (MCL 460.840).

The People of the State of Michigan enact:

460.840 Determining future power requirements; considerations.

Sec. 40. Before undertaking a project for the construction or acquisition of facilities for the transmission or generation of electric power and energy, a joint agency shall, based upon engineering studies and reports meeting the standards required under section 38(d), determine that the project is required to provide for the projected needs for power and energy of its members from the date the project is estimated to be placed in normal and continuous operation and for a reasonable period of time thereafter. In determining the future power requirements of members of a joint agency, the joint agency shall consider all of the following:

(a) The economies and efficiencies to be achieved in constructing facilities for the generation and transmission of electric power and energy.

(b) The needs of the joint agency for reserve and peaking capacity, and to meet obligations under pooling and reserve sharing agreements reasonably related to its needs for power and energy to which the joint agency is or may become a party.

(c) The estimated useful life of the project.

(d) The estimated time necessary for the planning, development, acquisition, or construction of the project and the length of time required in advance to obtain, acquire, or construct additional power supply for members of the joint agency.

(e) The reliability and availability of existing alternative power supplies and the cost of those existing alternative power supplies.

This act is ordered to take immediate effect.

AN ACT to amend 1949 PA 300, entitled "An act to provide for the registration, titling, sale, transfer, and regulation of certain vehicles operated upon the public highways of this state or any other place open to the general public or generally accessible to motor vehicles and distressed vehicles; to provide for the licensing of dealers; to provide for the examination, licensing, and control of operators and chauffeurs; to provide for the giving of proof of financial responsibility and security by owners and operators of vehicles; to provide for the imposition, levy, and collection of specific taxes on vehicles, and the levy and collection of sales and use taxes, license fees, and permit fees; to provide for the regulation and use of streets and highways; to create certain funds; to provide penalties and sanctions for a violation of this act; to provide for civil liability of owners and operators of vehicles and service of process on residents and nonresidents; to provide for the levy of certain assessments; to provide for the enforcement of this act; to provide for the creation of and to prescribe the powers and duties of certain state and local agencies;

to impose liability upon the state or local agencies; to repeal all other acts or parts of acts inconsistent with this act or contrary to this act; and to repeal certain parts of this act on a specific date," by amending sections 6, 7a, 212, 306, 307, 309, 312e, 312f, 319, 319b, 319c, 321, 321b, 323c, 667, 667a, 668, 669, 670, 732, 904, and 907 (MCL 257.6, 257.7a, 257.212, 257.306, 257.307, 257.309, 257.312e, 257.312f, 257.319, 257.319b, 257.319c, 257.321, 257.321b, 257.323c, 257.667, 257.667a, 257.668, 257.669, 257.670, 257.732, 257.904, and 257.907), section 6 as amended by 1992 PA 297, sections 7a and 323c as amended by 1991 PA 100, section 212 as amended by 1980 PA 398, section 306 as amended by 1999 PA 40, sections 307, 312f, and 319b as amended by 2002 PA 259, section 309 as amended by 2000 PA 456, section 312e as amended by 2000 PA 158, section 319 as amended by 2002 PA 422, section 319c as added by 1988 PA 346, section 667a as added by 2000 PA 367, section 668 as amended by 1980 PA 101, section 669 as amended by 1995 PA 248, section 732 as amended by 2002 PA 422, section 904 as amended by 2000 PA 77, and section 907 as amended by 2001 PA 214, and by adding sections 319g and 669a; and to repeal acts and parts of acts.

The People of the State of Michigan enact:

257.6 "Chauffeur" defined.

Sec. 6. (1) Except as otherwise provided in subsection (3), "chauffeur" means any of the following:

(a) A person who operates a motor vehicle as a motor common carrier of property or a motor contract carrier of property as defined in section 1(f) and (h) of the motor carrier act, 1933 PA 254, MCL 475.1, or a motor carrier of passengers as defined in section 3 of the motor bus transportation act, 1982 PA 432, MCL 474.103.

(b) A person who is employed for the principal purpose of operating a motor vehicle with a GVWR of 10,000 pounds or more.

(c) A person who operates a bus or school bus.

(d) A person who operates a taxi.

(e) A person who operates a limousine as defined by section 3 of the limousine transportation act, 1990 PA 271, MCL 257.1903.

(2) For purposes of subsection (1)(b), a person shall be considered to be employed for the principal purpose of operating a motor vehicle when the person's employment customarily involves the necessary use of a motor vehicle for hire or for transporting passengers for hire, or for transporting for gain or hire any merchandise for display, sale, or delivery.

(3) "Chauffeur" does not include any of the following:

(a) A farmer or an employee of a farmer operating a vehicle exclusively in connection with the farming operations of the farmer.

(b) A fire fighter or a member of a fire department operating an ambulance.

(c) Emergency medical services personnel operating an ambulance. As used in this subdivision, "emergency medical services personnel" means that term as defined in section 20904 of the public health code, 1978 PA 368, MCL 333.20904.

(d) State transportation department employees whose work consists of operating vehicles with a gross vehicle weight rating of 10,000 pounds or more for the purpose of transporting highway and bridge maintenance materials and supplies for all aspects of state trunkline maintenance, including winter maintenance and facilities maintenance.

(e) County road commission employees and other employees of local units of government who do not drive their own vehicles and whose work consists of hauling road building materials and supplies for the road commission or for other municipal purposes.

(f) A person operating a motor vehicle for a volunteer program who only receives reimbursement for the costs of operating the motor vehicle.

(g) A person who operates a motor home for personal pleasure.

(h) A parent or parent's designee for the purpose of transporting pupils to or from school and school related events.

257.7a "Commercial motor vehicle" defined.

Sec. 7a. "Commercial motor vehicle" means a motor vehicle designed to transport 16 or more passengers, including the driver; a motor vehicle, having a gross vehicle weight rating of 26,001 or more pounds; a motor vehicle with a gross combination weight rating of 26,001 pounds or more including a towed unit with a gross vehicle weight rating of more than 10,000 pounds; or a motor vehicle carrying hazardous material and on which is required to be posted a placard as defined and required under 49 C.F.R. parts 100 to 199. A commercial motor vehicle does not include a vehicle used exclusively to transport personal possessions or family members for nonbusiness purposes.

257.212 Methods of giving notice; proof.

Sec. 212. If the secretary of state is authorized or required to give notice under this act or other law regulating the operation of a vehicle, unless a different method of giving notice is otherwise expressly prescribed, notice shall be given either by personal delivery to the person to be notified or by first-class United States mail addressed to the person at the address shown by the record of the secretary of state. The giving of notice by mail is complete upon the expiration of 5 days after mailing the notice. Proof of the giving of notice in either manner may be made by the certificate of a person 18 years of age or older, naming the person to whom notice was given and specifying the time, place, and manner of the giving of notice.

257.306 Temporary instruction permit; operation of motor vehicle without operator's license or permit; temporary driver education certificate; motorcycle temporary instruction permit; temporary instruction permit to drive vehicle requiring vehicle group designation or vehicle group indorsement.

Sec. 306. (1) The secretary of state, upon receiving an application for a temporary instruction permit from a person who is 18 years of age or older, may issue that permit entitling the applicant, while carrying the permit, to drive a motor vehicle other than a motor vehicle requiring an indorsement under section 312a or a vehicle group designation under section 312e upon the highways for a period of 180 days when accompanied by a licensed adult operator or chauffeur who is actually occupying a seat beside the driver.

(2) The secretary of state may issue an original operator's license and designate level 1, 2, or 3 graduated licensing provisions to a person who is less than 18 years of age, has been licensed in another state or country, and has satisfied the applicable requirements of section 310e.

(3) A student enrolled in a driver education program or a motorcycle safety course approved by the department of education may operate a motor vehicle without holding an operator's license or permit while under the direct supervision of the program instructor.

(4) A student enrolled in an approved driver education program and who has successfully completed 10 hours of classroom instruction and the equivalent of 2 hours of behind-the-wheel training may be issued a temporary driver education certificate furnished by the department of education that authorizes a student to drive a motor vehicle, other than a motor vehicle requiring an indorsement pursuant to section 312a or a vehicle group designation pursuant to section 312e, when accompanied by a licensed parent or guardian, or when accompanied by a nonlicensed parent or guardian and a licensed adult for the purpose of receiving additional instruction until the end of the student's driver education course.

(5) The secretary of state, upon receiving proper application from a person 16 or 17 years of age who is enrolled in or has successfully completed an approved motorcycle safety course under section 811a, or a person who is 18 years of age or older and who holds a valid operator's or chauffeur's license, may issue a motorcycle temporary instruction permit entitling the applicant, while carrying the permit, to operate a motorcycle upon the public streets and highways for a period of 180 days, but only when under the constant visual supervision of a licensed motorcycle operator at least 18 years of age. The applicant shall not operate the motorcycle at night or with a passenger.

(6) The secretary of state, upon receiving proper application from a person who is 18 years of age or older, who holds a valid operator's or chauffeur's license, and who has passed the knowledge test for an original vehicle group designation or indorsement, may issue a temporary instruction permit entitling the person, while carrying the permit, to drive a vehicle requiring a vehicle group designation or vehicle group indorsement under section 312e upon the streets and highways for a period of 180 days, but only when accompanied by a licensed adult operator or chauffeur who is licensed with the appropriate vehicle group designation and indorsement for the vehicle group being driven and who is actually occupying a seat beside the driver, or behind the driver if the permittee is driving a bus or school bus. In addition, if a permittee is enrolled in a driver training program for drivers of motor vehicles requiring a vehicle group designation or vehicle group indorsement under section 312e, which program is conducted by a college, university, commercial driver training school licensed by the department under 1974 PA 369, MCL 256.601 to 256.609, or a local or intermediate school district, the permittee may drive a vehicle requiring a vehicle group designation or vehicle group indorsement on the streets and highways of this state for a period of 180 days when accompanied by an instructor licensed with the appropriate vehicle group designation and indorsement for the vehicle being driven who is either occupying the seat beside the driver or in direct visual and audio communication with the permittee. A person issued a temporary instruction permit under this section shall not operate a vehicle designed to carry 16 or more passengers that is transporting passengers except with an instructor licensed with the appropriate vehicle group designation and indorsement for the vehicle being driven or a driver skills test examiner.

257.307 Application for operator's or chauffeur's license; manner; contents; image; equipment; use of image and information; signature and certification; fee; refund; driving record from another jurisdiction; application for original, renewal, or upgrade of vehicle group designation or indorsement; issuing renewal license by mail or other methods; information manual; disclosure or display of social security number.

Sec. 307. (1) An applicant for an operator's or chauffeur's license shall supply a birth certificate attesting to his or her age or other sufficient documents or identification as the

secretary of state may require. An application for an operator's or chauffeur's license shall be made in a manner prescribed by the secretary of state and shall contain all of the following:

(a) The applicant's full name, date of birth, residence address, height, sex, eye color, signature, other information required or permitted on the license under this chapter, and, to the extent required to comply with federal law, the applicant's social security number. The applicant may provide a mailing address if the applicant receives mail at an address different from his or her residence address.

(b) The following notice shall be included to inform the applicant that under sections 509o and 509r of the Michigan election law, 1954 PA 116, MCL 168.509o and 168.509r, the secretary of state is required to use the residence address provided on this application as the applicant's residence address on the qualified voter file for voter registration and voting:

"NOTICE: Michigan law requires that the same address be used for voter registration and driver license purposes. Therefore, if the residence address you provide in this application differs from your voter registration address as it appears on the qualified voter file, the secretary of state will automatically change your voter registration to match the residence address on this application, after which your voter registration at your former address will no longer be valid for voting purposes. A new voter registration card, containing the information of your polling place, will be provided to you by the clerk of the jurisdiction where your residence address is located.".

(c) For an operator's or chauffeur's license with a vehicle group designation or indorsement, the following certifications by the applicant:

(*i*) The applicant meets the applicable federal driver qualification requirements under 49 C.F.R. part 391 if the applicant operates or intends to operate in interstate commerce or meets the applicable qualifications under the rules promulgated by the department of state police under the motor carrier safety act of 1963, 1963 PA 181, MCL 480.11 to 480.22, if the applicant operates or intends to operate in intrastate commerce.

(*ii*) The vehicle in which the applicant will take the driving skills tests is representative of the type of vehicle the applicant operates or intends to operate.

(*iii*) The applicant is not subject to disqualification, suspension, revocation, or cancellation for conviction of an offense described in section 312f or 319b.

(*iv*) The applicant does not have a driver's license from more than 1 state.

(d) An applicant for an operator's or chauffeur's license with a vehicle group designation and a hazardous material indorsement (H vehicle indorsement) shall provide his or her fingerprints which shall have been taken by a law enforcement official or a designated representative for investigation as required by the uniting and strengthening America by providing appropriate tools required to intercept and obstruct terrorism (USA PATRIOT ACT) Act of 2001, Public Law 107-56, 115 Stat. 272.

(2) Except as provided in this subsection, an applicant for an operator's or chauffeur's license may have his or her image captured or reproduced when the application for the license is made. An applicant required under section 5a of the sex offenders registration act, 1994 PA 295, MCL 28.725a, to maintain a valid operator's or chauffeur's license or official state personal identification card shall have his or her image and signature captured or reproduced when the application for the license is made. The secretary of state shall acquire by purchase or lease the equipment for capturing the images and signatures and may furnish the equipment to a local unit authorized by the secretary of state to license drivers. The secretary of state shall acquire equipment purchased or

leased pursuant to this section under standard purchasing procedures of the department of management and budget based on standards and specifications established by the secretary of state. The secretary of state shall not purchase or lease equipment until an appropriation for the equipment has been made by the legislature. An image and signature captured pursuant to this section shall appear on the applicant's operator's or chauffeur's license. Except as provided in this subsection, the secretary of state may retain and use a person's image described in this subsection only for programs administered by the secretary of state. Except as provided in this subsection, the secretary of state shall not use a person's image unless the person grants written permission for that purpose to the secretary of state or specific enabling legislation permitting the use is enacted into law. A law enforcement agency of this state has access to information retained by the secretary of state under this subsection. The information may be utilized for any law enforcement purpose unless otherwise prohibited by law. The department of state police shall provide to the secretary of state updated lists of persons required to be registered under the sex offenders registration act, 1994 PA 295, MCL 28.721 to 28.732, and the secretary of state shall make the images of those persons available to the department of state police as provided in that act.

(3) An application shall contain a signature and certification by the applicant and shall be accompanied by the proper fee. The examiner shall collect the application fee and shall forward the fee to the secretary of state with the application. The secretary of state shall refund the application fee to the applicant if the license applied for is denied, but shall not refund the fee to an applicant who fails to complete the examination requirements of the secretary of state within 90 days after the date of application for a license. A service fee of $1.00 shall be added to each fee collected for an original, renewal, duplicate, or corrected operator's or chauffeur's license. The service fee received and collected under this subsection shall be deposited in the state treasury to the credit of the general fund. The service fee shall be used to defray the expenses of the secretary of state. Appropriations from the Michigan transportation fund shall not be used to compensate the secretary of state for costs incurred and services performed under this section.

(4) In conjunction with the issuance of an operator's or chauffeur's license, the secretary of state shall do all of the following:

(a) Provide the applicant with all of the following:

(*i*) Written information explaining the applicant's right to make an anatomical gift in the event of death in accordance with section 310.

(*ii*) Written information describing the organ donation registry program maintained by Michigan's federally designated organ procurement organization or its successor organization. The written information required under this subparagraph shall include, in a type size and format that is conspicuous in relation to the surrounding material, the address and telephone number of Michigan's federally designated organ procurement organization or its successor organization, along with an advisory to call Michigan's federally designated organ procurement organization or its successor organization with questions about the organ donor registry program.

(*iii*) Written information giving the applicant the opportunity to be placed on the organ donation registry described in subparagraph (*ii*).

(b) Provide the applicant with the opportunity to specify on his or her operator's or chauffeur's license that he or she is willing to make an anatomical gift in the event of death in accordance with section 310.

(c) Inform the applicant in writing that, if he or she indicates to the secretary of state under this section a willingness to have his or her name placed on the organ donor registry

described in subdivision (a)(*ii*), the secretary of state will forward the applicant's name and address to the organ donation registry maintained by Michigan's federally designated organ procurement organization or its successor organization, as required by subsection (6).

(5) The secretary of state may fulfill the requirements of subsection (4) by 1 or more of the following methods:

(a) Providing printed material enclosed with a mailed notice for an operator's or chauffeur's license renewal or the issuance of an operator's or chauffeur's license.

(b) Providing printed material to an applicant who personally appears at a secretary of state branch office.

(c) Through electronic information transmittals for operator's and chauffeur's licenses processed by electronic means.

(6) If an applicant indicates a willingness under this section to have his or her name placed on the organ donor registry described in subsection (4)(a)(*ii*), the secretary of state shall within 10 days forward the applicant's name and address to the organ donor registry maintained by Michigan's federally designated organ procurement organization or its successor organization. The secretary of state may forward information under this subsection by mail or by electronic means. The secretary of state shall not maintain a record of the name or address of an individual who indicates a willingness to have his or her name placed on the organ donor registry after forwarding that information to the organ donor registry under this subsection. Information about an applicant's indication of a willingness to have his or her name placed on the organ donor registry that is obtained by the secretary of state under subsection (4) and forwarded under this subsection is exempt from disclosure under the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246, pursuant to section 13(1)(d) of the freedom of information act, 1976 PA 442, MCL 15.243.

(7) If an application is received from a person previously licensed in another jurisdiction, the secretary of state shall request a copy of the applicant's driving record and other available information from the national driver register. When received, the driving record and other available information become a part of the driver's record in this state. If the application is for an original, renewal, or upgrade of a vehicle group designation or indorsement, the secretary of state shall check the applicant's driving record with the national driver register and the federal commercial driver license information system before issuing that group designation or indorsement.

(8) Except for a vehicle group designation or indorsement or as provided in this subsection, the secretary of state may issue a renewal operator's or chauffeur's license for 1 additional 4-year period by mail or by other methods prescribed by the secretary of state. The secretary of state shall issue a renewal license only in person if the person is a person required under section 5a of the sex offenders registration act, 1994 PA 295, MCL 28.725a, to maintain a valid operator's or chauffeur's license or official state personal identification card. If a license is renewed by mail or by other method, the secretary of state shall issue evidence of renewal to indicate the date the license expires in the future. The department of state police shall provide to the secretary of state updated lists of persons required under section 5a of the sex offenders registration act, 1994 PA 295, MCL 28.725a, to maintain a valid operator's or chauffeur's license or official state personal identification card.

(9) Upon request, the secretary of state shall provide an information manual to an applicant explaining how to obtain a vehicle group designation or indorsement. The manual shall contain the information required under 49 C.F.R. part 383.

(10) The secretary of state shall not disclose a social security number obtained under subsection (1) to another person except for use for 1 or more of the following purposes:

(a) Compliance with chapter 313 of title 49 of the United States Code, 49 U.S.C. 31301 to 31317, and regulations and state law and rules related to this chapter.

(b) Through the law enforcement information network, to carry out the purposes of section 466(a) of part D of title IV of the social security act, 42 U.S.C. 666, in connection with matters relating to paternity, child support, or overdue child support.

(c) As otherwise required by law.

(11) The secretary of state shall not display a person's social security number on the person's operator's or chauffeur's license.

(12) A requirement under this section to include a social security number on an application does not apply to an applicant who demonstrates he or she is exempt under law from obtaining a social security number or to an applicant who for religious convictions is exempt under law from disclosure of his or her social security number under these circumstances. The secretary of state shall inform the applicant of this possible exemption.

257.309 Examination of applicant for operator's or chauffeur's license; waiver; exception; certification of licensee applying for renewal of license by mail; examining officers; conducting examinations; report of findings and recommendations; rules; issuance of original operator's or chauffeur's license without vehicle group designation or indorsement; behind-the-wheel road test; waiver; prohibited conduct.

Sec. 309. (1) Before issuing a license, the secretary of state shall examine each applicant for an operator's or chauffeur's license who at the time of the application is not the holder of a valid, unrevoked operator's or chauffeur's license under a law of this state providing for the licensing of drivers. In all other cases, the secretary of state may waive the examination, except that an examination shall not be waived if it appears from the application, from the apparent physical or mental condition of the applicant, or from any other information which has come to the secretary of state from another source, that the applicant does not possess the physical, mental, or other qualifications necessary to operate a motor vehicle in a manner as not to jeopardize the safety of persons or property; or that the applicant is not entitled to a license under section 303. A licensee who applies for the renewal of his or her license by mail pursuant to section 307 shall certify to his or her physical capability to operate a motor vehicle.

(2) The secretary of state may appoint sheriffs, their deputies, the chiefs of police of cities and villages having organized police departments within this state, their duly authorized representatives, or employees of the secretary of state as examining officers for the purpose of examining applicants for operator's and chauffeur's licenses. An examining officer shall conduct examinations of applicants for operator's and chauffeur's licenses in accordance with this chapter and the rules promulgated by the secretary of state under subsection (3). After conducting an examination an examining officer shall make a written report of his or her findings and recommendations to the secretary of state.

(3) The secretary of state shall promulgate rules pursuant to the administrative procedures act of 1969, 1969 PA 306, MCL 24.201 to 24.328, for the examination of the applicant's physical and mental qualifications to operate a motor vehicle in a manner as not to jeopardize the safety of persons or property, and shall ascertain whether facts exist that would bar the issuance of a license under section 303. The secretary of state shall also ascertain whether the applicant has sufficient knowledge of the English language to

understand highway warnings or direction signs written in that language. The examination shall not include investigation of facts other than those facts directly pertaining to the ability of the applicant to operate a motor vehicle with safety or facts declared to be prerequisite to the issuance of a license under this act.

(4) The secretary of state shall not issue an original operator's or chauffeur's license without a vehicle group designation or indorsement without an examination that includes a driving skills test conducted by the secretary of state or by a designated examining officer under subsection (2) or section 310e. The secretary of state may enter into an agreement with another public or private person or agency to conduct a driving skills test conducted under this section. In an agreement with another person or agency to conduct a driving skills test, the secretary of state may prescribe the method and examination criteria to be followed by the person or agency when conducting the driving skills test and the form of the certification to be issued to a person who satisfactorily completes a driving skills test. An original vehicle group designation or indorsement shall not be issued by the secretary of state without a knowledge test conducted by the secretary of state. Except as provided in section 312f(1), an original vehicle group designation or passenger indorsement shall not be issued by the secretary of state without a driving skills test conducted by an examiner appointed or authorized by the secretary of state. While in the course of taking a driving skills test conducted by the examiner who shall occupy a seat beside the applicant, an applicant for an original vehicle group designation or passenger indorsement who has been issued a temporary instruction permit to operate a commercial motor vehicle is permitted to operate a vehicle requiring a vehicle group designation or passenger indorsement without a person licensed to operate a commercial motor vehicle occupying a seat beside him or her.

(5) Except as otherwise provided in this act, the secretary of state may waive the requirement of a driving skills test, knowledge test, or road sign test of an applicant for an original operator's or chauffeur's license without a vehicle group designation or indorsement who at the time of the application is the holder of a valid, unrevoked operator's or chauffeur's license issued by another state or country.

(6) A driving skills test conducted under this section shall include a behind-the-wheel road test. A behind-the-wheel road test for an original vehicle group designation or passenger indorsement shall not be conducted unless the applicant has been issued a temporary instruction permit.

(7) A person who corrupts or attempts to corrupt a designated examining officer appointed or designated by the secretary of state under this section or section 310e by giving, offering, or promising any gift or gratuity with the intent to influence the opinion or decision of the examining officer conducting the test is guilty of a felony.

(8) A designated examining officer appointed or designated by the secretary of state who conducts a driving skills test under an agreement entered into under this section or section 310e and who varies from, shortens, or in any other way changes the method or examination criteria prescribed in that agreement in conducting a driving skills test is guilty of a felony.

(9) A person who forges, counterfeits, or alters a satisfactorily completed driving skills test certification issued by a designated examining officer appointed or designated by the secretary of state under this section or section 310e is guilty of a felony.

257.312e Group commercial motor vehicle designation; tests; holder of unexpired operator's or chauffeur's license; qualifications and fees for vehicle group designation and indorsement; F vehicle indorsement; exceptions; former indorsements; expiration;

disposition of money received and collected under subsection (7); refund to county or municipality; compliance with §§ 257.303 and 257.319b.

Sec. 312e. (1) Except as otherwise provided in this section, a person, before operating a commercial motor vehicle, shall obtain the required vehicle group designation as follows:

(a) A person, before operating a combination of vehicles with a gross combination weight rating of 26,001 pounds or more including a towed vehicle with a gross vehicle weight rating of more than 10,000 pounds, shall procure a group A vehicle designation on his or her operator's or chauffeur's license. Unless an indorsement or the removal of restrictions is required, a person licensed to operate a group A vehicle may operate a group B or C vehicle without taking another test.

(b) A person, before operating a single vehicle having a gross vehicle weight rating of 26,001 pounds or more, shall procure a group B vehicle designation on his or her operator's or chauffeur's license. Unless an indorsement or the removal of restrictions is required, a person licensed to operate a group B vehicle may operate a group C vehicle without taking another test.

(c) A person, before operating a single vehicle having a gross vehicle weight rating under 26,001 pounds or a combination of vehicles having a gross combination weight rating under 26,001 pounds if the vehicle being towed does not have a gross vehicle weight rating over 10,000 pounds and carrying hazardous materials on which a placard is required under 49 C.F.R. parts 100 to 199, or designed to transport 16 or more passengers including the driver, shall procure a group C vehicle designation and a hazardous material or passenger vehicle indorsement on his or her operator's or chauffeur's license.

(2) An applicant for a vehicle group designation shall take knowledge and driving skills tests that comply with minimum federal standards prescribed in 49 C.F.R. part 383 as required under this act.

(3) The license shall be issued, suspended, revoked, canceled, or renewed in accordance with this act.

(4) Except as provided in this subsection, all of the following apply:

(a) If a person operates a group B passenger vehicle while taking his or her driving skills test for a P indorsement, he or she is restricted to operating only group B or C passenger vehicles under that P indorsement.

(b) If a person operates a group C passenger vehicle while taking his or her driving skills test for a P indorsement, he or she is restricted to operating only group C passenger vehicles under that P indorsement.

(c) A person who fails the air brake portion of the written or driving skills test provided under section 312f or who takes the driving skills test provided under that section in a commercial motor vehicle that is not equipped with air brakes shall not operate a commercial motor vehicle equipped with air brakes.

(5) A person, before operating a commercial motor vehicle, shall obtain required vehicle indorsements as follows:

(a) A person, before operating a commercial motor vehicle pulling double trailers, shall procure the appropriate vehicle group designation and a T vehicle indorsement under this act.

(b) A person, before operating a commercial motor vehicle that is a tank vehicle, shall procure the appropriate vehicle group designation and an N vehicle indorsement under this act.

(c) A person, before operating a commercial motor vehicle carrying hazardous materials on which a placard is required under 49 C.F.R. parts 100 to 199, shall procure the appropriate vehicle group designation and an H vehicle indorsement under this act.

(d) A person, before operating a commercial motor vehicle that is a tank vehicle carrying hazardous material, shall procure the appropriate vehicle group designation and both an N and H vehicle indorsement, which shall be designated by the code letter X on the person's operator's or chauffeur's license.

(e) A person, before operating a vehicle designed to transport 16 or more passengers including the driver, shall procure the appropriate vehicle group designation and a P vehicle indorsement under this act. An applicant for a P vehicle indorsement shall take the driving skills test in a vehicle designed to transport 16 or more passengers including the driver.

(6) An applicant for an indorsement shall take the knowledge and driving skills tests described and required pursuant to 49 C.F.R. part 383.

(7) The holder of an unexpired operator's or chauffeur's license may be issued a vehicle group designation and indorsement valid for the remainder of the license upon meeting the qualifications of section 312f and payment of the original vehicle group designation fee of $20.00 and an indorsement fee of $5.00 per indorsement, and a corrected license fee of $6.00. A person required to procure an F vehicle indorsement pursuant to subsection (9) shall pay an indorsement fee of $5.00.

(8) Except as otherwise provided in subsections (9) and (10), this section does not apply to a driver or operator of a vehicle under all of the following conditions:

(a) The vehicle is controlled and operated by a farmer or an employee or family member of the farmer.

(b) The vehicle is used to transport agricultural products, farm machinery, farm supplies, or a combination of these items, to or from a farm.

(c) The vehicle is not used in the operation of a common or contract motor carrier.

(d) The vehicle is operated within 150 miles of the farm.

(9) A person, before driving or operating a combination of vehicles having a gross vehicle weight rating of 26,001 pounds or more on the power unit that is used as described in subsection (8)(a) to (d), shall obtain an F vehicle indorsement. The F vehicle indorsement shall be issued upon successful completion of a knowledge test only.

(10) A person, before driving or operating a single vehicle truck having a gross vehicle weight rating of 26,001 pounds or more or a combination of vehicles having a gross vehicle weight rating of 26,001 pounds or more on the power unit that is used as described in subsection (8)(a) to (d) for carrying hazardous materials on which a placard is required under 49 C.F.R. parts 100 to 199, shall successfully complete both a knowledge test and a driving skills test. Upon successful completion of the knowledge test and driving skills test, the person shall be issued the appropriate vehicle group designation and any vehicle indorsement necessary under this act.

(11) This section does not apply to a police officer operating an authorized emergency vehicle or to a firefighter operating an authorized emergency vehicle who has met the driver training standards of the Michigan fire fighters' training council.

(12) This section does not apply to a person operating a motor home or a vehicle used exclusively to transport personal possessions or family members for nonbusiness purposes.

(13) The money received and collected under subsection (7) for a vehicle group designation or indorsement shall be deposited in the state treasury to the credit of the

general fund. The secretary of state shall refund out of the fees collected to each county or municipality acting as an examining officer or examining bureau $3.00 for each applicant examined for a first designation or indorsement to an operator's or chauffeur's license and $1.50 for each renewal designation or indorsement to an operator's or chauffeur's license, whose application is not denied, on the condition that the money refunded shall be paid to the county or local treasurer and is appropriated to the county, municipality, or officer or bureau receiving that money for the purpose of carrying out this act.

(14) Notwithstanding any other provision of this section, a person operating a vehicle described in subsections (8) and (9) is subject to the provisions of sections 303 and 319b.

257.312f Vehicle group designation or indorsement on operator's or chauffeur's license; age; tests; waiver; conditions prohibiting issuance of vehicle group designation; determining applicability of subsection (5); definitions.

Sec. 312f. (1) Except as otherwise provided in this section, a person shall be at least 18 years of age before he or she is issued a vehicle group designation or indorsement, other than a motorcycle indorsement, on an operator's or chauffeur's license and, as provided in this section, the person shall pass knowledge and driving skills tests that comply with minimum federal standards prescribed in 49 C.F.R. part 383. A person operating a vehicle to be used for farming purposes only may obtain an A or B vehicle group designation or an F vehicle indorsement if he or she is at least 16 years of age. Each written examination given an applicant for a vehicle group designation or indorsement shall include subjects designed to cover the type or general class of vehicle to be operated. A person shall pass an examination that includes a driving skills test designed to test competency of the applicant for an original vehicle group designation and passenger indorsement on an operator's or chauffeur's license to drive that type or general class of vehicle upon the highways of this state with safety to persons and property. The secretary of state shall waive the driving skills test for a person operating a vehicle that is used under the conditions described in section 312e(8)(a) to (d) unless the vehicle has a gross vehicle weight rating of 26,001 pounds or more on the power unit and is to be used to carry hazardous materials on which a placard is required under 49 C.F.R. parts 100 to 199. The driving skills test may be waived if the applicant has a valid license with the appropriate vehicle group designation or passenger vehicle indorsement in another state issued in compliance with chapter 313 of title 49 of the United States Code, 49 U.S.C. 31301 to 31317.

(2) Except for a person who has held an operator's or chauffeur's license for less than 1 year, the secretary of state shall waive the knowledge test and the driving skills test and issue a 1-year seasonal restricted vehicle group designation to an otherwise qualified applicant to operate a group B or a group C vehicle for a farm related service industry if all of the following conditions are met:

(a) The applicant meets 1 of the following:

(*i*) An applicant who has between 1 and 2 years of driving experience shall possess a good driving record for his or her entire driving history.

(*ii*) An applicant who has more than 2 years of driving experience shall possess a good driving record for the 2 years immediately preceding application.

(b) The seasons for which the seasonal restricted vehicle group designation is issued shall be from April 2 to June 30 and from September 2 to November 30 only of a 12-month period or, at the option of the applicant, for not more than 180 days from the date of

issuance in a 12-month period. The good driving record shall be confirmed before each season and 180-day period.

(c) The commercial motor vehicle for which the seasonal restricted vehicle group designation is issued shall be operated only if all the following conditions are met:

(*i*) The commercial motor vehicle is operated only on routes within 150 miles from the place of business to the farm or farms being served.

(*ii*) The commercial motor vehicle does not transport a quantity of hazardous materials on which a placard is required except for the following:

(A) Diesel motor fuel in quantities of 1,000 gallons or less.

(B) Liquid fertilizers in quantities of 3,000 gallons or less.

(C) Solid fertilizers that are not transported with any organic substance.

(*iii*) The commercial motor vehicle does not require the H, N, P, T, or X vehicle indorsement.

(3) A seasonal restricted vehicle group designation under this subsection shall be issued, suspended, revoked, canceled, or renewed in accordance with this act.

(4) The secretary of state may enter into an agreement with another public or private person or agency to conduct a skills test required under this section, section 312e, or 49 C.F.R. part 383.

(5) The secretary of state shall not issue a vehicle group designation or a vehicle indorsement to an applicant for an original vehicle group designation or vehicle indorsement under section 312e to whom 1 or more of the following apply:

(a) The applicant has had his or her license suspended or revoked for a reason other than as provided in section 321a, 515, or 801c in the 36 months immediately preceding application, except that a vehicle group designation may be issued if the suspension or revocation was due to a temporary medical condition or failure to appear at a reexamination as provided in section 320.

(b) The applicant was convicted of or incurred a bond forfeiture in relation to a 6-point violation as provided in section 320a in the 24 months immediately preceding application, or a violation of section 625(3) or former section 625b, or a local ordinance substantially corresponding to section 625(3) or former section 625b in the 24 months immediately preceding application, if the violation occurred while the applicant was operating a commercial motor vehicle.

(c) The applicant is listed on the national driver register, the commercial driver license information system, or the driving records of the state in which the applicant was previously licensed as being disqualified from operating a commercial motor vehicle or as having a license or driving privilege suspended, revoked, canceled, or denied.

(d) The applicant is listed on the national driver register, the commercial driver license information system, or the driving records of the state in which the applicant was previously licensed as having had a license suspended, revoked, or canceled in the 36 months immediately preceding application if a suspension or revocation would have been imposed under this act had the applicant been licensed in this state in the original instance. This subdivision does not apply to a suspension or revocation that would have been imposed due to a temporary medical condition or pursuant to section 321a, 515, or 801c.

(e) The applicant is subject to a suspension or revocation under section 319b or would have been subject to a suspension or revocation under section 319b if the applicant had been issued a vehicle group designation or vehicle indorsement.

(f) The applicant has been disqualified from operating a commercial motor vehicle under chapter 313 of title 49 of the United States Code, 49 U.S.C. 31301 to 31317 or the applicant's license to operate a commercial motor vehicle has been suspended, revoked, denied, or canceled within 36 months immediately preceding the date of application.

(6) The secretary of state shall not issue a vehicle group designation to an applicant to renew or upgrade a vehicle group designation if the applicant is listed on the national driver register or the commercial driver license information system as being disqualified from operating a commercial motor vehicle or as having a driver license or driving privilege suspended, revoked, canceled, or denied.

(7) The secretary of state shall only consider bond forfeitures under subsection (5)(b) for violations that occurred on or after January 1, 1990 when determining the applicability of subsection (5).

(8) If an applicant for an original vehicle group designation was previously licensed in another jurisdiction, the secretary of state shall request a copy of the applicant's driving record from that jurisdiction. If 1 or more of the conditions described in subsection (5) exist in that jurisdiction when the secretary of state receives the copy, the secretary of state shall cancel all vehicle group designations on the person's operator's or chauffeur's license.

(9) The secretary of state shall cancel all vehicle group designations on a person's operator's or chauffeur's license upon receiving notice from the national driver register, the commercial driver license system, or another state or jurisdiction that 1 or more of the conditions described in subsection (5) existed at the time of the person's application in this state.

(10) The secretary of state shall cancel all vehicle group designations on the person's operator's or chauffeur's license upon receiving proper notice that the person no longer meets the federal driver qualification requirements under 49 C.F.R. part 391 to operate a commercial motor vehicle in interstate commerce, or the person no longer meets the driver qualification requirements to operate a commercial motor vehicle in intrastate commerce under the motor carrier safety act of 1963, 1963 PA 181, MCL 480.11 to 480.22.

(11) Subsection (5)(a), (b), (d), and (f) do not apply to an applicant for an original vehicle group designation who at the time of application has a valid license to operate a commercial motor vehicle issued by any state in compliance with chapter 313 of title 49 of the United States Code, 49 U.S.C. 31301 to 31317.

(12) As used in this section:

(a) "Farm related service industry" means custom harvesters, farm retail outlets and suppliers, agri-chemical business, or livestock feeders.

(b) "Good driving record" means the criteria required under regulations described at 49 C.F.R. 383.77 and 57 F.R. 75, P. 13650 (April 17, 1992).

257.319 Mandatory suspension of license; record of conviction for certain crimes; waiver; restricted license; prior convictions.

Sec. 319. (1) The secretary of state shall immediately suspend a person's license as provided in this section upon receiving a record of the person's conviction for a crime described in this section, whether the conviction is under a law of this state, a local ordinance substantially corresponding to a law of this state, or a law of another state substantially corresponding to a law of this state.

(2) The secretary of state shall suspend the person's license for 1 year for any of the following crimes:

(a) Fraudulently altering or forging documents pertaining to motor vehicles in violation of section 257.

(b) A violation of section 413 of the Michigan penal code, 1931 PA 328, MCL 750.413.

(c) A violation of section 1 of former 1931 PA 214, MCL 752.191, or section 626c.

(d) A felony in which a motor vehicle was used. As used in this section, "felony in which a motor vehicle was used" means a felony during the commission of which the person convicted operated a motor vehicle and while operating the vehicle presented real or potential harm to persons or property and 1 or more of the following circumstances existed:

(*i*) The vehicle was used as an instrument of the felony.

(*ii*) The vehicle was used to transport a victim of the felony.

(*iii*) The vehicle was used to flee the scene of the felony.

(*iv*) The vehicle was necessary for the commission of the felony.

(e) A violation of section 602a(2) or (3) of this act or section 479a(2) or (3) of the Michigan penal code, 1931 PA 328, MCL 750.479a.

(3) The secretary of state shall suspend the person's license for 90 days for any of the following crimes:

(a) Failing to stop and disclose identity at the scene of an accident resulting in injury in violation of section 617a.

(b) A violation of section 601b(2), section 601c(1), section 626, or section 653a(3).

(c) Malicious destruction resulting from the operation of a vehicle under section 382(1)(b), (c), or (d) of the Michigan penal code, 1931 PA 328, MCL 750.382.

(d) A violation of section 703(2) of the Michigan liquor control code of 1998, 1998 PA 58, MCL 436.1703.

(4) The secretary of state shall suspend the person's license for 30 days for malicious destruction resulting from the operation of a vehicle under section 382(1)(a) of the Michigan penal code, 1931 PA 328, MCL 750.382.

(5) For perjury or making a false certification to the secretary of state under any law requiring the registration of a motor vehicle or regulating the operation of a vehicle on a highway, or for conduct prohibited under section 324(1) or a local ordinance substantially corresponding to section 324(1), the secretary shall suspend the person's license as follows:

(a) If the person has no prior conviction for an offense described in this subsection within 7 years, for 90 days.

(b) If the person has 1 or more prior convictions for an offense described in this subsection within 7 years, for 1 year.

(6) For a violation of section 414 of the Michigan penal code, 1931 PA 328, MCL 750.414, the secretary of state shall suspend the person's license as follows:

(a) If the person has no prior conviction for that offense within 7 years, for 90 days.

(b) If the person has 1 or more prior convictions for that offense within 7 years, for 1 year.

(7) For a violation of section 624a or 624b of this act or section 703(1) of the Michigan liquor control code of 1998, 1998 PA 58, MCL 436.1703, the secretary of state shall suspend the person's license as follows:

(a) If the person has 1 prior conviction for an offense described in this subsection or section 33b(1) of former 1933 (Ex Sess) PA 8, for 90 days. The secretary of state may issue the person a restricted license after the first 30 days of suspension.

(b) If the person has 2 or more prior convictions for an offense described in this subsection or section 33b(1) of former 1933 (Ex Sess) PA 8, for 1 year. The secretary of state may issue the person a restricted license after the first 60 days of suspension.

(8) The secretary of state shall suspend the person's license for a violation of section 625 or 625m as follows:

(a) For 180 days for a violation of section 625(1) if the person has no prior convictions within 7 years. The secretary of state may issue the person a restricted license during all or a specified portion of the suspension, except that the secretary of state shall not issue a restricted license during the first 30 days of suspension.

(b) For 90 days for a violation of section 625(3) if the person has no prior convictions within 7 years. However, if the person is convicted of a violation of section 625(3), for operating a vehicle when, due to the consumption of a controlled substance or a combination of intoxicating liquor and a controlled substance, the person's ability to operate the vehicle was visibly impaired, the secretary of state shall suspend the person's license under this subdivision for 180 days. The secretary of state may issue the person a restricted license during all or a specified portion of the suspension.

(c) For 30 days for a violation of section 625(6) if the person has no prior convictions within 7 years. The secretary of state may issue the person a restricted license during all or a specified portion of the suspension.

(d) For 90 days for a violation of section 625(6) if the person has 1 or more prior convictions for that offense within 7 years.

(e) For 180 days for a violation of section 625(7) if the person has no prior convictions within 7 years. The secretary of state may issue the person a restricted license after the first 90 days of suspension.

(f) For 90 days for a violation of section 625m if the person has no prior convictions within 7 years. The secretary of state may issue the person a restricted license during all or a specified portion of the suspension.

(9) For a violation of section 367c of the Michigan penal code, 1931 PA 328, MCL 750.367c, the secretary of state shall suspend the person's license as follows:

(a) If the person has no prior conviction for an offense described in this subsection within 7 years, for 6 months.

(b) If the person has 1 or more convictions for an offense described in this subsection within 7 years, for 1 year.

(10) For a violation of section 315(4), the secretary of state may suspend the person's license for 6 months.

(11) For a violation or attempted violation of section 411a(2) of the Michigan penal code, 1931 PA 328, MCL 750.411a, involving a school, the secretary of state shall suspend the license of a person 14 years of age or over but less than 21 years of age until 3 years after the date of the conviction or juvenile disposition for the violation. The secretary of state may issue the person a restricted license after the first 365 days of suspension.

(12) Except as provided in subsection (14), a suspension under this section shall be imposed notwithstanding a court order unless the court order complies with section 323.

(13) If the secretary of state receives records of more than 1 conviction of a person resulting from the same incident, a suspension shall be imposed only for the violation to which the longest period of suspension applies under this section.

(14) The secretary of state may waive a restriction, suspension, or revocation of a person's license imposed under this act if the person submits proof that a court in another state revoked, suspended, or restricted his or her license for a period equal to or greater than the period of a restriction, suspension, or revocation prescribed under this act for the violation and that the revocation, suspension, or restriction was served for the violation, or may grant a restricted license.

(15) The secretary of state shall not issue a restricted license to a person whose license is suspended under this section unless a restricted license is authorized under this section and the person is otherwise eligible for a license.

(16) The secretary of state shall not issue a restricted license to a person under subsection (8) that would permit the person to operate a commercial motor vehicle that transports hazardous material in amounts requiring a placard under the hazardous materials regulations, 49 C.F.R. parts 100 to 199.

(17) A restricted license issued under this section shall permit the person to whom it is issued to drive under 1 or more of the following circumstances:

(a) In the course of the person's employment or occupation.

(b) To and from any combination of the following:

(*i*) The person's residence.

(*ii*) The person's work location.

(*iii*) An alcohol or drug education or treatment program as ordered by the court.

(*iv*) The court probation department.

(*v*) A court-ordered community service program.

(*vi*) An educational institution at which the person is enrolled as a student.

(*vii*) A place of regularly occurring medical treatment for a serious condition for the person or a member of the person's household or immediate family.

(18) While driving with a restricted license, the person shall carry proof of his or her destination and the hours of any employment, class, or other reason for traveling and shall display that proof upon a peace officer's request.

(19) Subject to subsection (21), as used in subsection (8), "prior conviction" means a conviction for any of the following, whether under a law of this state, a local ordinance substantially corresponding to a law of this state, or a law of another state substantially corresponding to a law of this state:

(a) Except as provided in subsection (20), a violation or attempted violation of section 625(1), (3), (4), (5), (6), or (7), section 625m, former section 625(1) or (2), or former section 625b.

(b) Negligent homicide, manslaughter, or murder resulting from the operation of a vehicle or an attempt to commit any of those crimes.

(20) Except for purposes of the suspensions described in subsection (8)(c) and (d), only 1 violation or attempted violation of section 625(6), a local ordinance substantially corresponding to section 625(6), or a law of another state substantially corresponding to section 625(6) may be used as a prior conviction.

(21) If 2 or more convictions described in subsection (19) are convictions for violations arising out of the same transaction, only 1 conviction shall be used to determine whether the person has a prior conviction.

257.319b Suspension or revocation of vehicle group designations on operator's or chauffeur's license; revocation for life of hazardous material indorsement; notice of conviction, bond forfeiture, civil infraction determination, violation of law, or refusal to submit to chemical test; period of suspension or revocation; definitions; applicability of conditions.

Sec. 319b. (1) The secretary of state shall immediately suspend or revoke, as applicable, all vehicle group designations on the operator's or chauffeur's license of a person upon receiving notice of a conviction, bond forfeiture, or civil infraction determination of the person, or notice that a court or administrative tribunal has found the person responsible, for a violation described in this subsection of a law of this state, a local ordinance substantially corresponding to a law of this state, or a law of another state substantially corresponding to a law of this state, or notice that the person has refused to submit to a chemical test of his or her blood, breath, or urine for the purpose of determining the amount of alcohol or presence of a controlled substance or both in the person's blood, breath, or urine while the person was operating a commercial motor vehicle as required by a law or local ordinance of this or another state. The period of suspension or revocation is as follows:

(a) Suspension for 60 days if the licensee is convicted of or found responsible for 1 of the following while operating a commercial motor vehicle:

(*i*) Two serious traffic violations arising from separate incidents within 36 months.

(*ii*) A violation of section 667, 668, 669, or 669a.

(*iii*) A violation of motor carrier safety regulations 49 C.F.R. 392.10 or 392.11, as adopted by section 1a of the motor carrier safety act of 1963, 1963 PA 181, MCL 480.11a.

(*iv*) A violation of section 57 of the pupil transportation act, 1990 PA 187, MCL 257.1857.

(*v*) A violation of motor carrier safety regulations 49 C.F.R. 392.10 or 392.11, as adopted by section 31 of the motor bus transportation act, 1982 PA 432, MCL 474.131.

(*vi*) A violation of motor carrier safety regulations 49 C.F.R. 392.10 or 392.11 while operating a commercial motor vehicle other than a vehicle covered under subparagraph (*iii*), (*iv*), or (*v*).

(b) Suspension for 120 days if the licensee is convicted of or found responsible for 1 of the following arising from separate incidents within 36 months while operating a commercial motor vehicle:

(*i*) Three serious traffic violations.

(*ii*) Any combination of 2 violations described in subdivision (a)(*ii*).

(c) Suspension for 1 year if the licensee is convicted of or found responsible for 1 of the following:

(*i*) A violation of section 625(1), (3), (4), (5), (6), or (7), section 625m, or former section 625(1) or (2), or former section 625b, while operating a commercial motor vehicle.

(*ii*) Leaving the scene of an accident involving a commercial motor vehicle operated by the licensee.

(*iii*) A felony in which a commercial motor vehicle was used.

(*iv*) A refusal of a peace officer's request to submit to a chemical test of his or her blood, breath, or urine to determine the amount of alcohol or presence of a controlled

substance or both in his or her blood, breath, or urine while he or she was operating a commercial motor vehicle as required by a law or local ordinance of this state or another state.

(*v*) A 6-point violation as provided in section 320a while operating a commercial motor vehicle.

(*vi*) Any combination of 3 violations described in subdivision (a)(*ii*) arising from separate incidents within 36 months while operating a commercial motor vehicle.

(d) Suspension for 3 years if the licensee is convicted of or found responsible for an offense enumerated in subdivision (c)(*i*) to (*v*) in which a commercial motor vehicle was used if the vehicle was carrying hazardous material required to have a placard pursuant to 49 C.F.R. parts 100 to 199.

(e) Revocation for not less than 10 years and until the person is approved for the issuance of a vehicle group designation if a licensee is convicted of or found responsible for 1 of the following:

(*i*) Any combination of 2 violations arising from 2 or more separate incidents under section 625(1), (3), (4), (5), (6), or (7), section 625m, or former section 625(1) or (2), or former section 625b, while driving a commercial motor vehicle.

(*ii*) Two violations of leaving the scene of an accident involving a commercial motor vehicle operated by the licensee.

(*iii*) Two violations of a felony in which a commercial motor vehicle was used.

(*iv*) Two refusals of a request of a police officer to submit to a chemical test of his or her blood, breath, or urine for the purpose of determining the amount of alcohol or presence of a controlled substance or both in his or her blood while he or she was operating a commercial motor vehicle in this state or another state, which refusals occurred in separate incidents.

(*v*) Two 6-point violations as provided in section 320a while operating a commercial motor vehicle.

(*vi*) Two violations, in any combination, of the offenses enumerated under subparagraph (*i*), (*ii*), (*iii*), (*iv*), or (*v*) arising from 2 or more separate incidents.

(f) Revocation for life if a licensee is convicted of or found responsible for any of the following:

(*i*) One violation of a felony in which a commercial motor vehicle was used and that involved the manufacture, distribution, or dispensing of a controlled substance or possession with intent to manufacture, distribute, or dispense a controlled substance.

(*ii*) A conviction of any offense described in subdivision (c) or (d) after having been approved for the issuance of a vehicle group designation under subdivision (e).

(*iii*) A conviction of a violation of chapter LXXXIII-A of the Michigan penal code, 1931 PA 328, MCL 750.543a to 750.543z.

(2) The secretary of state shall immediately revoke for life the hazardous material indorsement (H vehicle indorsement) on the operator's or chauffeur's license of a person with a vehicle group designation upon receiving notice from the U.S. department of transportation that the person poses a security risk warranting denial under the uniting and strengthening America by providing appropriate tools required to intercept and obstruct terrorism (USA PATRIOT ACT) act of 2001, Public Law 107-56, 115 Stat. 272.

(3) The secretary of state shall immediately suspend all vehicle group designations on the operator's or chauffeur's license of a person upon receiving notice of a conviction, bond forfeiture, or civil infraction determination of the person, or notice that a court or

administrative tribunal has found the person responsible, for a violation of section 319d(4) or 319f, a local ordinance substantially corresponding to section 319d(4) or 319f, or a law or local ordinance of another state, the United States, Canada, Mexico, or a local jurisdiction of either of these countries substantially corresponding to section 319d(4) or 319f, while operating a commercial motor vehicle. The period of suspension or revocation is as follows:

(a) Suspension for 90 days if the licensee is convicted of or found responsible for a violation of section 319d(4) or 319f while operating a commercial motor vehicle.

(b) Suspension for 180 days if the licensee is convicted of or found responsible for a violation of section 319d(4) or 319f while operating a commercial motor vehicle that is either carrying hazardous material required to have a placard pursuant to 49 C.F.R. parts 100 to 199 or designed to carry 16 or more passengers, including the driver.

(c) Suspension for 1 year if the licensee is convicted of or found responsible for 2 violations, in any combination, of section 319d(4) or 319f while operating a commercial motor vehicle arising from 2 or more separate incidents during a 10-year period.

(d) Suspension for 3 years if the licensee is convicted of or found responsible for 3 or more violations, in any combination, of section 319d(4) or 319f while operating a commercial motor vehicle arising from 3 or more separate incidents during a 10-year period.

(e) Suspension for 3 years if the licensee is convicted of or found responsible for 2 or more violations, in any combination, of section 319d(4) or 319f while operating a commercial motor vehicle carrying hazardous material required to have a placard pursuant to 49 C.F.R. parts 100 to 199, or designed to carry 16 or more passengers, including the driver, arising from 2 or more separate incidents during a 10-year period.

(4) As used in this section:

(a) "Felony in which a commercial motor vehicle was used" means a felony during the commission of which the person convicted operated a commercial motor vehicle and while the person was operating the vehicle 1 or more of the following circumstances existed:

(*i*) The vehicle was used as an instrument of the felony.

(*ii*) The vehicle was used to transport a victim of the felony.

(*iii*) The vehicle was used to flee the scene of the felony.

(*iv*) The vehicle was necessary for the commission of the felony.

(b) "Serious traffic violation" means a traffic violation that occurs in connection with an accident in which a person died, careless driving, excessive speeding as defined in regulations promulgated under chapter 313 of title 49 of the United States Code, 49 U.S.C. 31301 to 31317, improper lane use, following too closely, or any other serious traffic violation as defined in 49 C.F.R. 383.5 or as prescribed under this act.

(5) For the purpose of this section only, a bond forfeiture or a determination by a court of original jurisdiction or an authorized administrative tribunal that a person has violated the law is considered a conviction.

(6) The secretary of state shall suspend or revoke a vehicle group designation under subsection (1) notwithstanding a suspension, restriction, revocation, or denial of an operator's or chauffeur's license or vehicle group designation under another section of this act or a court order issued under another section of this act or a local ordinance substantially corresponding to another section of this act.

(7) When determining the applicability of conditions listed in this section, the secretary of state shall only consider violations that occurred after January 1, 1990.

257.319c Providing United States department of transportation with information pertaining to operator's or chauffeur's license with vehicle group designation; notification of motor vehicle administrator or other appropriate officer.

Sec. 319c. (1) The secretary of state shall provide the United States department of transportation with the following information pertaining to an operator's or chauffeur's license with a vehicle group designation:

(a) A notice of the issuance of an operator's or chauffeur's license with a vehicle group designation within 10 days after the issuance of the license.

(b) A notice of a suspension, revocation, or denial of a license within 10 days after the suspension, revocation, or denial. If the licensee is a nonresident, a notice of the state that issued the suspension, revocation, or denial of the license shall also be provided.

(2) Within 10 days after receiving a record of conviction, civil infraction determination, or forfeiture of bail in this state of a nonresident driver of a commercial motor vehicle for a violation under the motor vehicle laws of this state, other than a parking violation, the secretary of state shall notify the motor vehicle administrator or other appropriate officer in the state in which the person is licensed.

257.319g Prohibitions; violations.

Sec. 319g. (1) An employer shall not knowingly allow, permit, authorize, or require a driver to operate a commercial motor vehicle in violation of any of the following:

(a) Section 667, 668, 669, or 669a.

(b) Motor carrier safety regulations 49 C.F.R. 392.10 or 392.11, as adopted by section 1a of the motor carrier safety act of 1963, 1963 PA 181, MCL 480.11a.

(c) Section 57 of the pupil transportation act, 1990 PA 187, MCL 257.1857.

(d) Motor carrier safety regulations 49 C.F.R. 392.10 or 392.11, as adopted by section 31 of the motor bus transportation act, 1982 PA 432, MCL 474.131.

(e) Motor carrier safety regulations 49 C.F.R. 392.10 or 392.11 while operating a commercial motor vehicle other than a vehicle covered under subdivision (b), (c), or (d).

(2) A person who violates this section is responsible for a civil infraction.

257.321 Surrender of license; replacement.

Sec. 321. Upon suspending or revoking a license, the department shall require that the license be surrendered to and be destroyed by the department. At the end of the suspension period, the licensee may obtain a replacement license.

257.321b Suspended or revoked license; destruction.

Sec. 321b. Any policeman, law enforcing agent, or judicial officer who is informed by an official communication from the secretary of state that the secretary of state has suspended or revoked an operator's, moped, or chauffeur's license under the provisions of this act, shall obtain and destroy the suspended or revoked license.

257.323c Restricted license; issuance by circuit court; limitations; exceptions; condition.

Sec. 323c. (1) A person denied a license to operate a motor vehicle or whose license for that purpose has been suspended by the secretary of state under section 625f has a right

to a review of the matter in circuit court as provided in sections 323 and 323a. Except as provided in this section, the court may order the secretary of state to issue to the person a restricted license permitting the person to drive only to and from the person's residence and work location; in the course of the person's employment or occupation; to and from an alcohol or drug education program or treatment program as ordered by a court; to and from the person's residence and the court probation department, or a court-ordered community service program, or both; to and from the person's residence and an educational institution at which the person is enrolled as a student; or pursuant to a combination of these restrictions. If the denial, suspension, or revocation of a person's license or vehicle group designation under section 625f occurred in connection with the operation of a commercial motor vehicle, the court shall not order the secretary of state to issue a restricted license that would permit the person to operate a commercial motor vehicle. The court shall not order the secretary of state to issue a restricted operator's or chauffeur's license that would permit a person to operate a commercial motor vehicle hauling hazardous material. The court shall not order the secretary of state to issue a restricted license unless the person states under oath and the court finds that the person is unable to take public transportation to and from his or her work location, place of alcohol or drug education or treatment, or educational institution, and does not have a family member or other person able to provide transportation. The court order and license shall indicate the person's work location and the approved route or routes and permitted times of travel. For purposes of this section, "work location" includes, as applicable, either or both of the following:

(a) The specific place or places of employment.

(b) The territory or territories regularly visited by the person in pursuance of the person's occupation.

(2) If the person's license has been suspended pursuant to section 625f within the immediately preceding 7-year period, a restricted license shall not be issued.

(3) Notwithstanding any other provision of this section, the court shall not issue a restricted license to a person who has accumulated over 24 points, as provided in section 320a, within the 2-year period preceding the date of the suspension of his or her license.

257.667 Stopping at railroad grade crossing; driving through, around, or under crossing gate or barrier; violation as civil infraction.

Sec. 667. (1) When a person driving a vehicle approaches a railroad grade crossing under any of the following circumstances, the driver shall stop the vehicle not more than 50 feet but not less than 15 feet from the nearest rail of the railroad, and shall not proceed until the driver can do so safely:

(a) A clearly visible electric or mechanical signal device gives warning of the immediate approach of a railroad train.

(b) A crossing gate is lowered or a flagman gives or continues to give a signal of the approach or passage of a railroad train.

(c) A railroad train approaching within approximately 1,500 feet of the highway crossing gives a signal audible from that distance, and the train by reason of its speed or nearness to the crossing is an immediate hazard.

(d) An approaching railroad train is plainly visible and is in hazardous proximity to the crossing.

(2) A person shall not drive a vehicle through, around, or under a crossing gate or barrier at a railroad crossing while the gate or barrier is closed or is being opened or closed or against the direction of a police officer.

(3) A person who violates this section is responsible for a civil infraction.

257.667a Installation and use of unmanned traffic monitoring devices at railroad grade crossing; civil infraction; evidence; diagnostic review required where fatality at railroad grade crossing.

Sec. 667a. (1) The department of state police or the state transportation department; the county board of commissioners, board of county road commissioners, or county sheriff; or other local authority having jurisdiction over a highway or street may authorize the installation and use of unmanned traffic monitoring devices at a railroad grade crossing with flashing signals and gates on a highway or street under their respective jurisdictions. Each device shall be sufficiently marked or identified or a sign shall be placed at the approach to the crossing indicating that the crossing is monitored by an unmanned traffic monitoring device.

(2) Beginning 31 days after the installation of an unmanned traffic monitoring device at a railroad grade crossing described in subsection (1), a person is responsible for a civil infraction as provided in section 667 if the person violates a provision of that section on the basis of evidence obtained from an unmanned traffic monitoring device. However, for the first 30 days after the installation of an unmanned traffic monitoring device, a person shall be issued a written warning only. It shall be an affirmative defense to a charge of violating section 667 that the mechanical warning devices at the crossing were malfunctioning.

(3) A sworn statement of a police officer from the state or local authority having jurisdiction over the highway or street upon which the railroad grade crossing described in subsection (1) is located, based upon inspection of photographs, microphotographs, videotape, or other recorded images produced by an unmanned traffic monitoring device, shall be prima facie evidence of the facts contained therein. Any photographs, microphotographs, videotape, or other recorded images indicating such a violation shall be available for inspection in any proceeding to adjudicate the responsibility for a violation of section 667. Any photographs, videotape, or digital images evidencing such a violation shall be destroyed 90 days after final disposition of the citation.

(4) In a prosecution for a violation of section 667 established by an unmanned traffic monitoring device under this section, prima facie evidence that the vehicle described in the citation issued was operated in violation of section 667, together with proof that the defendant was at the time of the violation the registered owner of the vehicle, shall constitute in evidence a rebuttable presumption that the registered owner of the vehicle was the person who committed the violation. The presumption is rebutted if the registered owner of the vehicle files an affidavit by regular mail with the clerk of the court that he or she was not the operator of the vehicle at the time of the alleged violation or testifies in open court under oath that he or she was not the operator of the vehicle at the time of the alleged violation. The presumption also is rebutted if a certified copy of a police report, showing that the vehicle had been reported to the police as stolen before the time of the alleged violation of this section, is presented before the appearance date established on the citation. For purposes of this subsection, the owner of a leased or rental vehicle shall provide the name and address of the person to whom the vehicle was leased or rented at the time of the violation.

(5) Notwithstanding section 742, a citation for a violation of section 667 on the basis of evidence obtained from an unmanned traffic monitoring device may be executed by mailing by first-class mail a copy to the address of the owner of the vehicle as shown on

the records of the secretary of state. If the summoned person fails to appear on the date of return set out in the citation previously mailed by first-class mail pursuant to this subsection, a copy shall be sent by certified mail-return receipt requested. If the summoned person fails to appear on either of the dates of return set out in the copies of the citation mailed pursuant to this section, the citation shall be executed in the manner provided by law for personal service. The court may issue a warrant for the arrest of a person who fails to appear within the time limit established on the citation if a sworn complaint is filed with the court for that purpose.

(6) If there is a fatality at a railroad grade crossing in a city, village, or township with population of 60,000 or more, or in a county with population of 150,000 or more, the state transportation department shall undertake a diagnostic review, if there has not been a diagnostic review at the crossing in the last 2 years. The diagnostic review shall be scheduled within 120 days. If the diagnostic review confirms that warning devices such as flashing lights and gates are needed, the state transportation department shall order such improvements. The cost for the improvements shall be financed consistent with the financing of similar projects by the state transportation department according to its annual prioritization of grade crossing safety improvements.

257.668 Designating certain grade crossings as "stop" crossings or "yield" crossings; signs; duties of driver; cost of yield sign installations; action for negligence; failure to stop or yield as civil infraction.

Sec. 668. (1) The state transportation department with respect to highways under its jurisdiction, the county road commissions, and local authorities with reference to highways under their jurisdiction, may designate certain grade crossings of railways by highways as "stop" crossings, and erect signs at the crossings notifying drivers of vehicles upon the highway to come to a complete stop before crossing the railway tracks. When a crossing is so designated and signposted, the driver of a vehicle shall stop not more than 50 feet but not less than 15 feet from the railway tracks. The driver shall then traverse the crossing when it may be done in safety.

(2) The state transportation department with respect to highways under its jurisdiction, the county road commissions, and local authorities with reference to highways under their jurisdiction, may designate certain grade crossings of railways by highways as yield crossings, and erect signs at the crossings notifying drivers of vehicles upon the highway to yield. Yield signs may be mounted on the same post as is the crossbuck sign. Drivers of vehicles approaching a yield sign at the grade crossing of a railway shall maintain a reasonable speed based upon existing conditions and shall yield the right-of-way. The cost of yield sign installations shall be borne equally by the railroad and the governmental authority under whose jurisdiction the highway rests. The erection of or failure to erect, replace, or maintain a stop or yield sign or other railroad warning device, unless such devices or signs were ordered by public authority, shall not be a basis for an action of negligence against the state transportation department, county road commissions, the railroads, or local authorities.

(3) A person who fails to stop or yield as required by this section is responsible for a civil infraction.

257.669 Certain vehicles to stop at railroad track grade crossing; driver to listen and look in both directions; shifting gears prohibited; exceptions; violation as civil infraction.

Sec. 669. (1) Except as provided in subsections (2), (3), and (4), the driver of a motor vehicle transporting 16 or more passengers including the driver, a motor vehicle carrying

passengers for hire, or a motor vehicle that is required to be marked or placarded under 49 C.F.R. parts 100 to 180 before crossing a railroad track at grade, shall activate the vehicle hazard warning lights and stop the vehicle within 50 feet but not less than 15 feet from the nearest rail. While stopped, the driver shall listen and look in both directions along the track for an approaching train and for signals indicating the approach of a train, and shall not proceed until the driver can do so safely. After stopping as required in this subsection, and upon proceeding when it is safe to do so, the driver of the vehicle shall cross only in a gear of the vehicle that does not require changing gears while traversing the crossing. The driver shall not shift gears while crossing the track or tracks.

(2) A stop need not be made at a railroad track grade crossing where a police officer or a traffic-control signal directs traffic to proceed.

(3) A stop need not be made at an abandoned railroad track grade crossing. As used in this subsection, "abandoned railroad track" means a railroad track which meets all of the following requirements:

(*i*) The track has been abandoned pursuant to federal law.

(*ii*) The track has been covered or removed.

(*iii*) All signs, signals, and other warning devices are removed.

(4) A stop shall not be made at an industrial or spur line railroad grade crossing marked with a sign reading "exempt". Exempt signs may be erected only by or with the consent of the state transportation department after notice to and an opportunity to be heard by all railroads operating over that industrial or spur line.

(5) A person who violates this section is responsible for a civil infraction.

257.669a Federal motor carrier safety regulations; adoption; transportation of persons and property over railroad-highway grade crossings.

Sec. 669a. (1) This state adopts motor carrier safety regulations 49 C.F.R. 392.10 and 392.11 on file with the office of the secretary of state, to provide for the safe transportation of persons and property over railroad-highway grade crossings with the intent of following the policies and procedures of the United States department of transportation's federal motor carrier safety administration as they relate to title 49 of the code of federal regulations. For purposes of this subsection, "commercial motor vehicle" means that term as defined in section 7a.

(2) The driver of a commercial motor vehicle shall comply with a lawful order or direction of a police officer guiding, directing, controlling, or regulating traffic at a railroad-highway grade crossing.

(3) The driver of a commercial motor vehicle shall not cross a railroad-highway grade crossing unless the vehicle has sufficient undercarriage clearance.

(4) The driver of a commercial motor vehicle shall not cross a railroad-highway grade crossing unless the vehicle can be driven completely through the crossing without stopping.

(5) A person who violates this section is responsible for a civil infraction.

257.670 Operating or moving certain vehicles or equipment upon or across steam railroad tracks at grade level; notice of intended crossing; stopping, listening, and looking; warning; violation as civil infraction.

Sec. 670. (1) A person shall not operate or move a caterpillar tractor, shovel, derrick, roller, boiler, machinery, or other structure or object upon rollers, or other equipment or

structure, which, because of its limited power, or weight, character, or load, has a normal operating speed of 4 miles per hour or less, or which has a vertical load or body clearance of less than 9 inches above the level surface of the roadway, upon or across the tracks of a railroad at grade level without first complying with this section, except this section shall not apply to the movement of electrically propelled cars on fixed rails or to their loads.

(2) Notice of the intended crossing described in subsection (1) shall be given to the nearest agent or officer of the railroad in time to afford protection to its locomotives, trains, or cars at the crossing.

(3) Before making the crossing, the person operating or moving the vehicle or equipment shall first stop not less than 15 feet or more than 50 feet from the nearest rail of the track and while stopped shall listen and look in both directions along the track for an approaching train and for signals indicating the approach of a train, and shall not proceed until the crossing can be made safely.

(4) A crossing shall not be made when warning is given by automatic signal or crossing gates or a flagman or otherwise of the immediate approach of a railroad train or car.

(5) A person who violates this section is responsible for a civil infraction.

257.732 Record of cases; forwarding abstract of record or report to secretary of state; statement; abstracts forwarded; noncompliance as misconduct in office; location and public inspection of abstracts; entering abstracts on master driving record; exceptions; informing courts of violations; entering order of reversal in book or index; modifications; abstract as part of written notice to appear; expunction prohibited.

Sec. 732. (1) Each municipal judge and each clerk of a court of record shall keep a full record of every case in which a person is charged with or cited for a violation of this act or a local ordinance substantially corresponding to this act regulating the operation of vehicles on highways and with those offenses pertaining to the operation of ORVs or snowmobiles for which points are assessed under section 320a(1)(c) or (h). Except as provided in subsection (15), the municipal judge or clerk of the court of record shall prepare and forward to the secretary of state an abstract of the court record as follows:

(a) Within 14 days after a conviction, forfeiture of bail, or entry of a civil infraction determination or default judgment upon a charge of or citation for violating or attempting to violate this act or a local ordinance substantially corresponding to this act regulating the operation of vehicles on highways.

(b) Immediately for each case charging a violation of section 625(1), (3), (4), (5), (6), or (7) or section 625m or a local ordinance substantially corresponding to section 625(1), (3), or (6) or section 625m in which the charge is dismissed or the defendant is acquitted.

(c) Immediately for each case charging a violation of section 82127(1) or (3), 81134, or 81135 of the natural resources and environmental protection act, 1994 PA 451, MCL 324.82127, 324.81134, and 324.81135, or a local ordinance substantially corresponding to those sections.

(2) If a city or village department, bureau, or person is authorized to accept a payment of money as a settlement for a violation of a local ordinance substantially corresponding to this act, the city or village department, bureau, or person shall send a full report of each case in which a person pays any amount of money to the city or village department, bureau, or person to the secretary of state upon a form prescribed by the secretary of state.

(3) The abstract or report required under this section shall be made upon a form furnished by the secretary of state. An abstract shall be certified by signature, stamp, or facsimile signature of the person required to prepare the abstract as correct. An abstract or report shall include all of the following:

(a) The name, address, and date of birth of the person charged or cited.

(b) The number of the person's operator's or chauffeur's license, if any.

(c) The date and nature of the violation.

(d) The type of vehicle driven at the time of the violation and, if the vehicle is a commercial motor vehicle, that vehicle's group designation and indorsement classification.

(e) The date of the conviction, finding, forfeiture, judgment, or civil infraction determination.

(f) Whether bail was forfeited.

(g) Any license restriction, suspension, or denial ordered by the court as provided by law.

(h) The vehicle identification number and registration plate number of all vehicles that are ordered immobilized or forfeited.

(i) Other information considered necessary to the secretary of state.

(4) The clerk of the court also shall forward an abstract of the court record to the secretary of state upon a person's conviction involving any of the following:

(a) A violation of section 413, 414, or 479a of the Michigan penal code, 1931 PA 328, MCL 750.413, 750.414, and 750.479a.

(b) A violation of section 1 of former 1931 PA 214.

(c) Negligent homicide, manslaughter, or murder resulting from the operation of a vehicle.

(d) A violation of section 703 of the Michigan liquor control code of 1998, 1998 PA 58, MCL 436.1703, or a local ordinance substantially corresponding to that section.

(e) A violation of section 411a(2) of the Michigan penal code, 1931 PA 328, MCL 750.411a.

(f) A violation of motor carrier safety regulations, 49 C.F.R. 392.10 or 392.11, as adopted by section 1a of the motor carrier safety act of 1963, 1963 PA 181, MCL 480.11a.

(g) A violation of section 57 of the pupil transportation act, 1990 PA 187, MCL 257.1857.

(h) A violation of motor carrier safety regulations, 49 C.F.R. 392.10 or 392.11, as adopted by section 31 of the motor bus transportation act, 1982 PA 432, MCL 474.131.

(i) An attempt to violate, a conspiracy to violate, or a violation of part 74 of the public health code, 1978 PA 368, MCL 333.7401 to 333.7461, or a local ordinance that prohibits conduct prohibited under part 74 of the public health code, 1978 PA 368, MCL 333.7401 to 333.7461, unless the convicted person is sentenced to life imprisonment or a minimum term of imprisonment that exceeds 1 year for the offense.

(j) An attempt to commit an offense described in subdivisions (a) to (h).

(k) A violation of chapter LXXXIII-A of the Michigan penal code, 1931 PA 328, MCL 750.543a to 750.543z.

(5) As used in subsections (6) to (8), "felony in which a motor vehicle was used" means a felony during the commission of which the person operated a motor vehicle and while operating the vehicle presented real or potential harm to persons or property and 1 or more of the following circumstances existed:

(a) The vehicle was used as an instrument of the felony.

(b) The vehicle was used to transport a victim of the felony.

(c) The vehicle was used to flee the scene of the felony.

(d) The vehicle was necessary for the commission of the felony.

(6) If a person is charged with a felony in which a motor vehicle was used, other than a felony specified in subsection (4) or section 319, the prosecuting attorney shall include the following statement on the complaint and information filed in district or circuit court:

"You are charged with the commission of a felony in which a motor vehicle was used. If you are convicted and the judge finds that the conviction is for a felony in which a motor vehicle was used, as defined in section 319 of the Michigan vehicle code, 1949 PA 300, MCL 257.319, your driver's license shall be suspended by the secretary of state.".

(7) If a juvenile is accused of an act, the nature of which constitutes a felony in which a motor vehicle was used, other than a felony specified in subsection (4) or section 319, the prosecuting attorney or family division of circuit court shall include the following statement on the petition filed in the court:

"You are accused of an act the nature of which constitutes a felony in which a motor vehicle was used. If the accusation is found to be true and the judge or referee finds that the nature of the act constitutes a felony in which a motor vehicle was used, as defined in section 319 of the Michigan vehicle code, 1949 PA 300, MCL 257.319, your driver's license shall be suspended by the secretary of state.".

(8) If the court determines as part of the sentence or disposition that the felony for which the person was convicted or adjudicated and with respect to which notice was given under subsection (6) or (7) is a felony in which a motor vehicle was used, the clerk of the court shall forward an abstract of the court record of that conviction to the secretary of state.

(9) As used in subsections (10) and (11), "felony in which a commercial motor vehicle was used" means a felony during the commission of which the person operated a commercial motor vehicle and while the person was operating the vehicle 1 or more of the following circumstances existed:

(a) The vehicle was used as an instrument of the felony.

(b) The vehicle was used to transport a victim of the felony.

(c) The vehicle was used to flee the scene of the felony.

(d) The vehicle was necessary for the commission of the felony.

(10) If a person is charged with a felony in which a commercial motor vehicle was used and for which a vehicle group designation on a license is subject to suspension or revocation under section 319b(1)(c)(*iii*), 319b(1)(d), 319b(1)(e)(*iii*), or 319b(1)(f)(*i*), the prosecuting attorney shall include the following statement on the complaint and information filed in district or circuit court:

"You are charged with the commission of a felony in which a commercial motor vehicle was used. If you are convicted and the judge finds that the conviction is for a felony in which a commercial motor vehicle was used, as defined in section 319b of the Michigan vehicle code, 1949 PA 300, MCL 257.319b, all vehicle group designations on your driver's license shall be suspended or revoked by the secretary of state.".

(11) If the judge determines as part of the sentence that the felony for which the defendant was convicted and with respect to which notice was given under subsection (10) is a felony in which a commercial motor vehicle was used, the clerk of the court shall forward an abstract of the court record of that conviction to the secretary of state.

(12) Every person required to forward abstracts to the secretary of state under this section shall certify for the period from January 1 through June 30 and for the period from July 1 through December 31 that all abstracts required to be forwarded during the period have been forwarded. The certification shall be filed with the secretary of state not later than 28 days after the end of the period covered by the certification. The certification shall be made upon a form furnished by the secretary of state and shall include all of the following:

(a) The name and title of the person required to forward abstracts.

(b) The court for which the certification is filed.

(c) The time period covered by the certification.

(d) The following statement:

"I certify that all abstracts required by section 732 of the Michigan vehicle code, MCL 257.732; MSA 9.2432, for the period _____ through _____ have been forwarded to the secretary of state.".

(e) Other information the secretary of state considers necessary.

(f) The signature of the person required to forward abstracts.

(13) The failure, refusal, or neglect of a person to comply with this section constitutes misconduct in office and is grounds for removal from office.

(14) Except as provided in subsection (15), the secretary of state shall keep all abstracts received under this section at the secretary of state's main office and the abstracts shall be open for public inspection during the office's usual business hours. Each abstract shall be entered upon the master driving record of the person to whom it pertains.

(15) Except for controlled substance offenses described in subsection (4), the court shall not submit, and the secretary of state shall discard and not enter on the master driving record, an abstract for a conviction or civil infraction determination for any of the following violations:

(a) The parking or standing of a vehicle.

(b) A nonmoving violation that is not the basis for the secretary of state's suspension, revocation, or denial of an operator's or chauffeur's license.

(c) A violation of chapter II that is not the basis for the secretary of state's suspension, revocation, or denial of an operator's or chauffeur's license.

(d) A pedestrian, passenger, or bicycle violation, other than a violation of section 703(1) or (2) of the Michigan liquor control code of 1998, 1998 PA 58, MCL 436.1703, or a local ordinance substantially corresponding to section 703(1) or (2) of the Michigan liquor control code of 1998, 1998 PA 58, MCL 436.1703, or section 624a or 624b or a local ordinance substantially corresponding to section 624a or 624b.

(e) A violation of section 710e or a local ordinance substantially corresponding to section 710e.

(16) The secretary of state shall discard and not enter on the master driving record an abstract for a bond forfeiture that occurred outside this state. However, the secretary of state shall retain and enter on the master driving record an abstract of an out-of-state bond forfeiture for an offense that occurred in connection with the operation of a commercial motor vehicle.

(17) The secretary of state shall inform the courts of this state of the nonmoving violations and violations of chapter II that are used by the secretary of state as the basis for the suspension, restriction, revocation, or denial of an operator's or chauffeur's license.

(18) If a conviction or civil infraction determination is reversed upon appeal, the person whose conviction or determination has been reversed may serve on the secretary of state a certified copy of the order of reversal. The secretary of state shall enter the order in the proper book or index in connection with the record of the conviction or civil infraction determination.

(19) The secretary of state may permit a city or village department, bureau, person, or court to modify the requirement as to the time and manner of reporting a conviction, civil infraction determination, or settlement to the secretary of state if the modification will increase the economy and efficiency of collecting and utilizing the records. If the permitted abstract of court record reporting a conviction, civil infraction determination, or settlement originates as a part of the written notice to appear, authorized in section 728(1) or 742(1), the form of the written notice and report shall be as prescribed by the secretary of state.

(20) Except as provided in this act and notwithstanding any other provision of law, a court shall not order expunction of any violation reportable to the secretary of state under this section.

257.904 Operating vehicle if license, registration certificate, or designation suspended, revoked, or denied; penalty; extending period of suspension or revocation; informing court of record and status; applicability.

Sec. 904. (1) A person whose operator's or chauffeur's license or registration certificate has been suspended or revoked and who has been notified as provided in section 212 of that suspension or revocation, whose application for license has been denied, or who has never applied for a license, shall not operate a motor vehicle upon a highway or other place open to the general public or generally accessible to motor vehicles, including an area designated for the parking of motor vehicles, within this state.

(2) A person shall not knowingly permit a motor vehicle owned by the person to be operated upon a highway or other place open to the general public or generally accessible to motor vehicles, including an area designated for the parking of vehicles, within this state by a person whose license or registration certificate is suspended or revoked, whose application for license has been denied, or who has never applied for a license, except as permitted under this act.

(3) Except as otherwise provided in this section, a person who violates subsection (1) or (2) is guilty of a misdemeanor punishable as follows:

(a) For a first violation, by imprisonment for not more than 93 days or a fine of not more than $500.00, or both. Unless the vehicle was stolen or used with the permission of a person who did not knowingly permit an unlicensed driver to operate the vehicle, the registration plates of the vehicle shall be canceled by the secretary of state upon notification by a peace officer.

(b) For a violation that occurs after a prior conviction, by imprisonment for not more than 1 year or a fine of not more than $1,000.00, or both. Unless the vehicle was stolen, the registration plates of the vehicle shall be canceled by the secretary of state upon notification by a peace officer.

(4) A person who operates a motor vehicle in violation of subsection (1) and who, by operation of that motor vehicle, causes the death of another person is guilty of a felony punishable by imprisonment for not more than 15 years or a fine of not less than $2,500.00 or more than $10,000.00, or both. This subsection does not apply to a person whose

operator's or chauffeur's license was suspended because that person failed to answer a citation or comply with an order or judgment pursuant to section 321a.

(5) A person who operates a motor vehicle in violation of subsection (1) and who, by operation of that motor vehicle, causes the serious impairment of a body function of another person is guilty of a felony punishable by imprisonment for not more than 5 years or a fine of not less than $1,000.00 or more than $5,000.00, or both. This subsection does not apply to a person whose operator's or chauffeur's license was suspended because that person failed to answer a citation or comply with an order or judgment pursuant to section 321a. As used in this subsection and subsection (7), "serious impairment of a body function" includes, but is not limited to, 1 or more of the following:

(a) Loss of a limb or loss of use of a limb.

(b) Loss of a foot, hand, finger, or thumb or loss of use of a foot, hand, finger, or thumb.

(c) Loss of an eye or ear or loss of use of an eye or ear.

(d) Loss or substantial impairment of a bodily function.

(e) Serious visible disfigurement.

(f) A comatose state that lasts for more than 3 days.

(g) Measurable brain or mental impairment.

(h) A skull fracture or other serious bone fracture.

(i) Subdural hemorrhage or subdural hematoma.

(6) In addition to being subject to any other penalty provided for in this act, if a person is convicted under subsection (4) or (5), the court may impose the sanction permitted under section 625n. If the vehicle is not ordered forfeited under section 625n, the court shall order vehicle immobilization under section 904d in the judgment of sentence.

(7) A person shall not knowingly permit a motor vehicle owned by the person to be operated upon a highway or other place open to the general public or generally accessible to motor vehicles, including an area designated for the parking of vehicles, within this state, by a person whose license or registration certificate is suspended or revoked, whose application for license has been denied, or who has never been licensed except as permitted by this act. If a person permitted to operate a motor vehicle in violation of this subsection causes the serious impairment of a body function of another person by operation of that motor vehicle, the person knowingly permitting the operation of that motor vehicle is guilty of a felony punishable by imprisonment for not more than 2 years, or a fine of not less than $1,000.00 or more than $5,000.00, or both. If a person permitted to operate a motor vehicle in violation of this subsection causes the death of another person by operation of that motor vehicle, the person knowingly permitting the operation of that motor vehicle is guilty of a felony punishable by imprisonment for not more than 5 years, or a fine of not less than $1,000.00 or more than $5,000.00, or both.

(8) If the prosecuting attorney intends to seek an enhanced sentence under this section based upon the defendant having 1 or more prior convictions, the prosecuting attorney shall include on the complaint and information, or an amended complaint and information, filed in district court, circuit court, municipal court, or family division of circuit court, a statement listing the defendant's prior convictions.

(9) A prior conviction under this section shall be established at or before sentencing by 1 or more of the following:

(a) An abstract of conviction.

(b) A copy of the defendant's driving record.

(c) An admission by the defendant.

(10) Upon receiving a record of a person's conviction or civil infraction determination for the unlawful operation of a motor vehicle or a moving violation reportable under section 732 while the person's operator's or chauffeur's license is suspended or revoked, the secretary of state immediately shall impose an additional like period of suspension or revocation. This subsection applies only if the violation occurs during a suspension of definite length or if the violation occurs before the person is approved for a license following a revocation.

(11) Upon receiving a record of a person's conviction or civil infraction determination for the unlawful operation of a motor vehicle or a moving violation reportable under section 732 while the person's operator's or chauffeur's license is indefinitely suspended or whose application for a license has been denied, the secretary of state immediately shall impose a 30-day period of suspension or denial.

(12) Upon receiving a record of the conviction, bond forfeiture, or a civil infraction determination of a person for unlawful operation of a motor vehicle requiring a vehicle group designation while the designation is suspended or revoked pursuant to section 319b, or while the person is disqualified from operating a commercial motor vehicle under chapter 313 of title 49 of the United States Code, 49 U.S.C. 31301 to 31317, the secretary of state immediately shall impose an additional like period of suspension or revocation. This subsection applies only if the violation occurs during a suspension of definite length or if the violation occurs before the person is approved for a license following a revocation.

(13) If the secretary of state receives records of more than 1 conviction or civil infraction determination resulting from the same incident, all of the convictions or civil infraction determinations shall be treated as a single violation for purposes of imposing an additional period of suspension or revocation under subsection (10), (11), or (12).

(14) Before a person is arraigned before a district court magistrate or judge on a charge of violating this section, the arresting officer shall obtain the person's driving record from the secretary of state and shall furnish the record to the court. The driving record of the person may be obtained from the secretary of state's computer information network.

(15) This section does not apply to a person who operates a vehicle solely for the purpose of protecting human life or property if the life or property is endangered and summoning prompt aid is essential.

(16) A person whose vehicle group designation is suspended or revoked and who has been notified as provided in section 212 of that suspension or revocation, or whose application for a vehicle group designation has been denied as provided in this act, or who has never applied for a vehicle group designation and who operates a commercial motor vehicle within this state, except as permitted under this act, while any of those conditions exist is guilty of a misdemeanor punishable, except as otherwise provided in this section, by imprisonment for not less than 3 days or more than 93 days or a fine of not more than $100.00, or both.

(17) If a person has a second or subsequent suspension or revocation under this section within 7 years as indicated on the person's Michigan driving record, the court shall proceed as provided in section 904d.

(18) Any period of suspension or revocation required under subsection (10), (11), or (12) does not apply to a person who has only 1 currently effective suspension or denial on his or her Michigan driving record under section 321a and was convicted of or received a

civil infraction determination for a violation that occurred during that suspension or denial. This subsection may only be applied once during the person's lifetime.

(19) For purposes of this section, a person who never applied for a license includes a person who applied for a license, was denied, and never applied again.

257.907 Civil infraction not crime; payment of civil fine and costs; program of treatment, education, or rehabilitation; sanctions; schedule of civil fines and costs; recommended range of civil fines and costs; certification of repair of defective equipment; collection of civil fines or costs; noncompliance with order or judgment; additional assessment; waiver of fines and costs.

Sec. 907. (1) A violation of this act, or a local ordinance substantially corresponding to a provision of this act, which is designated a civil infraction shall not be considered a lesser included offense of a criminal offense.

(2) If a person is determined pursuant to sections 741 to 750 to be responsible or responsible "with explanation" for a civil infraction under this act or a local ordinance substantially corresponding to a provision of this act, the judge, district court referee, or district court magistrate may order the person to pay a civil fine of not more than $100.00 and costs as provided in subsection (4). However, for a violation of section 674(1)(s) or a local ordinance substantially corresponding to section 674(1)(s), the person shall be ordered to pay costs as provided in subsection (4) and a civil fine of not less than $50.00 or more than $100.00. For a violation of section 328 or 710d, the civil fine ordered under this subsection shall not exceed $10.00. For a violation of section 710e, the civil fine and court costs ordered under this subsection shall be $25.00. For a violation of section 682 or a local ordinance substantially corresponding to section 682, the person shall be ordered to pay costs as provided in subsection (4) and a civil fine of not less than $100.00 or more than $500.00. Permission may be granted for payment of a civil fine and costs to be made within a specified period of time or in specified installments, but unless permission is included in the order or judgment, the civil fine and costs shall be payable immediately.

(3) Except as provided in this subsection, if a person is determined to be responsible or responsible "with explanation" for a civil infraction under this act or a local ordinance substantially corresponding to a provision of this act while driving a commercial motor vehicle, he or she shall be ordered to pay costs as provided in subsection (4) and a civil fine of not more than $250.00. If a person is determined to be responsible or responsible "with explanation" for a civil infraction under section 319g or a local ordinance substantially corresponding to section 319g, that person shall be ordered to pay costs as provided in subsection (4) and a civil fine of not more than $10,000.00.

(4) If a civil fine is ordered under subsection (2) or (3), the judge, district court referee, or district court magistrate shall summarily tax and determine the costs of the action, which are not limited to the costs taxable in ordinary civil actions, and may include all expenses, direct and indirect, to which the plaintiff has been put in connection with the civil infraction, up to the entry of judgment. Except in a civil infraction for a parking violation, costs of not less than $5.00 shall be ordered. Costs shall not be ordered in excess of $100.00. A civil fine ordered under subsection (2) or (3) shall not be waived unless costs ordered under this subsection are waived. Except as otherwise provided by law, costs are payable to the general fund of the plaintiff.

(5) In addition to a civil fine and costs ordered under subsection (2) or (3) and subsection (4), the judge, district court referee, or district court magistrate may order the person to attend and complete a program of treatment, education, or rehabilitation.

(6) A district court referee or district court magistrate shall impose the sanctions permitted under subsections (2), (3), and (5) only to the extent expressly authorized by the chief judge or only judge of the district court district.

(7) Each district of the district court and each municipal court may establish a schedule of civil fines and costs to be imposed for civil infractions which occur within the respective district or city. If a schedule is established, it shall be prominently posted and readily available for public inspection. A schedule need not include all violations which are designated by law or ordinance as civil infractions. A schedule may exclude cases on the basis of a defendant's prior record of civil infractions or traffic offenses, or a combination of civil infractions and traffic offenses.

(8) The state court administrator shall annually publish and distribute to each district and court a recommended range of civil fines and costs for first-time civil infractions. This recommendation is not binding upon the courts having jurisdiction over civil infractions but is intended to act as a normative guide for judges, district court referees, and district court magistrates and a basis for public evaluation of disparities in the imposition of civil fines and costs throughout the state.

(9) If a person has received a civil infraction citation for defective safety equipment on a vehicle under section 683, the court shall waive a civil fine and costs, upon receipt of certification by a law enforcement agency that repair of the defective equipment was made before the appearance date on the citation.

(10) A default in the payment of a civil fine or costs ordered under subsection (2), (3), or (4) or an installment of the fine or costs may be collected by a means authorized for the enforcement of a judgment under chapter 40 of the revised judicature act of 1961, 1961 PA 236, MCL 600.4001 to 600.4065, or under chapter 60 of the revised judicature act of 1961, 1961 PA 236, MCL 600.6001 to 600.6098.

(11) If a person fails to comply with an order or judgment issued pursuant to this section, within the time prescribed by the court, the driver's license of that person shall be suspended pursuant to section 321a until full compliance with that order or judgment occurs. In addition to this suspension, the court may also proceed under section 908.

(12) The court shall waive any civil fine or cost against a person who received a civil infraction citation for a violation of section 710d if the person, before the appearance date on the citation, supplies the court with evidence of acquisition, purchase, or rental of a child seating system meeting the requirements of section 710d.

(13) In addition to any fines and costs ordered to be paid under this section, the judge, district court referee, or district court magistrate shall levy an assessment of $5.00 for each civil infraction determination, except for a parking violation or a violation for which the total fine and costs imposed are $10.00 or less. Upon payment of the assessment, the clerk of the court shall transmit the assessment levied to the state treasury to be deposited into the Michigan justice training fund. An assessment levied under this subsection is not a civil fine for purposes of section 909.

(14) If a person has received a citation for a violation of section 223, the court shall waive any fine and costs, upon receipt of certification by a law enforcement agency that the person, before the appearance date on the citation, produced a valid registration certificate that was valid on the date the violation of section 223 occurred.

Repeal of §§ 257.57c and 257.319a.

Enacting section 1. Sections 57c and 319a of the Michigan vehicle code, 1949 PA 300, MCL 257.57c and 257.319a, are repealed.

Effective date.

Enacting section 2. This amendatory act takes effect October 1, 2002.

This act is ordered to take immediate effect.
Approved July 25, 2002.
Filed with Secretary of State July 26, 2002.

[No. 535]

(SB 1094)

AN ACT to amend 1949 PA 300, entitled "An act to provide for the registration, titling, sale, transfer, and regulation of certain vehicles operated upon the public highways of this state or any other place open to the general public or generally accessible to motor vehicles and distressed vehicles; to provide for the licensing of dealers; to provide for the examination, licensing, and control of operators and chauffeurs; to provide for the giving of proof of financial responsibility and security by owners and operators of vehicles; to provide for the imposition, levy, and collection of specific taxes on vehicles, and the levy and collection of sales and use taxes, license fees, and permit fees; to provide for the regulation and use of streets and highways; to create certain funds; to provide penalties and sanctions for a violation of this act; to provide for civil liability of owners and operators of vehicles and service of process on residents and nonresidents; to provide for the levy of certain assessments; to provide for the enforcement of this act; to provide for the creation of and to prescribe the powers and duties of certain state and local agencies; to impose liability upon the state or local agencies; to repeal all other acts or parts of acts inconsistent with this act or contrary to this act; and to repeal certain parts of this act on a specific date," by amending section 720 (MCL 257.720), as amended by 1996 PA 136.

The People of the State of Michigan enact:

257.720 Construction or loading of vehicles to prevent contents from escaping; exception; closing tailgates, faucets, and taps; exemption; proof of violation; loading of vehicles not completely enclosed; prima facie liability; conditions for carrying logs or tubular products; exceptions; front end loading device; violation; penalty; definitions.

Sec. 720. (1) A person shall not drive or move a vehicle on a highway unless the vehicle is so constructed or loaded as to prevent its contents from dropping, sifting, leaking, blowing off, or otherwise escaping from the vehicle. This requirement does not apply to a vehicle transporting agricultural or horticultural products when hay, straw, silage, or residue from a product, but not including the product itself, or when materials such as water used to preserve and handle agricultural or horticultural products while in transportation, escape from the vehicle in an amount that does not interfere with other traffic on the highway. The tailgate, faucets, and taps on a vehicle shall be securely closed to prevent spillage during transportation whether the vehicle is loaded or empty, and the vehicle shall not have any holes or cracks through which material can escape. Any highway maintenance vehicle engaged in either ice or snow removal shall be exempt from this section.

(2) Actual spillage of material on the highway or proof of that spillage is not necessary to prove a violation of this section.

(3) A vehicle carrying a load, other than logs or tubular products, which is not completely enclosed shall meet either of the following requirements:

(a) Have the load covered with firmly secured canvas or a similar type of covering. A device used to comply with the requirement of this subdivision shall not exceed a width of 108 inches nor by design or use have the capability to carry cargo by itself.

(b) Have the load securely fastened to the body or the frame of the vehicle with binders of adequate number and of adequate breaking strength to prevent the dropping off or shifting of the load.

(4) A company or individual who loads or unloads a vehicle or causes it to be loaded or unloaded, with knowledge that it is to be driven on a public highway, in a manner so as to cause a violation of subsection (1) shall be prima facie liable for a violation of this section.

(5) A person shall not operate a motor vehicle carrying logs or tubular products on a highway unless the following conditions are met:

(a) If the logs or tubular products are loaded crosswise or at right angles to the side of the vehicle, the load of logs or tubular products shall be securely fastened to the body or frame of the vehicle with not less than 2 binders which are secured to the frame at each end of the load and pass over the load so that the frame and binders completely encircle the load.

(b) If the vehicle is a truck or trailer carrying logs which has a loading surface more than 33 feet in length and the logs are loaded crosswise or at right angles to the side of the vehicle, the vehicle shall be equipped with a center partition located approximately 1/2 the distance from the front to the rear of the loading surface of the truck or trailer. The center partition shall be either a center mounted hydraulic loader or a center set of stakes and shall be pinned, bolted, or otherwise securely fastened to the frame. The load shall be secured as required by subdivision (a) and, in addition, the 2 lengthwise tie downs shall be attached or threaded through the center partition at a level not less than 1 foot below the load height.

(c) If the logs or tubular products are loaded lengthwise of the vehicle, obliquely or parallel to the sides, with metal stakes and pockets, the load of logs or tubular products shall be secured as follows:

(*i*) With 2 tie downs from frame to frame for every tier.

(*ii*) So that not more than 1/2 the diameter of the top log or tubular product extends higher than the stake tops.

(*iii*) With 2 cross chains per tier if the load extends more than 5 feet above the loading surface.

(*iv*) So that every 10 linear feet has not less than 1 tie down from frame to frame.

(d) If the logs or tubular products are loaded lengthwise of the vehicle, obliquely or parallel to the sides, with permanent metal gusseted bunks, the load of logs or tubular products shall be secured as follows:

(*i*) With 2 tie downs from frame to frame for every tier.

(*ii*) So that not more than 1/2 the diameter of the top log extends higher than the stake tops.

(*iii*) So that every 10 linear feet has not less than 1 tie down from frame to frame.

(e) The tie downs, cross chains, stakes, and other materials used to secure loads of logs or tubular products as required under subdivisions (a) to (d) shall meet the following minimum requirements:

(*i*) Chain shall be of steel and shall be of a strength not less than 5/16 inch in diameter "transport", which is embossed with a grade stamp representative of grade 70, or not less than 3/8 inch in diameter "high test", which is embossed with a grade stamp representative of grade 40. Chain shall not be repaired by welding, wire, or cold shuts.

(*ii*) Wire rope shall be of improved plow steel and not less than 3/8 inch in diameter.

(*iii*) Webbing strap shall be not less than 3 inches in width and shall have a minimum breaking strength of 14,000 pounds.

(*iv*) Metal stakes shall be of sufficient strength to hold and contain the load.

(*v*) Connecting links and hooks shall be at least as strong as the tie down material used.

(6) Subsection (3) shall not apply to a person operating a vehicle to transport agricultural commodities or to a person operating a farm truck or implement of husbandry transporting sand, gravel, and dirt necessary in the normal operation of a farm. However, a person operating a vehicle to transport agricultural commodities or sand, gravel, and dirt in the normal operation of the farm who violates subsection (1) or (4) is guilty of a misdemeanor and is subject to the penalties prescribed in subsection (10).

(7) Subsection (3)(a) shall not apply to a motor vehicle transporting items of a load which because of their weight will not fall off the moving vehicle and which have their centers of gravity located at least 6 inches below the top of the enclosure nor to a motor vehicle carrying metal which because of its weight and density is so loaded as to prevent it from dropping or falling off the moving vehicle.

(8) Subsection (3)(a) shall not apply to motor vehicles and other equipment engaged in work upon the surface of a highway or street in a designated work area.

(9) A person shall not drive or move on a highway a vehicle equipped with a front end loading device with a tine protruding parallel to the highway beyond the front bumper of the vehicle unless the tine is carrying a load designed to be carried by the front end loading device. This subsection does not apply to a vehicle designed to be used or being used to transport agricultural commodities, to a vehicle en route to a repair facility, or to a vehicle engaged in construction activity. As used in this subsection, "agricultural commodities" means that term as defined in section 722.

(10) A person who violates this section is guilty of a misdemeanor punishable by a fine of not more than $500.00 or imprisonment for not more than 90 days, or both.

(11) As used in this section:

(a) "Cross chain" means a chain which extends through the load of logs or tubular products and is connected at each end to a side stake.

(b) "Logs" means sawlogs, pulpwood, or tree length poles.

(c) "Tie down" means a high strength material which is used to secure the load of logs or tubular products to the frame or the bed of the vehicle.

(d) "Tier" means a vertical pile or stack of logs or tubular products.

AN ACT to amend 1931 PA 328, entitled "An act to revise, consolidate, codify and add to the statutes relating to crimes; to define crimes and prescribe the penalties therefor; to provide for restitution under certain circumstances; to provide for the competency of evidence at the trial of persons accused of crime; to provide immunity from prosecution for certain witnesses appearing at such trials; and to repeal certain acts and parts of acts inconsistent with or contravening any of the provisions of this act," by amending section 231 (MCL 750.231), as amended by 1998 PA 510.

The People of the State of Michigan enact:

750.231 Sections 750.224, 750.224a, 750.224b, 750.226a, 750.227, 750.227c, and 750.227d inapplicable to certain persons and organizations.

Sec. 231. (1) Except as provided in subsection (2), sections 224, 224a, 224b, 226a, 227, 227c, and 227d do not apply to any of the following:

(a) A peace officer of an authorized police agency of the United States, of this state, or of a political subdivision of this state, who is regularly employed and paid by the United States, this state, or a political subdivision of this state.

(b) A person who is regularly employed by the state department of corrections and who is authorized in writing by the director of the department of corrections to carry a concealed weapon while in the official performance of his or her duties or while going to or returning from those duties.

(c) A person employed by a private vendor that operates a youth correctional facility authorized under section 20g of 1953 PA 232, MCL 791.220g, who meets the same criteria established by the director of the state department of corrections for departmental employees described in subdivision (b) and who is authorized in writing by the director of the department of corrections to carry a concealed weapon while in the official performance of his or her duties or while going to or returning from those duties.

(d) A member of the United States army, air force, navy, or marine corps or the United States coast guard while carrying weapons in the line of or incidental to duty.

(e) An organization authorized by law to purchase or receive weapons from the United States or from this state.

(f) A member of the national guard, armed forces reserve, the United States coast guard reserve, or any other authorized military organization while on duty or drill, or in going to or returning from a place of assembly or practice, while carrying weapons used for a purpose of the national guard, armed forces reserve, United States coast guard reserve, or other duly authorized military organization.

(2) As applied to section 224a(1) only, subsection (1) is not applicable to an individual included under subsection (1)(a), (b), or (c) unless he or she has been trained on the use, effects, and risks of using a portable device or weapon described in section 224a(1).

This act is ordered to take immediate effect.

[No. 537]

(SB 926)

AN ACT to amend 1999 PA 94, entitled "An act to create the Michigan merit award scholarship trust fund; to create the Michigan merit award scholarship board and prescribe the powers and duties of the board; and to provide for the Michigan merit award scholarship program," by amending sections 6, 7, and 8 (MCL 390.1456, 390.1457, and 390.1458).

The People of the State of Michigan enact:

390.1456 Conduct of business; compliance with open meetings act; availability of writings; availability of questions and answers; report on activities; changes of results, scores, or ranges.

Sec. 6. (1) The board shall conduct business in compliance with the open meetings act, 1976 PA 267, MCL 15.261 to 15.275. The board shall give public notice of the time, date, and place of meetings of the board in the manner required by the open meetings act, 1976 PA 267, MCL 15.261 to 15.275.

(2) The board shall meet not less than annually and shall keep a record of its proceedings. The board shall make any writing prepared, owned, used, in the possession of, or retained by the board in the performance of an official function available to the public in compliance with the freedom of information act, 1976 PA 442, MCL 15.231 to 15.246.

(3) Except as provided in subsection (4), the board shall obtain and make available to the public all of the qualifying questions and answers, along with the corresponding answer key, to assessment tests administered during the spring of the preceding school year not later than September 1.

(4) If any question will be used in a future assessment test for validity purposes, the board may elect not to make that question and the answer available to the public under subsection (3) for a period of up to 2 years from the date the assessment test that first includes the question is administered.

(5) By December 1 of each year, the board shall submit a report on its activities to the governor and to the legislature. The report shall contain all of the following information:

(a) A list of approved postsecondary educational institutions for the current and immediately preceding fiscal years.

(b) The number of Michigan merit award scholarships awarded and the total amount of Michigan merit award scholarship money paid in the immediately preceding fiscal year.

(c) A projection of revenues and expenditures from the trust fund for the current fiscal year and the next 10 fiscal years.

(d) The dollar amount of the Michigan merit award scholarships available under section 7(2) and (3) in the current fiscal year, the amount of any adjustments to the dollar amount under section 7(5) from the beginning of the immediately preceding fiscal year, and any adjustments to the dollar amount projected for the remainder of the current fiscal year or for the next fiscal year.

(e) All of the following results, scores, or ranges of scores:

(*i*) Used as qualifying results in the immediately preceding fiscal year.

(*ii*) Determined by the board as qualifying results in the current fiscal year.

(*iii*) Projected by the board as qualifying results for the next fiscal year.

(f) For the immediately preceding fiscal year, the number of students who took the assessment tests, the number of students by subject area who received qualifying results, the number of graduating high school seniors who met the requirements for a Michigan merit award scholarship, and the total number of students who met the requirements for a Michigan merit award scholarship.

(g) The number of persons participating in and the amount awarded in the immediately preceding fiscal year under the tuition incentive program described in section 310 of 2002 PA 144 or a successor to that program.

(6) At least 60 days before changing the results, scores, or ranges of scores used as qualifying results, the board shall provide written notice of its intent to change the results, scores, or ranges of scores used as qualifying results, and a report explaining the board's decision to change the results, scores, or ranges of scores used as qualifying results, to the standing committees of the senate and the house of representatives that have primary jurisdiction over legislation pertaining to education. The standing committees shall review the board's report and may hold hearings on the board's decision.

390.1457 Michigan merit award scholarship program; establishment; administration; eligibility of students for award; requirements; adjustment of available amount; review and approval of assessment test; intent of legislature; additional award; failure to initially achieve qualifying results; nonpublic or home school student.

Sec. 7. (1) The Michigan merit award scholarship program is established. The board shall administer the Michigan merit award scholarship program.

(2) Subject to subsection (6), each student enrolled in grade 11 in or after the 1998-1999 school year who meets the requirements of subsection (4), and subject to adjustment under subsection (5), is eligible for the award of a $2,500.00 Michigan merit award scholarship if the student is enrolled in an approved postsecondary educational institution in this state or the award of a $1,000.00 Michigan merit award scholarship if the student is enrolled in an approved postsecondary educational institution outside this state if the board finds that the student while in high school has taken the assessment test in the subject areas of reading, writing, mathematics, and science and meets 1 of the following:

(a) Has received qualifying results in each of the subject areas of reading, writing, mathematics, and science.

(b) Did not receive qualifying results in 1 or 2 of the subject areas of reading, writing, mathematics, and science, but received an overall score in the top 25% of a nationally recognized college admission examination.

(c) Did not receive qualifying results in 1 or 2 of the subject areas of reading, writing, mathematics, and science, but received a qualifying score or scores as determined by the board on a nationally recognized job skills assessment test designated by the board.

(3) Subject to subsection (6) and to adjustment under subsection (5), a student who was enrolled in grade 7 in or after the 1999-2000 school year and who the board finds has taken the assessment test in each of the subject areas while in grades 7 and 8 is eligible for 1 of the following additional Michigan merit award scholarships:

(a) If the board finds that the student while in grades 7 and 8 received qualifying results in 2 of the subject areas of reading, writing, mathematics, and science, an additional Michigan merit award scholarship of $250.00.

(b) If the board finds that the student while in grades 7 and 8 received qualifying results in 3 of the subject areas of reading, writing, mathematics, and science, an additional Michigan merit award scholarship of $375.00.

(c) If the board finds that the student while in grades 7 and 8 received qualifying results in all of the subject areas of reading, writing, mathematics, and science, an additional Michigan merit award scholarship of $500.00.

(4) In addition to the requirements set forth in subsections (2) and (3), to be eligible for the award of 1 or both Michigan merit award scholarships under this section, the board must find that a student satisfies all of the following:

(a) The student has graduated from high school or passed the general educational development (GED) test or other graduate equivalency examination approved by the state board.

(b) The student graduated from high school or passed the general educational development (GED) test or other graduate equivalency examination approved by the state board within 1 of the following time periods:

(*i*) If the student graduated from high school or passed the test or examination before March 1, 2002, within the 7-year period preceding the student's application to receive his or her Michigan merit award scholarship money.

(*ii*) If the student graduated on or after March 1, 2002, within the 4-year period preceding the date of the student's application to receive his or her Michigan merit award scholarship money, or if the student becomes a member of the United States armed forces or peace corps during this 4-year period and serves for 4 years or less, the 4-year period is extended by a period equal to the number of days the student served as a member of the United States armed forces or peace corps. The board may also extend the 4-year period if the board determines that an extension is warranted because of an illness or disability of the student or in the student's immediate family or another family emergency.

(c) The student is enrolled in an approved postsecondary educational institution. For students who qualify under subsection (2)(c), the student is enrolled in a vocational or technical education program at an approved postsecondary educational institution.

(d) The student has not been convicted of a felony involving an assault, physical injury, or death.

(e) The student satisfies any additional eligibility requirements established by the board.
